"He Profits Most Who Serves Best"

VOLUME LXVII

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, MAY 2, 1952

NUMBER 18

## Thoughts

OF A COUNTRY EDITOR

BY JOHN C. GREGG

### NEW DOCTORS

If plans that seem complete at the present time go through, two doctors will begin their practice in Santa Anna beginning July 1 of this year. There is no need to go into the need for having doctors located in Santa Anna. Everyone here knows that we must have them.

From appearances, it seems that the two doctors who are coming here are well aware of the good points of Santa Anna and also they have been informed of some of the bad points. Yet, they are willing to locate here and attempt to establish a practice here.

ARE YOU, THE PEOPLE OF SANTA ANNA, WILLING FOR THEM TO ESTABLISH A PRACTICE HERE?

The above question should be given some very serious consideration by every person in Santa Anna. Since the hospital was closed when Dr. McDonald left here, it has been re-opened and closed numerous times it seems. All the doctors have given different reasons for their leaving — some of them not being very good reasons in our opinion. However, in the past one doctor has attempted the operation of the hospital and tried to take care of all the medical treatments himself, or at least without the aid of another doctor. Actually that is a big job and you might say a 24-hour a day job. Apparently they have not been able to operate in this manner.

Now we have two young doctors who are coming here. They are going to need the cooperation of every person in Santa Anna in order for them to make a go of their investment. I do not mean by this that a person should go see one of them just for the sake of going to see a doctor, but when you need to see a doctor, the local ones should be given the first consideration.

We are well aware of the fact that once a family gets established with a doctor, they do not want to be changing all the time. For this we do not blame or accuse anyone. We feel the same way.

However, in the past we have heard a lot of gossip concerning other doctors who have been here — and some of it at least — was not justifiable. It originated from sources that had had no dealings with the doctors and from some hearing parts of what might be determined "juicy gossip" and their enlarging upon the subject and passing the word on. Again let me ask the question, "Are you, the people of Santa Anna, willing for them to establish a practice here?"

What I have just said might get under a few skins in Santa Anna. But it might be good for each of us to stop right now and give a little thought to the situation. We have all heard stories and passed them along, but do we know where they came from, have we taken the trouble to investigate a little for ourselves before passing the word along. Do we know what we pass along to be the truth or is it just hearsay and a good opportunity comes along to pass it on and we do it?

Very seldom "idle gossip" hurts the person it is meant to hurt. In our case the whole town has been hurt more than once. Give a little consideration to the fact that a town can get an awful "black-eye" just from such things. Having several doctors come here and none of them staying very long does not look very favorable to another doctor or doctors coming here. This might be about the last opportunity we would have to get good doctors to even consider (Continued on Back Page)

## George Havens To Speak At Youth Revival At First Baptist Church Here

GEORGE HAVENS

Diminutive, pint-sized George Havens, known in the realm of show business as Hollywood's smallest cowboy, spent most of the past eleven years before the glamour town's cameras, falling from wild horses and driving run-a-way wagons while doubling for Hollywood's most famous kid stars is now out to rope and hog-tie the devil in his capacity as evangelist for Christ.

Havens, four foot and eleven inch Santa Anna boy, will speak at each service of the Youth Revival at the First Baptist Church Santa Anna, Friday, May 2, through Sunday, May 4. These services are under the auspices of the church. The evening services will be at 8:00 p. m.

The 31 year old miniature horse wrangler, invaded Hollywood 12 years ago and immediately found plenty of work before the cameras in various films, as a bit player, featured player, double and stunt man. Due to his size (he weighs 110 lbs. and looks like a twelve year old boy) Havens has been seen in numerous films as child actor. Along with being a Hollywood cowboy, he has been vocalist for such well known Western bands as: Pee Wee King, and his Golden West Cowboys, formerly of "Grand Old Opry" fame, and Stuart Hamblen's Lucky Stars of Hollywood. While a member of Hamblen's radio cast, Havens was asked to sing a Gospel song. "That's what started me on the Glory Road," he said with a Southern drawl. "I couldn't get that song out of my mind, I couldn't get any rest until I got saved. Since then I have been singing and playing

my guitar for the Glory of God and it's much better than being a motion picture cowboy, because it's real."

The pastor, Harry C. Wigger, invites both the young and old to come and hear George as he speaks for his Lord. He also states that there will be groups of young people from other places present.

## Lions Den

C. J. Schmid of Austin, a guest of O. L. Cheaney, was the only visitor at the Lions Club this week. Mr. Schmid, a native of Switzerland, has been in the U. S. A. for the past 25 years. He is chairman of the board of directors of the rain-increasing project now under way in the counties on the Colorado River water shed. Schmid gave a preview of what was to happen at the county wide meeting held at the Coleman High School Auditorium Tuesday night.

Thirty-nine members were present. It was voted to postpone the election of officers and directors until next Tuesday. All members are urged to be present for this very important meeting. The directors also decided to begin making plans for the annual Ladies Night program.

Lions Hardy Blue and J. L. Boggus are the program committee for next week.

Mr. and Mrs. K. G. Leffingwell of Levelland, Texas, announce the arrival of a daughter, Deborah Lanell on April 24th. The mother is the former Joyce McClintock of Santa Anna.

Mrs. Ed Jones who recently had surgery in a Brownwood hospital is getting along very well at her home, but still is not able to be out.

Mr. and Mrs. Durwood Hartsfield and Ross of San Angelo visited in the home of her mother, Mrs. W. E. Ragsdale, over the week end.

Mrs. Ben Yarborough was brought home from Brownwood Monday afternoon, where she was a hospital patient for several days. She is reported to be getting along fine.

Durwood Brandon, a pilot with the Air Force at Denver, Colorado, was a recent visitor with an uncle and aunt, Mr. and Mrs. Elton McDonald.

Mrs. Clifford Parmer, who has been afflicted since February, a bed patient in the home of her parents, Mr. and Mrs. W. P. Fletcher, is still in a cast, which she will have to wear a total of 4 months. When the cast was changed recently, the doctors were encouraged with her improvement.

## Two Doctors To Be Here July 1

Announcement was made through the Community Chamber of Commerce this week that two doctors would be here to begin operations on July 1. The doctors, both M. D.'s, are finishing their intern study at the Santa Rosa Hospital in San Antonio in June and plan to move here the last week in that month.

The doctors, Dr. William H. Lindsey and Dr. William C. Whaler, Jr., are from Arkansas and are going to start their practice here. They plan to start operations on a more or less small scale and will increase facilities in the hospital as the need arises.

## City Wide Survey Underway

A city-wide survey, to determine just what is wrong with the health and sanitation of Santa Anna, is underway this week. Plans are for the survey to be completed by the end of the week or in the first part of next week.

The survey is being made by members of the FFA and FHA Chapters of the high school. There are about 100 members of the two chapters and through the cooperation of the schools, these students are making the survey as a part of their regular school activities. School buses are being used to take the students to different sections of town and then they make the survey by a house to house canvass.

The town has been divided into four wards with adult chairmen for each ward. In the North Ward, west side of town, Jesse K. Barton is chairman; A. D. Pettit is chairman of the North Ward, East Side; Dick Bass heads the South Ward, east side; and Bill Mulroy is chairman of the South Ward West side.

A committee has been appointed to investigate the city water supply; the sewage treatment plant; and garbage collection disposal. They are also to inspect the proposed filtration plant. The committee is headed by George Johnson and O. L. Cheaney and W. B. Griffin are working with him.

In the survey a questionnaire will be filled out on each lot in Santa Anna, whether the lot is occupied or not. None of the statistics will be released on individual lots, but an overall picture of Santa Anna will be tabulated from this survey and these results will be released for public use. This survey will go a long way in determining the future clean-up and sanitation needs for the city. It is a long range program that cannot all be completed in a few short weeks.

Cooperation of all individuals is urged in this program. Unless the property owners or the families living on property in Santa Anna cooperate with the school students making the survey, it cannot be a success. There is nothing forcing your cooperation, but it is for your benefit and without your cooperation, it cannot be a success.

