Ring Sale Of Stock Slated Here Monday

200 Head Probably Will Be Offered Through Marketing Assn. ALL CLASSES STOCK TO GO ON BLOCK

Remodeled Stockpens To Be Scene Of Auction Starting At 10 Initial "big ring sale" of the Howard County Marketing association will be held here Monday, starting at 10 a. m. with prospects of more than 200 head of livestock on hand for bidding.

Varied Listing Reservations in the hands of J. W. Allen, who has taken the lead in organization of the association, Saturday showed that at least 200 head of stock would go on the block.

Lack of uniformity characterized the bidding with the range of choice ranging from bulls, cows, milk cows and calves, beef cattle, mules, stallions, horses, bucks, sheep, hogs to harness and implements. There was a possibility that some poultry might be included in the sale.

In the event the supply of stock is considered inadequate, the association has an option on 40 head of good white-faced cattle which it will exercise in order to get more stuff into the arena.

The sale is to be held on the remodeled pens and arena at the Sam Greer place east of Big Spring near the stockyards. The association has just completed a remodeling program which cost about \$1,000. Pen space for 1,000 head of livestock is now available. Loading racks have been added for cattle, sheep, and hogs, constructed to accommodate trucks (single and double deck), and trailers.

Entrance Fees L. L. Kinder of Frederick, Okla., will cry the sale. The association will accept stock for the sale for small entrance fees, scaled down from horses to sheep. In event stock moves, a four per cent commission is charged against the total, but the original entrance fee is included in the commission figure. If the owner declares no sale, he forfeits his entrance fee.

A score of farmers and ranchers have listed stock with Allen for the opening sale. It is planned to continue the sales at regular intervals if the move proves popular. Allen indicated that success in that particular field might eventually lead to the formation of a small meat processing plant, ultimate object of the association.

Reviewing The BIG SPRING WEEK by Joe Pickle Big Spring today welcomes representatives from Lions clubs of district 27, the West Texas district of the International association. Occasion of the gathering is the annual district convention.

COUPLE HELD IN GIRL'S DEATH

Mrs. Della Moore, elderly Longdale, Okla., midwife charged with the alleged abortion death of Miss Merl Williams, El, of Clinton, Okla., is shown with her farmer-husband, John, after they pleaded innocent at Watonga, Okla., to joint murder charges. County Attorney Nelson Crow said several other deaths were being investigated.

ROOSEVELT SIGNS NEUTRALITY ACT

Action Comes Just Few Hours Before Expiration WASHINGTON, May 1 (AP)—President Roosevelt signed the neutrality act at sea tonight, a few hours before the temporary law was due to expire. The measure, approved finally by congress Thursday, was rushed by plane, automobile and boat to the presidential fishing party. The Moffett was anchored off Port Aransas, Tex.

The new law broadens restrictions against trade with nations at war and confers upon the president discretionary powers in administering the nation's neutrality policy. Proclamations The state department announced the signing of the law and made public two proclamations signed by Mr. Roosevelt.

The first, proclaimed the existence of a state of civil war in Spain and listed articles of war which may not be shipped to belligerents. The second related to registration of manufacturers and shippers of arms and war materials. Mr. Roosevelt signed the new law, the state department said, at 7:35 p. m., eastern standard time. The temporary act expires at midnight.

WANT FENCE TO CURB SMUGGLING

CARRIZO SPRINGS, May 1 (AP)—A border "wall," a wire fence along the Rio Grande from Brownsville to Del Rio to curb smuggling of tax-inflated cattle from Mexico, is being advocated by many Texas stockmen. Among the ardent advocates of such a fence is E. H. McKnight and the Border Stock Raisers' Protective association, of which the veteran Hereford breeder of South-west Texas is president.

13 INJURED PUPILS STILL IN HOSPITALS

NEW LONDON, May 1 (AP)—Thirteen of about 25 New London school students who were injured when the building was wrecked last March 15 by a gas explosion were still in hospitals today. These figures were revealed as the Red Cross abandoned its headquarters in Henderson, leaving only one registered nurse in East Texas to complete the work. The 13 injured children are in Kilgore, Tyler and Henderson hospitals, and only one of the group is in a serious condition.

British Ships Volunteer Aid

Shortage Of Vessels And Insurgent Blockade Are Obstacles HENDAYE, Franco-Spanish Frontier, May 1 (AP)—Anxious Basques and willing British skippers worked against weighty odds tonight to evacuate Bilbao's non-combatants beyond the range of the Spanish insurgents' bombs and cannon.

Work Against Time Refuge around the Bay of Biscay's bend in France for some children was assured when the masters of nine British freighters in Bilbao harbor volunteered to evacuate as many as possible from the imminent menace of bombardment and siege. But a shortage of ships and insurgent General Francisco Franco's refusal to respect foreign refugee vessels, running his Bay of Biscay gauntlet menace the success of a mass migration.

Time also became a factor when Gen. Franco arrived on the northern front to take personal command of his troops, poised about ten miles east of Bilbao on the Durango-Guernica line. Government and insurgent reports from the front conflicted. Defense officers declared their lines, reorganized and firmly entrenched, had brought the attack to a halt. Insurgent communiques said the Basques had fallen back to their last defense lines and were digging in to stand off an offensive against the Basque capital, Bilbao, itself.

In the face of an expected urgent need for speed in removing Bilbao's non-combatants and a scarcity of ships in which to carry them in the rough Bay of Biscay, removal even of the 150,000 mentioned by French and British officials as their goal seemed unlikely. Diplomatic sources said the evacuation of 300,000 of the city's aged, women and children—which is the number Basque President Juan Antonio Aguirre has said should go—was beyond possibility.

SCHOOL BONDS ARE FAVORED IN FIRST GLASSCOCK RETURNS

GARDEN CITY, May 1 (AP)—Proposed to float a \$48,000 bond issue for the construction of a modern high school building here was given a handsome lead in early returns Saturday night. The Garden City box, only one of five reporting late Saturday night, showed 77 favoring the issue and 13 opposing. N. P. Taylor, Glasscock county superintendent, indicated that it likely would be Monday before complete returns were available. At the end of the current term the Glasscock county school district will have been cleared of bonded indebtedness. Payment of the last outstanding bonds on the present brick school building is imminent.

113 AT SWIM POOL ON OPENING DAY

Taking advantage of a warm spring day, 113 people Saturday paid for swims on the opening day of the second season for the municipal swimming pool, a report by Harold Akey, manager, showed. He opened the pool at 7:30 a. m. and an hour later had his first customer. During the day 44 adults and 69 children entered the pool. The 113 total compared with 78 for the opening day on April 24, 1936 after the \$32,000 structure had been completed. The second day of the first season drew only 102.

'BABY' MEMBER OF COURT IS 62 TODAY

WASHINGTON, May 1 (AP)—The supreme court's "baby" member, Associate Justice Owen J. Roberts, will observe his 62nd birthday tomorrow. Justice Brandeis is the oldest member, having passed the 90-year mark last fall.

Business Here Has New Gains

Additional gains were reflected in reports from public agencies at the end of April, giving the first four months of 1937 a pronounced advantage over the same period of 1936 in postal receipts, building permits, and number of new car registrations. With sit-down strikes apparently settled in the automobile industry and a new registration year ahead for motorists, new car sales for April zoomed to 105, far ahead of the 74 for April in 1936 and not far under the record 151 for March.

Building permits showed another substantial gain, reaching a total of \$13,762,500 for the month as compared with \$11,954,500 for April a year ago and the bumper \$24,123 for March of this year. Postal receipts jumped to record total for the month in amounting to \$5,599,49, far above the peak of \$5,200 in 1929. The month compared with a record March of \$5,838,93 and \$4,850,84 for April of 1936.

Coast Storm Takes 5 Lives

Tornado Sweeps Through Area; Damage Reported Heavy NEW ORLEANS, May 1 (AP)—Five persons were killed last night today in a general storm that cost several hundred thousand dollars in property and crop damage in coastal Louisiana and Mississippi.

A tornado arm of the disturbance which was accompanied by rains measuring up to more than five inches, lightning bolts and excessive precipitation of hail struck the Phillippian community in Pointe Coupee parish, La., and killed three negro dwellers. A half dozen villages there were swept by the tornado in Pointe Coupee and Avoyelles parishes, country houses were blown down and trees were uprooted.

FALLS FROM HORSE, IS FATALLY INJURED

SAN ANGELO, May 1 (AP)—J. D. Edgington, Jr., 23, of San Angelo died in a Texon hospital this afternoon of head injuries received on a ranch near Rankin late Friday when he fell from his horse while working cattle.

3,500 Hotel Employees In Frisco Quit Work

SAN FRANCISCO, May 1 (AP)—Activities in 15 of San Francisco's largest hotels were brought virtually to a standstill tonight when 3,500 hotel employees, supported by 13 unions, walked out. Walter Cowan, president of the joint culinary workers board, declared the strike officially on at 5 p. m. About 6,000 guests in the downtown and "Nob Hill" districts were affected. The striking employees were members of the following unions: See STRIKES, Page 8, Col. 2

FRANCES FAY BIGONY WINS POETRY PRIZE

Big Spring's youngest "professional" poet is six-year-old Frances Fay Bigony, daughter of Mr. and Mrs. D. F. Bigony, 603 East 12th street. Frances received a check for her "poem of the week" for the Denver Post boys and girls section. She was inspired to her poetical flights by her 14-month-old sister, Mary Ella. Her poem was entitled "My Little Sister."

HOOPER CATCHES A TROUT OF 17 INCHES

SUMMIT, N. J., May 1 (AP)—Former President Hoover made the prize catch—a 17 1/2 inch Rainbow trout—when he went fishing again today with George C. Warren, Jr., president of the New Jersey fish and game commission. Each said he caught his legal limit of ten as they returned to night to Warren's home here after a day fishing in the Pequest river near Hackettstown and inspecting the state hatcheries there.

SWIM DAY OF SHELLING MADRID, May 1 (AP)—Insurgent runners pumped nearly 100 May day shells into the heart of Madrid today, killing ten persons and wounding 25.

Some Unions Already Have Halted Work

Pickets Are Active At Some Of Major Hollywood Studios FEDERATION ACTION SCHEDULED TODAY

Screen Actors Guild To Hold Mass Meeting This Evening HOLLYWOOD, Calif., May 1 (AP)—The threat of a paralyzing strike affecting more than 10,000 craftsmen and players hung over the multi-billion dollar movie industry today as picketing increased at major studios and spread to others.

Four unions with a membership of some 2500 already were nominally on strike under a call issued last night. The question of whether 14 other unions will join the walkout will be decided tomorrow at a meeting of the recently organized parent body, the Federated Motion Picture Crafts, strike sponsor. Its unions were voting today to determine strike sentiment.

The powerful screen actors guild also called a mass meeting for tomorrow night in the Hollywood Legion stadium to decide whether 5,000 members, including nearly all the film colony's top-notch players, will pass through picket lines into the studios. Effect of last night's strike call to the four unions could not be determined definitely today, Saturday being a light day at most studios.

Pat Casey, labor conciliator for the producers, declared very few workers failed to report for work and such production was as scheduled for Saturday was not hampered. Monday's the Day President Charles Lessing of the federated crafts also said he did not expect much to happen until Monday.

The four unions called on strike are the painters, make-up artists, scenic artists and draftsmen. Draftsmen at RKO and Columbia studios walked out this morning. Other unionists, including studio cooks and culinary workers, and 195 camera machinists were reported walking out in advance of the federation meeting tomorrow. A walkout of M-G-M studio chiefs prevented serving of breakfast at a studio commissary there.

Picketing was orderly and good-natured. No attempt was made to prevent anyone going into the studios. Bombs in Poland and Puerto Rico killed one person and injured three. One in Warsaw was thrown at Jewish socialists; one in San Juan damaged a newspaper building and shook the city.

Cossacks by the thousands thundered through Moscow's Red square where a million persons massed in a monster demonstration. Eight hundred war planes zoomed overhead as Joseph Stalin reviewed the assembly. A half million more persons jammed Paris streets to the resounding strains of the communist international, the day's theme song at leftist centers everywhere. Flats clenched in salute and shouts of "Save Bilbao!" rang out as planes wove the besieged Basque capital's name in smoke in the sky.

Renews Appeal Relief Areas For Economy Are Combined

Department Heads Asked To Reduce Wherever Possible WASHINGTON, May 1 (AP)—Rep. Woodrum (D-Va.) asked heads of 32 independent agencies of the government today to "reurvey and reconsider your appropriation needs for 1938" with a view to helping the house appropriations committee make "at least a 10 per cent reduction." Woodrum, who is chairman of the appropriations subcommittee while handling the \$900,000,000 independent office money bill, sent out the request by letter. He said at the first meeting of the full appropriations committee he would suggest that chairmen of other subcommittees in charge of big supply bills make similar economy moves.

Mrs. Wood Remains Here As Assistant To Administrator

Effective Saturday, Texas relief commission districts No. 18, embracing 13 counties in this area, and No. 19, including 11 counties in the San Angelo territory, were combined. Under order from the state commission, T. H. Langham, Jr., incumbent administrator at San Angelo, has been placed in charge of administration for the combined districts. Mrs. Ora Wood, administrator of the Big Spring district, will remain as Langham's assistant.

Greene Of Colorado Named New Manager Of Big Spring C Of C

Well Known West Texas Civic Worker Soon Will Assume Duties Here A new manager for the Big Spring chamber of commerce had been named today.

Directors of the organization in a meeting Friday unanimously selected J. H. (Jimmy) Greene, secretary of the Colorado chamber of commerce and a long-time civic worker in behalf of West Texas interests. Greene, who will succeed W. T. Strange, Jr., resigned, is to assume duties here as soon as he can wind up affairs in Colorado and assist in arranging for a successor there. No stranger to Big Spring in that he is widely known throughout this area, Greene has resided in the neighboring city for 22 years. Twenty-eight years ago, he assisted in organization of that town's first civic organization, the Colorado Commercial club, and since that time has been one of the guiding hands in Colorado's civic affairs. For eleven years, while he was engaged in business, he served as the Colorado C. C.'s secretary without pay. Later, he became the organization's executive head.

WTCC Honor As such, his work has attracted favorable attention, so much so that last year, at its convention in Amarillo, the West Texas chamber of commerce honored him in designating him the "most valuable" secretary in the regional organization's affiliated membership. At Colorado, Greene has been given credit for perfecting Rudwick park, a showpiece of its kind among the smaller towns of Texas; for inaugurating the town's "amateur hour" program, a series that became greatly popular in West Texas and was taken up by other towns; for publicizing his

MAY DAY MARKED BY PARADES, BOMBINGS, MILITARY DISPLAY

Millions of workers throughout the world paraded, sang and shouted Saturday in celebration of labor's international holiday. Bombs in Poland and Puerto Rico killed one person and injured three. One in Warsaw was thrown at Jewish socialists; one in San Juan damaged a newspaper building and shook the city.

Cossacks by the thousands thundered through Moscow's Red square where a million persons massed in a monster demonstration. A half million more persons jammed Paris streets to the resounding strains of the communist international, the day's theme song at leftist centers everywhere. Flats clenched in salute and shouts of "Save Bilbao!" rang out as planes wove the besieged Basque capital's name in smoke in the sky.

Before 80,000 Berlin workers, Adolf Hitler denounced "clerical" interference in Reich politics, echoing a speech of a few minutes before to 180,000 school children assembled in the Olympic stadium. A May Day manifesto of the communist international named the United States and France among nations where workers had "checked" capitalism.

Parades and a demonstration by many thousands in New York's Union Square were followed by the Randall's Island stadium. A battery of labor leaders urged them to strive for "industrial democracy."

### NEWS NOTES FROM THE OIL FIELD COMMUNITIES

Mrs. Newman Baker honored her son, Bobbie, on his seventh birthday with a party for his friends, in her home in the Continental camp in Ross City on Wednesday afternoon. Games were enjoyed by the children and gifts were presented to Bobbie. Refreshments were served to Betty Jane Reed, Evva Smith, Vona Bell Crant, Laverne Davis, Wanda Whitley, Kathleen Butler, Norma Musgrove, Florence Fay Williams, Donald Pike, Horace Ivy, John Benton, Bobby Wash, Harold West, Douglas Bradham, Jimmy McCallan, Kenneth Baker, and Eddy Ray King. Adults who were guests included Miss Eloise Nelson, Mrs. O'Barr Smith, and Mrs. Claud King.

Mr. and Mrs. Bob Kneer of the Shell Oil company returned from a two weeks vacation last week. They visited the McDonald observatory and Fort Davis in Pecos, enjoyed fishing and boat riding on Devil's river in Del Rio. In Bracketville they visited Fort Clark and in Uvalde they had the honor of

recting of Carl Blackwelder, and accompanied by Supt. L. L. Martin left for Lubbock Friday morning to enter the yard contest held in Lubbock. Others who accompanied the group were: Mrs. O. S. Butler, Mrs. F. R. Barnett, Mrs. Q. L. Bradham, Mrs. T. D. Smylie, Jr.

Mr. and Mrs. I. L. Watkins were guests of Mr. and Mrs. Poy Johnson in Lubbock last week-end.

Mrs. A. R. Rude held open house for visitors and members of the Chalk Home Makers club from 2 until 5 o'clock Thursday afternoon, in her home in Ross City. Miss Lora Farnsworth, county home demonstration agent, gave some helpful suggestions on good grooming. "The standard of living has much to do with good grooming," said Miss Farnsworth, "and special care should be given to the hands, hair and face daily. Well chosen shoes and good posture add much to the individual's personality. What we are and how we look speaks louder than what we say." A good hand lotion recipe was given to each member at the close of her talk. One standard pattern which had been cut at a previous meeting was fitted. Mrs. O. N. Green was elected a candidate, to be submitted to the council for the trip to the short course August 16 at Texas A. and M. college. A brief financial report was given at the close of the meeting. Visitors present included Miss Lora Farnsworth, Mrs. C. M. Jones, Mrs. H. P. Funk, Mrs. J. D. Peck and Mrs. E. N. Baker. Members were Mrs. O. A. Ruffin, Mrs. B. D. Caldwell, Mrs. Albert Hohertz, Mrs. Pink Shane, Mrs. R. H. Jones, Mrs. C. Galvin, Mrs. C. A. Ballard, Mrs. Ruba Schuessler, Mrs. W. I. Walker, Mrs. R. L. Peck, and Mrs. O. N. Green. The next meeting will be June 12 at Mrs. R. L. Peck's.

Mr. Earl L. King of Ross City was a visitor in San Angelo last week.

