The Fire Department is in the process now of selling Scotch-Lite Reflector tape at The Blossom & Jewell and Ray Owen Gulf Service Stations. The operators of these service stations will put the tape on your car for \$1.00 and all the money goes to the March of Dimes.

The National Guard is planning a March of Dimes Road Block, to be held at the signal light in the west part of town. This will most likely be held sometime the latter part of the fund. month. Plans are being made to stop every car and offer the March of Dimes "Blue Crutch" for sale. More details will be announced on this later.

The local and county commit-tee are going to work the KRBC-TV again this year on their annual telethon, which will be held Saturday night, January 21. We have acquired the services of Max Eubank and his "ham" operating set this year and should be able to get contributions mentioned on the television station a lot better this year than we did last year. In cooperation with the television station, all the money raised in the county will remain in the county. Their offer to help us raise as much money as possible is appreciated and we hope you will take full advantage of it.

Plans are also being made to cooperate with radio station KSTA in Coleman in their annual March of Dimes drive. The exact date of the drive has not been announced as yet, but is scheduled to be held during the

WINNERS IN LIVESTOCK SHOW

Fictured above are the five top lambs in the annual Santa Anna FFA and 4-H Club Livestock Show. Four of the lambs belong to Wess Wise of Rockwood and the fifth belongs to Milford Blanton, son of Mr. and Mrs. E. E. Blanton of Santa Anna.

Pictured from left to right are: Sue Wise showing the winning Southdown belonging to her brother; Milford Blanton showing his champion Suffolk lamb; Wess Wise showing his champion Corriedale lamb; Jerry Clark showing Wess Wise's champion Fine-Wool lamb; and Edwin Hipsher showing the champion Southdown Cross belonging to Wise. On the ground in front of wise is the trophy he received from the Santa Anna National Bank for his outstanding showmanship ability.

This is the first year a grand and reserve champion lamb of the show has not been selected. Instead, a champion in each class was awarded a champion pennant, displayed in front of each lamb.

Gov .Allan Shivers commended the unusual step and gave his emphatic endorsement.

In keeping with the requirements of state law the Insurance Commission named a new chairman for a two-year term. Casualty Commissioner J. Byron Saunders was selected. He succeeds Garland A. Smith, chairman for the past two years. Smith nominated Saunders for the post.

One of the first moves of the new commission was to suspend the license of the U.S. Life Insurance Co. of Waco. It is one of the companies under the direction of A. B. Shoemake, who is president of the U.S. Trust and Guaranty Co. as well as U. S. Automotive Service. Both of these firms now are in receiver-

Another Shoemake concern, Southern Medical and Hospital Services, was placed in conservatorship. This means that a state conservator - virtually the same as a state liquidator — will operate the company until the insurance board determines further action — possibly the selection of new management.

Licenses also were revoked for Dallas Fire and Casualty Co. and American Atlas Life Insurance of Dallas. American Atlas appealed to the district court.

THESE ARE IMPORTANT PEOPLE IN YOUR LIFE

Dear Triends

The people in the picture in this advertisement are Humble researchers on their way to work. in Humble's Houston Research Center.

They are important peop in your life, because their studies and their constant experimentation have only one purpose: to supply your increasing needs for oil and natural gas.

At the Houston Research Center, they pool their efforts to make the finding and production of oil and natural gas more efficient. And since they are top people in their different fields. their work has met with notable success.

It has helped to make the Humble Company not only the largest but also one of the most efficient producing companies in the country.

The new ideas, new methods and new practices developed by Humble researchers have resulted in the discovery of new reservoirs of a valuable natural resource; in making these reservoirs more productive; and in prolonging their life for your future benefit.

J. A. Swenson Is Owner Of Farm No. 39

J. A. Swenson, longtime resident of the area just east of the Coleman County line on the Santa Anna-Bangs highway, is the owner of Mystery Farm No. 39, as appeared in The Santa Anna News last week. The home is located 2 miles east of the county line on the north side of

Born in Stockholm, Sweden, Mr. Swenson came to Texas withhis parents in about 1870. They were on the water about 6 months and he had a younger brother born on the trip. They landed at Galveston and went immediately to Austin, where he remained for several years. He purchased his present farm in the early part of this century and has lived on it since 1902. Outside of his family, Mr. Swenon says his only known relative is a brother who lives in California. He said if he had any relatives in the old country he did not know them.

