NUMBER 25

State X-Ray Machine To Be Here July 6 & 7

Thoughts

OF A COUNTRY EDITOR

BY JOHN C. GREGG

The editor and family want to express our appreciation to all our advertisers and those who turn in news matter for publication, for your excellent cooperation in getting your copy to us early this week in order that we might be able to take a few days off.

By the time you read this we will be visiting with Mrs. Gregg's folks in Juquin, Texas, a little town on the banks of the Sabine River. We plan to return to our home here the latter part of the week.

We always manage to get in a little fishing time while we are visiting the Coles, and it seems that something always happens to us. Like last year when we were attempting to get a motor boat to the bank of the river and a tree suddenly got in our way and we climbed the tree, before we could get the boat to decide to go some other way. It seems that everyone got a good laugh out of it but your editor, who was supposed to be driving the boat. And as it usually happens, we did not catch any fish. We hope this year will be different and no trees get in our way and that at least a few fish are wayward enough to get on our lines.

Workers Conference To Meet At Liberty Church Friday

The monthly Worker's Conference of the Coleman County Baptist Association will meet Friday, June 19 with the Liberty Baptist Church. The Board meetings and the Youth Fellowship will be at 7:00 p. m. followed by the program at 8:00 p. m. The program will be presented by the Young People of the county under the direction of Mrs. E. E. Fielder. Billy McClellan of Santa Anna has been asked to bring the closing message. Everyone is invited to attend this Conference.

Cullen Perry Takes Course At University

Cullen N. Perry, principal of the Santa Anna High School and president of the Santa Anna Teachers Association, was enrolled in a one-week work conference from June 8 to 12 at the University of Texas at Austin. The course studied during this time was "The Role of the Professional Teacher Organization". Perry was enrolled with 21 other Texas school leaders.

First Baptist Church News

The following boys are attending the Boy's Camp at the Baptist Encampment Grounds, Lake Brownwood, this week: Milton Drake, Bobby McClure, Roy Payne, Bobby Langford, Wayne Langford, Lowell Pembroke, Arthur Windham, Kenneth Haynes, David Wigger, Jerry Scarborough, David Wells, and Billy Lowery. This is a District-wide camp for boys from approximately 200 churches. The pastor, Harry C. Wigger, is serving as Camp Evangelist. Billy McClellan is the other sponsor from the local church.

The Girl's Camp will be next week with the Junior girls going from June 22 - 24 and the Intermediate girls from June 24 - 26. A number of girls from our local church are expected to attend these camps.

Ruby Goodson of Abilene visited Saturday night and Sunday with her parents, Mr. and Mrs. Homer Goodson.

Water Supply Off For A Few Hours Sunday Evening

Hot weather has lots of different kinds of effects on different things and Sunday afternoon the heat was the cause of the local water supply having to be cut off for several hours.

It seems that the concrete at the corner of Wallis Avenue and North Lee Street got so hot it began expanding and during the course of the expansion it caused a water valve to break loose and water went almost everywhere.

The city crew went to work immediately to replace the valve and the water was off for about 2½ or 3 hours.

Rites For Preston Parish June 12th

Funeral services were held on Friday, June 12, at 3 p. m. in the Assembly of God Church in Coleman for Preston Parish, 56. Mr. Parish, a resident of Fort Worth died there on Wednesday afternoon, June 10th, within an hour after suffering a heart attack.

Rev. Carl Stewart of Ft. Worth officiated at the services, assisted by pastors Troy Frazier of Brownwood, Mason of Coleman and Miller of Santa Anna.

Mr. Parish had been a member of the Assembly of God Church for many years.

He was born in Houston Co., and came to Coleman Co. 33 years ago. He lived for a good many years in the Santa Anna vicinity and later in Coleman, moving to Ft. Worth about 18 months ago.

Mr. Parish was a fine bass singer and two members of his quartet came from Ft. Worth and sang at the services.

He is survived by the widow of Ft. Worth, who before her marriage was Miss Lillian Freeman of Santa Anna; two sons, Royce of Dallas, John Allen of Friona; and one daughter, Miss Violet Parish of Ft. Worth.

His mother, Mrs. J. A. Parish of Santa Anna, also survives, also four brothers and four sisters: Edgar and Winford of Ft. Worth, Ewell of Houston and Everett of Santa Anna; Mrs. Helen Burson of Houston, Mrs. Winnie Newman of San Angelo, Mrs. Gladys Fowler of Dallas, Mrs. Bertha Rice of Brooksmith and 4 grandchildren. Pallbearers were nephews.

Burial was in the Coleman Cemetery with Wright's Funeral Home in charge of arrangements.

Lt. Lynn Pittard On Duty In Korea

With the 40th Infantry Division in Korea — Second Lt. Lynn P. Pittard, whose wife, Barbara, lives in Brady, Texas, recently arrived in Korea and is now serving with the 40th Infantry Division.

Originally a California National Guard outfit, the "Starburst" division hit the Korean battlefield in early 1952 after intensive field training in Japan.

Lieutenant Pittard, an artillery officer, received a Reserve Officer Training Corps commission in May 1952 from the Texas A & M College. He entered active service last August.

Pittard is the son of Mr. and Mrs. W. H. Pittard of Santa Anna.

Mr. and Mrs. Bill Baxter, Pam and John of Wayzoka, Okla., spent last Friday night with his aunt, Miss Kathryn Baxter. On Saturday morning, they left for San Antonio to spend the week end with his mother, Mrs. Stafford Baxter. On their return home Monday, they had lunch with Miss Baxter.

Sykes Gospel Singers At High School Tonight

The Santa Anna Lions Club is sponsoring the Sykes Gospel Singers at the High School Auditorium, June 18 (tonight) at 8:00 p. m. The program will last approximately one and one-half hours and will consist of musical numbers, including both popular and sacred songs, along with several spirituals.

Admission prices are 25 cents and 50 cents and the proceeds will be used by the club for help they are rendering for the band.

This same group of singers appeared here about a year ago and reports seem to indicate a very good program. Anyone who enjoys this type of program is promised a good evening of entertainment.

Rites At Trickham For J. H. Rodgers

Funeral services were held at the Trickham church Saturday afternoon, June 6th, for James H. Rodgers, 83, who died June 4th, in a Kerrville hospital, where he had been several months. He had formerly been a longtime resident of the Trickham community.

In late years he had lived at San Angelo.

Rev. Edgar Tatum of San Angelo conducted the services.

Survivors include five sons, M/Sgt. Wallace of Smokey Hill A. F. Base, Salina, Kas., Will of Redwood City, Calif., Haney of Minneapolis, Minn., George of San Angelo, and Jim of Stephenville. Five daughters, Mrs. Jessie Monsey, Mrs. Elmira Meek, Mrs. Hazel Early, Mrs. Minnie Templeton and Miss Marie Rodgers, all of San Angelo.

A sister, Mrs. Will Clark of Cameron also survive, and 23 grandchildren and 14 great grandchildren.

All the children were present at the funeral except Will and Haney. One daughter, Mrs. Mina Laughlin of Trickham, preceded him in death in 1948.

One grandson, Edward Rodgers just returned from service in Germany was present with his German war bride.

Burial was in the Trickham Cemetery with Massey Funeral Home in charge.

Immediately after burial, lunch was served by friends of the family in the school lunch room to 50 or more persons including the minister, undertakers and members of the family. This gave relatives and friends an opportunity to renew acquaintances and meet others of the family they had not known before.

