ARMISTICE DAY CELEBRATION

The American Legion has been planning for a real celebration of Nov. 11, Armistice Day this year and are now almost ready for the full announcement of their plans. They are planning a big speaking for that day, an athletic meeting and a football game for the afternoon and a contest in declamation and reading for the evening as well as a home talent show that will be of real class. The whole day's program will be free except the evening's entertainment, for which a small fee will be charged. Prizes will be given in the different events and any one wanting to enter will do well to see Dr. J. B. Brandon about the events. Watch next week's paper for the program.

SIPE SPRINGS OIL COMPANY BUYS OWN TOOLS AND WILL DRILL IMMEDIATELY

The Sipe Springs Oil Co. have this week closed a deal for a derrick and string of tools and have made a location on the Whiteside tract, offsetting the New Domain's Greenwood No. 1, and will begin drilling at once.

This move on the part of the "home company" is a commendable one in the opinion of local people interested in the company.

At a meeting of the directors of the company this week the resignation of J. D. Duncan and F. N. Preuit were accepted as directors and in their places W. S. Edwards and Dr. H. C. McClenahan were elected. Both of the new directors are vitally interested in the Sipe Springs field and will use their best efforts in making the company a success.—Sipe Springs Record.

GIRL JOINS BOYS PIG CLUB, RAISES \$1,000 SOW, SIX LITTLE ONES

Temple, Texas, Oct. 20.—Lucile Harper is a 14-year-old Bell county schoolgirl, who resides near Rogers. She has set an example for thrift and business capacity worthy of emulation. Fourteen months ago she joined a boys pig club, the only girl member. She cashed her note for \$75.00 at a bank, purchasing with the proceeds a big-boned Poland-China sow. In due course the sow presented her with a litter of seven little Chinese porkers, one of which she sold for enough to pay off the note. She has the mother and six pigs left.

Experts say that the sow can easily be sold for \$1,000. The pigs are worth \$75 each.

Last Friday evening on the lawn of the First Methodist Church occurred one of the most enjoyable occasions of the season. The young people gathered with much enthusiasm, and boys naturally being of a curious disposition, could hardly refrain from a frequent visit to the parsonage dining room where boxes of all kinds shapes and colors were awaiting the execution of the auctioneer.

After games and sufficient exercises, the hammer of the mighty Sparks was lifted and sounds of the night around were hushed by the all together too often, "who'll make it more?" The pastor, long fasting and exceeding hungry, bid long and anxiously before he secured a box—that having been gotten by borrowing sufficient funds from brothers of a secret organization, of which he chanced to be a member.

Bids ran higher, the auctioneer waxed eloquent, then amid much discussion the last box was sold. Each man declared his box the best, but some not content with their own, traded and visited with other groups to be partakers in what they hoped might be an excess of edibles, though each box was filled to overflowing with dainty and appetizing dishes and no one went away hungry.

Quite a neat sum was realized which goes to the Epworth League to be used as they deem necessary and wise.

The League is an excellent organization yet in its infancy in the church here, but it is hoped that every young person who is a Methodist, or who is not for that matter, will come each Sunday at 6:15 p. m. and enjoy this League work. It is certainly profitable and everyone who goes gets a whole week of pleasure and profit out of it.

We extend a welcome to any one who will come.

"Has the landlord made any repairs or additions for you lately?"
"Well, he has made two additions to the rent."—Boston Transcript.

DESDEMONA HAS ANOTHER INJUNCTION

Another injunction has grown out of the recent trouble at Desdemona between the Aldermen and the Mayor. A new set of aldermen were recently chosen in the town at an election, which is alleged by certain parties to have been held illegally, and these new aldermen proceeded first to remove the mayor, Mr. Elliott, from office on the grounds that the mayor was guilty of official misconduct, specifying that he permitted gambling and fostered other illegal matters. The aldermen were enjoined from removing the mayor, but in the meantime the mayor resigns.

Then the new aldermen determined to remove Chief of Police, P. J. Stark from office. They did so and elected J. W. Wiley in his stead. Then Stark, who claimed that the aldermen were illegally elected and had no authority to remove him from office, notified Wiley that he (Wiley) had no right to perform the duties of Chief of Police and that if he were caught with a gun on he would be arrested and that if he acted as Chief of Police he would be arrested for impersonating an officer.

Wiley came before the district court and asks for an injunction against Stark restraining him from interfering with him in the performance of his duties as peace officer.—Eastland Chronicle.

MANY TESTS IN SIPE SPRINGS FIELD TO BE COMPLETED AT AN EARLY DATE

Many wells in the Sipe Springs deep field have reached an interesting depth and several are completed and ready to be given the nitroglycerine treatment as soon as the casing can be properly placed.