How to Repent

Lesson for January 15, 1956

()NCE upon a time, so the story who had just come to a church as their preaches. He was barely out of the seminary, and his notemorning with a sermon on Repentance. He analyzed the meaning of the word, the traced it through Scripture, he examined

at theologically and psychologically,--in short, he laid down the Doctrine of Repentance, as he had been taught it. When he sat down, an old minister in the congregation got to his feet and

pentance is: now stand up there

and tell 'em to repent!"

Substitutes for Repentance So, nothing in this column should be taken to mean that knowing what repentance is, can be a substitute for repenting. Knowing what fishing is is not fishing; knowing what a doctor does will not make one a doctor. So knowing what repentance is, is not repenting. And still it helps. You can't fish if you've no idea what "fishing" means. You can't be a doctor if you don't know what doctors do. Some people never really repent, only because they have got into the habit of doing something else they call repenting, but is not really that at all. Repentance is not just being sorry. for something you have done. You may be sorry for the wrong reason,-because you have been found out, or because your sin has caused you trouble, or because your pride in yourself has been dented. Repentance is being sorry but it is more than that. Repentance in the Bible sense of the word also is more than regretting particular sins. I may be

> truly sorry I was harsh to a loved one; but next day I may be just as harsh and unkind. The harshness and unkindness are symptoms, they are not the disease; I need to repent of what it is in me that causes me to mis-

Repentance Is Changing the Mind Don't let any one tell you that Christians do not need to repent Only those who argue that Christ's commands are not for us can suppose that repentance is not our own duty. As for Paul, he made it about as plain as words can make it: God calls on all men everywhere to repent (Acts 17:30). Beware of "Bible students" who try to evade the plain teaching. of Jesus. He certainly taught rebentance as well as faith. Now the Greek word used to translate Jesus' word (which no doubt was books, and his head were well, in Aramaic, the language of Palfilled. He started out one Sunday ! estine in those days) is "metanoco" which literally means to change the mind. This is much deeper than changing your mind about what to take at a cafeteria or when to do the washing. It means, as Jesus' whole teaching shows, that total change of outlook,—loving what one hated, hat-ing what one loved,—which changes the whole person from within. What is the center of your life? Is it yourself? Then no matter how, many sins you may regret having committed, you have not repented in Jesus' sense, of the word. Your life must be shifted over from love of yourself to love of God and your neighbor. Repentance is the outworking of the new birth. A person who professes to have been born again but who still looks at life from a self-centered standpoint, has probably not been born again. Repentance, in this deep and real sense of a radical change in attitude, aims and desires, is not something you can do in a flash and be done with forever. In 2 Peter 3:9 (a little book written to Christians) it is said the Lord wishes all to "reach repentance." It is actually a continuing life-

long process. How It Works

But this profound inner change of the mind (which in the Bible is inseparable from the heart) will work out in repentance for particular sins. Some people, perhaps most people, find it easier to repent of "sin" (or what they call repenting) than of particular sins. But true repentance is both profound and particular. In false repentance, a person is "sorry" for a sin but goes on doing it. (Based on entities copyrighted by the Division of Christian Education National Council of the Churches of Christin the U.S. A. The Swenson's plan to plant about 60 acres of cotton this spring and most of the remainder of his land will be planted in maize and other small grain. They have not sowed any as yet, but plan to wait until the moisture conditions are a little more favorable. He had 15 acres of cotton the past year and only got one bale off of it. Between the bugs and drouht, he lost all his cotton.

As far as Texas Department of Agriculture inspectors can determine the pest has not yet reached here, but in California, Arizona and New Mexico, it takes its toll in thousands of tons of stored grains. Quarantine barriers are aimed at keeping it out of Texas while the neighboring states completely eradicate the insect.

