Hyperion Clubs Have Joint Meeting, Tea

RIBBON RAMBLINGS

By Mildred Young

All cats don't hate all mice. Or, at least, that's the story according to Susy, a cross-eyed tabby belonging to Paul Hammaker of Dormont, Pa. She's in mourning for a mouse.

Ignatz, a tiny field mouse captured near the Hammaker home, died and Susy has been moping around the house ever since. She doesn't go near the bathtub any more. She and Ignatz used to play there daily.

Susy is no ordinary cat. She remembers a grade school student in her dislike for milk. And she even prefers to drink water right out of the tap.

Noting Susy's gentleness, Hammaker introduced Ignatz to her when he found him. For awhile, the thieving fellow was frightened. (As any of us might be if we were placed in a cage with a lion.) But when he decided that the friendly cat meant no harm, he walked right up and sat on her lap. Susy never batted a crossed eye.

Each day, Hammaker would fill the bathtub with water and put a little boat in it. Ignatz would drive into the water and swim out to the boat. Then he'd guide it to the side of the tub where Susy waited. She'd push the boat around with her outstretched paw.

When they weren't playing together, they ate together and slept together.

But Ignatz got just a little too old for a mouse. He finally died of natural causes. Susy, says her owner, has never been the same since.

With television sets in the pioneer stage in our town, we will probably be hearing more and more of the problems which they involve. There's the space problem. A Boston man who moved to Barre, Massachusetts brought along his television set, found there was only one spot where the set would work, his second-floor bathroom. That's where he hooked it up.

Father Dies In Attempt To Save Tots From Fire

HANNIBAL, Mo., Jan. 30. (AP) — I'm going to get my babies or die with them!
With these words, a 29-year-old father plunged into the flames consuming his tiny two-room house yesterday on the bank of the Mississippi River.
The father, Thomas Woodward Armstrong, and three of his children, died in the fire. The dead children were Barbara Ann, 3, Thomas Woodward, Jr., 2, and Pearl, 11 months.
Mrs. Armstrong, 25, rushed from the house with a fourth child, Norma Jean, 5, just after the fire started. Norma Jean was hospitalized with burns, but her condition was good.
The father was visiting relatives next door when he saw his house burning. He shouted to Harry Armstrong, his brother, "I'm going to get my babies or die with them," broke a window and disappeared into the house.
Later his body was found huddled over one of the children.

Loaded Train Rolls Backward

SEATTLE, Jan. 30. (AP) — A loaded nine-car Chicago-Milwaukee-St. Paul passenger train rolled backward down a steep Central Washington hill last night for several miles with no one in the disabled engine, a railway telegrapher reported today.
G. J. Bohnen, telegrapher for the railway at Kittitas, Wash., said no one was hurt. The passenger train continued on to Spokane after a 4-hour, 47-minute delay.
Fire broke out in the electric engine going up steep Beverly Hill, six miles east of Kittitas, engineer Eddie Maxwell, Spokane, said. Fireman Liberty were driven from the cab by fumes.
Before leaving the cab they pulled a switch cutting off the power from the overhead lines. Bohnen said the men then tried to put out the flames by throwing snow on it.
Air brakes of the train apparently began to leak and it rolled back down the hill, leaving the engineer and fireman. It came to a halt about seven miles back.
Bohnen said the train was traveling about 30 miles an hour when it passed through Kittitas. A brakeman, using manual brakes, finally brought the train to a halt about a mile beyond Kittitas as the train lost its momentum.

Will Rogers Paid Tribute At Show

FORT WORTH, Jan. 30. (AP) — Some folks from Will Rogers' home state joined with some of his Texas friends yesterday to pay tribute to the man whom Carter called "America's greatest citizen."
The Fort Worth publisher said "many people called him a comedian, and that always sort of irritated me. He was really a great philosopher, a great humanitarian and a great citizen."
The University of Oklahoma hand stood at attention while Hardy Murphy of Ardmore, Okla., placed a wreath at the foot of a statue of Rogers in front of the Will Rogers Coliseum and Auditorium here.
The tribute was paid during "Oklahoma" day at the Southwestern Exposition and Stock Show.

