Farewell Party For Dr. Henner At H. S. Thursday Night

The Santa Anna Lions Club and the Community Chamber of Commerce are sponsoring a Farewell Party for Dr. Henner at the high school Thursday night, September 15. All of his friends are invited to attend.

Dr. Henner will be presented with a small gift from the sponsoring organizations, which will be presented by Cullen N. Perry, president of the Lions Club. Dr. Henner will give a few farewell remarks. Ice cold watermelon will be served to all who attend.

Miss Elsie Lee Harper went to Eldorado Sunday for a visit of several days with her brother, S. D. Harper and family.

F. Z. Payne was home for the week end from Lovington, New Mexico. Dan Blake, who had been working there, also returned home.

New Motor Vehicle Inspection Date

Austin — Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today that the Public Safety Commission has set September 15, 1955, through April 15, 1956, as the new Motor Vehicle Inspection period for state motorists.

Garrison pointed out that this will give Texas car owners a full seven months to report to one of the more than 4,000 licensed inspection stations in the state for a safety check of their vehicles.

Mr. and Mrs. James Hipp and daughter, Linda Kay, have moved to Santa Anna and are living in the Douglas house on the corner of South First and Avenue C. Mrs. Hipp is the former Wynnell Wristen. Linda Kay, six years old, is a new pupil in the Santa Anna Schools.

Porcupine Has Interesting Time

The porcupine that was captured on the Tom Rutherford place at Whon last week and put on display at The News office during the weekend, created considerable excitement and several hundred persons saw the animal that had never been seen before.

A very peculiar animal, he was very quiet during the day-time and apparently slept most of the time when someone was not watching him. He did not seem to eat or drink during the day, but all this changed after dark. He would drink at least a full glass of water and more, eat sweet potatoes, carrots and maize, and did every thing possible to get out of his cage. Every day we had to fix the cage in some place where he had twisted and broke some of the wires on the cage. However, he did not seem to be vicious or unusually disturbed when anyone was around.

We learned soon after he arrived here that he could not throw his quill, as we had thought and it seems most of the people had the same thoughts. He uses his quill for his own protection and unless some object gets close to his body, his quill usually lay fairly close to his body. However, he could prick them up very rapidly and if the object was close to his tail, it was filled with quill in a hurry. His tail and long, sharp claws seemed to be his only means of self protection.

As far as we know, a porcupine will not harm anything or any body unless it is for his protection. Many children and grown-ups visited him during the five days he was here and at least 49 out of 50 of these folks had never seen one before.

A very interesting animal and we appreciate the Rutherford's bringing him in for our friends to see.

Uranium Sitting House Opens In Co.

M. B. Casey of Coleman announces this week that he has opened a Uranium House in Coleman for the use of people in Coleman County. The house is located two doors west of the bus station in Coleman and the dirt comes from the Newburg Community in Comanche County.

Mrs. S. S. Baker left Tuesday for Galveston for a check-up in a hospital there, where she previously had treatments.

Mountaineers Lose To Junction Friday Night; Play Cross Plains Here This Week

Santa Anna opened the fall football season Friday night with a 6-31 loss to the Junction Eagles before a crowd, estimated at about 500 people. The local boys are under the direction of a new coach and are changing their football tactics. Lack of experience was a big factor in the outcome of the game, and also Junction is rated as a much better team than the Mountaineers are for the start of the season.

The Mountaineers scored their only score early in the first period soon after they recovered a Junction fumble on the Junction 31 yard line. On the second play Hilary Rutherford bucked through right tackle and cut to his left and had gone 23 yards to cross the goal line almost before the Eagles knew where he was. The try for extra point was missed and that completed the Mountaineer scoring.

Junction scored in every quarter and twice in the third period. Near the end of the first period Charles Dobbs went around right end for 12 yards and the TD and then kicked the extra point. About midway in the second period Dobbs passed to Mickie Cavaness for 25 yards and another TD, making the half-time score 13-6 for Junction. In the third period Clovis Barker recovered a Junction fumble in the Santa Anna end zone for 6 points and a few minutes later Roy D. McCullough recovered a Santa Anna fumble on the Mountaineers 3rd yard line and on the next play Jerry Dutton carried the ball over the goal line. Midway in the final period Bert Mansfield plowed through the middle of the Santa Anna line and went 32 yards for the final Junction score.

The games were marred with numerous roughing penalties for Junction and several fumbles on both teams. Junction received eight 15-yard penalties and three 5-yard penalties for a total of 135 yards, Santa Anna received a total of 54 yards in penalties.

HOSTS TO CROSS PLAINS
Friday night at 8:00 p. m. the Mountaineers will play hosts to the Cross Plains Buffaloes on the local field. This will be the third game for Cross Plains and they will be seeking their third win of the season. Cross Plains is ranked second only to Ranger in Class 7-A this season and they are going all out to win every game.

In their opening game Cross Plains edged out Baird by a 7-0 score and then last Friday night they took Roscoe to the tune of 30-0.

However Coach Van Bremen is also going all out to win this game. The boys are going

Junior Boys Win Close Game From Bangs Tuesday Nite

The Junior Mountaineers, under the direction of Coach A. D. Donham, won a close game from the Junior Bangs Dragons Tuesday night, 6-0. The touchdown was made on a 20-yard run by Roy Payne near the end of the game. Try for extra point was missed.

