QUOTES FROM AN AMATEUR
PUBLISHER-EDITOR - Gene

To All Chicken and Dog Lovers

Earnestly we plead with you to keep your chickens and dogs penned up. As you have spent many hours of labor raising your chickens and dogs, so we have spent many hours of hard work preparing the soil, planting the seed and bulbs and watering to raise our garden and flowers.

We know how you must feel when an automobile runs over your dog or chicken - - we feel worse when your dog or chicken scratches up tender plants or digs up bulbs which we have so carefully planted. Remember we have to dig you to pen up your pooch or clip the wings of the chick that insists on visiting us . . . Please cooperate with us by keeping your chickens and pets at home. Thank you.

From All Garden and Flower Lovers -

I can readily understand why garden and flower growers want the above printed. A short time ago Theresa caught me out in the back yard and before I could think up an excuse, she had me spading up about a quarter section of land. She claims the spot wasn't over three feet wide and 12 feet long but I still think it was a quarter or half section. At least my muscles felt like it the next day. Like Ferdinand, I prefer sniffing the flowers.

You folks with dogs and chickens don't intentionally let them disturb your neighbors I know, so take an extra precaution by checking your fences, etc.

The more I am around the young people of this community, the more respect I have for their reasoning and intelligence. What with war jitters and numerous other unpleasant things taking place they are going right ahead striving to make a place for themselves in this turbulent world. They are not letting their faith in God and their fellowmen be weakened by actions and attitudes of older people. Who knows but what one of them may step forth some day to lead our nation from its present unrest and stop the socialistic trend it is slipping into.

Although John Kimble was the only one who filed for City Commissioner in the election held Tuesday three other names were written in by voters who at least wanted a little competition.

Following are the returns which were given the Progress by T. L. Acrea, Election Judge:
John Kimble 83 votes
Harvey Parker 2 votes
Jack Bennett 1 vote
Bennie Skaggs 1 vote

Be sure and cast your vote in the School Trustee election Saturday at the School Building.

Club Women Take Field Trip To Nursery

Members of the Women's Study Club, Mesdames John Wright, J. M. Nix, W. G. Kirk, Berenice Jeffs, Glen Mehaffey, Chas. Underwood and Miss Virgie Shaw went to Stephenville Monday afternoon where they made a field trip at Wolfe's Nursery.

The trip had been anticipated throughout the club year and Mr. Biggs, District Manager of the nursery, was on hand to serve as guide.

They were invited first to view the large cold storage vaults. After seeing the buildings they saw the row plants and later the site of the Wolf home where the widow of the late nurseryman lives.

Each member of the club party was presented with two rose bushes, a lilac shrub and a package of bluebonnet seed. They were extended an invitation to make a visit in July with a promise of a jeep tour through the entire nursery.

The day for the women was concluded with a barbecue dinner and a movie, "Follow the Sun."

Dist. 13B Track Meet Brogdon Field Apr. 7

Thirteen teams of District 13B will unroll one of the most colorful track shows which has ever been held on Brogdon Field. Entered in this meet will be last year's state champion, Rising Star along with a powerful aggregation from Clyde, Cross Plains, Baird, Gorman, Moran and others.

As it now appears the meet will develop into a two way duel between Clyde and Rising Star, two of the better Class B teams in the state, with strong competition coming from Cross Plains, Baird and Gorman. Coach Ray Nunnally will bring several tracksters who last year composed a large part of his championship team. Some of these boys include Dearmon, high hurdler deluxe; big Ronald Hicks who is expected to lead competitors in heaving the shot-put and discus; and Agnew who is capable of going a long way in the high jump and broad jump.

The Panthers have improved measurably in their track talents during the past few weeks. Several dual and three way meets with neighboring schools have provided valuable experience in a sport which is relatively new to most of the boys.

Good showings are expected from Jimmy Rachel in the 220

THE LIBRARY

This week sees the completion of the rebinding of the books which have been in need of rebinding for some time. A total of 95 books have been completely rebound this school year. Many other books have been repaired and there are a few others to be repaired. No record has been kept of the repair on books as it is an every day business. As a whole we are happy to say that our books are in very good condition.

This week a gift of 15 books was received by the library from Mr. L. A. McMillan. These books should be of value as references in the department of business education as they deal with such subjects as BUSINESS LAW, MONEY AND BANKING, THE PRINCIPLES OF ACCOUNTING, THE MATHEMATICS OF ACCOUNTING, and ENGLISH FOR BUSINESS. Thank you Mr. McMillan.

