

The Gorman Progress

VOL. XX

Gorman, Texas, March 12, 1920

Number 5

BETTER R. R. CONDITIONS

Katy Has Made Improvements Tending to Better Service Both Here and Along the Line.

RECENT DEPOT WORK AND LIFTED EMBARGO

The Katy freight depot was this week moved to their new freight building just west of the passenger station. The new building is a model one and in it the freight can be handled very expeditiously.

The old station is being remodeled and put in shape for a first class passenger building. Real waiting rooms are being put in, the whole building reroofed and painted giving Gorman first class depot facilities the Katy is to be commended for finally giving us some of our needs.

The freight embargo which has been such a handicap to the people of Gorman has been partially lifted since the government relinquished control of the railroads and as a result permits are easier to secure. This means that as soon as the railroads are unscrambled better service will prevail and freight be moved more expeditiously. Let the good work go on.

On Tuesday of this week the Katy unloaded twenty five cars of merchandise into the new freight house and store rooms. This brings relief to the local Merchants and shippers as nothing else could.

With the new plant no such congestion as of the past will hardly be possible. A car can be unloaded and gotten to easily and the freight can move.

High School Visitor

The supervisor of high schools sent out under the direction of the State University. Mr. S. M. N. Mars has been in Gorman this week inspecting our school. He was very favorably impressed with the work being done—both in quality and quantity. At a conference with the school board he outlined for them the equipment needed and the building that would be necessary to properly house the present crowded school. The school officials are asking for fourteen units of affiliation. There is a likelihood that it will be granted if proper steps are taken to secure proper equipment.

Affiliation means that graduates of the local high school may upon their graduation have full credit for entrance to any college in Texas without examination. Otherwise examinations must be passed upon all subjects.

The Manchester Guardian says "There is no question of prohibition being a temporary or a dishonestly engineered measure in America. The 'wets' have had a long time in which to devise their counterblasts and stratagems, and they have been soundly beaten at the polls and in the courts. This is typical of much correct information which is coming across the waters in regard to American prohibition.

It is said that prohibition has so lightened the work of the Baltimore police that motion pictures are being shown at headquarters to relieve the ennui.

Nearing Completion

The Blackwell sanitarium is being rapidly completed and equipped. Some parts of the building have been in use for a few weeks but they hope to have the remainder finished this week. The operating room has been finished and all the tile laid this week.

A new victor x-ray machine has been installed. This is a fully equipped up to date machine one of the best made. It is possible with a little picture not only the bones but to do the bismuth photograph so necessary in many operations.

These gentlemen are putting in a first class sanitarium, an institution of which Gorman can be proud.

Gorman has a new picture show. Messrs Maddox-Roussel have opened their new place. It is to be known as the Maro Theatre. They have a large and very commodious house equipped with Wurlitzer player and new machines and screen. They are showing a nice line of pictures.

New Business Firm

Messrs. Wakefield Bros. and Penn are announcing in this issue the opening of their new Sales and Service Station in the building formerly occupied by H. Miller opposite the postoffice.

These gentlemen are distributors for Master Trucks, Hupmobiles and Peerless Cars, a line that is well known and that is giving wonderful service to a large number of car and truck owners throughout this section. In addition to their sales rooms, this firm has installed and equipped a very complete and modern service station, where they will be enabled to do expert repair work on all makes of cars. They have secured an expert force of mechanics, at the head of which force will be Mr. C. A. Peerman formerly with the Master Truck Factory to take charge of the service department.

A complete stock of tires and accessories will be carried.

Every Woman

At the Gorman Theatre on Monday and Tuesday next week Every Woman will be seen. It is a beautiful allegorical picture founded upon the play of the same name. It contains a lesson every woman and man needs to learn. When purity leaves then goes wealth, beauty and pleasure and vice enters in.

The Progress endorses this picture and urges its readers to see it. It is one of the highest priced pictures every made and we are lucky to have a chance to see it before it is worn out.

Ten stars take the leading parts and portray the great features of human life.

Be at the Chamber of Commerce to night.

Missionary to Speak

At the Church of Christ tonight Rev. Caleb of Abilene will address a mass meeting of the citizens and church members. Rev. Caleb is a returned missionary from Japan and will bring to our people a message upon life and work of those people who are so much dreaded by a certain section of Americans. The public is invited to hear him and get a real message from the frontier of civilization.

