Thoughts

OF A COUNTRY EDITOR

BY JOHN C. GREGG

TRUMAN OUT

For seven years this writer has been listening to speeches made by President Truman. The best speech he has made to date was made last Saturday night at the Jefferson-Jackson Day dinner. His talk was excellent in every way and just before he finished he completed a good talk with words that he would not be a candidate for re-election as president. This was music to our ears. Some of his supporters are talking a campaign to draft him for another term, but we think Truman did the proper thing for the Democratic Party when he said he would not seek re-election and would not accept the Democratic nomination.

We had planned to hold a "straw vote" Saturday of this week in order to find out just how the citizens of our town felt concerning the coming presidential election and also on the other national elections, i.e. the United States Senator and Congressman from the 21st District. In view of the present situation, we are going to wait for another few weeks to hold our "straw vote".

SANTA ANNA-VALERA ROAD

Last week we published an article concerning the proposed Santa Anna-Valera highway. The entire article was published just as the Ballinger Chamber of Commerce had listed their findings. However, there was some of their findings that were not accurate, the principal one being where they stated the Commissioners Court of Coleman County had voted not to purchase anymore right-of-ways.

The county Commissioners Court did, on Saturday, March 31, 1951, vote not to purchase any more right-of-ways for Farm-to-Market Roads, but this does not include State and Federal Highways. Minutes from the above mentioned meeting in part, are as follows: "The Commissioners' Court met with delegates from Precinct 3 concerning the procurement of right-of-way and construction of necessary fences with the representatives present, it was ordered by the Court on the motion of Commissioner Earl Hardy, seconded by Commissioner Monroe Forehand, that hereafter the Commissioners' Court of Coleman County would adopt a policy of furnishing the posts and labor for the construction of the necessary fences, and paying damages to the individual property owners wherein there is damage of amount to property, but not to pay for right-of-way. Motion carried unanimously."

All members of the court were present at this meeting. According to reports received here, to date the State has not requested the Commissioners' Court to purchase the right-of-way for the proposed road. They have not presented the road proposition to the county court in any manner. Until the state presents the proposition to the court, there is no action they can take on it.

"CHILD OF THE YEAR"

A special attraction will be shown at the Queen Theatre on Sunday, Monday and Tuesday, April 6, 7 and 8. Showing on the screen will be pictures of 83 of the local children whose pictures were taken recently to enter a "Child of the Year" contest. This will be shown in addition to the regular feature. This will afford parents and children an opportunity to see themselves on a movie picture screen, an opportunity that many may never have again.

Buffalo P T A Sponsors Tournament

The Buffalo PTA is sponsoring a "Plow-boys Basketball Tournament. The last games in the series will be played in the Buffalo gym Friday night, beginning at 7:00 p. m. Prices of admission will be 10 cents and 20 cents and the organization also has concession stands in the gym. Money derived from the proceeds will be used by the PTA to buy play ground equipment.

Two rounds of the series have been completed. They were played last Friday and Saturday nights. In the first games the Santa Anna Faculty won over the Mozelle outsiders by a close 24-23 score, but Santa Anna forfeited to Mozelle because they could not play during the next series of games; Whon won over Liberty 20-8 and Trickham won over Buffalo 18-15. In the Saturday night games the Mozelle ladies won over the Santa Anna Laundry 24-14; Mozelle won over Whon 33-16 and Trickham won over Rockwood 27-13.

In the games scheduled for Friday night Liberty will play for the championship. The Mozelle and Buffalo ladies will also play an exhibition game.

The Buffalo PTA extends an invitation to the general public to come out and see these games.

13 Choral Clubs At High School Tuesday Night

Cullen N. Perry, principal of the Santa Anna High School, announced this week that 13 choral clubs will be here at the high school auditorium Tuesday night, April 8, for a choral concert. There will be seven high school clubs and six ward school clubs present. Admission prices of 10 cents and 25 cents, will go to defray expenses of the schools.

Schools to be represented are: Santa Anna, Bangs, Blanket, May, Early, Brookesmith and Zephyr. This is not a contest, but just a choral concert and several of the schools will have special numbers to render. The program will be under the direction of Mrs. Hudson and L. V. Vineyard, supervisors, from Brownwood. Approximately 280 students will participate.

Mrs. Lois Henderson, Mrs. Roy West and Mrs. Buster Woodard, visited Tuesday in the home of the latter's daughter, Mrs. I. V. Spann, in Abilene. They also visited Herma Jean Corder, in a hospital there, and found her considerably improved.

Mother Neff is the oldest of the Texas State Parks.

this week requesting all property owners in Santa Anna who have not rendered their property, to please do so during this month. April 30 has been set for the dead-line for property to be rendered. At the end of this month all property that has not been rendered will be entered on the unrendered roll and the Board of Equalization will have to render it for you. Mr. Bass states that it will be to the property owner's advantage to render his own property. This should be done each year as taxes are paid, but somehow seems to be overlooked.

CORRECTIONS

Through an oversight, we printed the Whon News this week before we noticed that we had failed to put the machine corrections in. We are indeed sorry this happened, and hope Mrs. Rutherford and the good people of Whon will accept our apologies.

Large Cross Completed In Ranger Park

A large lighted cross was completed in the Ranger Park early this week. The cross designates the location where the annual Sunrise Easter Service is held on the East Santa Anna Mountain. It is about 16 feet high and 8 1/2 feet wide and contains 80 bulbs.

L. A. Welch was responsible for most of the work in getting the cross completed. Welding on the cross was donated by the E. A. Densman Welding Shop and the 6-inch pipe the cross is made of, was donated by the City of Santa Anna.

The lights on the cross were to be turned on Tuesday night at seven o'clock and will burn four hours each evening from now until Easter. Lights on the cross can be seen from just inside the east Santa Anna City Limits to a distance of about three miles out on the Brownwood highway and they can be seen for about three miles south of town.

The Community Chamber of Commerce committee working on this project are: Neal Oakes, L. A. Welch, Cliff Herndon and W. R. Mulroy. On the week-end before Easter-Sunday the group will prepare the grounds around the cross for the annual Sunrise Easter program.

Lions Den

The Lion District Governor, Dr. A. Lewis Kline and Mrs. Kline were guests of the Santa Anna Lions Club at the regular meeting this week. Other visitors were Deputy District Governor W. Dan Smith and Zone Chairman E. R. Griffis, of Coleman; G. D. Force of Brownwood, guest of George Johnson; Rev. W. M. Greenwaldt, of Mart, Texas, guest of Carroll Thompson; Ernest Richard, of Strambaugh, Michigan, guest of Loyd Burris and Elmo Wallace, guest of Dick Bass.

The District Governor discussed a number of projects over the district that have been put in operation by various Lions Clubs. He told of his experiences in visiting each of the clubs in the district. Fifty-two members and guests were present.

The program committee for next week will be Lions Carroll Thompson and Harry Wigger.