'GATOR FOUND, BUT IT'S DEAD

CLARENDON, Jan. 30. (AP) — An alligator in the Texas Panhandle?
Yes, but the six-foot critter which Dairy Farmer Bud Hermsmeider found at the Old Dubbs Lake, now dry, had been dead a few days.
It is believed to be the 'gator which Jerome Stocking set free in 1933 when it became too vicious to be a pet. In the 17 years the 'gator apparently gained four feet in length but hadn't left the lake, where it survived many hard winters.

Trans-Texas In Fight For Life

LAREDO, Jan. 30. (AP) — Trans-Texas airlines, the state's largest feeder airline, began a fight for its life today at a hearing before Civil Aeronautics Bureau Examiner James Verner of Washington, D. C.
CAB last year indicated it would not extend the airline's certificate when it expires in May this year.
One hundred fifty witnesses, including city and chamber of commerce officials from communities served by the airline, representatives of the Postoffice Department, and Pioneer Airlines officials, already were here for the hearing. More were expected to arrive during the day and tomorrow.
Trans-Texas has applied for a five-year extension of its certificate.
R. Earl McKaughan, Houston, Trans-Texas president, has termed the CAB plans to terminate the certificate as "without precedent." McKaughan says the history of all air carriers shows that their development is not a short term proposition.

LOOKING 'EM OVER

With Tommy Hart

Rivalry is a fine thing in athletics but when it spawns ill feeling and friction among players and teams, it is high time the principles take stock of the situation and strive for a better understanding.

Petty prejudices almost caused trouble in YMCA basketball league play here last week, prejudices that have no reason for enduring.

The Y circuit is a budding young experiment that can but expand in future years, if its roots aren't poisoned by dislike and distrust. All the players should see to it that they do their part in securing the organization's future.

MILLION DOLLAR RACING PLANT NEAR EL PASO
Pari-mutual betting in Texas has long since been outlawed but race lovers of the El Paso area will be able to get their two-bob legally as early as 1951.

According to reports from the Border City, a fancy track costing in the neighborhood of \$1,250,000 will be built just outside El Paso just across the New Mexico line. It will be known as Gateway Park and is due to attract patrons from as far away as Midland and Big Spring. It'll actually be but six miles from the track to downtown El Paso.

M. R. Presbridge, Alamogordo contractor, is one of those financially interested.
Twenty-day racing meets will be held in the spring and again in the fall.

Racing enthusiasts see no reason why the track shouldn't be a success. Betting at Albuquerque, a city of 100,000, averaged about \$181,800 a day last year, Raton, which has only 8,500 persons, had a tote of about \$90,000 every day.

MINOR RULE CHANGES IN OFFING
They'll probably escape the notice of many local baseball fans but there are several rule revisions coming up in 1950.

One is a provision that a starting pitcher must go at least five innings to receive credit for a victory, regardless of the reason for his removal. Previously if the hurler was taken out before five innings due to an injury or illness, he could still receive credit for the win.

Only exception now is that, in case of a game goes only five innings, the starter must have finished four innings for credit.
The regulation which allowed a batter an automatic three-base hit when his batted ball was touched by a fielder's thrown glove or cap has been altered. In the future, he will be credited only with as many bases as, in the scorer's judgment, he would have made without the act of the fielder, who is to be saddled with an error for the extra bases.

A baserunner will henceforth be credited with a stolen base if he moves up while the defensive team attempts unsuccessfully to catch another player in a rundown. In the past, he was not.

The eligibility of a league batting championship has now been clarified. In the major leagues, he must have been to bat 400 times and in the minors he must have played at least two-thirds of his team's games. In the Longhorn league, that will be 103 contests.