Mr. and Mrs. T. J. McCaughan returned recently from Minneapolis, Minn., where he served his Presbytery as Commissioner at the General Assembly of the Presbyterian Church, U. S. A. This is the second time in recent years Mr. McCaughan has served the Presbytery of this district as Commissioner to the General Assembly. They stopped at Cimmaron, Kansas, and Mrs. McCaughan's sister and husband, Rev. and Mrs. Henry Jongema, made the trip with them to Minneapolis.

Edd Waller from Edcough is visiting his mother, Mrs. M. E. Waller and his sister, Mrs. Bob Garrett and family.

Mr. and Mrs. Edd Price of Ft. Worth visited over the week end with the home folks, members of the Bosch family. Returning home Monday morning, they took his brother-in-law and sister, Mr. and Mrs. Lovell Richardson, to Dallas for treatment.

You can't say that the man with the mustache is a bare-faced liar.

National Guard Activities

By M/Sgt. Charles W. Wristen
Our drill attendance for last Wednesday night was about the same as usual for this time of the year with 2 officers and 34 enlisted men being present here at Santa Anna.

Sgt. Charlie R. Owen was in charge of the entire company for the first hour of training, his subject being Domestic Disturbances. This type of training is particularly valuable to a Guardsman since it deals mostly with Domestic problems. The Guard is often called on in case of fire, flood or tornado. Several Guard units were called on for the Disaster Areas of Waco and San Angelo when tornadoes struck these two cities last month.

For the second hour of training the company was divided into two groups, Cpl. Gary D. Patterson was in charge of the first and second year men, his subject was Individual Weapons, stressing the Automatic Pistol. Sgt. Melvin W. Pollock was in charge of the third year men, his class was on "Use of the Compass."

Our present strength is the same as last week — 2 officers and 47 enlisted men. We have two enlisted men that are scheduled for discharge before we go to camp. They are Sfc. Roy E. Tucker of Midland and Pvt. Loyd F. Sutherland of Santa Anna.

Rites For Sam C. Carter Held Thurs.

Funeral services were held at 4 p. m. Thursday, June 11th, in the Santa Anna First Baptist Church for Sam Carter, who died in a Brownwood hospital at 8:30 a. m. Wednesday.

Death came after an illness of six months. The Carter home is at Lamesa, but he was making his home in Brownwood during his illness.

Services were conducted by Rev. H. C. Wigger, and Rev. Charles Cheaney.

Samuel Cornelius Carter was born in Milan County, June 13, 1884. He moved to Santa Anna in 1919 and lived many years in the Longview Community. He was a son-in-law of the late Mrs. R. L. Hamilton of Santa Anna. In 1940, he moved to Lamesa. Survivors include the widow, Mrs. Mary Carter of Lamesa; four daughters, Mrs. Ruby Bland of Terrell, Mrs. Lou Ellen Bland of Wolfe City, Mrs. Viola Smith of Bangs and Mrs. Lucille Norris of Lamesa; seven sons, James Carter of Brownfield, Robert of McKinney, Wayne, Alton and Loyd of Lamesa, Earl of Dallas and Bill of Big Lake. One brother Wiley Carter of Barstow, Calif., one sister, Mrs. Fannie Martin of Hollis Oklahoma; 26 grandchildren and three great grandchildren, also survive.

Burial was in the Santa Anna Cemetery with Davis-Morris Funeral Home of Brownwood in charge.

Talmadge Turner of Columbus visited several days last week with his parents, Mr. and Mrs. Arthur Turner. Mrs. Clara Madison, also of Columbus, well known teacher and pianist, came with him and visited also in the Turner home.

Mrs. Norval Wylie, Nancy, Eddie and Pete, visited from Wednesday until Sunday with her sister, Mrs. Basil Gilmore and family in Ft. Worth and with Norval, who is working there. Tom Gilmore came home with them for a visit.

Mr. and Mrs. Johnnie Hammond and two children of Carlsbad, N. Mex., are visiting this week with relatives the Frank Caldwell family.

The State Department of Health X-ray machine will be in Santa Anna Monday and Tuesday, July 6 and 7, for the purpose of taking pictures of all persons chests to determine whether or not they have any signs of Tuberculosis. The exact location of where the machine will be has not been determined, but will be announced in next week's paper.

This same operation was carried out in Santa Anna on June 7 and 8 in 1949 and 1,117 persons were X-rayed during those two days. Every person should have their chest X-rayed once each year to determine if there is any possibility of them having TB. This is a curable disease and if discovered soon after it strikes a person the cure is rather simple and not prolonged. However, the longer the person has the disease, the more complicated and prolonged is the treatment.

Wheat Allotment For New Farms

Farmers on land on which no wheat was seeded for any of the years 1951, 1952, and 1953 may apply for a 1954 wheat acreage allotment, according to Ozro Eubank, Chairman of the Coleman County Production and Marketing Administration Committee. To be considered for an allotment on a farm which had no wheat seeded for any of those years, the farmer must apply in writing to his County PMA Committee by June 30, 1953.

Blank application forms are available at the county PMA office for use in filling requests for allotments.

Carnival To Be Held At Goodfellow Field On July 3, 4 and 5

A group of military personnel from Goodfellow Air Force Base, San Angelo, will pay a friendly call to Santa Anna on Tuesday, June 23, to advertise a gala 3 day carnival to be held at the Base on July 3, 4, and 5.

Funds raised by the carnival have been earmarked to build a swimming pool for military and civilian personnel of the base.

Highlight of the three day affair will be awarding of 104 valuable gifts, headed by two 1953 model automobiles — a Buick Riviera and a British made Jewett Javelin sports car. The two cars will be on exhibition here during the visit by the Goodfellow contingent.

The carnival will open Friday, July 3, with a beauty contest — the contestants including representatives of various civic organizations in San Angelo and vicinity.

Saturday's program, July 4, will feature a gigantic fireworks display and an address by Texas Representative Martin Dies.

Gifts will be awarded the final day, July 5, and winners need not be present to be eligible for the prizes.

Other attractions include a Bingo game to be held in the air-conditioned Cadet Dining Room where 200 players can be accommodated. The prize list includes television sets, bicycles, radios, radio-phonographs, and a host of other valuable gifts.

A stage show, "The Follies", will be presented three times daily during the carnival in addition to an open air dance each night on the tennis courts.

Admission to the carnival is free, and plenty of parking space has been set aside for all participants. The carnival will open at 10 a. m. each day and close at midnight.

Mr. and Mrs. Tom Yancy and children of Benbrook and Mrs. Berta Keener and daughter of Ft. Worth were week end visitors with their mother, Mrs. C. F. Yancy.

Dr. Charles M. Henner, chairman of the Lions Club Committee sponsoring bringing the machine to Santa Anna, said this week that 1,877 cases of TB were reported to the State Health Department last week alone. He said these X-rays usually cost \$10.00 each when a private institution takes them, but they will be absolutely free if you have them taken by the Health Department machine that will be here. Dr. Henner urged everyone to be sure and have the X-rays made during the two days the machine is here.

Most State hospitals are overcrowded with TB patients. One near San Angelo is so crowded that a patient diagnosed in Santa Anna in February had to wait a little over three months before they could be admitted and another case was put number 87 on a waiting list for the East Texas Hospital. If a case is discovered early enough it can be treated at home.

Rev. Jack Payne To Continue As Local Pastor

Rev. Jack Payne, pastor of the local Methodist Church received an appointment to continue the pastorate here for the coming year. This announcement made at the close of the Central Texas Methodist Conference in Fort Worth Sunday. Rev. Payne is also to serve as Secretary of temperance education of the Brownwood District for the coming year. Rev. and Mrs. Payne and R. K. Green attended the conference.