Mrs. O. S. Hamlin was called to Hamlin last week to the bedside of her sister, Mrs. H. J. Jackson.

Mr. and Mrs. Lloyd Burkhardt visited relatives in Lamesa Friday and Saturday.

Mr. and Mrs. C. J. Reed and daughters were visitors in Trent last week.

Mr. and Mrs. M. C. Forbes and children visited relatives in Merkel last week-end.

### Club Women Stir Up A Storm With Court Protest

TULSA, Okla., May 1 (AP)—A political storm blown up in Oklahoma by the General Federation of Women's Clubs' opposition to the Roosevelt court plan grew stranger today.

Party leaders focused their attention on a meeting of the state Democratic committee at Oklahoma City Monday, called to consider other matters but expected to endorse the president and his judiciary program and possibly protest the clubwomen's action.

National Democratic Chairman James Farley telephoned Mrs. John G. Catlett, national committeewoman for Oklahoma, and bitter critic of the club women's stand, to compliment her on her position.

"He was highly commendatory," she said.

Mrs. Roberta Campbell Lawson, president of the general federation, said she knew nothing of Farley's interest and described as "silly" charges that the federation cannot vote was "stacked" against the court.

"I repeat this is a non-partisan organization of which I am honored to be president," she declared. "I can do only what the delegate body instructs me to do."

### 'West Texas Follies' To Be Featured Entertainment At Brownwood Meet

BROWNWOOD, May 1—The West Texas Follies of 1937, in which more than 40 beautiful West Texas girls and some of the most talented artists in the state will take part, will furnish night entertainment during the 19th annual West Texas chamber of commerce convention May 10, 11 and 12.

The Follies will be staged Monday and Tuesday nights, May 10 and 11, under the direction of Dr. Mollie Armstrong, local chairman of shows and special entertainment.

Towns affiliated with the West Texas chamber of commerce have been asked to name sponsors to attend and take part in the shows. Fourteen towns already have named sponsors and names of other sponsors are being received daily. The most beautiful sponsor will be selected by popular vote of the audience and will be crowned "Miss West Texas" at the second night's Follies.

The first presentation of the Follies Monday night will honor Miss Marguerite Walling of Childress, queen of the 1936 West Texas chamber of commerce convention in Amarillo. The forty or more 1937 sponsors will be presented to the 1936 queen Monday night. The coronation ceremony Tuesday night will be one of the most brilliant and colorful spectacles ever presented at a West Texas chamber of commerce convention, official state.

**Band Music**

Music for the programs will be furnished by the Denton stage band of North Texas State Teachers college, Denton. The band, directed by Floyd Graham, is widely known entertainment unit and has played at the last five WTCC conventions.

Among entertainment units already signed up for the programs are San Angelo's famous Cowboy band, Wichita Falls' "Medicine Show" and Abilene's "Rock Crushers and Hill Billies." W. Lee O'Daniel and his Hillbillies, well known radio entertainers, will furnish an act. Other entertainment numbers secured include:

Bangs high school whistling chorus; Colorado, Mrs. Mooser, soloist; Mrs. Martin, soloist and Miss Martin, song and dance; Fort Davis, song and dance act; Slaton, Miss Maxine Odom, Spanish dance and military tap; El Paso, Miss Laurita Westrup, rope act and dance; Brownwood, high school chorus; Miss Mavis Douglas, soloist and girls' trio; Wichita Falls, male

"Evelyn's Punishment" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist on Sunday, May 2. "The Golden Text is: 'Evil pursueth sinners, but to the righteous good shall be repayed' (Proverbs 13:21)."  
Among the citations which comprise the lesson-sermon is the following from the Bible: "And Jesus called a little child unto Him, and set him in the midst of them, and said, 'Verily I say unto you, Except ye be converted, and become as little children, ye shall not enter into the kingdom of heaven' (Matthew 18:2)."  
The lesson-sermon includes also the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We acknowledge God's forgiveness of sin in the destruction of sin and the spiritual understanding that casts out evil as unreal. But the belief in sin is punished so long as the belief lasts" (page 497).

## Women Drivers Know REPAIR VALUE!

Not the actual mechanical fine points, perhaps, of the functioning of a motor... But women drivers DO know and appreciate automobile repairs that send them speeding along smoothly and safely over streets and highways, carefree from worries and delays so often caused by inferior workmanship and parts in so-called "bargain" repairs.

Women motorists—and men, too—know the satisfaction of driving an automobile that has been given expert and conscientious attention when left for repairs. Your freedom from automobile worries rests largely with the kind of service and quality of work put forth by the garage that looks after your car. We take particular pride in the fact that so many Big Spring and Howard county women automobile drivers come to the Big Spring Motor Co. FIRST when their cars need attention—because we recognize in that, their confidence in us to give them the very finest workmanship, parts and service that money can buy.

We service all makes of automobiles. The same careful attention of expert mechanics is given the small repair job as well as the large one. May we give you a estimate on your next work?

# HITLER DENOUNCES "CLERICAL INTERFERENCE" AND JEWS IN MAY DAY ADDRESS TO THROCKMORTON

## Gets Only Moderate Cheering When He Asks Workers To Forego Wage Increases

BERLIN, May 1 (AP)—Adolf Hitler stood amid May Day throngs today to denounce clerical "interference" and the Jews, and to tell the Third Reich's workers that the time for higher wages had not yet come to Germany.

There was varying applause for these pronouncements.

Fifty thousand Berlin workers massed before Der Fuehrer in the Lustgarten square, often the scene of monster Nazi demonstrations. Earlier, one hundred and eighty thousand boys and girls packed into the Olympic stadium heard the first of two apparent warnings to Catholicism.

His allusion to Jews brought uproarious applause, but only moderate cheering followed his appeal to workers and employers to increase production without demanding higher wages or increased prices.

The Lustgarten throng cheered more heartily when Der Fuehrer declared labor service, without more wages, "will force better class respect of the worker."

Repercussions of the controversy between nazism and Catholicism which was brought into the open by Pope Pius' pre-Easter encyclical charging Nazi violation of the church-state concordat, were sounded by both of Der Fuehrer's speeches today.

The concordat, in 1933, set up separate spheres of church and state influence. The pope charged the Germans had encroached on the church sphere, especially in regard to its influence over Catholic youth, and has set up a falsedity in Hitler. The Nazis apparently have begun a widely-publicized campaign to show that the church itself overstepped the line. Several Catholic chaplains recently

by wind is to plant sorghum, grain or other "cover" crops in place of wheat, Throckmorton believes. If the land can be resodded, dust storms will diminish appreciably. "It is not generally known," Throckmorton said, "that not all the sandy soils in southwestern Kansas were in buffalo grain originally. Many areas were covered

with blue-stem grass—the same variety of grass which covers the Flint hills grazing area of eastern Kansas."

One trouble in connection with resodding the drouth areas, according to Throckmorton, is that of obtaining supplies of wild grass seeds in sufficient quantities. As a "compromise method"

Throckmorton suggested that farmers plant a sorghum crop early in the summer and leave it unharvested so the seed will scatter on the ground and possibly start a volunteer crop the next year.

Other grasses suggested were buffalo grass, strippling and black grama seed, "can be scattered over the area, the sor-

ghum roots holding the soil firm until the grass gets started. The present widespread practice of listing fields to prevent the soil from blowing is regarded by Throckmorton as "merely a temporary expedient and has no part in a long-range program of soil conservation."

Throckmorton is a member of a committee appointed in 1935 by the

department of agriculture to make a survey of drouth conditions. Other members of the committee are A. E. McClymonds of the government soil conservation service at Colorado Springs, Colo., and James C. Foster of the reclamation administration at Amarillo, Texas.

Said Der Fuehrer today to the workers:

"If anybody tries, through encyclical sermons or other religious measures to disturb our community spirit, we will simply withdraw the clergyman's license from such."

In his 50 minute speech to the workers, Hitler also decried Jewish controlled the destinies of Soviet Russia. He cried:

"None of the soviet leadership has arisen from the proletariat. They are ruled by another tribe. It is not wonderful to live under a system which selects the best brains and places them in charge?"

## Survey Calls For Resodding Of Dust Bowl

### Agricultural College Expert Doubts If Nature Can Be Shackled

MANHATTAN, Kas., May 1 (UP)—Dust storms were reported on the plains of the southwest even before the country was settled, and they never can be entirely eliminated, according to Prof. R. I. Throckmorton, of Kansas State Agricultural college, who is preparing a drouth report for the department of agriculture.

"No one expects the blowing of dusts on the plains can be entirely stopped," Throckmorton said. "Dust storms were reported in western Kansas long before the country was settled, and they will probably always continue."

In 1830, according to Throckmorton, the Rev. Isaac McCoy, a missionary to the Indians, crossed Kansas and reported encountering a severe dust storm. Whether reports at Dodge City, Kas., in the early 1890's record similar storms—and that was before the land was put under cultivation.

"However," Throckmorton said, "the plow and recent drouths have increased the dust problem immensely. Grass is a natural solution if a successful way of growing sod on dry, sandy soils can be found."

Perhaps the most successful way by farmers to prevent soil erosion

with blue-stem grass—the same variety of grass which covers the Flint hills grazing area of eastern Kansas."

One trouble in connection with resodding the drouth areas, according to Throckmorton, is that of obtaining supplies of wild grass seeds in sufficient quantities. As a "compromise method"

THE SPORTS CIRCUIT  
Reigh Count's  
'Take' Record  
Still Stands

BY TOM BEASLEY

AT LEAST 27 horses, an unprecedented number, must start in the Kentucky Derby May 8 if the new value to the winner is to surpass the \$50,000 won by Reigh Count in 1928, the Associated Press reports.

There were 103 nominations this year at \$25 each, a total of \$2,575. Churchill Downs adds a stake of \$50,000. If 27 horses start at \$200 each, the total entry fee will be \$5,400, giving the stake a gross value of \$6,075.

From this amount \$10,000 is deducted for the other horses that finish in the money, on the basis of \$6,000 for second, \$3,000 for third and \$1,000 for fourth. Also, in computing the net value, the winner's \$500 starting fee and \$25 commission are deducted. This would leave a net value to the winner of \$5,525.

If 28 horses start, the net value would be \$5,050—not enough to surpass Reigh Count's record. In Reigh Count's year, there were 22 starters but there were 196 nominations which swelled the total.

WILLIAM DUPONT, Jr., a Fairy Hill, winner of the Santa Anita Derby and a nominee for the Kentucky Derby, is a descendant of Fair Play, the sire of Man O' War. Fairy Hill's sire, Messenger, was by Fair Play, and his third dam, Etolie Filante, also was sired by Fair Play.

ONLY ONE horse sired by Man O' War has won the Derby—Clyde Van Dusen in 1929. Man O' War did not run in the Derby.

The only Man O' War colt in this year's Derby eligibility list, War Admiral, is a formidable candidate. He is owned by Sam Hilditch, in whose colors the "horse of the century" raced.

The most money ever wagered in the mutuels on the Kentucky Derby was \$694,956 in 1926. On that day \$2,088,701 passed through the Churchill Downs machines on seven races.

Last year's totals were \$472,750 on the Derby and \$1,269,078 on the day's card of eight races.

CRANE GULF OILERS BLANK COSDEN REFINERS 4-0

Eleven Double Plays Completed In Game

Duncan, Ex-Oklahoma City Indian, Limits Visitors To Six Hits; Allen Wiggins Allows Seven

CRANE, May 1 (Sp.)—Allen Wiggins put the Gulf Oilers down with seven hits here Saturday and had excellent fielding support, but it was too much Bill Duncan and the Big Spring Cosden Oilers fell before the charge of the fast Permian Basin team, 4-0.

A total of eleven double plays were completed by the two teams—five by the visitors and six by the Crane outfit.

In one of the classic fielding exhibitions seen here in many days, Bill Duncan, ex-Oklahoma City Indian, limited the Cosdenites to six hits, only one of which went for more than one base. Carmen Brandon doubled with two away in the sixth.

Roy Watson, leadoff man for the Oilers in the first frame, found Wiggins for a bingle and scored on a double by Rock Smith. Miller Harris working the Big Spring right hander for a free ticket in the second and added the second run in that frame on Moore's base blow.

Smith gave the Crane aggregation their third run in the third when Wiggins hit a streak of wildness. The Crane second sacker followed with a circuit smash in the fifth to give the Basin crew their last tally.

TEXAS AGGIES CAPITALIZE ON BRUIN MISCUES

WACO, May 1 (AP)—The Texas Aggies dominated the Baylor Bears today then took advantage of Bruin miscues in late innings to score a 6 to 4 victory.

Lloyd Russell's error on a made to order double play in the ninth, set the stage for the Aggie victory. Williams then walked to fill the bases, Voelkel singled, and Bell hit a sacrifice fly for the winning Aggie run.

Between them, Mike Ducey, who was rushed into the game in the ninth, and Jelly Sorrell, allowed nine hits, while Pitzer of the Aggies gave up only six.

The win left the Aggies in the thick of the Southwest conference fight, and definitely eliminated Baylor from the race. It was Baylor's fourth loss of the season.

WAYNE LEMASTER WINS HIS THIRD HURLING BATTLE

BROOKLYN, May 1 (AP)—Wayne Lemaster won his third pitching victory of the season today, hurling the Phillies to a 4 to 2 victory over the Dodgers. The rookie left-hander muzzled the Brooklynians with five hits.

Fred Frankhouse, on the hill for the Dodgers, pitched scoreless ball until the fourth when Norris and Atwood tallied. He survived until the eighth when Tom Baker took the hill.

Leo Norris, with a double and two singles, led the attack against Frankhouse, while Lemaster allowed no man to get to his offerings for more than one blow.

Lemaster struck out seven men and issued seven passes in notching the victory.

GREAT POMPOON FAILS FOR 1ST TIME THIS YEAR

NEW YORK, May 1 (AP)—An entirely new complexion was thrown on the Kentucky Derby today when the great Pompoon, favorite to win America's most famous horse race next Saturday, failed for the first time this year as Melodist from the Wheatley Stable won the Wood Memorial at Jamaica.

Asked to carry his vaunted speed over a distance for the first time this year, Pompoon wound up fifth, six lengths back of Melodist, a 15 to 1 shot, in the mile and 70 yard event. Marshall Field's Sir Danton trailed Melodist by a length with third going to J. W. Brown's Jewel Dorset, a non-derby eligible, and fourth to W. A. Carter's Clodion.

Pompoon was the 3 to 5 choice of the record crowd of 26,000.

Popular Vic Webber On Wrestling Card

Getting away from the usual run of things, Herman Fuhrer will present two "clean-wrestling" bone crushers for his Tuesday night show—the first of the season.

The arena has been revamped and made over for the season, the matches will be broadcast over radio station KBST, and Fuhrer expects to have the stands packed for the three big bouts.

All-star performers will make it an interesting evening.

The main event, a two-hour time limit affair that promises to be the fastest moving match of all, returns Victor Webber, chesny German from up New York way, who will match mat science with Ace Freeman, a formidable Jewish boy who will be making his first appearance in a Big Spring ring.

Of all the grapplers who have appeared here during the past two years, Webber was easily the most popular. The swaggering, boisterous German ranks next to the Masked Marvel as a top-notch middleweight.

The thirty minute semi-final will bring together Gorilla Pog, powerful bald-pated old gent not so well liked by the ring-siders but a rougier in the ring, and Joe Kopecky, another grappler new to Big Spring. Kopecky is a Bohemian.

George Bennett, a college boy from Oklahoma, will match holds with Jerry Markus in the special event. It will be the rough match of the evening. A firm believer in the use of anything necessary to win, even if it does call for a few more or less illegal holds, Markus specializes in the "pump handle" hold.

Ray Clements of Lubbock is scheduled to be the third man in the ring.

Uncle Billy Disch's Team Trims Owls

HOUSTON, May 1 (AP)—Mike Seale's wildness sent the Texas Longhorns away to a flying start here today and Uncle Billy Disch's team trimmed the Rice Owls, 13-8.

It was the Longhorns third victory of the season over the Owls and their ninth in 10 Southwest conference starts.

Seale allowed only four hits in his six innings on the hill but he issued nine bases on balls and uncooked two wild pitches that enabled the Steers to take an 8 to 1 lead.

Rice outthrew the Dischmen, 13-10, and pounded Bill Hughes freely in the late innings, but the big right hander had little trouble finishing behind the large lead. Included in the Rice base hit collection were a double and triple by both Steen and Shuehle.

Jackie Conway led the 10-hit Texas' attack with three safeties.

Score: Texas 200 042 311-13 10 3. Rice 001 002 122-8 13 6. Hughes and Lawhon; Heider, Seale and Woods.

Rebels Clash With Brown Nine Today

The Rebels will clash with the Brown Bombers this afternoon on the Brown diamond. They will be trying for their second victory of the season and will draw on "vin Boatman to strong arm them to victory.

Rebel lineup will be practically the same as started against Continental with Underwood behind the plate, Hart on first, McKahan at second, Whit at short, Treadway at third, Redding in left field, and in center and Hare in right.

F. Shortes will probably hurl for the Brown nine.

## Ned Pettigrew Gets Hobbs '9' In Shape

### Oklahoma Lads Make In-field Classiest Layout In Circuit

(Editor's Note: This is the fourth of a series of stories on teams in the Class D West Texas-New Mexico baseball league.)

HOBBS, N. M., May 1—The Hobbs West Texas league baseball representatives, under the guiding hand of Ned Pettigrew, are rapidly rounding into shape in their daily workouts.

The infield, plugged by two bustling youngsters in Ned Pruitt, a third sacker who hails from Elk City, Okla., and Lowery Battle, a short stop from New Orleans, La., is expected to shape up as one of the classiest in the circuit.

Pruitt looks good enough both afield and at bat to make any ball club in a league of this classification. He's a right handed hitter and throws them with his right paw. He's been nicknamed "Burrhead."

Pettigrew, attracted by Battle's hustle in the field, has nominated the youngster for the short-stopping position over several other candidates.

Catching duties will probably fall to two Oklahoma boys, Robertson of Elk City and Ward from Peralta. Robertson has had more experience than his younger rival for the position, but Ward may beat him out, as he has shown lots of pep in spring workouts.

Two other Oklahomans, Britton and Brown, both of whom hail from Marlow, look like regular gardeners, while several Hobbs boys are trying for the outfield posts.

Five pitchers have been working out for pitching assignments. Gurley, a Hobbs fliker, looks as if he has the goods to qualify for one of the posts.

Hobbs merchants are working toward a gala occasion for opening day. The grandstands are expected to be packed for the first game against Hobbs on Tuesday.

