## Thoughts

OF A COUNTRY EDITOR

BY JOHN C. GREGG

### PARTY CONVENTIONS

It seems to this writer that very few people through our part of the country are interested in the state and national affairs of our country. At least not very many of them are interested enough to want to express themselves.

Last Saturday afternoon the Democrats and Republicans of Coleman County were supposed to hold party conventions to set the policies for state government. I suppose you could say the conventions were held and that is about all, because very few attended any of the meetings. It may have been some of the issues in question last week that kept any more from attending the party meetings, but whatever it was — it sure kept them away. A fairly good number turned out to vote in the primary election and it would seem that more should have stayed for the meetings. In May when the party conventions for the presidential candidates were held, very few attended these meetings. Actually, at these party precinct conventions are the only places where the general public has much of a say-so in the party policies. In the future we would like to see large numbers attending these meetings.

### ELECTION RETURNS

We did not know until last Friday night that plans were being made for Santa Anna to have their election board put up and that election returns would be announced here. Had we known of it, we would have had it in the paper last week and more of you would have known that the complete returns would have been available to you here. However, we had our election party and it all went like clock-work. A good number of citizens stayed until about 11 p. m. when most of the county returns were in.

A number of people were responsible for bringing these returns to you. L. A. Welch played the biggest role of all. He put the board up and got the other plans underway. Neal Oakes helped get the committee to working and then Montie Guthrie, John Hardy Blue, Harry Crews, Earl Hardy and Mrs. Gregg and I took care of getting the returns posted here as they came in. L. A. Welch was also responsible for the returns getting to Santa Anna. Several long hours of telephone conversations were necessary for all the returns to be sent here. The Community Chamber of Commerce and The Santa Anna News wish to express their sincere appreciation to all who helped to make the evening the success it was.

## Lions Den

Louis Newman of the Shield community was a guest of Lion O. L. Cheaney at the regular meeting of the Santa Anna Lions Club this week. A very light attendance was noted.

The committee appointed by the president to study the proposed lighting of a softball field met this week and reported to the club that the project should be postponed until the completion of the new elementary school building and the school board decides what to do with the property where the school is now located. Lion Wigger moved to approve the recommendation of the committee and the motion was carried.

Lions Hardy Blue and Sid Blanton were to have charge of the program, but Blanton was absent and Lion Blue paid the usual fine for not having the program ready.

## Receives Degrees Tuesday Night

HOMER SCHULZE

MRS. HOMER SCHULZE

Mr. and Mrs. Homer Schulze, pictured above, both received BS Degrees from Howard Payne College Tuesday night, July 29, with the commencement exercises being held at the Brownwood First Baptist Church at 8:00 p. m.

Mr. Schulze majored in secondary Education with a double minor in English and Physical Education. Mrs. Schulze majored in Elementary Education with a minor in English. Both are teachers in the Buffalo school and are property owners in the Rockwood area.

## New Telephone Directories Being Delivered

If you have not already received one, during the next few days all subscribers of the Santa Anna Telephone Company will receive a new telephone directory. The new directories contain something over 500 individual listings.

The directories are a product of The Santa Anna News. The only out of town supplies that went into the making of these directories was the blank paper they were printed on.

The new directories contain the street numbers or names and house numbers of all the subscribers, as well as their telephone numbers. All telephone numbers are listed at the end of each line and patrons are urged to be sure to call the correct number when you are using the telephone.

## Rev. A. B. Lightfoot Conducting Revival At Bangs Tabernacle

Rev. A. B. Lightfoot of Austin, formerly of Santa Anna, is now conducting a revival meeting at the Tabernacle in Bangs. The meeting will continue through Sunday, August 3. Rev. Lightfoot is Superintendent of Missions of the Austin Association, Baptist General Convention of Texas. The meeting is under the sponsorship of the Bangs Baptist Church.

## New Correspondent Added To News List This Week

The Santa Anna News is proud to announce the addition of Mrs. John Lauder of the Buffalo Community as a correspondent for The News. Mrs. Lauder will write the Buffalo News in cooperation with members of the Blue Bonnet Home Demonstration Club, of that community.

