

MEAT SITUATION

Empty Cattle Lots Prophesy Shortage

CHICAGO, April 30. (AP)—Empty cattle lots dot the Midwestern landscape today, a ghostly reminder of last summer's short corn crop. They provide a sad warning to people who like to eat meat. Market analysts said today the empty feed lots mean a tremendous reduction in meat production, starting in about 30 days.

At this time of year, Midwestern farms normally are jammed with cattle undergoing a luscious grain diet prior to being shipped to market. It's that grain, mostly corn, which puts weight on the animals to provide tasty meat. But it isn't that way this year. H. J. Gramlich, agricultural agent of the Chicago and Northwestern Railway, said "Many cattle feeders have temporarily folded up."

hundred thousand cattle are fattened each year, there does not now appear to be a single head," Gramlich said. Mark Pickell, secretary of the Corn Belt Livestock Feeders Association, was equally pessimistic. "In a trip through Southern Illinois," he said, "I stopped at a farm where I never have seen less than 400 cattle on feed. The feed lot gates were open. Not a head was in there. "Around Pleasant Plains, where I've never seen less than 5,000 or 6,000 cattle on feed, and I've often seen 10,000 to 15,000. I couldn't find more than 1,000."

West Europe Must Set Up Own Defenses

U. S. Military Support Depends On Such Action

WASHINGTON, April 30. (AP)—Key European powers will have to work out their own grand strategy of defense against Russia. Until that is done any final decision on the kind and exact scope of American military backing for Western Europe is unlikely. This became evident today on the basis of information from both diplomatic and administration officials. They agree that in planning what amounts to a military alliance the American government must know exactly where, how and what for the Europeans intend to set up their own defenses. At the moment there is no indication of any plan to increase the United States forces now in Europe.

Lewis Asks Talks On New Contract

Present Document Expires June 30

MAKES MONEY IN PIG IRON — Miss Alice Hansen signs a document in her office in New York during an interview. In a Lone Star Corporation's stockholders meeting in Dallas, President Eugene B. Germany revealed that Miss Hansen president of the Pittsburgh Mill Steel Company of New York, had purchased 105,000 tons of pig iron from the Lone Star company in March, 1947, at about \$40 a ton and was due to realize a profit of about \$2,000,000 on resale of the material at the current price of about \$75 per ton. (AP Wirephoto).

WASHINGTON, April 30. (AP)—John L. Lewis today asked soft coal operators to meet with him May 18 to negotiate a new contract. The United Mine Workers' present contract expires June 30. Lewis said in letters to all coal companies and associations which had signed the current agreement last July that he is ready to start negotiations in the Shoreham Hotel, Washington, May 18 at 10 a. m.

Rail Dispute Draws Huddle Of Mediators

CHICAGO, April 30. (AP)—The nation's railroads, threatened with a strike on May 11 by three operating brotherhoods, sent representatives into a huddle today with federal mediators who are attempting to effect a settlement of a long-standing wage dispute. The three unions met with the mediators yesterday. Chairman Frank Douglas of the National (Railway) Mediation Board expressed hope of reaching an agreement before the strike deadline, but statements from two brotherhood presidents were on the gloomy side. Alvaney Johnston, president of the engineers, the third union which yesterday joined in the May 11 strike call issued earlier by the firemen and engine men and switchmen, said an offer for further arbitration would be rejected. A similar statement was issued by D. B. Robertson, head of the firemen and engine men. Robertson said in Cleveland "we've gone through arbitration and we are through discussing the matter through boards. They (the railroads) will have to come through with more money or the strike will start as set on May 11."

GENERAL SPEAKS

Says Reds Can't Visualize A-Bomb

ATLANTIC CITY, N. J., April 30. (AP)—Lt. Gen. Leslie R. Groves said today "it is still too difficult for Russia and her satellites" to understand the power of the atomic bomb.

Groves, who headed the Army's Manhattan District which developed the bomb, told a luncheon of the United Nations Atomic Energy Commission to reach agreement on atomic control. He attributed this failure to the inability of member nations to comprehend the power of the atomic weapon. "It is easy for one to speak of a city being destroyed in an instant, but it does not follow that one comprehends it," he said. The general said that the atomic bomb appears today "to be the one thing which enables the United States to remain at peace without a complete surrender of all of our principles."