George Calois, who performed for Del Rio in the Longhorn league, two seasons ago batted .350 for Billings last year. Only three players in the Pioneer league did better.

The Amarillo Gold Sox have purchased Ken Sears, the one-time New York Yankee, who was with Berger in 1948. Ken crashed out 44 home runs for the Gassers and wound up with a .359 average.

Tom Jordan, the former Roswell catcher who could have the job of managing the Rockets if he wanted it, will probably don the tools of ignorance for the Oakland Oaks in Pacific Coast league play this year.

Tom will command a big salary from the well-heeled Acorns.
Les Peden, named the most valuable Des Moines baseballer in 1949, is coaching the freshman basketball team at Texas A & M. Peden is a catcher. He's working toward his master's degree at College Station.

Jim Demaret Pockets First Prize Money

By JACK STEVENSON

PHOENIX, Ariz., Jan. 30.—Jimmy Demaret, with his rainbow wardrobe and the pot of gold he won in the \$10,000 Ben Hogan Open, leads the golfing clan to Tucson this week.

Jaunty Jimmy yesterday beat out Sam Snead by a single stroke to win with a 15 under par 269 for the 72-hole ground.

As he came to the 18th and final tee, with the rain that fell all day still coming down, the pro from Ojai, Calif., knew he needed a par five to win. Sam had finished by missing an eight-foot putt and taking 270 after a 66 for the round.

Ben Hogan leaves the tourney trail here and heads back to his Fort Worth, Tex., home. He won't drive this time. It was on his way home after the 1949 Phoenix Open that a bus-automobile accident put him out of play for the year.

GREATEST THRILL—Jack Dempsey, voted the greatest fighter of the last 50 years by a group of AL writers recently, said it was his greatest thrill. The Manassa Mauler here puts up his famous fist. (AP Wirephoto).

Dempsey Given Greatest Thrill

By GAYLE TALBOT
AP Staff

NEW YORK, Jan. 30.—"This is the greatest thing that ever happened to me. I hope I'm worthy of it."

Those were the first words that popped from Jack Dempsey when he was told he had been voted the greatest prizefighter of the past 50 years in a nationwide poll of sports-writers and sportscasters conducted by the Associated Press.

The old Manassa Mauler plainly meant what he said. He was pretty well flabbergasted.

"There have been so many great fighters," he protested. "I don't know how the boys can be sure I was the best. But if they think I was, it makes me mighty happy."

The vote, he was assured, had been more than decisive. Of the 393 experts who participated in the poll, 251 had voted the straight Dempsey ticket. Only Joe Louis, the great Negro champion who retired a year ago after an 11-year reign, gave Jack anything but a unanimous vote. The Brown Bomber drew 194 votes.

"It's difficult to compare fighters," Dempsey observed. "It's hard for me even to pick the best man I fought. I suppose I should say Gene Tunney, because he won my title from me, but I'm not sure."

"Firpo had a great punch. I didn't even know he had knocked me out of the ring until I came to on my stool between rounds. I thought I had been knocked out. Bill Brennan was a good man, too, and so were Willie Meehan and Tommy Gibbons. It's hard to pick the best."

It's been 24 years since Jack lost his title to Tunney in the rain at Philadelphia, yet such is his popularity that he finds it next to impossible ever to get a few minutes to himself. Fortunately he loves people—all kinds.

Financially, the old champion has done better than all right. He always has made a great deal of money, and he has spent it and given it away like a champion. He has a lucrative interest in the Broadway restaurant, which bears his name and is a member of a group which has at least one flowing oil well in Jack County, Texas.

Wichita Falls BSL Favorite

WACO, Jan. 30. (AP)—Directors of the Class B Big State Baseball League think Wichita Falls will finish first this season.

A poll of the league's meeting here yesterday ranked Austin second, Gainesville third, Texarkana fourth, with Waco, Greenville, Sherman-Denison and Temple trailing in that order.