RITES FOR FORMER ROCKWOOD MAN

Reginald Wright, 45, of Battle Ground, Wash, died Tuesday, at Portland Oregon, in a Veteran's hospital. Services were conducted in the Rockwood Baptist Church Tuesday, January 3, at 2:30 p. m. with the Rey. Floyd Heard and the Rev. Charles Miller officiat-

The Khapra Beetle is primarily a stored grain pest and is not The Texas-New Mexico border found in open grain fields. It marks the line of defense in the can also live on animal products when necessary or can survive

In the larva stage - its most active period — the pest has an enormous appetite. Grain damage, depending on weather and temperature, varies from 5 to 30 percent although up to 75 percent damage has been reported. The beetle is a "dirty feeder", breaking or powering more kernels than it consumes. What it doesn't eat, it lowers in grade, causing heavy losses to farmers and grainmen.

The adult Khapra Bettle is small — about 1/16 inch in length. It is pale red-brown to dark brown or black in color with wing covers that usually have indistinct red-brown markings. Generally, it is hairy on top but often the hairs are rubbed off so that it has a slick appearance.

The larvae, 1/8 inch long, are yellowish brown and clothed with long brown hairs. The area between the segments and the underside of the body is pale yellow in color, giving the worm a ringed appearance when viewed from above.

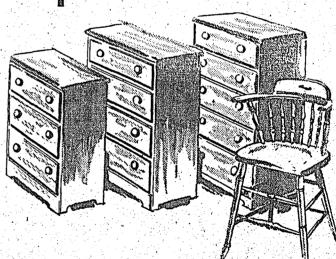

The insect is difficult to control and is so feared by grainmen that its presence in a state as, grain values can drop, or, in some cases, be prohibited from shipment into U.S. markets without strict and costly inspec-

INCOME TAX FACTS

Under the 1954 Internal Revenue Act, all persons who have a gross income over \$600 must file income tax returns, except if the taxpayer is 65 or older he need not file a return unless he has gross income over \$1,200. This is because persons who are 65 or older have two exemptions which automatically eliminate any tax liability for income under \$1,200.

The old established date of March 15 by which income tax returns must be filed was abolished effective last year. All federal tax returns for individuals may now be filed on or before April 15. Although many persons believe that a tax return need only be postmarked by the due date, such is not the intent of the statute. Tax returns are supposed to be in the office of the Internal Revenue Service by the due date specified.

Tax forms and instructions at Cleveland Sunday. will be received by most persons during January. The instructions being distributed this year contain the following statement: "The Internal Revenue Service will mail Form 1040 ES, as far as is practical, to each person who may need it. Anyone else required to file should obtain the form from an Internal Revenue Service office in time to file by April 15, 1956.'

Declarations of estimated tax are required from all persons ner with Mr. and Mrs. Manley who expect gross income of more Blanton. than \$400, plus \$600 times the number of exemptions which Brownwood and Mrs. Edd Hartmay be claimed, if more than man visited in the home of Mr. \$100 of the income will not be subject to withholding.

Single persons with more than \$5,000 and married persons with more than \$10,000 expected gross income must file declarations of estimated tax even though all of the income is subject to withholding.

Declarations of estimated tax, except those for farmers, must be filed by April 15. Like the income tax return, this date is one month later than the deadline for years before the new Revenue Act went into effect. However, the quarterly installment payment dates remain the same - June 15, September 15, and the last one on January 15 of the following year.

If a person, other than a farmer, desires to file his income duced by the 1934 act. There is tax return and pay his tax in now no underpayment if the full, he may do this on or before taxpayer remits at least 70% of January 15 enstead of paying his his tax as shown on his final tax last quarterly installment. It return. If there is an underpaydoes not relieve anyone from ment, the penalty is 6% per filing the original declaration of annum interest on the additionestimated tax and making three al amount which should have payments on it, However, in been remitted. It is expected most cases this provision does that there will be more strict remove the possibility of a penalty for an under estimate of tax liability.

Farmers have special provisions concerning declarations of estimated tax, and may postpone the filing of any estimate until January 15 of the following year.