FIRST BAPTIST CHURCH NEWS

The Lord's Supper will be observed at the morning service this Sunday, April 6. The members of the Church are urged to be present for this service.

Justice of the Peace Has New Game And Fish Laws Of Texas

Earl Irick, Justice of the Peace, said this week that he has just received the new edition of the Texas Game and Fish Laws. The revised edition is for the 1951-52 season.

Irick states that if anyone wants to inquire about any certain kind of laws in any county in Texas, he would be glad for you to come by his house and he will help you find the law. Each county has different laws on a lot of game and fish and they should be looked into before participating in some practice that may be illegal.

After a stay of several days at his home here, S. E. Moredock, returned to his work this week at White Sands, New Mexico.

Mr. and Mrs. Floyd Reynolds were in Fort Worth Sunday, visiting in the home of her nephew, G. C. Walters and family.

Olin Horton Leaves After 10-Day Visit

Olin Horton SN, has been home on a 10-day leave, visiting his wife and baby at Rockwood and his parents, Mr. and Mrs. T. E. Horton of Austin. Olin has served on the USS Erlen in Korean waters since last August. He left Sunday evening for San Diego, California, where he will take anti-submarine warfare training. Horton enlisted in the Navy in January, 1951. He is a graduate of the Santa Anna High School with the class of 1948 and lettered two years as a member of the Mountaineer football squad.

Tours Arranged By County Mfg. Concerns Friday

Tours of four industrial plants in Coleman have been arranged by the Coleman BCD and the schedule is set up as follows: Leave BCD office at 2:00 p. m. for Martin Brick Co.; 2:45 p. m. to Swift & Co., Oil Mill; 3:30 p. m. to Jirnight Manufacturing Co.; 4:15 p. m. to Bill's Potato Chip Co. Visitors are invited to join the tour at the BCD office or at any point along the route.

Eighteen concerns have indicated they would have their products on display in the Taylor Motor Co. show rooms. These show rooms will be open from 7 to 10 p. m. on Friday and from 2 to 10 p. m. on Saturday.

Rites For Mrs. Sally McElroy Friday

Funeral services were held at the First Methodist Church on Friday afternoon, March 28, at 4 o'clock for Mrs. Sally McElroy. She died in a Brownwood hospital on Wednesday morning, March 26, where she had been a patient since the previous Saturday. She had been in failing health for some time.

Rev. Carroll H. Thompson, pastor of the Methodist Church, and Rev. Dorsey Smith, pastor of the Episcopal Church in Brownwood officiated.

Mrs. McElroy was born February 24, 1881 at Mt. Airy, Maryland, being 71 years, 1 month and 2 days old at time of death. She had lived in California, previous to moving to Santa Anna some years ago.

Mrs. McElroy was a member of the Episcopal Church. She had made many friends while living in our midst. She was known for her devotion to her family, including the grandchildren.

She is survived by two daughters, Mrs. Somers Turner, of Santa Anna, and Mrs. Katharine McLeod of Dallas. Also 4 grandchildren survive.

The body was taken to California for interment beside her husband in Forest Lawn cemetery at 10 a. m. Monday, March 31. Her daughter Mrs. Turner, accompanied the body.

Palbearers were, Arch Bucy, Joe Tabor, and Bob Turner of Brownwood, and Neal Oakes and Earl Hardy of Santa Anna.

Beautification Contest Prizes Now On Display

A number of the prizes that will be awarded this fall to winners of the City Beautification Contest are now on display in the Hays building, next door west of Purdy Mercantile Co. It is expected that a number of other prizes will be added to this list in the next few weeks.

Plans are just about complete for starting the city clean up campaign. Most of the working committees are being named and plans are to get the survey of the town underway within the next few days.

Trick'am Cemetery Association To Meet Tuesday

The Trickham Cemetery Association will meet at the cemetery at 11:00 a. m. on Tuesday, April 8th, according to an announcement of the secretary, Miss Lou Featherston.

The program committee is arranging for a good speaker.

The program and business session will be followed by a basket lunch.

This will be a good time to pay tribute to loved ones buried there and all can pay respects.

This will also be a good time to visit with old friends and to make acquaintances.

Anyone interested is welcome to attend.

The Trickham Cemetery Association is doing a wonderful job of caring for the cemetery, said to be the oldest in the county.

Rites For Jesse G. Stacy Friday

Funeral services were held in the Chapel of the Hosch Funeral Home on Friday, March 28, at 2 p. m. for Jesse G. Stacy who died on March 25 in a government hospital in Fort Worth. He had suffered with a heart affliction for several weeks.

Rev. Alvin O. Rue, pastor of the First Presbyterian Church in Ballinger, officiated at the services. Jesse in his youth had become a member of that church, and continued in its faith and fellowship.

Mr. Stacy was born on July 4, 1899, to Mr. and Mrs. Morgan Stacy at Stacy. In later years, the parents lived in Santa Anna. At the time of death, the deceased had been serving for about 14 years with the Merchant Marines. He had been a patient for several months in a veterans hospital in Galveston, before going to Fort Worth.

Mr. Stacy is survived by his mother, Mrs. Morgan Stacy, and his sister, Mrs. Una Dosse of Ballinger, another sister, Mrs. Jack Kellogg of Monahans and one brother, Talmadge Stacy of Carrollton. All of the above and Mr. Kellogg and Mrs. Talmadge Stacy were here for the services.

He is also survived by two sons M. J. Stacy of Lorenzo and L. G. Stacy of Levelland. They and their wives were here for the service, also Mary and John Bonmar, children of M. J. Stacy.

Other relatives attending were, Mrs. Frank Adams and Miss Ruby Valentine of Austin, Mrs. Viola Mayes of Coleman, and Mrs. Louis Burney and Mr. Burney of Trickham.

Others from Ballinger besides the family and the minister were Mrs. Alvin O. Rue, Mrs. C. D. Middleton, Mrs. Edna Flournoy, Mrs. Barto Erwin, and Mrs. Wallace Barnett.

Palbearers were: J. L. Boggus, Bruce Snodgrass, Calvin Campbell, J. T. Oakes, J. W. McClellan and T. J. McCaughan.

Burial was in the Santa Anna Cemetery.

GO TO CHURCH SUNDAY

Sunrise Easter Program To Start At 5:30 A. M.

Plans are being completed for the annual Sunrise Easter Program, to be held on the East Santa Anna Mountain, in Ranger Park, Sunday, April 13, beginning at 5:30 a. m.

The music committee, composed of Elsie Lee Harper, Mrs. Virgil Priddy, Mrs. J. W. McClellan, Rilda Stephenson and Kent Martin, has a special Easter musical program outlined and Rev. Carroll H. Thompson, pastor of the local Methodist Church, will deliver the annual Easter message, beginning at 6:06 a. m., just as the sun begins to rise. Following the message free coffee and doughnuts will be served from a field kitchen, set up by the members of the local National Guard.