Coach Donham reports all the boys played a good game, with fair blocking, good tackling and the boys showed a lot of hustle. During the first period the local boys got down to the one yard line and fumbled the ball, and did not get within scoring distance again until in the final period. They completed seven out of 10 pass attempts. First downs for both teams were about even.

During the second period Bangs worked their way down to inside the 10-yard line and the local boys put up a stubborn defense and held for downs.

Next Tuesday night the Junior Mountaineers will play May on the local field.

DISTRICT COMPETITION

Only two teams in District 32-A won their games Friday night. Bangs won over Eden by a 25-18 score and Mason won over Fredricksburg by a close 26-25 score. Santa Anna lost to Junction 31-6; Goldthwaite took a 35-13 pounding from Hamilton; Georgetown to a 12-0 game from Burnet; and Llano fell before the tough Round Rock eleven 19-12.

SEASON STANDING

Team	W	L	T	Pct.	Pts	Op
Bangs	1	0	0	1000	25	18
Mason	1	0	0	1000	26	25
Santa Anna	0	1	0	000	6	31
Goldthwaite	0	1	0	000	13	35
Llano	0	1	0	000	12	19

EARLY GAME ON NEXT THURSDAY

The Mountaineers will play their first game of the season away from home next week, when they travel to McDonald Field at Early on Thursday night, September 22. Game time will be 8:00 p. m. This game was moved forward one night because of a conflict with other games being played in Brownwood.

W. Tilden Jones Appointed To Serve As Mayor

W. Tilden Jones, administrator of the Santa Anna Hospital for the past several years, was appointed by the City Council last Thursday night to replace Dr. Charles M. Henner as Mayor of Santa Anna. Dr. Henner resigned at the regular meeting of the Council last Thursday night, with his resignation to be effective as of September 15. Jones' appointment was to become effective at the time Dr. Henner's resignation went into effect.

Dr. and Mrs. Henner will leave Santa Anna this week to go to Trinidad, British West Indies, where he will be Chief of Surgeons at the Port of Spain Adventist Clinic.

Dr. Henner purchased the hospital here and opened it in July, 1952 and since that time has increased the value of the property considerably. He has enjoyed a very large practice while here and has been active in Community life. He has served as a director of the Community Chamber of Commerce, a member of the Lions Club and as secretary and president of the county medical association.

Dr. Henner has contributed the hospital to the Seventh-day Adventist Church and they will have two doctors here for its operation. Both have already arrived and are practicing at the hospital and clinic.

The Seventh-day Adventist Church was dedicated Saturday. This church was purchased by Dr. Henner and has been completely remodeled and is now a part of the Seventh-day Adventist Church of Texas.

Bill Griffin's Featured In "Turkey World"

Mr. and Mrs. W. B. Griffin and the Griffin Turkey Farm was featured in the September issue of "Turkey World", a magazine serving the turkey industry of the United States.

Mr. Griffin was pictured on the front page of the magazine holding one of his Beltsville White turkeys, which he has been raising since 1947. In the copyright article, the life story of the Griffin's in the turkey industry is re-lived.

Mr. Griffin is the president of the Texas Turkey Federation, and has served on the board of directors for a number of years. He is a member of the board of directors of the National Turkey Federation and has served two terms as president of the Texas Poultry Improvement Association.

Griffin is one of the few breeders in the nation who produces hatching eggs the year 'round. He has an extensive operation in the south edge of Santa Anna where he raises about 10,000 Beltsville Whites and 10,000 Broad Breast Bronze turkeys each year.

It's a crime, isn't it? No hot water for anything else—or anyone else—once her thirsty automatic washer goes to work. But let's not blame the washer. A slow, tired old water heater is the villain here. And now is the time to replace it with a fast, new Long-life Ruud Alcoa Alloy Automatic Gas Water Heater.

The Fastest Washer Meets Its Match in a "LAUNDRY-RATED" RUUD ALCOA® ALLOY!

HOTTER! Any water temperature up to 180°! And you need this extra-hot 180° water to maintain in-the-washer temperature of 160°—best to make your white and colorfast cottons, linens and rayons really clean.

FASTER! Extra-fast recovery replaces hot water in the tank quickly for all demands. Gives you always-hot water for every use—even for continuous automatic clothes washing.

CLEANER! Long-life Ruud Alcoa Alloy supplies crystal-clear hot water at any temperature. You'll have hot water—free from red rust—for the laundry, and all over the house, too.