E. M. Neill and grandchildren, Jo Ann and Jimmy were week end visitors with his son, Edwin and family at Lubbock. Plans were made for Mr. Neill and Edwin and family to visit their daughter and sister, Mrs. Ima Uble in New York in June.

Mr. and Mrs. W. B. Stovall and Judy and Gale, visited Sunday in Brownwood with her parents, Mr. and Mrs. John Early.

Jimmie Payne from Lackland Air Force Base, San Antonio, was a week end visitor with his parents, Mr. and Mrs. W. L. Payne.

Mrs. W. C. Terry of Forney, came last week, and is visiting Mrs. El Gene Hensley and other friends and relatives.

## Eisenhower, Daniel and Fisher Are Choice Of Local Voters In Poll

### 200 Attend FFA Annual Barbecue Tuesday Night

The annual FFA chicken barbecue was attended by some 200 chapter members and visitors Tuesday night at the high school. An estimated 150 visitors were present.

The program was on the informal side with barbecued half-springer being served to get the meeting underway. During the evening awards were presented to FFA members for their achievements during the year. Mr. H. H. (Red) Weatherby presented the chapter with a pair of electric clippers for the Burriss Mills of Ft. Worth. A number of musical numbers were enjoyed, furnished by high school boys and girls. A 2-act comedy was presented by members of the chapter.

This was the first year that mothers of the FFA boys had attended the affair. All seemed to enjoy the program very much.

A number of out-of-town guests were present.

### Grass Judging Contest On Lester Newman Farm

An educational contest will be held on the Lester Newman farm north of Santa Anna Thursday, May 8, beginning at 2:00 p. m. The program is designed as a substitute for the Grass Identification Contest held in past years. It is sponsored by the Coleman Board of Community Development.

All FFA and 4-H Club members of Coleman County will participate in the Grass Judging Contest and adults, both men and women, are invited to participate. Although no awards will be given this year, score cards will be handed out and each person will mark his own score. Some 20 kinds of grasses will be observed and graded according to season and grazing value.

Mr. and Mrs. J. J. Gregg left last Thursday morning for San Antonio where they visited with their son and family, Mr. and Mrs. Burton Gregg until Monday and then went to Bishop to visit their daughter and family, Mr. and Mrs. J. B. Jones. They did not make any definite plans as to when they would return.

Mrs. J. Tom Newman fell at her home Tuesday morning and it was at first feared she had fractured a hip. She was taken to a Brownwood hospital where examination revealed strained ligaments. The fall occurred as she was making up her bed. The many friends of Mrs. Newman, who once suffered a broken hip, wish for her a speedy recovery.

Mrs. Roy Stockard and Leroy and Mrs. C. A. Kilmer were Abilene visitors Tuesday. The Stockards with the Morris McFaddens and Mrs. Kilmer with her granddaughter, Mrs. George Thomas. She plans to get off for California this week to visit her daughters, Mrs. Bertha Spence and Mrs. Robert Flores.

Mrs. C. D. Bruce and Mrs. J. R. Banister went to Talpa Wednesday afternoon, where as guest speaker at a meeting of the Talpa Study Club. Mrs. Bruce spoke on "Things to Remember and Things to Forget." She also installed the recently elected officers.

Mr. and Mrs. B. A. Parker and Cynthia were Dallas visitors last Friday.

General of the Army, Dwight D. Eisenhower is the choice of the greatest number of voters who took part in the "straw vote" poll taken by the Santa Anna News. Eisenhower took an early lead and continued to hold it throughout the voting period. He polled a total of 41 votes out of 88 votes cast. Next in line was Senator Robert A. Taft, who polled 18 votes. The leading Democrat was Estes KeFauver with a total of 13 votes.

Other presidential hopefuls received the following number: Russell 6; MacArthur 3; Stevenson 2; and Barkley, McMahon, Kerr, Stasson and W. Lee O'Daniel one each.

Price Daniel polled the largest majority of any name on the ticket. In the race for United States Senator Daniel polled 79 of the 88 votes cast. Tom Connally polled only 8 votes, but he dropped out of the race before our poll ended. At the present it looks as though Mr. Daniel might have a clear shot at the office, as no major opponent has announced his intentions to run against him.

Congressman O. C. Fisher, seeking re-election, carried a big majority over his only announced opponent Ira Galloway. Fisher polled a total of 69 votes to 19 for Galloway of Coleman.

We consider the total vote cast (88) a fair vote for this area in a "straw vote". Although there was not as many as we had hoped for, we are happy that as many as did cast their votes for the party they think is the right men for the jobs. It is possible that if the Democrats had had a major candidate in the offing at the time, more votes would have been cast. Most Democrats seem to be waiting to see what develops in their party before they decide just what they are going to do.

## PTA To Sponsor Picture At Local Theatre

The Santa Anna Parent-Teachers Association is sponsoring the picture "Room For One More" at the Queen Theatre Tuesday, May 6, with an afternoon performance at 2:00 p. m. and the evening show at 7:00 p. m. Acclaimed by some of the leading magazines of the nation as one of the top favorites in movie entertainment, the picture stars Betty Drake and Cary Grant.

Proceeds derived from this picture will be used by the PTA to purchase additional equipment for use in the new Elementary School building, proposed to get underway in the near future.

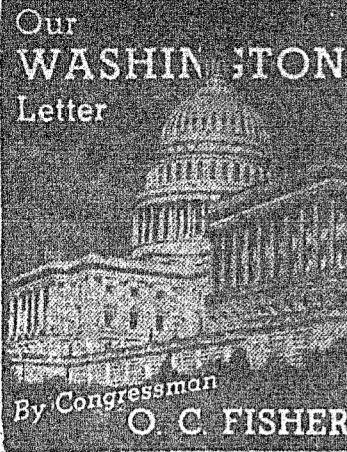

Regular admission prices will be charged and everyone is urged to see this picture.

Mr. and Mrs. W. M. Morgan returned home Sunday night, from a visit with relatives in Oklahoma. The visits included Mr. Morgan's mother and two sisters in Mangum; two brothers of Mrs. Morgan at Sayre; an uncle at Erick; and an aunt at Altus. Their son and daughter-in-law, Mr. and Mrs. E. B. Morgan and Wayne of Borger, Texas, visited with them Saturday night at Sayre.

Visitors with Mrs. R. S. Stearns and Mrs. Gifford Sunday were: Mrs. Odell Stearns; Mr. and Mrs. Elmer Sealy and Linda of Brownwood; and several of her children.

Nancy Jo Haynes spent Friday and Saturday nights with Evelyn Oakes.

Mrs. Ernest England is home from Coleman, where she was a hospital patient for several days and is able to be out again.

**THE SEIZURE OF THE STEEL** mills continued to be top news on Capitol Hill last week. The House got its first chance to speak on the subject when by a vote of 255-to-88 it adopted a resolution calling for an investigation of the Wage Stabilization Board. I voted for the investigation. The findings should be very revealing. There is a lot of evidence that will show the majority of the so-called "public" members of the WSB

were previously on the payrolls of the Big Unions. George Taylor, former chairman of the public members on the board, recently resigned to take a \$20,000 a year job with the CIO.

In another action last week, the House passed a new immigration law, mainly to recodify all the hodge-podge of immigration laws that have been put on the books during the past 30 years. The new law retains our present basic quota systems, and does not liberalize the total number who can enter from year to year. That number totals 154,000 per annum, with most of it allotted to Great Britain and Northern Ireland whose quota continues to be 65,000. Ireland gets 17,700; Germany 25,800. These quotas are based upon the percentage of "national origin" in this country as of 1920.

This same bill also dealt with the exclusion of undesirable aliens, broadening and tightening the laws in that respect, and improved existing statutes with respect to deporting aliens here and screening out security risks and subversives. I voted for this bill.

Before long the Congress will tackle the job of deciding whether to continue OPS for another year. The present law expires at the end of June. Actually, most of the items purchased in the stores now are below the OPS ceilings. Yet the vast army of OPS employes and enforcement officers is continued with a continuing demand for the addition of more and more federal employes.