The Laundry

The Gorman Laundry Co. is at present rushing work on setting their boiler. As soon as this part of the plant is completed they will be in shape to start work. Quite a bit of delay has been forced upon them by the freight congestion, and the bad weather. Only the boiler and engine remain to have the plant complete. Then Gorman will be able to wash her own dirty clothes and clean—up.

This is a much needed industry and will be welcomed by the women folks of Gorman. The plant will employ quite a number of men and women and will keep money at home.

Elzo Been for District Judge

The Progress this week carries the announcement of Elzo Been for District Judge subject to the action of the voters at the Democratic primary. Mr. Been needs no introduction from the Progress to the voters of this part of the country. He has been elected once before as district clerk and appointed as county attorney. His record is before the public and is a worthy one. He stands upon a platform of law enforcement and dispatch of court business. Other details will be announced later.

For three years Mr. Been resided in Gorman attending school at the Hankins Normal College. He is well and favorably known in this section and Progress bespeaks for him earnest consideration from the voters of Eastland County.

Be at the Chamber of Commerce to night.

A Horrible Accident

Last Saturday little Veida Percy the five year old daughter of Warren Percy was burned to death at the family home three miles west of town. It seems from all reports that her clothing caught fire from some burning grass and that in a few minutes she was wrapped in flames. She lived only a short time.

Interment was at the Oakland Cemetery last Sunday afternoon. The family has the sympathy of all in their sad loss and the tragedy of their home.

Progress on Ice Plant

J. E. Fisher who is now putting in the ice plant informed us that the first car of his fixtures and machinery has arrived and is being placed. He hopes by the time it is all installed to have the balance here.

Mr. Fisher brought his entire crew of twelve men with him and the most of them have shown their intention of remaining. There are all skilled men and are experts in handling ice plant machinery. Use Gorman ice and keep cool.

MCFARLAND HEADS TEAM

An Old Baseball Man Takes Charge to Put Out a Real Team. Now Out After Players.

ONLY THE BEST OF MEN WILL BE SECURED

D. D. McFarland, J. C. Thompson and L. D. Tittle have taken over the baseball proposition and Gorman is now assured a team. Mr. McFarland is in Dallas and Fort Worth this week lining up the final business matters and securing options on players.

They are putting on the team expecting the fullest cooperation of the citizens intending to give us the best team money can secure.

The De Luxe hotel owned by Thompson boys is to be fitted up as a club home for the team.

The proposition as put to them by the citizens committee calls for them to finance the team and hold the franchise in Gorman. Gorman is to always have first claim upon the club. In return the citizens of Gorman are to build a park, retaining title to it and the park properties.

Uniforms have been ordered and other equipment secured.

The first game scheduled is to be with Galveston of the Texas League here on April 7th. The rookies will begin to report in a few days and active work will start.

At a league meeting in Ft. Worth Sunday the schedule committee will report and a full schedule of games be announced.

Mrs. Willis Winters and children of Stevenville are visiting at the home of T. F. Haley.

Gorman 17 Carbon 19

Last Saturday the Gorman High School basket ball team accompanied by about thirty rooters journeyed to Carbon to play that school. They went with the intention of bringing back a victory but the Carbon team kept their record clean not having lost a game this season. At the end of the first half the score was 11—7 in favor of Gorman.

It looked easy but Carbon took a brace, put up a game fight and won the final score being 19—17.

There was present some three hundred to four hundred people and a lot of "pep" was manifested by the rooters for both teams.

The line up for Gorman was

Centers
Opal Weinberg.
Ruby Mae Bennett.
Guards.
Essie Choate.
Fay Jobe.
Forwards,
Lizzie Nowlin
Flossie Sims

Substitutes
Lena Mae Roberts
Violet Harris.

DeLeon comes Saturday to play Gorman on her home grounds. Carbon will be down later for a return game.

Be at the Chamber of Commerce to night.

THE AMATEUR KICKER (By C. B. Teague, Benton, Ill.)

The amateur kickers are not quite so rare as they were just a few years ago. Conditions have brought such a change in affairs that we mortals who live here below are prone to forget quite a lot of the past. Out of history, we learned, while at school; And when we must face a condition that's new, We schedule a kick, as a rule.

When Washington quit and retired to his farm, The country was rent with distress; Then, gingham went up to two dollars per yard; Provisions went up with this rest. The amateur kickers got busy of course; Their grievances, racy and rare, Were siren, on the commons, from morning till night; But they never did get anywhere.