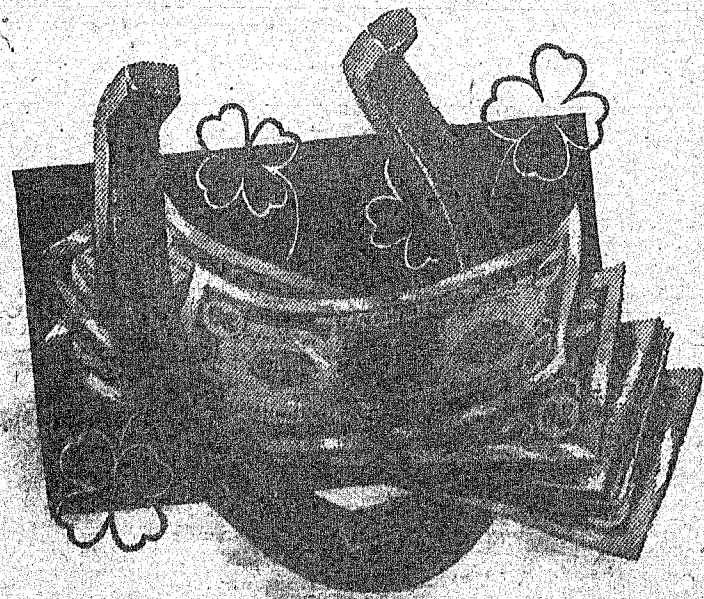

CHEAPER! Uses gas, the most economical automatic fuel, most efficiently. And it's practically maintenance-free. Longer life makes overall cost-per-year a record low!

ASTONISHING PERFORMANCE!

And that's only half the Chevrolet story

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

A lightning-quick power punch that makes your driving safer! That's one of the reasons for Chevrolet's winning stock car record—but it's not the only one. Not by a long shot!

The sizzling acceleration of Chevrolet's new "Turbo-Fire V8" is half the story; but it takes a lot more besides. Cornering and handling qualities really count on the NASCAR* Short Track circuit where Chevrolet's king—just as they count for safer and more pleasant highway driving. And even the high-priced cars don't slice through a tight turn as neatly—or handle as sweetly—as this beauty. The record proves it!

Come on in and sample all the things that give Chevrolet its winning ways. We're keeping a key ready for you!

To: Leeper Wyatt Lumber Company, a corporation, and the unknown stockholders of said corporation and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 119th Judicial District, Coleman County, Texas, wherein the City of Santa Anna, a municipal corporation, is plaintiff, County of Coleman is impleaded party defendant, and Leeper Wyatt Lumber Company is defendant, by the filing by said plaintiff of a petition on the 9th day of September, 1955 and the file number of said suit

being No. 7963-B and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit: Being Lot 18 in Block 31 of the Original Town of Santa Anna, in Coleman County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows: City of Santa Anna, Texas \$63.81 TOTAL \$63.81

The names of all taxing units which assess and collect taxes on said property not made party to this suit are none.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 24th day of October, A. D. 1955 (which is the return day of such citation), before the honorable District Court of Coleman County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Santa Anna, Coleman County, Texas, this 9th day of September, A. D. 1955.

G. A. Hensley
Clerk of the District Court,
Coleman County, Texas
119th Judicial District.

Former Santa Annans Enjoy Trip To Cuba

Mr. and Mrs. Martin Lehnis of Brownwood returned to their home recently after an all-expense vacation to Havana, Cuba, as guests of an insurance company he is employed with.

The trip was awarded Mr. and Mrs. Lehnis on the basis of his record with the company. The trip was made by air transportation via Miami, Florida. There were 409 persons at the insurance convention in Havana.

GET THE COTTON THEN DESTROY THE STALKS

College Station — Boll weevils and pink bollworms, insect dollar grabbers of the cotton fields, are plentiful in most areas of Texas. The showery weather reduced the effectiveness of control measures and enabled the insects to increase to record numbers.

To stop a further increase, Extension Entomologist F. M. Fuller says farmers should destroy all cotton stalks immediately after the harvesting job is completed. He recommends that a shredder type stalk cutter be used and then followed with a plowing job which will get all plant material covered deeply. The big objective is to destroy the insects' food supply and thus force them into winter hibernation in a weakened condition. This will mean fewer survivals and a lower emergence rate next spring.

Besides being the most economical control method, early stalk destruction also gets the soil in top condition for planting a winter legume crop and improves its water holding capacity.

Fuller says to be most effective, the stalk destruction program should be carried out on a county or area-wide basis. The larger the area the better, he adds. The biggest returns come when the stalks are destroyed just as far ahead of frost as is possible. But the practice is worth-while, he explains, even if delayed until only a few days before frost.

He says reports from the southern part of the State indicate that counties in that area have met their deadline dates for having all cotton stalks destroyed and urges cotton producers in the other areas to do the job just as soon as the harvest is completed.

24th Annual Prison Rodeo Set For Oct.

Huntsville — The original Texas Prison Rodeo, which has been called "The Wildest Show on Earth", has gotten a little wilder and faster each succeeding year. The 1955 version, being staged here each Sunday in October, promises to live up to expectations as the wildest and fastest outdoor sports event on record.

Albert Moore, Prison Rodeo Manager since 1932, is putting only the best performers — inmate and animal — into the arena. Right now it's round-up time in the prison system's river bottom pastures and the farthest corners are being combed for rodeo stock that hasn't seen a human being for the past 11 months.

"We've got plenty of new riders volunteering for this year's show," says Mr. Moore, "but only the best of these convict cowpokes will be in the arena next month. A special 'try-out' rodeo, no practice session, will be held to eliminate any 2nd rate 'wobble' waddies as well as to cull any stock that doesn't meet our high standards."

