Panthers Meet Moran In Second Dist. Encounter

By
Kernel Gene, aPe

Sunday afternoon three young men visited the Progress office. They felt that they were being unjustly accused of bothering the Negro boy last week. They furthermore stated that if they had done anything wrong they would be glad to have published a signed apology.

Thanks fellows. We are happy to close the books on this.

Alas and Alack! The reputation and advertising ability of the Gorman Progress is at stake. I have boasted from time to time about "how it pays to advertise" in the Progress. Tuesday Art Smith, son of Mr. and Mrs. Edwin A. Smith, informed Kernel Gene that his cocker spaniel was lost and it was up to the Gorman Progress to find him and get him back home. So folks, if you see a small cocker spaniel that looks like he has lost his young master please return him to Art Smith. Thanks.

Since the column has taken a commercial turn this week I'll call your attention to this young lady known as "Sunshine Sue".

star of WRVA's Old Dominion Barn Dance. She is adding sweets to the sweet by boosting Karo Syrup. Karo is starting a series of ads in the Progress this week.

Your patronage of the Progress advertisers helps us put more Karo on our bread which in turn gives us more strength to print your paper.

It's A Long Trip

Emerson: "This coffee is imported from Brazil."

Tired Customer: (H. P.) "Oh, so that's where you have been!"

Thanks to "Cheer" house organ of E. C. Palmer Paper Co.

This Is People?

A six-year old girl submitted the following composition on "people" to her teacher:

"People are composed of girls and boys, also men and women. Boys are no good at all until they grow up and get married. Men who don't get married are no good either. Boys are an awful bother. They want everything they see except soap. My ma is a woman, and my pa is a man. A woman is a grown up girl with children. My pa is such a nice man that I think he must have been a girl when he was a boy."

I don't know whether it's because of his youth, desire for notoriety, or just plain itch for something to write about in his column. Either way it seems Editor Virgil Moore of the Eastland Telegram has a flare for misquoting quotes. Of course, being on a daily paper I guess it does create a problem to get enough news every day without stretching facts a bit. Virgil, my boy, there is a lot of difference between the word threatening and beating up, and sanctuary and siding. So, take it easy son, people will think just as much of you. Nobody has been beat up in Gorman for a long time.

Friday at 7:45 p. m. Gorman takes on Moran in the second conference game of the year. Earlier this year the Panthers defeated Carbon in the initial conference tilt. Strawn is leading the pack in District 8 at the present by virtue of victories over Carbon and South Taylor.

Exes Invited To Homecoming Game November 12

Gorman Exes to the number of more than 2 thousand will be mailed invitations to the school's first Homecoming, November 12.

Classes will be open for visitation by former students on that day and a big pep rally will be held in the afternoon.

The stand will be filled when the Panthers take on the Bears of Baird, so buy your ticket early. Meals will be served cafeteria style before the game so hosts for the deluge of exes won't have to worry about getting supper over before the game. Just serve yourself, pay and eat.

In thinking of the ex-students who have made good, the Progress didn't have to look far or long.

Bruce Hirst enters the office here almost daily. He is a bookkeeper at Gorman Peanut Company and does a work that helps to keep things running smoothly at one of the largest shelling plants in the world.

Probably the Shell brothers noticed the church activities of both Bruce and La Voyce, his wife. We recall when he placed his membership in the First Baptist Church and we have noticed his willingness and others have experienced his capable leadership with the Intermediate Sunday School group and that of him and his wife with the Intermediate Baptist Training Union.

Both Bruce and LaVoyce are Gorman High graduates. They have a young son who really keeps them moving. He is Daryl Wayne. She is the former La Voyce Wallace.

Bruce will be in there rooting for the home team November 12. Jerry Clark recalls a game with Comanche when a tackle made a touchdown. The tackle was Bruce Somebody fumbled and Bruce grabbed the ball and never turned it loose. "Still thought he was holding on to one of the Comanche players when he got across the goal line." Of course, any tackle would wonder why an opposing player was taking the Gorman goal.

Many other exes will have tall tales to tell. Only part of this is a tall tale, and Bruce really carried the ball over.

Roy Rawls Elected Class Vice-President

Roy Rawls of Gorman has been elected vice-president of the second year law class at the University of Texas.

The son of Mr. and Mrs. H. T. Rawls, Roy was a 1950 graduate of Gorman High and was a Valedictorian.

He lettered in both football and basketball.