Don Joplin, who has pastored the Rockwood church for two years, was transferred to Mullin and Rev. John Dowd was transferred to Rockwood.

Rev. J. D. F. Williams, a former pastor of the local church remained in Coleman and Rev. H. B. Loyd will continue as District Superintendent of the Brownwood District.

Mrs. T. R. Sealy returned home on Wednesday of last week from a 10 days visit with her son, Dr. Burgess Sealy and wife in Ft. Worth.

Dr. Max Woodward and daughter, Betsy, of Sherman were week end visitors with his mother, Mrs. W. B. Woodward.

Mrs. Arthur Switzer, well known in this vicinity, was very badly hurt on Wednesday morning of last week near Richland Springs. She is in a Brady hospital in a very serious condition.

Mr. and Mrs. R. V. Kimmel of Lubbock and their son, Turner Kimmel, were week end visitors with her mother, Mrs. Fred Turner. Mrs. Ross Mitchell, who had been visiting in Lubbock, returned home with them.

Mr. and Mrs. Oran Henderson and Ora Beth of Snyder, Texas, visited Friday and Saturday with her parents, Mr. and Mrs. Hardy Blue and John Hardy. On Sunday they attended the Henderson family reunion, which met in the Coleman Park.

Mrs. A. E. Campbell and Mrs. Iva Huffman returned home from Slaton on Wednesday of last week where they had visited in the Wendell Campbell home. Wendell was a patient in the Slaton hospital and somewhat improved when they left. In the same hospital, they saw Mrs. Bill Pritchard, who was getting along quite well, following surgery.

Mrs. Robert Turner of Denison came last Friday and brought Mrs. Kate Williams for a visit over the week end with her sister, Mrs. Fred Turner. Mrs. Robert Turner visited in the Turner home and with her parents, Mr. and Mrs. W. E. Vanderford.

DRAFT LAW AND REGULATIONS

(Editor's note: Following is one of a series of articles concerning the Draft Laws and Regulations of the nation and information to men of draft age.)

When a man is classified by the draft board, that classification is not permanent. It may be changed when the man's status changes.

Each classified man and each person who has filed a request for the man's deferment must report to the local board in writing any fact that might result in the man's being placed in a different classification. This must be done within 10 days after the change occurs.

Employers may be required to furnish information under the law, and police officials or other agencies may be requested to make investigations.

The local board may reopen and consider anew classification

of a man (1) upon his written request, (2) written request of a person who claims to be his dependent, or (3) any person who has on file a written request for the man's occupational deferment. This can be done, provided such request for reopening is accompanied by written facts not considered when the man was first classified, which, if true, would justify a change in his classification.

Draft regulations say that the "classification of a registrant shall not be reopened after the local board has mailed to such registrant an order to report for induction, unless the local board first specifically finds there has been a change in the registrant's status resulting from circumstances over which the registrant had no control."

Brig. Gen. Paul L. Wakefield, state draft director, points to two things which might happen to a man beyond his control: (1) a serious accident, or (2) death of

his father, resulting in his becoming head of the family.

The local board must always reopen a case at either the request of the national or state director of Selective Service and must cancel any order to report for induction, if that is involved in the case.

Your Hospital . . .

Dr. Charles M. Henner answers questions submitted to the hospital. Each week one or two questions will be answered. Please address all questions to Dr. Charles M. Henner, Santa Anna Hospital, Santa Anna, Texas.

QUESTION

Is it harmful to drink a glass of beer occasionally. Some doctors prescribe it to gain weight and make one feel better.

ANSWER

When you put that glass to your lips remember last year Americans spent \$9,150,000,000 for liquor. American industry lost over \$1 billion because of alcoholism. One-fifth of all absenteeism is due to alcoholism. Wage losses alone in industry are \$432,000,000 a year. 118,000,000 accidents last year were due to drinking. Of these, 10,000 were fatal. \$120,000,000 was lost in property damages due to drinking. Publically supported hospitals spent more than \$25,000,000 to care for alcoholics.

The National Safety Council, supported by coroners, judges, police and investigators, estimate that one-fourth to one-half of all deaths and injuries on the highway are due to drinking drivers or pedestrians—10,000 yearly dead and 340,000 injured. The lowest fatality mark in the nation is Detroit, where drunken drivers are sent to jail with sentences of from 10 to 90 days for the practical purpose of taking the drunken driver off the road before he kills or mutilates someone.

Overall national cost of traffic accidents in 1952, including medical expenses, insurance prop-

erty damage, was \$3,600,000,000. The Safety Council reports 1952 accident total 96,000 deaths, 4 times greater than all American deaths in Korea since the war started, during the same period 9,700,000 were injured. One-fourth or more were due to a drink or two. The drunk can't drive. Total cost to Americans was \$8,300,000,000.

America has 4,000,000 addicted drinkers whose drinking has caused serious business, domestic, legal or social difficulties and who are unable to leave alcohol alone. 1,000,000 of these are chronic alcoholics who have taken so much of it for so long that they show definite physical and mental degeneration.

From a national police journal: If you are a married man who absolutely must drink whiskey, start a saloon in your own home. Be the only customer and you won't have to buy a license.

Give your wife \$20 to buy a gallon of whiskey; there are 69 glasses to the gallon; buy your drinks from your wife at present prices per drink, fifty cents.

When the first gallon is gone, your wife will have \$34.50 to start in business again. If you live 10 years, continue to buy all your whiskey from your wife, and then die with snakes in your boots. Your widow will have enough to bury you decently, bring up your children, marry a decent man and forget all about you.

One glass of beer, can, mug or swallow will undoubtedly do no one any harm, but who is the individual that can take one and no more. Five to seven people out of every hundred who innocently and in good social company take a single glass of beer eventually become chronic alcoholics with both brain and body degeneration to such a degree that they are unable to even care for their own needs and become a burden upon society to the tune of several millions of additional taxes per year. As yet no one is able to predict who those people will be. Therefore the experts agree, "Don't Drink."

Mrs. N. S. Swanson of Valler, Montana, and Mrs. Vivian Underwood of Great Falls, Montana, are here for a two weeks visit with their mother, Mrs. Annie Taylor.

Registered Nurses Needed At Houston

Registered nurses are urgently needed by the Veterans Administration hospital at Houston. Dr. Lee D. Cady, Manager, has announced.

Salaries of the nursing positions to be filled range from \$3,740 to \$5,940, and include established VA benefits of annual

leave, sick leave and forty-hour work week. Housing accommodations are available on the station in some instances.

Interested parties are requested to write Chief of Nursing Service, Veterans Administration Hospital, Houston, Texas.

Carbon paper and sales pad at the News office.

From where I sit... by Joe Marsh

Heard About the Electric Weather Predictor?

Squint Smith built up quite a reputation last month by predicting the weather. What he said usually came true.

It got so that folks would sit around his little Antique Shop just to get his opinion.

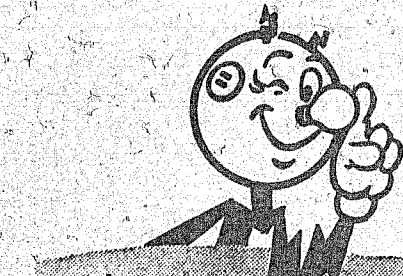

Last Monday, though, he said he didn't know what the weather was going to be like next day. That surprised us and when we asked what happened, Squint said, "Slipped up on my electric bill and was turned off. I'll get to my radio again tomorrow though." Squint had been getting

the weather over the radio—just like anyone else!

From where I sit, that's the way it goes with some "experts." They often don't have any more inside information than you can get for yourself. Like those who "know" cider is the only thirst-quencher after a day's work. Far as I'm concerned, I'll take a temperate glass of beer. But—I won't try to "predict" your choice for you.