If you need a magazine article for a report at your club, drop by the library and use our Readers Guide to Periodical Literature and our magazines on file for references only. Perhaps we can help you find what you need. Our

yard dash, as well as in the sprint and mile relays.

Fred Eaves has come along well in the mile run and with a good day could lead the field in this event.

Our mile relay team which is composed of Cecil Robertson, Cecil Collins, Jack Eison and Rachel is also expected to make a strong bid as is our 440 team.

Nick Eakers has added new strength to the team efforts by excellent performances in the broad jump and low hurdles.

Hurdling the tall timber will be Robertson and Kent.

High Jumper, Ed Stewart. 880 runners include Jack Eison, Don Joiner, Ronald Jackson and Neil Gilbert; while other team members include Robert Rankin, Jerry Skaggs, James Brown, Manning Fairbetter, Donnie Mauney, Joe Mauney, Billy Whitlock, Bob Love, Doyle Lynn Clark, and Bob Self.

This meet will begin at 9:30 Saturday morning and will include grade, junior and senior divisions. This promises to be one of the best Class B meets to be found anywhere. For times and events check the schedule.

The meet will be conducted according to National NCAA and Interscholastic League Rules.

Mrs. W. Underwood Severely Burned

Mrs. Walter Underwood received severe burns Tuesday morning when her chenille robe caught fire from a gas heater. She had leaned over to help Mr. Underwood adjust his position on his bed just after he had sat up for a late breakfast.

Finding it difficult to extricate herself from the robe she attempted to smother the flames on the bed but immediately thinking of the danger to her husband she got on the floor and covered the flames which had reached her waist with her body until she could get the belt of the robe untied. Despite the flame from the cooked flesh she wrapped the burning robe in a bedspread and threw it into the yard before she summoned help from her neighbor, Mrs. L. D. Holliday.

The Underwoods do not have a telephone and Mrs. Holliday went to Ben R. Townley's home and phoned Dr. T. G. Jackson.

Dr. Jackson carried Mrs. Underwood to the hospital for dressings and prescribed daily dressings for her right limb and hand.

Mrs. Pearlina Baker will attend the Underwoods while she is recuperating. Mr. Underwood has been a shut-in since October, 1950.

WITH OUR BOYS IN THE SERVICE

Captain Tom Grimm of the U-SAF visited in Gorman last week. The Captain was the guest of Mr and Mrs John Kimble. He was enroute from California to Lackland Air Base in San Antonio.

Joe Bennet and Herman Bennet have been alerted for a move. They will go to Fort Belvoir, Va. where they will be trained in a branch of printing, the reproduction of maps. Joe, Herman and O. H. Lucke have received their stripes and are now P F C.

Lowell Rawls of Fort Sill, Oklahoma was home for the week end. Seaman Delvin Speck left Monday for his ship assignment.

Pfc. Billy Fred Jeffs was home for the week end. Mrs. Jeffs, Mrs. John Kirk, Mrs. Dona Moorman and Miss Lorena Clark accompanied him back to Sheppard Field. Bobbie Marshall, a veteran of the Korean conflict may well ask "Where does danger lie?" Bobby's mother tells us that he is enroute to the states after being released from the hospital. Surviving several trips to the front, Bobby was injured by a rock which fell from a cliff.

We hear that Bobby Joe Sessum with the U S Armed Forces in Japan is looking for a buddy, Corky McMillan who is somewhere in Japan.

Ben Nix is still shuttling back and forth on supply transport.

Lt. Bill Bettis and family of Sheppard Field visited his mother, Mrs. Ethel Harrell Sunday.

Pvt. Fred McMullen has written his parents that he has been assigned to Carswell Air Base in Fort Worth, when he completes the course of instruction at Fort Eustis, Va. He should arrive in Fort Worth around April 17th.

Carbon School Trustee Election April 7th

An election is to be held on Saturday, April 7 to elect three trustees for the Carbon School District.

Candidates for the three places are Ray Norris, Glenn Justice, Frank Park, Cullen Rodgers, Ed Stacy, and Nick Duggan.

The terms of Ray Norris, Bud Holloway, and R. H. Reed are expiring. Mr. Holloway and Mr. Reed declined to have their names filed for reelection. Mr. Norris is serving an unexpired term to which he was appointed.

All qualified voters are urged to go to the polls and exercise their privilege and duty of voting.

hundred. We are planning to do our best and hope we will win first place. Mrs. Nix and Mrs. Clement have been working with us. Mrs. Nix was the main sponsor but Mrs. Clement worked with her.

