#### Letter To The Editor

Dear Editor:

I would like to take a moment and a few lines of your newspaper to say THREE CHEERS for Heritage Manor and their (hopefully) first annual Health Fair. It was outstanding! It was well run, and they made excellent use of the facilities and residents, alike. I was there probably three hours and my body fat tested to getting little waiting from station to station and all the folks running them were kind an helpful and very knowledge-

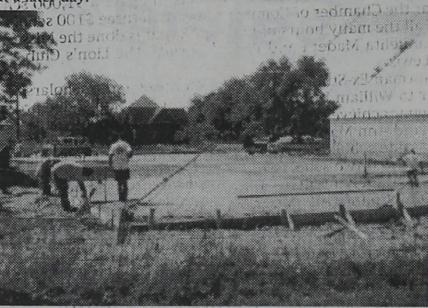

I hope they continue to offer this service to our community and I would recommend to everyone who can, to attend in the future. It would even make an excellent field trip for our school age children.

'Again, a huge hooray for all of you at Heritage Manor ... it obviously took lots of teamwork! You all did a

did everything from having NEW HOME in the completion stage being constructed by Clark Construction of Gorman out on the Farm Road 571 the Ranger nizations. There was very Modornick, who plan on retiring to the property following their retirement in the Metroplex area. The home features white stone and the beautiful matching pillars adds to the overall beauty. When you are out that way drop by and see this beautiful place, We will try to have more on the McCormicks and their new home at a later day.

A NEW ADDITION to the storage facilities of Gorman Milling in the northeast part of town is being contructed at the present time. The contractors were pouring the slab for the large building on Tuesday. This outstanding firm continues to expand their facilities here in Gorman and is indeed an asset to our community and it's citizens. We will have more on this as the work on the project progresses. All of our citizens should be proud to have a company of this magnitude in Gorman.

I hope that everyone had a great Memorial Day weekend. As I drove to Eastland on Monday, I say many flags flying in front of homes and businesses and that said to me that many people remembered what the day stood for--to honor and remember who served their country in the armed services and gave their lives so we might have the freedom that we enjoy each ay. I trust that everyone of us took time to pause in our activities of the day and say a prayer of thanks for those who proudly served and made the supreme sacrifice and for all the servicemen and women that serve today that our freedom might be continued.

The community received about an inch to about an inch and a half of rain on Saturday night, and we are so very thankful that there was no hail or extremely high wind in the thunderstorm as it passed through the community. We thank the Lord for every drop that

#### Pause to Think

Luke 11:24-26

When the unclean spirit is gone out...he walks...seeking rest; finding

...He returns and finds his former house swept and garnished.

He goes, and takes seven other spirits more wicked than himself; and they enter in, and dwell there: and the last state of that man is worse than the first.

There is nothing an evil spirit can do that would cause Christ to vacate the premises of our lives, once we allow him to become our Lord. And, it is certainly impossible for an evil spirit to triumph over Christ and force him out of our lives.

So, there are only two possible scenarios. Either a person has done something to cause God's spirit to withdraw from his life (is this possible?) or Christ has only changed a person's life even to the point of delivering him from an evil spirit but does not yet reside in that person's heart.

How does Christ's spirit take up residence in our hearts? John 20:22 And when he had said this, he breathed on them, and saith unto them, Receive ye the Holy Ghost: According to the scriptures, did the disciples receive the Holy Spirit in John 20:22, or at a later

## In Search of Reality

God gave everything a time and season For Every poet's line there is a reason For every flower that blooms there is one to fade Days of sunshine follow days of shade.

For every calm, somewhere there is a storm For every soul deceased, somewhere a child is born With every newborn child there is great hope Nature's seminars teaches life to cope.

Every living creature is a unique measure Sea, earth, and sky yield different treasure Every mountain's height is gauged through different eyes Rivers nor life never travel as the crow flies.

For every love that's lost, there is one to gain Too many days of sunshine bring pleas for rain Perfect harmony is but a Utopian dream Life competes for Nature's spoils in all its realms.

> Lost innocence can never be returned A page of life is lost for a lesson never learned Faith gives hope for life and life to be Seek truth and wisdom to discern reality. Written March 22, 2000 by Leon Williams

A Note from the Administrator

This past week was National Nursing Home Week. Right in the middle of National Nursing Home Week si Mother's Day. Governor Bush sent out a proclamation declaring National Nursing Home Week for the State of Texas. We, as citizens, need to remember those that are in the Nursing Home. The world we live in was pioneered by these wonderful older adults. They have left us with an inheritance that is greater than they ever imagined. I was complaining one time about how high taxes were and what was I getting for it? My father-in-law said, "Just look around you. You drive on paved roads. You have lakes to fish in. You live in a nice house and have good schools. What more do you want?" Sometimes you need an elderly person to put you straight. Please remember and respect your elders, they deserve it. /s/ Jeff