OPS methods of grading lamb meat at the packing houses has cost the growers large amounts in many instances. This has to do with the decision of whether a lamb is a lamb or has advanced to the status of mutton. The consumers naturally prefer "lamb", yet because of a technical method of deciding, OPS has forced many butcher shops to label meat "mutton" which traditionally is sold as "lamb", and the growers are thus unfairly penalized.

Another example of how unnecessary ceilings on pork is costing consumers vast sums is the report from Chicago, the meat capitol of America. There last week pork was selling at from 15% to 25% below ceiling, and yet one packer alone (Armour & Co.) is paying as much as \$200,000 per month in overtime to 300 fulltime employees simply to keep the records and reports required by OPS. When you multiply this by the num-

ber of people all over the country who must incur extra expenses to keep OPS records where selling prices are below ceiling prices, you get some idea of the load the American people are carrying in keeping OPS in business.

Wool is another example. With the present ceiling about twice as much as wool is selling for, and with a government loan at 90% of parity going into effect, OPS continues a large force to keep records on wool sales and prices!

All of this simply results in higher, not lower, living costs. The people pay the cost of keeping OPS going, the high salaries, magazine advertisements, bill boards, radiocasts, etc. This adds up to \$69,000,000 a year, and the people pay the bill in taxes. A year ago I voted against continuing OPS and the WSB cost-raising procedure, which has actually added to rather than reduced costs. The fact that throughout the year most prices have been under ceilings, with prices of many basic items being on the decline, indicates that OPS has not justified the vast expense that it cost the taxpayers.

**Whom News**  
Mrs. Tom Rutherford

Rev. Gentry preached at the Baptist Church here Sunday and he and Mrs. Gentry were dinner guests of Mr. and Mrs. Arthur Switzer and family.

John Richard Deal and Vonnie Adkins were band members from our community to accompany the Santa Anna Band to Abilene Saturday where they engaged in entertaining throughout the day.

Mr. and Mrs. Riley McFarlin, Mr. and Mrs. Tom Rutherford and children, and Mrs. Forest Deal and son were guests in the home of Mr. and Mrs. Dick Deal Friday night.

Sunday guests in the home of Mr. and Mrs. Arthur Switzer were: Rev. and Mrs. Gentry, Mr. and Mrs. Oscar Lovelady, Mr. and Mrs. John Klines and Mr. and Mrs. J. D. Klines and daughter. The Klines are from Santa Anna.

Mrs. Bert Turney returned home last week after visiting her daughter and family in Dallas. She was accompanied by a little grandson for an indefinite visit.

Sorry to report Mrs. Charles Bengtson still a patient in the Coleman hospital. Trusting her condition isn't so very serious.

Earl Wright Gill of Brownwood spent the week end with his parents, Mr. and Mrs. Warren Gill.

Mr. and Mrs. C. W. Stephenson of Abilene briefly visited her parents, Mr. and Mrs. Buster Wallace Sunday afternoon. They were accompanied by an uncle of C. W.'s.

Lynda Sue Rutherford visited Thursday with Linda Lee Abernathy.

Mr. Jim Carter has been off the school bus route for several

days due to illness. His condition is somewhat improved today. (Monday)

Pete Cooper of Rockwood visited his aunt and uncle Mr. and Mrs. George Rutherford Thursday afternoon.

Mr. and Mrs. Henry Smith received a telegram from their daughter, Pfc. and Mrs. Don Gray Friday stating they had arrived in Ocean Side California where Don will be stationed for a while.

Mr. and Mrs. Dick Deal received word from officials last week their son Rolan had been promoted to Cpl. They hear from Rolan regularly. He is in active duty in Korea.

Mr. and Mrs. Earl Gill of Brownwood were looking over ranch activities here Monday, and enjoying the effects of the recent good rains on the pasture range.

Mr. and Mrs. Jack Black of Brownwood spent Sunday with her parents, Mr. and Mrs. Jim Carter. Other guests were, Mr. and Mrs. George Rutherford, and Mrs. Wagie Montgomery and son.

Mrs. Elvis Cozart and children of College Station are visiting his parents, Mr. and Mrs. Etoile

Cozart. Mr. and Mrs. Bean Radle went to Mason Friday and moved Mr. and Mrs. Granville Hext to their new home recently leased near

Couldbusk. Mrs. M. A. Pritchard is visiting with the J. V. Gilberts, in San Angelo.

MEMBER COMMUNITY CHAMBER OF COMMERCE

# Oil Activities IN COLEMAN COUNTY

W. J. Weaver, Trustee, Fort Worth, has taken over operation of the No. 1 J. L. Ray, wildcat one and one-half miles southeast of Talpa. Application to drill was originally filled in the name of Dave L. Lawson.

Location has been amended for the project. It is to be 800 feet from the north and 570 feet from the east lines of E. Baggs Survey. Proposed depth is 3,500 feet with rotary.

Richard King, Jr. No. 1 J. C. King, Section 3, T&NO Survey, two miles south of Glen Cove, has been completed for a daily gauge of 85.2 barrels of 43 gravity oil, flowing through 31-64 choke with 500 pounds on casing and 250 pounds on tubing from 33 perforations at 3,484-92 feet. Total depth was 3,585 feet, with casing set at that depth. Gas-oil ratio was 1,000-1.

Andrew M. Howsley, Albany, will drill two projects in the Glen Cove Jennings South Field two miles southwest of Glen Cove. No. 2 Helen Beavers will be 933 feet from the south and 330 feet from the east lines of Section 23, BS&F Survey.

No. 3 Beavers will be 2,073 feet from the south and 330 feet from the east lines of the section. Both are scheduled for 3,990 feet with rotary.

The Bay Petroleum Corp. No. 11 T. J. Hudson is to be a Dunman Field project eight miles northeast of Novice, 1,260 feet from the north and 1,057 feet from the west lines of D. F. Rodden Survey 36. It is projected to 3,700 feet with rotary.

M. O. Rife, Jr., et al, Fort Worth, is to drill No. 1 Camille Durrenberger as a Breneke Sand project three miles northwest of Santa Anna, 3,096 feet from the north and 330 feet from the west lines of Sprague Survey 664. Slat depth is 2,350 feet with rotary.

O. F. Darling & H. G. Arnold, Abilene, are to re-enter and deepen No. 1 W. C. Henderson Estate, wildcat three and one-half miles north of Echo.

Location is 330 feet from the north and west lines of J. H. Harris Survey 80. It was plugged at 2,736 feet in March. New proposed depth is 3,990 feet with rotary.

rotary.

C. Woolf & N. H. Wheless Oil Co. No. 3 E. G. Simpson, Section 10, T&NO Survey, one-half mile northwest of Glen Cove, has been completed for a daily potential of 138.72 barrels of 43 gravity oil in 24 hours.

The well flowed through 1/4 choke with packer on casing and 280 pounds on tubing from 40 perforations at 3,403-07 feet. Total depth was 3,477 feet, with casing set at 3,441 feet. Gas-oil ratio was 750-1.

New locations in the Glen Cove area are:

Andrew M. Howsley, Albany, No. 4 Helen Beavers, two miles southwest of Glen Cove, 1,160 feet from the south and 1,050 feet from the east lines of Section 23, BS&F Survey.

Same operator No. 5 Beavers, 1,150 feet from the east and 2,350 feet from the south lines of same survey. Both are scheduled for 3,990 feet with rotary.

Luling Oil and Gas Co. No. 1-B Whittington, one mile south of Glen Cove, 330 feet from the north and west lines of the northeast quarter of Section 12, T&NO Survey. It is projected to 4,000 feet with rotary.

E. B. Fletcher, Dallas, has plugged and abandoned No. 1 J. T. West, Coleman County, Subdivision 15, J. B. Beal Survey 301. The wildcat was located two and one-half miles southeast of Talpa. Total depth was 3,422 feet.

The same operator's No. 3 J. M. Futrell, Section 4, T&NO Survey, Glen Cove Jennings Field project one-half mile northeast of Glen Cove, has been abandoned at 3,360 feet.

Horace Whit No. 3 J. J. Schneider, Section 5, T&NO Survey, one mile northeast of Glen Cove, was completed for a daily flow of 134 barrels of 40 gravity oil through 12-64 choke with 400 pounds on casing and 120 pounds on tubing from 48 perforations at 3,329-37 feet. Total depth was 3,605 feet and casing was set at 3,370. GOR was 300-1.