## Tulsa Wins Deciding Game Of Series

### Left-Hander Max Thomas Twirls Oilers To 4-2 Win Over Houston

HOUSTON, May 1 (AP)—Tulsa sent another southpaw against Houston here today and won the deciding game of the series, 4 to 2.

The left hander was Max Thomas, and although he wasn't quite up to George Milstead's shutout of last night, he limited the Oilers to seven hits and blanked the South Texans after a lustrous greeting which produced the two runs with the first two batters.

## CHICK HAFY TO REJOIN REDS

CINCINNATI, May 1 (AP)—Chick Hafy, absent from the Cincinnati Reds' lineup for two years, will rejoin the club in Cincinnati on May 15, he advised General Manager Warren C. Giles today from his Walnut Creek, Calif., ranch home.

Hafy, recovered from a siege of stoma trouble, indicated belief it would be better for him to remain on the west coast and avoid possible rainy weather than to join the team May 8 in Philadelphia, as originally suggested.

## U.S. Netters Trim Japs In Zone Elimination

### Don Budge And Gene Mako In Easy Victory

SAN FRANCISCO, May 1 (AP)—The United States defeated Japan in the North American zone elimination Davis Cup competition today when its doubles teams of Don Budge and Gene Mako won from Jiro Yamagishi and Fumiteru Nakano, 6-0, 6-1, 6-4.

The Americans swept both singles matches yesterday with Budge, first national ranking player, leading off with a 6-1, 6-1, 6-0 victory over Nakano.

Frankie Parker, Milwaukee chop stroke artist, followed with 6-3, 2-6, 6-6, 6-1 win over Yamagishi, Japanese champion and captain of his team.

Complete Rout

Today's doubles triumph followed a complete rout of the two-man combination from across the Pacific. Budge and Mako, national doubles champions, broke through the service of the Japanese repeatedly while they outmaneuvered their rivals, drove them back with terrific "kills" or forced them to drive balls into the net.

The single matches will be played tomorrow but will have no bearing on the zone elimination, decided by today's contest.

Sunday's singles will pair off Parker against Nakano and Budge against Yamagishi.

As a result of the victory over Japan, the United States will meet Australia, winner over Mexico today, in the zone finals to be held at Forest Hills, N. Y., late this month.

## MATCH IS PLAYED IN HARD RAIN

### BY WILLIAM T. RIVES

TEXARKANA, May 1 (AP)—Betty Jameson, stout-hearted San Antonio school girl, tackled the Texas Women's Golf association championship trophy under her arm for the second straight time this afternoon.

In a 36-hole final match devoid of the thrills expected, and played in the rain in a hard rain, she soundly defeated Mrs. Fred Goldthwaite, 24-year-old Fort Worth ace, 17 and 8.

Mrs. Goldthwaite, challenging for her third Texas title, had been placed in the favorite's position because of a brilliant round in yesterday's semi-finals.

She never hit her stride, however, and was forced to watch Miss Jameson close out the uneven contest on the 28th hole with a bogey five.

Betty Takes Early Lead

Mrs. Goldthwaite took the first two holes with a par and a birdie, but even then had to come out of trouble to gain them. Thereafter, Miss Jameson had the match all her way.

She took four of the next five holes, halving one, and breezed to an easy finish as Mrs. Goldthwaite floundered in the rough and fought a sliced, misbehaving putter and a slipping confidence in herself.

The rain, beating down heavily for about half the contest, made playing conditions miserable but had no bearing on the result.

"I just wasn't on my game," Mrs. Goldthwaite said. "Betty played a fine game and deserved to win."

Miss Jameson 17 year old blonde, shot a fine 41-40-81 over the treacherous par 36-37-73 country club course on the morning round and a 43 on the first nine of the afternoon play.

Mrs. Goldthwaite's score mounted to 47-44-91 on the first round and a slightly improved 45 on the third nine.

14 Pars, 1 Birdie

Miss Jameson had 14 pars and a birdie and Mrs. Goldthwaite seven pars and two birdies.

Other championship results: Championship flight consolation: Mrs. H. A. Peterson, Dallas, defeated Mrs. Jake Hamon, Dallas, 6 and 5.

First flight: Mrs. J. Lee Wilson, San Antonio, defeated Miss Marie Levi, Dallas, 20 holes.

Second flight: Mrs. P. J. Lewis, San Antonio, defeated Mrs. W. H. Alinsworth, Houston, 2 and 1.

Second flight consolation: Mrs. H. R. Strube, Corsicana, defeated Mrs. D. A. Little, Dallas, 6 and 3.

Third flight: Mrs. A. E. Wright, Dallas, defeated Mrs. Fred Austin, Houston, 19 holes.

Third flight consolation: Mrs. R. P. Dorrough, Texarkana, defeated Mrs. Edgar Pearson, Houston, 19 holes.

# Camera Views Of Events And People In The World News

A Southampton newspaper said that it had learned reliably that Wallis Warfield Simpson (above), and the Duke of Windsor are considering marriage on the day Edward's brother is crowned as his successor. The former Baltimore belle is shown in a new portrait.

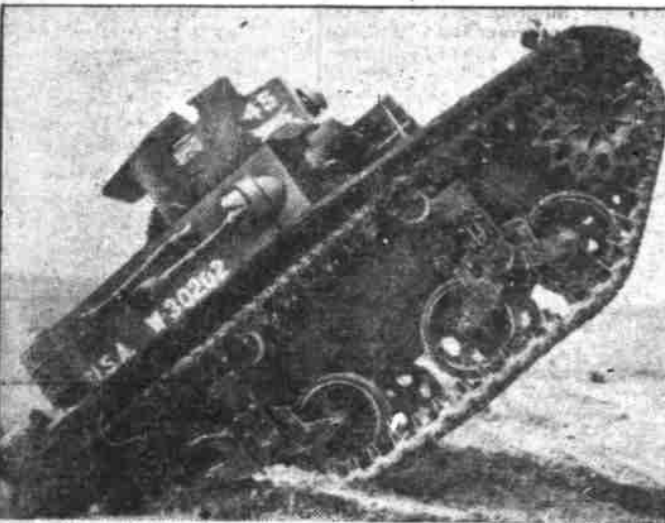

George Stanley Preston, 47, watchman (wearing cap), was charged with arson after police said he admitted setting fire to rubbish in the tenement where he lives to "relieve my headache." Officers then started trying to identify him as the "Bronx baby-carriage" firebug who has started fires in baby carriages left in tenement hallways which burned four persons to death.

One zip of a zipper, and Miss Florence Bryan can slip out of her week-end evening gown—ready for a dip on a Los Angeles beach.

The season for bathing beauty shows was advanced several weeks in New York so these pretty models could give a preview of the 1937 summer beach styles, which present many striking innovations.

Capable of speeds exceeding 35 miles an hour in second gear, "Mystery Mike" (M2-A2 to the U. S. Army), does things in tests a World War tank never dreamed of. In tests at Denver it showed great speed and an ability to "stop on a dime," but officers warned bystanders not to try to see inside. At the top, "Mystery Mike" takes a hurdle. Bottom, a closeup of machine-gun turrets and the driver's cockpit. (Associated Press Photos)

Head bared, Adolf Hitler stands in the entrance to the old Chancellery building at Berlin as military bands played a salute to him on his 48th birthday, when he reviewed Germany's revitalized military forces. On his left is Heinrich Himmler, chief of German police. At his right is Sepp Dietrich, leader of Storm Trooper Bodyguards.

William Grinnell Blodgett, 11, Oakland, Calif., (above), kidnaped and freed by an apparently conscience-stricken man, wouldn't pick up his pie for the photographer. "I always use a spoon," he said calmly.

This unusually graphic photo shows an actual rescue scene enacted near Washington. John Williams, tender at Memorial Bridge (right), who plunged into the Potomac River when he saw a canoe overturn in flood waters, is handing a rope to Mrs. Joseph Leopold, her husband, and Thomas Fenton. Williams made the rescue after watching the three float down the river for a mile. (Copyright, 1937, by the Washington Post)

Miss Joan Skelly, daughter of Mr. and Mrs. W. G. Skelly, Tulsa, and Samuel Allen Guiberson, III, son of Mr. and Mrs. Samuel Allen Guiberson, Jr., Dallas, are shown after their marriage at Tulsa. The couple are members of families prominent in southwest oil development. They will live in Dallas.

After much ceremony and speechmaking, Ed Stanley (foreground), who drove the first rivet in the Golden Gate bridge, drives home a \$400 gold rivet—scheduled to be the last in the huge span—but the head—and the remainder—shattered and fell into the bay far below. A steel rivet was finally used to finish the job.

Albert S. Montlake (above), 40, wealthy Chicago gem salesman, was shot and killed by an unknown assassin a short distance from his home. Police said it was a revenge slaying and sought to link it with Montlake's indictment in New York on charges of conspiracy to transport bonds stolen by the late Dillinger gang.

Mrs. Mary West said she would ask annulment of the marriage of her daughter, Opal (above), 12, to John Lawrence Burns, 38, Perry, Okla., oil field worker. Burns was charged with perjury, accused of giving the girl's age as 15 when applying for a marriage license.

Visitors to the Baltimore home of Mrs. Wallis Warfield Simpson gaze here at a model of Fort Belvedere, where Mrs. Simpson awaited King Edward's decision on abdication and from which she fled England. Five guides show visitors through the home at 50 cents a trip. Note picture of Mrs. Simpson and the Duke of Windsor. The model is under a glass cover.

Theodore Middleton (above), testified before Senator LaFollette's Civil Liberties committee that his salary as sheriff of Harlan County, Kentucky, never amounted to more than \$4,400 annually, but admitted that he and his wife had bought \$102,728 worth of real estate and securities since he took office January 1, 1934.

Miss Helen Gladys Hughes (above), daughter of Mr. and Mrs. Britton Hughes of Washington, was married to Rep. Dewey Short of Missouri by the Rev. Dr. James Shera Montgomery, chaplain of the House of Representatives.

Someone told Rep. Dow W. Harper (D. Ohio) (left), that he could avoid seasickness on the return trip of the ship "District of Columbia" to Washington from Old Point Comfort, Va., by eating a lemon. So he called a waiter and ate one. The remedy didn't work, and Harper suffered along with other members of the congressional party.

# The Markets

## NEW ISSUES MAKE GAINS IN SATURDAY MARKET TRADING

NEW YORK, May 1 (AP)—Farm implements and specialties took another step forward in today's stock market but many of yesterday's buoyant leaders stood still or backed down moderately.

The news generally was interpreted as satisfactory. There was only a dribble of foreign selling and the gold price spectra appeared to have all but vanished. The inflow of favorable corporation statements continued and business prospects were at least fairly cheerful.

Traders, on the whole, exhibited an exceptional amount of discretion in expanding commitments in either direction. Some, it was said, thought Friday's upswing had been a little too sharp. Others decided neutral territory was advisable while awaiting what will happen on London's settlement due next Thursday when many British financial houses, heavy losers recently in commodity speculation, will have to set up to the payment window.

Dealings were on the quiet side throughout, transfers totalling 551,450 shares compared with 595,640 last Saturday. The Associated Finance average of 80 stocks was unchanged at 62.2.

Sales, closing price and net change of the 15 most active stocks today:

**COTTON**

NEW YORK, May 1 (AP)—Cotton was sensitive to small orders today and after early steadiness turned easier. July, which had advanced from 12.95 to 13.05, eased to 12.85 and then closed at 12.51. The market ended 6 to 12 points net lower.

Opening losses of 1 to 5 points reflected disappointing action at Liverpool and small liquidation. Offerings were light and the market soon rallied on local buying and covering. Market sold at net gains of 5 to 7 points but then eased 16 to 22 points from the highs. As weekend liquidation and hedge selling appeared, early buyers resold.

**NEW ORLEANS**

NEW ORLEANS, May 1 (AP)—Cotton sold lower today under liquidation by longs and although at one time options were a few points above the previous close, final prices were at the lowest of the day. The close was easy at net declines of 11 to 15 points.

Liverpool cables were about as due at the start here but a flurry of selling caused an opening break of 1 to 7 points.

July contracts closed at 12.78, Oct. at 12.62, December at 12.72, January at 12.75 and March at 12.75. The May option was inactive throughout the session, not a single sale being made in that month. Spot cotton at New Orleans closed quiet 17 points lower with middling at 13.16.

**CHICAGO GRAIN**

CHICAGO, May 1 (AP)—The flow of unfavorable crop reports from the heart of the winter wheat belt was enough to lift wheat prices about a cent a bushel today in a comparatively quiet trade.

Moisture deficiency in important wheat growing areas, particularly in Kansas and Oklahoma, is becoming more serious, according to a variety of crop advisers.

Wheat closed 1-5/8 higher than yesterday's finish, May 1.32 3/4-1/2, July 1.19 7/8-20, Sept. 1.17 3/4-7/8, corn 1.07 1/2-5/8, May 1.30 1/4-3/8, July 1.17 1/2-5/8, Sept. 1.08 3/4-7/8, oats were 15 up to 1 1/4 down, May 30 1/4-1/4, rye was 1 off to 1 1/4 up, May 1.18 1/4, and lard gained 5 to 13 cents.

## 17 In Stanton Senior Class

**Graduation Program Is Slated For Night Of May 24th**

STANTON, May 1—With a roll of seventeen graduates, the senior class of Stanton high school this year shows an increase in number over classes for the past two years but is smaller than in former years, according to Supt. W. C. Glazener.

Ten girls and seven boys will be entitled to the long-awaited diploma, with valedictory and salutatory honors being held by girls.

Ethel Bridges, with an A average throughout her senior year, will be class valedictorian, while Georgene Bullock, with a high B average, will rank as salutatorian. The graduate roll includes: Marjorie Atchison, Ethel Bridges, Georgene Bullock, Myriene Connolly, Pauline Cox, Norma Lee Hull, Nadine Kelly, Sammys Laws, Neva Smith, Margaret Straub, Frances Bristol, Seth Donelson, Amel Glaser, Rex Hamner, J. D. Poe, Elmo Reed and J. M. Yater.

**League Honors**

Class members won several honors in the Interscholastic league meet this spring. J. D. Poe, class president, was high point man in the county meet, winning five first places, and amassing 20 points. Norma Lee Hull won first place as senior girl declaimer in county contests and placed third in the district.

Amel Glaser and J. M. Yater each placed in track and field events in the county meet.

"Senior activities for the year have included production of a three act play and a week-end trip to Carlsbad Caverns."

Dr. D. F. McConnell, Presbyterian pastor at Big Spring, will preach the baccalaureate sermon, Sunday, May 23.

**Pan-American Program**

Complete plans for the graduation night program, May 24, have not been made but will probably be built around a Pan-American theme. Supt. Glazener is submitting the traditional graduating address by a guest speaker, the seniors will present the program for the evening.

Candidates for graduation from grammar school number 34, included are: Ethel Alderman, Mary Evelyn Avery, Maxine Bajch, Alvin Blackford, Vera Blackford, H. C. Burnay, Royce Vernon Chandler, Beryl Dean Clinton, Monette Cox, James Crow, Jack Davis, Rose Ellen Gibson, Duwin Henson, George Herzog, Thessa Ruth Hull, Clifton Ledbetter, Mildred Louder, Jimmie Mashburn, Lois McKaskle, Reba Lee O'Brian, Marcella Pinkston, Helen Renfro, Lena Faye Reynolds, Cledie Shelbourne, Mildred Sinks, Junior Straub, Willis Timmons, Willis Turner, Eunice Ward, Edna Wheeler, Hugh White, Lloyd White, Robert Williamson.

**STAB WOUNDS ARE FATAL TO JUDGE**

NEW YORK, May 1 (AP)—City Judge John F. O'Neil, who was stabbed in the back on a street corner Tuesday, died today as 50 detectives spurred their unproductive search for his mysterious assailant.

Knifed twice by a stocky, polo-coated figure whose motives investigators could not fathom, O'Neil recovered consciousness several times at the hospital amidst emergency administrations of blood and oxygen, but gave no clue to the assailant.

**ALLOCATION**

WASHINGTON, May 1 (AP)—The war department approved today allocation for maintenance dredging and deepening of Galveston channel, Texas, to 34 feet, mean low water.

**CHECKING OF WORK SHEETS TO START**

The task of checking work sheets for transmission to the state board will start Monday at the county agent's office. Saturday was to have been the deadline for filing the work sheets.

The information must be in the hands of the state board by May 15, and County Agent O. P. Griffin explained that time was required to check the sheets.

M. Weaver, assistant agent, said that more than 700 had filed work sheets, a larger number than at first anticipated but smaller than the 900 last year.

**TESTS UNDERWAY**

Miss Anne Martin, county superintendent, Saturday had completed achievement tests in two schools and had 14 others to make. The tests are administered to students of the first grade and through the seventh grade. They originated several years ago as a measure to standardize the work in the seventh grade of rural schools.

**LOANS APPROVED BY BIG SPRING AGENCY**

Two loans were approved by directors of the First Federal Savings and Loan association Saturday in a regular meeting. One refinancing loan in the amount of \$2,800 was approved and a second loan for \$2,100 to refinance and improve was sanctioned. Directors acted to conform to suggestions from a government auditor that all employees of the office be bonded, and considered a second suggestion that efforts be made to increase the volume and reserves.

## Ends Fast On Call From The Lord, Takes Squirrel Soup, Beef Broth

**STOOPING OAK, Tenn., May 1 (AP)—**Hollow-cheeked Jackson Whitlow, religious faster of the Cumberland mountains, today ended his 53-day fast by eating squirrel soup and beef broth after learning from the Lord, he said, that milk would curdle on his stomach.

The 45-year-old trapper said he received a "definite call from the Lord" to break his fast, but that the "Lord" did not disclose what future plans were in store for him.

Squirrel broth, which Whitlow said was prescribed by the Lord, was taken by the faster shortly after "the call." Whitlow yesterday swallowed a small quantity of grape juice, the first nourishment he said he had taken since March 18.

He was appreciably stronger today and Dr. E. E. Stoddler of Dunlap, who examined him, gave him a "good chance to recover."

Whitlow, who had steadfastly refused to see newsmen all day, told the Associated Press of the "call."

"My mind was on my fast when I heard the Lord say 'take thy burden to the Lord and leave it there,'" he whispered in a weak voice.

"How long will this be on me, I asked him, and the Lord answered 'I was with you when you were down and I'll be with you here you are up.'"

"This indicated to me my fast should be ended, so I asked how I should end it. He told me to drink squirrel soup."