If heroes who fought on the fields of "Bull Run" Could look back and see how we eat; And watch us go by at a thirty mile clip; Then, follow us on down the street; Go on to the movies and size up the crowd And count up the change in the box, Ho'd wonder how amateurs, such as we have, Could keep up their kicks and their knocks.

When things are adjusted from ravage of war, We'll all be ashamed to confess That we roared prematurely, and all with cause; But few have yet been in distress; So, let's bust the gloom and quit hanging the crepe; I believe this is nothing but fair; The man that goes through a kick and a grouch Will likely not get anywhere.

J. W. Camp

The political pot is boiling and in a short time will be seething. Joe Bailey has been challenged by Thomason to fight out the governors race in Cooke County, Joe has refused evidently upon the ground that a prophet is not without honor save in his own country.

Hon. Thos. L. Blanton has refused to leave his duties in Washington; to meet his opponent upon the stump leaving his record and his friends to carry the burden of his campaign. The Progress commends Mr. Blanton for such a stand even though it does not agree with him upon many things he has said and done. The public needs more officials who will attend to their duties and not be too busy boosting for another term.

The progress editor has been learning a lesson these last few months. Once we believed in government ownership of the railroad but the past two years has proven its entire failure. We were convinced that a beaurocracy was impossible unamerican and a prime failure. Nothing succeeds like success and the only success government control has had has been of a negative character.

AS THE STRAWS BLOW

Must interest was manifested in the straw vote taken at the mission theater this morning by representatives of the Amarillo Daily News for the purpose of determining the choice candidate for governor of the panhandle cattlemen attending the annual convention of the Livestock Association. Pat Neff proved to be the favorite, receiving 49 votes. Joe Bailey ran a close second with 39 votes. The votes for other candidates were as follows: Thomason 7, Lewelling 3, Hobby 2 and Looney 2.—Amarillo Daily News. Pat Neff's candidacy is growing more popular every day and if the election should be held now it would result in the same proportion as indicated in the above mentioned straw votes, but by the time the July primaries are held, we predict that he will have a clear majority over all his opponents.—Comanche Enterprise.

CITATION BY PUBLICATION THE STATE OF TEXAS,

To the Sheriff or any constable of Eastland County, Greetings:
YOU ARE HEREBY COMMANDED TO SUMMON P. H. Caperton by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the eighty eighth Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said eighty eighth Judicial District to appear at the next regular term of the District Court of Eastland County, to be holden at the Court House thereof, in Eastland, Texas, on the first Monday in May, A. D. 1920 the same being the third day of May, A. D. 1920, then and there to answer a petition filed in said Court on the 8th day of March, A. D. 1920 in a suit, numbered on the docket of said Court No. 6232, where in The First National Bank of Gorman, Texas, is Plaintiff, and P. H. Caperton, is Defendant, and said petition alleging said defendant, P. H. Caperton, is a non resident of the State of Texas; that the plaintiff, heretofore, to-wit: on the 9th day of August, 1919, at the special instance and request of the defendant, P.

H. Caperton, loaned said P. H. Caperton, the sum of one thousand and fourty-one (\$1,041.80) dollars and Eighty Cents, at Gorman, Eastland County, Texas, for which said defendant, P. H. Caperton, made executed and delivered to this plaintiff his certain promissory note in the some of One Thousand and Forty One (\$1,041.80) Dollars and Eighty Cents, said note being dated August 6th, 1919, and due December 31st, 1919; that said note bears interest from maturity until paid at the rate of ten per centum per annum that to better secure the payment of said debt and fulfill his promise to pay said note, defendant, P. H. Caperton, made, executed and delivered to this plaintiff a mortgage, dated August 6th, 1919, covering one 1917 Model Hudson Super-Six Automobile, motor No. 45487, model No. J-7556, and that said mortgage was properly filed for registration with the County Clerk of Eastland County, at Eastland, Texas, on August 8th, 1919; that said note is long past due and wholly unpaid, and though often requested so to do, defendant, P. H. Caperton, has wholly failed and refused and still fails and refuses to pay said note or any part thereof, either principal or accrued interest, to the dame of this plaintiff in the some of \$1,041.80 with interest from maturity until paid at the rate of ten per centum per annum; that since the execution and delivery of said note and mortgage to this plaintiff, said defendant P. H. Caperton, has removed or caused to be removed said automobile from the County of Eastland where the property was located and to remain during the existence of said lien, and that such removal, was without the knowledge, authority or consent of this plaintiff.