Every church of every denomination in Coleman County is requested to take part in the service. All pastors have been requested to make announcements from their pulpits concerning the Easter Service and invitations are extended to any and all who care to attend.

The large lighted cross has been completed and will burn from seven until eleven o'clock each night from now until Easter. The cross marks the location where the service will be held.

The grounds committee is working now to get the grounds in shape for the annual service and are attempting to arrange every thing as convenient and comfortable as possible for the ones who will attend the service.

School Trustee Election To Be Held Saturday

The annual election of Trustees for the Santa Anna Independent School District will be held Saturday, April 5, in the Stockard building at the corner of Wallis Avenue and North 2nd Street.

Due to the consolidation with the Shield School District last summer, the entire board of seven members will be elected this year. Only seven names appear on the ballot, but write-in votes are legal and must be counted. There will be a place on the ballot for write-in names.

Names appearing on the ballot are: Thomas M. Hays, Jr., Dick Baugh, Tom Stewardson, W. H. Pittard, Ozro Eubank, J. W. McClellan and Tony Rehm. Present members of the board not seeking re-election are: Bruce Snodgrass, W. B. Griffin and Jack Mobley.

Every citizen and qualified voter is urged to go to the polls and vote. Even though there is only enough names on the ballot to fill the seven places on the board, citizens should show their support to the schools by taking a few minutes of your time and voting.

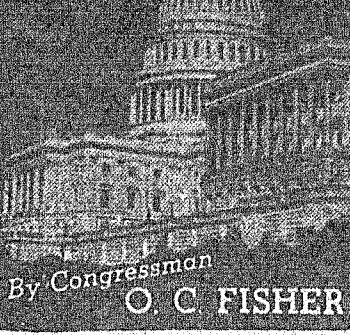

Sue Milligan On NTSC Honor Roll

Vada Sue Milligan of Rockwood is one of the 259 students at North Texas State College whose name was listed on the honor roll for the past fall semester.

Miss Milligan, daughter of Mr. and Mrs. R. A. Milligan of Rockwood, is a senior student majoring in home economics at NTSC. She is a member of the Phi Upsilon Omicron, national home economics fraternity; Ellen H. Richards Club, organization for home economics students; Gammedians, an honor society; and Home and Family Life Club.

Mrs. Odell Stearns, Mrs. Gordon Stearns and Tommy and Mrs. Glenn Haynes visited Mrs. R. S. Stearns Sunday evening.

Our WASHINGTON Letter

By Congressman O. C. FISHER

OF MAJOR PUBLIC CONCERN is the new wage boost the

President's Wage Stabilization Board recommended last week for the steelworkers. It would be the biggest single government supported wage raise in history, and it came at a time after the consumer cost-of-living index had dropped two cents the preceding month.

The steelworkers now get an average of \$2 per hour along with other benefits. The new hike, if it goes through, will add an immediate 18 cents and an additional 8 cents by next January 1. Other benefits figured in the WSB formula along with a recommendation for a forced union shop regardless of the bargaining agreements between

the steel companies and the unions. The steelworkers have had five raises in the past five years.

Now, all of this can have serious repercussions upon the public, as I see it. The entire public becomes involved. Your taxes are affected. The purchasing power of your dollar may be lowered. What you pay for a spool of barbed wire, a cook stove, a hay baler, or a tractor, will be higher. Because steel is a basic industry and a jump in steel prices is reflected all down the line when you go to the store and buy any kind of hardware.

It seems unfortunate that Phil Murray, the Big Boss of the Steelworkers, would blind himself to the far-reaching effects of this action. It seems even more unfortunate that the government would be a party to it. A moderate increase or adjustment of differences might have been justified. The big steel companies said if the Government had kept out of the picture they could have done business with Murray and made an acceptable agreement. But sustained by the influence of the Government itself, Murray seems to be determined to take full advantage of the situation. After all, now, if the big steel companies balk, and a strike takes place, Murray can say: "You see, they won't even do what the United States Government asks them to do!"

Uncle Sam may loose heavily in taxes, too. The Treasury expects to collect about \$23 billion in taxes from corporations in the coming fiscal year. But the wage hikes will cut into that, and a considerable share of the proposed new wage increase will likely be taken from what would otherwise have gone to the government in taxes from corporations.

Moreover, John L. Lewis has never let Phil Murray out-do him when it comes to wage increases. And he will be scowling across the bargaining table again in the near future. Now, what can he demand? A new pattern of general increases is threatened.

latives and friends here and in Santa Anna. Mr. C. B. James returned home with them for about a weeks visit.

Luncheon guests of Mr. and Mrs. Sam Craig Sunday were: Mr. and Mrs. Chleo James and Rev. and Mrs. Bob Foster.

Mrs. Zona Stacy is spending a few days with her daughter, Mrs. Lula Hancock and husband of Zephyr.

Mrs. Eva Conley, Mrs. Monroe and Mrs. Patterson of Santa Anna visited briefly with Mrs. Kingston Friday afternoon.

Mrs. Tom Bagley and Patricia and Mr. and Mrs. W. M. Hancock visited in the Marion Ford home Sunday afternoon.

Mrs. Jesse Monsey of San Angelo spent last Wednesday night with Mrs. Kingston.

Mrs. Blanch Sparks, Miss Pauline Boenicke and Miss Myrtle Beard visited in the Bond Featherston and O. R. Boenicke homes Sunday afternoon.

The Grady McIvers are very fortunate in getting an oil well on their place.

Mr. Charlie Shield of Alaska and Lanna Lee Caudle of Graham are visiting in the Oscar Boenicke home.

Mrs. C. F. Shield is expected to return home today (Tuesday). Everyone, friends as well as relatives are anxious for her to come home.

Mr. George Cummings of Colorado came down Saturday and took his wife and daughter home. Mrs. Cummings and Linda had been here visiting her parents, Mr. and Mrs. Lewis Burney for several weeks. Mr. and Mrs. Burney are happy to know that their grandson, Billy Joe had arrived back in the states. He had been in Korea for some-time.

Restaurants Get New Ceiling Price Order

The Office of Price Stabilization has announced dollars-and-cents ceiling prices for approximately 500,000 restaurants, by ordering meal prices frozen at levels in effect the week of February 3-9.

A regulation requiring restaurants and other eating establishments to post dollars-and-cents ceiling prices for their principal meals, food items and beverages has been issued by

Ellis Arnall, Director of the Office of Price Stabilization.

The OPS also directs operators to post before April 25 their dollars-and-cents ceilings on their main food and drink items. OPS district offices are now sending out the posters for listing ceiling prices.

The order effective April 7, also provides that prices in the \$12,000,000,000 a year industry, can be changed only by an OPS

order. The agency said orders for any changes up or down would be based primarily on significant shifts in the wholesale food price index compiled monthly by the Bureau of Labor Statistics.

The new regulation CFR 134 replaces Ceiling Price Regulation 11, which has been in effect for about a year.

