

Phone Line To Be Moved Off Third Street

Relocation of telephone cables on Third street, making possible the elimination of the pole line in the downtown section, was announced Thursday as part of a new improvement program to be launched by the Southwest Bell Telephone company in Big Spring.

\$31,000 Job
Announcement of the project, estimated to involve a gross expenditure of more than \$31,000, was made by H. F. Fox, district manager for the company, following conferences with city officials. Plans are for expansion of telephone company facilities in the south and southwestern sections of the city, Fox said.

Relocation of cables on Third street, from Benton to Lancaster, will be made a part of the work. The program also includes the installation of additional cable on both the east and west side of the high school property, on Johnson and Rosemont avenue, and in the alley between Sycamore and Wood streets, and between Nolan and Johnson from Seventh and Eighth streets.

Expansion Required
A general revamping of cable lines will call for relocation of those now on Third street, it was said. "Building activity in the south and southwestern sections of the city, with increased demand for telephone service, have made it necessary to expand facilities to serve these sections," Fox said. "And we are glad to make the relocations of the Third street cable a part of the expansion program."

Elimination of the pole line from Third street in the downtown section is a project which city officials have discussed with the telephone company at various times during the past several years.

Material for the project will be ordered immediately, and work is expected to begin about December 1, Fox said.

Judges Studying Disposition Of Fund Surplus

FORT WORTH, Aug. 5 (AP)—Disposition of a \$4,500,000 highway fund surplus will be discussed here this afternoon by the state association of county judges and county commissioners. Harold M. Lafont, Hale county judge and president of the association, said.

The surplus has accumulated since 1932 when the legislature set aside one cent of the four-cent gasoline tax to reduce the bonded indebtedness on state highways. Judge Lafont said the attorney general had ruled the board of county and road district indebtedness could use the surplus to apply on eligible indebtedness.

Lafont said the convention would consider whether the surplus should be used immediately for paying highway bonds, whether the association will ask the legislature to authorize the money for construction of county highways, or whether action will be delayed pending a report by a New York firm employed to study the situation.

Corrigan Just Grins And Grins As Thousands Cheer; Roaring Welcome Accorded Young Flier In New York

By JOHN FERRELL
NEW YORK, Aug. 5 (AP)—Cool and brash, young Douglas Corrigan rode triumphantly up lower Broadway today, grinning infectiously as the temperature rose and sweltering thousands cheered his progress, indifferent to the heat.

All the enthusiasm for his adventurous solo flight from New York to Dublin was let loose in a confusion of roars that dined upon his ears from the Battery to City Hall.

Brokers and business men, bankers and stenographers, clerks and other office workers weren't slowed down a bit by the dehydrating humidity and the heat of the swarming sidewalks.

The tons of torn paper and ticker tape fell, the perspiring crowds yelled and shoved and Corrigan grinned, sitting on the back of an open car with James M. McGurkin, chairman of Mayor LaGuardia's reception committee and the mayor's secretary, Stanley Howe.

The imperturbable Corrigan grinned, just as he had grinned earlier in his hotel suite when he insisted anew

he had made an honest mistake in flying to Ireland instead of to California.

The Irish were in high gear today and were claiming the hero as their own, Texas birth notwithstanding. But Corrigan, to the ones who were not Irish, was the simple mechanic who flew the wrong way and injected the vitality of great adventure into many a hum-drum existence.

From the moment he was escorted from his hotel by police and detectives who made themselves a flying wedge through the jammed lobby and sidewalk the roars of the crowds were in Corrigan's ears.

Around the hotel McAlpin in the Broadway midtown area there were thousands. They packed the windows of the hotel and nearby buildings. They waved Irish flags, handkerchiefs or anything else that was handy. Some of the men in the crowd waved their neckties and their coats. The crowd was so dense Corrigan was virtually lifted by the police and placed in the automobile for the ride down the West Side Express highway to the Battery and the start of the parade.

Fully a hundred thousand persons gathered at the Battery. They let out one mighty roar after another as the parade, headed by mounted policemen and flanked by officers on motorcycles, started up Broadway.

The roars went up blocks in advance of the little flier and continued long after he had passed. Under his grin he looked a little upset after the pushing and shoving of yesterday and this morning, but he still grinned, bravely waving to the throngs.

Through all of his triumphant passage along the street where New York parades heroes, he grinned. The ticker tape fell steadily, festooning skyscrapers, flagpoles, and entangling Corrigan himself. The graves of Trinity churchyard at Wall street were white with torn paper.

Inspector Louis F. Costuma said there were probably a million people watching Corrigan in the few blocks from the Battery to City Hall.

FD Faces First Real Test In Kentucky Primary

TWO WINNERS AND A LOSER IN TENNESSEE

Prentice Cooper, left, backed by E. H. Crump, Memphis democratic leader, won the democratic nomination for governor in Tennessee in a heated race over Governor Gordon Browning, center, shown as he made a vigorous campaign speech. Tom Stewart, right, Winchester attorney, also backed by Crump, was successful in unseating Senator George L. Berry.