That said P. H. Caperton, be cited by publication as the law directs to appear and answer this petition; that writ of attachment issue from this court to the Sheriff of Taylor County directing him to levy on the property mentioned herein, and that upon a final hearing, plaintiff have judgement against said defendant in the aggregate sum of \$1180.70, as well as judgement foreclosing the lien upon the property to be attached hereunder, and ordering that same be sold as under execution, toward the satisfaction of said debt and for general and special relief as in duty bound will ever pray **HEREIN FAIL NOT**, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Eastland this the 8th day of March A. D. 1920

J. A. Russell Clerk,
District Court, Eastland County.
By Pearl Paschall, Deputy.

The KITCHEN CABINET

Do you covet learning's prize,
Climb her heights and take it;
In ourselves our future lies—
Life is what we make it.

FAVORITE FRENCH DISHES.

As for the French cook his business in life is to extract the utmost possibility from every article on the menu and present it in the most attractive form.

Bouillabaisse.—With us any fish, such as cod, fresh mackerel or any fine-grained fish will answer for this dish, although originally several sorts were generally used. Allow three pounds of fishflakes, mince two onions and one parsnip cut fine and fry them until a light brown. Add two large tomatoes, a bit of garlic, the juice of a lemon, half a teaspoonful of powdered saffron, some sprigs of parsley, and a bay leaf. Add one quart of boiling water and a cupful of light grape juice; cover closely and cook 20 minutes. Place diced toasted bread in the soup tureen, pour in the fish with the soup and serve hot.

Cream of Barley Soup.—Melt two tablespoonfuls of butter in a saucepan, add two tablespoonfuls of flour and cook three minutes, stirring steadily. Then add one cupful of pearl barley and cook two minutes. Add slowly one pint of boiling water and one of milk, stirring until well blended and simmer gently for one hour. Rub through a sieve, return to the heat and add three pints of chicken stock, and one tablespoonful of cornstarch mixed with a little cold water. Boil up once and serve hot.

Apple Charlotte.—Peel and core ten fine apples and mince them fine. Melt two tablespoonfuls of butter in a saucepan, add one cupful of sugar, the grated rind of a half a lemon and half a teaspoonful of cinnamon. Stew in this sirup until they are soft. Mash fine, add two tablespoonfuls of apricot marmalade and let it cool. Butter a large mold, cut thin strips of bread, dip them in melted butter and line a mold, letting them lap a little. For the bottom lay the strips in the form of a star. Fill the mold with the prepared apple, cover with a large slice of buttered bread and bake in a moderate oven for 40 minutes. Turn out on a plate and dust with powdered sugar.

Nellie Maxwell

There They Were.

While attending college I went to church services one Sunday morning with a chum. The house was filled and a large number of students were present. The services were long and my friend grew restless. In changing his position in the pew he extended his feet well forward so that unknown to him his shoes came in touch with those of a young woman who sat in front of him. Finally the service was at an end and as the congregation arose he could not rise, neither could she. The bow of one of her shoe laces had hooked on an eyelet of his shoe, and there they were, and both strangers to each other.—Chicago Tribune.

WATCHED HER SMALL CHANGE

Extravagance a Fault That Could Not Be Truthfully Ascribed to Hetty Green.

Some years ago Hetty Green paid a visit, with her daughter Sylvia, to the Connecticut village of Pomfret. They stayed at an inn conducted by Miss Vinton. On the evening of her arrival Mrs. Green sent Sylvia to the attic for a packet of love letters which Sylvia had that day received from various admirers who had never seen her and who "loved her for herself alone." The room they had taken was on the top floor, because Mrs. Green believed that a syndicate had been formed to kidnap her daughter and herself for the sake of their wealth. The letters she read aloud for the diversion of the other feminine guests assembled before the fireplace.

When the day came to depart it was rainy.

"How much will it cost if Sylvia and I use your carriage to the station?" Mrs. Green said to Miss Vinton.

"Twenty-five cents. But it's an open buckboard and you'd get wet."

"How much would it cost if we used the station wagon?"

"Fifty cents."

Mrs. Green looked at Sylvia's bedraggled bonnet and dress and then at her own clothing.

