NUMBER 11

City-Wide Clean-Up Campaign Starts Soon

Thoughts

OF A COUNTRY EDITOR

BY JOHN C. GREGG

INCOME TAXES

The time is fast approaching when all income tax reports are supposed to be completed and sent to the Treasurer Department. It seems that after spending hours of time making out these reports most people would want to write their Congressmen and Senators and force them to cause some of the non-essential spending that is going on in our government to stop.

Most people that are on a payroll never see all the money they earn. There is social security taxes and withholding taxes that are taken out before the employee is given his check. The employer now is under social security and besides paying 1 1/2 percent of the employee's social security, he must also pay 2 1/2 percent of his own earnings for his social security. All the withholding taxes are separately figured from the social security, making the employer and employee pay two big taxes before they get paid themselves. Then, when you purchase almost any item you can think of there is additional taxes, what is commonly called hidden taxes, that you have to pay. No one person can do very much about these taxes and excessive government spending. It will take every citizen of every congressional district in the United States to do something about it. Letters to your Congressman and Senator are about the only way it can be stopped.

This being a political year, it seems that it would be the opportune time for these letters to go out to these men. If they do not promise to stop all this spending, then defeat them by electing a man that will do his utmost to stop the spending. If every man representing the nation in our nation's capital, does his part in attempting to stop the spending, then it will be stopped. If spending goes on for the next few years as it has for the past four or five years, we are afraid the whole country will be bankrupt and what most of the nation saw in the 20s and 30s will be nothing to what we will have, plus, and we hate to say it, wholesale Communism. The people of our nation must rise against these things and this is the year to do it.

OLD PICTURE

Last week L. A. Welch presented The Santa Anna News an old picture to add to our collection. The picture is now where it can be seen publicly and it is possible that a lot of the Santa Anna citizens are pictured in it. The picture, made November 30, 1921, pictures all the Ward School students at that time. In the back ground are the old high school and ward school buildings and the old bell house. It is a very interesting picture and you are invited to come in and pick yourself out if you are in it.

PUBLIC SCHOOL WEEK PROGRAM

A very nice informal program was presented at the high school auditorium last Thursday night. The program was in connection with Public School Week in Texas and showed some of the extra curricula activities of both the schools. The ward school choral club, under the direction of Mrs. Kowell Martin, rendered several numbers and two solos were also given by Miss Janice Donham and Miss Jo Ann Hill. The High School (Continued on Page Ten)

New Drive-In Theatre Opens In Coleman

Roland Duss, manager of the Oak Drive-In Theatre in Coleman, announces this week that his new drive-in theatre, the Cole-Anna Drive-In, is now open for business.

The theatre, located on the San Angelo cut-off in South Coleman, is seven miles from Santa Anna and has been named "Cole-Anna, for Santa Anna and Coleman. They have individual car speakers and the entire grounds have been paved. The theatre will be one of the most modern in Central Texas.

Duss stated that he plans to show first run pictures at the Cole-Anna Drive-In and that he plans to continue the operation of the Oak Drive-In, located on the Abilene Highway, north of Coleman.

Grade School Teams Win At Mozelle Tournney

The Santa Anna Grade School boys and girls won trophies in the county Junior Basketball Tournament at Mozelle March 1, with both teams winning second places.

The boys advanced to the finals by beating Mozelle 23-22 in a first round game. In the second round game Coleman was walloped 43-18. The championship game was won by Burkett 27-22. The game was won by free shots. The Junior Mountaineers outscored the Bluehawks 20-14 from the floor and led 14-13 at the half. The game was hard fought and Burkett fans were relieved when the last whistle was blown. Doyle McIver scored 47 points in the three games with 28 of them coming in the game with Coleman on Friday night.

The girls fared well against the same teams the boys played until they hit the championship game. Mozelle was beaten 11-10 in a low scoring game. Coleman was rapped 27-16 with Elizabeth Smith hitting for 15 points. Ruth Milligan set up a number of scores with her sharp passes and quick breaks.

In the final game the girls had a hard time getting started. They started slow and the game was salted away 18-10 before they could get over their nervousness. Inability to hit from the free throw line cost them the game. Only two baskets were made out of 16 charity shots.

Doyle McIver was placed on the all-tournament team with Wally Foster, a guard, making it for the girls. Both players played outstanding games during the tournament and the awards were well earned.

Both teams have had a very successful season. The coaches wish to thank the fans for their co-operation through the season.

Our Library

The City Library, undergoing improvements for so long, is proving to be a satisfactory meeting place for a number of Santa Anna organizations of women. Nice furniture has recently been donated and Mrs. Fred Turner has given money for a speaker's table. The Library is putting on a magazine campaign, for the purchase of dishes, and for plumbing. The Library continues to be open from 2 until 5 p. m. on Saturdays.

Mr. T. T. Radliff and daughter, Mrs. V. J. Worley and her three children were here Tuesday, visiting and attending to business.

GO TO CHURCH SUNDAY

North Side Baptist's New Church

—Polaroid One-Minute Photo by The News

THE NEW HOME OF THE NORTH SIDE BAPTIST is getting well underway, mostly with donated work by carpenters and others from around the area. It is hoped that by the end of the week the roof will be completed and work on the inside will be started. The building, facing south at the corner of Avenue B and North 3rd St. will be 32 feet wide and 60 feet long. It is being constructed in such a manner that additional rooms can be added as needed.

Most all church demonstrations in Santa Anna have been represented in the building program. The above picture was taken Saturday morning and the workers pictured are, left to right, standing: L. E. Story, Ed Gilbert, Jim Daniell, Fred Brusenhan, Glenn McClure and Lige Gober. Bottom row: Luther McCrary, Jasper McClellan, Rev. C. L. Carroll, pastor, Roy Blanton and Leroy Curry. Mr. Turner Oakes was also working on the building Saturday morning, but apparently disappeared about the time the picture was taken... it was almost noon, so it was about time for all of them to take out for the day. At the rate the building is progressing, it is hoped that it will be completed in about two more weeks.

Red Cross Drive To Start This Weekend

Rex Golston, local chairman of the Red Cross Drive, announced the first of the week that most of his workers have been named and that the principal part of the drive would get underway the latter part of this week.

The town has been divided into seven zones and chairmen have been appointed for each zone. These chairmen will name their co-workers and they are expected to cover the entire town within a few days time.

Mrs. Maggie Culver is chairman of zone 1; Mrs. Jack Shields, Zone 2; Mrs. A. D. Donham, Jr., Zone 3; Mrs. J. F. Goen, Zone 4; Mrs. Ione Caton, Zone 5; Acanion Martinez, Zone 6; and Lillie Collins Watson, Zone 7.

Methodist Church Observes The Week Of Dedication

In observance of the week of Dedication, the sanctuary of the First Methodist Church was kept open from 8 a. m. until 6 p. m. on Wednesday, March 12th. Two members of the congregation were on hand during the continuous 12 hours prayer vigil, the two serving for 30 minutes.

During the hours members of the church and others likewise, were entering the sanctuary for moments of prayer and meditation.

At 7:45 p. m. the Study Hour on the Life of Jesus, brought a worthwhile day to a close.

Mr. and Mrs. E. S. McClellan had as guests last week end Mr. and Mrs. Don McClellan of Hobbs, N. M.; Mr. and Mrs. Luther McClellan and Mr. and Mrs. Jess Cozart and Kenneth of Gouldsburg and Mr. and Mrs. W. H. Pittard of Bertram.

Lt. and Mrs. Paul S. James of Camp Polk, La., are here on leave, visiting with her parents, Mr. and Mrs. Rex Golston.

Mr. and Mrs. Cliff Herndon and Mrs. Blanche Grantham were in Dallas Sunday to attend a business show.

W. G. Richardson Dies At Rising Star

Funeral services were held at the First Baptist Church in Rising Star at 2:30 p. m. Tuesday, for W. G. (Bill) Richardson, who died in the home there at 2:45 a. m. Monday. Rev. Harry Hames of Brownwood and Rev. Van O. Martin of Rising Star, officiated.

Mr. Richardson, 70 years old at the time of death, had been in ill health for more than a year.

He was formerly a resident of this community, having moved here with his parents; Mr. and Mrs. W. K. Richardson, from Lockhart, fifty or more years ago. In recent years he had made his home in Brownwood and Rising Star. In Brownwood he operated a cafe for a number of years.

He is survived by the widow, Mrs. Retta Richardson of Rising Star; a daughter, Mrs. W. B. Lunsford of Coleman; a brother, George P. Richardson of Santa Anna; and a sister, Mrs. Maude Linam of Lockhart.

Burial was in the Rising Star Cemetery.

Relatives and friends from Santa Anna who attended the services were: Mr. and Mrs. Geo. Richardson, Mr. and Mrs. Clifford Stephenson, Mr. and Mrs. Lovell Richardson, Mr. and Mrs. Louis Zachary, Mrs. Annie Bowen, D. C. Neal and David, W. E. Vanderford, Amos Taylor, Mr. and Mrs. Lorn DeRusha, Mrs. Paul Blvins, Mrs. Pierce Baker, Rev. E. H. Wylie, Mr. and Mrs. Doug Moore, Mrs. C. T. Conley and Mrs. A. L. Oder.

