F. H. A. Redecorate Home Ec Cottage

The members of the Future Homemakers of America studying home economics under Miss Virgie Shaw at the local school have done a job of redecoration at the Iomemaking Cottage that would justify an openhouse or a silver te to be attended by the community.

During the summer months the girls painted the walls of the liv ing room and the bedroom. They also did some papering which gives the effect of an alcove for the dining suite in the kitchen. The breakfast suites are complimentary shades of red and green and the cottage curtains are red and white.

We Like to Talk About Abstracts -

. . . because making abstracts has been our job for many years. Every day people come to us with their title problems. Some cases are tragic. Take the example of the couple who have put their life's savings into a home to find out later they have no title. But most title problems: are simple and the abstract helps to make them simple. So before buying real estate better talk to us about the title.

NEW AUTOMATIC - - -

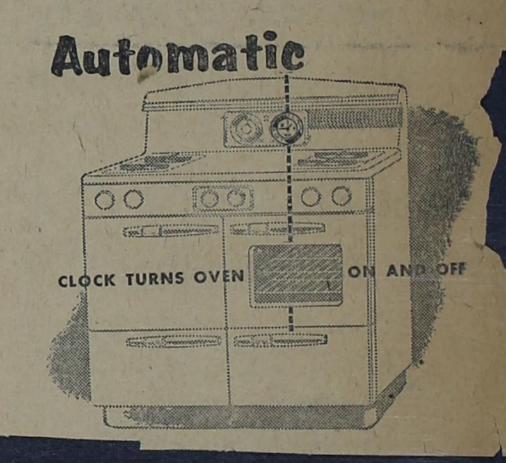

New automatic gas ranges have every modern feature. They have: exclusive advantages . . . such as instant heat, hundreds of burner settings instead of a few, smokeless "flame-kissed-flavor" broiling. They are America's overwhelming favorites!

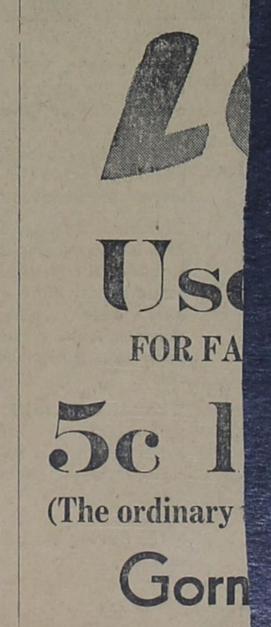

Yet, feature for feature, automatic GAS ranges cost less to buy. in Eastland Memorial Hospital usually nothing to install! Operating cost is neglible.

Take this golden opportunity to trade your range for a sparkling new ECONOMICAL automatic gas range!