Has Appealed For Return Of Barkley

Senate Leader's Contest With Chandler Decided Tomorrow

WASHINGTON, Aug. 5 (AP)—The 1938 primaries reach the half-way point in Kentucky tomorrow, but most of the major tests of Roosevelt administration strength lie ahead.

Although support of the president has been an issue in several of the democratic senatorial contests already decided, the Barkley-Chandler race in Kentucky is the first in which Mr. Roosevelt appealed directly for the renomination of an individual senator.

If his candidate—Senate Leader Alben W. Barkley—is the victor, administration lieutenants will be expected to term his defeat a slap at Mr. Roosevelt, even though Governor Chandler has voiced approval of the administration program.

Whether Mr. Roosevelt will go as far in any of the remaining races is the question that is the subject of a question intriguing politicians here.

The answer may come late next week when the president speaks in Georgia. Senator George, seeking another term, is out of favor with the White House because he opposed the court bill and other Roosevelt proposals.

If he does speak against George it will be the first instance this year in which he has asked directly for the defeat of an anti-administration senator.

FRUITLESS SEARCH FOR CLIPPER SHIP IS TERMINATED

MANILA, Aug. 5 (AP)—The giant Hawaii Clipper and her 18 occupants were logged as victims of a mystery air disaster today by the United States navy which ordered searching vessels home from a fruitless hunt across 100,000 square miles of ocean and shoreline.

For nearly six days, warships and fighting planes combed the Pacific stretches in all directions from a point over 500 miles east of here where the flying boat radioed her last position a week ago today.

Japanese warships concentrated their efforts today on trying to sweep mines from the river above Kluakiang, Yangtze port only 132 miles below Hankow. They also shelled Chinese defenses on the Yangtze's south bank, above Kluakiang.

The bombardments were preludes to Japanese infantry attacks which, it was reported, were repulsed at the foot of Shamsan, or Summer Hat, mountain.

Sales Crusade For City To Be Talked

C-C Directors Will Consider Program At Monday Session

Two projects will claim the attention of chamber of commerce directors at their regular semi-monthly meeting Monday noon, it became apparent Friday.

One will be the proposal of a Sales Crusade, such as is sweeping the nation today, and the other will deal with the establishment of a concentration point for harvest laborers.

Since the Sales Crusade idea has caught on in various sections of the country and is being tried in many cities of West Texas, local interest has been focused on the project. Consequently requests have been made of the chamber to inquire into possibility and feasibility of such a program.

Salient feature of the Crusade, it is explained, is the promotion of salesmanship, and, in turn, that of buying. Since statistics show that each salesman involves the livelihood of 25 other families, new emphasis is being placed on the idea of selling. Satisfying results have been reported in other areas from sales campaigns and chamber directors will study a plan Monday for a similar campaign, with emphasis on sales and buying that will mean jobs and more jobs.

The projected establishment of a concentration point for harvest laborers centers on the strategic position of Big Spring as the focal point on state highway No. 8, over which cotton pickers migrate from South Texas in the autumn.

Simply stated, the "point" would be a small tract of land located conveniently here with sanitary and other necessary facilities to make it practical for cotton pickers to make this their headquarters while here in the autumn.

15 ITALIAN SAILORS KILLED IN SHIP BLAST

ROME, Aug. 5 (AP)—Fifteen Italian sailors were killed and 20 injured in a fire on board the Italian cruiser Quarto in the port of Pollensa, island of Mallorca, it was announced today.

A communiqué said the accident occurred last Monday as the warship was about to sail on "a brief mission."

A bursting boiler caused the accident. Seven members of the fireroom crew were killed instantly. Eight others died in a hospital in Palma, Mallorca.

The 20 injured were receiving hospital treatment.

Love Letters From Girl Are Read At Trial

Her Father Charged With Slaying Youth Had Confessed

SOUTH PARIS, Me., Aug. 5 (AP)—Love letters written by Barbara Carroll, 15, to Paul N. Dwyer, 19-year-old "lifer," were read today at the trial of the girl's father, former Deputy Sheriff Francis M. Carroll, for the murder of elderly Dr. James G. Littlefield.

Dwyer had testified that Barbara had written him letters in which she accused her father of improper conduct and that under threats he had returned two letters to Carroll. The state contended Dr. Littlefield's alleged knowledge of Barbara's letters provided a motive for the crime.

The letters were found in Dwyer's bag when he was discovered asleep in Dr. Littlefield's car, which also contained the bodies of the physician and his wife, at North Arlington, N. J., last fall. Dwyer admitted he at first took full responsibility for their deaths, but at the current trial placed the entire blame upon Carroll.

In one of the letters Barbara expressed regret for "intimacy" with Dwyer, but also termed the pale youth "the sweetest kid in the world," because he "still loved me after everything has been done."

In another, she said she loved Paul "with every part of my body." Dwyer displayed no emotion as he was called upon to identify the missives.

Carroll also followed the proceedings impassively.

Dwyer, who previously testified to a great fear of Carroll, asserted he expressed the hope, upon his arrest in New Jersey, that the then deputy sheriff would not be sent to bring him back to Maine, because "I was afraid he would throw me out of the plane."