Members of the Blue Bonnet Club will also sell subscriptions to The Santa Anna News in the Buffalo area.

The first weekly news report will be found elsewhere in this edition of The News.

## Nephew Of Mrs. J. J. Gregg Killed In Korean Fighting

Donnie Buchanan, 19-year-old son of Mr. and Mrs. Phillip Buchanan of Ventura, California, was killed in action in Korea, while on a scouting expedition. Donnie is a nephew of Mrs. J. J. Gregg of Santa Anna.

He had served in Korea for over a year and was supposed to have been relieved from duty to return to the United States on July 6. It was reported that he was killed by enemy action on July 5. He has recently been promoted to Sergeant and was a platoon leader.

It is expected that his body will be returned to the U. S. in about two months for burial. He is survived by his wife, one sister, and his parents.

## Hal C. Wingo To Hold Revival At Baptist Church

REV. HAL C. WINGO

Rev. Hal C. Wingo, San Antonio, Texas will be the Evangelist for the Summer Revival at the First Baptist Church, Santa Anna, August 3 to 17.

Dick Shurtz, Macon, Mississippi, will assist Mr. Wingo by leading the singing for the revival. Mr. Shurtz comes well recommended.

The evening services will be conducted on the church lawn. A platform has been erected on the north side of the annex by the men of the church. The men are also procuring seats to be placed on the lawn. Everything should be in readiness for the first out door service Sunday evening at 8:30. The week day evening service will be at 8:00 p. m. Morning services will be conducted at 10:00 a. m. in the auditorium.

Hal Wingo is a former pastor of Santa Anna. He is now District Missionary of District 6 of the Baptist General Convention of Texas. His headquarters are in San Antonio. Many have expressed their appreciation for the opportunity of meeting and hearing Mr. Wingo again.

Harry C. Weger, pastor will bring the morning message Sunday, August 3, and the evening message if the Evangelist fails to arrive on Sunday. Sunday morning message subject: "It's UP TO YOU."

## Fisher, Bishop, Fenton, Corder Win Contested Races Saturday

Congressman O. C. Fisher of San Angelo was re-elected for another two-year term as the Representative from the 21st Congressional District of Texas in the July Primary last Saturday. He led his only opponent by about a 2-1 majority in the 27-county district. Fisher carried all the counties in the district except Brown County, where Ira Galloway, County Judge of Coleman County polled about 50 more votes than Fisher. Preliminary results indicated Fisher polled 36,414 votes and Galloway 19,339 votes in the district. In Coleman County Galloway polled 1,750 votes and Fisher 2,481. Galloway led in Novice, Goldsboro, Glen Cove and Talpa voting boxes and tied with Fisher at Leaday. Fisher carried all the other voting boxes.

A. J. Bishop, Jr., of Winters was elected to represent District 77 of Texas at Austin for the next two years. In Coleman County Bishop polled a total of 2,594 votes and his only opponent R. W. Shytles, also of Winters, polled 1,224. In the four county area Bishop polled 5,948 to 2,836 for Shytles.

In the Coleman County contested races T. H. (Sticks) Corder won his race for re-nomination as District Clerk by the largest majority of any of the

contested races. Corder polled 3,239 votes and his only opponent, Newt-Mell Hughes Becker polled 956 votes. H. F. Fenton, Jr., polled 2,853 votes to win his race for a fourth term as sheriff and W. J. (John) Smith, his only opponent polled 1,387 votes. Commissioner of Precinct 3, Monroe Forehand, polled 261 to be re-nominated and his opponent, Robert Twing, polled 229. The Commissioner of Precinct 4, Pete Sneed, polled 384 to be re-nominated and Steve Hale, his opponent polled 269 votes.

In the only county race where there will be a run-off Lee Craig led the voting in the race for County Clerk. Craig polled 1,742 votes and Mrs. Jack Durham, who will be his opponent in the August run-off, polled 1,504 votes. Jewell Harlee polled 954 votes.