### Protestant Hour To Feature Special Methodist Program

From San Francisco, California, and the 1952 session of the General Conference of the Methodist Church will come the radio network broadcast of the Protestant Hour for Sunday Morning, May 4th. This special program will present a message to Methodism from the new president of the Council of Bishops, Bishop Fred Pierce Corson of Philadelphia, and excerpts from the Episcopal Address by Bishop Paul Bentley Kern of Nashville, Tennessee.

BISHOP FRED P. CORSON

Music and worship for this "on the spot" presentation of Methodism's lawmaking gathering will be from the session of the conference itself. Thus a feeling of being at the General Conference will be given to the million of listeners on the 180 station network of the Protestant Hour.

Bishop Paul B. Kern, who will be heard in the sermon of the morning wrote the Episcopal Address to the church and read this message on the "general state of the church" to the opening session of the Conference. Bishop Kern was president of the Council of Bishops in 1948

and also spoke on this same network radio program from Boston's General Conference in that year.

Bishop Corson assumed the presidency of the Council of Bishops at the opening of the General Conference in San Francisco and on this radio program will speak of his hopes for Methodism in the next few years.

Because of the many legal, social and spiritual problems before The Methodist Church, this San Francisco Conference will be most important in the life of the church. This network radio program will help interpret many of the plans of the church and will give an understanding of scope of responsibility now faced by the more than 9,000,000 Methodists in America.

The Methodist Series of the Protestant Hour and this special program may be heard over station WFAA at 7:30 a. m. o'clock.

Mr. and Mrs. Jack Kingsbery of Batesville visited over the week end with her parents, Mr. and Mrs. C. D. Bruce, and left on Monday to visit with friends at College Station.

Mrs. Bruce Snodgrass was brought home Monday afternoon from the hospital in Coleman, where she had undergone surgery a week previous.

**LEGAL NOTICES**

**NOTICE TO BIDDERS**

Sealed proposals addressed to C. E. Flint, Mayor, City of Santa Anna, Texas, will be received at the office of the City Secretary, City Hall, Santa Anna, Texas, until 2: p. m., May 19, 1952, for furnishing all necessary materials, machinery, equipment, superintendence, and labor for constructing certain Water filtration plant, appertanances, and conversions for the City of Santa Anna, Owner, of Santa Anna, Texas.

Bidders must submit Cashier's or Certified Check issued by a Bank satisfactory to the Owner, or a Bidders Bond from a reliable Surety Company, payable without recourse to the order of City of Santa Anna in an amount not less than five (5%) percent of the largest possible bid submitted as a guaranty that Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The successful Bidder must furnish performance bond on the attached form in the amount of 100 percent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the OWNER.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "Unbalanced") unit prices will authorize the OWNER to reject any bid.

Bidders shall inspect the site of the work and inform themselves regarding all local conditions.

Instructions to Bidders, proposal forms, specifications, and plans will be on file at the office of the Leach Engineers, of Coleman, Texas, on or after May 5, 1952.

Copies may be secured from the Engineers upon deposit of \$25.00 which deposit will be returned to the CONTRACTOR on submission of a bona fide bid on the work, with such Plans and Specifications, or otherwise the deposit shall be forfeited.

City of Santa Anna, Texas

Mayor Pro-tem

**Importance of Social Security Number**

June graduates of high schools, vocational schools, and colleges are urged to apply for their social security account-number cards before they graduate. Also, students who are not graduating this June but who expect to work during their summer vacations should obtain their cards before classes end. Seasonal workers, who expect to be employed for the first time on jobs covered by social security, should likewise apply early. Many prospective employers will not hire a person unless he has his social security account-number card with him, and many a good job has been lost this way.

Ralph T. Fisher, manager of the Abilene social security office, says that the importance of the account number lies in the fact that wages can be credited only through the use of the account number. Since the money recorded in a person's social security account is used to figure benefits, the more money credited in the account the higher the benefits. Thus, if for any reason wages are reported without an account number or with an incorrect number, then these wages may not be credited to the account. Not only may future benefits be smaller because of this, but in some cases no bene-

fit may be payable at all. The advise of the social security is: "Remember that your social security account-number card is the key to all future benefits for you and your family. Protect it, keep it with you at all times, show it to your employer when necessary, and above all, get in touch with the social security office if you need help."

**Air Reservists To Meet In Abilene**

HQ, 3rd Air Reserve District, Austin, — An estimated 1300 air reservists of 26 counties will meet an Air Force classification team in Abilene to "talk over their current status", in a survey of reservists scheduled to begin May 5.

The personal interviews are part of a two-state inventory of air reservists in Texas and New Mexico. It is not connected with recall to active duty but is geared toward recording current and correct information in Air Force records.

A team working out of 3d Air Reserve District headquarters in Austin will arrive about May 1 to set up a survey center in Abilene on the campus of McMurray college. Interviews will be conducted Mondays, through Fridays from 8:30 a. m. to 5 p. m. and on Saturdays from 8:30 a. m. to noon.

Reservists of 26 counties in the Abilene area will receive appointment cards asking them to report for a personal interview. Officials at 3d Air Reserve District pointed out that the interviews will afford reservists an opportunity to learn their current status in the reserve. At the same time, the Air Force may record accurate and current information on each reservist.

"In too many cases, Air Force records do not reflect accurately the current status of reservists as to dependents, physical condition, education and occupation," said Col. Edgar E. Glenn, district commander.

Each interview will last about one hour. Reservists will talk with legal and medical as well as classification officers.

J. B. Scott who has been quite sick at his home is now able to be up and around.

**Not Too Late To Help In Easter Seal Drive**

"Although Easter has come and gone it isn't too late to send a contribution to help crippled children", Martin M. Ricker, Executive Director of the Texas Society for Crippled Children, stated. The Texas Society sponsors the annual Easter Seal Campaign, mailing thousands of sheets of colorful seals to homes throughout the state.

but we are confident the public will support our program this year as they have for the past nineteen years", he said.

The Society, through its county affiliates, sponsors nineteen treatment centers where children afflicted with all types of crippling diseases may receive physical, occupational and speech therapy free of charge.

Contributions may be sent to "Crippled Children, care of your local post office".

The returns to date have been a little slow in coming in

### Trickham Home Dem. Met With Mrs. Oscar Boenicke

The Trickham Home Demonstration Club met in the home of Mrs. Oscar Boenicke last Wednesday afternoon.

Mrs. Boenicke led the singing, Mrs. Buck Mitchell the pledge and prayer was led by Mrs. Harry Wilson. Reading of the minutes was by the club secretary, Mrs. Delbern Rice.

Mrs. A. H. Dean gave a council report and the THDA report. Program leaders were Mrs. Lige Lancaster and Mrs. Oscar Boenicke. They gave a demonstration on hot rolls.

Refreshments of cake and ice cream was served to seven members, one guest and one child.

The next meeting will be May 14th, at 2:00 p. m. at the club room. Subject: Mother's Day and Bible. Program Leader, Mrs. Buck Mitchell.

### Tea Honors Recent Bride

Mrs. Billy Joe Robnett, the former Miss Paula Holt, was honored with a gift tea at the home of Mrs. Sam Collier last week.

Co-hostesses were Mrs. J. W. McClellan, Mrs. T. J. McCaughan, Mrs. Norman Hosch, Mrs. Mark Davis and Mrs. Jack Woodward.

Mrs. A. R. Brown greeted guests at the door. The hall and livingroom had arrangements of giant red amaryllis and of pansies in crystal bowls. In the receiving line were the hostess, the honoree, her mother, Mrs. Walter Holt, Mrs. Dallas Robnett, mother of the groom, and Mrs. M. C. Bull, grandmother of the bride. Mrs. Davis registered the names of guests in the white satin bride's book.

The tea table was laid with a beige lace cloth and had a reflector holding an arrangement of larkspur in shades of pink and rose, and pink candles in white holders flanked the arrangement. Miss Sandra Shields and Miss Frances McClellan served the punch and cookies. All appointments were of crystal.