Heat Wave Unbroken By Rainfall; Several Deaths Are Reported

By The Associated Press
Great areas of the United States continued to swelter today in the grip of a moisture-laden heat wave.

Several deaths and numerous prostrations were reported as temperatures resumed their relentless climb after a night cooled in some sections by rain.

Seven deaths were attributed to the heat in New Jersey. Two occurred in Washington, D. C., before a heavy rainstorm brought relief from oppressive temperatures.

New York City's millions steamed in humidity of 98 per cent, two degrees below the saturation point, as the day's work started.

Scattered rainfall was reported in Maryland, Minnesota, Idaho, and Indiana.

Kansas City, where the temperature has risen above 90 every day except one since July 22, expected a maximum of 100 degrees.

Dr. J. L. Cline of the weather bureau studied his charts today and remarked that not a single reporting station in Texas had offered anything like a record high temperature this summer. It has been hot enough in spots, with temperatures around 100 and considerably higher, but Texas has had no exhausting heat wave to date.

"It is much too early to say we won't have," said Dr. Cline, "but the facts remain the summer thus far has not been unbearably hot in Texas."

He attributed this to air conditioning from many scattered thunderstorms, and from cool breezes from the Gulf of Mexico.

Edwards in Temple, several days ago, is doing about as well as could be expected, according to advices received here by friends. It was also learned that Mr. Price will have to remain absent for from thirty to sixty days before he will be able to return to his home in Big Spring.

STATE DEFICIT DOWN

AUSTIN, Aug. 5 (AP)—A decrease of nearly \$1,500,000 in the general revenue fund deficit to a total of \$13,251,212 the past 15 days was announced today by the state treasury department.

The treasury also issued a call for all general revenue warrants up to and including No. 128,790, or those issued before March 15, 1938.

Grizzly Shot After Escape From Zoo

PITTSBURGH, Aug. 5 (AP)—A ferocious grizzly bear that broke from a steel-barred cage in the Highland Park Zoo and spread terror through the adjoining residential district, was shot and killed near a reservoir in the park five hours after her escape today.

A few minutes before she was cornered by searchers at the reservoir, the bear had been sighted by a park workman in a clump of bushes near the boundary of the park. He ran to the zoo and the bear ambled off in the other direction.

The 250-pound bear was killed as many wealthy residents of the Highland Park district, center of large, wooded estates, drove up to the park gates in limousines to watch the hunt.

Thirty policemen, armed with rifles and directed by police radio, hunted the search.

Arnold Schumann, zoo superintendent, shot the bear twice as she emerged from a pedestrian tunnel in the park and charged him, snarling and pawing. The animal, struck in the shoulder, dropped eight feet from Schumann, rolled down an embankment, reared up and attempted to run back into the tunnel.

Schumann fired two more shots and brain topped over. Sgt. Ralph Barton of the homicide squad, dished up with a sub-machine gun and fired a stream of bullets into the quivering body. Other police came up and ridged the carcass with bullets.

The grizzly broke three one-inch bars in the ceiling of an outdoor cage, tore off a wooden roof and climbed out the opening. A few minutes later an excited man telephoned police he had seen a bear ambling from the park gate into the residential area.

Schumann had warned that the bear was "dangerous" and ill tempered. A few weeks ago, he said the bear ripped up heavy planks in the floor of the cage and squeezed into the pit below.

During the search, the swimming pool in the big park where the zoo is located, was ordered closed. Police escorted several hundred children from the pool to their homes and to street cars. Park entrances were closed.

One elderly negro who sought entrance to park and was refused by police, demanded a reason.

"A big bear is loose," a guard told him. "Oh, ah, um," the negro muttered and hastened away.

Russia Ready For A Truce With Japan

Demanding, However, That Tokyo Withdraw Troops And Recognize Border As Established In 1886

MOSCOW, Aug. 5 (AP)—Soviet Russia is ready to grant Japan peace on the frontier with Manchoukuo, if the Japanese discontinue attacks upon Soviet territory and withdraw their troops.

Russia then would be ready to start diplomatic discussions on the establishment of frontier posts, but only if Japan recognizes the border established by maps attached to the Russian treaty with China on June 26, 1886.

This stand left the next move to Japan. It was Foreign Minister Maxim Litvinoff's reply to Japanese proposals for mutual withdrawals of troops in the battle zone, at the juncture of Russian Siberia, Japanese Korea and Manchoukuo, and for diplomatic negotiations to settle the boundary on the basis of documents possessed by both parties.

Doctor Freed Of Kidnaping Accusation

Grand Jury Clears Others In Alleged Holding Of Negro

DALLAS, Aug. 5 (AP)—Dr. F. H. Newton, prominent Dallas physician, his brother, Will Newton, and Maurice Jackson, negro cook at the Newton Highland Park home, were exonerated by the grand jury today of kidnaping charges in connection with the alleged confinement of Mickey Ricketts, former yard boy at the Newton home.