Oil Activities IN COLEMAN COUNTY

The Bay Petroleum Corp. No. 2 Mrs. Mary L. Dunman Unit 1, GRR Survey 47, east offset to the Morris Sand discovery for the Dunman Field six miles north of Novice, has been completed as a Gardner Sand discovery. The well flowed 131.55 barrels of 40 gravity oil in 12 hours for a calculated 24-hour flow of 263.10 barrels.

Production was through 20-64 choke, from open hole at 3,461-75 feet. Gas-oil ratio was 742-1. The well opens the second pay for the field. It found the Morris Sand barren.

Bay No. 3 Unit 1 Sunman, same section, was drilling below 2,880 feet. Operator has announced plans for testing the Gray Sand below the Gardner in the No. 3.

Bay No. 1 Taylor Estate, section 281, H&GN Survey, wildcat one mile west of Coleman, has been abandoned at 2,800 feet.

Brannon & Murray No. 26 J. C. Dibrell is to be a 1,995-foot cable tool project nine miles northeast of Coleman in the Echo vicinity. It will be located 1,660 feet from the south and 1,400 feet from the west lines of J. W. Hicks Survey.

A 3,500-foot rotary wildcat is to be drilled two miles southeast of Glen Cove.

It was spotted by Stowbridge & Hendrickson of Coleman as the No. 1 D. L. May Drillsite is 330 feet from the north and west lines of the southeast 80 acres, and being 969 feet from the south and 2,330 feet from the east lines of Section 1, T&NO Survey.

In the Glen Cove Jennings Sand Field, three-fourths mile southwest of Glen Cove, Luling Oil & Gas Co. of San Antonio No. 5 I. G. Whittington, Section 11, T&NO Survey, has been completed.

On a daily potential test it flowed 73.71 barrels of 42 gravity oil. Completion was on a 10-64-inch choke with 840 pounds flowing pressure on the casing and 260 pounds on the tubing with production from 96 perforations at 3,478-84 feet. Operator set casing at 3,485 feet, total

depth. The well had a gas-oil ratio of 344-1.

Eight miles south of Santa Anna, A. W. Adkisson of Port Worth No. 3 R. F. Crum, A-Mace Survey 277, has been gauged.

It had a daily potential of 24.26 barrels of 41.1 gravity oil, plus three percent water. Production flowed through a 9-64-inch choke with 190 pounds on the casing and 90 pounds on the tubing from 24 perforations at 1,527-34 feet. Operator set casing at 1,571 feet. Total depth was 1,580 feet, plugged-back to 1,571 feet. Gas-oil ratio was 800-1.

Dale Smith of Coleman spotted the No. 1 C. L. Eeds one mile south of Santa Anna in the South Santa Anna Breneke Sand Field.

Slated for 1,900 feet with cable tools, site is 1,844 feet from the south and 1,816 feet from the east lines of Section 62, HT & B Survey.

Completed as an oiler in the Glen Cove Jennings South Field, two and one-half miles south of Glen Cove was Richard King, Jr., of San Angelo No. 1 L. W. Mayo, et al, Section 42, BBB&C Survey.

No. 1 Mayo had a daily potential of 130 barrels of 43 gravity oil, flowing through a 19-32-inch choke with 280 pounds on the casing and 150 pounds on the tubing. It is producing from 72 perforations at 3,432-50 feet. Operator set casing at 3,519 feet, and total depth was 3,573 feet. Ratio of the gas-oil was 900-1. Formation of the well was ruptured.

In the Coleman County Regular Field, one-half mile south of Burkett, J. H. Blackwell of Coleman No. 1 Ora Wagner is to be drilled.

Contracted for 1,800 feet with rotary, site is 1,260 feet from the north and 1,050 feet from the east lines of Section 164, Isaac Harris Survey.

Mr. and Mrs. F. C. Woodward, visited last week in Pecos with an aunt of Mrs. Woodward. Their son-in-law and daughter, Mr. and Mrs. W. H. Clifford of El Paso, visited with them there.

The Woodwards also visited with Mr. and Mrs. Jack Kingsberry at Batesville.

State Conducting 8 4-H Programs More Than 15 Years Old

Eight national 4-H award programs, all more than 15 years "old," which have been important factors contributing to the widespread popularity of 4-H Club work, are being conducted in this state for 1952.

The programs, their respective anniversaries and donors are: Girls' Record, 30th, Montgomery Ward; Canning, 24th, Mrs. Ruth Kerr, Meat Animal, 23rd, Thos. E. Wilson; Food Preparation, 18th, Kelvinator; Farm and Home Electric, 17th, Westinghouse; Leadership, 16th, Edward Foss Wilson; Dairy Achievement, 16th, Lederle Laboratories, and Beautification of Home grounds, 15th, Mrs. Charles R. Walgreen.

Total enrollment in the eight programs exceeded 2,661,000 in 1950, indicating that many 4-H-ers enrolled in several of the programs.

Incentives for outstanding records of achievement in the programs are honor medals for county winners, educational trips to the National 4-H Club Congress in Chicago for State or Sectional winners, and \$300 college scholarships for national champions.

County Extension Agents will furnish complete information on any of these programs, all of which are supervised by the Cooperative Extension Service.

Examinations For State Employment Will Be In May

The Merit System Council in Austin announced today that competitive examinations for several positions in state employment will be given over the state on May 10. Charles S. Gardiner, Director, stated that vacancies in these positions occur in various sections of the

state and that qualified applicants are needed. He mentioned opportunities for permanent jobs as one of the attractions. Examinations will be offered for clerk, typist, stenographer, key punch operator, tabulating equipment operator, farm placement interviewer, auditor, labor representative and senior child welfare worker. Information about these examinations may be obtained at the nearest Office of the State Department of Public Welfare of the Texas Employment Commission or by writing the Merit System Council. The closing date for accepting applications is to be April 29, 1952.

From where I sit... by Joe Marsh
Might As Well "Get In Key"

Last Tuesday Judge Cunningham wanted to go fishing. "Why aren't you working?" I asked. Judge explained how his wife had gone on a trip, taken his keys by mistake—and now he couldn't get in the office. So we went fishing. Next day, he wanted me to go again. I was surprised those keys hadn't shown up yet. "The little woman phoned to say she mailed them," the Judge explained. "They're now in the office, under the mail slot. I'd get 'em if I could just open that door." He grinned and picked up his fishing rod.

"Great little woman, the wife. You can always count on her. Let's go!" From where I sit, we can use tolerance like the Judge shows for his wife's absent-mindedness... and she shows for his habit of lighting out for the fishing hole at every opportunity. He can't see why she likes tea, and she doesn't share his taste for a glass of beer. But they get along fine! Learning to respect other people's ways will "open the door" to happier living.