The Moran attack features the running and passing of Quarterback Eugene Mitchel and the power of fullback Leon Blackstock. The Moran team opened the season by losing to Blanket 34-6. Other scores include a 19-0 setback at the hands of Clyde, and a loss to Leuders last week. The lone win was a 20-6 decision over Carbon.

Gorman played its last non-conference game last week losing to Clyde 26-0. The running and passing of Gene Cook, big Bulldog fullback was a major factor contributing to Clyde's success. The Panthers entered the contest with Jim Rodgers nursing a bruised leg which kept him on the sidelines during much of the game. Stellar work was turned in by Max Pierce who time and again came up from the deep secondary to meet and stop Clyde ball carriers near the line of scrimmage.

The other district contest this week finds South Taylor playing at Baird on Thursday night. Carbon and Strawn do not play conference games this week.

Former Resident And Others Build Here

Former Gorman resident Mrs. Fanny Burkett of San Antonio is building a new home on the lot north of the Della Pullig place. The four-room house, including bath, will be one of the most modern in Gorman. Textone finishing gives it a beautiful interior and the outer walls are weather board.

Mrs. Burkett has retired from her position with a San Antonio department store and has been living in Austin for the past year. She is sister to Miss Pullig of Breckenridge.

Mr. and Mrs. Hulon Pullig built a new garage attaching it to the house with a breezeway. During the past eighteen months their home has been completely remodeled. Mrs. Pullig, as both her office and her home will show, has a way with flowers. Her landscaping has caused the eyes of many folks to turn for a second and longer look.

Ruby and Giff Acrea have been remodeling, adding a living room and refinishing throughout for the past several weeks. Lee and Ragland of Desdemona are doing the carpentry and decorating.

The long living room on the front has open-out corner windows and the floor is tiled. The ceiling is beamed and the room opens by a double terrace into a room on a higher level. The second room will be used to supplement the living room when larger groups are visiting.

Siding of frosty green shingles have been added and a trim window-high of Austin stone.

Mrs. N. C. Crawley who recently remodeled her home has one of the most conveniently arranged and well-equipped kitchens to be found anywhere. In adding floor space she now has three bedrooms and a spacious living-dining room.

Mr. and Mrs. A. D. Eaker were successful in finishing the greater part of their remodeling before their son, Nick, arrived last week. But there are always last minute touches.

They have used wide weatherboard for exterior, painting it green.

A growing young lady such as the Eakers have encourages parents to add more room.

Mr. and Mrs. Roscoe Sanders are completing a lovely new home near their daughter, Mrs. A. E. Skaggs. The exterior, being done in red brick to window sills, is completed with beige shingles. They will have two bedrooms, breezeway, garage, living room and a combination kitchen and dining room, two halls and bath. The interior is finished with textured.

Ruby Lee and James Kinsey will be enjoying their new home at November 1st. They are

Wind And Hail Uproot Trees Damage Roofs

The wind and hail storm Monday evening uprooted several trees and topped many.

Jobe and Son suffered sizable damage from the limbs broken off pecan trees. However, Mr. Jobe stated that he expected to salvage most of the pecans since they were so nearly matured.

Golden Oak Office had its roof lifted.

Many homes have minor roof damage. Carpenters who had just reroofed the Giff Acrea place were busy patching Tuesday.

Glen Mehaffey had several yards of fence laid low.

Davis Smith now has a looped antenna and Mrs. Smith has a wrecked beauty shop, apparently caused by a streak of lightning.

Mrs. Will Horton had her stove cable struck.

Ray Burns lost part of a tank of gasoline when wind and a tree falling turned his storage tank over.

Bob Burns pulled a tree out of the road so he could get to church.

Hailstones fell intermittently for about fifteen minutes. Some larger ones measured 2 1/2 inches across and weighed three ounces.

The splitting of a church steeple announced on radio was in error for Gorman has no church steeple only bellfries or towers.

Rains reported were from 3/16 to about one inch.

Cubs Play Host To Dublin Tuesday Night, October 19

The Gorman Cub football team will play the Dublin Grade School Tuesday night at Brogdon Field in a District football game. It is the third district game for the Cubs and they will be seeking their first win within the district.

Last Thursday night the Cubs were beaten by Rising Star 13-7. The Gorman team had previously defeated Rising Star 21-7 at Gorman.

Tuesday night the Cubs traveled to Comanche and absorbed a 41-6 defeat by a more experienced team.

Game time Tuesday night will be 7:30 p. m.