Grand Jury Foreman H. A. McCain told District Judge Grover Adams the body would act tomorrow morning in kidnaping charges also filed against four others, including Dr. Newton's wife, Mrs. Cosette Faust Newton. He indicated the charges of kidnaping would not be pressed.

A kidnaping charge in connection with the case was dismissed yesterday against Larry W. Reed after a hearing before a justice of the peace.

Dallas and Highland Park officers removed Ricketts from the attic of the Newton home July 29. Two charges of theft in connection with disappearance of a Chinese jade ring from the Newton home in February had been dismissed against Ricketts. Mrs. Newton was in Denver today, seeking the ring.

Jap Offensive In China Is Retarded

SHANGHAI, Aug. 5 (AP)—After 335 days' fighting in which Japanese advanced up the Yangtze river at an average of a mile and a quarter daily, the invaders' offensive seems to have slowed to a yardage pace.

Japanese warships concentrated their efforts today on trying to sweep mines from the river above Kluakiang, Yangtze port only 132 miles below Hankow. They also shelled Chinese defenses on the Yangtze's south bank, above Kluakiang.

The bombardments were preludes to Japanese infantry attacks which, it was reported, were repulsed at the foot of Shamsan, or Summer Hat, mountain.

Trustees Will Meet Again

Hearings On Transfers, School Classifying Incomplete

Date for a second meeting of the county board of trustees was announced Friday for Aug. 10 at 11 a. m. in the district court room.

A second meeting was necessary because the board's meeting this week failed to bring about a final disposition on transfer appeals and school classifications.

Only change completed was the reclassification of the Elbow school from a nine grade to a seven grade school. Disposition of other proposed changes will be settled in the Wednesday meeting of the board.

With Friday the last day to file protests on transfers, the county superintendent's office was kept busy serving trustees and patrons from several school districts.

Hearings on transfers from some districts waxed warm in the first hearing by the board.

DON'T BE AFRAID! ALGAE WON'T BITE

Harold Akay, municipal swimming pool manager, avers that algae will not bite.

Some of the lay public, believes Akay, are dubious about this fact. Hence the announcement recently that the pool was being drained because of growth of algae, several people have inquired of the manager if it's safe to go swimming now. They were afraid they would "buckle" the algae.

Algae, Akay explains, are simply minute vegetable growth that collect on the bottom and sides of a pool, giving a healthy effect even in hot regulated pools. They are perfectly innocuous—and won't bite, says Akay.

THE SPORTS PARADE By HANK HART

Better'n Jerry?

Lubbock fans are about to realize that Harry Faulkner, Hubber business manager, has come up with something in Ralph Marshall, new flinger, who debuted in Big Spring with a 6-3 victory several weeks ago.

Last night he set our Barons down with two safe hits and beat them 10-2. Among his feats since joining the club are a no-hit, no-run game and a record-setting six-hitter.

Tough Pitchers

Certainly not "cousins" are the Cleveland Indians pitchers to Hank Greenberg who is threatening to break Babe Ruth's home run record. The Detroit first sacker, a good but not a great right handed hitter, has clouted only two home runs off Indian pitching this year.

They say that Greenberg is more tough, that Hankus-Pankus, in hitting them from the right side of the plate, must put more power in his clouts to get them into the great beyond, but Henry has to pick his pitchers to connect. He has yet to hit for the circuit off either Lefty Gomez, probably the best pitcher in the American League, or Johnny Allen, the Cleveland top hand. Those boys know how to pitch to him.

His favorite is "Line-Drive" Nelson of the Philadelphia Athletics. He's driven out four off the older in three games.

Tommy Hutto, the one-time Big Spring high school basketball and baseball star who later made quite a name for himself in pro baseball, is returning up from Permian Basin college pitching. After dropping to as low as .320, he has bounded back and now boasts a mark of .323.

SEEKS TO PLAY 144 HOLES OF GOLF TODAY

CHICAGO, Aug. 5 (AP)—J. Smith Ferber, young La Salle street investment broker, set out over four courses today for one of the nation's richest golf stakes—\$2,500 and an additional half interest in a \$30,000 Virginia plantation. At the crack of dawn, Ferber snatched a ball down the fairway of the Olympia Fields course, south of the recent Chicago open tournament, and started his marathon play. During the 15 hours between sunrise and sunset, Ferber hopes to complete 144 holes of golf, twice over each of the four courses, making a score of 95 or less for each 36 holes. If his score goes over 95 for any one of the rounds he loses the plantation. The estate, which is in Princess Anne county, Va., between Norfolk and Virginia Beach, was purchased for \$30,000 two years ago by Ferber and Fred Tuerk. Ferber said he and Tuerk could not agree on the management, neither wanted to buy out the other, and neither wanted to go to court. So the wager was made. Friends put up the \$2,500.

Cliff Melton Takes Mound For Giants

By SID FEIDER. Associated Press Sports Writer. Another of those furling points that have had this season swinging along in a groove somewhere between a merry-go-round and a streak of lightning, pops up in both major leagues today. The New York Yankees, enjoying their gaudiest western whiff of the year, tangle with Cleveland's persistent Indians in a series for the American League leadership. And the New York Giants, doddering along 5 1-2 games off the National league pace, make a last-ditch stand in their own Polo Grounds against the front-running Pirates of Pittsburgh.

