

JUNIOR JOTS

Everybody is busy studying for the six weeks test. The boys are especially worried about Plane Geometry and Chemistry. HA!

A few more of the Junior boys are coming out for football. And everyone is looking forward to seeing the football team play Lometa Friday night. We are expecting to see a lot of Gorman people there to cheer the Panthers on to victory.

All the classes met this week and elected candidates for Halloween Queen. Our candidate is Alice Rodgers.

Gossip. Wonder if Lougenia is still hearing from her Private?

Can it be Jerry is paying more attention to twirlers than to the ball game???? The rest of the Junior boys seem to find interest in the Sophomore girls!!!!

That's all till next week.

Alice Rodgers.

SENIOR SEZ'

BETTY CLONINGER, Reporter

Hi there guys and gals! Here is the old gossip again with the latest news.

We all had a good time at the game Friday night and even if we did get beat, we showed Rising Star what good sports we are and that is what really counts.

Is everyone going to Lometa this Friday? Let's go and back our boys!

By the way, if any of you would like a beautiful and delicious cake or pie, come to the Senior Bake Sale at Jay's this Saturday at 9 o'clock and we will be glad to sell you one. Bye now!

Goodwill is as fragile as an orchid, but as beautiful; as precious as a gold nugget, but as hard to find; as powerful as a giant turbine, but as difficult to build; as wonderful as youth, and as hard to keep.

FISH BAIT

Well this is the end of another week and we're all looking forward to the football game.

We elected our room mothers last week and they are: Mrs. Shelly and Mrs. Brightwell.

This week we elected editor for the annual. Ronald Jones was elected for the editor from our class. We also elected candidates for the Halloween Carnival. Shirleyan Brown was elected from our class.

Everybody will be studying hard this week I guess since it is the end of the first six weeks, and we will be getting ready for six weeks exams. And we will also be busy making up money for our queen.

Beth Brightwell, reporter.

WANTED BY FBI

FRED MORRIS FINE

Fred Morris Fine, Secretary, Public Affairs Department, Na-worker, a clothing store clerk;

tional Headquarters of the Communist Party, USA, is being sought by the Federal Bureau of Investigation on a charge of conspiracy to advocate the violent overthrow of the government. The FBI has requested alert citizens and law enforcement agencies to assist in locating Fine. A description of Fred Morris Fine is as follows:

Age, 37; born March 30, 1914, Chicago, Illinois; height, 5' 5 1/2"; weight, 139 pounds; build, medium; hair, brown, partially bald in front; eyes, brown; race, white; nationality, American; scars and marks, mole on left cheek at mouth level; distinguishing characteristics, large mouth, heavy features and prominent Adam's apple.

Fine has worked as a steel typist and bookkeeper. He is not known to drink. He smokes a

W S C S May Sponsor Blood Bank For Korea

The members of the Woman's

pipe and cigarettes. In the past he has suffered from a hernia and other complications which necessitated medical treatment. He has resided in New York since 1950. Prior to that time he lived in Chicago, Illinois, and Detroit, Michigan. He was indicted by a Federal Grand Jury at New York, New York, on June 20, 1951.

Any person having information which may assist in locating Wil is requested to immediately notify the nearest FBI Office. The phone number appears on the first page of the telephone directory.

Society of Christian Service are making investigation as to the time and place that folks of Gorman may give blood to be shipped to Korea Mrs. G. C. Acrea, secretary of the W. S. C. S., has been delegated to secure the desired information.

Statements on the radio and press regarding the tardiness of Americans in donating blood needed by the untold wounded falling in the United Nations lines in Korea have made the women conscious that civil neglect is "fiddling while Rome burns," letting the soldiers die. Neglect can be a murderer too.

The W. S. C. S. will have their second lesson in a series of the study, "We American, North and South," on Monday October 15th at 3 P.M.

