Gorman Lions Club Blood Drive April 18

The Gorman Lions club will sponsor a blood drive on Monday, April 18. The new Meek Blood Center Bloodmobile will be at the City Park from noon until 6:00 p.m. "When the Bloodmobile was in the planning stages, our main goal was visibility. When it rolls into town, I think the donors will agree that we met our goal," said Frances Baker, donor recruiter. Jerilyn Wilkerson, Blood Drive Chairman, will cut a ribbon, which will place the Bloodmobile into service in Gorman.

According to statistics provided by Meek Blood Center, the need for blood transfusions is increasing more quickly than the donations. While 60% of people are eligible to donate, only 5% do. Every minute, approximately three gallons of blood gets used in the United States. Blood donors make surgeries possible, help accident victims, furnish treatment for those with a blood disease, as well as enhancing the quality of life for cancer patients.

Those who have questions regarding eligibility are urged to call Meek Blood Center at 325-670-2798. "We re-evaluate the qualifications on a regular basis," said Baker. "In fact we recently changed the deferral time on tattoos, piercings, and permanent make-up. If the procedure was done in a facility licensed by the State of Texas with a single-use kit, the deferral period is two weeks rather than one year."

Each donor will receive a T-shirt and a complimentary total cholesterol reading. The cholesterol results are available three days after the blood drive.

Lady Panthers Win Two - To Move Into 2nd Place In Dis. 6

The Gorman Softball team won two games last week to move to 7-3 on the season and more importantly 2-1 in district play entering the second round of district. The two wins currently puts Gorman in second place among the teams in District 6-A.

The Lady Panthers first of the two wins occurred in Albany on April 5th against the Lady Lions, last years District Champions. The Lady Panthers fell behind in the first inning as Albany scored 1 run on 2 hits before Gorman recorded the third out. Gorman answered in the top of the second inning by scoring two runs on 3 hits. The game would remain that way thru the 3rd, 4th, and 5th innings until Gorman scored a run in the top of the 6th inning to increase the lead to 3-1. However, Albany tacked on a run in the bottom of the 6th, but still trailed 3-2 going into the 7th inning. After a scoreless top of the inning for Gorman, the Lady Panther defense shut down the Lady Lions in the bottom of the 7th to secure the teams 6th victory of the year and 1st victory over Albany since March of 2003. The Lady Panthers had several good defensive performances including Kendra Swanner who pitched 7 innings and gave up 2 runs (1 earned) on 6 hits and recorded 4 strikeouts. Brandy Carlton the Lady Panthers freshman shortstop recorded some key putouts as the rest of the Gorman defense played one of its best games of the season. Offensively the Lady Panthers recorded 3 runs on 10 hits. Nikki Keith and Megan Lewis each had 2 hits while Brandy Carlton, Ashlee Hornback, Kristi Carlton, Kendra Swanner, Rosa Herrera, and Tecia Jones each had 1 hit. Rosa Herrera and Tecia Jones each had a RBI as well. Other members of the team include Reba Granado, Sharla Perez, HollyAnn Wright, Mindy Keaton, Crystal Thackerson, and Amanda Regian.

The Lady Panthers then picked up their second win of the week at home on April 8th against the Lady Bulldogs of Ranger. The Lady Panthers started our on fire by scoring 3 runs in the bottom of the first inning after having held Ranger scoreless in the top of the 1st. Gorman then got a little sluggish and allowed Ranger to score 2 runs in the top of the 3rd inning. Gorman would pull things together however by scoring 3 more runs in the bottom of the 4th inning and 1 more in the 5th inning to bring the score to 7 for the Lady Panthers and 2 for the Lady Bulldogs. Ranger would tack on one more run in the top of the 7th, but that would be it as the Lady Panthers would not need their last at bat and Gorman defeated Ranger by a final score of 7 to 3. Again Kendra Swanner contributed on the mound despite not having her best stuff as she gave up 3 runs on 7 hits and recorded 7 strikeouts. At the plate the contributions were spread out again as Sharla Perez, Brandy Carlton, Megan Lewis, and Tecia Jones (RBI) each had singles for the Lady Panthers. Kristi Carlton had a single and a double while tacking on a RBI as well. Reba Granado added a single, double, and 2 RBI's for the Lady Panthers, while Kendra Swanner was 3 for 3 with 3 singles on the night. Other members of the team include Ashlee Hornback, HollyAnn Wright, Nikki Keith, Rosa Herrera, Crystal Thackerson, Mindy Keaton, and Amanda Regian.