The best to be had in added attractions and specialty acts, sure-fire hits wherever they have played in the rodeo circuit, have been booked for this big annual fall event. Pasadena and Rusk Riders have been booked for a Mounted Do-Si-Do, Mrs. Fay Kirkwood, noted Fort Worth horsewoman, will appear as will the "Valkyries", girl thrill riders. These are just a few of the many added features of this year's big show.

Contingent upon acceptance by Governor Allen Shivers from his headquarters in Austin, Chairman H. H. Coffield of the Prison Board's Rodeo Committee, who extended the invitation, advised prison management that October 2nd would officially be "Governor's Day" at the Rodeo.

Mr. Coffield revealed that members of the State Legislature and ranking state officials have been invited to attend opening day ceremonies as guests of the Prison Board. It is expected that many of the state's solons and officials will attend.

Unrehearsed, unpolished and certainly unsophisticated, the 1955 production of the Rodeo

that has had dozens of appellations coined by the nation's top news and magazine writers referring to its roughness, rowdiness and speed; the recklessness of its performer and the wildness of its stock tacked to its name, promises to live up to every one of them.

SECOND SUNDAY SINGING WELL ATTENDED

The regular Second Sunday Singing at the North Side Baptist Church last Sunday afternoon, was well attended with lots of good singing and plenty of leaders. The next Second Sunday Singing will be at the First Christian Church on October 9th beginning at 2:00 p. m. Don't forget to attend.

Mrs. J. F. Goen was in Temple a part of last week to be with her husband, who has been a patient in a hospital there for several weeks. Mr. Goen, with a heart affliction, is confined to his bed and will be a patient for some time yet.

Mrs. Kittle Walker returned to Warrenville, Illinois, on Wednesday of last week where she lives with her daughter after a months visit here with her sister, Mrs. R. C. Gay, and other relatives in this area.

Miss Florence Harper of Denver, Colorado, came this week for a several weeks visit with her sisters, Misses Ruby and Elsie Lee Harper and others of the Harper family.

Mrs. A. L. Oder returned home Monday from a trip to Atlanta, Texas, where she visited with relatives and attended a large gathering of old settlers on Labor Day at Ravanna, Ark. Going she visited with her son, Clifford and family, at Longview and returning she visited with Harry and family at Abilene.

Mr. and Mrs. Robert Trinklein are the parents of a new baby son, born on September, 7th in the Overall Hospital. He has been named, Jonathan Bruce.

Mrs. Taylor Wheeler returned home Sunday from a ten days visit with her son, William V. Wheeler and family, at Albany. The son and family brought her home.

PTA Has 1st Meeting Of Year Tuesday

There was a very fine attendance Tuesday afternoon when the P. T. A. met in the first session of the school year.

The new officers, Mrs. Montie Guthrie, President, Mrs. Norval Wylie, Vice-President, Miss Lea Mitchell, Secretary, and Mrs. Richard Horner, Treasurer, were at their places.

Upon entering the Cafeterium where the meeting was held, refreshments of cookies and punch were served from a lace laid table with zinnias and queens wreath decorations. Those serving were Mrs. Olene McClure, Mrs. Tom White, Mrs. Hazel McCrary, and Mrs. Norman Hosch.

Speaker for the afternoon was our new Superintendent of Schools, Prof. Cullen Perry, who brought a most informative talk on phases of school administration and what the state of Texas does about it. Until recent years thousands of acres of rich oil lands were not taxed for school purposes. Schools in rich areas get only their per capita allowance while schools in poor districts get much more assistance.

It seems the financial outlook for Santa Anna Schools is quite good.

In a business session following Mr. Perry's talk, Mrs. Billy Campbell, finance chairman, announced plans for having a part in landscaping of school grounds. She also announced a bazaar to be given on October 22, to raise funds for the organization. In the room count, Mrs. Harry Crews' 3rd grade pupils won the attendance award.

It was voted to raise the annual dues from 50c to 75c per year and 50c will remain in the local treasury.

There was a note of earnestness in the discussions and it seems that Mr. Perry will have the cooperation of the P. T. A. members in whatever he undertakes.

The next meeting will be on Tuesday, October, 4th. Plan now to attend.

Mrs. Bivins Hostess To Self Culture Club

The first meeting of the club year was held on Friday afternoon late, at the picnic grounds on Home Creek that the Otis Bivins purchased recently from the George Richardson's. Mrs. Norval Wylie, the new president was in charge. The club programs this year are built on "Well Known Women."

The first in a series was given by Mrs. Bivins, a new member, who discussed Emily Post in a most interesting manner.

Other program features were omitted because of the necessary absences of those to give them.

Following the program a picnic supper was enjoyed with those attending taking food.

Members attending besides those mentioned above were: Mrs. Buri Sparkman, Mrs. J. L. Harris, Mrs. Charles Evans, Mrs. J. H. Martin, Mrs. C. L. Eeds, Mrs. F. Z. Payne, Mrs. Preston Bailey, Miss Alta Lovelady and Mrs. Tom Mills, a visitor.