Attending the ceremony were families of the couple.

Mr. and Mrs. Gibbs will make their home in Glen Rose.

Mrs. Ellen Oldham Passes Away Early Thursday

Mrs. Ellen Oldham passed away Sunday afternoon for a former resident of Gorman, Joe Bailey Hopper, who was killed when the train on which he was riding was wrecked near Amarillo.

His body was brought to Gorman and Brother Leroy Cowan conducted the rites at the Simpson Cemetery where the body was interred.

Parents of Mr. Hopper, S. S. Hopper and Mary B. Hopper, had preceded him in death. Surviving are his son, Donald Gene, who is a veteran of World War II and is now serving in the U S Navy, his sister, Mrs. Jessie Wheeler of West Fork, Arkansas, and three brothers, A. L. Hopper, address unknown, A. C. Hopper of Lovington, New Mexico and Homer Hopper of Crowell, Texas.

First Baptist To Hold Harvest Week Services Nov. 8-14

The First Baptist Church of Gorman will cooperate with the Texas Baptists by participating in Harvest Week.

A book entitled "These Go Together" will be taught in various age groups just previous to the evening message each evening beginning November 8th and running through November 14, except for Friday and Saturday nights of that week.

Rev. D. R. Philley, pastor of First Baptist Church of Rising Star, will bring the evangelistic messages each evening.

The pastor of the First Baptist Church, Gorman, will go to Rising Star on November 1st to do the evangelistic preaching in like services. He will return with Bro. Philley on November 8th to begin the Harvest Week here.

Those who are interested may keep this date in mind and accept this invitation to be with us here during our week of Revival. The film "These Go Together" will be shown at First Baptist Church, Gorman, October 27th. Everyone invited.

Evangelist Cites Total Christian Dedication - The Hope Of The World

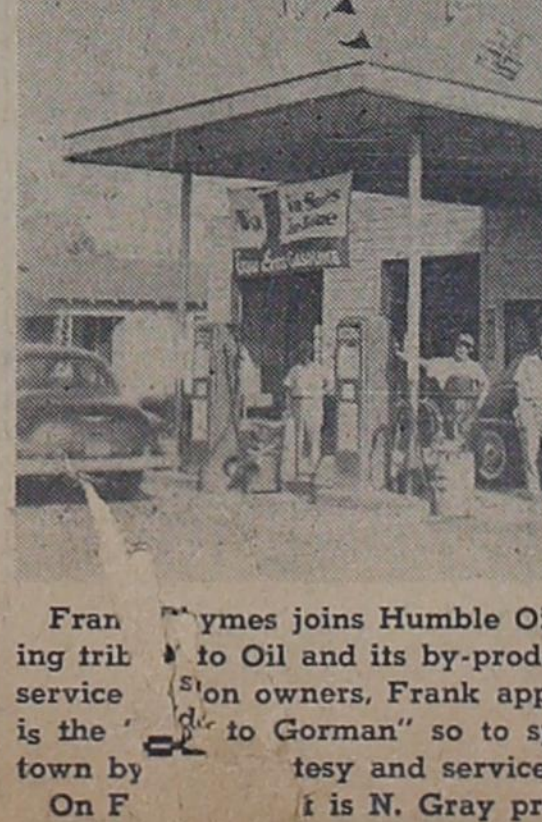

Evangelist Quay Parmer is bringing most urgent messages, to the overflowing crowds, pleading for total dedication of all Christians for the saving of the world for Christ.

Parmer leaves sensation for the evangelist with a lesser message. He goes immediately into his sermon, preaches with marked zeal, and drives toward his inevitable point, "Put Christ First."

Citing giant evils or anti-Christ he puts the inactive, complacent, compromising Church member at the top of his list, after having recited communism and liquor interests among other blatant evils.

Children and grown folks are enjoying the singing lead by Rev. Earl Ward.

The services continue twice daily through Sunday night.

Frank ymes joins Humble Oil and Refining Company in paying tribute to Oil and its by-products this week. Like many other station owners, Frank appreciates the fact that his station is "to Gorman" so to speak. Most tourists remember a cozy and service they receive at service stations. It is N. Gray preparing to service the Chevrolet.

Graveside Services Held At Simpson For J. B. Hopper

Graveside services were held Sunday afternoon for a former resident of Gorman, Joe Bailey Hopper, who was killed when the train on which he was riding was wrecked near Amarillo.