Senior Class Sets Date For Annual Play

The senior class of the local high school will present "Glamour Boy", their annual play, on April 11 in the high school auditorium.

The play is a three act comedy and is a typical story of a modern high school. The school is run by a millionaire who has contributed much to the school because of his daughter.

Mrs. Roy Stockard attended a banquet Tuesday night at Hotel Brownwood, given for the Texas Graduate Nurses Association of District 16.

A city-wide clean-up campaign will get under way in Santa Anna in the near future. The campaign will be conducted by the Community Chamber of Commerce, with the co-operation of the City of Santa Anna and the State Health Department. A number of committees will be appointed next week to get the campaign underway.

R. H. Weiss, of Kerrville, District Engineer for the Texas State Department of Health, was in Santa Anna last Wednesday and Thursday and met with representatives of the Community Chamber of Commerce, the City Officials, and members of the Mountain City Garden Club. He proposed a plan of clean-up for the city and suggested ways by which this could be accomplished. The plan met with approval of all present and he suggested the naming of committees to get the plan under way.

Weiss suggested committees be named to inspect the entire city; to write down on a form everything they found which needed cleaning up. He also suggested the naming of committees to inspect the water system and the garbage disposal system. These committees are to check into the complete operation of everything that has to do with the health of our city. From these reports will be formulated a plan of work to clean the entire town.

He stated that a complete city clean-up could not be accomplished in a few days time and most likely not in a years time. But a plan could be formulated that could be worked out over a period of years that would clean up our town. He also suggested that all food handling places and milk handling places be inspected by a committee. He said the State Health Department would work with, and cooperate in the campaign.

Citizens of the area are requested to cooperate in the clean-up drive also. There is several from every section of the town going to be asked to serve on these committees and it is hoped that every one asked will serve. The town will be divided in sections or zones and chairmen will be appointed for each zone. Then co-chairmen and workers will be named to work with the chairman.

This clean-up campaign is not being conducted to make any one person or groups of persons

No School Friday!

Superintendent R. K. Green announced early this week that there will be no school Friday, March 14.

All the teachers will attend the Mid-Texas Teachers Association meeting, to be held in San Angelo Thursday night, Friday and Saturday. This is an annual meeting and teachers from all over central Texas will attend.

PTA TO MEET TUESDAY

The Santa Anna PTA will meet at the Ward School auditorium at 3:30 p. m. Tuesday, March 18.

Rev. Harry C. Wigger will speak on "Our Resources, Our Destiny". The Third and Fourth grade pupils will give a program.

Members are urged to be present and visitors are always welcome.

SELF CULTURE CLUB TO MEET FRIDAY

The Self Culture Club will meet Friday afternoon with Mrs. C. L. Eeds. The program on "Texas" promises to be interesting, and all members are urged to attend.

Mr. and Mrs. George Johnson and Mr. and Mrs. Douglas Johnson and Mrs. L. Gene Hensley left Sunday for San Antonio, to attend a telephone convention, meeting there several days this week.

clean up their premises, but is being started with the hope that someday our town will be healthy clean, with very little opportunity for disease carrying insects to live here. It is going to take a lot of cooperation from every citizen in Santa Anna. It is known before the drive starts that there is going to be some opposition to the long-range plan of clean-up, but through a program of education it is hoped that all can be made to see the benefits derived from having a disease free city.

If you will pledge yourself now, to do your part in helping to clean our town, you will receive the benefits.

One thing Mr. Weiss suggested to start the campaign out with was for everyone to have two covered garbage cans, one for dry garbage and one for wet garbage. Both should be well covered and put in a place accessible to the garbage collectors. Pit toilets should be gotten rid of as soon as possible and a number of other items were suggested. All will be combined to make our town a clean town.

Welch Garage To Inspect Cars Under New Code

L. A. Welch, owner and operator of the garage under his name, just received the authority for his garage to inspect automobiles under the new law that has been in effect since the first of the year. Welch has had to purchase some new equipment and he is now ready for the inspections to start.

He stated that all who bring their cars and trucks in for inspection must bring their title at the same time. Certificates cannot be issued unless titles are brought in at the time of inspection.

Welch decided to take this responsibility for the benefit of automobile owners in this area. He requests owners to begin bringing their vehicles in as soon as possible in order to avoid a rush right at the last few days. All vehicles operated in the state must have the sticker on the windshield by September 6, 1952 in order for license plates to be issued in 1953. As the law stands now, another inspection must be made before license plates can be issued in 1953.

Leroy Stockard Election Judge

Leroy V. Stockard was appointed election judge for the annual election of School Trustees at the monthly meeting of the Trustees last Tuesday night. The election has been set for Saturday, April 5 and will be held in either the Stockard building at the corner of Wallis Ave. and North 2nd St. or at the City Hall, depending upon the weather.

Most all members of the present board have indicated that they will seek re-election. Deadline for filing application for having names put on the ballot is March 25, and names must be filed with R. K. Green, Superintendent of Schools, or Jack Mobley, Secretary of the School Board.

Anyone wishing to serve on the Santa Anna School Board and who is a qualified voter in this district, may submit their application to have their name on the ballot.

All the districts that have been consolidated with the Santa Anna District wishing the past few years are now considered a part of the Santa Anna District and eligible voters from these districts are urged to cast their votes during the election.

Whon News
Mrs. Tom Rutherford

Mrs. Earl Cozart returned home Sunday after spending several days with her daughter, Mr. and Mrs. Joe Will Fowler and son, in Austin. Earl went to Brady for her.

Pvt. Fiern Bengé of Carswell Air Base, Fort Worth, spent the week end with his parents, Mr. and Mrs. Charles Bengé and family. Fiern has been transferred back to Carswell from Wichita Falls.

Sunday visitors with Mr. and Mrs. Henry Smith were Mr. and Mrs. Tommy White and children of Santa Anna, Mr. and Mrs. Oscar Lovelady, Mrs. Tom Rutherford, Patsy and Lynda and also Mr. and Mrs. J. S. Martin of Coleman.

The former Pat Turney and her husband of Dallas, spent the week end with her parents, Mr. and Mrs. Bert Turney.

Mrs. Etolie Cozart spent Monday afternoon with Mrs. Tom Rutherford.

Mr. and Mrs. Riley McFarlin have been on the sick list the past week. Their daughter, Mrs. George Wheatley of Shield, is with them. Mr. and Mrs. Ben

Smith visited in the McFarlin home Sunday afternoon. Ann Blanton of Cleveland, spent Friday night with Vonnice Adkins.

Christine Barnes, Vonnice Adkins and John Richard Deal were the ones from our community to accompany the Santa Anna Band to Brady Saturday.

Bob Burk spent a day or so last week transacting business in Goldthwaite and visiting his parents there.

Fay Gill and Leta Hancock of Coleman, were guests of Mr. and Mrs. T. J. Adkins and Vonnice Sunday.

Mr. and Mrs. Warren Gill and Jimmy Lee visited their parents in Brownwood Sunday.

Mr. and Mrs. Elbert Carter and children of Moran visited his uncle, Mr. and Mrs. Jim Carter Sunday afternoon.

Mr. and Mrs. Ben Smith visited their daughter Mr. and Mrs. J. S. Martin in Coleman Saturday.

Let us say "Thanks" to the ones of the community who worked faithfully on the cemetery Friday. There was lots of improvements made, but more work to be done. Several worked who had no relatives there. Again, Thanks from all who have lots there.

Mr. and Mrs. Charles Bengé and family spent Sunday with Mr. and Mrs. James Eubank and children of Santa Anna.

A large crowd attended the supper at the school house last Wednesday night, and the program to follow, sponsored by the Ladies' Missionary Society. Mr. and Mrs. Johnny Gamble of Shield were present.

Mrs. Tom Rutherford and Mrs. Oscar Lovelady visited last Tuesday afternoon with Mr. and Mrs. Will Fletcher and their daughter,

Mrs. Farmer, who is re-cuperating in the home of her parents.

Mr. and Mrs. George Rutherford have a new grand son. They received word Saturday a boy was born March 5th, to Mr. and Mrs. Bill Rutherford of California. The little one has been named Craig.

Thomas Ray Rutherford of Abilene, spent Saturday night with home folks here.

Mr. and Mrs. Nick Buse and daughter, Mr. and Mrs. Dick Deal and children and Mr. and Mrs. Graham Fitzpatrick and children visited Mr. and Mrs. Henry Smith Monday night.

Mr. and Mrs. Elbert Abernathy of Millersview, spent Sunday with their son, Mr. and Mrs. Lee Abernathy and children.

Sunday guests of Mr. and Mrs. Bert Turney were Mr. and Mrs. Rex Turney and children and Mr. and Mrs. Alford Bible and son of Killeen.

Let me say Thanks for the paper Subscriptions that have been handed me. I will be glad to renew your papers, helps me and don't cost you any more than going to the office.

Mr. and Mrs. Elmer Haynes had dinner with Mr. and Mrs. Glenn Haynes Sunday.

RED CHAIN
with
TURKEY STARTER
Mash or Granuls

Successful turkey raising depends on getting poults off to a "flying start" even more so than with chicks. Poults require a starting feed with considerable higher nutritional levels. To grow Toms that weigh 26 pounds at 26 weeks requires a high rate of gain every day . . . from start to finish.