GO TO CHURCH SUNDAY

Williams - Moore Vows Exchanged

Miss Patsy Nell Williams, daughter of John L. Williams of Santa Anna, became the bride of A/2c Leo Moore, of Coleman, in a ceremony read by Rev. Jimmy D. Williams, brother of the bride. The vows were exchanged at 3 o'clock in the afternoon, Sunday, September 4, in the First Baptist Church of Santa Anna. The church was decorated with greenery interspersed with white gladioli.

Wedding music was furnished by Miss Barbara House, organist, who played "O Promise Me" and the traditional wedding music.

The bride, given in marriage by her father, was dressed in a white nylon, over taffeta, ball-length dress. She carried a white carnation bouquet atop a white Bible.

Miss Winona Bradley, of Santa Anna, was bridesmaid. She was dressed in pink taffeta, and carried a bouquet of pink carnations. Bobby Woods of Coleman, was best man.

When A/2c and Mrs. Moore left for a short wedding trip, she was wearing a suit of baby blue with white accessories and a shoulder corsage from her wedding bouquet. A/2c and Mrs. Moore will make their home in Austin where he is stationed with the Air Force.

Miss Dixie Crews To Marry Soon

Mr. and Mrs. Crews announce the engagement and approaching marriage of their daughter, Dixie Marilyn, to Mr. Maxie Joe Driskill, son of Mrs. L. W. McDonald of Bellevue, Washington.

The marriage is scheduled to be held at the First Methodist Church in Santa Anna at 6:00 p. m. Saturday, October 8. A reception will be held at the Crews home following the wedding.

Miss Crews is a student in the Santa Anna High School and Mr. Driskill attended school in Brownwood.

Liberty Home Dem. Club Met Tuesday

The Liberty H. D. Club met in regular session in the community building Tuesday afternoon, September 13th.

Mrs. Olin Strange, the president was in charge. Mrs. W. H. Pittard gave the Council report. Plans to attend the annual all day county wide meeting were made. This will be on October 13th. A very interesting program on Civil Defense was given by Mrs. Vernon Penny and Mrs. Olin Strange.

There was a good attendance.

RANDELL DEAN PRICER HONORED ON BIRTHDAY

On Wednesday, September 7th, Mr. and Mrs. Luke Pricer entertained with a birthday dinner for their son, Randell Dean, who was 4 years old on that day.

The dinner was held in the home of Mrs. Pricer's parents, Mr. and Mrs. E. W. Gober. A birthday cake with pink icing and blue decorations was served.

Others present besides those mentioned were: Gaylon Lee Pricer, also Mrs. J. W. West and Marcia of Brownwood.

Social Security Questions & Answers

QUESTION: What are the changes in the Social Security Law that affect farm workers who are not regularly employed but who only work part time or certain periods of the year?

ANSWER: Beginning January 1, 1955 all workers employed on a farm, including part-time workers, are covered by the Social Security Law if they are paid \$100 or more cash wages by a farmer at any time during the calendar year. The provisions of the old Social Security Law regarding the length of time worked and the qualifying quarter are no longer in effect. In 1955 and later years each farm operator who pays a farm worker \$100 or more in cash wages during the year will report all the wages paid the worker (up to a maximum of \$4,200) to the Internal Revenue Service. This provision of the new law brings more than two million additional farm workers under the program. This means that most farm workers and their families have protection under social security.

State Fair To Have Many New Exhibits This Year

A solar "battery" which converts sunlight into electrical energy.

Television in full color on a giant, movie-size screen.

An "automatic" kitchen which takes practically all the work out of fixing dinner.

This may sound like a dream of the distant future, but it'll all come true at the 1955 State Fair of Texas, October 7-23.

These and other wonders will be included in a world of free exhibits to demonstrate the marvels wrought by modern science.

Even the current "do-it-yourself" craze will be represented by equipment with which the Fairgoer can test rock samples to see if he's discovered uranium in his backyard.

Highlights of the thousands of exhibits at the Fair include:

The color television studios in the Agriculture Building, where daily live telecasts will take place and closed circuit shows which can be seen only on the fairgrounds will be produced.

The 39th Southwestern Automotive Exposition, featuring new 1956 models of many manufacturers. By way of contrast, the Antique Auto Show will also be housed in the colossal Automobile Building.

The International Center, where there will be exhibits by nine foreign countries - Japan, Egypt, India, Finland, Germany, Great Britain, Sweden, Belgium and France.

The Electric Show, with its "dream" kitchens in which electricity does virtually all the work for the homemaker.

The Agriculture Show, whose provocative theme, "Your Stake in Agricultural Research," points up its appeal to the housewife and consumer as well as those who earn their living from the soil.

The Food Show, where delectable free samples will be given away by exhibitors of many various types of victuals.

The Women's Building, crammed full as midday's handbag with glamorous exhibits of interest to the ladies from high fashion models in daily free style shows to prize-winning jams and

jellies.

The always-popular array of farm implements and machinery, covering two acres of space on the fairgrounds, ranging from monstrous earth-moving equipment to the latest model tractors with power steering.

The model rooms - one decorated with furnishings from all over the world to show how they blend into a Texas setting, one an ultramodern living room and dining terrace, and one a 17th Century colonial kitchen.

Santa Anna Sand Best In Texas For Glass Making

Austin - Good supplies of silica sand, limestone and soda ash, plus the cheap natural gas needed to keep furnaces at volcanic temperatures, are attracting major glassmakers to Texas, the University of Texas Bureau of Business Research reports.