Joe Marsh

Trickham News

By Wilms and Winona Bradley

(Too Late For Last Week)

The Upholstery School at the Trickham school house is progressing nicely. Several pieces are being done with (5) five H. D. Clubs participating.

Dr. Todd of Howard Payne College preached here both morning and night Sunday. The pastor, Bro. Weyland Snipes has resigned and gone to California. Dr. Todd was a dinner guest of Mr. and Mrs. A. J. Martin.

Visitors out for Sunday School were Mr. and Mrs. Travis Starkey and daughters of Brooke-Smith and Mrs. Etta Gardner of Abilene.

Jackie Ray Laughlin from Brownwood and Jimmy Laughlin from McCamey are visiting the Laughlins of Trickham.

Visitors in the S. M. Fellers home Sunday were their daughters, Mrs. Gene Watts and Miss Ollie Fellers. Also Mr. Charles Peacock of Ft. Worth. Mr. and Mrs. Rodney Dean of Rockwood, Mr. and Mrs. Leonard and family of Coleman. S. D. Fellers has gone to spend a few days with his sisters in Ft. Worth.

Mr. and Mrs. Edd Jones and Duvon, Mr. and Mrs. Key Bradley and children and Schottie Stearns attended church in Brownwood Sunday. After church they and other friends and relatives had lunch at the park.

Mr. and Mrs. Clark Miller were bed time visitors with Mrs. Kingston one night last week.

Mr. and Mrs. Bond Feather-

ston, John and Lou, attended a reunion of the Boatwright family in Brownwood Sunday. You will remember their mother was the former Miss Irene Boatwright.

Mr. and Mrs. Sam Craig visited relatives in Coleman Sunday.

Mr. and Mrs. Johnny Richardson visited in the Edd Roberts home Sunday.

Mrs. Rankin McIver's aunt, Mr. and Mrs. J. S. May of Bangs were visitors in the McIver home Sunday.

Those visiting the bedside of Mrs. Lee Vaughn, who is seriously ill are Mrs. Ona V. Robertson, Mr. and Mrs. Bobby Robertson, Mrs. Nan V. Wilcox, Mr. and Mrs. I. Proler and sons, all of Houston; Mr. and Mrs. Ike Vaughn of San Antonio, Mrs. Elsie Sheffield, Mr. and Mrs. Carl Sheffield of Brooksmith; Mr. and Mrs. Oran Sheffield of San Angelo; Mr. and Mrs. Jack Vaughn of Farmington, New Mexico. Mrs. Vaughn is showing some improvement, but is still very sick.

Mr. Ed Featherston of Santa Anna, who stays here and works for his brother, John Featherston, is back in a hospital at Temple and we wish for him a speedy recovery.

Visitors with Mr. and Mrs. Buck Mitchell Sunday were Mrs. Gene Watts of Ft. Worth, Misses Addie Little, Betty and Lea Mitchell of Howard Payne College, Patsy June and Thomas Ray Rutherford of Whon, Peggy Ford, Mr. and Mrs. H. B. James and Wanda.

Mr. and Mrs. M. A. Ford has a new pick-up

Mr. C. B. James and Frankie

Wells were visiting in Cross Plains Sunday.

Mr. and Mrs. Robert Stearns attended the birthday dinner for their daughter, Mrs. Alice Wells Sunday in Santa Anna.

Miss Melba Richardson is spending a few days in Abilene.

Mrs. Etta Gardner and her mother, Mrs. Flora A. McDaniel of Abilene, spent the week end with Mrs. Zona Stacy. Her son, Lester McDaniel, wife and daughter, brought them down as they were on their way to spend the week end with their relatives at Austin. Mrs. Flora McDaniel is blind, 84 years old. She came to Coleman County in 1875 from Ga. She will be remembered as the former, Mrs. Booker Billings of Rockwood.

Mr. and Mrs. Harry Ainsworth the former Clara Monsey, Monsey Reed of Big Spring, Mrs. Oresa, Monsey Smith of Ft. Worth and their mother, Mrs. Jessie Monsey of San Angelo were dinner guests of their grandmother, Mrs. Beula Kingston Saturday. Others who came in were Mr. and Mrs. Jim Rodgers, their son, Edward and wife, a niece, Miss Pat Taylor, all of Stephenville; their daughter and family, whose name I failed to get, from Hamilton. These were here for the funeral of their father and grandfather and great grandfather, Mr. J. H. Martin.

James Gray Laughlin from McCamey and Mr. and Mrs. Jack Laughlin and son, Jackie Ray of Brownwood were here for the funeral of their grandfather, Mr. J. H. Rodgers, and were dinner guests of their grandmother, Mrs. J. S. Laughlin, Bud, Gray, and Mr. and Mrs. Harry Wilson.

home ownership, the contract of purchase, final settlement or closing the loan, and what to expect before and after moving into a new home.

The responsibilities of the ve-

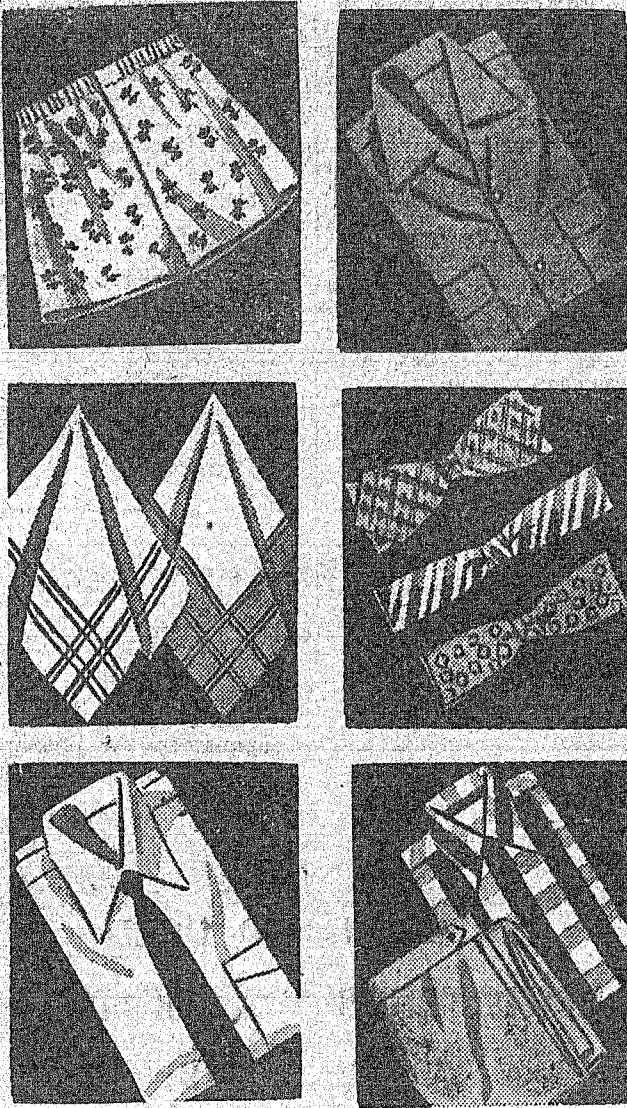

teran home owner and what the VA can and cannot do to assist the veteran are also discussed.

A copy of the pamphlet will be sent to each veteran applying for a certificate of eligibility for

a GI loan. Veterans also may obtain a copy by writing the nearest VA regional office. There is no charge for the pamphlet.

Book For Home Buying Veterans

"To the Home-Buying Veteran," a 32 page guide for veterans planning to buy or build homes with GI loans, is now available at all Veterans Administration offices.