The directors upped the league's schedule from 147 to 148 games, opening April 18 and closing Sept. 4. The extra game will involve opening day opponents.

They also voted to give the visiting club ten cents of each adult admission up to 1500. Previously, the home club kept all receipts.

WACO, Jan. 30. (AP)—J. D. (Red) Barkley, one-time shortstop for the Brooklyn Dodgers, has been named business manager of Wichita Falls of the Class B Big State Baseball League.

Barkley's appointment was announced yesterday by Wichita Falls officials attending the league's schedule meeting here.

Now a scout for Detroit of the American League, Barkley is from McGregor, Tex. He managed Waco of the Big State League in 1947.

Iowa Seeking New Mentor

IOWA CITY, Iowa, Jan. 30. (AP)—A hunt was on today for a successor to Dr. Eddie Anderson who resigned Saturday as head football coach at the University of Iowa.

Anderson, whose \$12,500 a year contract had a year to run, resigned because full professional ranking to guarantee tenure was not included in his proposed new contract. The university could not meet the demand because of a state board of education rule against a faculty rating for coaches.

Anderson, close associates said, would like to return to Holy Cross as successor to Dr. Bill Osmanski who resigned Jan. 6.

Dogies, Eighth Graders Booked

Seven cage games have been scheduled for Big Spring Junior high, sophomore, and B-string teams this week.

Tonight, the 8th and 9th grades meet a pair of Midland junior high school teams in a double header here, starting at 6:30. The B team journeys to Abilene for a clash with the ACC academy five, also tonight.

The local 9th grade team meets a Colorado City team in that city Tuesday night.

On Wednesday, Big Spring junior high eagles tangle with the San Angelo junior high five. The game, to be played in the local gym, starts at 6:30. The sophomore quintet goes to Colorado City for a contest there.

The junior high school team meets Lorraine on the latter's court Friday night in the final game of the week.

Forsan Challenges Legion In YMCA Battle Tonight

Forsan's Others, unbent in three starts, tries throwing sand in the gas tank of the American Legion's title-bound chariot in feature YMCA basketball league play at the HCJC tonight.

The two aggregations tangle at 7 p.m.

The Legion cleared a big hurdle by thumping Grapette in an exciting battle last Friday night, 23-20, and enters the fray slight favorites over the Oilers.

However Forsan defeated a strong team in Texas and Pacific in its first contest, 19-17, and since has beaten Ackerly and Rowan Drilling company without experiencing too much trouble.

Legion had one victory taken away from it by a league ruling but still boasts a record of three wins and no reversals.

In other games tonight, Rowan clashes with Texas and Pacific at 8 o'clock and Grapette squares away with Coca-Cola at 9 p.m.

The final joust could be the best one of the night. Grapette will be seeking a comeback after suffering its defeat at the hands of Legion.

Coca-Cola has dropped one decision but is still a contender for the flag and has both the Legion and Forsan yet to play.

Six Of Seven SW Quintets Still In Scrap

By WILBUR MARTIN
Associated Press Staff

Six of the seven Southwest Conference schools have a chance to win the basketball championship today, but the number is due to dwindle by the end of the week.

Four of the six clubs still in the running—Southern Methodist, Arkansas, Baylor and Texas A&M—currently share the lead. The other two—Texas and Texas Christian—are grouped in the next spot. Rice is the only non-contender.

Four conference games this week will change this picture considerably.

Baylor, the team that caused all the confusion at the top of the standings with a 60-48 victory over Arkansas last week, faces A&M Friday and Saturday takes on Arkansas.

Texas entertains Arkansas Friday and Southern Methodist meets Texas Christian Saturday.

A couple of non-conference games are on tap before the crucial tilts come up.

Tonight Texas entertains Oklahoma at Austin and tomorrow Texas Christian plays East Texas State.