The other candidates who were unopposed for office all polled just about a 100% count of the votes cast. Walter K. Boyd, Jr., was elected County Judge; Bernice Johnson was elected County Tax Assessor-Collector; W. E. (Billy) Allen was elected County Attorney; W. E. (Bill) Burney was elected County Treasurer; Earl Hardy was elected Commissioner of Precinct 2; Kay Anderson was elected Commissioner of Precinct 1; and W. Earl Erick, Sr., was elected Justice of the Peace, Precinct 7. Ford Barnes and Roy Stockard were elected on write-in votes as Precinct Chairmen of the Santa Anna North and South Wards.

## Time To Renew Dog Licenses

Dick Bass, City Manager, reports that most dog licenses in Santa Anna have expired or are about to expire and dog owners should have their dogs vaccinated against rabies and bring their receipts to the city hall and get new dog licenses.

It is not known as yet how much rabies is loose in Santa Anna, but it is known that some few cases have been reported in the past few months. It is very important that animals, subject to the disease should be inoculated against it and if the animals are kept in the city limits, they should have licenses on them showing that they are vaccinated.

Mr. Bass stated that the law would be enforced to the limit concerning unlicensed dogs in Santa Anna. So if you value the friendship and companionship of your dog, it is advisable that you comply with the law of having them vaccinated and licensed at all times.

The word "alibi" literally means "elsewhere."

## School District Calls Two Elections Sat.

As a result of the Trickham School District being transferred into the Santa Anna Independent School District by the County School Board, the Santa Anna District has called two elections to be held on Saturday, August 2, in the Stockard Building at the corner of Wallis Avenue and North Second Street. The questions presented to the voters will be: A Tax Election, to grant the school board the power to levy and collect an Add Valorem tax on the valuation of all property in the Santa Anna District, including the Trickham District, which is now a part of the Santa Anna District; and a Bond Assumption Election which will cause the bonded indebtedness of the entire district prior to the time of the transfer to be equally accepted in all areas.

So far as the Tax Election is concerned, there will not be any difference to the voters that

have been in Santa Anna District. The tax rate in the past has been \$1.50 per one hundred dollar valuation and provided the election carries, the amount will be the same. This money is used in the operation and maintenance of the Santa Anna schools and if the Tax Election failed to carry, our school would be unable to operate. The Bond Assumption election will not make any changes in the present operation of the schools.

None but qualified voters will be allowed to participate in these elections. All resident property tax payers who are qualified voters of the area are qualified to vote in these elections, including the voters from the Trickham area who are now a part of the Santa Anna District.

Due to the importance of both the elections, every qualified voter is urged to go to the polls during the day and cast your vote in favor of both questions,

**Rites For Mrs Floyd Woodard Wednesday**

Funeral services were held at Wright's Funeral Home in Coleman Wednesday afternoon, July 30th at 3 o'clock for Mrs. Floyd Woodard, who died at the home of her father, H. V. Hair. She and her family had lived in the Hair home for the last several years, because of her illness. She had had a brain tumor for seven years and suffered much. Rev. Harry Graham of Abilene and Rev. Harry Wigger officiated.

She was born Ruth Hair in Williamson Co., on August 23, 1904 to Mr. and Mrs. H. V. Hair, the latter now deceased. She came to this vicinity with her parents in about 1920, which has continued to be her home. Mrs. Ruth Hair Boyd was married to Floyd Woodard in August, 1940. She is survived by the husband and one son, James Vardell Woodard, aged 10 of Santa Anna. One daughter, Mrs. Fay Cawthorn of Vernon, by a previous marriage, her father, H. V. Hair and a sister, Mrs. Raymond Close of Santa Anna, three grandchildren, children of Mrs. Cawthorn also survive. Mrs. Woodard was a member of the Primitive Baptist Church. Burial was in the Santa Anna Cemetery.

Mr. and Mrs. Gene Harvey had a pleasant surprise Monday night when different members of their family kept dropping in until all were present, including the in-laws and grandchildren. The Chet Holcombes stopped over night returning to their home at Bronte from a vacation trip to Colorado. Jimmie Harvey and wife and son came from Abilene. Mr. and Mrs. Geo. C. Burrage live at the Harvey home and their son-in-law and daughter, Mr. and Mrs. Elgean Harris, dropped in for the evening, which made the family circle complete.