By starting your poults on RED CHAIN Turkey Starter you provide the high level of energy, protein, mineral, and vitamin factors they need for fast, healthy, growth during the first 8 weeks. RED CHAIN Turkey Starter contains a variety of animal proteins as well as those of vegetable origin. Tests have shown that turkey poults do much better on a starter so formulated since the animal proteins contain unknown growth factors not found in vegetable proteins. You cannot go wrong in starting your poults on RED CHAIN Turkey Starter.

Oil Activities IN COLEMAN COUNTY

West Central Drilling Co., et al., of Abilene, No. 726-1 J. B. Morris is to be drilled as a wildcat four miles northeast of Coleman.

Contracted for 3,500 feet with rotary, site is 1,549 feet from the west and 2,538 feet from the south lines of Section 726, E Tate Survey.

Gilchrist Drilling Co. of Abilene, No. 1 G. Stinson, Section 10, T&NO Survey, has been completed in the Glen Cove Jennings Sand Field, one-half mile northwest of Glen Cove.

On the Railroad Commission daily potential test, No. 1 Stinson flowed 267.56 barrels of 42 gravity oil. Completion was on a 3/4-inch choke with 700 pounds pressure on the casing and 300 pounds pressure on the tubing. It is producing from an open hole at 3,355-80 feet, with the pay section topped at 3,364 feet. Ratio of the gas-oil was 540-1.

Haynes B. Ownby Drilling Co. & Western Petroleum Co. No. 3 O. O. McWilliams, J. V. Massey Survey 9, five miles north of Talpa, has been completed for a gauge of 80-11 barrels of 43.5 gravity oil per day, flowing through 13-64 choke with 400 pounds on casing and 200 pounds on tubing from 24 perforations at 3,608-14 feet.

Total depth was 3,663 feet and casing was set at 3,658 feet. Gas-oil ratio was 900-1. Location is in the McWilliams-Davis Fry Sand Field.

J. Ralph Stewart No. 6 C. M. Minear, E. Votaw Survey 224, 11 miles south of Santa Anna, has been completed for a daily gauge of 11 barrels of 34 gravity oil per day on pump from open hole at 1,068-76 feet.

Richard King, Jr., No. 1 C. Wilson, Section 12, T&NO Survey, one and one-half miles south of Glen Cove in the new area has been abandoned at 3,556 feet.

J. H. Gilliam will drill No. 1 J. W. Brown as a county wildcat one and one-half miles northwest of Silver Valley.

Slated for 3,600 feet with rotary, it will be located 330 feet from the south and 971 feet from the east lines of the northwest quarter of Section 10, HT&B Survey.

Tri-M Production Co. No. 1 Mary I. Dunman, H. Lease, D. F. Roddan Survey 76, west offset to the Morris Sand discovery well four miles east of Goldsboro, was flowing at the rate of 10 barrels of oil an hour.

During an eight-hour test it flowed 79 barrels of oil from open hole at 3,127-40 feet.

The Bap Petroleum Corp. No. 3 Dunman Unit 1 is to be a project in the same area, and will be located 480 feet from the west and 1,260 feet from the south lines of Section 47, GRR Survey. It is slated for 3,080 feet with rotary.

Four projects have been staked in the Glen Cove area, three in the Glen Cove (Jennings) South Field and one in the Glen Cove (Fry Sand) Field.

Andrew M. Howsley No. 3 C. H. Wilson will be two miles south of Glen Cove, 800 feet from the west and 1,150 feet from the north lines of Section 42, BBB&C Survey. Proposed depth is 3,990 feet with rotary.

Howsley No. 1 C. C. Duncan is to be in the same area, 330 feet from the south and 1,263 feet from west lines of northwest quarter of Section 12, T&NO Survey. It is also projected to 3,990 feet.

Richard King, Jr., No. 1 L. W. Mayo, et al., will be a 3,990-foot rotary project in the same field, 2,160 feet from the east and 2,130 feet from the north lines of Section 42, BBB&C Survey.

B. H. Nolen, Hobbs, N. M., will drill No. 3 I. C. Whittington as a Glen Cove (Fry Sand) Field test one-half mile northeast of Glen Cove. Location for the 3,600-foot rotary test is 330 feet from the north and west lines of Section 4, T&NO Survey.

Wichita River Oil Co. No. 1-A McClatchey, S. Perry Survey 83, wildcat 10 miles southwest of Bangs, has been abandoned at 1,692 feet.

Louis Franklin, et al., No. 2 J. L. Boggus, Lot 7, Manuel Martinez Survey 751, three and one-half miles southeast of Santa Anna, has been completed for a daily gauge of 9.88 barrels of oil and 66 percent water on pump from open hole at 1,498-1,503 feet.

Morris Sand production has been confirmed at the Tri-M Production Co. No. 1-H Mary I. Dunman, D. F. Roddan Survey 76, four miles east of Goldsboro.

The well has been completed for a daily flow of 465.88 barrels of 42 gravity oil. Production was through 10-64 choke with 600 pounds on casing and 300 pounds on tubing from open hole at 3,130-40 feet. Gas-oil ratio was 1200-1.

The well is a west offset to the

**Texans Soon To Learn
How To Have Safer
Places To Live, Work**

Texans will soon have an opportunity to learn how they might make their homes, schools, communities, highways, and businesses a safer place in which to live and work. The 13th Annual Texas Safety Conference, at which these things will be discussed, will be held at the Baker Hotel, Dallas, on March 24 and 25.

Of particular interest to women is the new Women's Activities Section which has been created. Texas has become known nationally for the work done by women in the field of safety. All women's organizations are urged to send representatives to this Conference to learn how they might further contribute to this worthwhile cause.

**SOUTHWEST'S TALLEST BUILDING
INCREASED IN SIZE**

Two additional floors have been added to the Republic National Bank Building, now being erected in Dallas. The floors have increased the section facing Pacific and Ervay Streets to seven stories and have resulted in the floor space of the building being increased to 822,000 square feet. Certain other changes have been made in the exterior of the building base, all of which adds materially to the appearance of the building and further enhances its place in the already impressive Dallas skyline. This 40-floor building — tallest in the Southwest — will rise 598 feet above the ground and will incorporate every modern convenience.

The Conference promises to be bigger and better than ever before, for in addition to the above-mentioned section, the following sections will be actively contributing to helping make Texas a safer place in which to live: Industrial, School, Farm and Ranch, Traffic, Commercial Vehicles, and Traffic Judges.

A. W. Breland, President of the Texas Safety Association said today. "Nationally known speakers will be present to inform you of our problems in safety and solutions to those problems. Whether you be housewife, businessman, farmer, police officer, or just an interested individual, we have something to offer you and you have something to offer us. We urge you to make plans, now, to be with us on March 24 and 25. If you cannot be with us the whole time, we will be pleased for you to be with us for an hour or so".

**Annual Feed
Control Report**

The 46th annual report of the Feed Control Service has been released by the Texas Agricultural Experiment Station.

This report, Bulletin 737, contains the analysis of each sample of feed taken and a detailed report on the results obtained

in the inspection of feeds from September 1, 1950 to August 31, 1951.

During this fiscal year, 3,586 official samples were examined chemically and microscopically by the State Chemist. The average compositions of many commercial feeds, analyzed are shown in the tables.

F. D. Brock, chief of the Feed Control Service, reports that an estimated 3,853,596 tons of commercial feeds were tagged in Texas during the 1950-51 fiscal year.

Chemical standards for special-purpose mixed feeds are shown in the bulletin, as well as information on requirements of the Texas Feed Law, the composition of feeds, and methods of calculating guarantees of mixed feeds.

Bulletin 939 is available from the Publications Office, College Station, Texas.

**Grain Sorghum
By-Product Feeds**

Grain sorghum by-product feeds—sorghum gluten feed and sorghum gluten meal—may become important in the rations of livestock grown in Texas. These feeds have been available for only three years.

Grain sorghum made up about

30 per cent of the total grain grown in Texas from 1941 to 1950. In 1950 it made nearly 50 per cent of the total grain produced in the state.

One reason for the increasing importance of grain sorghum in Texas is its expanding industrial use. The grain now being processed in a manner similar to corn.

Sorghum gluten feed and sorghum gluten meal are by-products obtained when sorghum grain is processed for starch, sugar and oil. These feeds are offered for sale as "milo gluten feed" and "milo gluten meal."

The Texas Agricultural Experiment Station conducted a series of feeding trials from 1947 through 1951 to determine the value of these by-products. Beef cattle, dairy cattle, poultry, sheep and swine were fed in the tests.

"Grain Sorghum By-product Feeds for Farm Animals," B-743, a new bulletin released by The Experiment Station, discusses the feeding value of sorghum gluten feed and sorghum gluten meal. This bulletin is available from the Publications Office, College Station, Texas.

**Funeral Services At
Rockwood For
Charles C. Woods**

Funeral services were held at the Rockwood Baptist Church for Charles Carroll Woods at 2 p. m. Tuesday, March 11, who died at the home of his son in Oakville, Texas at 4:45 a. m. Saturday, March 9, after an illness of about a week. He was 86 years, 5 months and 12 days old at the time of death. Rev. Ray Tindol and Rev. Don Jopling officiated. Interment was in the Rockwood Cemetery.