Local Precinct Conventions Set Saturday

First step in the presidential campaign takes place here Saturday in precinct conventions. L. S. Patterson, chairman of the county executive democratic committee, announced that all precinct conventions were set for 2 p. m. Saturday at the customary polling places for the precinct. Chairmen for the precincts will preside. That means that boxes 1, 2, 3 and 4 will convene in the courthouse, No. 8 at West Ward school, and most of the rural boxes in the community school houses.

Truman Ready To Veto Atom Board Limits

WASHINGTON, April 30. (AP)—President Truman is reported today to have told Democratic lawmakers he will veto any Republican attempt to limit the jobs of atomic energy commissioners to two years' terms. These legislators said Mr. Truman is ready—if necessary—to make a campaign issue of his fight for a full five-year term for Chairman David E. Lillenthal. Other members were named, for four, three, two and one year terms. Democratic leaders are said to feel that they may be able to make campaign capital out of accusing the GOP of political tampering with the atomic setup. But Capitol Hill Republicans quickly pooh-poohed Mr. Truman's statement that unless the appointment schedule is carried out "a pall of uncertainty" will fall over atomic activities.

Rival Ropers Visit, Prepare For Big Match

They'll be scrapping it out Sunday, for a \$5,000 purse in a ten-steer matched roping contest, but today, Toots Mansfield of Big Spring and Everett Shaw of Stone-wall, Okla., were out at the new Sheriff's Posse arena together, visiting and getting ready to do a little practice roping during the afternoon.

He attributed this failure to the inability of member nations to comprehend the power of the atomic weapon. "It is easy for one to speak of a city being destroyed in an instant, but it does not follow that one comprehends it," he said. The general said that the atomic bomb appears today "to be the one thing which enables the United States to remain at peace without a complete surrender of all of our principles."

Polio Center Will Open In Valley

EDINBURG, April 30. (AP)—The National Foundation for Infantile Paralysis made preparations today to open a polio diagnostic and treatment center here. Manned by an emergency polio aid team from Harvard University medical school, the center will be opened Saturday at Grandview Hospital.

Actually, their foes will be Mexican Steers, running up to 800 pounds or so, and guaranteed to be plenty tough. "It's no boy's work to rope those steers," said Shaw. "They'll fight you, and they'll fight your horse."

"We must have in being a force whose primary mission is one of retaliation in the event of attack," Groves declared. "I wish to emphasize that this means not only atomic bombs and airplanes and airplane crews, it means supplying and it means securing those bases. In short, this means a properly balanced military establishment—air, ground and sea."

The pattern is the same for the republican party, although there is usually little or no precinct activity. Some maneuvering is in store this year for the county convention's delegate to the state convention.

New Half Dollar

PHILADELPHIA, April 30. (AP)—A new half-dollar, honoring Benjamin Franklin went into circulation today.

In addition to the Mansfield-Shaw tilt, an added attraction Sunday will be a calf roping match between Sonny Edwards of Big Spring and Walton Poage of Rankin.

French Girl Wants Dowry Returned

LOS ANGELES, April 30. (AP)—The French girl lost her man and wants her dowry returned. Georgette Gambin, 22, petite Parisienne, alleged in a Superior Court suit that former GI Altar B. Abrams, 26, of Long Beach, Calif., kept her dowry including valuable documents signed by the Emperor Napoleon, Louis XIV, and other French kings.

VINSON GAVEL BANGS Labor Law Hearing Ends In A Furore

WASHINGTON, April 30. (AP)—An angered Chief Justice Vinson, his gavel, banging out virtual "shut up" orders, brought to a dramatic close late yesterday the Supreme Court's first hearing of a Taft-Hartley act test case. Vinson, squirming in his high-backed chair at Associate Justice Frankfurter's questioning of the CIO lawyer, broke into the attorney's reply to say emphatically: "Your time has expired!"

Carlson Avoids Walkout Clash

TOPEKA, Kas., April 30. (AP)—Gov. Frank Carlson is leaving an investigation of a clash involving police and striking packinghouse workers in the hands of Kansas City, Kas., officials.