**Passenger Cars Used To Earn Livelihood**

Austin, Tex. — Nine out of ten passenger cars in the nation are used for earning a living, shopping or both, according to Paul R. Kulp, general manager of the Texas Division of the American Automobile Association.

"During an average week," Kulp said, "73 per cent of the nation's private automobiles are used for traveling to and from jobs, conducting business, or doing work on the farm. Shopping during the week puts 53 per cent of the cars to work."

The AAA official also disclosed that over 22 million passenger cars are used each week for earning a living, while 16 million are used for shopping.

"Some 27,500,000 persons in the U. S.," he continued, "use passenger cars daily in earning a living, while 45 per cent of all employed persons use a passenger car in connection with their work. In addition, more than 28 per cent of adults living in households without cars nevertheless ride in cars every day and, out of 9.4 million such persons, 3.7 million ride to work daily in cars, and 1.3 million obtain a ride for shopping."

**Doretha Faye Casey Honored At Tea Friday Afternoon**

Miss Doretha Faye Casey, bride-elect of Mr. Pat Gilmore of Fort Worth, was honored Friday afternoon when a group of seven women entertained with a gift tea in the home of Mrs. C. M. Moseley of Santa Anna.

Mrs. Moseley was at the door to invite guests into the living room which was decorated in the future bride's chosen colors of pink and white. Arrangements of pink roses and queens wreath were placed on the coffee table and mantel flanked by white candles in crystal candelabras. Miss Casey, her mother, Mrs. Arthur Casey and Mrs. Basil Gilmore of Fort Worth, mother of the future groom, made up the receiving line.

Mrs. T. J. McCaughan directed guests from the living room to the dining room where they were served cake squares and punch by Mrs. Vernon Herring, Mrs. Seybold Rowe; others assisting in the dining room were Mrs. Lewis Bobo and Miss Charlotte Moseley. The center of attraction in the dining room was the artistically arranged table centered by a small, white net covered umbrella trimmed in pink ribbon and flowers. Under this was an arrangement of a miniature bride, wedding rings and gaily tied packages representing the occasion.

After viewing the many lovely and useful gifts shown by Mrs. Otis Bivins, Mrs. J. L. P. Baker and Mrs. Lovell Richardson, the guests registered in the lovely bride's book presided over by Miss Margaret McCaughan.

Hostesses were Messrs. T. J. McCaughan, Seybold Rowe, J. L. P. Baker, Otis Bivins, Lovell Richardson, W. W. Bartlett, and C. M. Moseley.

Approximately one-hundred guests called during the afternoon.

**Local Home Dem Club Met With Mrs. John Perry Friday**

"Streamlining the Medicine Chest," was the topic discussed when the Santa Anna H. D. Club met Friday, July 18th in the home of Mrs. John Perry.

Mrs. Perry in discussing the "Medicine Chest," gave five points to remember. These are: First: When buying medicine, ask the doctor about keeping it over a period of time; Second: Any medicine should be disposed of when it becomes cloudy; Third: Use a safe method of disposal of old medicine, such as burning or flushing down the commode; Fourth: Keep medicines in an orderly arrangement, and in a safe place; Fifth: Any medicine may be dangerous, if taken in quantity.

Refreshments of sandwiches, potato chips, cookies and punch were served to nine members

and two visitors, Mrs. W. H. Pittard and Mrs. Truman Fletcher. A special H. D. meeting was held in the home of Mrs. W. E. Vandorf on Thursday, July 24th, when Miss Marialyce Smith was present and talked on "Transferring Property."

She stated there are three ways of transferring property, "Interstate Succession, making a will and joint ownership," are the three ways she said. She also stated, "One should be very careful in making a will, so there will be no loopholes for contesting." A round table discussion followed her talk. Plans were completed for the Annual Family Encampment to be held Monday night, July 28th at the Feeder Breeder barns in Coleman. Refreshments were served to 8 members and the following visitors: Miss Smith, Mrs. Neal Biggs, Mrs. Amos Taylor, Mrs. Warren Aldridge, and Rilda Carol Stephenson.