Gifts were displayed by Mrs. McCaughan and Mrs. Woodward and Mrs. Hosch assisted in the livingroom.

About 85 guests were registered and 50 others sent gifts.

Mrs. Bernice Scott, who has been in Ft. Worth taking treatments for several months, was here from Wednesday of last week until Tuesday when she returned to Ft. Worth for further treatment.

Mr. and Mrs. Paul Verner of San Angelo were Sunday visitors with her parents, Mr. and Mrs. W. V. Priddy.

### Blue Bonnet Club Has Regular Meeting

April 28-May 3 is National Home Demonstration week and the Blue Bonnet Club made plans at their Thursday meeting in the home of Miss Thelma Casey for an exhibit to be shown May 1 at the Buffalo Community party. There will be progressive 42 and refreshments for sale. Proceeds will go for playground equipment for the school.

The meeting was called to order by Mrs. S. D. Wilson. She welcomed one visitor, Mrs. F. G. Gaines of Coleman. During the business session the club also planned to paint the mail boxes on this part of Route 2 of Santa Anna, and make some small road signs and put them at strategic corners.

The program for the day was a demonstration of hot rolls given by Miss Thelma Casey and assisted by Mrs. J. D. Williamson. Miss Casey had rolls ready to put in the oven which were baked as she demonstrated the mixing of the bread. After which she took a batch of dough from the refrigerator and demonstrated the preparation of a number of rolls which included parker house, flakes, twin rolls, clover leaf, rosetts, butter horn, braid twist and petal. When the hot rolls were brought from the oven the members ate them with butter and jelly and voted the rolls perfect.

Punch and cookies were served to Mrs. J. D. Williamson, E. D. Bouchillon, S. D. Wilson, C. R. Lowe, F. G. Gaines, J. C. Lauder, W. W. Wilson, Erwin Casey E. O. Ride and Miss Casey. The next meeting will be on May the 8th at 2 o'clock in the home of Mrs. C. R. Lowe. There will be a Mother's Day program. Visitors are welcomed.

### McClellan - Walters

Mr. and Mrs. J. T. Oakes announced the marriage of their daughter, Era McClellan to A. Norman Walters of Washington, D. C., son of Mrs. Mildred L. Bradway of Springfield, Mass., in the Lincoln Chapel, New York Avenue Presbyterian Church, on April 26 at 3:00 p. m. Rev. James D. Bryden, Associate Minister officiated at the single ring ceremony. The bride was given in marriage by Dr. Urban J. Dowling. The bride was attired in golden beige antique taffeta suit with wheat accessories and wore a corsage of talsman roses. The bride's only attendant, Miss Gaye Turner, wore a dubonnet taffeta suit and corsage of gladioli and talsman roses. Ronald Thompson, Professor of history, George Washington University, served as best man, and Richard Cooper as usher. Mr. Walters is a graduate of Bliss Electrical School, Washington, D. C., and is employed by the Potomac Electric Company. Mrs. Walters is employed by the Atomic Energy Commission. After a short wedding trip they will be at home at 5420 Connecticut Avenue, Washington, D. C.

Out of town guests for the wedding included Mr. and Mrs. W. T. Russell of Baltimore, Maryland. The latter will be remembered as Selma Radle of Santa Anna, a classmate of the bride when they attended S. A. H. S.; Miss Helen Cook of Charlotte, N. C.; Gaye Turner of Santa Anna; Mrs. Bradway and

SCRIPTURE: Exodus 20:7; Matthew 5:33-37; 23:16-22; Mark 7:5-8; Luke 6:40; 11:1-4.  
DEVOTIONAL READING: Isaiah 1:10-18.

**Profane Living**

Lesson for May 4, 1952

NO ONE has ever claimed that profane language is good language, not even the people who use it. But there is something worse than profane language: a profane life.

We are told in the New Testament that Esau was a profane man, but in all that the Bible tells of him we never hear him uttering a single bad word. The Third Commandment is: Thou shalt not take the name of the Lord thy God in vain. (In some numberings it is the second commandment, but it's not the number that is most important, it is what is in it that counts. Most people think that all that means is that we should not take lightly the name of God. Indeed we should not; it is surely a sin to treat the Almighty God with less respect than you would treat your own parents. But irreverent language is only a symptom; the disease is the irreverent life.

Dr. Foreman

**God's Name Should Mean Something**

LOOK at that Commandment a little more closely. What does "in vain" mean?

In the Old Testament the same word is often used to mean useless, uselessly, or to no purpose. (See, for example, Psalm 60:11; 89:47; 108:12; Jeremiah 4:30; 46:11.)

What the Third Commandment means, then, most of all, is this: Do not take the name of God and make a lie out of it. Do not take the name of God to no purpose.

**If This Is Your Father's World—**

LET'S ASSUME you are a Christian. If so, you have already taken God's name, when you were being baptized into "the Name of the Father and the Son and the Holy Ghost." You have taken upon yourself the great Triune Name of the living God, you are one of his name-bearers, you have acknowledged your place in his family.

Now then, look on the world around you, the stars above you, the atoms below and in you, all that lives and moves and is . . . Do you sing, "This is my Father's world?"

MY Father's world—do you mean that? You ought to mean it. If you do, you will always treat that world with respect; you will not, for instance, waste its resources. If you own land you will treat that land as if it were your Father's—which it is. If you own animals you will remember that the same Lord who made you made them, and you will not be cruel.

**You Have a Birthright**

ESAU is called a profane man, and in the same sentence it is said that he despised his birthright. Profane living means not living up to the plans God has for you, it means living below your true self.

The man who lets the image of God in him get all smeared over with sin and self-indulgence, the man who prefers the society of God's enemies to that of his friends, the man who in spite of his baptism lives as if he had never been baptized, the man who never reminds any one of God even though in some card-index he is listed as a "church member," the man who though he is God's name-bearer is a God-forgetter, living as if the devil were his father and not God,—this is the profane man.

If such a man uses profanity of speech, and he probably will, his language is only the bubbles on the top of a very sour life. You the Christian have a birthright as a child of God; do you live up to it?

**Whose Plans?**

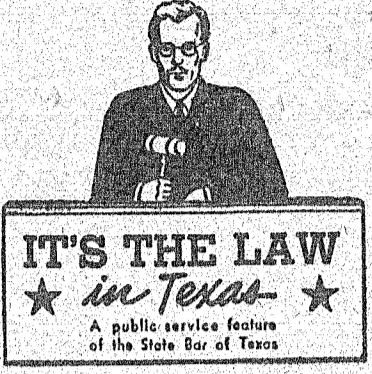

If you are a name-bearer of God, then if you live up to that name the least you can do is to take God into your plans, or rather to fit yourself into his plans.

If, for instance, you are going to be married you will not leave God out. You will want to

be married in a Christian way, and take the Christian vows. The word "God" used hurriedly in a merely legal ceremony is taken lightly and vainly enough.

But even more profane is the married life which began in a church at an altar, with the most solemn vows; but ends in loveless neglect or in cruel bitterness. Don't leave God out!

(Copyright 1951 by the Division of Christian Education, National Council of the Churches of Christ of the United States of America. Released by WNU Features.)

Texas are generally aware that we have what is known as the "community property" system in this state, but many do not understand the significance and implications of this fact.

Most of the property acquired by a husband and wife, or either of them, during their marriage belongs to them jointly and is referred to as "community property." In fact, the law presumes that all property acquired during the marriage is community property unless the contrary is clearly proved.

Not included in this category is property owned by either of them after marriage by gift or inheritance. Such items are regarded rather as the separate property of the individual spouse.

May the husband and wife divide their community property so that each will thereafter own one-half of it as his or her own separate property? Until the passage of a recent constitutional amendment, such action was not permitted by our laws. Now, existing community property may be so divided under certain circumstances. However, an agreement by the husband and wife that future earnings or income will be separate property is invalid.

In contrast, it has always been possible to convert separate property into community property. This is usually done unintentionally when separate property is sold or exchanged, and the parties fail to indicate clearly that the purchase money or the new property is to be the separate property of the husband or wife.