Chrysler Union Calls Strike

DETROIT, April 30. (AP)—The CIO United Auto Workers today scheduled a strike May 12 of 75,000 employees of Chrysler Corp.

Death Claims Mrs. H. Wooten

Friends and relatives were notified of the death in San Antonio Friday morning of Mrs. Horace W. (Lady) Wooten, a former resident of Big Spring.

Women Back Federal Aid For Education

WASHINGTON, April 30. (AP)—Reversing its previous stand, the League of Women Voters came out today for the Senate-passed bill authorizing \$300,000 a year in federal aid to states for education.

FEARED ALGEBRA TEST Youths Accused Of Gunning Home

NEW YORK, April 30. (AP)—Four soda-sipping teen-agers were accused today of blasting a pretty young high school teacher's home with gunfire after a telephoned death threat warning her not to flunk anybody in mathematics.

Rowe Is Considered For Democratic Post

WASHINGTON, April 30. (AP)—James H. Rowe, Jr., former White House staff member and government attorney, was reported today among those being considered for the job of executive director of the Democratic national committee.

Rowe Is Considered For Democratic Post

WASHINGTON, April 30. (AP)—James H. Rowe, Jr., former White House staff member and government attorney, was reported today among those being considered for the job of executive director of the Democratic national committee.

Rowe Is Considered For Democratic Post

WASHINGTON, April 30. (AP)—James H. Rowe, Jr., former White House staff member and government attorney, was reported today among those being considered for the job of executive director of the Democratic national committee.

### Rites Scheduled For Breneman

HOLLYWOOD, April 30. (AP)—Final rites for Tom Breneman, 47, radio star who died unexpectedly Wednesday, will be held at Forest Lawn Memorial Park in nearby Glendale at 11 a. m. tomorrow.

Dr. Louis H. Evans, pastor of the Hollywood Presbyterian Church, will officiate and the King's Men will sing. The body will be cremated and the ashes entombed in the Forest Lawn mausoleum.

Honorary pallbearers named include Bing Crosby, Bob Hope, Jack Benny, Jimmy Durante, Lou Costello and Bud Abbott Ralph Edwards, Ted Malone and some 20 others.

### Fund Drive Started To Preserve Ship

WASHINGTON, April 30. (AP)—A nationwide drive is being planned to raise \$1 million to restore the famous old fighting ship Constellation.

A group of high Navy officers and prominent citizens met today—the 150th birthday of the Navy—to work out details of the fund-raising campaign.

The famed frigate's sister ship, the Constitution, was restored 20 years ago through penny contributions by the nation's school children.

### LIVING IN GERMANY

## Refugee Claims Hitler Is Alive

WIESBADEN, Germany, April 30. (AP)—There is a woman here who says she lived next door to Adolf Hitler last year on President Roosevelt Street in Liegnitz. The woman, Frau Dora Mai, told her story to American Military Government officials here. They are skeptical: say it is Russia's problem because Liegnitz is in Polish-occupied Silesia.

Frau Mai's story: "He has a triangular mustache now and he grows sideburns, too. But it is he, all right. I lived next door to him for a year in Liegnitz. We both lived on President Roosevelt Strasse. "It is my moral duty to tell you this. Hitler is too smart for the Russians. They don't know that he is living there on their doorstep.

He is living with a small dark woman. She isn't Eva Braun. Sometimes he poses as a schoolmaster, sometimes as a Polish army lieutenant.

"He has formed a new party—the TPZ. I don't know what it stands for. . . I never asked him if he was Hitler. I just knew it." Frau Mai is one of thousands of refugees flowing from the east. She is the first to claim that Hitler is alive in Germany. Other persons claim to have seen him in foreign countries since he disappeared in the flames of Berlin just three years ago.

American officers heard Frau Mai through to the end, patiently. Then they said: "Well, it's a Russian worry. Let them catch him."

### PLANE BULLET-RIDDLED

## Ousted Costa Rican Lands In Panama

PANAMA, Panama, April 30. (AP)—Manuel Mora Valverde, exiled Costa Rican Communist leader, arrived here last night in a bullet-riddled plane and a Panama official said he was immediately placed in police custody to await the first available transportation out of the country.