**W. S. C. S. Has Social Meeting Monday**

The regular social meeting of the month of the W. S. C. S. of the Methodist Church was held Monday afternoon with Miss Elsie Lee Harper as hostess in the Harper home.

Mrs. T. R. Sealey led the devotional. Mrs. Tom Hays, assisted by Mrs. Bill Griffin, brought an interesting program on Federated Missionary Societies.

Those present besides the hostess and those mentioned above, were Mrs. O. J. Albro, Mrs. Louis Zachary, Mrs. Lillian Pettit, Mrs. J. J. Kirkpatrick, Mrs. O. A. Etheredge, Mrs. Jack Payne, Mrs. Add Walker, and Mrs. Dan Blake.

The hostess served cake and punch for refreshments.

Mr. and Mrs. J. M. Rouse visited with relatives at Cross Plains at the week end, and attended the Coffey family reunion there on Sunday held in the Legion Hall and attended by 60 persons.

**Family Health Subject When Trickham H.D. Club Met Wednesday**

"Family Health" was the subject for discussion when the Trickham Home Demonstration Club met Wednesday, July 23 in the club room. Mrs. Harry Wilson had charge of the business session and led the recreation.

Mrs. Oscar Boenicke led the club in the song to be given at the Family Night in Coleman. Mrs. Delburn Rice told how to streamline our medicine chest and also gave five points to remember: (1) when buying medicine ask the doctor about keeping it over a period of time, (2) any medicine should be disposed of when it becomes cloudy, (3) use a safe method of disposing of old medicine such as burning or flushing down a drain, (4) keep medicine in orderly arrangement and in a safe place, and (5) any medicine may be dangerous if taken in quantity.

Mrs. Harry Wilson gave a good council report.

The hostess, Mrs. Rice, served refreshments to Mmes. Lige Lancaster, Bond Featherston, Harry Wilson, Buck Mitchell, and Oscar Boenicke.

The next meeting will be on "Basic Sweet Bread" given by Bread Ladies, Mrs. Lancaster and Mrs. Boenicke, on Wednesday August 6 at 2:30 p. m.

A daughter named Ann, and weighing 7 1/2 lbs. was born on Wednesday of last week in a Uvalde hospital to Mr. and Mrs. Jack Kingsbery of Batesville. Mr. and Mrs. C. D. Bruce and their daughter, Mrs. Tom Kingsbery left for Batesville Sunday to get acquainted with the new granddaughter and niece. The others returned home but Mrs. Bruce remained for a longer stay.

A daughter named Gay Lynn was born on Wednesday of last week to Mr. and Mrs. Carl Horn in Waco. The little one weighed 7 1/2 lbs. at birth. On the day the baby was born, Mrs. Robert Griffin of Ft. Worth came and took her mother, Mrs. Fred Turner for a visit in the Horn home and to get acquainted with the new granddaughter.

**Blue Bonnet Club Met With Mrs E. D. Bouchillon Thursday**

The Blue Bonnet Club held its regular meeting Thursday in the home of Mrs. E. D. Bouchillon. Mrs. John Lauder called the meeting to order. Mrs. J. D. Williamson led the pledge and prayer and Mrs. Bouchillon led the song "OH Suzana". Mrs. Bouchillon read the minutes and the council report.

The clubs part of the county recreation program had to be replanned as there is sickness in three club families.

The club voted to retain the present officers for the coming year.

In the absence of the civil defense chairman Mrs. Lauder gave the program on "Streamlining the Medicine Chest."

The hostess served punch and cake to Mmes. J. D. Williamson, E. Z. Casey, J. C. Lauder, E. D. Bouchillon and five children.

The next program will be a demonstration on "Sweet dough variations" and will be August 14th at 2 o'clock in the home of Mrs. J. D. Williamson.

Mr. and Mrs. Norman Hosch attended a furniture show in Dallas last week.

**ANNOUNCEMENT**

The Home Demonstration Club will have their regular meeting Friday afternoon, August 1st, with Mrs. Clifford Stephenson, when she will demonstrate the making of sweet dough varieties.