Among those ready to be shot are the Puett No. 1 of the New Domain Oil Company, which is placing casing in shape and making preparations for the shot, and the Maxwell No. 1 of the Texas Company. This well has encountered 94 feet of Caddo lime and the Humble Oil & Refining Co. are making pipe line connections already, so confident are they that this well will make a good producer.

Poteet No. 2 of Fisher & Gilliland is drilling around 3100 feet and promise to be a big producer. For some weeks the well has been standing about 2000 feet in oil, but no gas was encountered until Thursday, when the well made three heads and the flow of gas is increasing as the bit goes deeper into the sand. This well is in the vicinity of the Goss No. 1, the original discovery well in that part of the field, which flowed over the top of the derrick for several hours, but was ruined when salt water broke in from above when the gas pressure broke the casing.

The New Domain's Greenwood has been partially cleaned out since it was shot some weeks ago, at which time the casing parted and much trouble has been experienced in getting the well straightened out. The well is now pumping around 100 barrels per day and is steadily increasing.

The Maxwell well of the Texas Co. seven miles northwest of Sipe Springs has encountered 94 feet of Caddo lime and is still drilling in this formation. This is expected to prove up several miles of territory in this vicinity and the test is being watched with much interest.

Several derricks are now up on the Puett tract and several more are to be erected.

It is feared that Zimmerman-Watkins No. 1 is a lost hole. The tools were lost some time ago at around 3000 feet and have never been recovered. An attempt will be made to drill around them.

Several houses are being erected on the Fields tract by employees of the Atlantic Oil Producing Company, and much activity is in progress.

The Atlantic Oil Producing Company have spudded their Nos. 1 and 2 on the Greenwood and are drilling at 1200 feet on their No. 2 Fields.

The Fensland Puett No. 1 is ready for a shot, with 70 feet of Caddo lime and good showing.

The Ohio Fuel Company No. 1 Greenwood has spudded in and is drilling.

Greenwood No. 1 of the Sun Company has spudded in and is drilling. Halibay et al. have brought in their No. 5 on the Boykin tract.

Bailey, Magruder & Ellis report another good producer on their holdings on the Hale tract. This is their No. 6.

The Dewey Oil Company have made two new locations on the Turnbow tract and are drilling.—Sipe Springs Record.

GOMPERS QUOTES LEAGUE'S NINE POINTS FOR LABOR

Chicago, Oct. 25.—Responding Saturday to a telegram from William Michaels of Tulsa, Okla., as to what effect the League of Nations would have on labor, Samuel Gompers, president of the American Federation of Labor, cited these nine points:

- "First, labor not merely a commodity.
- "Second, right of association for employees.
- "Third, payment of adequate wages.
- "Fourth, eight hour day and forty-eight-hour week.
- "Fifth, weekly rest of at least twenty hours.
- "Sixth, abolition of child labor.
- "Seventh, equal pay for equal work for men and women.
- "Eighth, equitable economic treatment of all workers.
- "Ninth, State inspection, aided by women, to see law is enforced."

FALSE TEETH FATAL

London, October 23—Wilfred Wooller met a tragic death while on his honeymoon.
While asleep he swallowed his false teeth. He died the next day.

The Fifth Sunday meeting of the Cisco Baptist Association met Thursday night of this week with the Gorman Baptist Church.

The Cisco Association consists of about forty Baptist churches, convening of Eastland and Callahan counties. This Association in conjunction with the State Mission Board, employs three general workers, two missionaries and one colporteur within these two counties. These are Rev. J. C. Taylor, M. H. Wheeler and J. Ponder. The outlook in the association was never better. Several important matters are to be considered at the Fifth Sunday Meeting in addition to the program presented below. A full representation from the churches is expected and everybody is cordially invited to attend all these services.

There will be the regular services Sunday, Sunday School at 9:45 A. M. Preaching at 11 A. M. and 7:15 P. M. by the pastor. The B. Y. P. U. s will meet at 6:15 P. M. The ordinance of Baptism will be administered at the close of Sunday Night services.

DIVERSIFIED FARM

The boll weevil has put the kibosh on the farmers in this country raising cotton, and something else must be put in as a money crop. Peanuts are a staple but are pretty hard to care for and handle. It will not do anyway for any country to depend upon a single crop for their prosperity, and so the citizens of Gorman are to study the best crops to be grown here in a diversifying program. The first of the meeting will be held Friday, and the speaker will be the agricultural agent of the M. K. & T. This man is a man who is familiar with the soil and the possibilities of the farming land along the road he works for, and knows the crop that grows the best in each section. He will know more about the possibilities of this community than some who live here and will tell us how to plan out the best crop year in the history of Gorman. Every farmer will be expected in the meeting and every member of the Gorman community has an invitation to be present and enlist in the movement to get the Gorman trade territory upon the best of producing basis.