Mora, accompanied by two women, was among five American World Airways passengers whose plane was fired upon as it readied for flight from San Jose, Costa Rica's capital. The Communist leader was deported this month by Rebel Chieftain Jose Figueres. One report said Figueres accompanied him to the airport.

Mora had been given refuge in the Mexican embassy at San Jose since April 24, when the rebels took over. Reports here said he probably would go to Mexico from

Panama. Officials who talked with Mora at the airport here quoted him as saying he would rather have stayed in San Jose to face his enemies, but that he was forced to leave. His companions were identified as Judith Ferrero, 39 and Maria Isabel Carvajal, 59, Communist writer whose pen name is Carmen Lira. A report said police found a copy of instructions he had left for Costa Rican Communists.

A Pan American Airways spokesman said five khaki-dressed youths rushed up to the plane and pumped five pistol bullets into it as it stood on the runway. No one was struck.

Although one of the bullets punctured a tire on the plane, it landed at nearby Albrook Field without mishap.

### Train Derailed

POTTSTOWN, Pa., April 30. (AP)—Six cars of a ten-car freight train were derailed today at nearby Linfield, blocking all four tracks of the Reading Railroad's main line from Philadelphia to Reading, Pa., a Reading spokesman said. No one was injured.

### Conductor Given A Rousing Ovation

CHICAGO, April 30. (AP)—Arthur Rodzinski, who was dismissed as conductor of the Chicago symphony Orchestra, after his first season, was given a five-minute standing ovation last night at the

close of the Thursday evening series of concerts.

"This is my last permanent job," Rodzinski told the cheering audience. "I am at your disposal anytime you want to call me back. Give me the tools and I'll finish the job."

## Spring Beauty

Who among us does not welcome that first warm day of spring when we discover a bough of blossoms? On that day, the whole out-of-doors seems to come to life again with new pleasure and new meaning.

Winter has passed, and we wonder at the changes that have brought such beauty to the drab, cold scene. Only by the hand of God can sun and rain and air and light change snow-time into spring.

The clear, fresh face of this happy little girl seems to reflect the season's change. She seems almost to match the blossoms.

She too must have the care of God to make her thrive and bloom. The Church is God's way of producing the beauty of spring in a human soul. The Church stands ready and eager to train our children, morally and ethically, and to give them a finer way of life.

Bring your children and those of your neighbors to the Church. Help them to develop fine virtues. Let the Church help keep them from the winter of a Godless life.

**THE CHURCH FOR ALL . . .  
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday ..... Ezra 4:7-5:17  
Monday ..... Ezra 6:1-7:28  
Tuesday ..... Ezra 8:1-9:5  
Wednesday ..... Ezra 9  
Ascension Day ..... Acts 1:1-14  
Friday ..... Ezra 10:1-17  
Saturday ..... Haggai 1

If you desire a schedule of readings for the year write to American Bible Society, Dept. U, 450 Park Ave., N. Y. 22, N. Y.

Seaboard Tests 1,162 Barrels In 24-Hour Run

Seaboard No. 1 Dora Campbell, northern Howard, Pennsylvanian producer, completed Friday for 1,162 barrels of 42.4 gravity oil per day.

The shake-out showed .2 of one per cent drilling mud, no water. The gas-oil ratio was less than 1,000 to one. Flow was through a three-eighths inch choke. Open flowing casing pressure during the test was 1,050 pounds, and open flowing tubing pressure was 1,000 pounds.

Operators said the well was to be put into production. The final rating was considerably less than indicated on some drill-stem tests, and slightly under the last one made Monday when the last 32 feet of pay were tested from 7,847-7. The latter figure is bottom of hole. Seven-inch string was cemented at 7,846, bottom of a 92-foot section of soft, saturated lime.

Location for the test is 660 feet from the south and 1,969 feet from the east lines of section 29-32-3n, T&P, a quarter of a mile north of the Seaboard No. 1-B J. C. Caldwell, discovery well for the Veal-moor pool, and a 200-barrel producer. A third test, Seaboard No. 1 W. C. Campbell is being readied for spudding a quarter of a mile to the north.