Charles Woods was born September 27, 1865 at Springfield, Missouri. He was married to Miss Margaret Callis in Indian Territory on October 10, 1890. He was a member of the Rockwood Baptist Church.

Survivors include three sons, Emmett, Howard and Carl Woods. Grandchildren are: Hazel Martin, Margaret Craig, H. C. Woods, Ala Merrill Swint, all of Campwood; Orline Woods, San Antonio; Gerald Woods, Travilla and Wanda Grosbeck, Bakers-

field, California; Thuda Brinkley, Joan Barber Jean Gibson, of San Antonio; Jack Woods of Bakersfield, California; and Virginia Woods of Johnson City.

Out of town friends and relatives at Rockwood for the services were: Mr. and Mrs. Emmett Woods, Bakersfield, California, Mr. and Mrs. Harold Woods of

Barksdale, Texas, Mr. and Mrs. Earl Woods of Johnson City, Mr. and Mrs. Carl Woods, of Oakville, Texas, Mr. and Mrs. H. C. Woods, Mr. and Mrs. Houston Martin, Dorothy and Kenneth, Mr. and Mrs. Bundy Craig and Mr. and Mrs. T. Swint all of Campwood, Mr. and Mrs. Gharroll Woods of Trivoli, Texas, Raymond, Clyde and Doyle Gilliam, and Mrs. Jack Simmons of Cyril, Oklahoma, and Mrs. Troy Jones of Anadarko, Oklahoma.

Mrs. Daniels Hostess To Local H. D. Club

The Santa Anna Home Demonstration Club met with Mrs. Lucy Daniels Friday afternoon, March 7 at 2:30 p. m.

Mrs. D. H. Moore had charge of the program and opened it promptly with a song. The pledge was repeated and Mrs. A. L. Oder offered prayer.

The reading of the minutes, roll call and financial report was given by Ellen Richards. She stated also that \$21.47 was realized for the March of Dimes from the club's quilt.

Mrs. Frank Goen was nominated as a delegate to the THDA meeting in Coleman.

Mrs. Moore and Mrs. Daniels attended the demonstration given in Coleman on the Sewing Machine.

With the help of Mrs. Clifford Stephenson, they gave an interesting program on the Mechanism, its care and use of attachments.

A lovely refreshment was served the eleven ladies present.

Mrs. Estes Rockwood Club Hostess

Mrs. Woodrow Estes was hostess to the Rockwood Home Demonstration Club Wednesday afternoon, March 5, at her home.

Mrs. Jake McCreary led the club pledge and prayer. Each member answering roll call with a chosen subject. During the business session the year books were filled out, naming the hostesses for each meeting.

Mrs. Estes gave a demonstration on baking angel food cakes. Mrs. Blake Williams gave a demonstration on sewing machine attachments.

Mrs. Ray Caldwell directed several games, then refreshments of ice cream, coffee and angel food cake were served to Mmes. Harold Straughan, Sherman Heilman, Jake McCreary, Bill

Rehm, Blake Williams, Ray Caldwell, Marcus Johnson, Bob Johnson, Don Jopling, John Hunter, Evan Wise, Glad Box, Tom Bryan, Bill Steward, Sam Estes and the hostesses.

Miss Miller Met With R'wood 4-H Club

Miss Wanda Miller, assistant Home Demonstration Agent, met the Rockwood 4-H Club girls Monday afternoon, March 10, at the Lunch Room and gave a demonstration of use and care of the sewing machine. Vita Rehm, President, opened the meeting with the club pledge, motto and prayer in unison. Dixie Deal led the recreation period. Present were Mrs. Curtis Bryan, Vita Rehm, Dixie Deal, Belva D. Hellman, Patricia Bryan, Sue Wise, Minnie Jean Jackson and Dahlia Davis.

Garden Club Met At Library Club Room Friday

Friday afternoon at three o'clock the Mountain City Garden Club met at the City Library Club room. Members answered roll call with plants that seed themselves.

The president, Mrs. Maggie Culver, gave the club a brief talk on the Beautification Plans for this year, sponsored by the club at the request of the Community Chamber of Commerce and the City Council.

The high point of the meeting was the Flower Arrangements and lecture given so effectively by Mrs. A. D. Donham. She demonstrated a lovely Spring Flower arrangement; a modernistic one; a beautiful plan for placing Iris in a low vase; and other practical ways of showing flowers to their best advantage.

Mrs. James L. Harris conducted a most informative quiz on problems of rose growers. Mrs. J. R. Gipson made a brief report of a committee meeting with the

McNuggets

by McNeill

If you're paid as little as you say don't complain. Look at the income tax you're saving.

Children are a great comfort in your old age—and they help you reach it faster too.

Asking a woman to tell her age is like buying a second-hand car; you know the speedometer's been set back . . . but you can never tell how far.

If you buy a dog, it's not the original cost—it's the pup-keep

it takes a heap of living to make a house a home;

it takes a heap of paying to make the home your own;

it takes a heap of raising between the wife and you

To have children who'll support you when you're forty-two.

Read on Don McNeill's "Breakfast Club" Mon. thru Fri. mornings on ABC

Community Chamber of Commerce Secretary and others at a Health meeting in their office Wednesday afternoon.

Mrs. Charlie Bruce was elected to membership in the club.

The members voted to pay a fee of ten dollars to the Brownwood Garden Clubs for the privilege of all who wish to attend the School of Instruction, March 26, 27 and 28.

O.P.S. Meeting In Brownwood

Businessmen from Coleman County can secure assistance with price control questions March 18 at the Brownwood Chamber of Commerce when a representative of the Fort Worth District Office will conduct a price clinic; also, a clinic will be held in Coleman from 9 a. m. to 12 Noon, March 19 in the Board of Community Development Office.

The business analyst will be available from 9 a. m. to 5 p. m. in Brownwood to assist any businessman who has questions or problems concerning the price stabilization program.

Ellis H. Boyd, Fort Worth district OPS director, urges all businessmen who are in doubt concerning any part of the program as it relates to them to visit the price clinic for a personal consultation. The purpose of the price clinic is to be of service to businessmen, Boyd stressed.

All Texas Counties In Disaster Area

All Texas counties are now under designation as disaster areas by proclamation of the U. S. Department of Agriculture. The action qualifies farmers who

have suffered crop losses and who are unable to obtain credit elsewhere for loans from the Farmers Home Administration to put in 1952 crops. Announcement of the designation was made at Dallas, headquarters of the Farmers Home Administration by L. J. Cappelman, State Director.

Bad weather conditions in 1951 reduced crop yields materially and tightened up credit conditions, to the extent that many farmers were unable to finance crop plantings. Disaster loans are now available in each county. Farmers who have sustained production losses on crops and livestock may apply for fund to pay for seed, fertilizer and materials for insect control where needed, gas and oil for tractors, feed for livestock, essential farm and home operating expenses, machinery repairs and other expenses incident to the production of a crop.

Credit is advanced under au-

thority of Public Law 38 and is available to farmers who have sustained losses, and who cannot obtain from local sources the funds needed to plant a crop this year. Before a loan is made a County Committee of three farmers must certify that the applicant suffered a substantial production loss. Farmers may apply for loans at the office of County Supervisor John H. Curry located at Coleman, Texas, in the County Agricultural Building.

Funds will be available to ranchmen whose herds have been depleted by the drought. They can borrow to restock their pastures.

Farmers who qualify under the disaster loan regulations may discuss their needs with the county supervisor.

Better farming practices are emphasized in the FHA loan program. These will be discussed and agreed upon by the county supervisor and the applicant when the loan application is prepared. A program of diversification is the safest course. Farmers who have carried out a balanced farming program with livestock do not need emergency aid this year even though they did sustain losses because of drought conditions last year, according to a survey of case files, the county supervisor emphasized.

Youth Today

Lesson for March 16, 1953

YOUTH today has a hard time of it. With bad examples in high places, prevalence of gambling, liquor ads on every billboard and liquor on too many "smart" tables; with divorce almost as easy as marriage and both as easy as whims; educated in elementary schools where it is considered wrong for the teacher to "fall" or punish any one, in high schools that emphasize the body more than the mind, and in colleges where coaches make more than professors and where (as two leading universities recently learned) almost half the student body, it seems, admits to cheating; living in a country where success is measured in dollars and where the Christian church is still in a minority; what chance has a boy or girl to grow up straight and strong instead of weak and crooked?

It Has Been Worse
THE best answer to this question is that youth has always had a hard time of it, yet always there have been some who have grown straight and strong.

It this 20th century is a bad one, what about the first? At that time there was certainly bad example in high places, considering that Nero was the emperor and that many persons actually worshipped that cruel scoundrel as a god.

Gambling was done by the "best" people all over the Empire; liquor was even more a part of "high" society than it is today; as for divorce and marriage, the Roman record was worse than ours; as for education, most young people didn't get it, and most of those that did found themselves fitted for only one occupation: politics. The Christian Church was in a far smaller minority than today.

The Right Friends
YET it was in that bad century that some of the most famous Christian saints and heroes lived. Timothy, Paul's young understudy, was such a man. He had everything against him, but Paul thought well of him, and Paul's standards were extraordinarily high. His life (or what we know of it from the Scripture references to him) had many qualities worth studying.