"After I had taken the squirrel soup, I told him it didn't taste good and asked if I could have some milk and bread. The Lord told me I couldn't have solid food yet as it would kill me and that the milk would curdle on my stomach."

**Lubbock, Abilene Win Band Honors; Local Boy Cited**

LUBBOCK, May 1 (AP)—Abilene and Lubbock high B school bands once more shared the highest positions within gift of judges as the annual two-day tournament of the Western Texas School and Orchestra association came to a close here tonight.

Each was placed in the first division of Class A, and thereby qualified for regional tournaments of the National Band association at Oklahoma City, May 14 and 15.

Competitors in association contests are rated only by divisions instead of by individual ratings. Classifications of competition are governed by enrollments of the schools represented. Abilene and Lubbock, each with more than 70 enrollment, were the only competitors in their class.

First division teams in other classes, each which also qualified for Oklahoma City competition and was winner of a trophy here were:

Class B—250 to 750 enrollment: Cleo, Slaton and Wink.  
 Class C—under 250 enrollment: Monahans.

Class D—less than one year of experience regardless of enrollment: Pecos and Sweetwater.  
 Junior high school: Abilene Elementary.

In marching contests, a separate division of competition, first division bands were:

Class A—Abilene and Lubbock.  
 Class B—Coleman, Midland and Wink.  
 Class C—Fort Stockton and Pecos.  
 Class D—Sweetwater.

First division drum major baton twirlers were: H. Guy Kemper, Abilene; Toy Dial of Slaton; Charles Sikes of Big Spring and Eugene Hinton of Pecos.

**DRIVER WINS SAFETY AWARD**

C. D. Webb (Above), Greyhound bus driver on the run between Fort Worth and Big Spring, has been awarded \$30 in cash and a platinum pin in recognition of his outstanding safety record, according to an announcement by F. W. Tibbets, president of Southwestern Greyhound Lines. Webb has completed six years of continuous driving without an accident. The enviable safety record of Webb and other Greyhound drivers, has helped Greyhound to win the National Safety Council's annual award for each of the six years that it has been awarded.

**Report Efforts to Oust Supt. Shaw Of London School**

HENDERSON, May 1 (AP)—President E. W. Reagan of the New London school board announced today the schools of his district had suspended temporarily pending adjustments of scholarship requirements with reference to credits and the adjustment of some other matters.

He said the schools suspended yesterday, "this action being taken in the interest of the school and children."

Informed, but unquoted sources, have said the board received a petition bearing nearly 200 names last Tuesday seeking removal of W. C. Shaw, superintendent of the school, blown to bits with hundreds of its teachers and students six weeks ago.

No formal action had been taken to date.

Sources said the New London residents were divided on the removal of Shaw.

## New Plan Of Ireland Govt. Is Opposed

**England And Ulster Not To Follow De Valera Independence**

DUBLIN, Irish Free State, May 1 (AP)—President Eamon de Valera's new constitution, declaring all Ireland a "sovereign and independent democratic state" and leaving the door open for union with northern Ireland, appeared headed tonight for determined opposition from Ulster and England.

Ulster, northern Ireland separated politically from the Irish Free State, received the proposal coolly while British newspapers were unsympathetic.

"We definitely prefer our position as citizens of the United Kingdom" said the Ulster commerce minister, John Milne Barbour.

Some newspapers of Ulster, which has six northern counties, termed the new constitution a "challenge" to the British government.

Ulster, which has a governor named by the king, has a separate parliament and executive government. Certain legislative and financial powers are reserved to the parliament of the United Kingdom.

The Irish Free State, under its present constitution, is a co-equal member of the community of nations forming the British commonwealth of nations.

The English governor-general for the Free State, last executive Fink with the crown, last December signed a Free State bill abolishing his job.

In contrast to the Ulster attitude, the Dublin press generally regarded De Valera's proposal today as not changing the existing association of the Free State in the British commonwealth of nations.

The new constitution, which will be put up to the voters late in June, declares the "inalienable" right of the Irish people to choose their own form of government and provides for election of a president for a seven year term by direct vote.

**CONSERVATION, TENANCY PROBLEMS ON WTCC PROGRAM**

BROWNWOOD, May 1 (AP)—West Texas farm problems will be discussed at two of the three group conferences to be held during the West Texas chamber of commerce convention in Brownwood May 10, 11 and 12.

More time and thought will be devoted to farm questions at this year's convention than possibly at any other session in the organization's history. The WTCC, as an organization, has been a leader for soil conservation and for statewide legislation that would make soil conservation work possible in Texas.

Realizing the importance of the subject, officials of the West Texas chamber of commerce have made "Soil Conservation and Flood Prevention" the general theme of the entire convention.

A group conference on "Farm Tenancy and Unemployment" will be held Monday afternoon, May 10. D. P. Trent, Dallas, regional director of the Resettlement administration, will discuss the farm tenancy question. Several other speakers will appear on the program.

H. G. Lewis, Brownwood, president of the Texas Agricultural Association, is chairman of the conference.

"Soil Conservation" will be the subject of another group conference Tuesday afternoon, May 11. H. H. Williamson, state director of the Extension Service of Texas A. & M. College, State Senator R. M. Davis, Brownwood, one of the first advocates of statewide soil conservation legislation in Texas, and H. E. Dickson, superintendent of the Texas Agricultural Experiment Station at Spur, and other prominent speakers will be heard. Davis will speak on "Soil Conservation Legislation." Dickson's subject will be "Erosion Prevention Methods." Subjects of other speakers on the program have not been announced. Dr. Bradford Knapp, president of Texas Technological College, Lubbock, is chairman of the conference.

Hundreds of farmers from all parts of the state are expected to attend the convention, especially the group conferences, to hear the farm problems discussed.

An exhibit on water conservation is being prepared for the convention by Superintendent Dickson with the assistance of a score of experts representing various agencies.

to his home town. A leader in WTCC activities, he has been a director of the regional organization. Last year he was "honored" by the WTCC from the Colorado organization to direct the West Texas panel display and picture show program at the Fort Worth Frontier Centennial, a program-exhibit undertaking which advertised the area to Centennial visitors.

**Good Roads Campaigner**

Greene is a pioneer campaigner for good roads in West Texas. He was secretary of the first "Good Roads" meeting ever held west of Fort Worth, a combine at Midland in 1911 which went after location of state highway No. 1, now Texas' major traffic artery. He was on the steering committee which went to Austin to get state designation. Later, he has worked in behalf of the Broadview in Colorado, union men of that town having donated supervision and work in building of structures at Ruddick park.

Directors took little other action at the Friday night meeting. Greene's appointment came on recommendation of a special committee which had interviewed applicants for the C. C. post. Greene later met with the group, discussing general policies.

Attending the session were R. F. Scherhorn, president; Strayge, Jess Hall, J. H. Collins, Max Jacobs, Cal Boykin, G. Over Duham, E. O. Ellington, G. H. Hayward, Fred Keating, Charles Front, T. S. Currie, R. L. Cook, Shine Phillips, Joe G. Braith, R. T. Piner and P. W. Malone.

**Council's Sixth Annual Round Up Will Open On Friday**

Preparations will be made this week to care for more than 700 Boy Scouts and their leaders, converging here Friday for the sixth annual Round Up of the Buffa's Trail council. George Gentry, district chairman, said Saturday.

Organization of many new troops and revival of several old units over the district indicate that the attendance figure in excess of 600 last year will be easily exceeded, Gentry believed.

The troops will begin arriving here shortly after noon Friday and will proceed to the Round Up grounds just south and east of the city park. There they will draw for camp sites and bed down for the night.

At the traditional council fire program Friday evening, stunts will be given by several troops and a song song conducted. The fires will be lighted from flint and steel and a fire-by-friction set.

Saturday morning the scouts will participate in contests testing skill in athletics and scoutcraft, and at noon they will be feted to a gigantic barbecue luncheon at the park. Finals in the contests will be staged Saturday afternoon and a winner declared. For the past four years troop No. 37 of Roscoe, headed by George Parks, has won premier honors.

Gentry said that committees had been appointed for the affair and that preparations would be complete by the time the first contingent arrived Friday. Darold Wilson, field executive, and Al Stiles, area executive, will arrive early to assist in arrangements.

**World Champion Grandmother Finds Joy In Following Lives Of Children**

GONZALES, May 1 (AP)—A little old woman, with the wrinkles of 98 years furrowing her face, sat in a rocking chair on the porch of her farm home here, reflected upon her more than 200 descendants and longly propounded her recipes for longevity and happiness.

"I have always tried to meet life and its problems with calm resignation," said Mrs. Mary Jane Skinner, who has 32 great great grandchildren and there modestly claims the title of America's champion grandmother.

"I never worry," she added, completing her recipe for longevity. And as for happiness, she said: "My greatest joy was in rearing my family and seeing them take paths of honor and right whether their station be high or low, and in being with my children and many grandchildren whenever possible."

She added the "many grandchildren" with what might be regarded as justifiable pride. Her complete record is this: Mother of 12 children, grandmother of 53, great grandmother of 153 and great-great grandmother of 32.

She said she nearly all of these descendants—members of five generations—gathered here to honor her. Some members of the family believed that the first member of the sixth generation would also be present, but the event was still pending.

Mrs. Skinner was born in Memphis, Tenn., but came to Gonzales county 77 years ago and has lived here since that time. Of her 12 children, eight are still living. They brought their children and their children's children to the birthday party which centered around a huge cake with 98 candles.

Mrs. Skinner married when she was 14. Her husband was J. F. Skinner, who died in 1899.

**Govt. Loser In Jap Vote**

**Opposition Parties Gain Majority Of Seats In The House**

TOKYO, May 1 (AP)—Late election returns left further strength to a sweeping victory of anti-government parties.

Premier Senjuro Hayashi prepared to call a special cabinet session to chart Japan's future political course.

Figures from nearly 75 percent of all electoral districts showed the opposition parties, Minseitō and Seiyūki, had captured a decisive majority of the 466 seats in the house of representatives.

The Minseitō party elected candidates to 122 seats; the Seiyūki, 121; Social Masses, 32; Independent, 18; the Showakai, or government party, 14; Tokokai, eight; Kokumin Domei, 6, and miscellaneous factions, four.

The strength of the more radical parties was believed by many to be the most significant outcome. "Proletarian groups more than double their diet membership."

But Premier Hayashi's government has declared it will retain power in spite of a hostile diet.

**TEXAS IS INCLUDED IN APPROPRIATIONS FOR ARMY HOUSING**

WASHINGTON, May 1 (AP)—R. E. Thomason, El Paso, and Pop. Mary Mawrick, San Antonio, said today the general army housing bill, which they expected to be considered shortly, contains a \$22,000,000 program for Texas.

Thomason said an appropriation of \$2,900,000 was called for at Fort Bliss, El Paso, and \$154,000 at Fort D. A. Russell, Marfa.

Mawrick said over \$15,000,000 would be spent at Camp Stanley, Leon Springs and Kelly and Brooks Fields and Fort Sam Houston.

The entire program has been presented to the director of the budget for approval, the congressmen said.

he to talk about it but this seems to be the straight story: Bob had been called into the cell about a year ago when Lamb was in jail here. Somehow the bandit had secured a pistol, and he leveled it on Wolf, commanding him to open the door or else he shot in cold blood. The deputy looked at him in contempt and said, "Shoot me and you'll still be in here and in a lot worse fix." This cowed Lamb. He didn't know what to do. Wolf left, not angry about the incident and returned to the jail. To Lamb he growled: "Give me that gun." Sonny did and then cried like a baby.

**Farm Organization Plan Is Favored**

Encouraging response was reported Saturday from the first of a series of meetings—held Friday evening at Center Point—to organize a Howard County Agricultural association, an affiliate of the Texas Agricultural association.

Of 20 persons attending, 14 advanced their \$2 membership fee after listening to the organization committee for that community explain the purpose of the association as an organization to promote the legislative interests of the farmer and to disseminate educational information.

Similar meetings are scheduled for Monday at Coahoma, Tuesday at Elbow, Wednesday at Knott, Thursday at Moore, and Friday at Vincent. Saturday a final meeting is to be staged at 1:30 p. m. in the district court room with C. H. Day, Plainview, Texas farm leader, as the principal speaker.

**Windsor, Wally May Honeymoon In Lake Region**

ST. WOLFGANG, Austria, May 1 (AP)—The Duke of Windsor and his bride may honeymoon at Count Paul Muenster's Wasserleoburg castle, amid gleaming Alpine lakes.

This report was current today as the former British monarch went to nearby Ischl for the famous baths.

Indications were that the duke would not go to Wasserleoburg, a vast, gray, 40-room castle, until after his marriage to Mrs. Wallis Warfield Simpson, who is now at a chateau near Monts, France.

The former king is engaged to his present quarters until May 12, the day of his brother's coronation.

**Jail Breaker Is Taken At Henrietta**

SAN ANGELO, May 1 (AP)—L. D. Larkin, Coke county jailbreaker, was arrested late today in Henrietta and officers recovered the car belonging to Sheriff Frank Perciful, Robert Lee, in which Larkin made his escape, the sheriff said while here tonight.

Larkin took Sheriff Perciful's car early today after he had fashioned a crude key and opened his cell in the jail.

Larkin was being held in Robert Lee pending transfer to Huntville to begin a five-year prison term given by a Coke jury last week on a burglary conviction.

The prisoner had served two terms, having been sent up from Wichita and Fayette counties on forgery convictions.

**FLORER NAMED FOR ROOSEVELT**

GALVESTON, May 1 (AP)—President Franklin D. Roosevelt now fishing off the Texas coast, today had a new variety of orleaner, the flower for which Galveston is most famous, named in his honor.

When plans were started for the cleaner festival here May 21-23, it was discovered that several new varieties had developed in addition to the 30 already listed. Today, George Sealy, executive chairman of the festival, announced that the newest had been named "the President Roosevelt" in honor of the chief executive.

The variety is of an unusual salmon shade, with single blossoms and whirling petals.

**WOOL SCOURING NOT FEASIBLE NOW, SAYS REPORT OF BOARD**

AUSTIN, May 1 (AP)—The Texas planning board announced today at completion of an exhaustive survey that scouring of Texas wool in Texas is possible but not feasible at this time.

It said that not more than 6,000,000 pounds of the 60,000,000 pounds produced annually in the state could be scoured profitably for the southeastern and northern central states markets.

Wool's practicability of scouring were the fall and short spring clips of the Del Rio area, the heavy shrinking Plains-Panhandle wools, some of the 12 months San Angelo wool and the clippings and tags which are more largely concentrated in the San Angelo area.

**DETROIT TAKES OUT CHICAGO**

DETROIT, May 1 (AP)—Detroit's batted veteran Ted Lyons out of the box with a six-run outburst in the third inning today and went on to defeat Chicago, 11 to 4. Tommy Bridges went the route for Detroit and won his first start of the season. Goose Goslin was felled by a pitched ball in the seventh, but recovered quickly in the clubhouse.

After the first inning in which Chicago scored three runs, Bridges pitched scoreless ball until the seventh when Rip Radcliffe hit Berger across with a single.

Goslin, Charles Gehring and Jo-Jo White collected half the Tigers' 12 base hits, registering two hits each. One of Gehring's blows went for two bases, scoring three men.

**Slays Two, Then Attempts Own Life**

WIGGINS, Colo., May 1 (AP)—Sheriff Rufus A. Johnston said a farmer killed his estranged wife and a hired man with an axe on a farm five miles northwest of here today and then attempted to kill himself.

The sheriff said the farmer, E. O. Schleck, 42, fell on Ben Faurot, 28, of Wauwaka, Okla., with the axe and then crushed the skull of Mrs. Schleck, 41, as she ran from the farm house. Faurot died as he was being taken to a hospital in the nearby town of Fort Morgan. The woman died instantly.

Schleck then went into the farm house, Johnston related, stabbed himself in the chest with a butcher knife, struck himself in the head with the axe, drank a bottle of rubbing alcohol and shot himself above the heart with a .22 caliber rifle.

Schleck was taken to a Fort Morgan hospital, where physicians said he probably would live.

**Witness In Abortion Death Case Is Ill Of Mexican Cattle**

WATONGA, Okla., May 1 (AP)—The state's principal witness in the case against Mrs. John Moore, charged with murder in the alleged abortion death of Merl Williams, 21-year-old Clinton girl, was reported recovering from a critical illness today in a Kansas hospital.

Nelson Crow, Blaine county attorney, said the witness, whose name was withheld, probably would be on hand to testify at Mrs. Moore's preliminary hearing May 14. He said the man told him he took Miss Williams to the Moore home.

Meanwhile, Crow said he had obtained statements from 14 other witnesses and a 15th person who refused to talk was served with a subpoena.

# WEST TEXAS LIONS TO CONVERGE HERE TODAY

## Full Program Arranged For Conventioners

### Formal Sessions To Start Monday, Last Through Tuesday

#### Breakfast Meetings Scheduled As First Events For Dist. 2-T Visitors

Activities for virtually every minute of the day await delegates to the district 2-T Lions convention convening here Sunday, Monday and Tuesday.

From the time registration opens at 3 p. m. Sunday until the final adjournment at 2 p. m. Tuesday, there will be hardly an unscheduled minute.

First big gun of the convention will be fired at 7:30 p. m. at the First Baptist church where the Hon. William McCraw, attorney general of the state of Texas, will deliver an address. McCraw was a featured speaker at the convention last year in Childress.

Forerunning the official opening of the convention, the presidents, master key and key members breakfast will be held at the Settles hotel at 7:30 a. m. with H. C. Pen-dier, president of the Lubbock Lions club presiding. Secretaries will hold their breakfast at the same time at the Crawford hotel with C. B. Coulter, secretary of the McCamey Lions club, in charge.

To Pascal Buckner, president of the Big Spring Lions club, will fall the distinction of calling the convention to order at 9:15 a. m. H. A. Shays, member of the Amarillo club, will lead group singing, and Rev. Frank Travis, president of the Childress club, will offer the invocation.

The remaining portions of the program, in order, follows:

- MONDAY MORNING**
- 9:30 Address of Welcome on behalf of City of Big Spring—W. T. Strange, Jr.
- Address of Welcome on behalf of Lions Club of Big Spring—Lion Clyde E. Thomas.
- 10:00 Response to Addresses of Welcome. Lion Claude Crane, Midland.
- Turn Gavel to District Governor.
- Entertainment by Lamesa Lions Club, featuring their "Little German Band."
- Appointment of Committees. Bands parade through Convention Headquarters and Convention Hall.
- 10:25 Club Seminar (outstanding accomplishments of clubs) by District Secretary J. R. Whitworth, Matador.
- Entertainment by El Paso Club.
- Entertainment by Floydada Lions Club Quartette.
- 11:30 Address—J. Earl Tanner, International Director, El Dorado, Kansas.
- 12:00 Adjournment.
- 12:10 Model Luncheon—Alpine at Crawford hotel. Floydada at Methodist church.
- Colorado at Settles Hotel.