Federated Missionary Society Met Monday

A better than usual attendance was noted when the Federated Missionary Societies met with the women of the First Presbyterian Church Monday afternoon, March 31. The meeting was held in the recently re-decorated Fellowship Hall. Love-

ly purple and yellow iris and other spring flowers were used in decorations.

Miss Blanche Boyd was in charge of the program. The meeting opened by singing "Blest Be The Tie That Binds". Miss Boyd read the 121 Psalm and made appropriate comments on faith. She also gave poems and closed with an appropriate prayer. Sharon Hoke sang "Take Time to be Holy", accompanied by Mrs. Jasper McClellan. The meeting was then turned over to Mrs. James L. White of Brownwood, who showed most interesting pictures of her trips to Alaska and Guatemala. Mrs. White is the former Miss Myrtle Verner of Santa Anna, and was accompanied by her sister, Mrs. W. J. Coppin of Brownwood, the former Miss Bertha Verner.

The trip to Alaska for Mr. and Mrs. White was sponsored by the Board of National Missions of the Presbyterian Church, USA and the Guatemala trip was sponsored by the Board of Foreign Missions.

The pictures were both interesting and informative. Both lands, so far apart, have beautiful scenery and gorgeous flowers. Following the showing of the pictures, a short business period was held, with Mrs. O. A. Etheredge presiding. Officers elected for the coming year were: President, Mrs. Hardy Blue; Vice-President, Mrs. Preston Bailey; Secretary - Treasurer, Miss Blanche Boyd.

Refreshments of sandwiches, potato chips, cookies and cold drinks were served to the approximately fifty persons, including several children, present. The next meeting will be on Monday afternoon, June 30, with the Woman's Council of the Christian Church.

Two 4-H Girls Give Demonstration At Whon Home Dem.

Sue Wise and Patricia Bryan, members of the Rockwood 4-H Club, gave a demonstration on "How to put in Zippers", when the Whon Home Demonstration Club met Wednesday, March 28 in the home of Mrs. Besse Gill. Mrs. Jamie Morris gave 4-H recommendations.

The club also had a flower exchange.

The hostess served refreshments to four visitors, Mrs. Pat Chilton of Winters, Mrs. Gamble of Houston and Patricia Bryan and Sue Wise of Rockwood, and the following members: Mmes. E. Gamble, Louise Gill, Lulu Rutherford, Imogene Fitzpatrick Mae McFarlin, Janie Morris, Hettye Turney, Tenina Watson, and Alta Benge.

The next meeting will also be in the home of Mrs. Besse Gill on Wednesday, April 9, with a "Hot Roll Demonstration".

Miss Avis Barnett Party Honoree

Decorations of spring flowers in pottery containers were used when Mrs. M. L. Guthrie, Jr., and Mrs. Thomas Wristen, Jr., honored their sister, Miss Avis June Barnett, at a spinster dinner at Mrs. Guthrie's home here Monday night.

Miss Barnett, daughter of Mr. and Mrs. A. F. Barnett of Coleman, is the bride-elect of Lee Vaguhn, also of Coleman.

The buffet style dinner was served from a large pottery Lazy Susan centered on a damask-covered table and backed by an arrangement of flowers. After the dinner, games were played by the group.

Those present beside the honoree and the hostesses were: Mmes. A. F. Barnett, J. Russell Woodward, J. W. Lantham, Glen Harnes, and Misses Jaunell Davis, LaVerne Titsworth, Irish Ryan, and Buddy Thompson, all of Coleman; and Mrs. James T. Dockery, Charles Wristen, and Tom Kingsbery of Santa Anna.

Shower Honors Mrs. Culpepper

Mrs. R. P. Earnhart entertained with a layette shower, honoring Mrs. Lacy Culpepper, in the Earnhart home on Wednesday, March 26, from 2 until 4 p. m.

Mrs. I. R. Glenn conducted an observation game. From a large purse, she poured out a large number of small articles and hastily put them back. The honoree received the prize for naming most of the articles.

Further entertainment was furnished by pinning the tail on the donkey.

The honoree received many nice gifts. Several not attending, sent gifts.

The hostess served tea and coffee with cake.

Self Culture Club Met On Friday

When the Self Culture Club assembled last Friday afternoon at the City Library, for their regular meeting, they were agreeably surprised to find nice refreshments had been prepared by Mrs. C. D. Bruce.

The tea table, laid with a linen cloth, had a central arrangement of iris in a crystal bowl. Dainty open-faced sandwiches and a variety of home made cookies were served with coffee.

A program on "Western Art" was given. Mrs. Bruce told of the work of Rembrandt, and Mrs. A. L. Oder discussed Charles M. Russell and his paintings. Both passed printed reproductions of the artist's work, for viewing.

The committee's report on subjects for next year's study was given by Mrs. Preston Bailey. From several interesting subjects, the club voted for Contemporary Literature, which is a regular extension course from the University of Texas.

As the club will be observing its 50th anniversary in 1953, it was suggested that it is none too early to be making some worthwhile plans for the big event. These plans will be made known as they develop.

George Washington was the only U. S. President ever to receive the entire electoral vote.

Fellowship Supreme

Lesson for April 6, 1952

THE church of the twentieth century is taking a beating. We are living in one of the dark eras when the Christian church in large parts of the world is on the retreat. One-sixth of the earth's surface, that used to be called "Christian," is now dominated by anti-religious powers.

Dr. Foreman

There were once 3,000 missionaries in China where now there are 200, and the number is growing fewer still. An inquiring minister in Georgia recently asked a number of American church leaders whether they thought we can call the United States a "Christian" nation. Most of them said No, and most of them thought that America is at present slipping farther away from Christ.

What Did the Early Church Have That We Haven't?

NOW the question is: What did the early church have that we don't have? Why did they succeed where we have not been succeeding? One quality which was strong in the early church, weak today, is fellowship. Let us first see what the New Testament idea of fellowship is not. It is not organization. It was not any one Big Man or Big Church or any pattern of organization that made the early church "click." Also, it was not simple nearness.

For many persons today, "belonging to the same church" with another person means no more than that on occasional Sundays they find themselves sitting within a few yards of each other. They do not know each other's names, perhaps, much less take any personal interest in each other's affairs.

Furthermore, the New Testament does not hold up subscription to a creed as the main feature of fellowship. All mathematics teachers believe in the truth of algebra and geometry, but that does not make a fellowship out of mathematics teachers. So you can have several hundred or several thousand people repeating the same Creed without ever being a fellowship or even knowing what the word means.

No Tinker-Toy Business

ONE thing that fellowship did mean, when it meant something, Jesus made very plain. It is like the life of a growing vine. You cannot think of the branches without the vine, nor of the vine without the branches.

Carrying on the same idea, Paul (1 Cor. 12) speaks of the church as the "body" of Christ. Christian fellowship is first of all an intimate growing-in to the life of Christ, sharing the same life with him.

