Sports

by Jerry Clark

Taking all factors into consideration, the Panthers played a good game last Friday night, even though they lost to Granbury 24 to 0. They outplayed Granbury the second half. The Panthers made four times as many first

downs and made twice as many yards rushing as did Granbury during the second half. Granbury had the best looking team that the Panthers have played this season. They had a fast, hard-charging line and a still faster backfield. I was informed in the press box that two or three of the boys were on the mile relay team that set a new State record for their division in Austin last year. Tommy Davis, their leading ground gainer, was also the 440 yard dash champion for his division last year. There were six seniors on the starting line-up, and the other boys looked as if they had plenty of experience. So, you see, the Panthers were doing pretty good against a team like that.

The results of others games involving teams from this district are interesting. Cross Plains continued their season winning string to three games by overwhelming Santa Anna 39-0. The Buffaloes are undefeated. Rising Star lost their second straight game, 27-0 to Early High of Brownwood. They were defeated in their first game by Bay, another Class B team. Eastland was blanked by De Leon 19-0. That was close considering that De Leon is a Class AA team and that Eastland had three starters out with injuries. Ranger and Wylie did not have games scheduled.

Well, I was wrong on two predictions last week, but got six right so I batted 75 per cent. Texas Tech beat Texas and Geor-

gia Tech downed Miami (those Techs are rolling). I'll rub my rabbit's foot and take a stab at these games:

- Arkansas over Okla. A & M (Razorbacks still sharp)
- Baylor over Villanova (a breather for the Bears before taking on Maryland)
- Rice over Alabama (Owls will look wise on this one)
- SMU over Notre Dame (Mustangs strong; Irish weak)

The Gorman Progress is handling a line of Christmas Cards this year for the first time. We have something new that is quite different from the regular cards you see every year. If you select one hundred or more of these cards we will remove the sample from our book so that you will be the only one in Gorman to have this card. The only chance of it being duplicated would be by someone buying it in another town.

Newest citizen in this neighborhood is the baby son of Mr. and Mrs. Wesley Dean Lewis, who arrived on Thursday, September 15 at the Ranger Hospital, but we failed to get his name. The paternal Lewis grandparents live near Desdemona, and the maternal grandparents are Mr. and Mrs. Roy Watson, near Alameda.

Mrs. Maxine Varner and son, Madison, returned to their home in Baltimore, Friday going by plane. They were here for about six weeks visiting her parents, Mr. and Mrs. Henry Perrin, and other relatives.

Mr. and Mrs. Harmon Meadows of Jayton spent the week end here with her sister, Mrs. John Love. Loresta Love spent Friday and Saturday with a schoolmate, Charlene Blackwell, in Ranger.

Guests in the Joe Butler home from Monday until Saturday were Mrs. Butler's brother, Mr. and Mrs. Gladwin Vest, of Chicago, and Mr. and Mrs. Ralph Vest of Ossawatimie, Kansas, and a niece Miss Dorothy Vest of Kansas City, daughter of the Ralph Vest's.

Mr. and Mrs. William Kimbrough and children of Terminal, Texas were visitors in the home of Mrs. Ben Freeman, his aunt, on Saturday, while here with his parents, Mr. and Mrs. Tom Kimbrough, in Ranger.

Mr. and Mrs. Aubrey Wilson and family of Ft Worth spent the day Sunday with his sister, Mrs. L. Z. Melton, and family. Mrs. Sarah Wilson, his mother, who has been with them for awhile, stayed for a visit in the Melton home.

Jeanette Rodgers, daughter of Mr. and Mrs. Dee Rodgers, of Alameda has enrolled as a Fresh man student in John Tarleton Col

FOURTH GRADE

Mrs. Nix is reading us the story of George Washington Carver who made peanuts famous in the southern states. We are going to write a story about him in our little peanut notebooks.

Mrs. Craddock brought us some books about different lands and their people. We appreciate her kindness very much and we are enjoying the books.

In Arithmetic we are starting a little store which will help us in addition and subtraction with our money numbers.

We will begin our "Weekly Readers" this week. These little papers help us to add new words to our vocabulary and to know things that are happening in the world today.

lege, Stephenville.

Mr. and Mrs. Curtis Blackwell and Jackie visited the Herman Nergers on Sunday following church services.

Mrs. Richard Tucker and Mrs. Mary Tucker called in the Will Underwood home on Saturday. Aunt Eva, hearing ninety, and handicapped with near blindness, loves to have folks drop in and chat awhile, as she is seldom able to get out for visits.

Mr. and Mrs. John Love, Ben Freeman, and this reporter, attended the Directors meeting of Eastland County Farm Bureau, on Thursday night in Eastland.

Mr. and Mrs. Tom Howard must have spent the day visiting her brother and family, the Hollis Snells at Carbon, on Sunday. We noted their passing on their return home Sunday afternoon.

We are happy that two members of our class were winners in the pet parade. Barbara Smith's was the second in best presentation and Terry Clark's was second in the most comical.

SOPHOMORE NEWS

The Sophomore Class has been working pretty hard the last few days.

Friday we had three tests. In History our test was over the time when civilization began. The test in Literature was over the poem we have been reading, Gareth and Lynette. In Algebra we were quizzed over algebraic phrases and we also had several problems to work.

Last Friday night the football team lost to Granbury, but next Friday when we meet Clyde on the field we plan to come out on top. All you football fans come out and root for your home team.