Very often the money received from a sale of separate property is deposited in the joint bank account of the husband and wife, mixing or "co-mingling" such separate funds with the community funds. This ordinarily results in the entire amount becoming community property through the inability of husband or wife to trace the separate funds at a later date.

**THE PUBLIC WAREHOUSE**

The public warehouse is like the pearl in the pig's mouth — most of us are not conscious of its value in our farm economy.

Our farmers would be economic slaves to the buyers if they had to sell at harvest time on a glutted market. Or they would lose millions of dollars in a single crop year from "country damage" if they had to hold back their products by using the open yard as a storage place.

Instead, they can store their products in a public warehouse and release them into consumer channels at a fair price as they are needed under the law of supply and demand. In the meantime, they borrow money from the bank to pay their merchants and finance their farm program. Negotiable warehouse receipts are collateral.

The warehouse means the difference between profit and no profit for the farmer. If it were not for that simply constructed, barn-like structure, the farmer would have to sell at a loss, the bank could not make many of its loans, the merchant could not be paid, and the economy of the entire community would be affected.

The warehouse, therefore, is the key to the orderly and profitable marketing of our agricultural products.

There are about 3,300 warehouse units in Texas. Ninety-nine percent of the State's 1,300

warehousemen are reliable business men worthy of the public trust they hold and of the vital role they play in our economy. But there is the one percent of unscrupulous operators who can cause the kind of scandals we had this year when a few warehousemen converted millions of dollars worth of stored grain to their own use.

A set of antiquated laws charge the Texas Department of Agriculture with inspecting and licensing the warehouses of the state for the protection of depositors. The laws have no teeth. Only two inspectors can be employed to cover the entire state. They cannot make more than superficial inspections. The amount of the bond required for a so-called "bonded warehouse" would not cover a fraction of the commodities stored in it. There are no adequate provisions for enforcement of regulations, and no penalties for violations — such as illegal removal of grain or other commodities from storage.

The farmers do not have effective protection for the products they store in our public warehouses.

Texas needs a new warehouse law.

any direct influence — with their individual votes — upon the election of the President and Vice President of the United States.

They have voted in primary elections, and a few of them in general elections. But they voted for Presidential Electors — not the candidates themselves. Those candidates — the party nominees — had been selected three or four months before the general election itself.

And, even then, they had not been selected by ballots of individual voters, cast in an election. Their nominations originated way back there in May at party precinct conventions.

Here is how it works: The precinct convention names delegates to the party's county convention.

The county convention selects delegates to the state convention.

The state convention selects delegates to the national convention.

The national convention nominates the presidential and vice-presidential candidates of the party.

It is, therefore, necessary that the individual voter take part in the precinct convention to most effectively make his own vote count in election of the President and Vice President.

Because such relatively few voters usually attend Precinct conventions, the vast majority have had little moral right to complain about any administration's policies.

Here are some questions and answers to point up fundamental facts about the Presidential Precinct Convention:

**Q. When will it be held?**  
 A. On Saturday, May 3.

**Q. At what hour?**  
 A. The law requires that it be held between 10 a. m. and 8 p. m. Outside the largest cities, it usually is opened at 2 p. m. The County Chairman of the party is required by law to file a list of times and places with the County Clerk at least ten days before the convention day. This list must be posted on the Court House bulletin board.

**Q. Who can take part in the Precinct Convention?**  
 A. All qualified voters who live within the voting precinct.

**Q. Must each person show proof of his right to vote in the Precinct Convention?**  
 A. Yes. He must bring with him to the convention, his poll tax receipt or his Exemption Certificate.

It is in the Precinct Convention that the party's national platform has its origin. It is there, also, that the ultimate strategy of the state's delegation to the national party convention has its beginnings.

Mainly because Texas is a one party state, few voters have in the past bothered to attend the

Precinct Convention. The result has been that the party platforms have been formed, in most cases, by a small minority of party members, insofar as Texas is concerned.

If one is to function effectively in the Precinct Convention, he needs to know something about how such a convention should be conducted.

The Precinct Chairman elected in the party primary last July is charged with the duty of calling the Precinct Convention to order. He is to preside until the Permanent Chairman is elected.

If the Precinct Chairman does not arrive in time to open the convention at the duly designated moment, any qualified voter living in the precinct may be selected to serve as Temporary Chairman and preside until the Permanent Chairman is named.

If one wishes to have an active part in getting his Precinct Convention to follow his political views in its selections and decisions, he should do some preliminary work — a few days before the convention.

This can best be done by arranging a preliminary caucus among friends and neighbors.

Each Precinct is entitled to one delegate in the county convention for every 25 votes cast for governor in the precinct in the last general election.

It is the Resolutions Committee report that will contain such items as whether the precinct's delegates shall vote as a unit in the county convention, and whether the precinct shall favor having the Texas delegation instructed or uninstructed in the National Convention. That is, whether the precinct would rather have Texas' national delegation pledged to support one man only as presidential candidate, or whether it would have the delegation free to take advantage of on-the-spot developments in the national convention.

**PMA Committee  
Has Castor  
Bean Seed Supply**

On November 14, 1951, the Secretary of Agriculture, at the request of the Munitions Board, authorized a program for the domestic production and procurement of castor beans in 1952. The program was authorized to increase the supply of castor oil for use in the national defense program. The 1952 program is similar to the 1951 program and is made possible by a commitment of funds under the defense production act of 1950, as amended.

The 1952 program will be carried out by Commodity Credit Corporation and will be made available to the farmers by contracts entered into with the county PMA Committee.

In 1951 in Coleman County there were 69 farmers who planted Castor Beans. These 69 producers planted about 1000 acres. There was very little production due to the drought. The County Committee now has castor bean seed which may be purchased by any farmer in Coleman County who wished to plant castor beans. These seed will cost 15c a pound and must be paid for at the time that they are secured.

The farmer must also sign a contract which guarantees him a price of 10c per pound clean seed basis on all his castor bean production this year. All castor beans must be delivered to a hulling center in Brownwood. It will cost the producer approximately 1/2c per pound clean seed basis to get the castor beans hulled. Experiments in the production of castor beans show castor beans will produce better on sandy soil.

The County Committee would like for each producer who has any soil mixed with sand to try castor beans. The planting, cultivation, and harvesting is a simple matter. Castor beans will produce on an average from 400 to 800 pounds per acre according to the fertility of the soil and the rainfall received.

It has been proven that Coleman County's normal rainfall is sufficient to produce a good crop of castor beans. Farmers who are interested in the program are requested to call at the PMA Office and discuss the program and sign the contract and secure the seed since there are limited number of seed available for planting.

**Lake Brownwood  
Regatta To Be  
Staged May 18**

Brownwood - A full day of thrills and entertainment is promised by the Brownwood Junior Chamber of Commerce for the 18th annual Lake Brownwood Regatta and Jamboree at Lake Brownwood, Sunday, May 18.

The highlight of the day's program will be the boat races at 2 p. m. featuring the Southwest's leading boat racers. The annual Jaycee-sponsored event always attracts the top-point racers of the Southwest.

Other events on the day's program will be the model plane contests at 9 a. m., old fiddlers' contests at 10 a. m., and the Regatta Queen contest at 4:30 p. m. Entries in any of these contests

are welcomed from all counties of this section.

Numerous merchandise prizes will be offered in the model plane contests. Eight trophies will be awarded in the fiddlers' contests, and \$150 in cash will be given in the Regatta Queen contest.

Complete information regarding any of these contests can be obtained by writing Lake Brownwood Regatta, P. O. Box 496, Brownwood, Texas.

**Darwin Schrader On  
Light Aircraft Carrier**

Serving aboard the light aircraft carrier USS Bataan, is Darwin B. Schrader, airman, USN, son of Mr. and Mrs. Edd A. Schrader of Santa Anna, Texas.

The Bataan and her Marine Air Wing pilots, now on a second tour of duty in the Korean area, have been instrumental in harassing communist communication and transportation lines, and have provided close air support for United Nations ground troops.