VA said the pamphlet is designed to help World War II and post-Korea veterans get started on the right foot under the GI home loan program.

The pamphlet discusses what a veteran should look for in selecting the neighborhood, the lot and the house itself. It also covers the costs of

There's only one answer... Chevrolet trucks must be the best buy!

Fleet operators, farmers, independent truckers—truck users everywhere—buy more Chevrolets than any other make. There can be only one reason for that: Chevrolet trucks offer more of what you want.

As the official registration figures keep rolling in, they keep telling the same positive story about truck popularity and truck value: Again in 1953, for the twelfth straight production year, truck buyers show a clear-cut and decisive preference for Chevrolet trucks. If you're a truck user, this fact is mighty

important to you. Why? Well, as you know, trucks are built and bought for just one reason—to do a job. So isn't it logical then that since Chevrolet trucks outsell all others, they must do a better job at lower cost? That's why it will pay you to stop in and see us before you buy your next truck.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

So the People May Know

Cities, towns, and villages must publish in a newspaper notice of hearings to condemn property for highways by the County Condemnation Commission. These are the legal particulars:

"... The clerk, secretary, or recording officer of the city, or the said Commission itself, shall give written notice to the owners of property proposed to be taken or damaged and to all persons having any interest in or lien upon said property, of a hearing before said Commission (consisting of three disinterested freeholders of the county appointed by the county judge) which notice shall state the time and place of hearing, and may contain a brief statement of the nature and extent of the proposed improvement, and a description of the property proposed to be taken; such description may be by lot and block number, front feet, the name of the owner or owners, or by any other description which will substantially identify said property. Notice of said hearing shall be given by publication in a newspaper of general circulation in the county in which the property is situated, not less than three separate days, the first publication to be not less than ten days prior to the date of hearing. Notice by publication shall be valid and binding upon the real and true owners of property and all persons having an interest or lien upon the same. If it shall generally notify them to appear and be heard, without specifically designating said parties by name, and no error or mistake in the name of any person to whom said notice is directed shall invalidate the same. The governing body may provide for other and additional notice, but notice by publication shall in all cases be valid and binding, whether other notice is given or not. Said notices, and the return thereon, shall be filed with the city and preserved in its records.

CHRISTIAN SCIENCE LESSON-SERMON
The question "Is the Universe, including Man, Evolved by Atomic Force?" — which is the subject of this week's Lesson-Sermon in Christian Science churches — is answered by a vigorous "No!"

The Golden Text states, "The earth is the Lord's, and the fullness thereof; the world and they that dwell therein" (Psalms 24:1). Isaiah admonishes (44:8), "Fear ye not, neither be afraid: have not I told thee from that time, and have declared it? ye

are even my witnesses." And the Psalmist also says: "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people" (100:3).

Throughout the Bible are illustrations of God's government of the universe, and the Christian Science textbook says (p. 295), "God creates and governs the universe, including man." The creator is also called "God, who made all that was made and could not create an atom or an element the opposite of Himself" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 583).

Whon News

By MRS. TOM RUTHERFORD
WHON, TEXAS
PLEASE LEAVE NEWS ITEMS AT WHON POST OFFICE

We are sorry to report this week the serious condition of Mrs. Arthur Switzer who was critically injured in a car wreck last Wednesday morning near Richland Springs, when the front tire on the pickup blew out, driven by her son, Thomas. Occupants in the pickup were Mr. and Mrs. Thomas Switzer and baby and Mrs. Arthur Switzer enroute to Temple. Thomas is also a patient in Brady hospital, and is very painfully injured.

ed. Mrs. Switzer is also in the Brady hospital. We all wish her a speedy recovery, but reports this Monday morning are that she is not improved and her condition is still serious. All of her children are at her bedside.

Mr. and Mrs. Richard Cheatham and son of Eldorado, have visited Mr. and Mrs. Earl Cozart during the past week, spending Sunday night with the Cozart's.

Mr. Sammie Shields and Hilary Rutherford attended funeral services for Mr. Charley Rice at Winchell Sunday afternoon.

Mrs. Babe Gardiner was called to her mother's, Mrs. Wooten, bedside in Mason Monday morning. We trust she found her condition not so bad.

Our family is improved this morning from the mumps. Thomas Ray and Patsy June are still rather painful today. We sure thank everyone for kindnesses shown us during our illness.

Mr. and Mrs. Adkinson of Brownwood visited with Mr. and Mrs. George Rutherford Sunday afternoon.

Mr. Jim Carter of our community is also a patient with the mumps but feeling very well. Mr. and Mrs. Henry Smith were transacting business in Coleman Saturday morning.

Our WASHINGTON Letter
By Congressman **O. C. FISHER**

The Supreme Court, Weather, and developments in Korea vied with each other for Washington headlines during the past week. The Supreme Court handed down a decision holding that cafes in Washington must serve whoever comes regardless of color. It was an old law, enacted during Reconstruction days, and had been completely forgotten until some one ran across it last year. A test case was made. The Court of Appeals held it invalid, but the Supreme Court reversed the Circuit Court of Appeals.

On the weather side, the twisters which struck in Nebraska, Massachusetts, Michigan and Ohio last week brought the total loss in life over the nation this year to 222 with damage exceeding \$300 million. It's been the worst tornado year in modern times, although the worst

single year was 1925 when on one day, March 18, a twister swept through Missouri, Illinois and Indiana, killing 689 people. Nevada, where all the atomic tests have been held, oddly enough has reported but one tornado in 72 years.

The recent New England disasters gave rise to much speculation that the series of tornadoes this year had some connection with the A-bomb tests, and there was some talk of a Congressional investigation. But the atomic scientists and the U. S. Weather Bureau both ridiculed the idea. It would take 1,000 atomic bombs, the Weather Bureau said, to match the energy of a moderate-sized hurricane. Besides, winds stirred up by the last A-test were out of the country long before the most recent tornadoes hit. Dr. Wesler of the Weather Bureau insisted.

But there remains a lot of mystery about the cause of tornadoes, and particularly why so many this Spring during the time when all the bomb tests were going on. The Weather Experts say: "It just happened that way, and the next time it might be the opposite."

4-H Club Met With Trickham H. D. C.

The Trickham Home Demonstration Club met in regular session Wednesday, June 10, at the Mukewater Club Room with Mrs. Charlie Fleming presiding. The meeting was opened with songs led by Mrs. Oscar Boenicke and Mrs. Albert Dean led the prayer and pledge.

After a short business session, the guests were recognized and the program was turned over to Miss Wanda Schafer, assistant H. D. Agent.

Mrs. D. H. Moore introduced three 4-H Club girls from the South Ward School of Coleman, who gave an interesting program on treating garden seed before planting.

Each Home Demonstration Club demonstrator had an exhibit of their demonstrations for the year.

The remainder of the evening was spent playing games and singing songs directed by Miss Schafer.

Refreshments of angel food cake, punch and mints were served by members of the club to twenty-one visitors and seven members.

The next meeting will be June 24 at the Trickham Club Room with Mrs. Bond Featherston as hostess.

—Reporter.

Reservations Needed On All Texas Santa Fe Trains For Summer

Galveston — With the prospects of increased summer travel and to insure the comfort of passengers the Santa Fe Railway will require reservations for all chair car seats on its Texas trains having connections with the Grand Canyon trains operating between Chicago and California, D. J. Rodgers, passenger traffic manager, announced today. The reserved seat plan will become effective June 1 and there will be no extra charge, Rodgers said.

