

By KERNEL GENE, aPe

If you were unable to attend the Town Hall meeting Monday night, you missed an opportunity to hear in detail what our city officials have planned for the future of Gorman.

Mayor Ross Wilson gave a complete analysis of our water, sewer, street and tax problems; and also passed out copies of a complete breakdown on our city finances showing money on hand and what has been spent.

We hope to carry a story in detail on this meeting next week.

Higginbotham's

How to keep your kitchen cooler while you're cooking...

COOK FLAMELESS ELECTRICI With flameless electric cooking, pots and pans sit directly on electric heating elements, and absorb the heat before it can escape to warm up the kitchen. Air circulation isn't needed to support combustion, so flameless electric ovens are fully insulated on all four sides, top and bottom to "lock" cooking heat inside where it's used and wanted. This means your air conditioning equipment will have an easier task . . . work more efficiently and economically because it doesn't have to overcome heat wasted into the kitchen air by cooking flames. See the new electric ranges at your dealer's soon . . . and enjoy a cooler kitchen . . . electrically!

evacuations and evaluated new Brucellosis Refesting ROBERT KIRK RECEIVES PROMOTION TO CAPTAIN sonars and underwater sound sys-

Captain and Mrs. Robert Kirk, Lee and Elizabeth, are visiting his mother, Mrs. R. L. Kirk. They are enroute from Boston, Mass. to San Diego, Calif. where they will embark for an assignment in Japan.

Bob became a midshipman at the United States Naval Academy, class of 1945, July, 1941, after having attended Tarleton State College for one year.

On graduation in 1945, Ensign Kirk was assigned to the USS Boston, which operated with the 3rd. and 5th. Fleets against Japan. The Boston remained in Japan until February 1946 as part of the occupation forces.

After inactivation of the Boston Lt. jg. Kirk served on the USS Tucson, again in the Pacific Fleet. Included in this tour of duty was a deployment to China, operating out of the parts of Shanghai and Tsingtao. During this period he was married to Carrol Ann Page-Diego, California.

In 1949 Kirk commenced a three year course of Naval Post Graduate training. He received a BS degree in Engineering Electronics from the U.S. Naval Post Graduate School and a MS degree in Flagship. Physics from the University of

California at Los Angeles. This course was followed in 1952 for the past two years. by almost four years in Key West, Florida where Lt. Kirk planned THE GORMAN PROGRESS, Eastland Co., Texas, JULY 1, 1965
