CALCUTTA, Aug. 19 (AP)-Moslems and Hindus killed each other at a slackened pace today in the stinking streets of Calcutta, which in four days have been strewn with 2,000 to 3,000 corpses.

The situation was the quietest since Friday when the rival factions started the most ghastly riots in Calcutta's turbulent history, quarreling over differences regarding the British proffer of independence.

Sporadic shooting continued. Eerie cries rang through the streets. Bodies were piled here and there, many of them dead four days and picked by vultures. Many were bloated. The danger of an epidemic which might dwarf the present number of casualties mounted by the hour.

Several thousand lay wounded. The food situation worsened as stores remained closed.

## **Embargo Lifted** On Press News

NEW YORK, Aug. 19 (AP) Transmission of news to and from the United States was normal today for the first time in a week as the American Communications As- YWA will meet at the First Bap- and Mr. and Mrs. Clyde Morriss Mrs. John Foster sociation (CIO) lifted its embargo on foreign news dispatches. The action came shortly after the union agreed to arbitration of its dispute with Press Wireless, Inc.

The union membership last night ratified an agreement reached by union and company officials to arbitrate issues in the 122-day old strike, including proposed layoffs for 46 employes and reductions in pay for others.

Lawrence Kammet, ACA, national press representative, said the 300 striking press wireless workers would not return to work until the arbitrator hands down a decision on whether the company had the right under its union contract to lay off employes without first arbitrating the matter.

Arthur S. Meyer, chairman of the New York state mediation board, who was chosen as arbitrator, said he expects to decide this phase of the dispute by tonight or tomorrow.

#### Attempted Recall Of Goering In Trial Termed A Stall

NUERNBERG, Aug. 19 (AP)-American Prosecutor Thomas J. Dodd this morning called defense attempts to return Hermann Goering to the witness stand a "fillbuster against judgment" and said "it is my considered opinion that this is an attempt to stall this trial.

Dr. Otto "Stahmer, Goering's counsel, had applied for permission to bring Goering back to the stand to deny he knew anything about medical experiments carried out on human guinea pigs at concentration camps on behalf of the luftwaffe. Dodd asserted that Goering had

had ample time to deny these allegations when on the stand the first time and would have another opportunity when he takes the stand to make a final statement. Dodd had previously charged that defense counsel for individual defendents and indicted Nazi organizations were trying to gain time by every possible stalling

tactic. The International Military Tribunal deferred decision on whether Goering would be recalled.

Shorn of all their embellishments, cartels resolve themselves into monopoly. Now monopoly can be conceived for various purposes, some of them superficially reasonable and seemingly necessary as a defensive mechanism. In the end, however, they remain to restrict trade and hold up price structures. Ultimately, the few participating in the cartels profit and the general consuming public suffers.

Germany applied cartels in a variety of forms and with such dexterity that the Nazi meids who manipulated them were hailed in this country as near geniuses. Part of this stemmed from the necessity of getting into world markets, and part of it from the fact that here was a type of trade in which the German economy could flourish. It had the hood, they should not be tolerated.

Considerable outcry is being raised effect of accomplishing exchange for the Germans, but it also worked to the harm of those nations attempting to ply free international trade.

It goes without saying that had Germany won the war this would have been the prevailing type of world trade. Yet the defeat of Germany did not vanquish the threat of cartels. There are doubtless American interests who have fingers in cartels-possibly under sweeter names - and some of the worst offenders today are British interests seeking to corner certain world markets. notably rubber.

Whether the robber is a rich man or a poor man, a respected personality or a shady character, the act is still the same . . . and cartels eventually amount to taking away price reductions and volume trade which belong to the people. Regardless of parent-

Nelson Insists There'll Be A **New PGA King** 

PORTLAND, Ore., Aug. 19 UP "There will be a new champio crowned this week. It might be somebody who has won it before -but it won't be me."

So declared Byron "My Golf" Nelson, defending champion from Toledeo, O., and Denton, Tex., as a field of some 130 of the nation's best professional golfers teed off today in quest of the 28th annual PGA title. Nelson and little Ben Hogan had just lost the "Texas against the

Champion Lloyd Mangrum and British Open Champ Sam Snead, 2 and 1, while 5,000 spectators looked on. Mangrum and Hogan shared scoring honors. Mangrum had a 32-35-67 and Hogan also was five under par with a 34-33-67. Nel-

world" dream match to US Open

son was credited with a pair of 34's for a 68, and Snead took a pair of 35's for a 70. "That 68 was conceded, though" Nelson decelared. "Actually I fig-

ure I had around a 71." He said his sore back was feeling better, but despite Nelson's moans there were many who still considered him the No. 1 threat and they regarded his complaints as a smokescreen to switch the heat off him and center it on someone else.

LONDON, Aug. 29 (A)- Scotland Yard was confronted with a new mystery today in the death of a wealthy bachelor and former war office secret operative who was found shot through the head on fashionable Westleigh Avenue in the Putney District.

The dead man, Leonard R. Warrens, 46, was discovered by a milk- Z man on his early morning round. Police said Warrens probably had been dead several hours. His pockets were rifled and his gold wrist watch was missing.

#### Lady Nearly Choked While Lying In Bed-**Due To Stomach Gas**

One lady said a few days ago that she used to be afraid to go to bed at night. She was swellen with bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got INNER-AID and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

INNER-AID contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring.