Let us look at two of the causes for this young man's high character. One was the quality of his friends. He seems to have been the sort of boy who might have gone down fast if he had taken up with the wrong crowd; but a list of his friends as we know them is a list of strong, original, true-blue Christians. He literally knew the best people, not "best" by standards of Roman society but best in the scale of true manhood.

We have a hint, too, that his mother had something to do with this. She "steered" the boy to the right crowd, one suspects—and that was enough.

One of the best things parents can do for their children is to see to it that they run into the right kind of people. This does not necessarily mean the richest or the best educated, but the people with the best kind of character. Youth will grow to be like the older people it most admires; and admiration grows with acquaintance. Tell me who a boy's friends are and I can forecast his future.

Self Control
THE other reason for Timothy's character came from inside: self-discipline, self-control.

Followers of these lessons may wonder why "temperance" has to be dragged in every once in so often. It's not dragged in; we just dare not dodge it. Temperance just means self-control, in general. In particular, one of the drugs—by all odds the most popular drug—that tends to make the users lose self-control, is alcohol. As the proverb has it: First the man takes a drink, then the drink takes a drink, and then the drink takes the man.

Young people get more than enough urging to become alcoholics. One of the best things one can do for younger friends is to awaken them to the real

facts and dangers of all alcoholic beverages.
There is a book, "Fruit of the Vine," by Grace H. Turnbull, (printed by the Lord Baltimore Press and published in 1950 at 223 Chancery Road, Baltimore 18, Md.) which is a mine of facts about liquor—the kind of information you will not get in the advertisements. Young people who learn these things the easy way (by reading such a book, for instance) may be saved the heart-break of learning them the hard way.

LEGAL NOTICES
CITY ORDINANCE NO. 177
STATE OF TEXAS
COUNTY OF COLEMAN
CITY OF SANTA ANNA

On this the 7th day of December, 1951, the City Council of the City of Santa Anna, Texas, convened in regular meeting, with the following members present, to-wit: C. E. Flint, Mayor Protem; L. A. Welch, Harry Crews, Vernon Parker, and Cliff Herndon, Aldermen; and Rosa Mae Bass, City Secretary, with the following absent: none, constituting a quorum, at which time the following proceedings were had:

Alderman L. A. Welch introduced for consideration of the City Council an ordinance. The ordinance was read in full by the City Secretary.

Alderman Vernon Parker made a motion that the ordinance be passed. The motion was seconded by Alderman L. A. Welch. The motion carried by the following vote:

AYES: Aldermen Vernon Parker, L. A. Welch, Cliff Herndon, and Harry Crews.
NOES: none.

The ordinance as passed is as follows:

AN ORDINANCE AUTHORIZING THE CITY COUNCIL OF CITY OF SANTA ANNA ACTING FOR AND ON BEHALF OF SAID CITY TO ENTER INTO ALL NECESSARY AGREEMENTS WITH THE STATE DEPARTMENT OF PUBLIC WELFARE RELATIVE TO FEDERAL OLD-AGE AND SURVIVORS INSURANCE BENEFITS UNDER THE PROVISIONS OF APPLICABLE STATE AND FEDERAL LAWS; AUTHORIZING THE MAYOR TO EXECUTE ALL SAID NECESSARY AGREEMENTS AND INSTRUMENTS FOR AND ON BEHALF OF SAID CITY COUNCIL AND CITY; DIRECTING THE CITY SECRETARY TO MAKE ASSESSMENTS, COLLECTIONS, AND REPORTS; AND ORDERING THE ALLOCATION AND SETTING ASIDE OF SUFFICIENT FUNDS TO CARRY OUT THE PROVISIONS OF SAID LAWS, SUCH MONEY TO BE SET ASIDE AND MAINTAINED IN THE REGULAR CITY DEPOSITORY AND TO BE KNOWN AS THE CITY OF SANTA ANNA SOCIAL SECURITY FUND:

WHEREAS, under the provisions of (1) House Bill 603, Acts 52nd Legislature, R. S. 1951, and (2) Public Law 734, 81st Congress, ch. 809, 2d, H. R. 6000, incorporated cities of this State may enter into agreement with the State Department of Public Welfare and secure the benefits of Federal Old-Age and Survivors Insurance, as outlined in said laws; and

WHEREAS, it is the opinion of this City Council that the extension of this Old-Age and Surviv-

ors Insurance System will be of great benefit not only to the employees of the municipality but to the municipality by attracting to it and enabling it to retain the best of personnel and thus increase the efficiency of its government; and it is deemed that the payment by the municipality of its portion of the cost of said system is a payment for municipal purposes.

WHEREAS, it is the desire of this City Council to authorize the making of any and all necessary agreements in order to secure the benefits of said acts; therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SANTA ANNA, TEXAS:

1. That the City Council acting for and on behalf of the City of Santa Anna, shall enter into all necessary agreements with the State Department of Public Welfare for the purpose of carrying out the provisions of the above-mentioned acts.

2. That Hon. C. E. Flint, Mayor Protem, is hereby appointed as Agent of the City Council and of the City to execute all necessary agreements and instruments for and in behalf of said City Council and City.

3. That the City Secretary Rosa Mae Bass is hereby directed to be the person responsible for making assessments, collections, payments, and reports, as required by the State Department of Public Welfare.

4. That a sufficient sum of money be allocated and set aside from available funds for the purpose of carrying out the provisions of the above-mentioned acts, such money so allocated and set aside to be known as the City of Santa Anna Social Security Fund, which fund shall be set aside and maintained in the regular city depository.

PASSED AND APPROVED this the 7th day of December, 1951.

APPROVED:
C. E. FLINT
Mayor Protem, City of Santa Anna, Texas.

ATTEST:
ROSA MAE BASS
City Secretary of Santa Anna, Texas. 10-12c

Mrs. G. F. Barlett, who has been ill lately, and a patient in a Brownwood hospital, has been moved to a rest home at Bangs.

Mr. and Mrs. Jim Harris were in Brownwood to attend open house Sunday afternoon, for the 82nd Airborne Division, parachute maintenance company.

Floyd Goodgion of Clovis, N. M., and Ruby Goodgion of Hardin-Simmons, Abilene, were week end visitors with their parents, Mr. and Mrs. Homer Goodgion.

Sgt. Aubrey Robbins of Lackland Air Force Base, San Antonio, was a week end visitor with his parents, Mr. and Mrs. Jasper Robbins.

Nancy Jo Haynes spent Thursday night and Saturday night with Evelyn Oakes and Shirley Lewellan of Santa Anna.

Mr. and Mrs. Albert Cole from the Mt. View Community in Brown County, were Sunday visitors with his brother, Lanham Cole and wife.

Oil Activities IN COLEMAN COUNTY

The Bay Petroleum Corp. of Abilene No. 2 Mrs. Mary I. Dunman, Unit 1, GRF Survey 47, has encountered a possible new pay for the Dunman-Morris Field, 3 miles east of Goldsboro.

It is an east offset to the Morris Sand discovery well.

No. 2 Dunman was barren in the Morris. Operator drilled deeper and ran a drillstem test in the Gardner Sand at 3,462-75 feet. The tool was open for 90 minutes. Recovery was 85 feet of oil and 60 feet of heavily oil and gas cut mud. Flowing pressure was 25 pounds. Shutin pressure was 1,175 pounds.

Operator at last report was running casing.

Andrew M. Howsley of Albany completed two producers in the Glen Cove Jennings South Field, Two miles west of Glen Cove.

No. 1 C. H. Willson, Section 42, BBB&C Survey, was completed for a daily gauge of 181.28 barrels of 43.6 gravity oil. Completion was on a 12-64-inch choke with 785 pounds pressure on the casing and 310 pounds on the tubing with production from 88 perforations at 3,468-79 feet. Operator set casing at 3,515 feet while total depth was 3,544 feet. The well had a gas-oil ratio of 380-1.

Completed for a daily gauge of 205.57 barrels of 43.6 gravity oil was No. 2 Duncan Heirs, Section 12, T&NO Survey. Oil flowed through a 12-64-inch choke with 840 pounds on the casing and 375 pounds on the tubing. It is producing from 160 perforations at 3,412-38 feet. Casing was set at 3,490 feet, total depth. GOR was 450-1.

In that same field, two and one fourth miles southwest of Glen Cove, Andrew M. Howsley No. 1 Helen J. Beavers is to be drilled to 3,990 feet with rotary. Drillsite is 330 feet from the north and east lines of Section 24, J. L. Duncan Survey.

Completed as a Glen Cove Jennings Field producer one-half

mile north of Glen Cove was W. C. Woolf & N. H. Wireless Oil Co. of Abilene No. 2 L. P. Whittington, Section 5, T&NO Survey.

On the daily potential test No. 2 Whittington flowed 146.1 barrels of 42 gravity oil. Completion was on a 12-64-inch choke with 920 pounds on the casing and 620 pounds flowing pressure on the tubing. It is producing from 90 perforations at 3,363-78 feet. Casing was set at 3,407 feet. Having a gas-oil ratio of 1,600-1, the well is bottomed at 3,407 feet.

Luling Oil & Gas Co. of San Antonio staked three locations or Jennings Sand tries, in the area one-half mile southwest of Glen Cove. The three are contracted for 3,990 feet with rotary.