The current issue of Texas Business Review, the Bureau's monthly publication, contains a survey of "Texas Glassmaking - Today" by Robert H. Ryan, the publication's managing editor.

Glass manufacturers have established container plant in the near future. Glass-in-plastic fabricators are located in Houston, Fort Worth and Austin. Glass textiles are manufactured at Seguin.

The Santa Anna sand of West Central Texas and a lower grade sand mined in Bexar and Atascosa Counties are Texas' two present sources of commercial silica for glass manufacture. Dr. John T. Lonsdale, University of Texas Bureau of Economic Geology director, says there is only an "outside chance" of finding important new deposits of glass sand in Texas.

"Obviously there's plenty of sand," Dr. Lonsdale adds, "but not much of it can meet the rigid specifications of the glass industry."

Other Southwestern states, particularly Oklahoma, have important glass sand deposits. But Oklahoma has its own glass industry, and surplus production of sand available for shipment to Texas plants is limited.

All that is necessary for a divorce nowadays is a wedding.

"Keep An Eye On All Small Fry" Says TSA

"Keep an eye on all small fry!" Mr. E. C. McFadden of Dallas, Vice-President of Employers' Casualty Company and President of the Texas Safety Association, Inc., made that appeal to motorists today in the drive against traffic accidents to children being sponsored this month by the Texas Safety Association, the Department of Public Safety and the National Safety Council.

"Children have a way of moving faster than the eye, and it's hard to keep up with them," Mr. McFadden said. "Yet the only way we can hope to cut down on traffic casualties which claim so many of our children today is to keep a wary eye for sudden and unpredictable action of small fry."

"Many accidents happen in the twinkling of an eye. A child suddenly looms up from nowhere, there is a screech of brakes, and another casualty is added to the growing figures."

Mr. McFadden said that while parents, schools, and the police department are working constantly for greater child safety on streets and highways, there are many problems yet unsolved.

"One of the major problems," he said, "is coping with the impulses of children and training them in safety precautions from pre-school age through adolescence."

"The only way to tackle this problem of unpredictable behavior in children, especially in crossing streets, is to urge that motorists keep a sharp lookout and drive slowly through school and playground areas, especially during the peak hours of school traffic in the morning and afternoon," he said. "Schools and parents are doing their best to train small fry to be more safety-wise and are doing a remarkable job."

"There were 4,100 children killed in traffic accidents last year," Mr. McFadden concluded. "We must stop this needless slaughter of our children. And it is up to us to protect children by heeding the oft-repeated warning: 'Drive slow. Protect our children!'"

Ever wonder how grandmother could endure those antique chairs? Well the answer is she was tired when she sat down.

James T. Riley Owns Mystery Farm No. 22

James T. (Jim) Riley, who lives on Gouldbusk Route One, one mile north and one and one-half miles west of Shields, is the owner of Mystery Farm No. 22, as appeared in The Santa Anna News last week. Known as the old Nash Farm, Mr. and Mrs. Riley have lived on the place for the past 30 years.

Mr. Riley said he remembers very well when the first part of the farm was put in cultivation, as he lived only about three miles from the farm when a Mr. Sullivan put it in cultivation. The second owner of the farm was a Mr. Nash, for whom the farm is known, the third owner, Sol Thompson, sold the farm to Mr. Riley in February, 1924. He and family moved on the place early in 1925 and he has lived there since. In 1949 he built a two-room hired hand house on the place, but has not made many other improvements during the past few years.

Mr. and Mrs. Riley came to Coleman County in 1904 and settled on a farm about three miles from this farm. They were married in the home of his wife's parents near Palmer, in Ellis County, in 1900. She is the former Della Epps, and was raised in Ellis County. They are members of the Church of Christ, and he is a member of the local Masonic Lodge.

Children of the Riley's are: Cleburne, who lives with his parents; Mrs. Thelma Ashford of Houston; Emmet, who lives west of Gouldbusk; Mrs. Inez Fitzhugh of Odessa; and Mrs. Zelda Pendergrass of Odessa. They have 11 grandchildren and two great grandchildren.

Asked about his hobbies, Mr. Riley said he guessed it was "getting in the car and going to town, as he enjoyed being in town very much."

He and son farms 737 acres of

THE HOME OF MR. AND MRS. J. T. RILEY

land in two farms. There is 360 acres in his home place and 377 acres in the other place. He does 195 acres in cotton and about 70 mostly row crop farming and has acres in maize and hegarri at the present time. He had 230 acres in oats, but did not harvest any of it. He said he got some grazing off the oats, but not very much. His favorite crop is cotton, and they usually try to raise a few head of livestock. However, this year they are not raising any livestock and only have four head of cattle.

Last year the Riley's had one of the best cotton crops in the county and then they only made about 1/5-bale to the acre. He said his cotton looked awful bad this year and was afraid it was going to take about 10 acres to get a bale from. He never has used any fertilizer in all his

farming career. One of his farms is terraced, but the other one never has been.

Asked if we could quote him on some subject, Mr. Riley said, "I sure would like to see a change in the weather, for the better."

