Native Galilean To **Present Musical** Travelogue Holy **Land In Full Color**

It is a far cry from the ancient hills of Galilee, and the pastoral life of the people there, to the dynamic days of the modern present in civilized America, but those two extremes are covered in the span of life of Stephen A. Haboush, a shepherd from Galilee, who has brought to America the story of Galilee and Palestine told as only one who was born there can tell it.

men. He came to the United Sta- mononomonomonomono tes several years ago and worked his way through the American University. Recently he returned to the land of his birth and there personally took in full color motion pictures of the scenes and people of Galilee and Palestine. He returned to America with his unusual films and thrilling story. He has written for magazines and newspapers and spoken before great audiences in many of the famous universities, colleges, chur ches and schools in Canada and the United States.

There is an inspiration in the life and teaching of Stephan A. Haboush for everyone. His messages and travelogues bring to the material present the story of life in Galilee and Palestine as it was and as it is, the story of the Scrip tures interpreted by one to whom the scenes of the Story of our four Gospels are his native land. He is the author of "My Shepherd life in Galilee" and in the book review of the Baston Trans cript appeared this statement, "He enters into the feeling of the most famous bit of the world's devotional literature with insight

Wheat Sees Chance To Harvest Win

The Philadelphia Athletics, who had been wondering what they got for Outfielder Dave Philley in the recent deal with the Cleve land Indians, learned the answer last week. If nothing else, says The Sporting News, they got a lot of beef in the person of Leroy William Wheat, six feet, four inches and 202 pounds, plus Wil-

According to this press release ter his first appearance in A's

the rest of the season if he de-

"I wanted to," Wheat related in the Sporting News, "and I did stay five weeks. But in the whole I never had a chance to do more than pitch in batting practice. One day the White Sox beat us something like 18 to 2, and Al Lopez used every pitcher he had except Ted Wilks and me.

"I was surprised when I heard I'd been traded to the Athletics,' Wheat continued, " But I was glad. Maybe I can do more pitchin' with the Athletics than I could with the Indians." 00000

Pat Monohan, veteran scout, re ports in The Sporting News that on a recent trip to Texas he found a notice in the room of his hotel tice. 'Cur towels look so much like family towels, our guests do not steal them."

00000

Another Southpaw Catcher For Bucs

Fred Waters one of the three pitchers the Pirates received from Milwaukee in the deal for Danny O'Connell, is not going to be a pitcher after all. That is, if Branch Rickey, Buc general manager clicks with his plan to make a catcher out of the southpaw who won ten games and lost the same number for Lincoln (Western League) last summer.

Rickey believes Waters snould make the grade as a lefthander catcher because he throws the ball naturally overhand and in addition is rated a pretty good

hitter. Waters says he caught about ten games in high school and semi-pro ball and is all for the experiment.

Meanwhile, Dale Long, the left handed first baseman who was tried as a catcher by Rickey a few years ago and failed, is back in the Pirate camp, as a first base

Mantle Must Ride Bench Until May First

The doctors have informed the Yankees that Mickey Mantle will be unable to play until May 1. His right knee has been operated or twice, the latest surgery being the removal of a cyst several weeks ago, and his tendons and thigh are still weak. Mantle took his first workout last week and tested his knee in batting prac-

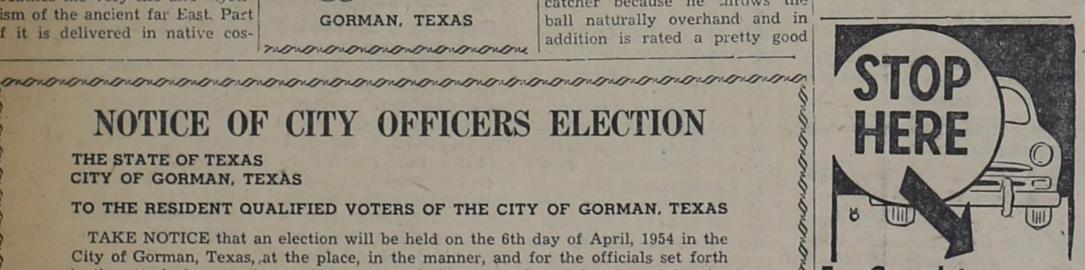

000 New Crouch For

Walt Dropo

First Baseman Walt Dropo introduced a new stance when he reported to the Tigers' camp last week.