**Consecrated Genius**

Lesson for August 3, 1952

ONCE IN A WHILE men are born who have more careers than one. Thomas Jefferson was architect, educator, lawyer, writer, executive; Samuel F. B. Morse was a painter and also the inventor of the telegraph; Theodore Roosevelt was a man so versatile that some one has written an amusing article showing that several thousands of years from now, scholars might easily conclude that T. Roosevelt was not one man but several different men with the same name.

Dr. Foreman

**Many-Sided Man**

SAMUEL WAS ONE of these many-sided men. We call him Samuel the prophet, but we could just as well call him judge, priest, preacher, general writer and king-maker.

He was a prophet, for the people who knew him turned to him when they wanted to know what God thought. We can call him a preacher, for we know of one very successful revival which he conducted (1 Sam. 7). He was also what we call a circuit judge, going from town to town to hold court. He was a successful general, for we know he not only advised military leaders but took the lead in raising an army himself and directing it in a successful campaign.

He was a priest, not only in a formal way, offering sacrifices at various places; but he also once said a memorable thing which marks him as a priest in the truest sense: "Ye have done all this wickedness, yet . . . God forbid that I should sin against you in ceasing to pray for you." (Chap. 12.)

He was a writer, for though he could not have written both books that bear his name, he did write "the manner of the Kingdom"—perhaps a kind of constitution. And next week's study will show him as a king-maker.

**No Dictator**

THE MANY-SIDED MAN, the man of many talents, always has one great temptation: to be a dictator. It isn't bad people who become dictators; it isn't the weak; it is the strong and able.

A very able president, for instance, will take it on himself to run the State department and any other departments that specially interest him; in a small town a many-sided man may be superintendent of the mill, chairman of the school board, chief deacon in the church, superintendent of the Sunday school, major and postmaster besides.

It is not alone in public that the dictator flourishes. Sometimes in a home the father, or the mother, will be so energetic and brainy that he (or she) finds it much easier to do things than to wait for the children to do them, or to teach the children how to do them.

Now the prophet Samuel, who towered high above the average man of his country, must have been tempted to be a dictator.

Samuel perhaps could have done it all, but he knew when to retire from the foreground.

**Public Spirit**

SAMUEL himself is a model for all the many-gifted men who reach and deserve positions of power. He never milked the people for his own benefit; he never used public office for private gain. (With one sad exception; he kept his worthless sons on the public payroll.) He was a man of true public spirit.

This means two things, and Samuel had them both. One is a wide vision: being able to see all sides of a question, and to see not only his own advantage, but how decisions and policies affect all kinds of persons.

Most politicians will have at heart the interests of their own little backwash; how many have the interests of the nation at heart?

Public spirit means wide vision.

It means a wide concern, not only seeing but caring. In an election year, when politicians are clamoring at us from all sides, we may well inquire about every candidate: Does this man have any resemblance to God's man Samuel? Does he have a sense of responsibility to God? Does he have a wide vision, a wide concern? Whose side is he on? Is he out for himself, or for God and the whole people?

**HOME PURCHASE CONTRACT NO CASUAL MATTER**

The signing of a contract of sale is an extremely important step in the purchase of a home. Once buyer and seller have signed they are bound by the provisions of the contract. Their respective legal rights in the transaction are thereby set and determined. If the contract is poorly and haphazardly drawn, a harvest of regret may be reaped at a later date.

Sales contracts are often called by other names, such as earnest money contracts, binders, receipts, etc. All of them are for the same purpose and almost without exception involve the deposit of money by the buyer. Some require the seller to put up a good faith deposit. The fact that such deposited sums are usually to be forfeited in event the depositor later fails to go through with his specified contractual obligations lends additional weight to the often stated admonition that no contract should be signed without complete, understanding as to its terms.

But many home purchasers (and sellers) rush to sign a hastily prepared contract with very little knowledge of its contents. The pressure of time, the informality of the occasion, the casual appearance of the contract, and perhaps the fact that a partially printed form is used may contribute in causing the true importance of the act to be overlooked. At any rate, many are lulled into a lapse of good business judgment.

