

OUR 80TH YEAR OF SERVICE

PRESS POINTS
JOE BENNETT, Publisher

The wonderful moisture we have had has really heightened activity around here as the farmers are busy getting the land prepared and the fertilizer and chemicals down in preparation for planting the crop of life, peanuts, as far as folks around here are concerned. The peanut is continuing to move up in the top foods of our land. Maybe with a good season of moisture ahead the crops this year could be good. We just hope and pray that the moisture will be forthcoming when it is needed.

The building activity continues in our city as folks are building or remodeling homes. Doug and Martha's home is nearing completion and E. G. and Betty Henderson's new home is shaping up more each day.

Tommy and Rudolph Haile are in a remodeling project as Modern Exteriors of Dallas is putting new siding on their home and will refinish the exterior. Understand that this siding is different from the usual type as it is made of a plastic material.

The slab has been poured at the site of the new Texas Federal Inspection facility and work on the structure is expected to get underway now. Also renovation work continues on the old Parker building in preparation of another business being opened here. More on this as details are available.

The man who is thinking of opening a barber shop here was in town on Monday looking things over. We hope that they liked this part of the state and hope they will be coming to Gorman.

Rev. Marion Dennis was in the office this week and stated that they were slowly but surely getting the new addition done on the Congregational Methodist Church. This church is to be congratulated on the growth and expansion of their church.

We received the following letter from Cody and Pauline Love too late to publish last week so thought we would include it in this week's edition.

We were in Gorman last weekend. Cody and I came with his sister and husband, Eugene and Ray Russell, and we get to come so seldom I was sorry we were not able to see everyone. But that would take more than two days. Even though the weather was a bit unusual we had a good visit.

First may I add our thanks and gratitude to the people who so graciously presented the honor to Louise from the community there. My family, of course, has known for a long time just how special she is. In fact, "guess she's one in a million." Also we appreciate your concern, kindness and prayers for Ray since his accident. But that is Gorman.

We had a marvelous get-together time with Pearl Lindley, Jewel Parker, Opal Mauney, Jessie and Ora Mae Atchison, Carrie and Clayton Cook, Mayme Love, and all of Codys (and my) relatives. Also Carole Rae's family.

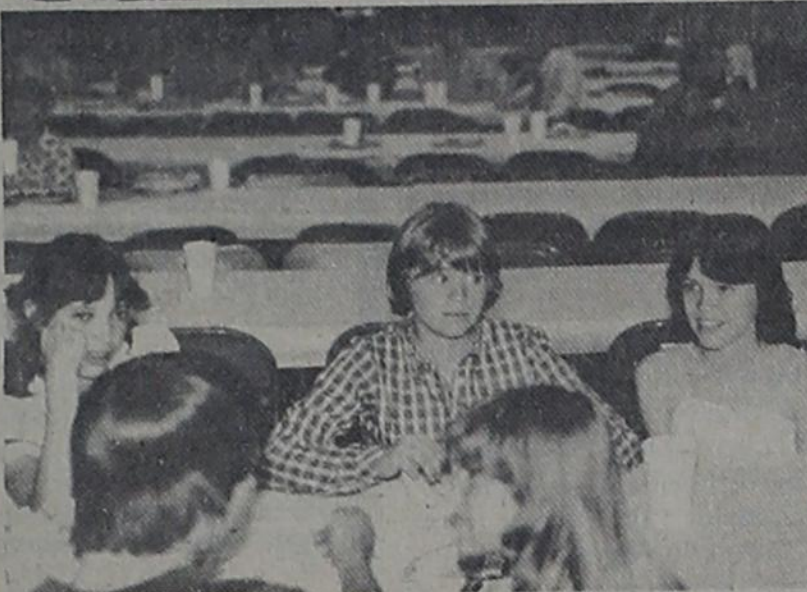

I attended church at First Baptist and saw so many old friends but missed a lot too. Heard a wonderful sermon, music and all in the church where Cody, Mary Ann, and Bob found the Lord as saviour. Your town is fortunate to have Bro. Dossey as a man of God.

So sorry, Estelle, didn't get to see you.

This is rather nostalgic I know, but it was good to be back home for a little while.

Cody and I are fairly well. The children are fine. Bob and Claire's son receives his degree from Texas Lutheran in Seguin on May 18th. Mary

David Stockwell To Speak At GHS April 28

David Stockwell, a former Rice University graduate and athlete will be here to speak on April 28. Sponsored by First Baptist Church, Kokomo and New Hope Baptist Church of Gorman. David was a Behavioral Science major at Rice University, and a three year letterman as an offensive guard for the Owls. He was also president of the Fellowship of Christian Athletes chapter at Rice.