His body was brought to Gorman and Brother Leroy Cowan conducted the rites at the Simpson Cemetery where the body was interred.

Parents of Mr. Hopper, S. S. Hopper and Mary B. Hopper, had preceded him in death. Unable to secure flight reservations the two traveled by motor driven by Mr. Brooks Ross as far as Sheridan, Wyoming where the two boarded the plane which carried them to Lethridge. Continuing the one-hundred-fifty miles to Calgary by bus they saw much of the grain harvest including beardless wheat, flax and alfalfa. The farmers of that area explained that their crops were below average because of the long rainy season of the past spring, causing late planting.

Mike was quite happy to join his parents, Mr. and Mrs. N. H. Miller, and sisters, Marianna Terry Lynn, and Patricia. Patricia celebrated her fifth birthday soon after her grandfather and brother

arrived. Mr. Ross accompanied Mr. Miller on a number of flights landing at various places where Mr. Miller directed a crew in engineering for location of oil.

His trip to the Peace Country, one thousand miles north of the Canadian-U. S. border was among the most enjoyable. Mr. Ross stated that he saw reindeer that could very well have belonged to Santa Claus.

Much of the country of Alberta is wasteland. But there are many waterways and the Alcan Highway crosses the province.

Names of the various streams are significant of things valuable

to the people scattered over the vast area.

Two streams tributaries of the same river are Peace River and Spirit River. Other unique names are Milk River, Sheep River, Bear Lake and Pine River.

The Millers while living 1500 miles to the north of Gorman are still some two thousand miles from U. S. Territory, Alaska.

For EYE COMFORT While Seeing TV
light your room properly

You'll enjoy greater eye comfort while watching TV if your room is properly lighted. This means less eye strain because tests have shown that good, general room light lessens the strong contrast between the bright television screen and darker surroundings.

Suggestions for lighting your room for television:

1. When floor and table lamps are used, place them so they will not form a reflection in the screen, and where they will not make exceptionally bright spots of light on nearby walls.
2. Place lamps far enough from the television set so there will be no glare in the eyes. Lamp shades should be of opaque paper or dense fabric.
3. When lighted valances or torchieres are used, the room should be arranged so that these lighting arrangements are to one side or behind the viewers.

GRADE THREE
We regreted to lose Barbara Ann Gregory last week. She moved to Merkel.

This week we were made happy to have Geraldine Moore from San Saba to enter our grade. This makes us thirty-one again.

We are grateful for the new desk chair for our teacher.

October 12 was Columbus Day. Last week we had the story of the Discovery of America. We made the Nina Ship for window decorations for our room.

GRADE FOUR
Rev. Parmer and Mr. Ward from the Methodist Church gave an interesting talk the morning of October 11, 1954.

We all enjoyed the Artist Course program of the one-man theater. We think most of the children liked best these characters: "The Old Sea Captain", and the dull boy who forgot parts of the twelve poems.

Most of our pupils have learned long division and fractions very well.

Most of us did very well on our six week's test. There were several 98's and 99's, but only one 100 in the class and it was made by E. C. Bramlett.

GRADE EIGHT
Even though the Cubs have lost a few games, we're still behind them, stronger now than before. The girls have been "yelling their heads off" and will keep it up.

One of our friends and classmates, Pat Gregory, moved from Gorman to Merkel. We are sorry to lose her.

We have finished our six weeks tests, and are about getting over the shock of seeing our grades. We surely are hoping that everyone passed.

F. H. A. NEWS
Part of the Gorman FHA Chapter went to Abilene, Saturday, October 9, to attend the fall meeting of District 11 which was held at Abilene Christian College.

The following girls attended: Sandra West, Ruth Rodgers, Patsy Rodgers, Julia Beth Skaggs, Neoma Anderson, Marjorie Cozzart, Beth Hart, Barbara Ezzell, Vera Craig, Janey Thompson, Barbara Maupin, Nelda Robertson, Gaye Watson, Sandra Files, and Miss Shaw.

The theme of the program was "Look - F. H. A. In Action". Abilene F. H. A. Chapters presented a most interesting skit, "Builders of Homes". Dr. John Stevens, Dean of Students, Abilene Chris-

ian College gave the principal address on "Future Home of America."

The district officers were elected by the House of Delegates. Janey Thompson was our voting delegate.

We did some sight seeing and shopping in the afternoon. All in all we had a wonderful time and are looking forward to the Spring meeting in Stephenville.

