Volume Fifty-Two

What has happened to the initi ative and foresight of the people of these United States? Has their desire for self-government become so drugged by Bureaucracy His death followed a long illness rated as one of the best Scout Business Men's Club of Gorman. ditorium was let to B-W Con-Charity, that they are willing to sell their children's and grand- local hospital. During the last children's birth-right for a mess lingering days Mr and Mrs Un- SCOUT EARLY BIRD

want to eat Jack rabbits again, like I did in the Hoover days", I wonder if they are thinking of their childrens future. At the rate our present administration is going into debt there won't even be any Jack Rabbits left for the next generation. I, for one, liked the days when I could ask a man for a job and if after a reasonable time I felt he was I not paying me what I was worth then I was free to bid him goodye without fear of being denied job elsewhere because I did not carry a card. I also like the idea of hiring a man without being penalized for paying him a wage. There was a time when two or three school boys made the Progress their headquarters, earning spending money and learning a trade at the same time. Today, I cannot hire one boy because if I pay him a dollar I have to fill out a social security form and mail the Internal Revenue one and a half cents out of his dollar and then take

The following editorial was copied from the November issue of Farm Journal, a monthly mag azine published in Philadelphia,

Why Should I Have An Abstract?

- - is a question oftened asked of abstracters and one we like to answer. When ownership of real property enters your business life then title problems also come in. Buying selling, mortgaging or otherwise dealing with real estate require correct title information. The abstract reflects the true record title and therefore has everything to do with values. That's one answer, there are many others.

Baytown Refinery: Average crude runs to stills, barrels daily 249,310

August 31 17,775

Humble Pipe Line Co. operates 5,895 miles of trunk lines for oil and finished products, which had transported a daily average of 722,600 barrels in the year ending August 31.

heavy expense of drilling these new wells August 31, Texas production totaled was paid from earnings plowed back into about 1,015 million barrels. There are now the development of the State's oil re- 133,800 producing oil wells in Texas.

which is so important in our State, and in the progress made

since Oil Progress Week was last observed.

Reserves - Proved oil reserves in Texas of 18 billion barrels represented 57 per cent of the U. S. total at the beginning of 1952. During 1951, the last year for to be the largest tax-payer in the State. needs currently and provide reserve ca- large amounts in other taxes. pacity that is immediately available when

Refining - The Texas refineries will have a big year. They now employ, in round numbers, 46,000 Texans, and process about 28% of all the oil refined in the U. S. The daily refining capacity of all Texas refineries exceeds 2,000,000 barrels. A program to expand and improve these facilities has been general throughout the industry.

Taxes - The Texas oil industry continues which figures are available, proved re- Through the year ending August 31, gross serves increased two billion barrels. These production taxes alone on Texas oil and are developed oil reserves and the figure is natural gas amounted to more than \$137 important: developed reserves supply our million; in addition, the industry pays

In brief, the Texas oil industry during the past year continued to do its part in meeting the demand for oil. It has expanded pipelines to provide low-cost transportation. It has improved facilities for making more and better petroleum products for your use. Today, two gallons of gasoline do work that required three gallons in 1925; and the gasoline costs no more than it did then.

BALLOT - Names as they will appear on Official Ballot

The size of the Official Ballot (17 inchs by 22 inchs) with 8 columns prohibits the Progress from publishing same in its entirety. Aside from the Democratic and Republican Party the five other parties only list candidates for the office of president and vice president, with spaces left blank under the headings of the other offices. Then there is one column (the 8th) headed WRTE-IN. To conserve space the Progress is listing the six columns under one. Names under the Democratic and Republican Party are listed as they will appear on the Official Ballot. An Official Ballot is on display at the Gorman Progress Office.

You may vote for the candidates of your choice by placing an X in the square beside the name or you may vote for the candidate of your choice in each race by scyratching or marking out all other names in that race.

Scratch or mark out one statement so that the one remaining shall indicate the way you wish to vote.

JONES CHILDREN'S HAVEN FOR BIRTH INJURY CHILDREN, DALLAS

Jones Children's Haven, 3611 Fairmount, Dallas, Texas, is a hospital home for birth injury children who are incurably ill.

For many parents the founding of this hospital will be the greatest happening of the 20th Century. In most state's these un fortunate children have been denied care at expense of state until they have reached the age of six. There are few hospitals who admit the children.

Folks without even the least knowledge of medicine recognize the fact that these children need expert care and that any possible help must be given to them

from infancy.

The Jones Children's Haven was conceived and founded by Wardwell Jones and his wife, Mrs Dixie Shelley Jones, who is J. F. PLEASANTS, Evangelist | Worship - Communion 11 A M ● Ed Note:- The president the neice of T O Shelley. Folks and vice president candidates visiting the Haven and learning are the only ones listed under the history of it's foundation will Morning Worship 10:50 A M this Party - space is left under realize that the hospital was the head of each office for built and is operated from a dewrite in if voter so desires sire to give to others what was for so long denied the founders. Their need culminated into in- Ladies Bible Class -

> Babies are the only patients admitted to the hospital, babies who can never lead normal lives The babies are not "just kept." They are cared for by graduate nurses and specialists in pediatrics, neurology, dentistry, and orthopedics.

The baby home, a beautiful fireproof building with sixty bed capacity, has all the furnishings of a private nursery.

For President and Vice President The hospital is a member of the American Medical Society, the American Hospital Association, and the Texas State Hos-

pital Association. A fund for endowing the Jones Children's Haven is the Betsy Ann Still Fund. It is non-sectarian. Certainly no more worthy

For this information the editor is indebted to Mrs T O Shelley and Mr Shelley, who visited the Jones Haven during the week

Anybody can have Central Heating

DEPENDABLE MODERN

Units can be installed in the attic - in a small closet - suspended beneath the floor.

Today, thanks to new types of central heating units and new types of air delivery and return ducts, any home new or old, large or small can have automatic flue-vented central heating.

Truly, the cost is within everyone's ability to invest. It is not unusual for an inquiring home-owner to learn that the cost of central heating to be about the same as the cost of several individual heating units required to heat his entire home.

They are economical to operate, too. Automatic controls turn fuel on and off as needed. Just enough fuel burns to maintain comfort.

... Have central heating installed today. When real cold weather arrives you can sit back and enjoy the carefree, more healthy and luxurious warmth only flue-vented central heating can give you.

Empire Southern Gas Company sells and installs all types of central heating units. If you are planning to modernize your home or to build a new home, call us aboot central neating.

HIGGINBOTHAM BROS. & Co. GORMAN, TEXAS " EVERYTHING "

DO YOU KNOW WHAT'S WATT? See your dealer . . . he has a convenient chart that will help you select the proper size bulbs.

GOOD GROOMING IS EASIER

When You Have The Right Bulb in The Right Place

A well lighted bathroom is a big help in keeping your best face showing. Reddy suggests that you place a 100 watt bulb in your ceiling fixture and 60 watt bulbs in eye level wall fixtures. Such a well lighted bathroom will put light evenly on both sides of your face, on your neck and lower lip...giving you cleaner, faster shaves. The same lighting recipe will do wonders for make-up and other good grooming, too.

YOUR DEALER CAN HELP YOU select "the right bulb for the right place." Check his convenient chart and buy the bulbs you need ... plus some extras ... for easier seeing.