Atha (and Rouse) No. 1 M. L. Musgrave, central Howard wildcat in section 9-3-2s, T&P, was reported here Friday to be at approximately 2,120 feet in lime.

Governor Jester Is Called Helper Of Oil Interests

SAN ANTONIO, April 30. (AP)—Support for Pres. Truman at precinct conventions tomorrow was urged here last night as the first step to prevent a Republican victory at the polls in November. Ten pro-Truman Democrats in a 30-minute statewide radio broadcast slapped at Truman opposition and Gov. Beauford H. Jester, charging them with playing into the hands of major oil companies determined to defeat "the only candidate the Democratic Party has."

Woodville J. Rogers of San Antonio, sparkplug of the Texas pro-Truman movement, led the team of broadcasters in warning that Democratic foes are scheming again to steal the party by seizing control of Texas' precinct, county and state conventions. Gov. Jester and the State Executive went unopposed at the national convention held free to bargain against Truman policies, particularly in regard to his stand on civil rights and tidelands. Pro-Truman forces want the delegation flatly instructed for Truman.

Second Session Set For Scouters

Second session of a Boy Scout leadership training course will be held tonight at 7:30 in the Troop No. 5 hut. The patrol system will be the topic for discussion at tonight's meeting. All adult Scout leaders and others interested in the Scout program are invited to attend. Each session has been set up as a complete unit of study to enable persons who were not present at the opening class to keep abreast of the course of study, said Joe Pickle, district training chairman.

Cub Leaders Will Meet On Monday

A round-table meeting for Cub Scout leaders has been scheduled for Monday night at the Howard County Junior college. Scout officials reported this morning. The session will begin with an out-door wiener roast, and all cubmasters, den mothers, parents and others interested are invited to attend.

Westerners Drill

Manager A. C. Bebee will take a final look at his pitchers in a Big Spring Westerner baseball workout on the Bombardier school diamond at 5:30 o'clock this afternoon. The Westerners play Knott on the diamond west of town in a Tri-County league game Sunday.

FANNING TIES FOR LOW HONORS

Foy Fanning, Big Spring Muni pro, tied for low scoring honors among the professionals in the Sweetwater pro-amateur golf tournament Thursday.

Fanning stitched together a 36-33 for a 69, two under par, to come in even with Shorty Hornbuckle, Odessa. Fanning's team wound up third in the meet.

Motion Granted For A Non-Suit

Motion of the plaintiff to take a non-suit in the 70th district court case styled National Automobile and Casualty Insurance company vs R. W. Byrd, a subrogated claim, was granted Thursday afternoon. Two divorces were granted by Judge Cecil C. Collings this morning.

Ruth Young won a decree from Virgil Young. Two minor children were awarded the plaintiff and another minor child was granted an intervenor. Mrs. A. M. Young, mother of the defendant. Alfred Floyd Anderson also won martial freedom from Ethyl Anderson.

Keating Due Back From Steer Sale

F. E. Keating, superintendent of the U. S. Experiment Farm, was expected back from Ft. Worth late Friday or early Saturday after marketing test steers. The 48 animals, which finished their 180-day feeding tests here Monday, sold according to best reports, for \$30.50 cwt on the Fort Worth market Wednesday, an all time record for calves finished at the U. S. farm.

Keating was remaining in Fort Worth to check the carcass grades and bladder precipitates, the last being necessary since the test deals with a study of the effect of feeds on calcium concentrates.

Cyclists To Attend Races At Abilene

Members of the Big Spring Motorcycle club will attend the cycle races at Abilene Sunday in a group, club officials announced this morning. Jack Ewing of the local club has entered as a rider in the event. The Abilene races are sanctioned by the American Motorcycle Association, and a large number of entries is expected. Ewing was to leave for Abilene today and he will spend Saturday gearing his machine for the Abilene track. He was to be accompanied by Cecil Thixton.