JAMES McCOY, District Manager

OIL PROGRESS WEEK

OCTOBER 14-20

Oil Progress means more to Texans!

This week the United States will focus its attention on the oil industry's contributions to the high American standard of living, to the nation's industrial progress, and to the national defense. *This is Oil Progress Week.*

Texans know the story well: as home folks in the oil country, they share the oil industry's pride in supplying the resource that powers a major share of the country's industries, all its airplanes and automobiles, most of its ships and trains.

Texans realize, moreover, that oil's progress means even more to them than it does to many other Americans. For example, the value of the crude oil produced in *West Texas** in 1950 was approximately a billion dollars. This is not "boom money." West Texas uses it to pay taxes, salaries and wages; it buys homes, groceries, light and heat; doctors collect a portion of it; landowners receive

royalty and lease payments; a sizable portion of it is reinvested in the further development of the region's oil resources.

In a word, the progressive development of the petroleum resources of West Texas has enormously stimulated its thriving industrial, commercial and agricultural development, and this is the *more*, the plus, that oil's progress means to West Texans. Modern, efficient production practices will conserve the oil and gas resources of the region, and oil's progress will continue to mean more to West Texas for many years ahead.

*The shaded area is the region called West Texas by the West Texas Chamber of Commerce.

HUMBLE OIL & REFINING COMPANY HUMBLE PIPE LINE COMPANY

Desdemona News

Mr. Joe Quinn visited the week end with his wife in Temple hospital where she has been a pa-

tient for several months. Her condition remains about the same. Paul Arnold, son of Mr. and Mrs. John Arnold who has been with the U. S. Army in Korea has been discharged and he with his wife and children of Kermit

are visiting his parents. Mr. and Mrs. Bernard Keith who have been honey mooning in parts of New Mexico and Colorado are spending this week with his parents, Mr. and Mrs. Major Keith, and sister, Mr. and Mrs.

Pug Guthery. The young couple will be at home in Odessa where he is employed by the Humble Oil Co.

Mrs. Minton Hanna of Eastland spent Friday with her parents, Mr. and Mrs. Horace Lane.

Mrs. H. T. Lane spent Sunday with her mother, Mrs. Amanda Rogers of Eastland.

Mrs. N. S. Partain of Dublin is visiting this week with the Keiths.

Mr. and Mrs. John Dean Ragland are visiting with his parents Mr. and Mrs. Clarence Ragland.

"Whistle" Luker and Miss Inez Northcutt were quietly married last week and left immediately for a short honey moon.

Ruth Batty, Missionary from Venezuela, South America, showed a group of slide pictures of her work in that country in the Baptist Church Sunday night, and gave an interesting talk on her work with the Indians in that country. A large crowd was present and enjoyed it very much.

Eastland County Live Stock Association To Hold Barbecue Oct. 25

J. M. Cooper, County Ag. Agent, Bx 448, Eastland, Texas

The date for the annual barbecue of the Eastland County Livestock Raisers Association has been set for Thursday night, October 25, at the City Park in Eastland, Judge M. S. Long, President of the group announced today. One of the highlights of the

Visitors in the Raymon Anderson home in Stephenville over the week end were Mrs. Sally Huffman and Dorothy Greenhaw and children of Desdemona, also Mr. and Mrs. Elmer Lee Anderson of Novice and Mr. and Mrs. Elbert Wall, also of Stephenville.

The First National Bank of Gorman has been serving this territory for over 50 years - - Your account is appreciated

association activities of the year the annual barbecue draws around 600 ranchers, business and professional men and women from Eastland and adjoining counties interested in the growth and development of the livestock industry in the area.