### Harrington To Talk Here

#### Past District Governor On Program For Tuesday Luncheon

Del W. Harrington, El Paso past district governor, will address the convention of district 2-T Lions at the general assembly luncheon Tuesday noon.

Harrington, one of the leading figures in Lionism in West Texas, served as governor of this district from 1933-34. He has been a constant attendee of all district parleys and has taken a lead in them.

Presiding over the final function of the convention will be Ralph Randle, immediate past district governor. He was unable to preside over the convention last year as governor.

For entertainment, a trio composed of Clarinda Mary Sanders, Wanda McQuain and Jane Leo Hannah, accompanied by Leo Vance Kearsater, has been arranged for the luncheon.

Following the entertainment feature and the inspirational address, the convention will go into its business session in which nominations will be heard for district governor and the next convention site. After the convention has voted and reports are heard from special committees, the annual district session will be adjourned by District Governor Elmer Elliott.

### EL PASO AN NAMED TO BANK POSITION

EL PASO, May 1 (AP)—R. E. Sherman, former El Paso mayor, announced today he was notified of his appointment as a member of the board of the federal reserve bank here.

J. L. Sherman, director, said a vacancy has existed on the board for 18 months.

### LOCAL LEADERS IN ARRANGING FOR CONVENTION

Local Lions club; Mrs. Gordon Phillips, who has represented the chamber of commerce in

assisting in planning the convalescence; and Burma Barley, secretary of the Big Spring club.

## Governor's Ball, Amateur Program To Be Entertainment Features Of Conclave

### FEATURED SPEAKERS AT CLUB MEET

Among the speakers scheduled to appear at the Lions club convention in Big Spring this week are J. Earl Tanner (left) of El Dorado, K's, Kansas representative on the board of directors of Lions International; William McCraw (center) attorney general of the

state of Texas; and Dr. Bradford Knapp (right) president of Texas Technological college, Lubbock.

Entertainment, always an important factor in most any convention will be given in plentiful quantities at the district 2-T Lions convention opening here Sunday.

Most gala of all such features will be the governor's ball Monday evening in the Settles ballroom. All convention registrants are admitted free to the affair.

Earlier Monday evening the entire convention will be feted to a barbecue at the city park. L. I. Stewart, chairman of entertainment, has completed arrangements. Bill Olsen will prepare the food.

Members of the Rotary, Kiwanis, and ABE club will cooperate with members of the Lions club in transporting visitors to the park.

Amateur Hour

Following the barbecue, convention delegates will join with people of Big Spring in witnessing the district amateur hour. This feature is to be held at the municipal auditorium and will be free to the public. Among clubs to present talent on the program is Anson, promoting the candidacy of one of its members for governor.

Throughout the convention the program is interspersed with short entertainment periods. Lamesa opens the parade with the presentation of its "Little German Band." Shortly afterwards, bands will parade through the convention headquarters. El Paso Lions club will stage an offering and the Floydada Lions club quartet will sing.

In the afternoon of the opening day, the Alpine club is slated for entertainment as is the Lubbock club. The afternoon session will be concluded by an entertainment by the Midland club.

Swimming, Golf

Swimming and golf at the city park will be in order for Lions and Lionesses after adjournment in the afternoon.

At the governor's ball, a floor show will be presented under the direction of Robert Reigel, who has staged similar features for the past three years at Lions conventions in Colorado, Plainview and Childress.

Rounding out their campaigns for their governorship candidacies, Colorado and Anson Lions club will present stunts during the morning of the final day.

In fact, the fun features are so arranged that the convention is hardly further than 30 minutes from a good entertainment at any time.

More than 110 Oklahoma A. and M. college students recently completed a first-aid course and received certificates from the U. S. Bureau of Mines.

## Model Luncheon Standing Feature At Annual Lions Club Gatherings

Model luncheons are becoming an indispensable part of Lions conventions. Although the number varies from year to year, delegates can always find a lively luncheon staged by some wide-awake club the second day of the convention.

This year the Alpine, Floydada and Colorado clubs will be behind the model luncheons to be staged at the Crawford and Settles hotels and the First Methodist church.

At these luncheons, the host club furnishes all the entertainment and speakers, not to speak of its tail twister who usually has his most active day of the year.

Often times host clubs at the model luncheons are campaigning either for the next convention or district governor. This is particularly true with Colorado this year, a club seeking to elect one of its members governor.

Beside the platform, 50 high-range anti-aircraft guns pointed skyward.

## Cossacks Join In Soviet Russia's May Day Affairs

MOSCOW, May 1 (AP)—Five thousand Cossacks, once hated by the Soviets as symbolic of the czar, paraded in Red Square before community party Secretary Joseph Stalin today in a unique feature of a mighty May Day demonstration.

Returned to favor in 1946 and now incorporated in the Soviet army, the Cossacks, brilliant in red and blue uniforms laced with black and white, received a great ovation from more than 1,000,000 workers.

Overhead some 800 air-tanes roared across the square. All kinds of mechanized war machines rolled

Charles Moore, who will be heard at the amateur program Monday evening; Nina Katherine Quinney, daughter of Mr. and Mrs. J. F. Quinsey, also

on the luncheon program; and Mrs. W. E. Martin, who is on both the luncheon and the amateur hour presentations.

Among the distinguished members of Lionism expected to take part in the district convention program here is J. Earl Tanner, El Dorado, Kansas, representative of his state on the board of directors of Lions International.

## OVER 50 CLUBS TO BE REPRESENTED AT DIST. SESSION

### Registration Begins At 3 P. M.; Address By McCraw First Program Headlight

Representatives from more than 50 Lions clubs of the broad expanse of West Texas will converge here Sunday for the opening of a three day session of the annual district 2-T convention.

Although registration officially begins at 3 p. m., the first important development of the convention will be the appearance of Attorney General William McCraw in an address at the First Baptist church at 7:45 p. m. To this Lions delegates and the general public will go.

Elliott Here

The convention will be opened officially Monday morning by Pascal Buckner, president of the Big Spring club, and District Governor Elmer Elliott, Dalhart, will immediately assume charge. Elliott arrived here Thursday evening after visiting three clubs en route.

Declaring himself pleased with progress of arrangements, he said he anticipated a large attendance. During the year Elliott has accomplished the unusual record of visiting every club in his district which extends from Dalhart on the north to El Paso on the west and Alpine on the south. Interest in the convention, according to Elliott, is at a high level.

Among outstanding speakers to address the convention will be Dr. Bradford Knapp, president of Texas Tech; J. Earl Tanner, international director from El Dorado, Kansas; Del W. Harrington, past district governor, El Paso; James Boeddecker, Galveston, chairman of the state convention for blind; Miss Hazel Beckham, Austin, secretary to the board; Ross Covey, secretary of the board of the adjacent Lions district, and others.

Program Features

Leading features of the meeting will be breakfast for the presidents at the Settles hotel Monday morning, and for the convention at the same time at the Crawford hotel; model luncheons by the Alpine, Floydada, and Colorado clubs; women's entertainment Monday evening; free amateur night at the auditorium Monday at 7:30 p. m.; the Governor's Ball at the Settles at 10 p. m.; and the general assembly luncheon Tuesday noon.

Assisting the local Lions club in furnishing transportation will be the Rotary and other service clubs of this city.

Adding fuel to the convention fire will be spirited campaigns by the Anson club on behalf of Omar Barison and the Colorado club for Joe Pond for district governor, and the Lubbock club and other clubs for the next convention site. Address work by those clubs indicate lively activity from that direction.

Headquarters for the convention are to be maintained in the Settles hotel.

Aiding Blind One Of Chief Works Of Lion Organization

Sight conservation and blind work constitute one of the principal activities of the Lions International organization, and proper recognition of it will be given at the district 2-T convention opening here Sunday.

At 10:25 a. m. on Tuesday morning the convention will hear reports from the state commission for the blind, represented by Miss Hazel H. Beckham, Austin, executive secretary, and James A. Boeddecker, Galveston, chairman of the commission. Boeddecker is a member of the Galveston club.

Special importance is being attached to this portion of the program since it concerns the most popular Lion activity in this district as well as in the association as a whole.

Last year district 2-T had its pro rata share of the 24,895 blind and sight conservation activities listed with the international organization.

Kansas Leader In Lionism Will Be Big Spring Visitor

Among the distinguished members of Lionism expected to take part in the district convention program here is J. Earl Tanner, El Dorado, Kansas, representative of his state on the board of directors of Lions International.

Tanner was elected to his post in 1935 for a term of two years. His elevation to the position of director came on the heels of a long record of service in the association for he served as president of his club for two years, was district deputy governor for a term, was state chairman of the activities committee for his, the 17th (Kansas) district, and in 1933-34 was made governor of Kansas club.

11 Clubs In Line For Lions Award

Eleven clubs stand a possible chance of winning the model club award to be presented by District Governor Elmer Elliott here at the district convention Tuesday.

The award will be made on the basis of activities, attendance and membership gains.

Among those who stand a chance of receiving the award, a beautiful banner done in club colors of gold and purple, are Pecan, leading of the last report with 238 points. Dalhart, El Paso, Childress, Lubbock, Matador, Childress, Inman, Pampa, Midland and McCamey.

### TO PRESIDE

Elmer Elliott of Dalhart (above), who, as district governor, will preside for sessions of the annual convention of district 2-T. Elliott has been here since Thursday directing final arrangements for the conclave.

## District 2-T Membership Over 2,000

### Territory, Including Most Of West Texas, Second Largest In State

District 2-T, second largest Lions district in the state of Texas, boasts a club membership of 49 with a combined membership of approximately 2,000.

In his report to the district convention here, Elmer Elliott, Dalhart district governor, will disclose a net membership gain of around 200 with good possibilities of reaching his goal of a 250 gain during his tenure. He will also show that six new clubs with a total of 224 members were organized during the year, namely Kermit, Stratford, Dumas, Floydada, Crosbyton and Fabens.

District 2-T includes most of West Texas, or virtually all of the territory west of a north and south line drawn through Quanah. It extends as far north as Dalhart and as far west and south as Alpine and El Paso.

Activities

Clubs reporting activities to the district governor this year mention such things as Christmas parties for children, underprivileged children's work, sight conservation and blind work, held Yodex, shows, assisted in flood control, programs, headed softball leagues, gave picnics, ladies night programs, offered radio skits, assisted Red Cross and Salvation Army, sponsored special classes, Boy Scout and cub program, and scores of other service activities.

Clubs in district 2-T are Alpine, Amarillo, Anson, Big Spring, Bopger, Brownfield, Childress, Clarendon, Claude, Colorado, Crane, Crosbyton, Dalhart, Dimmitt, El Paso, Floydada, Fort Stockton, Hamlin, Hereford, Higgins, Inman, Kermit, Lamesa, Lubbock, McCamey, McLean, Matador, Miami, Midland, Monahans, Odessa, Pampa, Pecos, Pecosville, Pecos, Perryton, Plainview, Rankin, Snyder, Spearman, Sterling City, Stratford, Sunray, Turkey, Wheeler and Wink.

### High School Group Will Present Weekly Radio Programs; 'Sports Night' Each Tuesday Over KBST

Big Spring high school will present a program over KBST every Saturday afternoon between 4:15 and 4:45. The broadcast will be under the direction of Lawrence Liberty, a student program director on "high school day" at KBST. The program will consist of talent from the high school interspersed with school news and activities.

Tuesday night might be appropriately termed "sport night" at KBST, because three sport programs are aired that evening. These in addition to the mid-afternoon Sports Parade given by Hank Hart at 2:30. The regular week-day evening baseball news will be on at 7:30. Then at 8, a novelty baseball game will be played over the air. This is a new type of broadcast and will originate in the studio of KBST. Following this broadcast at 8:30 will be a twist by throw account of the wrestling matches right from the ringside.

Three young ladies who call themselves Kay, Em and Rene, harmonize over KBST every Thursday afternoon at 4:15. They made their first appearance over the local station on high school day.

The regular Saturday evening studio frolic has been changed from the former half hour starting at 8 o'clock, to the earlier period of 7. The program will be broken in the middle with baseball scores and inside dope on the players in the American and National leagues. The studio frolic presents KBST artists in revue and nonsense conjured up by the "Visitor From Out

of Town," an emcee on the program.

A series of studio programs to be presented every Monday and Thursday noon, 12:45 until 1, has been planned by KBST. The program will feature the Serenaders and Lola Hall, the artists alternating programs.

Starting May 4, KBST will present each Tuesday afternoon at 4:15 the baritone voice of Lawrence Liberty. Lawrence is not a newcomer to KBST, but has been off the air for a few months owing to the press of school affairs. His return will be welcomed by his many fans throughout this territory.

Jimmie Ross' orchestra has inaugurated a new series of dance programs to be aired by KBST each weekday afternoon at 5:15. Jimmie and the gang will be remembered for the former series of broadcasts over KBST appearing in the morning at 9.

Discontinuing the two piano programs of Rhythm and Romance, Mary Vance Keneaster and Jimmie Wilson will be heard in a new series of broadcasts to be known as Twenty Fingers in Rhythmic Harmony. This two piano feature will be presented each Tuesday, Thursday and Saturday evening at 6 o'clock.

Frances Stamper will voice her program of Moeds in Blue henceforward on Saturdays at 4:45 instead of 5. B. C. Moser, contralto soloist, will be on the air Thursdays at 5:45 instead of her former time of 4:45.

The Texas Wranglers, after ending four months of appearing each weekday morning at 10:30 over KBST, are now taking a week's vacation. In their absence, a transcription feature of Standard Broadcast Service, has been substituted. Al Clauser and His Oklahoma Orpheans will be heard on the 10:30 broadcast.

#### RANCH WORKER AT STANTON SUCCUMBS

STANTON, May 1—Body of Frank Meeks, about 50, who died at his home here Thursday, was shipped Friday night to Eureka, Ill., for burial. Death followed a heart attack.

Known as "John Brown" during most of his 30-year residence in this region, Mr. Meeks had worked as a cowboy on a number of ranches in this section.

A brother, Dr. C. B. Meeks, of Chicago, has been notified of the death. Burnam Funeral Home was in charge of arrangements here.

### Lions Unit Is Oldest Service Club In City

More Than 35 Active Members Now; Worthwhile Projects Sponsored

Big Spring Lions club lays claim to being the first international service organization to receive a charter in this city.

The club was first organized in 1923, but lasted for only two years before its supporters relinquished their charter and rallied to the support of a local luncheon club.

After two other clubs had been organized, the Lions club was revived here in 1929 by the San Angelo club. Cecil Collins, now district attorney, was installed as first president.

A period of good attendance and worthy projects followed until the depression began to take hold. Gradually membership dwindled until a remnant of 10 faithful, by a one vote margin, elected to disband in 1933. Unwilling to see the club disintegrate, the minority sent for an international representative.

In short order the club was not only revived, but the membership boomed as never before, so much so that veterans became alarmed when the total swelled past 80 in little more than two weeks. Naturally, another period of reaction set in, but this time the club came out with well more than a score of faithful.

Today the membership stands past 35 active Lions. The consideration of service rather than existence has one more become uppermost in the minds of the club.

Among projects sponsored by the club in recent years are the city park fish pond, the starting of a Mexican plaza, four household service courses for Mexican women, a Mexican troop of Boy Scouts, a pack of Mexican cubs, two Christmas parties for Mexican children, involving approximately 1,500 gift packages, two Easter egg raffles for Mexican children, fitting and furnishing several pairs of glasses, and other activities.

It is easily noticed that the club has purposely confined most of its activities to the Mexican section of the city.

Pascal Buckner heads the club during the current term, and will be succeeded by C. L. Rowe in July. Burma Barley is secretary and will succeed himself.

ELECTRIFICATION FUND WASHINGTON, May 1 (AP)—The Bartlett, Tex., Community Light & Power company may use an additional \$9,500 to increase to \$45,500 the amount available for building sixty miles of line, the rural electrification administration announced today. The line would serve 163 customers in Williamson and Bell counties.

## Full Calendar Is Arranged For National Music Week Activities

### Churches To Officially Open Week At Morning Musical Services

National Music week will begin here officially this morning with musical services at the churches having at least one number obdedicated to the music week activities. This is the first year such observances have been participated in by Big Spring and the Music Study club that is sponsoring the events have arranged an attractive program through the District Chairman of National Music Week Activities, Mrs. Anne Gibson Houser.

In addition to the events arranged by the club, Big Spring is being hostess to entries in the National Piano Playing tournament, also for the first time. Through happy coincidence the tournament dates fell during the music week and a noted musician will be here to judge the tournament and offer a concert. He is Dr. Elliott Griffin, eminent pianist, composer and concert artist who is an instructor in piano in New York City.

The program through the week has been well arranged and after the offerings today to give the official start, Monday will begin the first day of piano competition and the hour has been set at 9 o'clock in the auditorium of the first Baptist church.

On Monday evening at 8 o'clock the Music Study club is sponsoring a concert by Dr. Griffin. This also will be held in the church auditorium and is free to the public. Immediately following the concert an informal reception will be held in the church parlors for members of the study club and their invited guests, Mrs. S. H. Gibson and Mrs. Raymond Wynn will be in charge of arrangements.

The piano tournament will continue through Tuesday and conclude on Wednesday. In the evening of the latter date, at 8 o'clock in the auditorium of the First Methodist church Mrs. Lulu Mae Carlton will offer a program by the central section of the Music Study club. This entertainment, as are all of the week's events, is free of charge and the public is cordially invited to attend.

As a climax to the activities Friday evening at 7:45 an open air concert will be given by the high school under the direction of Dan W. Conley. The concert is to be held on the court house lawn.

It is the desire of the sponsoring organization that large audiences be present to enjoy the musical offerings of these talented people who will be on the programs during this week.

The piano tournament is due to attract teachers and pupils from Midland, Floydada, Monument, Pecos, Odessa and Foran with possibility of several more towns being represented as members of the Music Guild, Big Spring unit. Included in the group are Mrs. H. D. Williams, general chairman of the unit and also chairman of the tournament arrangements, Mrs. Anne Gibson Houser, Misses Roberta Gay, Virginia Lois Ogden, and Julia Williams, Mrs. Roy Wilson, Mrs. Ohmer H. Kirk, Mrs. Pauline Setser Hudson, Mrs. Bruce Frazier, Mrs. Roy Wilson, Mrs. Tom Hastings, and Wallace Wimberly.