In high school, David was an All-State Football player at Glen Oaks High School in Baton Rouge, where he graduated second in his class. Now, as a graduate of Rice University, one of America's most intellectual campuses, David has a strong rapport with today's inquisitive students. "David has now spoken to more students than any other student in America," according to the Daily Reveille, the student newspaper at Louisiana State University.

Many thousands of students have heard David "tell it like it is" at rallies in places such as the University of Texas, University of Houston, Rice University and Louisiana State University. Also, thousands of students have heard him at junior and senior high school assemblies.

Don't miss the chance to hear him tell how his life was changed by a friend he met. He takes a drastic stand, but America needs a change to stay alive. He has been called by newswriters in many places "one of the most revolutionary speakers on the college campuses today." The revolution he speaks of is one of love and peace, through the Prince of Peace, the greatest Revolutionary who ever lived.

David, called by many "the most dynamic student leader in America" will be speaking at Gorman High School at 7:00 P.M. on Monday, April 28.

Everyone here is still enjoying the nice sunshine, several would like very much to be sitting on a river bank fishing for old man Catfish.

Thanks very much to our many visitors this past week, you brought much happiness and wanted to know why she called the word "Moses". She said, "Mama said if I come to a word I do not know just say Moses."

One night in the 50's about midnight two men that lived in Flatwood Community wanted me to pull them out of a ditch. They had been to Mingus and were tanked up. The snow was melting and the roads were very muddy. I had to put water in tractor and go 1 1/2 miles to pull them out. I pulled the pickup about 1/4 mile. They asked me what they owed me. I told them I had never charged anyone before. Tho I wanted \$5.00. That was cheap for hours work.

A few nights later John Scitern came and wanted to be pulled out. I told him I had a terrible cold. Gave him my tractor key and told him to fill Radiator and was welcome to it. He pulled his car out and drained it and brought key to house. In the Fall 1945, I was shaking peanuts. A lady was plowing them up with a Farmall. She stopped to pour gasoline in tank. The wind was blowing from the south. She was on North side. Her shirt was unbuttoned at the neck. Gas went down her neck and out her trouser legs. I told her to go home in a hurry. She said not now. She plowed three more rounds and got off crying. She walked like a cowboy trying to straddling two horses at once. She was sick for a week. Blistered from neck to feet.

We are still pulling for you that are still in U.I.L. Best of Luck.

We had the best singing here Thursday night, with a large crowd.

Look up. Smile as everyone enjoys seeing your pearly teeth.

No Taxation Without Representation.

Texas' rural counties are in danger of being gerrymandered and combined with urban areas to the point that rural Texans face the possibility of being virtually without representation in either Washington or Austin. Redistricting will be the single most important issue facing the next session of the legislature. Bob Glasgow knows that rural Texans carry the burden of supporting state government. He will fight to keep a single one of our rural counties from losing its representation by being swallowed up in an urban district. Bob Glasgow believes that those who pay the taxes deserve representation.

STEER EAR TAG VALIDATION

During the past few years, in order to show a steer at a major livestock show in Texas, the steer would have to be validated with an official ear tag and a Polaroid picture, before the end of June. This same method of validation will be used again this year.

In the past, ear tags have cost 75 cents per steer, and pictures have cost \$1.00 per steer. The cost will be about the same this year.

If you are a 4-H member and plan to show a steer at a major stock show this next show season, please contact the County Extension Office, so the correct number of ear tags can be ordered.

Is your child having trouble falling asleep?

An old sagging mattress makes it difficult for a child to relax comfortably to sleep. Quality sleep is important, it can make the difference in your child's attitude and behavior towards others. The softness of a child's spine during these developing years makes it necessary to provide them with a firm sleeping foundation. Buy the best mattress and box springs you can afford. Don't saddle your child with a hand-me-down sleep set. Remember, if the mattress is worn out, your child will be too, in the morning.

VOTE WRIGHT
Judge, 91st. District Court

"There have been many of you whom I have not seen personally during this campaign. Although I am making every effort to see as many of you as I possibly can, I feel that my first duty should be to attend to the business of the 91st District Court. Serving effectively as your Judge is not a parttime job! Please know that I earnestly want your vote and your support. I am trying to merit your confidence and support by doing my job first.

I appreciate your vote and your support. Thank you." Jim R. Wright

He Deserves To Continue In Office As Your Judge.

Summer is just around the corner.

So here are some tips to get ready for it.

1. Have a qualified serviceman inspect your home's air conditioning unit. His help before summer arrives can save you money later on.

2. Trim grass and shrubs away from the outside compressor. Without obstructions, your unit can operate more efficiently and for less money.

3. Check your air conditioner's filter. It should be cleaned or replaced once a month.

4. Caulk and weatherstrip around doors and windows. The cool air will stay in, and the hot air will stay out.

5. Make sure your attic has adequate insulation. No sense letting the cool air you pay for escape through the roof.