Johnnie Aaron and Waverly Massengale, Eastland were named Co-Chairmen of the affair by Judge Long. Others on different committees named included Parks Poe, Jack Baker, George I. Lane, W. B. Harrie, Harold Courtney, Vernon Humphries, Homer Smith, T. D. Wheat, C. V. Whitaker, H. H. Durham, J. M. Cooper, Sig Faircloth, Carl Johnson, Red Graham, M. D. Fox, H. J. Tanner and Dave Fiensy and Hoyt Davis all of Eastland, A. V. Clark of Cisco and the following from Ranger: R. E. Harrell, B. S. Dudley Jr., and Leslie Hagaman.

Plates to the barbecue will be \$1.00 per person. A total of 700 tickets have been ordered it was said. Membership due to the organization were raised from \$1.00 per year to \$2.00 per year. It was

brought out however that non-members may attend the barbecue as well as members by purchase of tickets.

The date for the county show to be held in Eastland for the first time in a number of years was set for the last Friday and Saturday in March. A number of committees were named to begin work on this project. A motion was passed to set up \$1,000.00 for premium money for the different classes at the show next spring to be held at the Airplane field, one mile northeast from Eastland.

A nominating committee for the election of officers and directors for the coming year of the association was named and included: A. V. Clark, Cisco; H. H. Durham, Eastland and Leslie Ragaman, Ranger. Other nominees may be named from the membership at the annual barbecue where the election has been held for the past several years.

Another meeting of the organization will be held on Monday night, October 1, Judge M. S. Long reported.

Fire Prevention and Civil Defense Go Hand in Hand

Fire prevention is an important part of civil defense. If an enemy attacks this country, his bombs, whether they be atomic, high explosive, or incendiary, will cause more damage by fire than they will by blast. Hence, anything done to make it hard for fires to start is a step towards preparing your community to protect itself if war comes.

The majority of all fires start in chimneys, rubbish, or stored odds and ends that accumulate around the house. Closets, attics, and cellars are the main source of home fires, and plain ordinary good housekeeping is a strong line of defense against them.

Clean out your storage places. You will be surprised at how many burnable odds and ends are really useless to you. Don't let them clutter your home a fire hazard. Get rid of them. If local welfare agencies can't use them, call the junk man.

Don't stop when you've cleared out the inside of your house. Go after rubbish in your back yard, in alleys and in vacant lots near your home. Collect the rubbish and burn it. Don't leave it around to burn if an enemy bombs your city. Be sure to burn rubbish in metal containers.

Take a look at your electrical system. Buy new plugs and cords if yours are worn. Get advice from an electrician if your fuses blow frequently. They may be dangerously overloaded. His advice may prevent a bad fire.

Every winter costly fires are started by faulty furnaces, stoves, and other heating plants. Some result from too much soot in