"Well, Sylvia, I guess we haven't got anything on that the rain would hurt. I guess we'll take your buckboard, Miss Vinton."

BRUNSWICK

Phonographs and Records

Hear the Brunswick Before You Buy

One hearing of this remarkable instrument is enough to convince the most critical music lover that here is a machine that is different. Plays all records with a soft, natural tone that is most suitable for the home. Brunswick machines cost no more than the ordinary machine and a trial will convince you that it is a BETTER MACHINE.

Only with a Brunswick Phonograph can you choose the best from all libraries—have your favorite song the way you like it—only with a Brunswick can you make a good record better. It was designed—not adopted—to play all records. There are no attachments, nothing to take off or put on—Just you hear the Brunswick, come in today.

Let us place this machine in your home for a demonstration, whether you intend to buy or not.

PASTORS OF TEXAS ENDORSE THE PLAN OF INTERCHURCH

EIGHT HUNDRED LEADING DIVINES PLACE STAMP OF APPROVAL AT DALLAS CONFERENCE BY UNANIMOUS ACTION ON FINDINGS OF COMMITTEE REPORT. URGE THAT ALL CHURCHES CO-OPERATE IN GREAT CHRISTIAN MOVEMENT.

In a message of acknowledgement and gratitude, the Findings Committee appointed at the recent Pastors' Conference of the Interchurch World Movement held in Dallas issued a statement which was unanimously adopted by the Conference. This is the message to the church people of Texas, as sent by more than eight hundred active ministers, representing twenty-one denominations from fully two hundred counties in the State of Texas.

We acknowledge with gratitude the gracious leadings of Gods Providence in all things. We record with reverent hearts the profound conviction that this movement is of God.

It has been a session of spiritual fellowship when more than eight hundred pastors of our Protestant Churches of Texas have been sitting together for three days thinking about and praying about the common interests of the Kingdom of our common Lord and Master. Our hearts have been moved with this earnest of the fellowship that is to be ours after the victory is won.

The Interchurch World Movement is not a scheme for organic union but a plan whereby the Protestant Churches of America may co-operate in carrying on their educational, missionary and benevolent programs, at home and abroad. It is first of all an effort to survey the needs of the whole world, and measure the whole responsibility of the church. This is the first time in history that the Christian churches of North America have ever attempted to study the condition of the whole world. These surveys stand before the Christian church as the greatest challenge it has ever faced since it received the great commission, and they have revealed the magnitude of the unfinished task and the inadequacy of the efforts which the church has as yet put forth.

It further proposes a program by which the churches may unitedly attack their common task. That task is fourfold: To bring the whole church to a recognition and acknowledgment of the stewardship of life and possessions; to enlarge the scope and improve the methods of missionary education; to win souls; the chief business of the church; and to enlist the whole life of the church for Christian service.

We approve the spirit and progress of the movement since the World Survey Conference was presented to us by the Interchurch leaders at the Texas Pastors' Conference. We feel that this is a program in which all the churches of Christ could co-operate and venture to hope that the day may soon come when they will be found in such fellowship of service.

We recommend the approval of the findings of the Atlantic City Conference. We urge that our pastors in their respective ecclesiastical fellowships use every influence to secure adequate support for the ministry and an adequate provision for the care of the aged and infirm ministers and their dependents, and we are persuaded that the realization of this program will make this possible. We recommend that all pastors co-operate in the holding of the county mass meetings in order that this program and the fellowship of its service may be brought to all local churches.

We urge that every minister sympathetically study this movement, and humbly and earnestly pray that God may guide in all things and give us the grace to follow where He leads.

Respectfully submitted, Rev. Brooks I. Dickert, D. D., chairman, Presbyterian, U. S., San Antonio; Rev. W. R. Hall, D. D., Presbyterian, U. S., Millford; Rev. E. A. Hodges, D. D., Presbyterian, U. S., A. Temple; Rev. J. Walter Hall, Nazarene, Hamlin; Rev. A. B. Ricker, D. D., Congregational, Dallas; Rev. J. C. Williams, D. D., M. E., Protestant, Tehuacana; Dr. E. S. Iyer, President S. U., Dallas; Rev. F. S. Bruns, Evangelical, San Antonio; Rev. Chas. L. DeBow, M. E., Episcopal, Dallas; Rev. R. L. Irving, D. D., Presbyterian, U. S., Ft. Davis; Rev. W. J. Johnson, D. D., Baptist, South Dallas; Rev. Graham Frank, D. D., Christian Dallas; Rev. J. B. Holmes, D. D., Christian Ft. Worth; Rev. Hiram B. Harrison Congregational, Houston; Rev. J. Frank Norris, D. GIVE MEANING TO WHISTLE

Canary Island Natives Said to Hold Conversations With Each Other by Musical Sounds.