Cancer Fund Goal Reached Howard county was over the top Friday in its quota to the American Cancer Society. Chairman Ted O. Groebel announced contributions of \$2,015 compared with the objective of \$1,890. The largest single gift of the drive — \$250 from I. Weiner — buttoned up the drive. Previously there had been several substantial gifts, including those from the Alpha Chi sorority (\$46.75). First National bank employees and others, according to Ira Thurman, treasurer. Groebel expressed appreciation to all who had a part in the successful campaign and added that although the quota had been exceeded that additional contributions most certainly would be accepted.

**The Gift Of Friendship**

Scripture—1 Samuel 18-20, 31, 11 Samuel 1  
By **NEWMAN CAMPBELL**

IN THESE troublous times, when the world seethes with suspicion and animosity, and aggression casts its shadow on the future, it is good to contemplate the story of the fine friendship of two Israelitish youths—David and Jonathan. It is a tale of one of the greatest friendships in history of two men—one a simple shepherd lad, the other a son of the king.

Stories such as these renew our faith in mankind and his ultimate redemption, discounting the stories of crime, violence, sadism with which our minds have been saturated in the last decade and our souls sickened.

After David had slain the Philistine giant, Goliath, with his sling shot, and the enemies of Israel had fled, King Saul took the shepherd boy hero into his own royal household, where Saul's son, Jonathan, and David became fast friends. Jonathan, to show his friendship, 'stripped himself of the robe that was upon him, and gave it to David, and his garments, even to his sword, and to his bow and girdle.'

In spite of these honors, David behaved wisely and modestly. One day, however, the Israelitish women came out of the cities to greet the king, singing and dancing, but the words they sang did not please the King Saul: "Saul hath slain his thousands, and David his tens of thousands."

Saul knew he had once angered the Lord, which made him jealous and suspicious that his throne might be taken away. The Lord, the king realized, was with this shepherd youth who had slain a giant and delivered Israel from her enemies. Therefore, jealousy, born of the women's words, and fear for his throne, made Saul hate David and determine to kill him.

Saul heaped honors on David, however, while he secretly planned his murder. He made David his son-in-law and when he saw that his daughter, Michal, David's wife, loved him, he hoped she would prove a snare by which to trap David to his death. She failed him, however. He also spoke to Jonathan and all the servants that he meant to kill him.

Jonathan told David to hide in a field and he would come there with his father and talk to him to find out how matters lay. David did so and when Saul and Jonathan came to the field Jonathan reasoned with his father, reminding him of how much David had done for them, and he so softened his father's heart, that, for the time being the king gave up his evil plot.

Not for long was King Saul freed from the evil spirit which prompted him to kill this youth. One day, as David was playing his harp in Saul's presence to exorcise this demon within the king, Saul hurled his javelin at David but missed. David fled into hiding.

David could not understand why Saul hated him and sought to harm him. Jonathan tried to comfort his friend and promised to warn him when he was in danger. Jonathan contrived a way to let David know how Saul felt about him and whether it was safe to continue at court.

The king's son would take a boy to a field where David was hiding and shoot three arrows into the field. He would then send the boy to pick them up. If the arrows fell between David and the boy, the news was good and David could stay; if they went beyond, David should flee.

David, hidden, got the message. "The arrows are beyond thee," and fled for his life; but not before Jonathan and he had pledged eternal friendship.

Jonathan risked his father's wrath in his fidelity to David, and suffered as a consequence. The ruthless Saul pursued the exiled David from place to place, but never caught him.

At last, the Philistines attacked Israel again with a mighty army, and this time there was no David to help his people. In the terrific fighting Jonathan was killed and Saul sorely wounded.

Seeing his men flee from the Philistines and knowing the battle was lost, Saul commanded his armor bearer to kill him, but he refused so Saul fell upon his own sword and died.

When David heard the dreadful news he tore his clothes and wept, mourning for his friend. "My brother Jonathan, thy love to me was wonderful, passing the love of women," cried the stricken man.

Down the ages this friendship has been a beautiful legend and an ideal of friendship between two human beings. If the spirit of David and Jonathan should spread through the nations of the earth, that other ideal—world friendship—

would be realized. Let us pray for it and work toward it.

Memory Verse  
"The soul of Jonathan was knit with the soul of David, and Jonathan loved him as his own soul."  
1 Samuel 18:1.