The Lady Panthers had a big week coming up as they play their final 3 district games in 7 days. Gorman will travel to Eula on Tuesday April 12th to take on the State Ranked Lady Pirates at 4:30 (game will have been played by press time). Then the Lady Panthers play host to the Albany Lady Lions on Saturday the 16th at 10:00 am. Then Gorman wraps up district play on Monday the 18th at Ranger at 4:30. It will be a busy week as we will have kids competing in these games as well as district tennis and area track. It will be a critical week for our program and our girls. The current district standings thru the first round of district are as follows:

DISTRICT 6-A STANDINGS

EULA 4-0 * Eula has already played Albany in the second round -- GORMAN 2-1
ALBANY 1-3 * Albany has already played Eula in the second round -- RANGER 0-3

REMAINING GAMES:

The schools are allowing the students to decorate luminaria bags to remember, support and honor those who have been touched by cancer.

If you receive a letter with your students papers or a luminaria bag, let your student decorate that bag and send it back to the school with a donation by April 18th.

On the bag you can put some ones name that has cancer, has fought cancer, or has lost the battle.

At 9:00pm luminaria candles will be lit to remember those we have lost to cancer, to support those who currently have cancer, and to honor those who have fought cancer in the past. For a donation you child can purchase and decorate a luminaria sack as their way of making a donation to the Relay For Life. All money will go to the Eastland County Unit of the American Cancer Society.

Letter To The Editor

After attending the school board meeting last night (Monday), I need to make a correction about auditorium lights. The thirty thousand dollars is to be spent for stage lights. How often will they be used?

The band director was at the meeting to beg once again for band instruments to replace the ones being held together with duct tape. She said they could be purchased for nine thousand dollars paid out over a three year period. She got no response again from the board. These would be used everyday.

There is something wrong with this picture or do we just chose not to see it?

Criminal Mischief Nets Man Prison Sentence

Jay Allen Jones, age 22, formerly of Ranger, was sentenced to 18 months confinement in a Texas Department of Criminal Justice State Jail Facility and ordered to pay \$5,184.00 in restitution by 91st District Court Judge Steven Herod after entering a plea of guilty to the offense of Criminal Mischief.

Jones and another person had rented a home from a Ranger resident and upon vacating the residence, the two did substantial damage to it. Jones was recently sentenced in Palo Pinto County to 8 years confinement for a probation revocation for the offense of Deadly Weapon in a Penal Institution.

Jones was represented at the hearing in the 91st District Court by local defense attorney Chad Edgington.

Jury Convicts Man of Manslaughter

This past week, twelve citizens, sitting as jurors in the 91st District Court, convicted and sentenced RONNIE BERNARD JORDAN, 48, a former resident of the Morton Valley area, to 8 years confinement in the Institutional Division of the Texas Department of Criminal Justice with a \$2,500.00 fine.

The jury found that Jordan recklessly caused the death of James Warren Odom, by shooting him with a gun and convicted him of the offense of Manslaughter. The Texas Penal Code states that a person acts recklessly, or is reckless, with respect to circumstances surrounding his conduct or the result of his conduct when he is aware of but consciously disregards a substantial and unjustifiable risk that the circumstances exist or the result will occur. Jordan had been previously indicted by an Eastland County Grand Jury for Murder.

James Warren Odom, 38, was the stepson of Jordan and died on March 27, 2004, as a result of a gunshot wound to the chest sustained during an argument between the two men.

Neugebauer Announces Congressional Art Competition

Congressman Randy Neugebauer announced Friday that he is now accepting entries for the 2005 Congressional Art Competition.

"The Congressional Art Competition is a great opportunity for students from the 19th District to showcase their artistic ability in the nation's Capitol for people from all across America to see," Neugebauer said. "I encourage all eligible students to participate and wish them the best of luck."