Australia, it is said, can boast of whistling spiders, whistling snakes and whistling moths. But has anybody ever heard of "whistling" language?

It is recorded that in the Canary islands the natives are expert whistlers and hold conversations with each other through this medium. Travelers who have been to these islands tell how they have learned the strange language, and also of how long and complicated conversations have been held by whistling with a neighbor a mile away.

The New Guinea whistling snake is very dangerous and many deaths have been reported. It rushes to an intruder with a whistling noise and the bite causes almost instantaneous death.

The United States has "whistling" caves and "squeaking" sands. A whistling well in Kansas has been known to give notice of coming storms, the rushing wind over it causing a loud shrill warning of approaching squalls. Singing sands are well known in the United States, but in south Colorado "squeaking" ones are found. The cause remains a mystery, but the sand only "squeaks" in dry weather.

Plants, caves and trees are recorded among the "whistlers" of the earth and it is interesting to find that in Nubia and the Sudan there grows a specie of acacia which the natives call the "whistling" tree. Its "whistle" is not that of an ordinary blowing of the wind through its branches, but it arises from the air playing on some holes of a bladderlike formation, being the work of insects.

OLD NAMES FOR MODERN CARS

Easy to Trace Appellations That Have Been Given to Distinctive Makes of Automobiles.

The first sedans were portable enclosed chairs carried on poles by two men. They were extremely popular in England and are still used in China and India. The modern sedan has an enclosed body and accommodates seven passengers.

"Limousine" was originally the name of a cloak worn in France, and probably originated from Limousin, the name of an old province in central France. Today it is applied to the chauffeur-driven car with an enclosed compartment. The driver's seat is outside, but covered by a roof.

"Roadster" was first applied to vessels that worked their way by means of the tides. Later it was used for bicycles. The modern roadster has an open body and was designed primarily for two persons, but of recent years the four-door roadster, accommodating four passengers, has met with popular favor.

The "touring car," which is the most familiar type of car, takes its name from the fact that it is used by motorists on lengthy tours. It is an open car also, with a tonneau and four doors, seating seven passengers.

Edible Fish Found at Great Depths.

While there are many varieties and great quantities of curious fish in the abyssal depths (some have been trawled up from depths of three miles and more), none of these are eatable. The limit to which fish fit for food are found is 1,000 feet. Even so, the discovery that valuable food fishes live in far deeper water opens up amazing possibilities, and will have a most important bearing on the future food supply of the world.

The North sea, which has for ages supplied most of the fish markets of western Europe, is so shallow that, except in a very few places, a building as high as St. Paul's cathedral, placed on the bottom, would stick out above the surface. It has generally been considered useless to fish in greater depths.

Romans' Fondness for Amber.

Amber was the first precious stone made use of for the purposes of personal adornments. Homer mentions "the gold necklace hung with bits of amber" which was offered by the Phoenician trader to the queen of Syria, and Nero, in one of his badly-composed verses to Poppaea's hair, described it as of an "amber" shade. The Romans valued amber highly, not alone for its beauty, but also for the medicinal qualities which they believed it to contain. In their opinion, an amulet of amber, worn round the neck, was an infallible cure for ague or chills; ground up with honey and rose oil, amber was a specific for deafness, and ground with honey a remedy for defective sight.

BEAVER BOARD

FOR BETTER WALLS & CEILINGS

Why Live with Cracked Walls and Ceilings When They're Easily Covered Up

Beaver Board will cover them up for all time and you'll never have the job to do again. While Beaver Board is doing away with the danger of falling plaster it is covering up old dingy wall paper on walls and ceilings and giving you an ideal surface for painting and decorating.

Many an old homestead has been revived with this knotless, crackless, manufactured lumber. Room after room has been made over—care at a time if you please—with out loss or litter.

Beaver Board is real lumber. It is built up into large panels from the strong, pure

fibres of the spruce tree. Each panel is treated with the patented *Sealtite* process which prevents warping. If you need to build or re-build, restore or enlarge ask us how you will profit by using Beaver Board.