SUIT FOR DEBT AGAINST OIL COMPANY

A suit for debt and foreclosure has been filed in the district clerk's office here by the National Drilling Company against the Burk York Oil Co., et al. The plaintiffs allege that they entered into a contract with the defendants to drill a well for them on the R. F. Sims lease near Gorman and they were to receive \$26,152 for their work. They allege they have completed the well and that the whole sum is due them. Of this sum only \$11,500 has been paid, leaving a total of \$14,650 due them from the defendants.

They further allege that the defendants are owners of a part of the R. F. Sims lease in the southern part of Eastland county near the town of Gorman so the plaintiffs are suing for debt and asking that their laborers be against this lease be foreclosed.

SCHOOL ELECTION CALLED OFF WHEN BUILDING GIVEN

Gainesville, Oct. 24.—The election called for Monday for the purpose of issuing \$150,000 in bonds with which to begin construction of the first unit of a new high school was called off Saturday afternoon at a special meeting of the city council following the offer of Mr. and Mrs. William H. Dougherty to donate their beautiful home place here for such an institution. This enormous brick home was built some years ago by former Senator Bailey.

ON THE ROADS

At a meeting of the Chamber of Commerce last Friday evening the citizens of Gorman decided that on Tuesday and Wednesday of this week all volunteers would go out and work on the road to the Puett well. Committees were appointed to solicit labor or funds that were to be equivalent to a day's work and other committees were to furnish tools and transportation.

The meeting was one of the most enthusiastic that has been held of the Chamber in a long time and a great deal of interest was manifested in the doing of this work. Of course the weather interfered with the program somewhat, but a good group of men went out on Wednesday and got in a full day.

On Saturday a committee composed of John Smith, Tom Stevens, John Camp, Ben Loyd, and Mr. Whitley, went out and made a survey of the work to be done and got an order in for all materials that were needed. They found a lot of culverts to be worked on and saw the need of filling in and leveling the road in other places. They also enlisted a lot of the farmers in the work and had every thing in shape for a big day's work Tuesday. There is no doubt but that all the town would have been on the job on Tuesday but the rain Saturday and Monday almost put the idea out of the folks' heads. On Wednesday, however, a group of the most enthusiastic went out and others are to keep on going until the work is done.

Besides the committee that went out to plan the work a committee on transportation consisting of Edgar Walker, W. A. Sutton, and F. W. Townsend was appointed. These men were to secure automobiles and means of getting to the work. Also a committee to solicit workers and money, consisting of Messrs. Hardy, Gates, McGlamery, Shaw and Scales was appointed. They are still on the job and if you have not done your work or given your money they can assist you in getting your part done.

The following is a list of death and birth certificates filed in the office of the County Clerk, Earl Bender, from Sept. 1st, to Oct. 25th, 1920.

MOVING DAY IN GORMAN

This week the Puett drug store has been moved from the Vaughn building to the new Ross building next door to postoffice. They have a very choice location, and are putting their store in better shape than ever to handle their trade. They will have commodious quarters there and will be able to give real service in their drug business. They have an advertisement in this issue of the Progress announcing a great Rexall One Cent Sale. This is a unique advertising event and every reader of the Progress ought to go and see their bargains. It is what the name implies; really selling you articles for one cent.

Also the Royal Cafe is this week moving into the building formerly occupied by Woodroof Walker Co., better known as the old location of the Gorman Theatre. They are fitting up to give you real eats in their new location and will continue their high class of service formerly given the public in their former location.

RED CROSS RELIEF COST \$51,000,000 FOR PAST YEAR

Washington, Oct. 23.—The annual report of the American Red Cross shows how it expended \$51,000,000 during the last fiscal year in finishing up such relief activities in Europe as could consistently be discontinued and in carrying on those activities which still are demanded.

From the signing of the armistice to Jan. 1 last, there was a general consolidation of Red Cross operating departments after which all operations were consolidated under the direct supervision of the commissioner of Europe. By June 30 operations had been confined to Poland, Siberia, Montenegro, Albania, West Russia and the Baltic States, Vienna and Budapest, Constantinople and South Russia.

In closing its relief work in France and Belgium, the most extensive of its overseas activities, the American Red Cross furnished supplies to 3,865 villages and directly benefited 3,030,000 persons by gifts or sale at nominal prices. Hundreds of co-operative stores established by the Red Cross are still being operated by the French and Belgian authorities.

VAMPIRES.

Cleburne Enterprise: Vamps are common in the United States. The papers contain a story of a widow who vamped the brother of her husband and induced him to marry her, though she was seven years older than he. They were divorced after about a year of married life.