Reservations for coach seats under this plan will be required on trains 65 and 66 operating to and from the Houston terminal; trains 77 and 78 and 111 and 112 operating through the Fort Worth-Dallas area and trains 75 and 76 operating beyond Temple.

Seat reservations will also be required on the Grand Canyon between Chicago and Los Angeles. The plan was adopted to assure the coach traveler of a comfortable seat and to avoid the possibility of overcrowding, according to Rodgers.

Game Outlook Seems Varied

Austin — As successful coastal fishing continues to highlight outdoor activities, reports from the wildlife front indicate varied fall harvest prospects, according to the Executive Secretary of the Game and Fish Commission.

The outlook for hunting of both mourning and whitewing doves is considered fairly good. At least a part of the big game empire in the Hill Country is described as favorable for deer and turkey chances.

Reports from Canada reflect some concern over the effect of late spring storms on the waterfowl situation. But it seems certain that the large population that migrated north presages a good hatch despite occasional setbacks.

One blight still on the wildlife picture concern the quail, which slumped badly last year. While it is too early yet to get an accurate population check, the Executive Secretary observed that field reports generally

Scripture: Galatians 5-6.
Bible Lesson Reading: Galatians 6:1-10.

Free—Then What?

Lesson for June 21, 1953

TWO kinds of people pay little attention to law. One kind is made of very bad citizens, so bad that sometimes they lose their citizenship. The other kind is made up of those who are the best citizens. Sometimes they even receive medals or other honors from their communities or from the state. How can this be?

The answer is that the first kind live far below the law; the second kind live far above it. Criminals and crooks are lawless because they are anti-social, they are enemies of society and do not want to be a part of the community. But the other kind of people go far beyond the law, as we saw last week. The best husbands probably do not know what the laws are which govern husbands' treatment of their wives. The best fathers may not know what the statutes are which prescribe the duties of parents. These husbands and fathers are far better than any law could make them.

Dr. Foreman

Law In One Word

All this is true of the law of God. His laws are not a precise number of statutes and ordinances. His laws are not a code like a federal code or a municipal code. The entire law of God is summed up, Paul says, in one word, that is, love. Now Paul would not for a moment deny that we ought to love God supremely. But here he is thinking about loving one's neighbor as oneself. No law, no shelf full of statute books, no encyclopedia of decisions by the Supreme Court, can cover all cases. But love does cover all cases. You cannot always tell what the law says in a given case. Maybe the law says nothing at all. But love always has something to say. Love always has an answer.

We Know Love

Even if you do not know what the law is, you always know what love is. Because we do know, naturally and always, what it is to love ourselves. Loving yourself means keeping your own interests at heart, giving yourself the benefit of the doubt.

The divine law of love is: Be just as much interested in others as you are in yourself. Be willing to take trouble for them, watch out for them, give them the benefit of the doubt, think ahead for them. When St. Paul talks about Christians being free, he does not mean being free from love, but for love. What is it that ties us down and keeps us from loving our neighbor? Isn't it our love for ourselves? The Christian way of life is to be free from our own demands so as to be free to serve others.

When The Bible Does Not Speak

Some people think of the Bible as a kind of rule-book. Well, there are rules in it, and some of them are applicable to our modern problems. But we have some problems in modern living that the Bible says nothing about. For instance: Shall a Christian use tobacco? Is it a sin for the Christian to bear arms? These and many other questions are not dealt with in the Bible as flatly and sharply as "Thou shalt not steal." For this reason, many Christians think that if the Bible does not mention some problem in so many words, they are free to do as they please about it. By no means. The Christian is free from the law as a curse, as a condition of God's favor, or as a cage; but he is never free from the law of love. And since God is love, and since love is the law of our life as Christians, then the Bible always does have something to say about every situation. It has at least this to say: What does love—God's kind of love—suggest?

Freedom And The Spirit

Some Christians have made the mistake of thinking that if a person is spiritual enough, he will be set free from all human obligations. They have supposed that the law of love, in the sense of love to one's neighbor, is on a lower plane somehow than love of God; and that if a man once gets up in the stratosphere of the divine love, then he can simply forget the world outright. No one who takes his New Testament seriously can make that mistake. Read in Gal. 5:22-25 Paul's list of the fruits of the Spirit. These are not ripened in solitude, but in company with others and in their service.

(Based on outlines copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

\$95,200. The federal estate tax on her estate, enhanced by what her husband had left her, is \$31,200. If instead of leaving the property to his wife he had left her the income from it for life (the remainder to go to their children upon her death), her taxable estate would have been only \$100,000. The federal estate tax thereon would have been \$4,800.

There would have been a tax saving of \$26,000 (\$31,200 less \$4,800, the tax on her \$100,000 estate). Yet the wife, during her lifetime, would have been well provided for. She would have had \$100,000 (her half of the community estate) plus the income from her husband's half of the community (\$100,000 less estate tax thereon of \$4,800.)

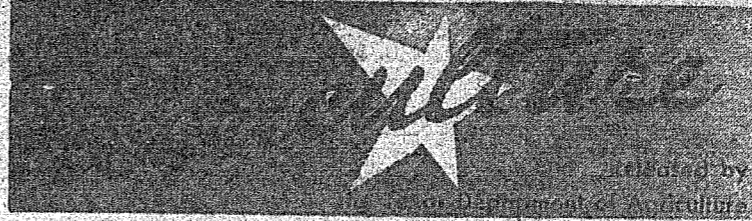

Many a man has worked hard and lived frugally all his life in an attempt to provide for his loved ones long corridors of security stretching far into the future but has cheated them of the full benefits of his efforts by failing to plan properly. Perhaps he has failed to make a will. Maybe he has undertaken to write his own will with the result that it fails to take into account contingencies that did not occur to him, or he has prepared a will that is so artlessly drawn that those he loved most become involved in bitter lawsuits. Such legal controversies over estates are wasteful and often leave scars that rankle for years.

The drafting of a will involves the making of decisions requiring special judgment which can be obtained only by years of training and study. Only the practicing lawyer can avoid the enumerable pitfalls and advise the course best suited for each individual.

A free pamphlet containing useful information on wills and related matters may be obtained by sending your name and address on a postcard to State Bar of Texas, Austin 15, Texas.

(This column, based on Texas law, is written to inform—not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Mrs. Ann Kulp left Saturday morning for Temple for an indefinite visit with her daughter, Mrs. Charles Zenor, who has been in failing health for three years. Mr. Zenor visited briefly with Mrs. Kulp on Thursday, and reported Mrs. Zenor was not doing so well.

TEXAS' NEW GRAIN WAREHOUSE LAW

Texas now has its first grain warehouse bill. And for the first time, the farmer has adequate protection for his grain and field seed held in storage by a state licensed grain warehouse.

Long needed as a protective measure for stored bulk seed, the Public Grain Warehouse bill was passed during the recent 53rd legislative session. As a result, a depositor has his commodities insured against fire, theft, misappropriation, damage due to careless handling, or acts of God.

Also, for the first time, the farmer may use his stored grain receipts from state licensed warehouses as negotiable security.

The bill is Texas' answer to the grain scandals which rocked the nation in late 1951 and early 1952. Briefly, it requires that each public warehouseman obtain bond, secure a license of operation from the Texas Department of Agriculture, and carry sufficient insurance to cover the full value of bulk grain stored in his bins.

Bonds are set at \$5,000 minimum and \$50,000 maximum, subject to the decision of the Commissioner of Agriculture who can raise or lower it as he deems fit for the best interests of depositors. The licenses are issued over his signature.

The law has an exception. Warehouses having a license from the Federal Government are not required to meet the state provisions. The regulations are so similar that it would make for unnecessary duplication.