T. S. Ross Lbr. Co.

Sunshine and Shadow

By J. W. in Beaumont Journal.

Don't times change? There once was a time when a fellow would let a little thing like not having the price keep him from getting a drink!

In its answer to questions department the Austin Statesman says the breed of the largest hog in the United States is Poland-China which obviously is a mistake. There would have been some ex-

cuse for the Statesmen to hesitate in choosing between the landlord and the profiteering merchant, but to mention neither of them why it's preposterous!

Some people have so few visitors they would almost welcome a bill collector.

A Kansas judge has ruled that a son may spank his father. Yep, and he may pound dynamite with a sledge hammer. But it isn't healthy. One good thing about the sawd-off

"EVERYTHING"

GAS COOK STOVES and RANGES

WE are showing a big line of Gas Cook Stoves and Ranges, of which the 'Direct Action' takes the lead, on account of having both an oven and broiler burner on the same stove. The Direct Action is the only stove made having this improved feature. You can broil steaks and meats without turning and without heating the baking oven, or you can bake without heating the broiler. Will save gas on account of having direct heat. Guaranteed not to explode. Come in and let us explain the merits of this wonderful stove.

We also have the Acorn, Garland and Success cook stoves, gas heaters and hot plates. Dont fail to see our great line before buying.

GAMBILL BROTHERS

The Ladies aid of Pres. Church will hold an apron and bonnet sale at Higginbotham hardware window March 20.

Be at the Chamber of Commerce to night.

Mrs. Walker Entertains

At her home last Thursday afternoon Mrs. J. E. Walker entertained the members of the 42 club. After a number of games of progressive 42, the hostess served angel food and cream. Besides the club members, Mrs. Walker had as her guests Mmes. M. K. Collie and M. H. Smith of Rauger Texas and C. R. Wood and Pitt.

Expences and salary at the rate of \$1250 to \$1500 a year are offered by the National City Bank of New York to young men interested in business training and who are doing creditable work in a university of repute. Among University of Texas men who have received training in the National City Bank of New York are Alya Howard, who is now in a branch office of the bank in Caracas, Venezuela, W. G. Langston, F. Edward Walker, E. S. Hooper, Randall Nouman, and J. L. Jackson.

Presbyterian Aid Meets

The Ladies Aid of the Presbyterian church met with Mrs. June March 11. After business and social hour the Sunday school lesson was studied and discussed. Two visitors were present Mrs. C. M. Martin and Mrs. T. E. Elder.

Members present, Mrs. W. M. Sutton, Mrs. W. H. Childres, Mrs. W. H. Kyles, Mrs. F. S. Williams, Mas. H. B. Thompson, Mrs. Earnest Allen, Mrs. C. A. Brumagen, Mrs. C. I. June, Mrs. Frank Reed, Mrs. S. E. Potts. After delicious luncheon each lady departed for their home, saying they had a delightful afternoon. Will meet with Mrs. W. M. Sutton March 18th.

Be at the Chamber of Commerce to night.

Excelsting Club.

An interesting meeting of the Excelsior club was held last Tuesday afternoon at the home of Mrs. Garland Bishop with Mrs. C. S. King as leader. Mrs. King, in a delightful manner told of the benefits of travel.

Mrs. C. R. Wood read a historical skete of Belgium while Mrs. Lasater read a "spicy" article on "Destruction and Reconstruction of Belgium.

A series of questions on Belgium then asked by the leader followed by a business meeting presided over by Mrs. J. W. Cockrill Mmes. W. H. Mullings and V. C. Gates became members. The subject for the next meeting. Mar. 23 will be "Mexico".

Missionary Society Meets

The Women Missionary Society met in regular business sesion Monday March 8 at the Methodist church.

There were 21 present and one new member was enrolled. This makes 7 new members since first of the year. The totsl member ship being 42.

The pledge for the years work in our Mission Fields is \$2400.00. This includes the support of a Japanese Kindergarten teacher and two Bible Women Scholar ships, named Willie Walker Scholarship, and Josie Collie Scholarship, in honor of two of our best loved members.

Next Monday the society will meet at the church with Bible Study under the directions of Mrs. N. A. Baker.

D. Mc French our genial secretary of the Chamber of Commerce was in Dallas the first of the week. while away he put over some good Publicity for Gorman and got in touch with a lot of things that will do us good.