Check-Up On B's Today Reveals Interesting Vacation Sidelights

Today is the day for a check-up on the activities of the telephone subscribers listed under the B's--and are they bustling around these hot summer days? Some are on a vacation, others are looking forward to the day when they can pack their clothes for a get-away to the seashore, mountains or metropolis, and the remainder have already made trips.

Here's a few of the pick-ups in the B's:

BILES, MRS. J. D.: Reports the visit of two friends this week--Ernest Preston and Florence Murphy of Fort Worth.

BOYLE, MRS. FRANK: Returned two days ago along with Mrs. S. G. Gary, Mrs. W. W. Burt, Mrs. Gene Acuff, Mrs. Cecil Reid and Mrs. J. A. Boykin, from a week's Baptist encampment in the Davis mountains. While there they visited the McDonald Observatory which is 10 miles west of Fort Davis on a peak 6,800 feet high.

BIRD, MR. AND MRS. W. C.: Have recently returned from a vacation that took them to Chicago and Milwaukee. Mrs. Bird reports that the trip is the best one they have ever taken and she would like to go back every year.

They were accompanied by her sister and husband, Mr. and Mrs. J. A. Costlow of San Antonio. Mr. and Mrs. Bird left here at 8 o'clock by rail one Saturday, stopped at Longview to meet the remainder of their party, and arrived in Chicago at 1:45 Sunday afternoon. They took a boat trip on Lake Michigan aboard the "City of Grand Rapids," one of the largest cruises on the lake, to Milwaukee where they spent two days.

Mrs. Bird also spoke of Mrs. M. M. Madison of Sweetwater, her daughter, who was here Thursday night for the organization of the Knott Rebekah lodge.

BISHOP, MRS. JAKE: Is expecting her son, Jackie, Jr., home this weekend from Fort Worth where he has spent the summer with his aunt, Mrs. Louise McDearie.

BAKER, MR. AND MRS. T. E. and daughter, Virginia, returned this week from a visit to Denton and Greenville where they were guests of Baker's mother, Mrs. A. B. Baker and Sunday they visited friends in Paris and Bogota. They were accompanied as far as Denton by Mrs. Bill Gage who became seriously ill at the home of her mother, Mrs. John Crain, and could not return with them.

BLUMH, MRS. R. F.: Has had her share of visitors this week with Mr. and Mrs. J. C. Watkins of Beaumont, former residents, and her sister, Mrs. E. J. Posey, Jr., and son, Joyce Eugenia, of Morton as house guests. Mrs. Posey is also visiting her other sister here, Mrs. J. M. Alexander.

BLANKENSHIP, MRS. ORA: Has found a unique way to spend a vacation--she is having her home at 202 N. 10th--completely remodeled consisting of a repair and repaint job inside and out.

She was particularly enthusiastic over a fireplace of native rock being constructed in the living room. Hardwood floors will be put down throughout and the outside of the house repainted. Mrs. Blankenship said the work was about half finished.

All of the above information was gleaned over the telephone to the accompaniment of hammers and saws.

BECKETT, MRS. K. S.: Reported that she is entertaining local members of the Baptist district W. M. U. executive board with a 1 o'clock luncheon Friday naming Mrs. Christine Coffee Chambers, missionary of China, visiting here as honored guest. Mrs. Chambers and children plan to leave Saturday for San Angelo where they will visit a sister of Mrs. Chambers before returning here.

BELL, RUBY: Doesn't know where she is going but she declares she's on her way around Aug. 15. The West Texas trio composed of Mrs. R. E. Blount, Mrs. Willard Read and Miss Bell have talked of attending the national encampment of the V. F. W. at Columbus, O., Aug. 20 but there isn't anything definite about the trip. If she does not go to Columbus, it will be either Yellowstone National park or Owensboro, Ky.

BATES, MR. AND MRS. W. E.: Entertained Mrs. Bates' brother and wife, Mr. and Mrs. H. C. Hanford of Midland, recently.

BAUM, MRS. W. P.: Is expecting her husband's parents, Mr. and Mrs. T. E. Baum of Cross Plains this month for a two weeks' visit.

BROOKS, MR. AND MRS. JAMES T. LORENA AND JAMES EDWARDS: Are in Dallas for medical treatment for Lorena and plan to attend Casa Manana in Fort Worth before returning. They left Wednesday night.

BERRY, MRS. J. D. AND JEANIE: Have already been on their vacation which took them to Alpine, Fort Davis and gave them a look at the McDonald Observatory.

BERRY, MRS. W. D.: And her sister, Mrs. G. H. Hayward returned Wednesday from Brown, Tex., where they were guests of their parents, Mr. and Mrs. J. D. Allen. They were there two days and Mrs. Berry declares she was ready to get back to a climate that cools off once in a while. Mr. and Mrs. W. C. Allen and children of Cisco were guests in the Berry and Hayward homes recently. Allen is a brother of the two women.

Deaths from a land mine explosion yesterday near Kfar Saba rose to nine.