The first eight licenses of operation were issued early this month to J. R. Cooper, representative from the J. C. Crouch Grain Co., headquartered at Dallas. By law, other public warehousemen will follow suit until every holder of public grain can offer the proper protection necessary to depositors.

Frequent inspections of the warehouses will be made by

Texas Department of Agriculture personnel. Copies of the bill and regulations are available without charge by writing: John C. White, Commissioner of Agriculture, Capitol Station, Austin.

Cotton Pests, Insects Cost Farmers Money

Bryan — Value of cotton kept out of production by pests in Texas in 1952 was approximately \$18,783,000 less than in 1951, according to the National Cotton Council.

Releasing statistics based on the USDA final crop production figures for 1952, George G. Chance, chairman of the Texas state unit of the Cotton Council,

said cotton crop losses due to insect damage in Texas amounted to \$100,932,000. This compares with \$119,715,000 in 1951.

Because of boll weevils, pink bollworms, cotton aphids, thrips and other pests, Texas cotton farmers last year lost an estimated 502,950 bales of cotton and 200,023 tons of cottonseed.

Cotton insects last year reduced the full yield in Texas an estimated 7 per cent.

Pink bollworms took a record toll in the Lone Star State, damaging cotton to the extent of \$22,500,000.

Losses in the 16 major cotton producing states totaled an estimated \$289,768,000 as compared with \$391,955,000 in 1951. Last year cotton pests claimed approximately 1,444,000 bales of cotton and more than 574,000 tons of seed.

Average reduction in full yield amounted to 6 per cent.

IT'S THE LAW in Texas
A public service feature of the State Bar of Texas

ESTATE PLANNING IS TASK FOR EXPERTS

A lawyer can be of considerable assistance in advising a client how to bequeath his es-

tate so as to take care of his loved ones and at the same time to effect maximum savings in estate taxes.

To illustrate, suppose John Doe and his wife have amassed community property worth \$200,000. John wants his wife to be well taken care of during her lifetime. To save an attorney's fee he writes his own will leaving everything to his wife. He dies soon thereafter and his wife dies six years later. The federal estate taxes on his one-half of the \$200,000 estate amount to \$4,800.

When the wife dies her estate is worth her original one-half of \$200,000 (100,000) plus the estate she inherited from her husband

Rockwood News

By MRS. JOHN C. HUNTER

ROCKWOOD, TEXAS

PHONE 1003

Mrs. Bob Straughan, a patient in Coleman hospital, is reported to be doing nicely. Judy Bryan is home from a

visit in Killeen and Carolyn Sue Crouch came to spend the week with her.

Mr. and Mrs. Howard Pearson and boys of Burnet spent Wednesday with Mrs. J. W. Wise. Jay Steward left Friday for Alamosa, Colorado, where he has employment for the summer. Mr. and Mrs. Bob Halmon and Jerry Carl of San Angelo, spent Wednesday night with Mr. and Mrs. Carl Buttry.

Mrs. Lige Lancaster of Tricham returned home Saturday morning after spending the week with her mother, Mrs. J. C. King who accompanied her home for a visit.

Mr. and Mrs. E. D. Black, Gary and Elaine of San Angelo spent

Wednesday night with Mr. and Mrs. Tom Bryan.

Mr. and Mrs. Garland Harkey and children and Mrs. J. O. Harkey have returned to their home in Riviera, Calif., after visiting with Mr. and Mrs. Claud Box and Mr. and Mrs. Boss Estes.

Mrs. Garnett Reeves, Truett and Bryan of Lubbock have returned home after visiting in the Estes and Box homes.

Mr. and Mrs. Ardis Caldwell and baby of Houston came Friday to visit with Mr. and Mrs. Ray Caldwell.

Mr. and Mrs. Miller Box and Jerry of Ft. Worth came Saturday to visit with Mrs. J. W. Box and Mrs. J. W. Wise and other relatives. Mr. Box and Jerry went home Sunday and Mrs. Box remained for a longer visit.

Mrs. Gusie Wise and Miss Billie of Ft. Worth spent the week end with Mrs. Jim Rutherford and family.

Mr. and Mrs. Bill Mueller of Austin were week end guests with Mr. and Mrs. Evan Wise.

Mrs. Howard Rehm and son, Willard of Uvalde, are visiting with Mr. and Mrs. Tony Rehm and other relatives.

Mrs. W. G. Williams reports her sister, Mrs. Nina Wallace, very ill in a San Angelo hospital. Harold McCarrell is driving a new Studebaker car.

Thursday evening guests with Mr. and Mrs. Lon Gray were Mr. and Mrs. Eugene Watkins and daughters of Nashville, Tenn., and Mrs. J. E. Watkins of Santa Anna.

Mr. and Mrs. Elec Cooper and family left Sunday to visit with Mr. and Mrs. N. V. Bolton and family at Fort Pierre, S. D., and Mrs. Cooper's parents, Mr. and Mrs. Frank G. Hartman, of Marengo, Iowa.

Mrs. A. G. Hall, Mrs. Minta Scoggins and Billy Ed, were at Hext last Wednesday to attend a pink and blue shower for Mrs. Donella Saunders at the home of Mrs. H. O. Williams.

Mrs. Ralph Hall and granddaughters, Patty and Pamela Whitmore of Lohn were Friday guests in the Hall home.

Mrs. Woodrow Estes was admitted to Brady hospital Friday, where she received surgery.

Mr. and Mrs. Bob Mobley of San Angelo were week end guests with relatives.

Sunday afternoon guests with Mr. and Mrs. Uless Maness were Mr. and Mrs. Nathan Parker, Sandra and Carolyn and Mrs. Ara Ripley of Brownwood and Mr. and Mrs. Bob Mobley of San Angelo.

Mrs. Minta Scoggins and Billy Ed were week end guests of Mrs.

Nelda Long in Brady.

Mr. and Mrs. A. L. King went to Ft. Worth Monday morning to visit with relatives.

Recent guests with Mr. and Mrs. A. L. Crutcher were Mr. Truman McDowell, Mrs. Mary Lucy Norris, Jerry and Joyce and Mrs. M. E. D. Atchison of Ft. Worth. Jerry Norris remained for an indefinite stay.

All of them visited in Coleman with Mr. and Mrs. Joe A. Hodges and son, grandmother Crutcher and Donald Ray Carnes.

Mrs. A. E. Switzer is in a Brady hospital in a critical condition following a car wreck last week.

Mrs. Bill Bryan, Patricia and Judy were Sunday luncheon guests with Mr. and Mrs. Cecil Davis in Brady.

Patricia went to Killeen Sunday to spend several days with relatives.

We regret to announce Mrs. J. A. Estes was taken to the Coleman hospital Monday morning.

Mr. and Mrs. Richard Cheat-ham and son, Tony, of Eldorado, visited Saturday with Mr. and Mrs. Bill Steward and Sonsy.

Sunday evening guests with Mr. and Mrs. Carl Buttry were Mr. and Mrs. Bill Bryan and Judy and Mr. and Mrs. Wimpy Watson.

Mr. and Mrs. Joe F. Estes left Tuesday for their home in Roswell, N. Mex., after spending vacation with Mr. and Mrs. Sam Estes and Raymond.

Mr. and Mrs. Dee Mankins of Coleman were Sunday dinner guests of Mr. and Mrs. Drury Estes as they were enroute to Corpus Christi for a vacation.

Mr. and Mrs. Clyde Box and Don of San Angelo spent the week end with Mrs. J. W. Box and Miss Linnie.