## PIANO TOURNAMENT CO-SPONSORS

These six Big Spring women are making arrangements for the National Piano Playing tournament that begins here tomorrow for the first time. They, with other members of the guild, Big Spring unit, will sponsor the appearance of more than 200 piano students during Monday, Tuesday and Wednesday. Pictured are Mrs. Anne Gibson Houser, top row, left, and right Virginia Lois Ogden. Center row, left, Mrs. Roy Wilson and right, Miss Roberta Gay; lower left, Mrs. Bruce Frazier, and right, Mrs. R. ## Gay Month Is Set For BS Seniors

By NANCY PHILIPS  
The last month of school has arrived bringing with it thoughts of banquets, picnics and farewell school dances. This is a month dedicated to the seniors who are leaving to part in new fields of work and study.

Graduation is always a sad as well as happy occasion. These seniors will walk down the aisles for the last time as high school students and there will be many with tears in their eyes but with smiles on their lips as they see the future lying before them like clay waiting to be shaped and molded as they see fit.

Because May is the last month of the school year it is made the happiest, with almost every week-end gaily and colorfully filled with different annual school affairs. Tuesday is the date of the annual homecoming - pep squad picnic which is to take place at the Boy Scout hut. It is here that a ceremony will take place in which the outgoing officers of the pep squad hand down their offices to those elected for next year.

The senior play will be given in the city auditorium May 11 and promises to be a hilarious comedy.

May 14 is looked forward to eagerly for many weeks by all the juniors and seniors. The junior-senior banquet and prom takes place on this date. Each year the banquet is arranged differently carrying out clever ideas. The prom will be held in the high school gymnasium which will be attractively decorated.

With hardly a chance to breathe between times the great event of the year takes place on May 21. It is senior day and pep squad night. During the day seniors will be seen parading up and down the halls dressed as kids or tramps. That night a transformation will take place and the "kids" will become lovely maidens in flowing evening dresses and the tramps will perform a miracle and become well groomed young men. The reason for this drastic change will be the annual pep squad banquet and prom, a red letter date.

Starting May 23 the more serious events will take place. The baccalaureate sermon will be given at the city auditorium and is to be delivered by Rev. P. Walter Henckell.

On May 28 the month's activities will come to an end with graduation exercises. It will be the last gathering of all the seniors and they will leave that night as high school graduates, carrying their heads high and their clear eyes sparkling with the words, "The world is ours."

## Dr. and Mrs. Hogan Entertain For Miss McCoy Of Houston

Complimenting their house guest, Miss Iva Delle McCoy of Houston, Dr. and Mrs. J. E. Hogan were host and hostess for a luncheon party at their home at 1008 11th Place Friday evening.

The house was decorated with bouquets of roses, and in the dining room the table was laid with a cloth of lace and covered with roses placed on a reflector. Sandy cups of pink and green carried out the chosen theme.

In the garden Mrs. Tracy Smith was highest scorer, Mrs. W. B. Currie was low and Miss McCoy was presented with an honor's gift.

At the refreshment hour plates holding pink and green ice cream were passed to Mr. and Mrs. G. A. Woodard, Mr. and Mrs. Roy Cornelison, Mr. and Mrs. W. B. Currie, Mr. and Mrs. Larson Lloyd, Mr. and Mrs. Tracy Smith, Dr. and Mrs. Frank E. Boyle and Mrs. P. Teague and Burk Summers and the host and hostess.

## Dinner To Honor Dr. Lefkowitz And Five Confirmants Slated

To honor Dr. David Lefkowitz of Dallas and confirmants of Temple Israel, dinner will be served at the Settles hotel today noon following the confirmation services that begin this morning at 10 o'clock in the Settles hotel ballroom.

Those to be confirmed are Marjorie Merkin, Joel Prager, Sammy Mellinger, Julian Fisher and Ellen Sedon. They have been instructed by Mrs. Julian Eckhaus who also instructed the class that was confirmed in May, 1934, by Dr. Lefkowitz.

The public is invited to attend the services.

## PLAY POSTPONED

The play, "Elmer Wants Outside," that was scheduled to be given on May 4 by members of the Senior department of the First Methodist church has been indefinitely postponed according to an announcement made Saturday by Mrs. C. E. Thomas, sponsor.

## EXPECTED TO RETURN

Mrs. J. S. Kennedy was expected to return this morning from Galveston where she has been visiting her daughter, Jennie Lactile. Mrs. Kennedy will accompany her mother home to spend the day and will return Monday.

## BIG SPRING NAMES HER AS SPONSOR

## Reception For Women on Monday

### Local Lionesses Plan Affair For Visiting Wives Of Delegates

While the Lions are touring and wrangling over the conventional convention questions Monday afternoon, the visiting Lionesses will be chatting at the informal reception that is to be held in their honor by local Lionesses in club rooms No. One and No. Four of the mezzanine floor of the Settles hotel between the hours of 2 and 4 o'clock.

Wives of all local Lions will be present to greet them in addition to members of the special committee composed of Mrs. G. C. Dunham, chairman of entertainment; Mrs. F. W. Malone, chairman of registration; Mrs. Cecil Collins; Mrs. Lee Hubby, Mrs. G. K. Hollinger and Mrs. J. H. Kirkpatrick.

During the hour a short program has been arranged and will include a humorous reading by Mrs. Mildred Norman, a vocal solo by Mrs. F. J. Gibson and an accordion solo by Mrs. H. W. Broughton. Mrs. Kirkpatrick, official Lions pianist, will accompany Mrs. Gibson.

## Mrs. L. C. Graves Entertains Entre Nous Club At Home

Mrs. L. C. Graves was hostess for the Entre Nous Bridge club Friday evening and invited as guests of the club Mrs. Emory Duff and Mrs. T. L. Williamson.

Mrs. Duff won the bingo prize and Mrs. R. F. Elburn was highest scorer.

At the conclusion of the games refreshments were served to Mrs. Duff, Mrs. Williamson, Mrs. Bluhm, Mrs. Guy Stinbaugh, Mrs. S. A. McCombs, Mrs. A. M. MeLend, Mrs. C. Y. Chickareas and Mrs. Glenn Hancock.

## HOUSES HAVE GUESTS

Mrs. C. R. Preston and Mrs. M. K. House and grandson, Billy Marvin Morrison of Ballinger, arrived Friday afternoon from Fort Worth. Mrs. Preston, who is a sister of Mr. House, will remain here as a guest of the Houses for several days. Billy Marvin will remain for a month. Mrs. House has been the guest of Mrs. Preston for the past week.

## Harold Harveys Are Tendered Courtesy

Reception-Shower Given For Newlyweds At Ernest Odom Home; Novel Arrangements Combined With Beauty For Affair

Complimenting Mr. and Mrs. Harold H. Harvey whose marriage took place last week, Mr. and Mrs. Ernest Odom were host and hostess for a reception-shower at their home, 1602 Main street Friday evening.

Guests were greeted at the door by Mrs. J. A. Cook of San Angelo and Mrs. J. L. Coleman. In the receiving line were Mr. and Mrs. Odom, Mr. and Mrs. Harvey, Mrs. T. M. Collins, intimate friend of the bride, Mrs. Claude C. Harvey, mother of the bridegroom, Miss Sudee Mae Harvey, Mrs. D. C. Wilkes, and Mrs. J. M. Anderson. Miss Grace Wilkes presided at the bride's book where the guests registered.

In the dining room the table was attractively laid with a cloth of white linen and was centered with the bride's cake that was topped with a miniature bride and groom. A large white wedding bell hung from the chandelier and from it streamers of white satin ribbon dropped to the centerpiece. The cake was banked with satin ribbon intermingled with bridal wreath. On either end of the table crystal candelabra holding white tapers furnished a further decoration.

A clever note was added when guests were invited into the novel red and white kitchen that was decorated with red and white flowers. Mrs. Sol Bledsoe, assisted by Misses Maurice Bledsoe and Janice Slaughter, served punch from the bowl that was surrounded by red verbenas and white buttercups.

After the serving the guests returned to the dining room where they drew numbers from under the cake by pulling the pink, blue and white streamers. After matching numbers for partners, each couple was given a cup of coffee to them. As each was completed the "banners" put their initials on the towel and presented it to the honoree.

The four who finished first were eligible to the balloon bursting contest that was won by the bride and bridegroom. For winning this game, Mrs. Harvey was presented with a bean pot and Mr. Harvey with a rolling pin.

After the contest a short program was held during which piano selections were given by Elsie Burton Boyd, Misses Lurline Paxton, and Helen Duley and John Wayne Brown. Readings were offered by little Marjorie Thurman and Addie Ruth Fulkerson of Lamesa. Reuben Choke and Mr. Brown gave vocal solos. During the forepart of the evening Misses Paxton and Duley gave a number of piano interpretations.

Miss Anne Martin assisted Mrs. Harvey in cutting the cake that was served with ice cream. Plate favors were miniature wedding bells tied with dainty pink ribbons.

Gifts were presented in novel style by Kappa Phi Omega fraternity brothers of the bridegroom who brought the packages that were sent C. G. D. Each of these year's graduating class.

## Farewell Party Is Given For Hilo Hatches

As an informal farewell courtesy to Mr. and Mrs. Hilo Hatch, who soon are to leave for Fort Worth to make their home, a group of friends gathered at the country club Friday evening for a steak barbecue.

A delicious meal of steaks, beans, bread and salads was served to Mr. and Mrs. Harvey Williamson, Mr. and Mrs. Bob Parks, Mr. and Mrs. Ebb Hatch, Mr. and Mrs. Marion Edwards, Dr. and Mrs. M. H. # 'Romeo And Juliet' Will Be At The Ritz Tuesday-Wednesday

### Usual Prices Will Prevail For Showings

### Great Drama With Shearer, Howard On Twice-Daily Schedule

Long unchallenged as the greatest love story ever penned, William Shakespeare's "Romeo and Juliet" has been made into one of the noteworthy photoplays to come out of Hollywood. For some time offered in larger cities as a road-show attraction at advanced prices, "Romeo and Juliet" now is being shown at popular prices, and on the latter basis comes Tuesday and Wednesday to the Ritz theatre in Big Spring.

It will be given a formal presentation of only two screenings daily, at 2 and 8:15 p. m. There will be a special matinee showing for school children Wednesday at 4:45 p. m. Starred in the titular roles are Norma Shearer, known as the screen's first lady, and Leslie Howard, top-ranking player of romantic roles.

**Scope of the Camera**  
Recognized generally as one of the superb works of fiction, the picture presents the famed story with added luster and in greater scope than is possible on a stage. Producers strived faithfully to bring the Shakespeare work to the screen with a minimum of change. The eternal truth of the great love story is the picture's theme, and presented as Shakespeare's dramatic timing, his richly portrayed characters, "Romeo and Juliet" is described as first rate entertainment, with every element of romance, drama, pathos, humor and spectacle.

The exciting story of the thrilling and adventurous four days in the lives of these two young lovers of Verona, their eager, desperate love, the bitter hatred of their feuding families that brings about their secret marriage and the swift events that follow, have been magnificently filmed against the colorful pageantry of the 15th century.

**Famous Scenes**  
The picture attains poetic heights. The balcony scene, the nightgale and the dark scene and the tomb scene are deftly and tearfully handled.

"Romeo and Juliet" has been called an achievement for Miss Shearer and Howard, who have won plenty of previous laurels. It is called, too, an achievement for George Cukor who directed the picture. A previous success of his was "David Copperfield."

In the major supporting cast are John Barrymore, as Mercutio; Edna Mae Oliver, who contributes humor as the nurse; Basil Rathbone as the fiery Tybalt; Reginald Kenny as Benvolio; C. Aubrey

## THE BALCONY SCENE — AND ITS PRINCIPALS

Best remembered episode of Shakespeare's "Romeo and Juliet" is the romantic balcony scene between the two young lovers. The famed characters are portrayed in a noteworthy screen production by Norma Shearer, "first lady of the screen" and Leslie Howard, great romanticist. "Romeo and Juliet" now playing for the first time at popular prices, comes to the Ritz theatre Tuesday and Wednesday in a special two-a-day presentation. Screenings will be at 2 and 8:15 p. m.

### TEXAS PUBLISHER'S MOTHER SUCCEUMS

PAMPA, Texas, May 1 (UP)—Mrs. Rose L. Haynes, 71, mother of R. B. Haynes, publisher of the Miami (Tex.) Chief, died at the home of her son in Miami today. She was associated with him as publisher for ten years.

Mrs. Haynes was a teacher in Texas schools for 25 years, and the widow of E. R. Haynes, who died in 1934 when county superintendent of schools.

Funeral services were set for Lubbock tomorrow morning, with burial there in the afternoon. Mrs. J. B. Cole, El Paso, a sister, and three grandchildren also survive.

**WARNINGS DOWN**  
GALVESTON, May 1 (UP)—North-east storm warnings were ordered lowered along the coast from Houston to Morgan City, La., at 4:30 p. m., today by the United States weather bureau.

Smith as Lord Capulet; Ralph Forbes as Paris; Henry Kolker as Friar Laurence; Violet Kemble Cooper as Lady Capulet.

The Ritz management recently presented "Romeo and Juliet" in a special preview for school teachers and others. They had only high praise for the picture.

### THEY MERGE MIRTH AND MUSIC

Alice Faye and Ben Bernie, Walter Winchell and Patsy Kelly—these provide laughter and melody in a musical comedy production called "Wake Up and Live" offered at the Ritz Sunday and Monday. The story revolves around a screen version of the famous radio feud between Maestro Bernie and Gossip Winchell.

### Jack Benny And Aides In Fun Picture

Burns-Allen, Marsha Raye Among Others In 'College Holiday'

Presenting that accomplished son of Waukegan, Ill., Jack Benny, and surrounding him with some of the most popular cinema wits has been Paramount's job in "College Holiday" which makes its appearance Sunday and Monday at the Lyric theatre.

Benny is supported by such fun-makers as George Burns and Gracie Allen, Mary Boland, and Marsha Raye. Also in the lineup are Leif Erickson, Marsha Hunt, Etienne Girardot, Johnny Downs, Eleanor Whitney, Olympe Bradna and Ben Blue.

The story takes shape when Girardot and Miss Boland, who are the heads of a group of scatterbrained cultists, take over a hotel to test their theories on scientific mating.

Fleeing from the hotel in a sheet after having been stripped of his clothing by the sheriff is Benny. He is mistaken for a fellow cultist and is taken in by the two. When he hears the scheme he figures he can put the hotel back on its feet by importing a crew of collegians, ostensibly to serve the cult but actually to save the hotel.

He brings them—and the fun begins. Matters are intensified by Gracie Allen who is chosen by the cultists to pair the young couples. She does, in typical and traditional Allen manner and it winds up in a blaze of music and comedy.

Ralph Rainger, Leo Robin, Bert Lane and Ralph Freed collaborated in furnishing the music for the show. Such numbers as "Sweetheart Waltz," "A Rhyme of Love," "So What?," "I Adore You" and "Who's That Knocking At My Heart?" are heard.

Movie goers can be assured of the fact that there is a story since J. P. McEvoy, possessor of one of the brightest comedy minds in America, had a big part in shaping the plot. Other well known authors who had a hand in the work were Walter DeLeon, Harlan Ware, Frederick Hazlitt Brennan and Henry Myers.

**WALLY ALONE**  
MONTS, France, May 1 (UP)—Wally Simpson greeted May Day in the lovely Touraine Woods today—still alone. Her spokesman, Herman L. Rogers, said Edward Windsor would not come to France from Austria before his brother's May 12 coronation.

### Queen Film Has A Navy Background

#### Richard Dix, Chester Morris, Miss Del Rio In 'Devil's Playground'

Stories concerning the United States navy are always interesting and with Richard Dix and Chester Morris supplying the action, "Devil's Playground" should be attractive indeed. This Columbia production puts in its appearance at the Queen theatre Sunday and continues through Monday.

In addition to the two male stars, Dolores Del Rio makes her first Hollywood appearance in more than a year as the woman part of the triangle that provides the love interest of the production. Miss Del Rio has been in England for the past twelve months making pictures.

Revolving around the unusual triangle of two naval officers, once inseparable, who battle and part over the friendship of a voluptuous siren interested in neither of them, "Devil's Playground" turns its attention in a thrilling climax to a crash between a derelict liner and a fully manned submarine.

With a gaping hole amidships, the sleek gray vessel sinks to the bottom of the sea fifty fathoms below the surface. With the crew trapped in an airtight compartment diver after diver attempts the hazardous descent with a life-bearing hose but the pressure is too much to overcome.

Dix, as the navy's ace diver, refuses to try it at first since he has parted with Morris, who is commanding the sunken vessel, but in a dramatic finale the situation is overcome.

Elio C. Kenton directed "Devil's Playground" while the story was adapted to the screen by Liam O'Flaherty and Jerome Chodorov.

Help of the U. S. navy was enlisted and many of Uncle Sam's tars became actors. Men from the Lexington, New York, Chicago and Nevada took part in some of the scenes.

### STARS IN FILM AT QUEEN

Dolores Del Rio, Richard Dix and Chester Morris share starring honors in a comedy-drama offered at the Queen Sunday and Monday. The Picture, called "Devil's Playground," is based on the exploits of members of the U. S. submarine fleet.

### Bernie And Winchell At It Again, In New Musicomedy At Ritz

#### Alice Faye, Jack Haley, Patsy Kelly Among Others In Gay Picture Opening Today, 'Wake Up And Live'

Those who have heard the Ben Bernie-Walter Winchell feud via radio have an opportunity to see these duellists in action on the screen as the Maestro and the gossip columnist stand at twenty paces and use guns for weapons, in "Wake Up and Live," a musical comedy number that is offered at the Ritz Sunday and Monday.

The Bernie-Winchell affair, however, is only one of many contributions to the amusement. There are such players as Alice Faye, Jack Haley, Patsy Kelly and Walter Catlett in support; there's a sprightly story; there's humor in profusion and there's a great deal of catchy new music.

Bernie and Winchell play themselves, carrying their radio catch-as-catch-can to new heights of merriment. Bernie has the support of his lady; Winchell has a Girl Friday in the person of Miss Kelly.