Jackie Coogan Tells Of Father's Efforts To Save Fortune

LOS ANGELES, Aug. 5 (AP)—Jackie Coogan quoted the words of his dead father in an attempt to prove today that Arthur L. Bernstein, manager of "the kid's" screen fortune, was "no good either as business manager or as a man."

The former ragmuffin boy star, now 23, attributed to John R. Coogan a losing fight before his death in 1935 to regain control of his son's assets and oust Bernstein, who married his widow a year later.

Jackie's bristling testimony, taken for a deposition in his \$4,000,000 accounting suit against his stepfather and mother, Mrs. Lillian Coogan Bernstein, continued all day yesterday and was to be completed this morning.

"The kid," who kissed his mother when he encountered her weeping yesterday, said the elder Coogan had told him during one of many secret conferences that Bernstein had "broken faith with you and me."

"He has taken a perfectly sound business and ruined it," Jackie quoted his father as saying.

Vet Facilities In Texas Are Reorganized

Changes To Have No Bearing On Location Of Hospital

WASHINGTON, Aug. 5 (AP)—The Veterans' administration announced today that its facilities in Texas would be reorganized immediately and activities centralized in Waco.

Dr. Harry Rubin, present manager of the existing administration facilities in Waco, on Aug. 15 will become head of all state activities. It was announced by General Frank T. Hines, national administrator.

Administrative facilities now maintained in Dallas and San Antonio are to be moved to Waco "as rapidly as possible consistent with assurance that there will be no impairment of efficiency or interruption of service to veterans."

Units of the administration are to be retained in both Dallas and San Antonio, however, to render "contact service," medical examinations and treatments to veterans residing in or adjacent to those vicinities. A similar unit has been established at Houston.

The administration several times during the past two years announced its intention of reorganizing its Texas facilities, but action was withheld following protests by Representatives Hatton W. Summers of Dallas and Maury Maxwick of San Antonio. The latter, who was defeated recently in fight to return to congress, was particularly active in the opposition.

Representative W. R. Poage of Waco had continually urged Gen. Hines to order the shakeup, asserting it would make for greater efficiency because of a large veterans hospital was already established in his city.

Scores of employees are expected to be transferred from Dallas and San Antonio to Waco. The administration added that the consolidation would have no bearing on the selection of a location for the new general hospital planned for Texas.

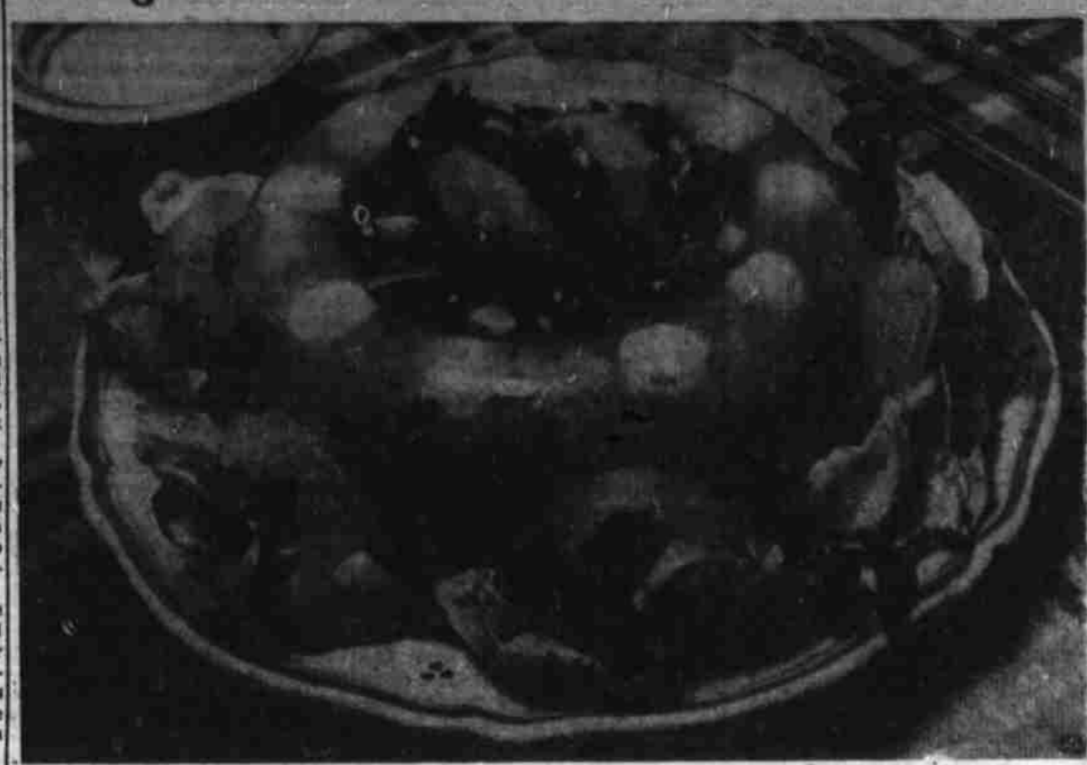

WINS A PLACE ON RUN-OFF BALLOT

SAN ANTONIO, Aug. 5 (AP)—The fourth court of civil appeals led yesterday that Fred B. Wagner of Brownsville was eligible for the Aug. 27 run-off as a candidate for chairman of the Cameron County Democratic Executive Committee against H. L. Yates.