You can make a tinker-toy man with two arms or no arms, you can pull the legs and arms out and stick them in again as you like, because the tinker-toy man is not real, it is only blocks and sticks. But you cannot stick branches in and pull them out of a vine like that; much less pull legs and arms out of a living body.

If the church today is weak, it is because too many individual "members" are not members of Christ. They belong to the church, statistically speaking, but they do not belong to Christ.

Belonging to One Another

ANOTHER thing that fellowship means, grows out of this first thing. The New Testament idea—the New Testament fact—is that all Christians are parts of one another, just as all parts of a living thing belong to one another.

It is quite true that not every one in the church then understood this, or Jesus and Paul would not have had to speak and write as they did. But the church at large did understand it. Every church then was a kind of family, indeed often a much better family than that into which its members had first been born.

Although each Christian was himself, indeed a new self ("If any man is in Christ, he is a new creation," Paul said), yet in the church every one belonged to every one else, just as in a good family. The bond of one was the happiness of all; the sorrow and trouble of one

was the trouble of all; the temptation of one gave the others an opportunity to fight for his rescue.

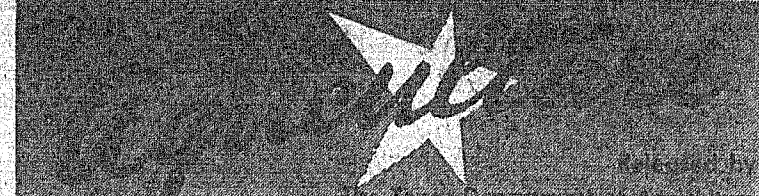

The church, when it IS the church, is the fellowship supreme, the united life, the life of God shared by those who love him and one another.

Perhaps the best thing the Christian church today could do, instead of getting more "members" who are not members, would be to re-discover and re-practice New Testament fellowship. Such a church would begin to win victories again.

THE PINK BOLLWORM — II

There was near-panic among cotton people and government agencies following the discovery of the first Pink Bollworm in Texas in 1917. "No-cotton zones" were proclaimed excitedly everywhere, the insect was found.

The worm had been a serious pest in many parts of the world, including China, Egypt, Brazil, Argentina and Mexico. But still almost nothing was known about its habits and life history. And there was as much confusion among those trying to combat in the early days in Texas as there was hardship among the growers, who suffered from the "no-cotton zone" proclamation.

Now we know that no cotton zones are futile in Texas as long as there is a plentiful supply of Pink Bollworm across the border in Mexico. We've also learned that since the worm bores its way deep into the cotton boll we can't get at it successfully with insecticides.

We are coping with it effectively, however, by following cultural practices based on the knowledge we've acquired of its life history. The cotton grower can change his procedure — the Pink Bollworm can't change its habits.

We know it propagates in the growing season. So in the warmer areas, with a long growing season, we shorten the breeding time with planting and plow-up deadlines.

We know that in the fall it goes into hibernation. So we destroy its place for passing the winter by stalk destruction and field cleaning.

At gins and oil mills we have fumigation, sterilization and burning of "gin trash to prevent spread by way of seed, lint, burrs, cotton products, etc.

Commercial damage from the Pink Bollworm in the past has been as high as 50% — now it is negligible. Our success is due to the almost 100% cooperation of growers, ginners and oil millers in the program for control and eradication under the Texas Pink Bollworm Law.

As long as the moth can make long-distance flights, however, it can invade any part of Texas. And it is important to get at it quickly when it shows up in a new area.

Anyone finding a worm resembling the Pink Bollworm in cotton areas thought to be free of the insect should place it in a bottle of diluted alcohol and send it to the Entomologist for Pink Bollworm Control, Texas Department of Agriculture, Austin, with full information as to date and place of collection.

Mr. and Mrs. A. D. Pye and children of Fort Worth, spent the week end in the home of Mrs. Ethel Pye and Mrs. Katy Wristen.

Rockwood News
By Mrs. John C. Hunter

Friends and relatives were grieved to learn of the death of Mrs. Ethel Bryan, who passed away at Abilene Saturday morning after a brief illness. Mr. and Mrs. Bryan and their two sons, John Will and Danny, had lived at Rockwood most of their lives, moving to Abilene a few years ago. We extend sympathy to the family.

Attending the services for Mrs. Bryan in Abilene Sunday were: Mr. and Mrs. L. L. Bryan and Kenneth; Mr. and Mrs. Hilton Wise; Mr. and Mrs. J. P. Hodges; Mrs. J. T. Avants; Mrs. M. D.

Bryan, Janie and Lester; Mr. and Mrs. Tom Bryan; Mr. and Mrs. E. D. Black and children; Mrs. Claud Box; Mr. and Mrs. A. L. King; Mr. and Mrs. Marcus Johnson and boys; Mr. and Mrs. Frank McCreary; Mr. and Mrs. Cecil Richardson; Mr. and Mrs. N. J. Buttry; and Mr. and Mrs. J. C. Hunter.

Mrs. Sam Estes and Raymond spent the week end in Sweetwater with Mr. and Mrs. S. H. Estes. Mr. and Mrs. N. J. Buttry were Sunday dinner guests of Mr. and Mrs. Raymond McNutt in Abilene. Mr. and Mrs. Dick Inman of Coleman were also guests with the McNutts.

Mr. and Mrs. J. C. Hunter were dinner guests on Sunday with Mr. and Mrs. J. F. Maxey in Abilene.

Mrs. Uless Maness is a patient in the Brady Hospital. She was admitted last Tuesday. Others than local friends visiting with her were: Mrs. Lulu Stobaugh and Mrs. Bernice Drake of Lorenzo; Mr. and Mrs. M. A. Ward of Coleman and Mr. and Mrs. Bob Moble of San Angelo.

Mr. and Mrs. Marcus Johnson and Mr. and Mrs. Aubrey McSwane accompanied the MYF Youth to Brownwood Thursday evening for a skating party. Those attending were: Jerry and Nikki Van Johnson, Joyce Jackson, Beverly Gilbreath, Jo Beth Cooper, and Garland McSwane.

Mrs. L. L. Bryan recently visited several days with her mother, Mrs. E. L. Hornsby in Fort Worth who had suffered a severe heart attack.

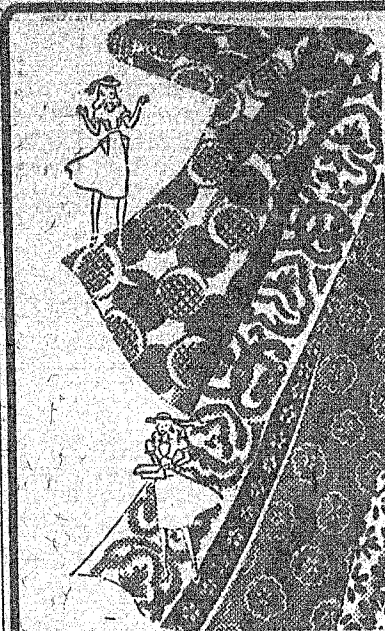

Mr. and Mrs. A. L. Crutcher and Lucy Jane visited Sunday with Mr. and Mrs. Lee McMillan.