School Board Elects New Superintendent

The Gorman School Board, following the acceptance of the resignation of Mr. T. W. Beard from the office of school superintendent (the same being tendered to them on Saturday March 31 and reading effective as of April First, 1951) has elected Mr. Charles W. Gibbs to the office of superintendent to fill out the balance of the school term.

The Board elected Coach Ross Wilson as High School Principal the position formerly held by Mr. Gibbs.

Teachers for the 1951-52 school term will be elected at the Monday night meeting of the School Board. According to Mr. T. O. Shelley, this is the customary time for election of teachers.

Mr. Shelley also urge all citizens to cast their vote in the School Board election which is to be held Saturday, April 7th at the school building.

Texas Electric Granted Rate Increase By City Commission

The City Commission at a meeting recently held approved a new schedule of electric service rates filed by Texas Electric Service Company. Mr. L. D. Stewart, electric company manager said new rates represent an increase of 10 percent and will affect all electric service, except power sold for resale. Similar rate increases are planned in other areas served by the company.

The new schedule to become effective with the next monthly bills will raise the (average) house hold bill about 40 cents or 1 1/3 cents per day. This is the first general rate increase asked for in the thirty-two years in which I have been an employee.

"We've reduced rates many times, the last time in 1946, when a reduction of 11 percent in overall revenues was made", Mr. Stewart said. "We were wrong in 1946 when we assumed that inflation had stopped; but until now we've been able to maintain our service at the lowest rates in our history."

"We have fully used our advantages of growth more efficient generating units, helpful financing and reserve capacity in making previous reductions and in meeting the cost of increases of the last several years. We must now look to increased revenue from increased rates just as other businesses have had to do, in order to meet the rising cost of supplies and equipment."

"With the new rates in effect our revenues still will have less than it figured at our 1946 rates."

The increase we ask is the very minimum to meet present conditions and to provide good, dependable electric service.

"We feel that if prices and costs level out at this time, we will be able to make it through with the requested increase. We earnestly hope, as does every one that control of inflation will be accomplished." "If costs drop to warrant it, we will expect to resume our established policy of progressive rate reductions."

NOTICE

The City has gone to considerable expense cleaning up the dump grounds. All of the old trash has been piled and windrowed.

We would appreciate it if people would refrain from dumping trash in the roads and scattering it all over the grounds.

Please dump your trash in piles or windrows and burn or bury all dead animals taken to the dump grounds.

W. Ezzell, Oil Man Killed In Car Wreck

Walden H. Ezzell, oil operator, having interests in Gorman and Cisco areas, was buried at Alexandria, Louisiana, Tuesday. The body of Mr. Ezzell, following a fatal traffic accident, had been carried to Fort Worth and was later sent by rail to Louisiana.

The car in which Mr. Ezzell was riding with two companions, Clarence Black and Cliff Thayer of Cisco, featured in a three-car collision when their car and an approaching car struck a third car obstructing their right-of-way. The engine of the third car had stalled and its lights had failed as it made an unexpected U-turn.

Ezzell, at this writing was the sole fatality but both of his companions were hospitalized at Weatherford and the condition of Thayer is reported critical.

Occupants of the second car, the Maddox family, are not believed to be seriously injured but they were hospitalized at Saint Joseph's in Fort Worth.

Two boys were occupants of the third car.

The deceased, nearing his 50th birthday, is survived by his mother, three brothers, and three sisters.

CHEANEY NEWS

Reporter, Mrs. Bill Tucker

What should have been news last week was the visit in our home on Friday night, of Cpl. Earnest W. Mahaffey, of Eastland home on 30 day leave from Beaumont General Hospital at El Paso where he will be hospitalized for 6 months following combat in Korea for the past six months. A rifle bullet through his left elbow, shattering the bone put this machine gunner out of action.

Cpl. Mahaffey was once a student of Alameda School but finished his graduate course while in training at Camp in California He volunteered in October, 1949 and was stationed nearly a year on Guam.

His initial landing in Korea was at Wonson, November 1950. His

Mother of Two Praises Hadacol

HADACOL Supplies Deficient Systems With Vitamins B₁, B₂, Niacin and Iron

Mrs. Elmer Hise, 3225 2nd Ave., Council Bluffs, Iowa, is a good mother, and like all good mothers she keeps a careful watch for the welfare of her two young children.