The opinion upheld a mandamus action brought by Wagner against Yates and members of the Cameron county executive committee in an effort to force his name on the run-off ballot.

Put Glamour Into Your Mid-Summer Meals By Serving Salads That Are Cool And Colorful

This attractive, and filling, summer salad mold is studded with grapefruit segments and cream cheese balls. Almond-stuffed cherries and more grapefruit fill the center.

By MRS. ALEXANDER GEORGE AP Feature Service Writer Put glamour into your mid-summer meals by serving salads that are cool and colorful.

But don't just throw together all the greens you can find, sprinkle them with French dressing and consider the job done. And don't cut up all the spare fruit in the icebox, either, mix in a little mayonnaise and whipped cream and serve two heaping spoonfuls to everyone. So many food combinations can be used in salads you should always be able to think up a new treat for the table.

A Banana Suggestion Here's one — banana surprise. Cut bananas in half lengthwise, spread one half with a filling of raspberry jam and cheese, then replace the other half, sandwichwise. Dip each banana into salad dressing, then roll it in chopped nuts. Serve on shredded lettuce or watercress. Here's another: Stuff tomatoes with a savory crab salad. Then put each tomato into a custard cup, cover it with lemon gelatin and chill. Unmold the whole shiny tidbit on lettuce and top it with salad dressing.

GRAPEFRUIT-CHERRY MOLD (Serves Six To Eight) 2 tablespoons gelatin 1-4 cup cold water 1 cup canned grapefruit segments 1-2 cup granulated sugar Juice of 1 lemon Lettuce 1 package cream cheese 2 dozen canned red or white cherries or fresh red cherries 2 dozen almonds Mayonnaise Soak gelatin in the cold water for five minutes. Cook the sugar, and juice drained from grapefruit until dissolved. Add lemon juice and gelatin. Strain. Add grapefruit segments. Fill a cold-wet ring mold half full with grapefruit jelly mixture. Let stand in the refrigerator until it begins to thicken. Form the cheese into small balls about an inch in diameter. When the jelly in the mold has begun to set arrange these balls of cheese at regular intervals in the mold. Add the rest of the gelatin mixture and chill until perfectly stiff. When ready to use unmold on a bed of lettuce. Pit the cherries and stuff with blanched almonds. Fill the center of the grapefruit mold with the cherries and any leftover grapefruit segments. Garnish with mayonnaise.

dressing or mayonnaise mixed with a little chill sauce. Or you can serve salad sandwiches. Chill well-seasoned tomato gelatin in a one-inch sheet until it is stiff, then cut it into two-inch squares. Put two squares together with a filling of cottage or cream cheese mixed with green peppers, salad dressing and chopped olives. One sandwich on crisp salad greens makes a satisfying portion.

Additional salad hints: Egg white cases make novel containers for fish paste, salad dressing, cheese or relish mixtures. Cut the eggs in half. Remove and mash the yolks and combine them with the food and seasonings to be used in filling the egg cases. Serve the cases as garnishes for fish, meat, chicken and vegetable salads. Ripe olives lend a distinctive flavor to meat, fish, vegetable or pear salads. Add a few chopped or sliced olives to the salad itself—or put them in the dressing.

Jack Randall Star Of Western Film Booked At Queen Jack Randall, star of Monogram's "Land of Fighting Men" playing Friday and Saturday at the Queen theatre, is proud of his ability as a horse trainer, and he has personally supervised the career of White Cloud, the beautiful animal that plays with Jack in all of his pictures. But there was one scene where Randall was stumped, to the great amusement of the rest of the cast of "Land of Fighting Men." White Cloud was to follow the star around, and a whistle, which is usually used as White Cloud's cue, was out of place here, for Jack was supposed to be silently stalking a gang of cut-throats on their way to a secret lair. Hints were being placed as to how many "takes" would be needed before White Cloud understood what he was to do, and lo and behold, when the cameras started grinding for the first shot, the horse went through the scene perfectly, and let a single retche was ordered. When Jack collected his horse, he let the gang in on the secret—he had filled his pockets with sugar vumps. "Land of Fighting Men" is the

TOM SAWYER

Mark Twain's famed character, Tom Sawyer, comes to life in the person of Tommy Kelly, a youngster selected in a nationwide talent search to play the title role of the Technicolor film, "The Adventures Of Tom Sawyer." The picture is being played for the second time this season at the Ritz Friday and Saturday, due to great public demand.

'Tom Sawyer' Film Returns To The Ritz Mark Twain's Famed Story Presented In Technicolor Mark Twain's "Tom Sawyer" returns to the Ritz theatre for a two day appearance Friday and Saturday. The David O. Selznick Technicolor picture was on display on the Ritz screen less than two months ago but met with such tremendous response that the management rebooked the picture. All the genius of Twain is interpreted onto the screen in this loveable tale of Tom, Huck Finn, Becky Thatcher, Aunt Polly, Injun Joe and the life in that sleepy little Missouri town along the Mississippi river where Tom achieved immortality.