**T. E. L. Class Has  
All Day Meeting**

The T. E. L. Sunday School Class of the First Baptist Church met in an all day session with Mrs. Emzy Brown in her lovely new home on the Rockwood Highway on April 22nd. A covered dish luncheon was enjoyed by the 12 ladies present.

In the afternoon a season of prayers were held in the interest of the Youth Revival and training Union to be held at the Baptist Church this week.

Everyone had an enjoyable day, and hope to have the privilege of meeting with Mrs. Brown again sometime.

**W. S. C. S. Elects  
New Officers**

Officers recently elected to serve the W. S. C. S. of the Methodist Church for the coming

year are as follows:

Mrs. Rex Golston, President; Miss Elsie Lee Harper, Vice-President; Mrs. O. J. Albro, Treasurer; Mrs. T. R. Sealy, Rec. Sec.; Mrs. O. L. Cheaney, Cor. Sec.

Other secretaries elected were: Christian Social Relations, Mrs. Tom Hays; Literature and Publications, Mrs. T. A. Mills; Missionary Education, Mrs. Hardy Blue and Mrs. Carroll Thompson; Youth Work, Mrs. O. A. Etheredge; Status of Women, Mrs. C. L. Eeds; Student Work, Miss Bettie Blue; Spiritual Life, Mrs. Dan Blake and Mrs. J. J. Kirkpatrick; Stewardship, Mrs. W. B. Griffin.

The organization is in the midst of the 4th and last study book of the year, titled "The Family, the Christian Concern."

**Self Culture Club  
Has Interesting Meet.**

The Self Culture Club had a good attendance and interesting meeting on Friday afternoon, April 25th, in the home of Mrs. Ted Stewardson.

After the business of the day was disposed of, Mrs. Preston Bailey directed a very lively round table discussion on National Affairs.

Following this the meeting adjourned and a social period followed in which the hostess served angel food cake and coffee.

We were then taken through the magnificent Stewardson home which some of us had not previously seen. The ranch style edifice, built of white Austin stone, has every modern convenience, including central heating. In addition the spacious living room has a fireplace with appropriate accessories. Most of the floors have wall-to-wall carpeting.

On the walls were lovely pictures, painted by the mother-in-law of the hostess, Mrs. J. L. Stewardson, and a number of others not yet framed, were displayed. That our hostess is also quite an artist was evident in her textile paintings.

The receiving rooms for the occasion were adorned with a profusion of garden flowers, petunias, larkspur, snapdragon and iris.

It is always a pleasure to meet

in the Stewardson home, and see the several head of tame deer at their place.

Those attending the meeting were: Mmes. R. C. Gay, Kittie Walker, J. R. Banister, C. D. Bruce, Preston Bailey, J. Edd Bartlett, J. L. Harris, Carroll Thompson, Jodie Mathews, Nona Woodruff, A. L. Oder, Miss Dora Kirkpatrick and the hostess.

**House Warming For  
Charles Wristens**

The Canasta Club of which she is a member, gave Mr. and Mrs. Charles Wristen a surprise house warming party in their new home in the Sealy Addition Monday night.

They brought supper which featured fried chicken, gravy, relishes, potato salad, cake, pie, coffee and punch.

The food was served on ivy pottery dishes, a gift of the club. Some of the visitors attending also made gifts of the pottery.

Members attending were: Mrs. Vernon Herring, Mrs. James Dockery, Mrs. Montie Guthrie, Mrs. Thomas Wristen, Mrs. Marvin Green, Mrs. Earl Irick, Jr., Mrs. Charlotte Hogue, Mrs. Willard Allen and Mrs. Tom Kingsberry.

Guests attending were: Mrs. Orville Allen, Mrs. W. P. West, Mrs. C. D. Bruce and Miss Charlotte Moseley. The latter brought an arrangement of iris for the table and pansy nosegays for the ladies.

Mrs. Russell from North Carolina, visiting her daughter, Mrs. Wristen, the honoree, was also a guest.

Those not attending who sent gifts of pottery were: Mrs. Joe Harvey, Mrs. Billy Joe Harvey and Mrs. Jim Riley.

A daughter named Karen June and weighing 7 lbs. and 7 ozs. was born to Mr. and Mrs. Raymond Teague in San Angelo on Friday, April 25th, at 3:05 p. m. Mrs. Lois Henderson visited with them from Friday until Sunday. She is the only grandparent.

Mrs. O. M. Heallen, and her son-in-law and daughter, Mr. and Mrs. Jasper Elliott and Diane of Austin visited over the week end with Mr. and Mrs.

Paul Bivins. Mr. Bivins is recovering from an illness of several weeks, during which time he was a patient for several days in a Coleman hospital.

James Neal Williams came home from Odessa last Saturday and was a patient until Monday in the Coleman hospital. He is now completing a 10 day vacation with his parents, Mr. and Mrs. Alfred Williams.

C. B. James returned home Monday night from a visit of several weeks with his son, Chester and family at Albuquerque, New Mexico. Chester, who has not been well for some time, seems somewhat improved.

**BIG FISH**

Mr. and Mrs. J. W. Parker, Mr. and Mrs. Glenn Williamson, and Mr. W. A. Townsley of Leuders, were on a fishing trip last week, on the Rio Grande near Eagle Pass. They caught a yellow cat that weighed 45 pounds and plenty of smaller fish. They had several fish fries while gone and brought home some, for further enjoyment. They report the weather was pleasant while they were away.

Sgt. and Mrs. Albrus Little, of San Antonio, visited with the A. B. Littles over the week end. Mr. A. B. Little, who is working in Lubbock, was also home for the week end.

**Rockwood News**  
By Mrs. John C. Hunter

The Rev. Bostick of Brownwood was guest speaker at the Baptist Church at both Sunday services and was dinner guest in the Ray Steward home.

Mrs. W. D. Rehm was hostess to the WSCS of the Methodist Church at her home on Monday afternoon.

Sunday guests of Mr. and Mrs. A. L. Crutcher and Ludy Jane were, Mr. and Mrs. L. D. Crutcher, Maxine and Borgia Dean of Bangs and Mr. and Mrs. Lee McMillan.

Mrs. Uless Maness is at home after spending Wednesday to Friday in the Brady hospital for further examination.

Tom Bryan was in San Angelo hospital several days last week and went back Thursday for other treatment.

Mr. and Mrs. Jack Bostick report their son M/Sgt. Alvin Bostick has been moved to Kojie, an island back of the front lines to guard prisoners until time to come home. He had been at the front in Korea since September, 1951. Alvin and two other Rockwood boys visited together in Korea. They were Sgt. Leroy McMillan and Cpl. Roland Deal.

Mrs. Walter Weaver of Coleman spent Saturday night with Mr. and Mrs. Sam McIlvain. Mr. Weaver came for her Sunday.

Mr. and Mrs. Bob Mobley of San Angelo visited this week end with Mr. and Mrs. Sam McIlvain and other relatives.

Mr. and Mrs. L. C. Harrison and Marilyn of Ft. Worth spent Sunday with Mr. and Mrs. J. C. Hunter.

Mrs. Lewis Burns of Brady and Mr. and Mrs. J. A. Townsend of Sweetwater were Sunday guests in the W. D. Rehm home.

Attending the joint meeting of the Feeder-Breeder and Farm Bureau at Coleman last Thursday evening were: Mr. and Mrs. Curtis Bryan, Mr. and Mrs. Jake McCreary, Mr. and Mrs. Lon Gray, Mr. and Mrs. Bill Bryan,

(Continued from Page One)

coming to Santa Anna. You are the ones who will decide whether they stay here or not. Are you, the people of Santa Anna, willing for them to establish a practice here?

When you stop and give this a little consideration, you might discover we might be talking about you. If you come under the above mentioned category, you might think we are hitting at you a little hard. We have just about come to the conclusion that several things need to be brought to light that are going on almost daily that is not good for our town, another of which is our citizens knocking the town as some do.

Some never have anything good to say about your home. Some say a lot of things they really do not mean and others take them literally and then the "gossip" travels fast. Why not develop the habit of "if you don't have anything good to say, don't say it". If each of us would praise our town more, look for the good things, and not run our town down, it would be for the benefit of all and it would not be long before all of us realized the difference.