The piece that wins the competition will be sent to Washington, D.C. to be displayed in the United States Capitol. The winning artist will receive an offer from the Savannah (Ga.) College of Art and Design for a \$3,000 per year Artistic Honors Scholarship. Additionally, the second, third and fourth place winners' works will be placed on display in Neugebauer's Lubbock, Abilene, and Big Spring offices.

The competition is open to all high school students. Students must submit their entries to their schools' art department or the appropriate teacher. The teacher or department will then send one digital photograph of the work, along with a release form, to Neugebauer's office no later than Friday, May 13. All submitted works will then be evaluated by a panel of impartial judges from the 19th District based on creativity and conformity to House regulations.

U.S. Congressman Vito Fossella is the co-chairman of this year's competition. The artwork must meet certain requirements, which can be found on his website (www.house.gov/fossella).

Any additional questions regarding the competition should be directed to Ryan Crumpler in Neugebauer's Lubbock office by calling 806-763-1611 (toll free at 888-763-1611).

Neugebauer Discusses Ag Budget, WTO with Secretary Johanns

Congressman Randy Neugebauer met with U.S. Agriculture Secretary Mike Johanns Wednesday afternoon to discuss budget and trade issues important to Big Country and West Texas producers. The need to avoid making changes mid-stream to programs enacted by the 2002 Farm Bill was at the top of Neugebauer's list of topics.

"My goal going into today's meeting was to make sure Secretary Johanns had a full understanding of the impact that the Administration's proposals would have on farmers and ranchers in the 19th District," Neugebauer said. "By drastically changing some of the Farm Bill's commodity programs, a lot of farmers who put business plans into effect based on that policy are going to be put in a real tough spot."

In February, the Bush Administration sent a budget proposal to Congress that could reduce as much as 30% the amount of financial support any one farmer could receive from the federal government. As the 19th district is home to many larger cotton and peanut farms, these proposed changes would dramatically affect local producers' abilities to break even financially, especially during a year with low crop yields or low commodity prices.

In March, Congress began to work on next year's federal budget. Whether or not changes in farm support payments go into effect will depend on debates that will play out in the House and the Senate over the coming months.

Neugebauer also received an update from Johanns regarding the ongoing trade negotiations to reopen the Japanese market to American beef products. The two officials also discussed possible next steps the Administration could take in response to a World Trade Organization (WTO) ruling against the federal government's support of cotton producers.

"I stressed to Secretary Johanns the importance of reaching trade agreements that treat our farmers fairly," Neugebauer said. "I strongly believe that our efforts that allow our cotton farmers to compete on a level playing field in the world marketplace are in full compliance with WTO requirements. And the measures we've taken to protect our beef supply against BSE exceed international standards. I told the Secretary that I would help in any way that I can to resolve these two issues."

Spring Has Sprung Throughout The Heritage Trail Regions

In Texas, wildflowers are a passion and their dazzling display is a feast for the eyes. The Lone Star state is home to more than 5,000 species of wildflowers dotting roadsides and blanketing fields. Sprinkles of yellow buttercups, red Indian paintbrushes, pink ladies and seas of bluebonnets are everywhere.

Spring is the ideal time to explore your local area's heritage while enjoying the spectacular show of wildflowers along the way. Enjoy these Texas treats by exploring the Texas Historical Commission's (THC) heritage regions. Each heritage region has its own unique palette of wildflowers to enjoy. The Texas Brazos Heritage Trail Region is colored with fire wheels, the Texas Forts Trail Region is canvassed with Indian paintbrushes and the Texas Forest Trail Region with dazzling dogwoods and wild azaleas. Yellow buttercups color the Texas Independence Trail Region and magnificent Mexican hats are found in the Texas Lakes Trail Region.

The heritage regions are all part of the THC's regional tourism initiative, the Texas Heritage Trails Program. The program encourages people to venture out and rediscover the state's historic and cultural wonders. This successful program capitalizes on the economic impact of heritage tourism — a \$40 billion a year industry.