Sawyer is recreated by Tommy Kelly, a newcomer to Hollywood, who was chosen over 25,000 boys by Selznick for the role. Tommy is said to be a typical American boy who possesses to a marked degree that elusive quality known as screen personality. The cast includes May Robson, who portrays Aunt Polly; Jackie Moran as the ragged Huck Finn; and Miss Thatcher...

Allison, Parker In Semifinals At Toronto

TORONTO, Aug. 5 (AP)—Heavily favored to reach the finals, Wilmer Allison of San Antonio, and Frankie Parker of Beverly Hills, Calif., encounter two of Canada's best, Bobby Murray and Ross Wilson, in the semi-finals of the Canadian tennis championship today. Allison in meeting Murray faces the stiffer assignment. Murray is Canada's No. 1 and he was at the peak of his form in the quarter finals yesterday when he eliminated young Carl Fischer of Detroit, the Michigan State champion, 6-4, 6-3, 7-5. Allison trimmed Laird Allitt of Montreal, 6-1, 6-3, 6-4.

Mrs. Billie Dykes of Morton, Tex., daughter of Mrs. H. F. Taylor, left Thursday for her home after a visit in Big Spring. She went via Lubbock and is to remain there with friends until this weekend.

Winelle Fischer has recently returned from a trip to Dallas where she visited Vera Ruth Weatherford.

FOREIGN VIEW OF TEXAS RACE

Editorialists of other states are having a field day in commenting on the nomination of W. Lee O'Daniel as governor of Texas.

Offhand, we can't recall a single state which is in position to throw any overripe tomatoes at Texas.

Texas is being given the r's by superior persons who seem to think we have done something ridiculous in nominating a specialist in commercial hallyho as governor.

Nobody knows whether he will make a good governor or a poor one; Mr. O'Daniel himself doesn't know.

Wouldn't the commentators in other states do well to wait before passing judgment on Texas? They might be fooled.

The British Attitude By Wireless to the Herald Tribune LONDON, Aug. 9. Much has been said in recent months about the decline of British prestige.

Since so much depends upon it, it is important to understand as fully as possible what is now determining British policy. One can easily be misled. For while it is easy enough to reach a fairly reliable impression of what the British are doing and easy to hear what they are saying, it is evident, it seems to me, that they have not yet made up their minds as to what they really think.

Thus if one looks first at what the British government has been doing, it is clear that since midwinter Mr. Chamberlain has been taking important measures to prepare for war.

But at the same time, and I think with equal determination, the British are refusing to act on the assumption that war is inevitable. So they continue on every possible occasion to extend their hands to Hitler seeking to find some ground on which to negotiate an agreement.

Feeling this way, they are bound to test every opportunity for negotiation. They must do this in the hope that the negotiation might succeed. And they must do it, even if they fail, because they cannot be comfortable with their consciences until they have tried everything.

years ago received the greatest majority ever given a gubernatorial candidate in this state. In the 1932 primary the governor had Crump's support.

Senator Berry bowed to A. Tom Stewart of Winchester, a district attorney general who expressed 100 per cent endorsement of President Roosevelt's policies.

The new deal was not an issue, however, although Berry was criticized in some of the speechmaking for his attitude toward the Tennessee Valley Authority and because he had voted against some of the President's measures.

Both Cooper and Stewart had Crump's blessing, as did Mayor W. D. Hudson of Clarksville, nominated for railroad and public utilities commissioner over the incumbent, W. H. Turner.

Group May Take Up Flood Inquiry

GALVESTON, Aug. 5 (AP)—The standing investigating committee of the senate will meet in the senate chamber at Austin Monday.

Whether the committee will investigate the operation of the Buchanan dam during the recent flood by the Colorado River authority will depend on the attitude of other members of the committee, Sen. T. J. Holbrook, chairman of the committee, said here today.

Sen. Holbrook said that personally he was ready to go into the matter. The committee has had a number of subjects under scrutiny and Monday's meeting was called to discuss procedure for the remainder of the year, Holbrook explained.

DESPERADO TRAPPED AND FATALY SHOT

HOT SPRINGS, Ark., Aug. 5 (AP)—Trapped in a hotel room, Earl Young, 26, Lebanon, Pa., desperado wanted in four states for robbery, kidnaping, rape and murder, was shot to death here today by two city policemen.

Young was identified from fingerprints.

The fugitive died in a hospital three hours after he was felled with a bullet in the head and a wound in the ankle during a gun battle with Police Captains Jerry Watkins and Ben Rogers.

An FBI officer said Young was wanted for the kidnap-murder of 17-year-old Betty Schradt near St. Charles, S. D., July 29, for kidnaping and attacking a young girl taken from Louisville, Ky., to French Lick, Ind., on July 12, and for robbery, car theft and jail breaking at Lebanon, Pa., three months ago.