Joe McDermott kept his lead in season and conference scoring, with 274 and 96 points respectively. Jewell McDowell is runner-up in season scoring with 230 points and George McLeod of Texas Christian is second in conference competition with 72.

Polly Riley Wins Over Midlander

MIAMI, Fla., Jan. 30. (AP)—Polly Riley reigned queen of amateur women golfers today after defeating stubborn Marlene Bauer, 4 and 3, yesterday in the wearing 36-hole finals of the Helen Lee Doherty Golf Tournament.

It was the second major triumph in as many weeks for the native Texan from Fort Worth. Last week she captured the 72-hole Tampa Women's Open Tournament.

Polly closed out the match on the 33rd hole as she two-putted for a par three and Marlene, 15-year-old brunette who only recently adopted Midland, Tex., as her home, had approach trouble and went down in four.

For the 5,000 spectators—largest gallery in the 18-year history of the tournament—it was hailed as the finest exhibition of women's golf ever witnessed here. They played over the 6,347-yard Miami Country.

Club Course where women's par is 38-38-76. Men's par is 72. Quickly dubbed by sports writers as "Little Miss Ice Water," Marlene's sub-par 71 for medal honors and her nerveless victories over four seasoned opponents captured the hearts and admiration of the largest galleries to watch the five-day tournament.

But it was Miss Riley's amazing putting—particularly in the afternoon round—that spelled the difference between the two.

Polly was 2 up at the end of the morning round after carding a sizzling 36-34-72. Marlene had taken the lead at the end of nine holes—the first time Polly had trailed throughout the tournament.

They matched stroke for stroke in the first four holes in the afternoon round. Then Marlene narrowed the margin to 1-up as she canned a short putt for a par four and Polly took a six.

Both were down in par four on the 14th. Marlene's tee shot on the par three 15th was about 80 feet short of the green. Her chip shot went 18 feet beyond the cup and she two-putted for a four. Polly canned her second putt for a par three, ending the match.

Marlene led one up at the end of nine holes in the morning round. But Polly won the next three holes—two with birdies—to move into a 2-up lead.

Polly took 25 putts on the morning round and Marlene took 27.

Longhorns Face Crucial Tests On Cage Front

The District SAA basketball championship could be all but decided this week.

Four of the five teams are still in the running for the league crown, with Sweetwater's Mustangs in the most favorable spot. Brownwood has virtually been eliminated.

Tomorrow night, the Ponies tangle in a return go with Abilene in Sweetwater while Big Spring invades San Angelo.

On Friday evening, Sweetwater goes to San Angelo while Big Spring hosts Brownwood.

Sweetwater has lost only to Abilene while defeating Big Spring, San Angelo and Brownwood.

The Angelo quiet are still very much of the running but must take care of Big Spring Tuesday to remain in such a position. The Steers must win over face elimination, on the other hand.

Abilene topped Sweetwater, 27-23, in a previous game at Abilene but the Ponies will have the advantage of playing in their home gym this time out and that could mean a lot.

The Standings:
Sweetwater 3 1 100 107 100
San Angelo 2 1 287 184 12
Abilene 2 2 260 148 140
Big Spring 1 3 233 103 117
Brownwood 1 3 250 119 138

GAMES THIS WEEK
Tuesday: Abilene at Sweetwater; Big Spring at San Angelo.
Friday: Sweetwater at San Angelo; Brownwood at Big Spring.
Saturday: Abilene at Graham.

A Bible Thought For Today -

One of the best attested facts in all history is the resurrection of Christ. Its electrical effect on Peter and the rest made heroes out of cowards. It transformed them in an hour. "Now is Christ risen from the dead, and become the first fruits of them that slept." - I Cor. 15:20.