FRESHMEN NEWS
We are through with our exams which I am sure everyone is glad. But with their grades some is surely sad.

With good stories we will all endure. Thetest was hard in Literature. All are glad of the grades they hath.

Plans Made To Finance Boy Scout Movement

Plans for the annual Boy Scout Finance Campaigns are being completed and campaigns will be held beginning October 25.

Edwin A. (Pete) Smith will head the local drive. Meetings were held this week (October 12 & 14) in Lometa and De Leon attended by the Community Finance Committees and their respective areas.

Firman Smith, Campaign Chairman for the eight-county Comanche Trail Council attended these meetings. Also present were: Dr. T. C. Graves, Goldthwaite; Rio Cox, Brownwood; Charles Graham, Cisco; V. D. Gillen, Lampasas; Neil Brown, Lometa; and Sam Cleveland, Stephenville.

"The purpose of this meeting," according to Mr. Smith, "was to suggest plans for the campaign to the representatives of the 12 communities of which we are to conduct independent campaigns for the Boy Scout Movement."

The Comanche Trail Council is an agency of the Community Chest in Brownwood and Brown County, Stephenville, Ranger, Cisco, and Breckenridge. Therefore, no independent campaigns will be held there.

Campaigns will be held in each of the following twelve communities in support of the Boy Scout Movement: Goldthwaite, Lometa, Lampasas, San Saba, Richland Springs, Priddy, Comanche, De Leon, Gorman, Dublin, Rising

Grady Pipkin of Eastland, chairman of the Finance Committee of the Council stated, "Our budget for 1955 is \$25,126 which is more money than we have raised in the past. We have need for this amount because of organizing

more Scout units and increasing the program for boys. One additional Field Executive has been added to our staff. We have confidence that the fine citizens of our area will continue to give of their money in interest of this character building movement for boys."

OIL

IS AT YOUR SERVICE

In oil-producing states, schools are substantially supported by oil industry taxes.

Detergents and a hundred other items of daily use are derived from petroleum hydrocarbons.

Synthetic fabrics are made from petroleum hydrocarbons.

Oil and natural gas supply power for industries.

Petroleum fuels the machines of national defense.

Gas burn gasoline, use less of synthetic rubber.

Oil powers the U.S. transportation system.

Homes are heated by oil or gas-burning furnaces.

Natural gas is the fuel for millions of kitchen stoves.

Printing inks, paints and plastics are petroleum derivatives.

The products of the petroleum industry are literally everywhere. Every hour of the day, oil or natural gas serves you and virtually every other American. Oil is indispensable to our way of life; it makes the United States a better, safer country to live in.

You may wake in the morning in a room warmed by a furnace burning **oil** or natural gas.

You drive to work, and your car burns gasoline, uses petroleum oils and greases for lubricants, rolls on tires of synthetic rubber which had their beginning in an oil refinery.

The plant where you work may depend on oil or natural gas as the source of its power. The oil and gas industry supplies 65% of the nation's energy requirements.

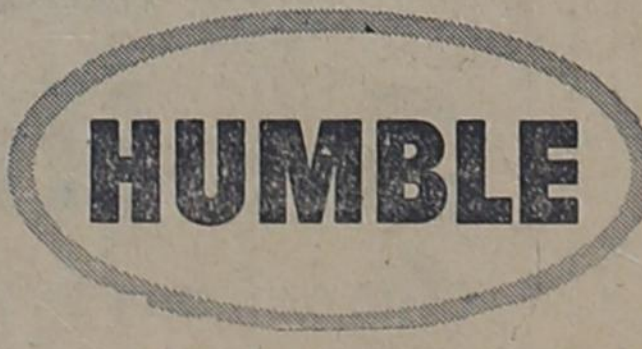

Meanwhile, if you live in Texas, your children are attending schools to the support of which the oil industry pays heavy production and ad valorem taxes. And your U. S. Army, Navy and Air Force plan the national defense with confidence that the oil industry has developed the proven reserves that can fuel their machines of war. Oil also supplies munitions - TNT for instance.

Finally, the lady of the house may prepare dinner on a stove fueled with natural gas, and you may go to bed in pajamas laundered with a petroleum detergent, after reading a newspaper printed with ink made from oil, in a room decorated with a paint manufactured from petroleum.

... And that's only a beginning.

The products of the petroleum industry, oil and natural gas, head the list of our most useful resources. A progressive, competitive oil industry, encouraged in the future as in the past, will undertake the further development that will keep them there.