Every significant detail of the bargain should be crystallized in unmistakable terms in the contract of sale. Land and fixtures being sold should be clearly described. A complete legal description of the property by lot and block, or by metes and bounds, is a must, the street number being inadequate by itself.

Articles and fixtures included in the sale but not always sold with houses generally should be

**FUTURE FARMERS OF TEXAS**

The future of Texas Agriculture is in good hands. Fifty years ago, a prospective young farmer either followed in the steps of his father on the "home place" or he hired out on a farm to learn his trade. His schooling probably was extremely basic and he had practically no formal training in agricultural methods.

But the picture has changed. And a nation-wide organization, the Future Farmers of America, is partially responsible.

The rising generation of young farmers has a background of more farming "know-how" than ever before and through the experience gained in such an energetic group as Future Farmers, he reaps the benefits of the "know-why" of soil practices.

The worth of any program can be partially determined by its record of growth. In the case of F. F. A., this record is excellent. Starting out with a few isolated youth groups interested in agriculture in the middle 1920's, the program has consolidated and spread over the entire United States into the territories. In Texas alone, the 34th state to join, there are more than 35,000 young people engaged in this program to prepare themselves for a productive life in agriculture.

Texas membership in Future Farmer chapters accounts for about one-tenth of all the other states' combined. Investments of Texas youths in chapter work total more than 13 million dollars. They have over \$3 million invested in beef cattle and over \$4 million in swine and dairy cows. F. F. A. members are handling poultry projects valued at approximately \$700,000 and turkey projects at more than \$200,000. They are caring for sheep and goats valued at more than \$500,000.

Last year, young Texas farmers planted 14,000 acres of corn and 25,000 acres of cotton. Other projects included raising horses, rabbits, wheat, oats, forage, fruit, potatoes melons vegetables and peanuts. Their largest crop was 48,000 acres in forage and their biggest money maker was the fruit crop which was valued at nearly \$2 million.

This record appears to be clean-cut evidence of outstanding work that can be accomplished through youth training programs. And what is more important, it is devoted to training in Texas' largest industry — agriculture.

Mr. and Mrs. Elmo Eubank, Sr., and a girl friend of Temple, Mrs. M. D. Eubank, Pauline Eubank and Jim Daniel, left here early last week for Monahans. They stayed overnight in the Ira Huder home, where Mrs. M. D. Eubank remained while the others continued the journey to California to visit with Kenneth Eubank, who is stationed with the Navy at San Diego.

Mrs. Jeanette Hensley, who has been visiting for several weeks with her sister in New York, is returning home, and enroute will visit in Alabama with the Earl Sellers, who used to put on rodeos in Santa Anna.

M. D. West who suffered a stroke five weeks ago, and has been a bed patient since, is reported to be more seriously ill. The condition of Mrs. West, who so long has been unable to walk is reported to be improving.

Mr. and Mrs. James England of Pecos, spent his two weeks vacation here with the home folks. He is a member of the Highway Patrol.

Bobby and Wanda Weathers of San Angelo, Billy Ray, Ava Lee, and Joyce Weathers of Odessa, visited last week end with Mrs. J. M. Weathers. Wanda is remaining for a longer visit.

**To The People Of Coleman County . . .**

I appreciate very much your vote of confidence and trust given me in Saturday's election. I will do my utmost to merit your trust and confidence while I serve you as your County Judge.

Thanks

Walter K. Boyd, Jr.

MOST PULLETS HAVE

**WORMS**

You Can Remove Them Easily With **PURINA CHEK-R-TON**

Pullets can look healthy and still need worming. Smart poultry raisers know the damage worms can do and treat before effects of worms become noticeable, thus allowing feed to be used for properly growing and maturing the birds.

Chek-R-Ton, added to the mash fed for one week has proved 98.6 per cent effective in removing all large roundworms in tests at the Purina Research Farm. A good practice is to treat all pullets at 10 to 12 weeks, then treat again where necessary at time of housing.

## Rabies May Be Spreading In Coleman County

There is a possibility that rabies is spreading in Coleman County. There has been several animals known to have died from the disease in recent months and now there is a possibility that a little girl may be infected with the disease.