Mrs. Claud Box and Mrs. Paul Riddle of Coleman, visited recently in Abilene, with Mr. and Mrs. Joe Box and Bertie.

Visiting with Mr. and Mrs. Dick Pondren last Tuesday were Mrs. Bob Steward, Mrs. Ora Caldwell, Mrs. Claud Box and Mrs. Tom Bryan.

Mr. and Mrs. Fox Johnson visited Sunday with their daughter, Miss Bernice Johnson in Coleman.

Mr. and Mrs. Matt Estes visited Sunday with Mrs. Johnny West. Mrs. Estes has recently visited with her sons and families in Bovina and with Don and wife in Abilene.

The cost of living went up + up

It's a Fact!

For the average West Texas family, a kilowatt-hour of electric service costs less today than it did 20, 15 — even 10 years ago!

Although the cost of materials, manpower, fuel, and everything else needed to provide electric service has gone up in price, your local rates have stayed low.

Your electric service is still the biggest bargain in the family budget — your most dependable, low-cost servant.

The price of electricity went down + down

The cost of your electric service has remained low because you use a lot of it and because of the skills and efficient business methods used by the men and women of this company.

Come Hail or High Water, Texas Will Be Ready To Act

Austin, Tex. — Come hail or high water — or a tornado like the one which raked Arkansas a few days ago — and Texas will be ready to act.

Catastrophe Kits — blueprints of exactly what a community should do when disaster strikes — were distributed this week to 200 Texas cities and towns. In addition, special "disaster teams" of trained trouble-shooters have set up headquarters in Dallas, Houston, San Antonio, Amarillo, Lubbock, Abilene and Corpus Christi. They'll be ready, at a moment's notice, to rush to any stricken area in Texas and help local community leaders organize to meet the problems that always follow a severe storm.

The Catastrophe Plan and the "disaster teams" are a public service project of the Texas Insurance Fieldmen's Association, an organization of 500 special agents representing capital stock insurance companies. J. F. Nowlin of Houston, chairman of the Fieldmen's Loss Committee, said that the Catastrophe Plan was developed after four years of work by insurance agents, adjusters and engineers.

The plan is designed to restore a stricken community to normal activity as quickly as possible. It shows the citizens how to organize to speed up the task of cleaning up the debris and getting repairs made. It shows them how to prevent further damages to their property, how to file insurance claims, how to help speed the work of the insurance adjuster and how to go about getting repairs completed in a hurry.

At least one working kit containing the Catastrophe Plan has been sent to every Texas com-

munity where there is a local insurance exchange. Mr. Nowlin said. In towns where no local exchange exists, the Catastrophe Plan has been sent to a leading local agent.

Members of the Texas Insurance Fieldmen's Association will carry their catastrophe work through the four division headquarters in the state. The North Texas Division at Dallas will serve north and east Texas, the West Texas Division at Lubbock will serve the Panhandle and Plains areas, the Alamo Division at San Antonio will serve Central and South Texas and the Rio Grande Valley, and the Houston Division at Houston will serve the Gulf Coast and southeast Texas.

Mr. Nowlin emphasized that Plan and the "disaster teams" is without cost to the community.

"Our disaster teams will even pay their own travel and incidental expenses," Mr. Nowlin said. "We ask nothing except the opportunity of helping the people of Texas if, and when, a catastrophe strikes in any area."

He said that the disaster teams may be contacted through local insurance agents or through the Texas Insurance Advisory Association at Austin.

Easter Services Set At Mercury April 13

Mercury. — A natural amphitheater in the picturesque hills near Mercury has been made ready for the fifth annual Heart of Teas Sunrise Easter Worship at the geographical center of Texas.

The worship program, broadcast annually on a coast-to-coast radio network, will this year honor the Christian soldiers of the U. S. Army and Air Force, since Easter Sunday, April 13, comes at the conclusion of Exercise Longhorn, the joint military maneuvers in Central Texas.

Dr. Eugene R. Bertermann, St. Louis, Mo., director of the International Lutheran Hour radio program, will bring the Easter message. He has just completed tours of the Pacific and South America. Appearing with him on the Heart of Texas Sunrise Easter Worship program for the second consecutive year will be the Concordia Seminary Lutheran Hour Chorus from Springfield, Ill., under the direction of Fred L. Precht.

Fred Thormann, owner of the farm where the center of Texas is located, is president of the Heart of Texas Sunrise Worship

operating committee. He extends an invitation to all citizens, soldiers, and airmen in Texas to be present.

Several thousand little white crosses will be distributed free. State and national figures will appear on the program. Last year Governor Allan Shivers and Secretary of State John Ben Shepperd were among the speakers.

The program will start at 4 a. m. Easter morning with the screening of "The Life of Jesus Christ", new color motion picture, followed by the 6 a. m. worship.

Mercury is located on Farm Road 502 from U. S. Highway 377, which runs between Brownwood and Brady. The worship site is over a hill past Mercury. Signs and National Guardsmen will direct vehicles.

Average Heart Pumps 2,500 Gallons Per Day

Pumping 2,500 gallons of blood every 24 hours is the astonishing work done by the heart, according to Dr. Geo. W. Cox, State Health Officer. The heart is about the size of a man's fist and is rated at 1/240th of a horse power; it never sleeps,

loafs or takes a vacation from the beginning of life to the end. The only rest it gets is between beats. Yet with all the work the heart has to do it does not give out suddenly unless it has been injured or ill-treated.

Under pressure of work the average person neglects his heart and unwittingly abuses it. The chief causes of heart trouble, aside from the deterioration of old age, are rheumatic fever, acute infectious diseases, chronic infections, syphilis, too abrupt return to activity after a serious illness, too strenuous exercise and overweight may be a factor.

Many of the signs which you may think mean heart trouble can be caused by some other disorder. Indigestion, lung trouble, or nervousness may cause pain near the heart, shortness of breath, fainting and irregularity of beat. If you have any of these symptoms, do not try to diagnose the condition yourself, but go to your doctor for an examination. He will be able to find out what is wrong and may tell you that your heart is sound. Have a regular periodic examination and follow your doctor's advice.

IT'S THE LAW
★ in Texas ★
A public service feature of the State Bar of Texas

HOMEOWNERS MAY BE LIABLE FOR ACCIDENTS ON PREMISES
Can a homeowner be held responsible for accidents that happen to other people while they are on his property? Lawyers say it is difficult to state a hard and fast rule about liability for such accidents because the facts differ so much from case to case. However, some conclusions can be drawn by noting how the courts have decided in specific cases which have been brought before them.

A postman delivering mail slipped on a child's roller skate one morning. He sued the homeowner for damages. The court held that the delivery of mail is for the benefit of the homeowner and that he must take care to remove any conditions on his property which would make delivery of the mail dangerous.