Site for the firm's No. 1-B W. H. Davis is 330 feet from the north and east lines of the southwest 135 acre tract in Section 11, T&NO Survey.

No. 2-B W. H. Davis was spotted 1,263 feet from the north and 330 feet from the east lines of the southwest 135 acre tract in Section 11, T&NO Survey.

Location for No. 3 I. G. Whittington is 330 feet from the south and west lines of the east-half in Section 11, T&NO Survey.

A wildcat has been plugged 10 miles southwest of Bangs. It was Wichita River Oil Co. of Wichita Falls No. 1-B McClatchey, Section 88, Bond & Sanders Survey, reaching a total of 1,200 feet.

Louis Franklin, et al. of Coleman No. 2-A Ozro Eubank, Subdivision 7, Manual Martinez Survey 751, has been abandoned at 112 feet.

Mrs. Lois Henderson visited Monday and Tuesday in San Angelo, with her daughter, Mrs. Raymond Teague and family.

Rev. and Mrs. Runnels Bryan of Kerrville, visited Tuesday with Mr. and Mrs. W. A. Standley. Mrs. Bryan is Mr. Standley's only sister.

IT'S THE LAW in Texas

A public service feature of the State Bar of Texas

NOT TOO LATE TO SAVE ON 1951 INCOME TAX, BAR SAYS

Waiting until the last minute to file your 1951 Income Tax return? Even if you have already filed, some tax savings may be possible.

While there are few bright spots in the tax picture for the average taxpayer, lawyers say that some lucky individuals may be able to take advantage of certain relaxed provisions of the 1951 Revenue Act. For example, you may now claim an exemption for a dependent whose gross income during the year was any amount less than \$600. Previously, an income of \$500 or more by the dependent barred your claim for an exemption on his account.

If you sold your home during 1951, you may avoid being taxed on any profit made in the transaction by purchasing and occupying a new home within one year. The new residence must cost as much or more than the sales price of the old one. However, you may include notes and other liabilities forming part of the consideration in figuring the cost of your new home.

Suppose you bought a home in 1945 for \$5000 and sold it on July 1, 1951, for \$8500, making a profit of \$3500. If you buy and move into a new home not later than June 30, 1952, costing as much as \$8500, no tax will be due on your \$3500 profit. This is true even though you may pay only \$500 or less as a down payment on the new home and the balance of the purchase price is represented by a note and mortgage.

However, the Bureau wants a record of your transactions, even though no tax is due. If you have already repurchased, both your sale and your purchase should be shown on separate Schedule D and attached to your tax return. If you have not bought your new home as yet, but expect to do so before the one year limit runs out, report the 1951 sale on Schedule D anyhow. But, enter the word "None" in the Gain or Loss column and add a short explanation that you expect to purchase or rebuild. Then, when you do replace, write the collector giving him full details on the transaction. If your plans for replacement should fall through, an amended 1951 return would be necessary.

Another new feature which may save taxes for some people is the removal of one limitation on medical expense deductions for all persons over 65. They are no longer limited to the excess over and above 5% of adjusted gross income. The limit still applies to all taxpayers under 65, unless their husband or wife happens to be 65 or older. In this event, both husband and wife may deduct medical expenses without reference to the amount

THE AMERICAN WAY

Stewing In His Own Juice

of adjusted gross income. However the general limitation of \$1250 per individual still applies in all cases.

If you have passed up any of these savings, an amended return may pay dividends.

The new Self Employment Tax is causing extra tax headaches for some people this year. If you had net earnings of \$400 or more derived from a trade or business in 1951 as a sole proprietor or as a partner, this new tax may apply to you. Public officials, railroad workers, ministers and various professional people are excluded from the application of this tax, as are non-resident aliens.

Similarly, income derived from farming, interest and dividends from securities, and gains and losses resulting from sale or exchange of capital assets are excluded. Rentals from real property are excluded except in the case of a real estate broker.

This new tax covers many people newly added to the list of those covered by the Social Security Act, and is imposed to help finance the benefits they may later receive. If you are liable for the Self Employment Tax, you should obtain separate Schedule C and file with your regular tax return.

Applying in many instances where no regular income tax is due, this tax will also force some people to file returns even though their gross income of less than \$600 would not otherwise require a filing. Suppose you operated a very small business and grossed only \$590 in 1951. Under the old law, no return would be required.

However, under the 1951 Act, the Self Employment Tax is

carried from Schedule C to Form 1040 and collected as a part of your total income tax liability. If your net income from this small business was \$401, you would be required to file a completed 1040 return along with Schedule C in order to comply with the law.

(This column, based on Federal law, is written to inform--not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the applica-

tion of the law.)

Our WASHINGTON Letter

By Congressman **O. C. FISHER**

IN THE FIRST SHOW-DOWN VOTE the Congress has ever taken on UMT, the House last week scuttled the proposal by a vote of 236 to 162.

It was regarded by some as an election year about-face, the House having approved the principle of UMT a year ago by a 10-to-1 margin. The sole question before the House last week was the rules under which the program would function. Without these rules written into law, the training machinery will remain inoperative. I voted against scuttling the program.

Actually, the training rules prepared by a civilian-controlled commission and the House Armed Services Committee eliminated most of the objections that have been raised by the public. Among these were:

1. The plan voted down last week prohibited any military control over the training or the trainees -- that control being committed to a civilian-dominated commission, subject to the direction and control of the Congress. After training, the reservists thus created would be subject to active duty only by special action of Congress.

2. The training plan would provide the maximum of protection against undesirable environment and immoral influences while training -- even more so than can now be provided in most of the colleges.

3. When fully effective, as a

reserve pool of "ready reserves" would be created the standing forces would be substantially reduced without reducing the Nation's security, at an estimated saving to the taxpayers of \$13 billion annually.

AT THE SAME TIME, if the UMT program had been approved, the Korean veterans--and other veterans-- would have been given a break. Men now on duty, under present law will when released after two years, automatically be subject to six more years of stand-by duty in the reserves. If another war or expanded emergency should develop in the future, these veteran reservists may be the only "ready reserves" of fighting men available.

That happened when we got into the Korean war. With our embattled forces facing possible disaster and pushed back to a small periphery around Pusan, the Pentagon turned to the trained reserves --nearly all of them veterans of the last war-- and called 800,000 of them away from the wives, children and jobs. That was done even though there were around two million young non-veterans who had reached military age after 1945. They were available for draft, but it would have taken months to train them and General MacArthur called for trained men immediately.

The whole purpose of UMT is to give basic training to non-veterans, then return them to civilian life in a ready reserve status, subject to call in case Congress should in the future decide an emergency should justify their call to active duty.

But with the defeat of UMT, the only ready reserve forces that can be counted on, in the main, will be those who have fought in Korea and in World War II. Many of us think that burden should not be confined to veterans of other wars but should be primarily assumed by ducts of UMT.

On the subject of fairness, a good question was asked: "Isn't

it fairer to train four trainees for six months than it is to draft one recruit of the same age for 24 months of actual service?"

Trickham News

By Mrs. Buck Mitchell

Rev. Cox preached both services here last Sunday.

Joe Paulson of Fort Worth visited his sister, Mrs. Key Bradley this week.

Mrs. C. L. Brien was brought home from the hospital last Thursday after undergoing eye surgery. She is improving just fine.

Mr. and Mrs. John Mitchell of Brownwood spent last Sunday in the Buck Mitchell home.

Sunday night this community received about 28 of an inch of moisture, followed by a bad dust storm Monday.

Mrs. Grady Buse and Stafford Stevens received word Sunday that their sister, Mrs. L. P. Davis of San Angelo was in the hospital there. They left yesterday (Monday) to be with her. Mrs. Davis will undergo surgery tomorrow. Here is wishing her the best.

Misses Wilma Bradley, Roberta James and Oda Stearns were in Coleman last Saturday. Roberta was on a radio 4-H Club program and Wilma and Oda attended a 4-H training meeting.

Mrs. Zona Stacy spent from Thursday afternoon to Saturday evening in Brownwood visiting with her daughters there.

Mrs. Hollis Watson and daughters, Robbie Lee and Shirley of Fort Worth, visited her parents Mr. and Mrs. A. L. Cozart over the weekend.

We are glad to have Mr. and Mrs. Otis Calcote move back to Trickham.

Several from the community attended the shower honoring Miss Wanda Stearns, bride-elect of Douglas Jones, last Wednesday afternoon in the home of Mrs. Jack Cole. Miss Stearns is the daughter of Mrs. Odell Stearns.

Visitors with Mrs. Stacy Saturday and Sunday were: Mr. and Mrs. Noah Stacy and boys of Texon, Joe Stacy and family of Brooksmith and Mr. and Mrs. Walter Stacy of Killen.

Mr. and Mrs. Oscar Boenicke honored Mr. and Mrs. Grady Banister with an anniversary dinner Monday night.

URGES FARMERS TO START BABY CHICKS NOW FOR FALL EGGS

Despite the recent decline in egg prices, it is still good business for farmers to start baby chicks this spring, E. B. Powell, director of research for Purina, stated this week. "This drop in prices may cause some farmers to give up on baby chicks this year," Powell stated, "and we may wind up with an egg shortage next winter."