And when little four-year-old Lucille Hise wasn't feeling as her mother knew she should she decided to do something about it. Mrs. Hise gave Lucille HADACOL because she had heard how much it was helping children who had poor appetites and stomach distress caused by deficiencies of Vitamins B₁, B₂, Iron and Niacin. It helped her so much that now Mrs. Hise gives HADACOL to both of her children.

Here is what Mrs. Hise says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADACOL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach doesn't bother her any more. I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

HADACOL Is So Effective
An important thing about HADACOL is that you get Vitamins B₁, B₂, Niacin and Iron in liquid form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. HADACOL helps build up the hemoglobin content of the blood (when Iron is needed) to carry these precious Vitamins and Minerals to every part of your body.

tory of the retreat to Hamming wings your heartstrings, and for his bravery this lad has received the Purple Heart, Combat Infantryman's Badge and a Citation. It was near Seoul that he was injured. In his own words he said "So long as American blood has been spilled, I think we should finish the job." But the tired look in this young man's eyes makes us know the ordeal of fire that he has been through has taken its toll.

Miss Ellouise Lowrance of Eastland, accompanied him and visited in our home also.

Mrs. James Hart II and her three small children set sail from New York March 30 to visit her parents and relatives in England.

Kay Kittinggale, an English Singer, met and married Lt. J. G.) James Hart while he was stationed in England during World War II.

Since making her home in the United States she has been taken to the hearts of the family and whole neighborhood by her friendly winning ways. This is her first trip back to England.

James, and his brother Glenn, motored through with her and the children to New York. She will

be away three months.

Illness in the community reads like this:

The Alton Underwood children are undergoing mumps this week also Beverly and Judy Morehead.

Mrs. Eva Underwood is ill and kept to her bed Sunday.

Mrs. J. P. Strickler is seriously ill with all indications of Dropsy. Mr. and Mrs. Earl Strickler and family of Olton, Texas are here to be with his mother and also for medical treatment of his wife Bertha, who has been in failing health.

Mrs. Belle Blackwell is able to be home again and is with Mr. and Mrs. John Blackwell for a time.

Mr and Mrs J B Blackwell and children visited them Sunday.

Mrs. Bill Sparger, who has been ailing for a long time, is considerably worse these past few days. Her daughter, Mrs. Zella Perrin, came from Sweetwater to be with her, accompanied by a granddaughter, Mrs. Leona Young, whose home is in Sweetwater.

Mr. and Mrs. Bernard Yancey and son, of Meridian visited over Easter with their families and Mrs. Dave Weekes and Mrs. Lee Yancey.

From the Seller's Point of View -

... he may earnestly believe that just any kind of an abstract will do, but it makes a lot of difference to the buyer as to the kind of an abstract he gets. There is as much difference in the quality of title information as there is in people and personalities. Most attorneys try to protect their clients against the hazards of irresponsible and sub-standard abstracts, and they should. Waiting for the best, where waiting is required, will pay big dividends in the long run.....

JAMES BURNS RETURNS HOME FROM HOSPITAL

James Burns, son of Mr. and Mrs. Ray Burns, has returned to his home after spending about six weeks in the Harris Memorial Hospital, Fort Worth, following a car wreck.

His neck is in a cast which will not be removed for another six weeks. His doctors promise him complete recovery.

He was the most critically injured of the five occupants of the automobile which was demolished when it left the highway near Benbrook. James invites his friends to visit him.

Card Of Thanks

To my relatives, and friends, who came to see me at Harris Memorial and to those who brought or sent me cards and gifts, I want to say, "Thanks a Million."
JAMES BURNS

Mr. and Mrs. Richard Tucker and her parents Mr. and Mrs. William Melton visited at Sinton, near Corpus Christi last week with a sister Mrs. Modean Rodgers and family.

4H Club Rally At Eastland April 14th

You'll have oil!

The oil industry is better prepared than ever before in history to supply the country's needs for petroleum products. Continuous exploration and development have established the necessary reserves, refining capacity has been increased, transportation facilities have been improved and extended. Operating competitively in free America, the oil companies have brought U. S. oil resources to a state of readiness not equalled in any other country. In the past year, the daily needs of the American people plus the extra needs of national defense increased the demand for oil by about

a half-million barrels daily. It was produced at once. Cars and trucks continued to roll, farmers' equipment stayed in the fields, industries powered by oil continued to operate; not an airplane was grounded, not a ship stayed in port, for lack of fuel. Nevertheless, the industry recognizes that all-out defense preparations will pose many new problems; that some petroleum products may be reduced in quality; that some sacrifices may become necessary. But the oil is here; it's available. You'll have oil.