Mrs. Roy Stockard, R. N. of Santa Anna, and Mrs. Belle Holmes, R. N. of Coleman, were in San Angelo Monday night to attend the once a month meeting of Nurses Association, of District 16.

CHRISTIAN SCIENCE LESSON-SERMON

The fact that understanding the allness of God, Spirit, frees man from the idolatry of materialism will be set forth at Christian Science services this Sunday.

Keynoting the Lesson-Sermon entitled "Matter" is the Golden Text from I Corinthians (10:14): "My dearly beloved, flee from idolatry."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following passage will be read (475:3) "To

infinite Spirit there is no matter, — all is Spirit, divine Principle and its idea."

Scriptural selections will include the following from Isaiah (42:5-8): "Thus saith God the Lord, he that created the heavens, and stretched them out; he that spread forth the earth, and that which cometh out of it; he that giveth breath unto the people upon it, and spirit to them that walk therein; — I am the Lord: that is my name; and my glory will I not give to another, neither my praise to graven images."

What Is Right?

Lesson for September 18, 1955

THE most dangerous notion in the world is that "right" and "wrong" do not mean anything at all but "I like it" and "I don't like it." When people begin to think along that line, all the walls are down, they have made the surrender of their character. Right and wrong do mean something, and all the slippery philosophies to the contrary notwithstanding, a person who is blind to these green and red lights is headed

Dr. Foreman

straight into trouble. Even when people are professing not to see any sense in those great words, for themselves, however, they do see how important they are for others.

Doing As Everybody Does

One of the wrong ways to find out what's right and what's not, is the simple, easy, and foolish method of counting noses. That is, some people will think anything at all is right if enough people do it. At the lowest level, take some primitive tribe in Borneo where men are admired in proportion to the number of heads—human heads—they have cut off and brought home. The "best citizens" of such communities are the most murderous! Now it has not occurred yet to some of those people that this killing is wrong; everybody does it, everybody has always done it, so it must be right. At the upper level, or at higher levels anyhow, take some American school or college where more than two-thirds of the students cheat on examinations. Everybody does it, the freshman is told, so it must be all right. In the same community, perhaps, people who should know better will indulge in liquor just because "everybody" does it. But you cannot make a wrong thing right by addition.

Doing As You Like

Another mistake about right and wrong is to suppose that if a thing appeals to you strongly enough it must be right—for you. One man's meat is another man's poison, you will be told. If it is pleasant, that is a sign it is good; if it is unpleasant, that is a sign it is bad, or wrong. Now everybody knows how silly this is, when they see some one else putting up this kind of excuse. But when it comes home to one's own self, one sings a different tune. We hear talk like this: "I have a right to be happy, haven't I? . . . You can't expect me to sacrifice my own interests. . . . Something I want so much can't be very wrong. . . . I'm in the grip of something too big for me. . . . After all, I've got myself to consider. . . . If you knew how much this means to me you wouldn't blame me. . . ." and so forth, and so forth. Now there is a grain of truth—no more than a grain, mind you—in this kind of philosophy of life. Certainly the opposite is wrong, too: if the pleasant is not always the same as the good, the unpleasant is not always good either. Stuff you hate to eat may be good for you (like spinach) or it may be bad for you (like underdone sausage). In an ideal life, a person would love to do what is right to be done, he would not hate it. Still it does not follow that duty is always delightful, or that the "kick" we get out of something is a measure of how right it is for us.

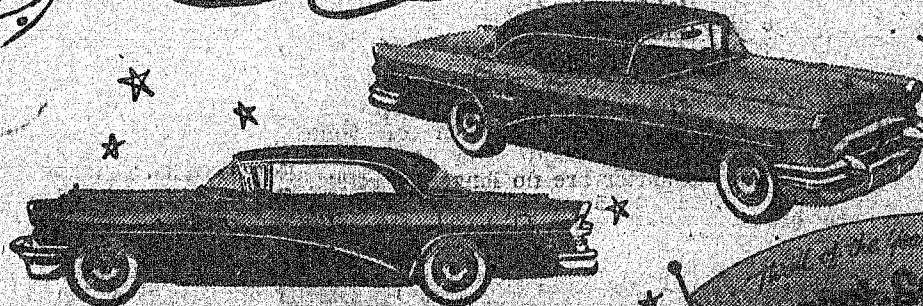

Doing What God Likes

Malachi the prophet many centuries ago said pretty plainly, in the name of God, what is the real difference between right and wrong. (And of course this is not the only place in the Bible where this comes out.) The righteous (the good man) is one who serves God; the wicked man is the one who does not serve him. Now that is not so simple as it is true. The will of God cannot be read off like a blueprint. God does not stand at a man's elbow all day long dictating to him moment by moment what he must do. Nevertheless in the Word of God we have the main lines of God's will plainly shown. We are never to be saved the trouble of thinking our problems through. But yet we do have some course-lights, some beacons on our way. We have the Ten Commandments. We have the Golden Rule. We have the inspired word, "He that loveth his neighbor hath fulfilled the law." The will of God—the right for men and women—is as simple, and as profound, as love.