Story part of the picture revolves around Jack Haley, a would-be actor who yearns for radio fame but who suffers such an attack of "mike fright" at an addition that he can't register. His partner (Grace Bradley) quits him. Finally he gets a job as a guide in a radio center. The fireworks start when, one night, he bursts into song in front of a supposedly "dead" mike which is in reality connected with Bernie's broadcast. Thus he becomes a "phantom singer" on the maestro's program. He's a success and naturally Bernie wants to find him. So does that old snoper, Winchell; and so do the one-time partner and her agent, Walter Catlett. It remains for comely Alice Faye to discover the new star and help him to fame.

Laughs and action in "Wake Up and Live" are interspersed with good songs, with Miss Faye, Leah Ray, Joan Davis and others featured. Numbers in the film include "It's Swell of You," "Never in a Million Years," "I'm Bubbly Over," "There's a Lull in My Life," "Wakeup and Live," "Oh, But I'm Happy," and "I Love You Too Much, Muchacha."

### TWO YOUTHS KILLED AS CAR HITS TRAIN

FREEMONT, May 1 (AP)—The crash of an automobile into a freight train near Brazoria today had left two young men dead, and three injured, one critically.

Dead were E. C. Meadows, 22, of Houston and Robert Kelly, 15, son of Capt. I. K. Kelly, guard at Clemens State prison farm near Brazoria. Harry Andrus, Brazoria, was badly hurt, and Bobby Schofield, 18, and Wallace Lew's, 18, both of Brazoria, suffered bruises. The automobile, reportedly crashed between two freight cars as the train was moving slowly.

### Design For Buffet Set

617

By PEGGY ROBERTS Pattern No. 617

No matter whether you already have one buffet set or several, you could still use another when the design is as attractive as this. A large star surrounded by graceful sprays of roses makes up the pattern that was designed to match the centerpiece No. 604 that we published several months ago. If you already have the centerpiece surely you'll want this set; but if you neglected to order 604 before now is the time to get both. The pattern envelope contains

complete, easy-to-understand directions, with two block and space diagrams to aid you; also what crochet hook and what material and how much you will need.

To obtain this pattern, send for No. 617 and enclose 10 cents in stamps or coin (coin preferred) to cover service and postage. Send 10 cents extra for pattern No. 604. ### Reading + Writing

By John Selby

You will be pleased to know that the publishers are mindful of the coronation ceremonies across the sea, and have been doing what they can to provide proper books about it all.

Hector Bolitho has rushed into the fray with a volume called "Royal Progress: 1837-1937," and will shortly rush again with a biography of the former Edward VII. "Royal Progress" suffers a little from the "I do hope it will please their majesties" attitude, but here and there it is a short history of the last century of British monarchy which treats the royal family as people rather than as historical figures. As is usual with such treatment, the people emerge all the more strongly as historical figures.

Mr. Bolitho's book is in the nature of preparatory reading. So is Geoffrey Dennis' "Coronation Commentary." This begins, odd enough, with another treatment of the last century. But it goes into a considerable discussion of what the king is, what he does, into a history of the other Edwards and concludes with chapters on the abdication and the coronation itself. The book was written before Edward's abdication, but has not been changed—only added to.

J. G. Noppen narrows the field a lot. He writes directly of the scene of the coronation in "Royal Westminster and the Coronation."

This is by far the most unusual book, and granted tolerance for a certain stiffness of style, the most interesting. For the abbey and the buildings and departments centering upon the abbey have had a long and a curious history, which Mr. Noppen tells accurately. It describes the burglary of 1303 as if it happened last week; there really was a burglary in the cathedral, too, and this Mr. Noppen knows all about. His illustrations run rather monotonously to tombstones, but some of these are at least beautiful.

Lastly there is a good new guide to London by (of all people) E. V. Lucas. If any of your friends are being drawn to London for the first time, this spring, they'd prob-

ably like "London Afresh," "Royal Progress: 1837-1937," by Hector Bolitho (Scrivener's); "Coronation Commentary," by Geoffrey Dennis (Dodd, Mead); "Royal Westminster and the Coronation," by J. G. Noppen (Oxford); "London Afresh," by E. V. Lucas. (Lippincott; \$2.50).

### "Backward" Party Is Given For Szeszo Bridge Club At Stanton

STANTON, May 1 (Sp)—Culminating a "ladder" contest in the Szeszo Bridge club, low-scoring members entertained holders of high scores with a cleverly planned "backward" party at the home of Mrs. G. A. Bond Thursday afternoon.

Guests arriving at the front door were directed by arrows to the back door for entrance. Those who had neglected to put on their dresses backward were forced to do so before being permitted to enter the kitchen and breakfast nook where tables were set for bridge.

Five games of bridge were played, the tallies, handmade and decorated with baskets of flowers by Miss Lesie Hamilton, being drawn from a small May pole whose base was banked with forget-me-nots. High-scoring club members, as honorees, were allowed to choose their partners from among the low scorers.

The house was decorated with spring flowers and party accessories reiterated the spring color motif. The four tables were laid with organy in peach, cream, pink and yellow, combined with green. In keeping with the "backward" theme, refreshments were served in buffet style throughout the afternoon, hostesses being served be-

fore guests. Pink and gold sandwiches in buffet service reflected party colors and the party plate served at the close of the games furthered the color scheme. Plate favors were baskets of spring blossoms.

Prize for low score for the afternoon's play went to Miss Mary Price, while "middle" score prize was awarded Mrs. Jim Zimmerman.

Mrs. Alfred Tom received the prize offered the "most backward" person at the party. Hostesses for the affair were Mrs. Bond, Mrs. Ronald Tom, Mrs. J. P. Boyd, Mrs. Cullen Wilson, Mrs. Joe Ellis, Miss Maude Alexander and Miss Mary Price.

Others present were: Mrs. Toul Houston, Mrs. Chuck Houston, Mrs. Edmund Tom, Mrs. Jim Tom, Mrs. O. E. Bryan, Mrs. Floyd Smith, Mrs. Alfred Tom, Mrs. Jim Zimmerman and Mrs. Sam Wilkinson.

## IT IS GOOD BUSINESS TO SPEND WITH BIG SPRING MERCHANTS

Commodity prices are now on an upward trend—a sure sign of more prosperous conditions. It is obviously good business to buy now in anticipation of future requirements if possible, and it is a matter of self-preservation to spend what you do spend with Big Spring Stores.

Too many of us realize that Big Spring Stores buy in the same markets with the very stores in other cities that we are tempted to patronize. We do not stop to recognize

As we have said before, twenty five per cent of our people depend on Big Spring Stores for a livelihood. They have an annual payroll that runs into tens of thousands of dollars and they spend huge sums locally in other ways. If they sometimes fail to have what we want, they will gladly get it for us—and from the same source patronized by the merchant from whom we are tempted to buy in some other city. and analyze the universal human tendency we have to think that the fields are greener elsewhere.

Our retail establishments have worked for years to make us proud of Big Spring Stores. Their stocks are adequate, their prices are equitable. When we think carefully instead of obeying our impulses we realize these things. And it is important that we do think, for our continued success and prosperity hinge thereon.

when we want it.

Let us, then, patronize Big Spring Stores. They are not only more efficient than we may have realized, but more essential. Quality and price being equal Big Spring Stores afford a wonderful opportunity to keep Big Spring money in Big Spring. Money spent elsewhere doesn't help that twenty five per cent of our people who depend on Big Spring Stores for their daily bread, doesn't build any schools, pave any streets or accomplish any other civic improvements.

## TEXAS' IMMEDIATE PROBLEM

Barren wastes of swirling land, stunted mesquite shrubs in leafless gnarls, barren jets of rock standing out stark above the desolation, sandy gullies whose ancient trickles of water failed even to nourish desert plants.

This is Texas, the "great American desert" of 2037. Verdant West Texas plains, checkered with cool farm houses in groves of thriving trees, flourishing farms of wheat and maize and cotton, great orchards and vegetable fields, growing cities bordered by tree-fringed lakes whose blue shallows and green depths reflect a generous sky and bespeak the bounteous life-giving rains that nourish a rich land and fructify the soil to support a populous and prosperous people.

Or this is Texas. How much man will have to do with the choice is yet uncertain. Up to now, dust storms of increasing intensity and ferocity have been black warnings that we are "going back."

Just how critical the issue is—one solely of having enough water, enough rainfall to sustain an increasing population—was attested in official hearings of a state department at Austin recently. "We don't know," exclaimed one mayor, "whether we are returning to the great American desert or not." But he told of official worries as streams dried up, of drying storage lakes to deny the people of his city water. He told of water being sold at \$2 a barrel. Another mayor spoke up, also worried, fearful lest his city grow beyond the safe margin of a month's supply of water in dry times.

Man and government are trying to do something about it. Some of the schemes may be visionary, some useful. Newer and better means to thwart an unpropitious nature may be found.

Now, the first step is to store up the bounty of infrequent floods, to hold this water for immediate use and for the essential preservation of that underground trickle that feeds springs and keeps the shallow and deep wells "alive." This prevents flood damage, but more important, it preserves the priceless water for use.

Other steps include the covering of soil made bare by cultivation. This means grass and cover crops, soil-building plans, a limit on the denudation of tree-covered areas. And for reforestation, on a scale that makes the tree-belt plans but a feeble beginning.

And lakes and more lakes. Maybe with it all we can't stop nature's march to claim back into desert the fair land of Texas. The threat of damage by dust storms, the discouragement of new population shifts, a gradual discredit of great areas of our state are not future potentialities. They are very real today.

Certainly Texans by individual efforts and through the agencies of their government, and through the powerful aid of their federal authority, will do everything possible to turn the course of our economic history into more favorable directions.

NEW YORK—Jon Whitcomb is one of New York's most energetic illustrators. He doesn't sit around in his studio until he is visited by a sure-fire idea. His chief enemy at the moment is the clock, because there are only 24 hours to each day, and his growing problem is an endeavor to crowd more work into the seemingly decreasing working hours.

He is, in the parlance of the day, riding high just now. Art editors can't get enough of his stuff. The other morning we were discussing a recent trip to Florida, and the telephone jangled so insistently that he answered it himself.

The editor of a great monthly magazine wanted him to illustrate a special story. Whitcomb said, "wait a minute," consulted his book, and went back to the phone. "I'm sorry," he said, "but I can't touch it until May 15th." Thus he dismissed an assignment that would have run into the hundreds of dollars.

However, the ones occupying him now are worth just as much—as, for instance, "Castle Key," in *Colliers*. This is a long continued story, and in the midst of his illustrations, Whitcomb found it necessary to hurry down to Florida for some accurate landscape stuff. Being an Ohio boy, he wasn't familiar with the curl of palms and the drape of Spanish moss as it grows in the deep south.

Down there he had to do some boating, taking photographs from the choppy sea. "I was a very bad sailor," he recalls gingerly. "I had to cling to the rail with one hand and my camera with the other, while becoming ill in a most undignified fashion."

For all his current affluence, Whitcomb doesn't plan to become careless. Three bad illustrations, and you're through—just as a bad picture or two will kill an actor.

Whitcomb is a driving worker with an almost sadistic passion for fidelity in detail—even the smallest most unimportant matters. Hence his rush jaunt to Florida. Now that he is occupied so heavily, his recreation is limited to midnite rides in the park, to clear the cobwebs out of his brain, and to playing the piano in his Beaux Arts apartment, for his own amusement, which he does raucously but well.

Jon's sole hobby, beyond the confines of his studio, is clothes. He does like to dress. Recently I was talking to his tailor and his name came up.

"He was just in here," his tailor said, "with something new in the line of a coat. He always has something new. As a matter of fact, he keeps about three months ahead of Esquire."

BEHIND THE NEWS

Roosevelt vetoes economic arms conference. President also bans change in gold value.

International gathering favored by Hull. Past experiences held to be discouraging.

Firmness WASHINGTON, May 1.—There will be no international economic conference, no disarmament conference, no change in the value of gold. President Roosevelt has made his decision. It was reached at a White House conference of cabinet members in which there was warm discussion pro and con. At the end, the president decided for the cons and went fishing.

It is true that something more than talk behind all these conferences and gold rumors in circulation lately both here and abroad. It seems to be also true that State Secretary Hull, while denying the rumors, personally harbored hope that something constructive would be accomplished internationally through the conference medium. Hull lost the argument at the White House conference, as well as his hopes.

The triplicate negative decision will be made public shortly in some affirmative way, possibly announcing a movement to forward personal contacts and cooperation between Hull and the prime ministers of the leading European nations. Or perhaps a safer way to say it is that Hull was designated to work out whatever is to be said as a result of the decision.

Discouragement The reasons which caused the decision are not to be stated definitely. It is obvious, however, that our ambassador-at-large, Norman Davis, regardless of whatever partial hopes he may have developed in London, has been unable to inspire the president with any marked encouragement for the success of an economic or arms conference. At least, the president sees no reason to assume the responsibility for championing a conference, despite some official and much unofficial pressure from Britain and some of the other nations. And if the United States does not champion a conference, of course, no one else will.

It is the same old story. All nations want something out of a conference. None wants to give anything. France wants security. Germany wants credit. Britain a preferred pound. Russia protection. Italy more credit. And all want debt cancellation. If any of these nations is in a mood to make bona fide concessions, it has not yet made its willingness plain. And you may be sure they won't.

The history of modern executive decisions is fresh in executive memory. When Uncle Sam played host before the world, the nations came singing his praises. They ate his food, rejoicing that he was the savior of the world. Good will popped and bubbled like champagne. But when it was over, the discovery was made that some silverware was missing from the pantry.

Persistence In case you have been thinking that Mr. R. was easing up on his supreme court packing designs, Presidential fixer Charlie West was so busy working the senate in behalf of the court packing that he was unable to handle the emergency fixing job for the president on the Miller-Tydings bill. The president's engagement secretary, Marvin MacIntyre, was rushed to the senate lobby for the emergency job.

Appreciation F.D.R. does not know it, but he has been nominated for one of the oldest but not necessarily the most exclusive clubs of statesmen. It is a very honest group of democratic members of the house who have foregathered daily in the cloakroom since any living member can remember. They call themselves the demagogue club.

After the revised budget was received a few days back, a meeting of the club was called to consider what was thought to be a club crisis. One member presented the situation like this:

"It has always been the honored prerogative of members of congress to demagogue freely. We have had the exclusive right to promise our constituents something for nothing."

"We have always had the assurance that when we passed these demagogue bills, a president would veto them or the supreme court would strike them down."

"But now we have a man in the White House who can out-demagogue us, and if our safeguard of the supreme court is removed, how are we going to get re-elected?"

The matter was taken under semi-serious advisement.

Merger? Talk of a constitutional democratic party to supplant the republican party is coming from bigger authorities with greater gusto. They are serious about it.

It is known there is at least one democratic senator against whom the republicans will offer no opposition the next time he runs. This has already been discussed and (unofficially) decided. Several other similar cases are in the discussion stage.

Most republicans authorities are inclined to leave the matter to

# The Thrill That Comes Once In A Lifetime

HIS FIRST TUNNEL

was obtained—perfect with one their individual state organizations. They do not know what will come of it, but they would not be surprised to see it work into the formation of a constitutional democratic party within a few years.

The possibility is enhanced by the natural inclination of many statesmen in both parties to consider such issues as the budget, inflation, money and the supreme court; as far more vital than party success. As against this natural inclination, there are large groups of republican party workers to whom a merger would mean sacrifice of their personal positions.

Apparently it depends upon the future course of the Roosevelt program than anything else.

# EVE'S ORCHARD

By MARGARET WIDDEMER

Chapter 29  
ELLEN BARRS HER HEART

George backed down a ladder behind a tree a little way ahead of Denny and Eve, and stood squarely in their path in his leather working clothes, a handful of twigs in his hands. "You can't help hearing your own name, you know," his face was a little rigid. But he spoke with his ordinary slow steadiness. "Would you feel it was going over Mrs. Power's head, Carter, if I gave you a hand up with my father?"

"Good lord, Cleveland, no!" Denny's face was radiant. "Grateful as a pup. All I'd ask would be a chance to show him my credentials, experience, have a chance to talk to him or his employment manager."

"All right. I'll see that you talk to him when he gets back from his match this afternoon."

"Cleveland, you're a prince! I'll dash off to my room and dig over my folder of stuff a bit. I say, you don't know—well, if you were listening to Eve and me—what this means to Eve and me—"

"Yes, I do," said George. "I've stood quite still, facing Eve, while Denny ran fleetly like a joyous small boy back to the house."

She threw her hands out, saying "Oh, George, you're wonderful!" But he moved a little away from her, and she saw that his face was pale under the sunburn.

"I'm not wonderful," he said. "But—I can't stand it any more. If I can't have you myself, I don't want you where I can see you all the time. I thought I could. Last night I found out I couldn't. I was going to ask you again this morning, make sure one way or the other. It was our sitting there together with the old man and the kid, you singing to me, a sort of dreadful heavenly imitation of our being married and happy. That was why I got out so early."

"I can't move a three-year-old's experience. But I can hurry up your marriage. You'll be back in your city life. In time I'll get over you, I hope, and even marry some body else. . . . Eve, do you mind going now?"

In spite of her happiness, Eve found that there were tears streaming down her face as she turned and went back along the orchard path.

Denny Gets The Job Denny came back radiant from his interview. He said, holding her in his arms in the hall that night, with the station taxi chugging impatiently at the foot of the drive, "It's almost clinched, darling. Thank you for rowing me. If we hadn't stopped under that tree to fight over Mitzel—"

"Telephone me the minute you know!"

"Practically calling you up now!" He turned at the door for one last kiss and a hurried, laughing, "Darling, don't get too far gone on the gambrel roofs and strawberry beds! If all goes well, you're marrying a night-club life."

With a final violent embrace he was off, leaving Eve laughing at him a little, but puzzled a little too. Didn't he want her to be happy out here? Or had she shown too little interest in New York things, and too much in what she had been doing? New York did seem far away.

But then any place did where you weren't.

And then Judge ran around from the side of the house shouting to her that the most wonderful thing was going to happen. Uncle Henry said that he knew where there was a lady pig with a lot of little pigs, and there was one called a runt he could get for Judge.

"And there's a pig pen way off by the barn back of the orchard, and it can eat what we leave; only Uncle Henry says you're the mistress here, and I have to ask you."

Well, you had to be interested in that! Though she knew that if it had gone so far as Uncle Henry's suggestion, the pig was practically a Mannersfield pig this minute.

She went about the rest of that day and all the next in a daze of hopeful excitement. Ellen Walton came out Monday morning. She was through in New York, she said quietly. She had other plans. Eve could scarcely pay attention, every nerve was strung toward the telephone bell. Finally at 7:30 it rang.