A dog was killed on the Santa Anna streets Saturday afternoon after it had bitten a little girl. The dog's head has been sent to Austin to determine whether he was rabid or not, but according to reports here he had all the indications of a dog with rabies.

According to Dr. Charles Hener of Santa Anna, a person who has been bitten by a rabid animal can become infected with the disease at anytime up to 5 or 6 months. The treatment for rabies is almost as dangerous as the disease itself and records show a large number of persons die from the treatment as well as the disease.

Rabies can be and is carried by most all animals such as dogs, cats, foxes, cows, skunks, etc., and when any of these animals are afflicted with the disease, they are likely to go mad and attack any animal or human with whom they come in contact. Rabies is a very deadly disease and animals carrying an active case only live a very few days. But, when they die the disease does not die with them. It can be picked up by other animals and spread again and again.

There is one way to prevent rabies and that is to have all animals inoculated against it. Animals that are susceptible to the disease should be vaccinated at least once every 12 months.

## All Vehicles Must Be Inspected Not Later Than Sept. 6

According to the State Vehicle Inspection Law, all vehicles must be inspected not later than September 6, 1952. To date there is a large number of vehicles in Coleman County that have not been inspected.

On most vehicles it takes only a few minutes for the inspection to be completed and those of you who have not complied with this law are urged to do so before the dead-line.

According to the law, if the vehicle is not inspected by September 6, 1952, you may not be able to get your 1953 license plates. The vehicle will also have to be inspected again before the 1953 license plates can be issued to the owners.

There is a lot of controversy over the law and there is a good possibility that the law will be changed or repealed by the next session of Texas Legislature, but this change may not take place before time for the issuance of the 1953 license plates. It might be the easiest way out to comply with the law while you still have the chance to do so.

## The Joslins Enroute To Guam

Capt. and Mrs. L. R. Joslin and son Don, of Elm Mott visited in the M. D. Bryan and J. T. Avants homes Tuesday to Thursday. Capt. Joslin recently returned from Guam for Mrs. Joslin and Don, they were enroute to Ft. Mason, San Francisco, Calif., where they will sail for Guam August 4 and will arrive August 24.

Capt. Joslin said he likes Guam and believes they will be there about 1 $\frac{1}{2}$  years. Before being stationed in Guam, he was an instructor at Goodfellow A. F. Base, San Angelo and James Connally A. F. Base, Waco.

Mrs. Joslin is the former Clova Bryan, daughter of Mr. and Mrs. M. D. Bryan of Rockwood.

## Duck, Dove Date Okeh Is Awaited

Austin — The Executive Secretary of the Texas Game and Fish Commission said United States Fish & Wildlife Service action on recommended waterfowl and dove dates for Texas is expected about mid-August.

The formal announcement by the Federal agency, which has final authority on regulations for migratory game, is needed to make the seasons official.

The Commission, at its last meeting in Austin, recommended the North Zone mourning dove opener be September 1, and the

South Zone opener be October 1, 1951. It recommended that Texas also be zoned for waterfowl with a North Zone season on ducks and geese opening October 31, and a South Zone season opening November 21.

The Commission suggested that should waterfowl zoning fail, that the state-wide opening be October 31. The theory was that the season may be longer this year than the 50 days in

The Executive Secretary of the Commission will participate in a predecision conference on waterfowl in Washington, D. C. August 5. He will be one of two representatives from the Central Flyway.

**A Scientifically Balanced Hog Supplement**

You can raise hogs or grain alone . . . but it's mighty poor economy. Tests prove that it requires 12 bushels of corn alone to make 100 pounds of pork. Compare this with 6 bushels of corn and 50 pounds of RED CHAIN WA-MO to do the same job. It's mighty easy to figure that the RED CHAIN Way is the cheaper — more efficient way to raise hogs.

RED CHAIN WA-MO provides high levels of animal and vegetable proteins, minerals, and vitamins including B<sub>12</sub> and Antibiotic Feed Supplements. These latter aid in speeding up the growth of hogs and promote better health in the digestive tract. They supplement the nutritional factors in grain and make for greater feeding efficiency.