MRS. RALPH McWILLIAMS
There was a good attendance at the Baptist Church Sunday. We heard a good message by the pastor, Rev. Conner. The Brotherhood will meet Thursday night. All the men are invited to be present.

Mr. and Mrs. Ralliff of Eldorado visited with the R. A. Milligan family Monday afternoon.

Mr. and Mrs. Ben Carroll and Mr. and Mrs. R. A. Milligan went to Noche Thursday to see the freak hole that was blown out last week. Several others went up during the week. They reported it worth anyone's time to go and see.

Miss Jean Stewardson visited in Brownwood Tuesday and Wednesday with Mr. and Mrs. Glen Cullins and family.

Bobbie Bevell came home over the weekend. He is in school at Howard Payne in Brownwood.

Mr. and Mrs. Elton Jones and Karen visited Mr. and Mrs. T. J. Dalton and family Friday night.

Tommy Watson visited over the weekend with his grandparents, Mr. and Mrs. E. S. Jones

and Mr. and Mrs. Booker Watson. He's helping with the fall plowing.

Mr. T. O. Nalley and Mrs. Ralph McWilliams visited Mr. and Mrs. Otis Powers Wednesday night.

Rev. and Mrs. Conner were dinner guests of Mr. and Mrs. Truett Hipsley Sunday. Rev. and Mrs. Conner are both teaching in the Santa Anna schools, so they are very busy people these days.

Miss Mary Ola Milligan is back on the job teaching in the Coleman school.

Mr. and Mrs. George Stewardson Jr. were dinner guests of Mr. and Mrs. Burt Howington of Santa Anna on Sunday.

Mr. and Mrs. Neal Nalley and family of San Angelo were weekend guests of the Ralph McWilliams family.

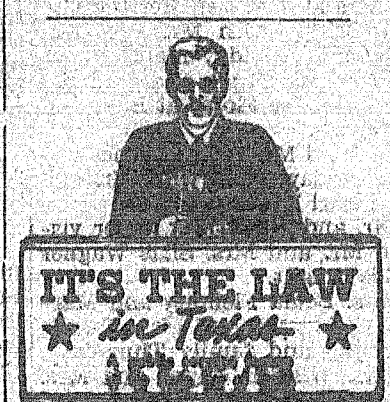

Mr. and Mrs. Otis Powers and Mr. Louis Newman visited Mr. and Mrs. Ralph McWilliams Sunday night after church.

Mr. Louis Newman has been on a trip to Dallas during the past week.

Visitors in the George Stewardson, Sr. home last week were Mr. and Mrs. M. A. Richardson and Mr. and Mrs. W. J.

Steward of San Angelo. Mrs. Emma D. McClain visited Mr. and Mrs. B. S. Jones Sunday afternoon.

Mr. and Mrs. Elton Jones and Karen visited Saturday night with Mr. and Mrs. Herman Gilbreath and Glen.

RESPECT SCHOOL TRAFFIC
Thousands of school children are trooping back to school. Many of them will be transported by school buses. Fortunately most people are careful when approaching a school bus which may be standing beside the road or school to pick up school children or allow them to alight. But, nevertheless, we have had some very bad accidents because a child or a motorist, or both, were careless at that very time.

Most Texans are aware of the law which requires a driver to come to a complete stop when overtaking from the rear a school bus which has stopped to receive or discharge school children. After stopping immediately behind the bus, he is then allowed by law to proceed past same at a speed "which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

What many persons do not realize is that the very same rule applies when MEETING a stopped school bus. While everyone is interested in protecting our children, unthinking violators of this simple safety rule greatly outnumber those who comply. Failure to follow the law in this

area can lead to fines up to \$200.00 even when no accident occurs. Following an accident in which some child is injured or killed, the penalties are naturally much more serious.

Although the above rule does not apply when passing a stopped school bus in a business or residential district of a town, the necessity for extreme caution even in those locations is obvious.

When it comes to overtaking and passing moving vehicles, exercise of ordinary common sense will generally keep a driver within the law. For instance, when passing a car it is only sense to proceed on past it a safe distance before cutting back to the right side of the highway. Also, any driver would realize the danger of increasing his speed while another is attempting to pass him.

In the same category is the prohibition against passing on the right under most ordinary conditions. Of course, you may legally pass on the right in a few specific instances, such as when the vehicle overtaken is making or about to make a left turn, or upon a one-way street with two or more lanes, or upon a four-lane highway.

However, our traffic laws state that when passing on the right is allowed, it shall be done only under conditions permitting such movement in safety. And, in no event, should such passing be accomplished by driving off the pavement or main-traveled portion of the roadway.

Familiar to all are the no-passing zones designated by dash lines placed to one side of the center stripe on our highways. Not so well known are the restrictions against crossing the center line when approaching within 100 feet of or when traversing any intersection or railroad grade crossing.

A driver should never cross the center line of a highway when the left side of the road is not clearly visible and free of oncoming traffic. Generally speaking, when not engaged in passing another vehicle, one should not drive to the left of the center of the roadway.

(This column, based on Texas law, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

A-3/c Curtis Lee Shields of Whon sailed for Okinawa Saturday, September 3, for a two year stay on the island. He is the son of Mrs. Mell Shields and took his training at San Antonio and Denver, Colorado.