Mr. and Mrs. Darrell McQueen and baby of Gruver spent Monday with Mr. and Mrs. Lee Miller as they were enroute home from a vacation trip.

Mr. and Mrs. J. A. Townsend Gladys, Mrs. Wayne Townsend and Linda Joyce visited relatives in Hamilton Friday to Sunday.

Sunday afternoon guests with

Mr. and Mrs. Lee McMillan were Mr. and Mrs. W. C. McMillan and granddaughter, Sammie Lou Speigle of Rochelle and Mrs. Sharon Kilmer of Ft. Worth. They also visited with Mr. and Mrs. Leon McMillan.

Sunday guests with Mr. and Mrs. Lee Miller were Mr. and Mrs. C. N. Davenport of Coleman and Mr. and Mrs. Bernice Lawrence and family of Fisk.

Mr. Purcell of Coleman was speaker at the Church of Christ at the Sunday morning worship hour. He was accompanied by Mrs. Purcell, Mr. Perkins, Mr. and Mrs. Claude Tyler and

Charlie E. Burkett of San Angelo, who was song leader.

Marcus Johnson was admitted to the Santa Anna Hospital Sunday.

Jim Foster of San Antonio spent Friday night in the home of Mrs. Kate McIlvain. Calls in the McIlvain home were Mr. and Mrs. Fox Johnson, Mr. and Mrs. Bob Johnson and Mr. and Mrs. N. J. Buttry.

Mr. and Mrs. Richard Cheat-ham and Tony of Eldorado visited briefly Saturday afternoon with Mr. and Mrs. Aubrey McSwane and Garland. Tony spent Saturday night with Garland.

What is the most valuable thing General Electric ever built?

Is it the jet engine? In 1942, General Electric gave America's air arm its first jet muscles. Would you say that is our most valuable product?

Or would you elect the fluorescent lamp? We placed the first ones on sale in 1938. With the growth of fluorescent lighting Americans are using 3 1/2 times more light than even 10 years ago.

Maybe you would say our star performer is the steam turbine. All you do is flip a switch, and a turbine somewhere instantly responds to provide the power to pump for you, or push or lift.

How about x-ray? Your doctor holds a negative up to the light and peers at bones he says are really yours. Who can say how many lives the x-ray tube has saved?

Important as these products are, more valuable to us—and to you—is something these products have helped to build. Something born quietly in 1878, when electricity was still a curious toy. And something that has grown steadily through the years.

The most valuable thing we ever built is your good will. For your year-after-year confidence in the things we make has given us the means to serve you better. Better engineering, research, manufacturing—all have come from your belief in us. It returns to you in a constantly improving and expanding way of life.

You can put your confidence in—
GENERAL ELECTRIC

BENSON TO APPEAR AT TECH

Secretary of Agriculture Ezra Taft Benson will appear for a speaking engagement on the Texas Tech Campus June 27 as part of the American Cotton Congress in Lubbock, June 25-27. Secretary Benson will take part in the Congress Field Day on the campus where industrial exhibits will be on display.

White Commends F. B. Officials On Warehouse Law

Austin — The Texas grain farmer now for the first time has adequate protection for his crops held in storage, according to Commissioner of Agriculture John C. White.

Because of the Public Grain Warehouse Bill, passed during the recent 53rd legislative session, a depositor of grain in a public warehouse has his commodities insured against fire, theft, misappropriation, damage due to careless handling, or acts of God, White stated.

Also for the first time, the farmer may use his stored grain receipts from state bonded warehouses as negotiable security.

In commenting on the bill, White said, "This was a long-needed piece of legislation. I am particularly grateful to Mr. J. Waller Hamond, president of the Texas Farm Bureau Federation; Mr. C. H. DeVaney, vice-president; Mr. Loys Barbour, Farm Bureau director, and many others for their assistance in helping make this law a reality."

The state farm organization, representing more than 180 organized counties, maintained a legislative office in the state capitol this year for the first time. This office was staffed by DeVaney and Barbour, both farmers.

The new warehouse law, intro-

\$51,500,000 Donated To March of Dimes

New York — Eighty million Americans contributed \$51,500,000 to the fight against infantile paralysis in the 1953 March of Dimes, it was announced today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

This total, based on reports from 3,069 volunteer campaign chairmen, represents a new record, being 24% higher than the previous record total raised in 1952, Mr. O'Connor said. Last year \$41,432,605 was contributed, or 27½ cents per capita for the entire nation. The 1953 per capita is 34 cents. Both figures are based on the 1950 census.

"The new record shows that millions of parents and children who fight against polio realize the crucial stage of this battle has been reached," said Mr. O'Connor. "They know that recent progress in scientific research and the continuing increase year after year of polio cases make their responsibilities greater than ever before."

Mr. O'Connor paid tribute to the 2,000,000 March of Dimes volunteers who conducted the fund-raising crusade in 100,000 communities throughout the nation.

"Without their unselfish efforts, the American people would not have been so acutely aware of the increasing responsibilities of the National Foundation," he declared. "Obligations imposed by five years of heavy outbreaks of the disease plus increased expenditures for new developments in the field of research have made larger sums vitally necessary for the fight against infantile paralysis."

"Despite larger public contributions each year, the National Foundation has ended the last four years with outstanding

duced by Rep. W. R. Chamber of May and Senator Andy Rogers of Childress, requires that all public warehousemen not previously licensed by the federal government, secure a license from the Texas Department of Agriculture. Insurance to fully cover all grain in storage also is required. The warehouseman further protects his customers by obtaining a bond not less than \$5,000 nor more than \$50,000; the amount being at the discretion of the Commissioner of Agriculture.

Biologist Nabs Big Bad Lions

Austin — Wildlife Biologist Fred Moore of the Game & Fish Commission staff usually leaves lion trapping to the predator control. But when lion tracks got too numerous around his camp in the Black Gap restoration area in the Big Bend country, he set out some traps. Right away he caught one fine specimen. Later his dogs jumped another one. It fled up a canyon and stepped smack into a trap Moore had planted.

Ever stop to wonder where the taxpayer gets all the money the politicians take away from him?

Then there's the one about the GI returning from overseas, who remarked as he passed the Statue of Liberty: "Put your torch down, honey, I'm home."

'Tis said that more women should be in politics, because their minds are cleaner. Maybe so, but they oughta be, they change them more often.

ills, mainly to hospitals, of from three and one-half to seven million dollars. Thus, for this period of time, each succeeding March of Dimes has been, in effect, mortgaged for such an amount before any new cases were reported in the new year.

"But each year, thanks to our tireless volunteers and to an awakened public, the bills have been paid, research has gone forward unhampered by financial limitations, and every polio patient who needed help was

given assistance for medical and hospital care."

Mr. O'Connor added that in 1953, as in the past, the course of the disease cannot be predicted. All chapters of the National Foundation, however, are prepared to assist the unknown thousands who will need March of Dimes help this year, he said.

The preliminary financial figures showed that all 48 states exceeded their 1952 contributions with the state of Nevada showing the largest percentage of in-

crease. Other large increases were reported from Minnesota, Iowa, Michigan, Nebraska and New Mexico.

Top per capita figures were recorded by Nevada, which averaged 94 cents, while Wyoming, with 69 cents, and Idaho with 65 cents, came next in order.

Residents of New York State made the largest dollar contributions, totaling \$5,098,000 for the state, while California with \$4,426,000 and Ohio with \$3,074,000 followed.

WARNING

There have been a number of complaints over the county about dumping trash, garbage, brush, etc., in the public right-of-way.

This is a violation of the law, and anyone found guilty of it is subject to a fine of from \$10 to \$200.

We respectfully request your cooperation in avoiding this action