For free heritage trail brochures call 866/276-6219 or visit www.thc.state.tx.us/travel. For additional information on Texas travel events and vacation destinations, visit www.TravelTex.com or for a free Texas State Travel Guide call 1-800-888-TEX.

Joe Casey led the opening prayer followed by the Pledge of Allegiance and the Texas Pledge.

Denver Rainey was present for Citizens In Put. Denver had purchased some mobile homes which he wants to use for rental property. His was concerned after he was informed that the Commission had passed an ordinance pertaining to the moving and installation of mobile homes. The ordinance (Ordinance #2003-04) states that the mobile home should not be more than 20 years old. Denver indicated that he didn't have a title for the mobile homes and did not know the manufactured date or age of the mobile home. Denver also stated that Gorman has a need for low income rental housing. The Commission agreed, but wanted to do some further studying of the Ordinance and situation. Denver expressed he would work with the City and the Commission expressed thanks for his attendance.

Lori Dodd was present to give the EDC report. Lori relayed to the Commission that she had received several calls or emails expressing an interest for putting a business in here in Gorman. Lori had previously applied for a grant for the municipal judge, Vicki Seay. This grant would apply for the purchase of software and equipment for municipal use. Nathan informed the Commission that Vicki had notified him that the grant had been approved, and needed the approval for acceptance from the Commission. Durward made a motion to accept said grant and Charlie made a second. Motion carried 4-0.

No applications have been submitted for operating the city pool this season. Tacy will place an ad in the Stephenville paper. The operator must complete a Certified Pool Operator course successfully or already be a CPO, and also must be a Certified Lifeguard. Courses are generally only offered during the Spring time of the year.

Robert stated that the Gorman Grow had met and agreed to purchase a 6' chain link fence to enclose the new basketball court. Also donations are accumulating for an awning to be constructed in the city park. Gorman Grow expressed an interest in other projects. The Commission agreed that they would be responsible for initiation and all finances for future projects and that the City has final say and approval of the project and locations. The Commission expressed appreciation of all volunteers in their efforts to improve and promote Gorman.

Nathan will be overseeing most such projects.

There being no further business for discussion Joe made the motion to adjourn with a second from Charlie. Motion carried 4-0. Time was 7:25 p.m.

EDC TALK

Last year, the Gorman EDC collected approximately \$22,000 off of the 4B sales tax. It has been about that same amount every year we have had the tax in place. If you read the article from a couple of weeks ago, you saw that having the EDC in place brought over \$1,000,000 in goods and services to your community with no cost to the citizens or very little cost to the City itself. Passing the 4A sales tax would enable a wider variety of projects, and allow for more accumulation of funds to help either bring businesses in and/or assist the ones we already have in place.

If you missed the article regarding grants awarded to Gorman in the past few years, here is a re-print.

Feb. 15, 2005—Several weeks ago during a City Commission meeting, the Gorman EDC gave a review of grants that had been received since hiring a director and operating an active Economic Development Corporation in 2000. After that review, it was mentioned that it would be good to publish these awards in the paper, so that the community could indeed see what the current 4B Sales Tax funds are used for. Some of the grants required a match which came from the Sales Tax funds; some were 100% free to the community but the sales tax paid the director's salary, therefore contributing to the income indirectly.

Here are the grants and totals since receiving our first grant in February 2001 through July 2004:

WCTCOG	Community Clean up	1,000
CJD	Police Dept. cameras, etc.	11,000
WCTCOG	Brush Chipper	32,000
Leon RC&D	Community Improvements	4,000
TP&WD	Bass Lake Project	6,100
TIF	Community Network	525,000
ORCA	MUCSMIP/Dr. Dan	50,000
HHSC	Computer Access for the Disabled	289,000
ORCA	AED for Gorman VFD	2,000
WCTCOG	Environment Officer	12,000
WCTCOG	Solid Waste Management	20,000
TOTAL GRANT FUNDS		\$952,100
Added matching funds (cash only)		\$51,200

TOTAL GRANT IMPROVEMENTS

\$1,003,300 IN THREE YEARS

All these things came into your community, raising the quality of life for you and your family, and didn't cost you anything more than 1/100th of ONE cent (to the dollar) when you and others shopped locally.