It is not uncommon for a man whose first ancestor was named Adam to blame the women for his woes. Sometimes a man accuses a woman of being a vamp because he hates to admit that he was a chump. Adam would have called Eve a vamp possibly, if moving pictures had been in vogue then and he had been instructed from them. A vamp never harms a man who is not a candidate for vamping. There are more such candidates than there are vamps to vamp them, with the result that one vamp sometimes has half a dozen fish on her string. The pitiful case mentioned by the Cleburne contemporary, wherein a widow induced the brother of her late husband to marry her, although she was older than he, may not have been so much a case of vamping on her part as a quest for life insurance money on his part. The second husband may have reckoned that the first husband left an estate. That being the case, it may have been

the gentleman rather than the lady who practiced the diabolical art of matrimonial mesmerism. And when he found it convenient to exculpate himself by calling her a vampire, he didn't hesitate. State Press, of course doesn't deny that there are vampires. But if a man has got good sense, he doesn't have to fall for them, does he?

LONG TRIP IN BASKETBALL

Waco, Texas, Oct. 26.—New Mexico, Arizona and California are the states the Baylor Bears will invade on a basketball trip to be made during the Christmas holidays, if the plans of Athletic Director F. B. Bridges are perfected.

He has already secured games with a number of Y. M. C. A. and athletic club teams, and has only the details to work out on a few remaining games. The Bears will play against Y. M. C. A. and athletic club teams at Houston, San Antonio, El Paso and Fort Bliss in Texas; at Tucson, Arizona, and at Riverside, Los Angeles, Pasadena, Santa Barbara, San Jose, and San Francisco in California. The team will leave Waco Friday, December 17, and will return January 4.

The Philosopher

A little white dog most lonesome sat,
In the upturned crown of a high silk hat;
And he gazed at the world with a patient gaze,
Wondering p'raps at the curious ways
Of the human beings that passed him by—
Wondering p'raps, the wherefore and why
Of the things they did and the things they said—
"Dear me" he barked, and he shook his head.
"These folks that walk on two legs are odd,
"Their hands are straight and their voices hard,
"And they laugh when they see me sitting here,
"As if I were doing something queer!"
And the little white dog shook his head at that,
As he lonesome sat in the high silk hat!
—Margaret E. Sangster in Christian Herald.

According to His Folly

Mr. Wood always asked unnecessary questions. Passing the home of an acquaintance, he stopped in astonishment. In front of the house were two large moving vans. The lawn was strewn with furniture, pictures, etc. Mr. Morse, the owner, appeared grimy weary and ill tempered. "Hello, Morse!" cried Wood. "Are you moving?" "Not at all!" snapped Morse. "I'm just taking the furniture out for a ride."

School Notes

Miss Hortense Morris was missed from school Monday.
 Miss Millie Mae Smith was sick Tuesday.
 Miss Nora Ford and Dixie Stevens were not at school Tuesday.
 Last week, Miss Thressa Collie was absent a day or two.
 Miss Pearl Sullivan of the ninth grade was absent last week.
Sophistications of a Soph
 There was a soph once on a time,
 And he was wondrous wise;
 He got a lickin' every day
 And lots of more besides.
 The teacher kept him in one day,
 For chewing gum in school.
 The teacher whipped him twice that day,
 For calling him a fool.
 He got one, too, when he got home.
 Said his pa "twill cure him I reckon."
 But really parents do get fooled,
 And this one was mistaken.
 His pa did start to doff his lid,
 To the pretty widow Jones
 Behold! twas stuck fast to his head
 With a piece of chewing gum.
 Then came the day when Johnny fell
 Heels over head in love,
 With pretty winsome little Nell.
 Oh, heavens above!
 One day he wrote to her a note,
 Saying "Dear, please be mine.
 You know we really can elope,
 At half past nine."
 And though my rhyming may be crude
 This tale of love I tell,
 Will give you a real sad mood,
 A melancholy spell.
 For when his mother went to mend
 Our little Jimmy's coat
 She reall couldn't help but find
 Our little Jimmy's note.

BANK SERVICE

The greatest word in the banking business is SUCCESS. Banking is more than a mere money-making business. The banker is as much a public servant as the Mayor of a city or the Governor of a state, and he owes a duty to the public exactly as any regularly elected official.

We shall be pleased to render our patrons every possible service and assist them to the full limit of legitimate banking.

METHODIST CHURCH

Sunday School at 9:45 a. m.
 Preaching at 11 a. m. and 7:15 p.m.
 Epworth League at 6:15 p. m.
 Prayer meeting every Wednesday at 7:15 p. m.

Next Sunday is "Go To Church and Pay Up Sunday" and we are expecting to see nearly every Methodist there. Of course there will be some who will not come, but we are expecting a great day in attendance as well as otherwise.

Rev. O. F. Sensabaugh will preach at the evening hour and will also hold our fourth Quarterly Conference. Let everyone who is expected to have a report have it written out and ready to make a good report. Let everyone try to make this year's report the best in the history of the church.