**PRECINCT CONVENTIONS**

Democratic and Republican Precinct Conventions will be held all over Texas this Saturday, May 3. The Democrats will hold their conventions at 2:00 p. m. Saturday. The North Ward Convention will be held at the City Hall with W. Ford Barnes being the elected Precinct Chairman. Three delegates will be elected to the County Convention. The South Ward Convention will be held in the Stockard Building at the corner of Wallis Ave. and North 2nd St. They will elect four delegates to the county convention.

Tim Stewardson, County Chairman for the Republican Party, announces they will have two Precinct Conventions in Santa Anna, at least two and possibly more in Coleman and a number in the rural areas of the county. The two in Santa Anna will be the South Ward will be held at the Jim Robin home on Crockett St. and the North Ward will be at the B. A. Parker home in the Sealy Addition. Each ward will select one delegate and one alternate to the county convention.

Every legally qualified voter is eligible to attend these conventions. At this time we do not know whether conventions will be held in all the voting precincts of the county or not, but they should be. At these Precinct Conventions are the only time the voter actually gets the opportunity of voting for the person of his choice for the President of the United States. Every voter should demand and see that his precinct has a convention and send their delegates to the county convention.

We do not favor the manner in which our president is elected at the present time. According to our way of thinking the elec-

toral college system does not represent the actual whims of the people and we favor a more direct method of voting for our presidents. An editorial in the Sunday Ft. Worth Star Telegram expresses our views fairly well and we are reproducing the same herewith:

**SPUR TO DIRECT ELECTION OF PRESIDENT**

This year's political developments appear likely to provide the impetus needed to bring about direct voting in presidential elections.

They may help get statewide preferential primaries — or a nationwide elimination contest in each party — which would allow voters to pick the nominees instead of having them selected by whatever factions happen to be in control. And a natural adjunct to that would be direct voting in the general election — as a substitute for the antiquated electoral college system which left its original course so long ago.

The Texas picture is closer at hand, of course, but similar problems are cropping up in other states, and in both of the major parties. There probably are going to be bolts in both parties in several states. That means contesting delegations will appear at the national conventions in Chicago and that recognition will go to the group having the greater influence with the controlling faction in the national setup.

Undoubtedly there will be many cries of "foul", and undoubtedly some of them will be justified.

It is not right for voters of a precinct to go through the legal formalities of the May 3 conventions — when they get their only opportunity to say whom they prefer as a candidate for President — and then have one faction bolt and leave to a county convention committee the matter of which delegation should speak for that precinct.

The same is true of a county delegation being decided at a state convention committee hearing — and of a state delegation being picked by a national convention committee. It is particularly unfair for a body of complete strangers — as often is the case in the national conventions — to reach a decision as to the prevailing sentiment in Texas, for instance, and which group represents that sentiment.

There will be many bitter fights this year among Republicans and Democrats. They will leave wounds that only time can heal. But they may serve a good purpose if out of them comes legislation that will let the voters express themselves directly — instead of through the agency of politicians unknown to them.

**Farm Tractor Can Be A Killer**

More than a quarter million tractors furnish the power for producing the major portion of the agricultural wealth of Texas. These machines, when properly handled and operated, are safe but when carelessness comes into the picture, they can become killers. Fatal accidents caused by farm tractors, points out E. C. Martin, state agricultural leader for the Texas Extension Service, usually result from some chance taken by the operator.

High on the list of tractor accident causes are failure of the operator to follow his operating manual when attaching equipment; operating the power take-off with shield removed; filling the fuel tank with the motor running; making adjustments on the tractor or equipment without shutting-off the motor and operating the tractor on a highway after dark without proper front and rear lights.

Many accidents result from overturned tractors. Martin says extreme care should be exercised when tractors are operated on hilly or rough land and in fields where there are ditches or creeks. Making hitches above the draw bar may cause the tractor to rear up and turn over backwards, explains Martin.

Never operate the power take-

off unless it is covered with the shield which came with the tractor, warns Martin. It was provided for the safety of the operator.

The shortage of farm labor can be partially overcome by preventing every type of farm accident and Martin adds it's the business of every farm family to see that some member isn't taken from the job by an accident.

**Young People Are Susceptible To TB**

Austin, Tex. — Speaking of the susceptibility of children to tuberculosis, Dr. Geo. W. Cox, State Health Officer, said today that few people realize that babies and young children are very likely to become infected with tuberculosis if they are kept in rooms with persons who have the disease, use the same dishes, sleep in the same beds, or are handled and kissed by persons who have tuberculosis.

"Babies and young children pick up the germs of tuberculosis just as readily as they pick up the germs of measles or whooping cough, or any other of the so-called children's diseases," Dr. Cox said. "But tuberculosis unlike most diseases, has more than one form. Babies who get tuberculosis may not show the symptoms we associate with the disease in older persons. But the disease in most cases develops rapidly and is likely to end fatally. Tuberculosis in babies and young children is a very serious matter, although recent studies have shown that if young children are removed promptly from contact with the disease and given the necessary care, many lives can be saved."

Dr. Cox said that if the presence of tuberculosis is recognized in its early stages and if medical attention is secured promptly, a great deal can be accomplished whenever the disease develops, whether in young or old.

"Tuberculosis doesn't just simply happen. Nobody is born with the disease. Everybody who develops tuberculosis gets it from some other source, and children and young people who have been in contact with persons having tuberculosis are especially likely to contract it."

**Woman Candidate For Vice President, From California**

Mrs. Marian Mosick, 38, niece of G. T. Allison of Santa Anna, is seeking the nomination for vice president of the United States. Mrs. Mosick, of Culver City, California, has announced her candidacy on an independent ticket with F. E. Peterson of Topeka, Kansas, signed as her running mate.

"A good housecleaning wouldn't hurt" the Texas born woman stated. She isn't afraid to tackle a man's job. She is six feet tall, and enjoys wearing high heels. A part of her platform is to get the boys home from Korea. Her husband and only child are with the 40th Division in Korea.

Early Romans used razors made of iron.

"Prima facie" means "on first appearance."

**ANNOUNCEMENT**

The H. D. Club will meet with Mrs. D. H. Moore, Friday afternoon at 2 o'clock. A Mother's Day program will be given. Members are urged to attend and visitors welcome.

Mr. and Mrs. Paul Rowe, Mr. and Mrs. Elton McDonald and Mrs. Tex Jeffcoat and Shiela, visited Mr. Jeffcoat, a patient in the Veterans Hospital at Temple, last Sunday.

Mrs. Blanche Grantham and Mrs. Ella Stiles went to Hamilton Sunday afternoon and spent the night with their brother-in-law and sister, Judge and Mrs. P. M. Rice.

W. A. Pritchard is home for a few days from Gregory where he has employment.

Mrs. Arthur Turner and Mrs. Fannie Kimmel of Lubbock left Sunday for a reunion of classmates and girlhood friends in the home of Mrs. Joe Boyd of San Antonio. Mrs. Hines Baker of Houston, Mrs. Karl Wallace of Ft. Worth, and Mrs. Joe Robertson of Austin, will also attend the reunion. They plan a trip to Old Mexico before returning.

Condensed milk was invented by Gail Borden, a Texan.

Mr. and Mrs. W. F. Aldridge, Jr., and family of Kermit, came Sunday for a few days visit with his parents, Mr. and Mrs. W. F. Aldridge, Sr. Other Sunday visitors in the Aldridge home were, Mr. and Mrs. Willie Aldridge of Lawn, and Mr. Chester Clemons of San Antonio.

The Staked Plains are so vast that it is said, the early Spanish explorers drove stakes over the treeless expanse so they could find their way back.

Mr. and Mrs. Noah Stacy and their four sons of Texon, visited here from Friday until Sunday with her mother, Mrs. H. M. Smith and with his mother, Mrs. Zona Stacy at Trickham. Mr. and Mrs. Louis Jordan and Dawn of Brownwood visited her grandmother, Mrs. Smith on Saturday.

Mrs. W. B. Allison and her father, G. O. Welch attended funeral services for Mrs. Eva Yardeman in Bangs Monday afternoon.