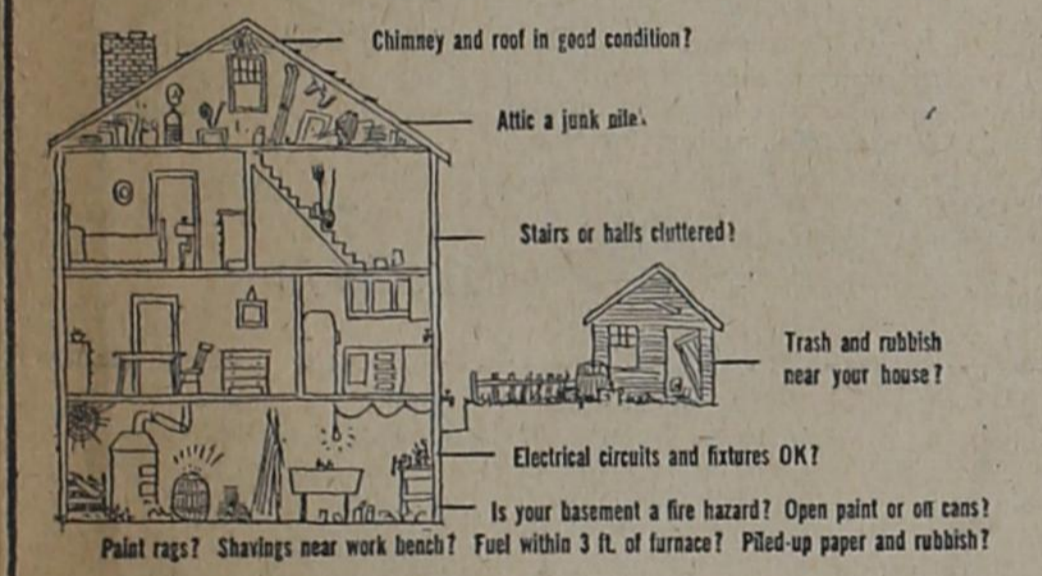

chimneys. Others are caused by rusted or cracked pipes and fittings. Look over your heating system now. If your chimney needs it, clean it out. If the furnace pipes and connections are cracked and rusted, replace them.

Teach your family not to put magazines, papers, or clothing on radiators or near open flames. Don't hang flimsy curtains near your kitchen stove. Don't allow lamp shades to come in contact with light bulbs. Remember that such things don't have to touch flame to burn. They will catch fire simply because they are too close to the heat for too long.

Gasoline, benzine, naphtha, and similar fluids should never be used indoors. When mixed with air, their vapors can be ignited by the spark of a light switch or an electric fan, or the tiny flame of a pilot light. Keep such fluids in tightly closed metal containers outside your home.

And remember: oil-soaked rags, especially rags that have been used to spread quick-drying liquids such as turpentine, paint thinners, and some furniture polishes, can catch fire by themselves. Oily rags should be stored in air-tight metal containers. It is best to keep them outside the house.

"Clean Buildings Seldom Burn"

Lucky Car

Renowned as a four-wheel grail talisman is this 1931 model Chevrolet which was brought to the Michigan campus 14 years ago when the football team's slumping fortunes began to recover. The vehicle has been passed from one coach to another and is currently owned by Bill Orwig, shown at the right of Head Coach Bennie Oosterbaan. Superstitious coaches kick the car's tires, pat its fenders or sound the horn before big games.

OIL PROGRESS WEEK - - OCTOBER 14-20.

OIL... the vital fluid that flows through the veins of industry... fundamental source of power for the myriad of machines that mean better living for all Americans and a stronger defense against our enemies. We salute the oil industry, and we're proud of the part that American banking has played in helping to build the industry, through finance.

The **FIRST NATIONAL BANK**

"Oldest Bank in Eastland County"

GORMAN, TEXAS

Size it up and you'll see why More People Buy Chevrolets Than Any Other Car!

Longest of the Lot

Chevrolet looks longest, Chevrolet is longest... a swank and sweeping 197 1/2 inches over-all that tops any other car in the low-price field. Size up Chevrolet's greater length, and you'll find it hard to settle for less.

Most Road-Hugging Weight

Gives you more road-hugging, road-smoothing weight... a hefty 3140 pounds† in the model illustrated that no comparable car in the field can match. Get the feel of this big car, and you won't settle for less. (†Shipping weight.)

Widest Tread in Its Field

Here's the steadiness of the widest tread in the field... 58 3/4 inches between centers of rear wheels. Once you've known the better roadability of Chevrolet's wider tread, you wouldn't settle for less.

Finest Comfort Features

Luxury of Body by Fisher... cradled ease of unitized Knee Action... smooth control of Center-Point Steering!

Biggest Brakes of Any Low-Priced Car

Big, powerful Jumbo-Drum brakes—largest in the low-price field! Use the car's own momentum to increase stopping power.

Way Ahead with Valve-in-Head

The trend's to valve-in-head. And Chevrolet's had it for nearly 40 years! Get sparkling performance and real over-all economy.

Join the Shift to No-Shift **POWER GLIDE** Automatic Transmission*

Sensationally smooth! Excitingly easy! It's a new experience in driving, the modern way to drive. Costs little more—or even less than many a car with standard gearshift!

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.