**FOR U. S. Hilldring Will Form Policies In Palestine**

WASHINGTON, April 30. (AP)—Maj. Gen. John H. Hilldring, trusted associate of Secretary of State Marshall and an expert on military occupation, is taking over direction of American policy on Palestine.

A State Department announcement that Marshall had appointed Hilldring as his special assistant, was regarded by authorities yesterday as signifying possible developments along one or more of these lines:

1. Intensified efforts to win both Jewish and Arab support for the American-sponsored truce plan. Hilldring last fall is understood to have been particularly successful in dealing with Zionist leaders.
2. Preparations for the possible dispatch of United States troops to Palestine.

**Air Forces Schedule New Training Class**

The new aviation cadet training class will start next July 1 at Randolph Field, Texas, and applications are now being accepted, it was announced here yesterday by Lt. O. L. McFadin, commanding officer of the Big Spring U. S. Army recruiting station.

Each class starts with only 500 cadets and men completing the 12 months course are commissioned second lieutenants and are assigned to flying duty with the U. S. Air Force. Admission standards are high, Lt. McFadin stated. Only unmarried men now living within the continental limits of the United States are eligible.

Applicants must be between the ages of 20 and 26½.

Aviation cadet training is open to civilians as well as to enlisted men now in the service. Each cadet class lasts 12 months and is divided into three courses of four months each. Primary and basic training is given at Randolph, Peirce Air Force Base, or Goodfellow, Texas.

Advanced training is given either in single engine planes at Williams Air Base, Ariz., or in multi-engine planes at Barksdale Air Force Base, Louisiana.

While in training, aviation cadets receive \$75.00 a month plus food, clothing, housing, and medical and dental care. On graduation they receive a uniform allowance of \$250.00 and a monthly salary up to \$336.00 a month.

**Say Allies Break Air Agreements**

LONDON, April 30. (AP)—Tass said today the United States and Britain have systematically violated agreements for use of air fields in the Russian zone of Austria.

The Soviet news agency dispatch from Vienna said such violations "cannot be regarded as tolerable."

A 1945 agreement gave the U. S., Britain and France control over two airfields to insure transport facilities for their commanders in chief.

Tass said 350 operational flights were made from the Tulln Field, and that "excessively large" air traffic by the British is taking place at Swechat Airport.

Soviet circles, Tass said, regard the traffic as being in excess of needs outlined by the agreement.

**Zavadas Are Seeking Big Home For Quads**

LATROBE, Pa., April 30. (AP)—The ten-week-old Zavada quadruplets are just about ready to go home—if their parents can find a home big enough for them.

Mr. and Mrs. Anthony Zavada of nearby Dorothy have been searching fruitlessly for the last several weeks for a house large enough to take care of the four newcomers and Mrs. Zavada's son by a previous marriage.

Officials at Latrobe Hospital said the youngsters are coming along fine. The weight of the three girls and boy now averages nearly six pounds.

**Declares 81 Percent Of Homes Have Drunk**

BOSTON, April 30. (AP)—The Methodist General Conference today studied a Southern Baptist leader's report that 81 percent of all American homes have at least one drunk.

Dr. Louis D. Newton, president of the Southern Baptist Convention, made the statement in a conference address yesterday.

He said that the liquor industry promoters boast that half the population indulges in alcoholic beverages, but he added: "They do not boast that they have made total alcoholics of 50,000 men and women in the United States, and heavy drinkers of 10 million men and women."

**Senator Says Reds Organize Indians**

WASHINGTON, April 30. (AP)—Senator Bushfield (R-SD) said today he has had reports that Communists are trying to win over Indians on South Dakota reservation.

He wrote letters to Attorney General Clark and William Zimmerman, Jr., head of the Bureau of Indian Affairs, asking for a prompt inquiry.

**Local Citizens Test Ability To Drive**

Dozens of local citizens tested their ability as automobile operators Wednesday afternoon when the Safety Tour Ford Fruehauf combination made a four-hour stop here at the Big Spring Motor company.

Devices were available for testing strengths and weaknesses of individuals on several phases of driving.

Included among those who took the free tests were a number of pupils from local public schools.