"I've decided to crouch over the plate more this year," he explained. "I've been practicing it all winter in my basement in front of a mirror. Been swinging at least a half-hour every day.'

Dropo is convinced the new crouch stance will help him protect the plate in better style and, just to prove his point, he rattled out a parade of weel-hit balis in his appearances in the batting cage last week.

Doesn't she deserve an ELECTRIC CLOTHES DRYER?

It's so simple and easy to dry clothes quickly in an AUTOMATIC ELECTRIC CLOTHES DRYER that it makes old-fashioned clothesline drying in these days of electrical living about as obsolete as the horse and buggy.

The soft, gentle heat of an electric dryer leaves clothes fluffy, clean and sweet-smelling ... free from outside dust and grime. Protects them from sunfading, too. They're easier to iron and many pieces require no ironing at all.

Free your wife from the back. breaking, time-consuming drudgery of clothesline drying. Let Reddy Kilowatt help her enjoy more leisure time with the family.

attendance.

Two men stopped in front of a store in Boston.

One was Lowell Mason, near middle age and just

back from Savannah, Ga., where for 16 years he

had been a choir director and bank clerk. The

other was 24-year-old Ray Palmer, recent dry

goods clerk and graduate of Yale. Three years

later Mason was to be awarded the first degree

of Doctor of Music conferred by an American

college and was to go down in history as per-

haps the greatest of all hymn-tune composers.

That same year, 1835, Palmer was to be ordained

a minister in the Congregational Church and

Boston. He was directing three choirs, hound-

ing the Board of Education to put a course of

music in the city schools and compiling material

for his "Spiritual Songs for Social Worship." That's why he had stopped Palmer on the street.

Lowell Mason was one of the busiest men in

The Church is not essentially a human institution but is the community of believers of which Jesus Christ is Lord and in which He works by His Holy Spirit. It is the gift of God for the salvation of the world through the preclamation of the evangel of good news to all men. It asserts the claim of Christ as the incurnate Word of God to the fordship of all human life. It is universal in nature, standing greater than any group claiming exclusively to represent it, and above every nation and culture in which it finds its home. Belonging to all the ages, it defies the passing of the centuries and embraces within its visible and invisible membership both the living and the

dead. Though composed of both human and divine elements, its nature is not abridged by the frailties of those forgiven sinners who compose its membership. It is His body, the instrument of His active power, and the bond of fellowship between all those who accept His lordship.

Attend the Church of Your Choice Every Sunday

Now is the time for a plumbing check-up and tune-up. For anything from minor repairs to major replacements . . . we have "what it takes" to do the job right and plumbers with "Know How" to give quick, dependable service. Phone Hardware Dept.

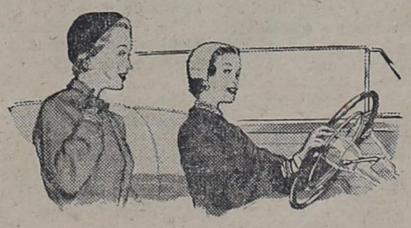

L. F. KELLOGG, Plumber

Gorman, Texas

(Isn't this why more people want - and buy -Chevrolets than any other car?)

What you want most Chevrolet gives you first

See how Chevrolet stays ahead of other low-priced cars in all the things that mean the most to you. See how much less Chevrolet costs you—it's the lowest-priced line of them all. Come on in and let us show you how you can have the things you want and be a good many dollars ahead with a new Chevrolet. That's promising a lot, but we welcome the chance to prove it!

OUT AHEAD with that bigger, lower look. Only Chevrolet and leading higher-priced cars have Body by Fisher with that big, smooth, low-slung look.

OUT AHEAD with zippy, thrifty Powerglide. It's the first and most advanced automatic transmission in the low-price field. Acceleration is instantly responsive and as smooth as silk. Optional on all models at extra cost.

OUT AHEAD with the highestcompression overhead valve engines. Chevrolet's great engines have the highest compression ratio of any leading low-priced car.

OUT AHEAD with bigger brakes. Chevrolet brakes are largest in the lowprice field for smoother, safer stops!

SYMBOL EMBLEM SAVINGS EXCELLENCE

OUT AHEAD with that smooth and solid big-car ride. Chevrolet's the only low-priced car with Unitized Knee-Action -one reason for its finer road-smoothing, road-hugging ride.

OUT AHEAD with automatic power controls. Chevrolet is the first low-priced car to bring you all the latest automatic power features and controls as e: .cost options.