Then there was the case of the meter-reader who slipped and fell on the basement steps and the courts held the owner responsible because the steps were defective.

On the other hand, a guest sued her host because she slipped and fell when she stepped on some beans strewn about the owner's living room. The host's children had been playing with bean-shooters on the day she chose to visit. The court held in this case that the host was not liable for her injury.

Similar cases where social calls resulted in disaster involved a guest slipping on a small scatter rug, and another overnight guest who slipped and fell in a shower. Both cases were decided in favor of the homeowners — not the visitors.

From these cases it may be seen that the law is usually more strict about accidents befalling tradesmen and others who enter your premises in the line of duty, so to speak — postmen, laundrymen, meter-readers, delivery boys and the like — than it is in the case of those who enter your home for purely social reasons.

This does not mean that a homeowner is absolved of all responsibility for injury to his guests. If he knows a dangerous condition exists, he has a duty to correct it and can be held liable for accidents which might happen if he doesn't. For example, a rotted tree branch fell to the sidewalk, injuring a passerby. The general rule here is that the owner was responsible because he knew of the defective condition and should have remedied it.

The law is especially zealous in protecting small children. In many situations where no liability would be imposed for injury to an adult, you may be held responsible to an injured child. If you have a piece of machinery, a pond, a well or some other apparatus or condition attractive and dangerous to a child on your property, it may be your duty to take special pains to keep children away from it.

Fortunately, not everyone who falls down the front steps gets

up and rushes off to sue his host. However, a substantial body of law has grown out of this type of negligence case. This is not surprising when you realize that more fatal accidents occurred in and around the home last year than from traffic accidents on the highways.

New Organization Of Methodist Men

A new organization of Methodist Men in First Methodist Church, Santa Anna, Texas has been chartered by Methodism's General Board of Lay Activities in Chicago.

The local group will become one of 10,000 Methodist Men organizations which the Board plans to charter by 1956.

It is estimated that 2,000,000 men in the Methodist Church are prospective members of Methodist Men clubs. According to Robert G. Mayfield, executive secretary, "We seek to mobilize through Methodist Men the tremendous power and enthusiasm of the men of the church. Our purpose is to give strength to the program of Christ and His Church through consecrated service of men in every local church of Methodism."

Cullen N. Perry is president of the new organization and B. M. Galloway is the secretary. Rev. Carroll H. Thompson is pastor of the church.

Sanitary Measures Are Needed Now Says State Health Officer

Commenting on the unusually high incidence of dysentery in Texas at the present time, Dr. George W. Cox, State Health Officer, described dysentery as being an infectious disease

THE AMERICAN WAY

Not Much Left

characterized by diarrhea, pain in the abdomen, and toxemia. It is caused by a specific bacteria or germ. These germs cause inflammation of the lining of the intestinal tract which produces pain, throughout the abdomen and the discharge of many loose stools that frequently contain blood and mucous. Toxemia results from absorption of the poisonous substances produced by the germ.

"The germs gain entrance to the body through the mouth," Dr. Cox said, "and then make their way to the intestines in the same manner in which food does. When they reach the intestines they find conditions favorable to their growth, and there they establish themselves at the expense of the person infected and produce their harmful effects."

Dr. Cox warned that dysentery affects young children more often and more seriously than adults, frequently resulting fatally; however, he said, it may occur at any age. It is usually more prevalent during the summer season, and the great number of cases now being reported are unusual for spring.

"The germ is always expelled with the excreta of persons sick with dysentery and may continue to be expelled for some time after the patient recovers from the disease. These persons who still discharge the germs after they recover are called carriers, and they occur more frequently in this disease than in the majority of other infectious diseases.

"Food protection and adequate sanitary measures are more urgently needed now than ever before if we control the potential possibilities of epidemic dysentery in this State."

Thomas Jefferson was the first U. S. President to advocate the abolition of slavery.

There are about three and one-half pounds of salty material to every 100 pounds of sea water.

Mrs. S. L. Cannon was quite ill early last week. Her daughter, Mrs. J. D. Henderson came and took her to her home at Odessa last Friday to recuperate.

Patsy McIver of John Tarleton College, spent the week end at home with her parents, Mr. and Mrs. Bernice McIver. She and Roberta James were dinner guests of Nancy Jo Haynes Sunday.

Norman Hosch and family moved this week to the W. R. Kelley home.

Former Rockwood Citizen Buried At Abilene Sunday

Funeral services were held Sunday, March 30 at 4:00 p. m. at the Elliott Funeral Chapel in Abilene for Mrs. Josh B. Bryan, who died in an Abilene hospital early Saturday morning, March 29, after a brief illness. Rev. W. E. Patterson, pastor of the First Methodist Church, Abilene, officiated.

Vergie Ethel Shuford was born October 26, 1894 at Greenville, Hunt County, to Mr. and Mrs. J. Q. Shuford, both deceased. She attended school in the old Concho Peak School and on April 15, 1917 was married to Josh B. Bryan. She was a member of the Methodist Church and was known as a good neighbor and friend. They formerly lived at Rockwood.

Survivors include the husband, J. B. Bryan, Abilene; two sons, J. W. Bryan, Iraan, and D. D. Bryan, Abilene; two brothers, Dan Shuford, Glen Cove and Fred Shuford, Rockwood; one sister, Miss Lemma Shuford, Coleman; three grandchildren, Johnnie K. Bryan, 7, Iraan, Michael Jean Bryan, 6, and Ronald Danny Bryan, 4, of Abilene.

Pallbearers were: Aubrey Jones Ray Roberts, Bos McAnnelly, H. H. King, N. J. Buttry, J. C. Hunter and F. E. McCreary. Interment was in the Cedar Hill Cemetery at Abilene.

Phases Of Home Demonstration Club Work

Phases of Home Demonstration Club work will be discussed and articles written about it for the next several weeks, beginning with the first week in April. The Santa Anna Club drew the first number, with the

topic "The Essence Of Our Pledge".

There is a definite need for clearer thinking, but how can one meet that need, when there seems so little time for meditation.

The tempo of the times makes it difficult for us to evaluate properly, however, if we are to survive the confusion abroad in our land we must make and take time for constructive thinking.

There are many opportunities

for service. Some calls may come from the high places, but many come from the lowly realm.

Blessings untold come from giving unselfishly of ourselves. There seems to be more than one kind of loyalty and many are torn between them. It is the duty of each to search for the truer loyalties and finer sympathies and chart his or her course accordingly.

Health is most important. Without it efficient living cannot be attained.

Healthy individuals make better homes, better homes make better communities and our good communities make a good country.

A people pledged to clearer thinking, greater service, truer loyalties, and finer sympathies will be conscious of and obedient to their God, asking Him daily to help them to so live that the world will be better, because He made them.

Mrs. E. K. Jones, Santa Anna Club.

THANKS FOR THOSE GOOD REPORTS!
We always strive to please you most!