"Darling, I've got it!" After they had talked themselves out to the tune of a dollar's worth of raptures, Eve hung up. She looked around in wild excitement for someone to tell it to. Everybody was out but Ellen, who she ran to earth in her bedroom, walking up and down with her brown head bowed, muttering a part she was learning from a blue-covered book in her hand. Eve threw her arms around her.

"Ellen, Ellen, Denny has his job with Northern Steel! We'll be marrying and living happy ever after by the middle of June! Isn't it heavenly?"

Ellen laid her "side" carefully on the tall maple chest by the window. She said in a queerly cold voice, "Yes, it's wonderful."

"Eve stared at her. Could it be that she cared for Denny? But that was crazy. As she watched Ellen suddenly throw herself across the bed sobbing, her hands clutching the counterpane.

"I can't stand it," she panted. "I'll die. My heart's breaking. You and Marilyn happy with your men and I have nothing! Eve, Eve, I want George so I could die! I can't go on living if I don't have him!"

Eve threw her arms around her friend, leaning over her on the bed. She did not know what to do or say to this Ellen, this passionate, agonized girl she had never known.

"Oh, darling, don't cry so!" was all she could say. But Ellen went on sobbing and talking against Eve's shoulder.

"I'd move heaven and earth to marry him. He's the best, dearest, finest man I ever knew. Not

that I've known many." She sat up suddenly and dried her eyes, speaking fiercely. "I've taken a job with a little summer stock company at Sharon, near his golf club, to get a chance to be close to him. If I drive over here and stay with you as much as I can, I'll be close to him weekends too. If a girl loves a man enough—if she tries hard enough—she gets him. I've seen it. I'll be the best wife on earth to him. I worship him. . . . he must love me. . . . he shall. . . . Oh, George, George."

She began to sob again. Eve held her tight. After a while she quieted. "I didn't mean to break over," she said, "but I had to tell you. Help me, Eve."

Eve held her tight. . . . George! And yet George had said he wanted to get over caring. Men often married on the rebound, she knew. And she would have her two best friends together. She wouldn't lose George this way.

"I'll do everything I can," she said eagerly. "I'm sure it will end all right."

"Do you think so?" Ellen said breathlessly. "Oh, my God, I've never had anything I wanted before! I must have this!"

Eve shivered in the face of this naked passion. She waited again when Ellen, quiet, controlled, steady said her quiet goodbyes next day to George among the rest. She knew now what was under the cool control.

Mitzel's House Hunt Eve and Denny agreed that, all things considered, it wouldn't be fair to Mitzel to let her down about the Southampton real estate hunt.

"I feel so happy now that I'd help the lowest mouse to steal crumbs," Eve said down the telephone that they both used extravagantly now.

"Me, too," Denny said fervently. "But the weekend after the Southampton business, I'll be out. My Lord, woman, it's a wonder we remember what each other looks like. I come out then—and we plan—and we execute!"

"The barbarian lover!"

"All of that," said Denny's voice, passionate even across the wires.

"Oh, damn, sweet, wouldn't it be grand if I was hunting for a Southampton summer place for us? Why on earth does Mitzel have to leave everything we want?"

"She probably thinks we have everything; she wants." Eve's voice was gay and contented. Bright sunshine and Denny's job landed—what more could anybody desire?

She went singing away from the telephone.

Denny managed to dash out the Friday morning following, just to have a few hours with her before she drove with Mitzel on her quest for a summer place.

"Let's tell the Featherstones—and Mitzel—and the world!" he said impetuously. "Tell 'em I worship you, and I've got a grand job, and I'm coming out next week with a ring in my pocket—"

But Eve remembered that other time. She was superstitious, she said. "Let's tell after it happens. Ellen knows, and George, of course. But they're both cysters."

"All right, sweet. Not even Mitzel. She's a grand person, Mitzel. She was swell over the job being landed by George. Of course, I do think I owe it to her primarily," said Denny thoughtfully. "She told me she'd been wearing herself out selling me to the Cleveland, bless her. She said, 'I feel as if you and I had been awfully close, somehow, in another life, Den, and as if I owed it to you to do things for you.' You know, her cysters were full of tears."

They were kneeling by the strawberry bed, hunting for early strawberries. "I'd even hunt strawberries for you, that's how I love you!" Denny said lightly.

Eve sat back on her heels, was about to argue against Mitzel, and Ellen didn't. With everything so perfect nothing was worth arguing over; spring and the strawberries, and the pink apple trees above them, and their love. . . .

"Den, you precious, you'll never grow up!"

"Thank heaven!"

RETURN FROM HUNT Tom Ely and Ebb Hatch have returned from a squirrel hunt near Menard. They were gone a couple of days, and reported excellent luck. Mr. Ely reported bagging thirty-one squirrels while Mr. Hatch was successful in getting only two.

# THREE WILDCAT TESTS ARE SPUNDED S'WEST OF HERE

## Moore Bros. Start Work On Cauble, Harding And Quinn Lands; Plan To Acidize Test In East Howard

Spudding of three important wildcat tests in the territory just south and west of Big Spring stood out in the oil developments here last week.

Moore Bros., active in exploration work in this section, spudded their No. 1 I. B. Cauble, 330 feet out of the northeast corner of section 31-32-18, T&P, Thursday and followed with two others Friday, the Moore Bros. No. 1 Harding 350 feet out of the southwest corner of the north half of section 19-33-28, T&P, and the Moore Bros. No. 1 Mable Quinn in section 23-34-18, T&P.

The No. 1 Harding is located west of the producing Continental No. 1 Harding in the center of the southeast quarter of the same section. It is about seven miles southwest of Big Spring, and is south-west of the Continental No. 1 Brindley, 330 feet out of the southeast corner of section 18.

**15-Section Block**  
The tests are located on a 15-section block in the Harding area. On a section in the southwest quarter of section 26-34-28, T&P, on the Quinn ranch, near the new test, 12 barrels of free oil came up.

Moore Bros. also plan a wildcat test in the corner of Glasscock, Midland, and Martin counties, where a 24 section block has been assembled. The test will be sunk on the King ranch.

Moore Bros. No. 1 TXL wildcat test midway between the East Howard and Chalk pools, was cleaning out Friday after drilling plugs from six inch casing at 2300 feet to test lime from 2700 to 2725 feet, the total depth from whence came two and a half barrels of oil hourly. Plans are to acidize the well with 1000 gallons. It is located northeast corner of section 33-30-18, T&P.

**Two Completions**  
Two completions during the week added a total of 523 barrels to the daily potential of the East Howard and Howard-Glasscock areas. E. J. Wallace No. 1 A. H. Bell, section 12-30-18, T&P, was raised at 200.55 barrels. It is located near the Mitchell county line and slightly southwest of the Magnolia pool in Mitchell county and is bottomed at 2807 feet. It is in section 15, block 15, T&P survey. It is in the center of one of the blocks totaling about 8,000 acres which the Wichita Falls company assembled.

Third producer for the new Ivy pool in northwestern Sherman county, the Owens-Scheldt Oil Corporation No. 2 D. A. Ivy, appeared as probably the best this week, owners estimating it at 10 barrels daily following treatment with acid.

**24 Barrels Hourly**  
It flowed into pits and storage at the rate of 24 barrels per hour after cleaning itself out from the 2,000-gallon treatment. It is 495 feet south of the pool opener in section 15B-B&C.

Two offsets to the discovery well, which rated 352 barrels daily as potential, were abandoned as dry holes; a third was completed for 92 barrels pumping.

Ungren & Frazier No. 14-C Dorsey was the largest well for the week, flowing 715 barrels in 2 1/2 hours from the Lower Hope sand at 2,195-2,215 feet. It is in the south end of the field, in section 4, Bueno survey No. 195.

Thomas D. Humphrey No. 1 Dorsey, also in the Hawley field, made 549 barrels from the Cook sand at 2,650-56 feet. It is on the east side of the field in section 18, Bueno survey No. 196.

Humphrey No. 19 and 20 Dorsey both were in early stages of completion from the Cook sand after encountering oil saturation at 2,150 feet.

In Taylor county, the Golden Petroleum company No. 1 Christian Braun, section 15, Guadalupe county school lands, was spudded on a test for production three miles west of the old View field.

Operators were digging pits and running in materials for a test announced by Charles W. Sanger on the Ayer land, three miles east of Abilene this week. It is slated for drilling to 3,000 feet, and is in section 39-BAL survey.

**Other Tests**  
Other tests drilling, in the area were: Ward No. 1 Roberts, section 127-29, W&NW, at 1235 feet in red beds; Superior No. 34 Echols, 254-29, W&NW, at 2276 feet with six inch string cemented with 20 sacks at 2962 feet; Merrick and Bristow No. 4 Hooks section 140-29, WNW, fishing for tools at 3282 feet; Continental No. 13-A Clay, section 129-29, W&NW, at 2746 feet in lime; Continental No. 3-A Easton, section 7-32-28, T&P, at 2275 feet in lime; and Moore Bros. No. 2 McDowell, section 21-34-28, T&P, at 1210 feet in anhydrite.

Hard luck plagued the Grisham and Hunter No. 1 Pos estate in Garza county, section 5-5, K. Aycock. After losing three holes, the well was shot with 300 quarts from 2850-2922 feet and apparently blew into water. It had a show of 2800 feet. To the west and slightly north the S. "Blackie" Caprito No. 1 Post estate drilled to 9107 feet with 2100 feet of sulphur water and 300 feet of oil on top of the column. Some gas was shooting.

Hobart Creighton of Warsaw, Ind., owner of the largest chicken farm in the state, has a flock of 20,000 hens.

Plant potatoes as soon as possible after they are out, Walter B. Balch, Kansas State College horticulturist, advises.

# Hockley Well Re-Acidized, Makes Flow

## Three Yoakum Locations; Gas Blowouts In Gaines Tests

SAN ANGELO, May 1—The Texas Co. and others' No. 1 Bob Slaughter, Hockley county discovery well and one of the farthest north in the Basin, this week flowed 502 1-2 barrels of oil the first 24 hours after being re-acidized at a plugged back depth of 5,023 feet.

Magnolia leased a 1781 acre tract one mile southwest of the producer and likely will drill on it soon. Yoakum county gained locations for a wildcat and two tests a short distance west of the Bennett pool. Gas blowouts by two Gaines tests, one offsetting a producer, the other a wildcat, attracted attention.

Rotary fluid was blown from Shelby No. 1 Amerada-Humble, Gaines county test three miles northwest of Seminole, when gas increased from 4,880 to 4,901 feet. A member of the crew was gassed, not seriously. The test is 660 feet out of the northwest corner of section 220-G-WTRR, an east offset to Amerada No. 1-A Averitt, Gaines second oil producer, Carter-Continental No. 1 Wasson, northern Gaines wildcat, blew out while waiting for cemented 7-inch casing to set at 3,093 feet, the total depth. It is in the southwest quarter of section 48-AX-pal.

**High-Structure**  
Wents No. 1 Dalmont in southern Gaines county drew attention by topping the anhydrite at 1,520 feet, 1,482 feet above sea level and 161 feet higher than in Landreth No. 1 W. H. Kirk, first producer in the county, two miles to the northeast.

Texas-Pacific staked a location for No. 2 L. P. Bennett 440 feet out of the northwest corner of section 678-D-John H. Gibson, 220 feet south and 1,540 feet west of its No. 1 Bennett. Yoakum county's second well. The T-P producer is 960 feet north and 1,320 feet west of Honolulu and Cascade No. 1 Bennett, the discovery, Honolulu moved in materials for No. 1 Ruth Bennett, 330 feet out of the northeast corner of section 677, which adjoins section 678 on the west. Moore Bros. of Midland tentatively staked a location for a wildcat 10

4, Bueno survey No. 195. Thomas D. Humphrey No. 1 Dorsey, also in the Hawley field, made 549 barrels from the Cook sand at 2,650-56 feet. It is on the east side of the field in section 18, Bueno survey No. 196. Humphrey No. 19 and 20 Dorsey both were in early stages of completion from the Cook sand after encountering oil saturation at 2,150 feet.

# Crane County Activities In The Spotlight

## Magnolia No. 9 Edwards Has Record Potential Of 22,200 Bbls.

SAN ANGELO, May 1—Crane county held the center of the stage of West Texas oil operations again this week. Gulf No. 4 Waddell, apparent opener of the Permian Basin's second major Ordovician field, made a choked natural flow of 512.78 barrels of 45 gravity, sweet oil in six hours; Magnolia No. 9 Edwards set a new potential record for the Waddell pool of 22,200 barrels daily, based on a six-hour gauge averaging 925 barrels hourly, and Sinclair-Prairie No. 1-24 University, 2 1-2 miles north-west of the Waddell field, flowed 380 barrels of oil in 26 hours after acidizing.

Gulf No. 1-A Edwards, west offset to F. A. Cherry and others' No. 1 Daugherty, opener of the Eaves pool in Winkler county two miles north of the Leck field, missed the pay zone in the area but showed oil at three levels between 3,080 and 3,110 feet and was estimated good for 50 barrels daily. This horizon corresponds to that which is productive in the Eaves pool in Lea county, New Mexico, only a few miles to the north. The Gulf well is in the southeast quarter of section 6-23-pal.

**Hits Sulphur Water**  
In the small producing area in northern Ward county four miles west of the O'Brien pool, Magnolia No. 1-55 Seely made 78 1/4 barrels of oil in 24 hours from pay at 3,001 to 3,010 feet, then developed at sulphur water. It was to be acidized. Location is 2,310 feet from the north line and 330 feet from the east line of section 55-F-G&MM-B&A.

Production by Gulf No. 4 Waddell, western Crane county Ordovician producer, rating 2,051.12 barrels daily, was from a total depth of 6,014 feet, 10 feet in the Ellen-

**EAST TEXAS POINT GETS TWO-INCH RAIN**  
TALCO, May 1 (AP)—A severe electrical-rainstorm here today brought more than two inches of rain in an hour, and lightning ignited an oil storage tank, but there was little damage and only a minor injury was reported.

Fire fighters used chemicals to extinguish the oil tank blaze on Byrd Frost properties. Harry Brown, fire chief, suffered an injured leg when he jumped from the 5,000 barrel tank.

**Acid Treatment**  
Magnolia No. 9 Edwards flowed 925 barrels hourly at 5,005 feet, through casing and tubing after being treated with 5,000 gallons of acid. It is 990 feet out of the southwest corner of section 2-2523-pal. The previous record potential in the Waddell pool was 14,312 barrels by Magnolia No. 3 Edwards.

Sinclair-Prairie No. 1-24 University swabbed only 10 barrels of oil hourly before treating pay between 3,512 and 3,615 feet with 5,000 gallons of acid. Snowden & M. Sweeney staked an east offset, No. 1 University, 330 feet out of the northwest corner of the southeast quarter of section 13-35-11 and No. 2 University, 330 feet out of the northeast corner of the same section. The Sinclair producer is 2,210 feet from the south and west lines of section 13-35-11 and 1 1-2 miles east of Clark, Cooper & Smith No. 1 Jordan, a 90-barrel-a-day pumper 1 1/2 miles south of the Penn (Juk's) field in southern Ector county.

**Test Abandoned**  
Magnum No. 1 Jenkins & Spencer, eastern Scholastic county wildcat, failed to respond to treatment of the Ellenburger with 7,500 gallons of acid and was abandoned at 5,919 feet. It was in the center of the southwest quarter of section 4, certificate 27, W. W. Russell original grantee. Tex-Tor Oil Corp. soon will start a scheduled Ordovician test on the Jenkins & Spencer land three miles southeast of the Magrus failure and in the center of the southwest quarter of section 33-A-A&B.

Superior Oil Co. and others' No. 1 Masse unit, seeking Ordovician pay on the J. S. Todd ranch in Crockett county, in the northeast quarter of section 55-UV-GC&SF had reached 3,776 feet in sand and shale. Dan Auld and others No. 1 Kigley, in northeastern Edwards-

# Strike Halts London Buses

## Residents Forced To Use Subways, Cabs And Bicycles

LONDON, May 1 (AP)—A strike of twenty-five thousand workers on London's big red buses drove this busy pre-corporation city to bicycles, subways and taxis today.

The government went to work to keep the other branches of transportation running. The city, busy putting final touches to its dress-up for the May 12 coronation of King George VI, felt the full force of the walkout. With the familiar buses off the streets, people jammed into "The Underground"; others were forced to walk; many rode bicycles and taxis.

Women in high heel shoes pedaled along the streets. Bicycle dealers did a brisk business despite a \$1.50 increase in prices. A trusty county, the northwest quarter of section 16-K-GC&SF, was running 8 1-2 inch casing at 3,040 feet in shale. Sun No. 1 Orpetheimer & Dietert, northeastern Reel county wildcat in the southeast quarter of section 7-GWT&P, had passed 3,425 feet in lime. Both tests are seeking the Ordovician.

Eighty-six locations were listed in 13 counties this week, compared to a record number of 101 in 14 counties the preceding week, and 48 producers and dry holes were completed in nine counties.

**ABOARD BATTLESHIP PENNSYLVANIA, MID-PACIFIC**  
May 1 (AP)—Saturday night in tropical waters far from sight of land, found 40,000 officers and men of the United States fleet aboard 129 warships, wondering whether next Saturday night would be spent in a war-game high seas battle or on the benches at Waikiki.

The third week in the six weeks maneuvers was marked by division of forces into the black and white fleets ready for the major action of the 1937 war games.

Somewhere Admiral C. C. Bloch was operating a powerful invading force. Separated by an undisclosed distance were the forces of the white fleet, commanded by Vice Admiral William T. Tarrant.

Perhaps a week or more may be spent in search before the fleets clash, have their high seas engagement and steam to Pearl Harbor navy yard for the Hawaiian holiday week.

# Strike Halts London Buses

## Residents Forced To Use Subways, Cabs And Bicycles

LONDON, May 1 (AP)—A strike of twenty-five thousand workers on London's big red buses drove this busy pre-corporation city to bicycles, subways and taxis today.

The government went to work to keep the other branches of transportation running. The city, busy putting final touches to its dress-up for the May 12 coronation of King George VI, felt the full force of the walkout. With the familiar buses off the streets, people jammed into "The Underground"; others were forced to walk; many rode bicycles and taxis.

Women in high heel shoes pedaled along the streets. Bicycle dealers did a brisk business despite a \$1.50 increase in prices. A trusty county, the northwest quarter of section 16-K-GC&SF, was running 8 1-2 inch casing at 3,040 feet in shale. Sun No. 1 Orpetheimer & Dietert, northeastern Reel county wildcat in the southeast quarter of section 7-GWT&P, had passed 3,425 feet in lime. Both tests are seeking the Ordovician.
