### **CARD OF THANKS**

We wish to express our appreciation for the kindness shown us at the time of the loss of our loved one, Mrs. Josie McClearen. A special thanks to those who sent flowers, cards, food and for your phone calls and visits and to Dr. Reichman and Dr. Jennifer, the nurses and the staff at Blackwell Hospital and Lawndale Home for the good care given her, and to Rev. Darrell Dossey. Your

that about 68% of current taxes had been collected and that some deliquent taxes were coming in. She reported that the city had a cash balance in the general fund of over \$26,000. The Commission voted to place \$17,500 of this in pass book savings. Mrs. Brinegar wants to remind all tax payers that taxes will become deliquent the last day of January and will at that time be place in the hands of the Collection Firm that is now collecting deliquent taxes. If you have received a letter from the tax attorney, you should come in and pay up or make arrangements to pay them at the rate of one or years at a time on the installment plan. No less than a full year can be paid at any time. It is the desire of the Commission that all of these taxes will be taken care of without court procedures.

Mr. Cates is leaving the City and Mr. Tucker was hired to replace him, we wish Mr. Cates well in his new job in Moran. Mr. Kenneth Lewis was also employed by the City.

The Commission voted to give all employees a 1% Christmas bonus figured on the amount of salary earned during 1978. A committee was also appointed to report to the next meeting on a proposal for salary adjustments for employees who have worked long enough for these adjustments. We feel that we must try to keep salaries adjusted as best we can with what we can. We realize that our pay scale may be much too low, but adjustments can only be made according to our income. This is one reason that we must be looking at tax adjustments in the near future. Not only salaries have gone up, but the cost of all supplies and services have just about doubled since there has been any adjustment in the tax base in

Our office gang is about par. Just not worth a blame. They are just crooks and cheats. Enough said, I believe for now.

Twenty years ago the latter part of November I fell out of a pecan tree. I came to the hospital here and Dr. Rodgers had some x-ray pictures made of my knees, hips and back. He came in my room with the pictures. He said that the pictures showed that the fall did not hurt me. I said "What? He smiled and said "you stopped too quick." He told me "You quit farming or else." He said knees and hips were damaged and the back was in bad shape.

When I left the hospital and went home I went to Eastland and put all cropland in "Soil Bank" for ten years except garden and orchard. I tried the garden for a part of one year then quit it.

In those 20 years I helped hold elections at Kokomo for seven years. That is the only money I have earned in these 20 years. I have learned to live off the interest of what I own. It beats working for it. Ha! I moved to Gorman 13 years next month. That is the time I had to quit driving a car also. So you see I am a floater. What a turnout for the

# **Hearing Tests** Are Important

If you have a hearing problem of any kind you owe it to yourself to have a Electronic Hearing Test made to find why, and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We can pinpoint your problem and explain in plain

English what can be done to help you, then make your own decision. We never try to highpressure your into buying anything. There are thousands of people today suffering from hard of hearingness (even some who wear hearing aids) just because they waited to late to do something about it ..... don't let this happen to you. Mrs. Joe Treadway will hold a regular Hearing Aid Workshop at the City Hall in Gorman, Monday December 18 from 1:30 - 3:30 p.m.. We invite you to come in for your free test. We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries, for your Aid, and can always save you money. We are licensed by the State of Texas to fit and dispense Hearing Aids. We are always close by when you need us. We are in the Hamilton office every Friday to run special tests and assist you in every way.

Wednesday afternoon Bro. Joe O'Neal brought our Bible lesson. His subject was the Christmas Story as is recorded in Matthew Chapter 1 verse 18 thru 25 and Luke Chapter 2 verses 1 thru 19. He presented the story in the most beautiful way I have ever heard. He first played Christmas Carols on his record player and then he started with a prayer. His lesson went like this, "The Wise men, inquired of Herod the King in Jerusalem. Were is He who is born King of the Jews? For we have seen his star in the East and are come to worship him. Herod gathered his chief priests and scribes and demanded of them where Christ should be found. In Bethelem of Judea