Powell pointed out the population growth since the last "baby chick season" will swell the normal demand upwards of a billion eggs next fall. The present market seems to be having the tendency to decrease production too much.

"The logical result of a heavy decline in replacement chicks," he continued, "will be fewer eggs next fall when the chicks put down now will be laying best."

He reminded farmers of a similar market condition a couple of years ago, when the egg market broke sharply in the spring, but bounced back to new peaks the following fall.

"Good weather, better breeding and better feeding have combined to make a temporary egg supply larger than usual," he explained. "Obviously, this has forced the egg prices down. But the situation offers an unusual opportunity for egg profits next fall, according to most market experts. And here is their reason--some poultry keepers will not raise chicks this spring. So there should be fewer pullets and fewer eggs next fall and winter. In the past, this has made extra high egg prices during that time of the year."

"Don't be misled into cutting down on chicks this spring," he cautioned, "let the other fellows quit." Some poultry flock owners were panicked into getting out of the egg business in 1950 when egg prices dropped to 30.7c that spring. Yet in the fall and winter of '50, prices hit 57.7c per dozen, Powell stated.

"The farmer who has chickens in production next fall should have some mighty good property," he concluded, "and he stands a good chance to show a satisfactory poultry profit."

Mr. and Mrs. Harry Wilson, Gray and Bud Laughlin visited Mr. and Mrs. James Gray Laughlin and children of Big Lake. Mrs. Key Bradley and Mrs. Kingston were in Brownwood Wednesday. Mrs. Bradley visited with Key's mother who is ill, and Mrs. Kingston visited her niece, Mrs. Howard Jones and Mrs. Bettie Cole.

Mrs. J. C. King of Rockwood spent the weekend with her daughter and son-in-law, Mr. and Mrs. Lige Lancaster and Robert Earl and attended Sunday School and church here Sunday.

Mr. and Mrs. Oscar Boenicke visited Mr. and Mrs. Charles Brien Sunday afternoon.

Rev. George Haven and Weldon Lucas of Coleman will be here Sunday night, March 16th, and will have charge of the evening services. Everyone is invited to come out and hear them.

Herman Martin who has been staying with his parents the last few weeks was able to be moved back to his home in Brownwood last week. So glad Herman can now walk with the aid of his crutches.

Mr. and Mrs. Oscar Boenicke were bedtime visitors with Mrs. Kingston Monday night.

Sharp Reduction In White-Tail Deer

Austin -- Sharp reduction in the number of white-tailed deer trapped in Texas this season was reported by the Assistant Director of Wildlife Restoration for the Game & Fish Commission.

He said about half the deer needed for re-stocking commitments were taken during the period which began late last October and has just ended.

The Assistant Director said the total trapped was slightly more than 300. The schedule had called for 600 whitetails.

He explained the principal reason for the trapping slowdown was a mild winter on the Aransas National Wildlife Refuge where the trapping is done.

"The natural food was so plentiful," he said, "that the deer were not interested in the cottonseed cake used to bait the traps. In ordinary winters the animals relish this food. This winter, because of the mild conditions and plentiful food on the range, the deer kept robust and amply nourished."

"It all goes to point up the problem of planning scientific aids to wildlife and the problems that occur when Nature takes a hand."

The Assistant Director said

THE AMERICAN WAY

"Nero Fiddled While Rome Burned"

one result of the trapping decrease was disappointment in some areas where restocking commitments had been made. He added that one conspicuous setback concerned the new wildlife management area near Crockett in Houston County. Whereas several loads of whitetails had been scheduled for releases in that area, only a part of one load was delivered. The remaining deer will be obtained through priority arrangements next season, he said.

Cpl. W. D. Aldridge is here on furlough from Camp Huachuca, Arizona, visiting his parents, Mr. and Mrs. W. T. Aldridge and other members of the family. All of them visited near Lawn Sunday, where they had formerly lived, and attended church services there.

Mr. and Mrs. Joyce Holland of Brady, Texas, visited Mrs. R. S. Stearns Sunday.

MR. AND MRS. C. J. DEER MOVE BACK TO SANTA ANNA

Mr. and Mrs. C. J. Deer, formerly long-time Coleman County residents, have moved back to Santa Anna from Kelso, Wash., where they had been living for nine years.

After leaving Santa Anna in 1929 they lived in south Texas before moving to Washington.

The Deers have bought from the Glenn Williamsons the place west of the Williamson home they had built while residents of Santa Anna. The home is having several rooms added and other improvements made.

Friends welcome the Deers back to Santa Anna.

MEMBER COMMUNITY CHAMBER OF COMMERCE

Rockwood News
By Mrs. John C. Hunter

The Rev. Ray Tindol, pastor, preached at the Baptist Church at the Sunday services. He was a dinner guest of Mr. and Mrs. Carl Buttry.

The Rev. Don Jopling, pastor, preached at the Methodist Church at both Sunday services. Everyone is invited to attend

Week of Dedication Services being conducted at the Church each evening this week.

Mr. and Mrs. E. D. Black, Gary and Elaine of San Angelo, spent the week end with Mr. and Mrs. Tom Bryan. Mr. and Mrs. Earl Trick of Santa Anna visited with the Bryans Friday afternoon.

Misses Colleen and Kelley Wise of Fort Worth, spent the week-end with home folks.

Mr. and Mrs. Miller Box and Jerry of Fort Worth, visited with relatives during the week end and visited Sunday afternoon with Mr. and Mrs. Uless Maness.

Mr. and Mrs. Billy Maness of Brownwood were Sunday guests with their parents, Mr. and Mrs. Uless Maness and Mr. and Mrs. R. E. Johnson.

Mr. and Mrs. Tom Bradley of Fife, were also Sunday visitors in the Johnson home.

Mr. and Mrs. W. E. Routh and boys of Temple, spent the week end with Mr. and Mrs. Lon Gray.

Mrs. Oran Wise of Coleman was saying "goodby" to friends and relatives Sunday, before moving to her new home in Dimmitt.

Mr. and Mrs. Ray Steward and family visited in San Angelo on Sunday with the W. J. Steward family and Mrs. Raymond Steward.

Mrs. Bussie Wise and Miss Billie of San Angelo, spent the week end visiting with Mr. and Mrs. Jake McCreary and Mr. and Mrs. Jim Rutherford and boys.

C. F. Nevans spent Sunday in San Angelo. R. W. Nevans came home Monday after visiting a week in Uvalde.

Mr. and Mrs. John Kemp visited Sunday with Mr. and Mrs. Roy G. Gardner and family in Coleman.

Mrs. Bill Scoggins, John X. Steward, Douglas Avants, Olin Horton and A. S. Hall visited Friday with Mrs. H. O. McWilliams in Hext, and attended a Stanley party.

Mrs. Bill Scoggins and Mrs. John X. Steward entertained Monday morning with a Stanley party.

Mr. and Mrs. Bill Mueller and Mr. and Mrs. Eddie Valicek of San Antonio, spent the week end with Mr. and Mrs. Evan Wise.

Mrs. Denver Ellis of Junction has been visiting with her father, Jim Steward and sister, Beatrice, and Mrs. Jack Cooper and family.

Mr. and Mrs. Joe Cates of Bangs and his sister, Hattie Parker, of Grapevine, visited Mr. and Mrs. Charley McCarrell and family on Sunday.

Sonsy Steward spent the week end in Brownwood with Jimmy Wise. Mr. and Mrs. P. L. Wise

and family brought him home Sunday and visited with Mrs. J. W. Wise.

Dock Ellis of Colorado City visited with his parents, Mr. and Mrs. Dave Ellis during the week end.

Mrs. M. D. Bryan spent Sunday with Mr. and Mrs. Sam Rutherford and attended services at the First Baptist Church in Santa Anna.

Mr. and Mrs. Woodrow Estes and baby spent the week end with her sister in Lovington, New Mexico.

We are happy to report Pete Cooper is home from the McKinney V. A. Hospital and is slowly improving.

Mrs. J. C. King visited Saturday to Monday with Mr. and Mrs. Lige Lancaster of Trictham.

Mrs. Veoma Jackson and girls spent the week end in Coleman with her sister, Mrs. Roy Williams and family.

Mrs. Erin Day and Miss Gay Turner of Santa Anna visited Friday afternoon with Miss Linnie Box. Sunday evening visitors were Mr. and Mrs. Sam Collier of Santa Anna and Mr. and Mrs. Delma Johnson of Coleman.

Mr. and Mrs. George Allcorn and children of Zephyr, visited Sunday afternoon with Mr. and Mrs. Jack Bostick.

Mr. and Mrs. Mark Davis, Patricia and Mrs. John Whetstone of Santa Anna, visited Friday afternoon with Mr. and Mrs. Tom Bryan.

Mr. and Mrs. Bob Halmon of

San Angelo, Mrs. Lee McMillan and Mrs. Ora Caldwell spent Sunday with Mr. and Mrs. Carl Buttry.

Mrs. C. C. Woods of Corpus Christi, a former resident of Rockwood, was buried in the Rockwood Cemetery Tuesday afternoon.