An economic development sales tax—properly administrated—can be a good thing for a small rural community. It brings improvements without having to have significant tax increases to your property.

The Price of Control

by Leo Williams

At a DeLeon ISD School Board meeting on Monday night, April 11, the DeLeon Board of Trustees voted unanimously to sell the Desdemona School property with the exception of a small tract reserved for the voluntary fire department. The property will be sold on a sealed bid basis after a legal appraisal and proper publication criteria are met, according to their legal attorney.

The property became a legal liability and problem for DeLeon ISD after a suit was filed against the Community Center Board of Trustees to prevent any changes or renovation to the building. Since then, the DeLeon ISD has leased it to the group who filed the lawsuit against the original trustees.

In the final analysis, everyone lost by this action. The DeLeon ISD and the original board of trustees had many legal fees connected with the suit. The group that leased the property had their own agenda, (control), and the Desdemona Community lost a place to have community functions. Sometimes, the price of having control will sink the ship.

NHS Participate in Great State of Texas Trash Off

On a beautiful April 2nd morning, 10 out of the 14 National Honor Society members participated in the Great State of Texas Trash Off. These 10 students picked up a total of 250 pounds of roadside trash. Among the trash were 3 boots, 1 brand new slip, bottles, and of course BOXES. Cleaning up boxes after they have been dissolved is the most time-consuming effort. Not only did we have fun picking up trash, we met some new friends along the way (in the form of goats and donkeys). Among the students who participated were Clint Jones, Ashlee Hornback, Kent Long, Elizabeth Hipolito, Martha Cruz, Joanna Esquivel, Cindy Lopez, Sharla Perez, Kendra Bailey, and Mrs. Swanner.

Their efforts are greatly appreciated.

Mangum Baptist Church Spring Revival

On April 24 through April 27 (Sunday through Wednesday) Mangum Baptist Church will hold its annual Spring Revival. Each service will begin at 7:00 p.m.

Brother R.D. Childers will be the revival speaker. R.D. is from Scranton, Texas and has been interim pastor at Mangum Baptist church for the last few months. You need to come hear this man preach.

Music will be provided by the duo, "Glorify." Daryl Hirst and Brenda Thomas make up the duo and their music is just wonderful. There will also be congregational music.

A nursery will be provided.

If you need an uplifting experience or need to connect or re-connect with God, here is a wonderful opportunity. If you would like to come 15 minutes early, we will hold prayer services over the revival. Men and women will each have their own prayer service.

Please come and join us as we praise God and preach His Word. Mangum Baptist Church is located between Carbon and Eastland—one and one half miles off Highway 6 on County Road 194. For more information or directions you may call 639-2357.

Who Do You Turn To?

A turn involved two things. It involved turning from one direction and turning in another direction; turning from something and turning towards something. The essence of the turn of a Christian is to turn from what this world has to offer for comfort, and turn toward God.

Who do we turn to when life poisons our cup of tea? Who do you turn to when sickness stands in your room? Who do you turn to when trouble finds your unlisted telephone number? Who do you turn to when death knocks on your door and sits at your table? Do you turn to Oprah? Do you turn to Dr. Phil? Do you turn to your friends? Or do you turn to the Lord? The songwriter wrote "Where could I go, but the Lord?" In order to turn to the Lord, we must turn from the world (1 Thess. 1:9)! Things that have more value in your life than God are A CAR, A HOUSE, A PERSON, MONEY...IT IS ANYTHING THAT GETS MORE ATTENTION THAN GOD IS YOUR GOD! We must turn from darkness. We are being called from darkness into His marvelous light (1 Peter 2:9). Someone said, "How do I get in the light and stay in the light? 1 John 1:7 says "If we walk in the Light as He is in the light, then we have fellowship with one another."

You see, the only way to stay in the light is to stay in the church; the where the light is being spread. You must look in the house of the not the club, not the bar, not the casino, not the dope house. The in the house of the Lord! We pray, we sing, we give, we share, amune, we love, and we praise Him.

Start bringing a friend to worship so that they can get in the Light, the Marvelous Light!