Genealogy Lacking In America, But So Is Worship Of Ancestry

In the main, Americans have little interest in genealogy. The older, settled regions of the country, such as New England and the Old South, go in for that sort of thing much more than - the run-of-mine Middle Westerners and Southwesterners. It isn't that most people aren't interested in their ancestors, but there has been a lot of moving about in the newer settlements, records have been lost, contacts have been lost, and families scattered.

statistics on Americans' interest in genealogy. Ninety-four percent of those questioned knew what their mother's maiden name was. Six percent didn't. But when asked if they knew the names of their grandmothers, most of them were stumped. Only 46 percent knew the maiden name of their grandmother on their mother's side of the house, 44 percent didn't. Only 38 percent knew their grandmother's maiden name on their father's side, and 62 percent didn't.

Stalemate Looms As President Stands Firm On Civil Rights

WASHINGTON, Jan. 30. The walter of words on civil rights has begun again, but one hard news fact remains. President Truman has not retreated by one syllable from his program.

Their Democratic colleagues dislike, for example, to draw an issue against such southerners up for re-election this fall as Fulbright, Hill, Hoey, Long and Pepper. Most of them would add Sen. Walter George of Georgia, the conservative chairman of Finance, both because they respect him personally and because they are often glad to have him save them from themselves in fiscal matters.

Civilization Threatened With Loss Of Valuable Safety Value

NEW YORK. (AP) - HAVE YOU NOTICED what science is up to now? It's trying to destroy man's best friend - the common cold.

What nonsense, really! HOW MANY "COLDS" ARE CAUSED by germs? Only a fraction - as most physicians know. Special Polish Jobs Brighten Car Finishes

Personnel of the McPherson Chevron Station, located at 311 East Third street, specialize in eliminating that dull, colorless appearance the family automobile assumes after extended use.

Vehicles take on a new, enviable glint when given special polishing jobs by the McPherson help. No area is left untouched on the cars given that special treatment. All chrome and steel is scrubbed and brightened.

Washing and greasing orders are also accepted at the local station, located at 311 East Third street, and owned and operated by Herman McPherson, long time Big Spring resident.

Atlas accessories, including tires and tubes, all backed by company guarantees, are stocked by the McPherson station. Any size rim on any make of car can be fitted in the Atlas line.

The station is conveniently situated for both the local motorist and the tourist. It is on one of America's principal arteries—highway 80 and within two blocks of the center of the business district.

The station is open seven days a week. From Monday through Saturday, the establishment accepts trade from 6:30 a.m. to 10 p.m. On Sunday, the hours are from 7 a.m. to 9 p.m.

Road information, road maps, water and air are among types of free service offered by the Chevron station, that, and a warm greeting that awaits each caller.

Oil Counteracts Acid Action Wear

Motorists can add miles and months to the life of their auto engines by having them serviced at the Shell Service station, 407 W. 3rd street.

Means lies in the use of the new Shell X-100 motor oil with its solvent safety ingredients.

"Acid action—not wear—causes most of the 'wear' in car motors," Red Isaacs, owner of the Shell Service station, points out. "The 'X' factor embodied in Shell lub-

rication oil fights such deterioration caused by acids naturally formed in internal combustion engines, eliminating much of the eating-away of bearings and other close fitting parts.

Exhaustive tests recently have shown that friction is not the primary enemy of precision-made motors. Acids, formed with the sludge that accumulates with the burning of gasoline, gradually destroy the metal of costly parts. The new Shell X-100 motor oil contains special anti-acid compounds that keep your engine free of such harmful sludges.

The Shell Service station also offers top notch wash and lubrication. Shell regular and premium

Many farmers in this area are solving winter plowing problems by availing themselves of services offered at the Big Spring Tractor Co.

That establishment operates one of the most complete shops of its kind in West Texas, assuring farmers of prompt and dependable repairs to their tractors and farm implements.

The Big Spring Tractor Co., which is located on the Lamesa Highway, is distributor for Ford Tractors and the companion line of Dearborn implements, for a wide area which centers in Big Spring.