Mr. and Mrs. A. L. Crutcher announce a new grandson, Eddie Joe, son of Mr. and Mrs. Joe Andy Hodges of Coleman. Mrs. Hodges is the former Edrine Crutcher, daughter of Mr. and Mrs. A. L. Crutcher. Mr. Hodges' parents are Mr. and Mrs. Edgar Hodges of Coleman. Mr. and Mrs. J. A. Estes of Rockwood are the great grandparents.

Mr. and Mrs. Jack Lawrence and little daughter, of Abilene, came Sunday afternoon and brought his grandparents, Mr. and Mrs. Dan Grantham, home after they had visited more than a week with members of their family in Abilene.

Subscribe for The News.

CENTERPOISE POWER

Vibration and power impulses are "screened out" as engine is centered and rubber-cushioned between new high-side mountings.

LARGEST BRAKES

Big 11-inch brake drums apply more leverage for more stopping power. Stops are smoother, safer, with less effort.

WIDEST COLOR CHOICE

26 rich new colors and two-tone combinations... widest choice in Chevrolet's field. New De Luxe interiors are color-matched.

BODY BY FISHER

Fisher Body sets the standard—for styling, for craftsmanship, for comfort! Fisher Uni-steel construction is extra strong.

UNITIZED KNEE-ACTION RIDE

Chevrolet's famous Knee-Action ride is now even softer, smoother. New shock absorbers give even finer ride control.

WIDEST TREAD

Chevrolet measures 58 3/4 inches between centers of rear wheels—a broader base to give you more stability, less sway!

Lowest priced in its field!

This beautiful new Stylafino De Luxe 2-Door Sedan—like many Chevrolet models—fits for less than any comparable model in its field. Continuation of standard equipment and trim illustrated is dependent on availability of material.

4-WAY ENGINE LUBRICATION

Chevrolet's exclusive engine lubricating system supplies exactly the right kind and amount of lubrication to each moving part.

CAST IRON ALLOY PISTONS

The same material as the cylinder block, pistons expand and contract at same rate. This reduces wear, lowers oil consumption.

SAFETY PLATE GLASS ALL AROUND

Chevrolet alone in its field gives you safety plate glass in windshield and all windows, for a clearer, truer all-round view.

POWERGLIDE AUTOMATIC TRANSMISSION

Simpler with fewer parts to wear. Smoother—no complicated intermediate gears. Optional on De Luxe models at extra cost.

MOST POWERFUL VALVE-IN-HEAD ENGINE

Teamed with Powerglide is the most powerful valve-in-head engine in its field and an outstanding performer in any field.

No other car in Chevrolet's field offers you a single one of these features. Yet you'll find many of them in America's most costly cars. Here's proof that you're value ahead with Chevrolet... again in 1952 the lowest-priced line in its field! Come in and look it over.

Orchestra, under the direction of T. K. Martin gave three numbers with Miss Sandra Shields giving the vocals. The High School Choral Club, under the direction of Mrs. Carroll Thompson, gave three numbers. The highlight of the evening was the showing of students on the movie projector.

CORRECTION

In Phillips Drug advertisement last week, through an oversight, we stated that for the prevention of pinkeye, one 5 c. c. dose in May would protect cattle an entire season. Instead, the ad should have read: Prevent Costly Pinkeye — One 5 c. c. dose in MARCH and one 5 c. c. dose in MAY protects cattle all season. See a small display advertisement elsewhere in this issue of The News, making the correction.

THE WEATHER AGAIN

For the past six or seven weeks, sometime during the week end period, we have received a small bit of moisture. Over the past week end we received .71 here in Santa Anna, with reports varying from over the county. In some places approximately 1/4 inch fell and up to 3/4 inches in other places. However, a west Texas duster and wind storm dried most of the water Monday.

We still contend we are going to get the needed moisture before much longer, and hope it will be soon.

THE JORDAN FAMILY MOVING TO INGLESIDES

Mr. and Mrs. J. W. Jordan and their daughter, Mrs. Pearl Harris and Charlie Joe, will be moving within a few days to Inglesides, where all the other members of their family are living. Mr. McKown has purchased the Jordan home.

The Jordans have made Santa Anna their home for many years, during which time he was a merchant. Their many friends will wish them well in their new home.

NO LIONS MEETING THIS WEEK

The Lions Club did not have their regular meeting this week, because of the annual program honoring the football boys on Monday night. An estimated 260 persons attended the program and all enjoyed it very much. The program committee for the Lions Club next week will be Garland Powell and Virgil Priddy.

LOCAL MEN ATTEND BROWNWOOD BANQUET

O. L. Cheaney, Norman Hosch, Neal Oakes and Ford Barnes attended the West Texas Chamber of Commerce banquet last Thursday night at Brownwood. Frank Kelley of Colorado City, president of the WTCC was in charge of the meeting and Fred H. Husbands of Abilene, general manager, gave the accomplishments of the organization during the past year.

Cotton Varieties For Texas

Cotton varieties for the different areas of Texas are given in a new bulletin, "Performance of Cotton Varieties in Texas, 1948-50."

This bulletin, published jointly by the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service, gives information obtained in

GM Executive Aids Future Farmers of America

Roger M. Kyes (right), vice president of General Motors and general manager of the GMC Truck and Coach Division, accepts congratulations from Billy Howard of Plains, Ga., Southern Region vice president for the Future Farmers of America, after being named Chairman of the Sponsoring Committee for the FFA Foundation. Well-known in both industry and agriculture, Kyes will enlist the support of business and industry for the FFA program, in which 360,000 farm youths participate.

the first three years of a statewide cotton variety evaluation program. Other bulletins will be issued at the end of each succeeding 3-year testing period.

Experiment Station Agronomists divided the state into three regions for systematic testing. And the Extension Service designated 10 production areas to provide a practical basis for variety recommendations.

D. T. Killough, agronomist in charge of the cotton variety testing program, points out that varieties recommended for a given region or area often do not include all varieties in the highest yielding group.

Varieties are recommended on basis of yield of lint cotton per acre, adaptation to harvesting methods, fiber properties, disease resistance and maturity.

Sources of seed of the varieties tested also are given in this bulletin, along with a list of the available publications on cotton production practices. Copies are available at county agents' offices.

Mrs. Fred Sloop Buried At Bryan

Funeral services were held at the First Presbyterian Church in Bryan last Thursday for Mrs. Cornelia Brown Sloop, 62, well known educator and author of several text books for children. Interment was in the Bryan Cemetery.

Mrs. Sloop was the mother-in-law of the late James Robert (Jim Bob) Gregg. She is survived by her only daughter, Mrs. Elizabeth Perrin and her daughter, Bobby of San Fernando, California, and Mr. Fred L. Sloop.

Mrs. Sloop had been a teacher in the A & M Consolidated School for 19 years and had previously taught and served as supervisor in rural schools in Brazos County.

Watch For These Diseases In Turkey Poults

The use of management and sanitation practices that will prevent diseases are mighty important to the turkey producer. It is always more desirable to prevent the occurrence of a disease than to try to treat an outbreak, says L. C. Grumbles, poultry pathologist of Texas A. & M. College.

Management practices are im-

portant from the day the poults are hatched and one of the first to cause trouble is water starvation, says Grumbles. This practically always happens when the poults are about two weeks old and results from the change from small water fountains to large ones or automatic watering systems. The poults just don't find the water and the trouble can be avoided by making the change gradually and by providing sufficient watering space.

Another condition associated with management that often causes trouble is crop and gizzard impaction. It occurs when the poults eat the floor litter and can usually be prevented by covering the litter with paper or sacks for the first week of the brooding period. Providing plenty of feeder and watering space and then making sure the poults are eating and drinking will also help, says the pathologist.

Three infectious diseases cause most of the trouble in young turkey poults. One of these is pullorum. It is transmitted through the egg and can largely be eliminated by buying poults from a hatchery that is U. S. pullorum clean.

Another is hexamitiasis. This disease is caused by a very small parasite that inhabits the small intestine and mortality among the infected poults is usually very high. It generally occurs in poults between the ages of four and twelve weeks. Grumbles says most mature turkeys are carriers of the disease and the organisms are passed out in the droppings. The parasite survives for only about 30 minutes outside spread through fresh droppings from carrier birds. Except on farms where breeding flocks are kept, all mature birds should be disposed of before poults are started. Where mature birds are kept, a different person should care for the poults.

The third disease is coccidiosis and it usually occurs in poults when they are between four and eight weeks of age. It is also caused by a small parasite that invades the walls of the intestine. These parasites are universally present and most poults are exposed to coccidia during the growing period, says Grumbles. A light infection is desirable in order to build up flock resistance to the disease. The severity will depend upon the number of the parasites picked

up at the one time by the birds. Sanitation will be effective in some instances especially where small groups of poults are started early in the season. It is usually not completely effective where successive lots or poults of different ages are being brooded.

Perhaps the most effective control method is continuous medication with a coccidia killing drug in the feed. Results are usually good and the cost runs from one to two cents per bird.

Several of the sulfa drugs are effective in controlling the disease but Grumbles points out that a complete and thorough diagnosis should be made before treatment is given. Since most poults diseases require the use of a microscope or laboratory facilities for an accurate diagnosis, he suggests calling in a trained veterinarian at the first sign of trouble. Action is needed once an infectious disease strikes but treatment should be based on a reliable diagnosis.