JUNIOR NEWS

We had a new boy to start today in the Junior room. He is Jake Sparr. Jake has been in Oklahoma for the summer with his parents. We are glad to have him back.

We are glad to have Glenda Sue Clements back in school with us after her operation.

We will have a "B" football game Thursday night at De Leon. We would be glad to see you at the game.

The Juniors and Seniors are selling magazine subscriptions. If one of the Juniors come to see you, buy a couple of subscriptions from him.

HOMEMAKING I

We are studying the care of the kitchen. We have learned that everything has a place and that we should keep everything in its place. We have also taken up writing menus and what a good menu should consist of. We also discussed the five study guides which are: 1. Food Value, 2. Ways to Prepare Food, 3. Ways to Serve Food, 4. Buying Food, and 5. Caring for Food at Home.

We installed our 1955-56 FHA I officers with the candle-light service. It was very beautiful. After the service, we had our regular FHA meeting. We discussed all old and new business. We decided to have our meeting the second Wednesday of every month until after football season is over, then we will meet the second Friday of every month. Our President, Kay Lynn Ramsey, carried the meeting on very well.

NOTHING IN ITS FIELD CAN MATCH CHEVROLET FOR ACCELERATION!

Drive with care... EVERYWHERE!

Great Features back up Chevrolet Performance: Anti-Dive Braking—Ball-Race Steering—Out-rigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices.

When you need a quick sprint for safer passing, this V8 delivers!

It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

Chevrolet's new "Turbo-Fire V8" packs a Sunday punch for safer passing that no car in Chevrolet's field can match!

The proof was burned into the sands of Daytona Beach at the NASCAR* trials earlier this year. In acceleration tests, Chevrolet simply walked away from everything else in its field. Plus—and get this—all the high-priced cars except one!

Surprising? Not when you consider that this beauty's been cleaning up on all comers in short track stock car events this season. That's where acceleration really pays off, as well as handling ease and cornering ability—things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

ACCURATE DIAGNOSIS OF POLIO PRESENTS UNUSUAL PROBLEMS

Minneapolis, Minn.—Accurate diagnosis of non-paralytic poliomyelitis presents a challenging and important problem, even though the medical staff of the Sister Elizabeth Kenny Foundation has diagnosed and treated thousands of cases of the disease.

The patient with paralytic polio can be accurately diagnosed, but non-paralytic polio resembles very closely a great number of other diseases which are almost impossible to distinguish from polio. One of Sister Kenny's contributions to medical science pertained to early recognition of symptoms and necessity of early treatment.

Perfecting of a diagnostic test for polio is a tremendous problem, because polio viruses are elusive things. They are too small to be seen with the ordinary microscope and require living tissue for growth. The problem is further complicated by the fact that polio is not just a one-virus disease, but a disease caused by different viruses.

As a result of tests carried out on patients referred to Kenny treatment centers with suspected polio, a number of unusual infections of the central nervous system were uncovered. The same complicated laboratory tests would seem to indicate that many of these other diseases are indistinguishable from polio by the ordinary techniques available to doctors.

These diseases have in common the same polio symptoms of fever, headache, stiff neck and an increase in the number of white blood cells in the spinal fluid of patients.

PETS COOPERATE - These four beaming youngsters are the second place winners of the Pet Parade which took place Saturday September 10. l to r. - Dale Abels, Larry Pulley, Terry and Tommy Clark.

Dale's pet was a small monkey which looked as though he was saying "hello cousin" to members of the Quarterback Club.

Larry was leading a beautiful black cocker spaniel. Both Larry and his dog were dressed in costumes made of peanut sacks. Tommy and Terry pulled a little wagon decorated with peanuts and filled with tiny puppies, who pepped over the edge of the wagon at the amused crowd.

We were unable to identify the little miss stooped over to more closely admire the puppies.

Considered home folk, Congressman Omar Burleson and his wife are always welcome in this community. Known to most of us as Omar, Congressman Burleson knows farming and the problems of the peanut farmer. He has had lots to do with major legislation benefiting the peanut farmer and farmers in general.

Comparing the cost of farm equipment with farm income, rising corporate earnings and increased salaries he believes there is a dire need for a change in the present farm program.

PANTHER BAND NEWS

Reporter, Janie Thompson

This week as any other has found the Gorman Panther Band busy at work. Last Friday night we took our first band trip, which was to Granbury. Everyone seemed to have had a most enjoyable time, however, we do wish Gorman had come out on top. We played on the field Friday night for the first time.

The band got new white belts and white gloves to wear in future events.

The band has been having regular band sessions on Thursday nights. The stage band has been

Stars Assist Kenny Appeal

Minneapolis, Minn.—Top-ranking stars of the entertainment world—including radio, television, the screen and stage—have joined in urging support of the 1955 annual polio fund appeal of the Sister Elizabeth Kenny Foundation.

Funds contributed by the public during the current appeal will enable the Kenny Foundation to continue to administer the Kenny treatment to victims of polio and to rehabilitate persons who have been crippled by polio in the past, according to Marvin L. Kline, national executive director. The Kenny Foundation also trains registered nurses and physical therapists to become Kenny Therapists and provides for research in polio and allied diseases.

Such well-known personalities as Tony Martin, Johnny Ray, Perry Como, Nat "King" Cole, Frankie Laine, and Dinah Shore—each recorded an individual 15-minute radio show in behalf of the Kenny campaign.

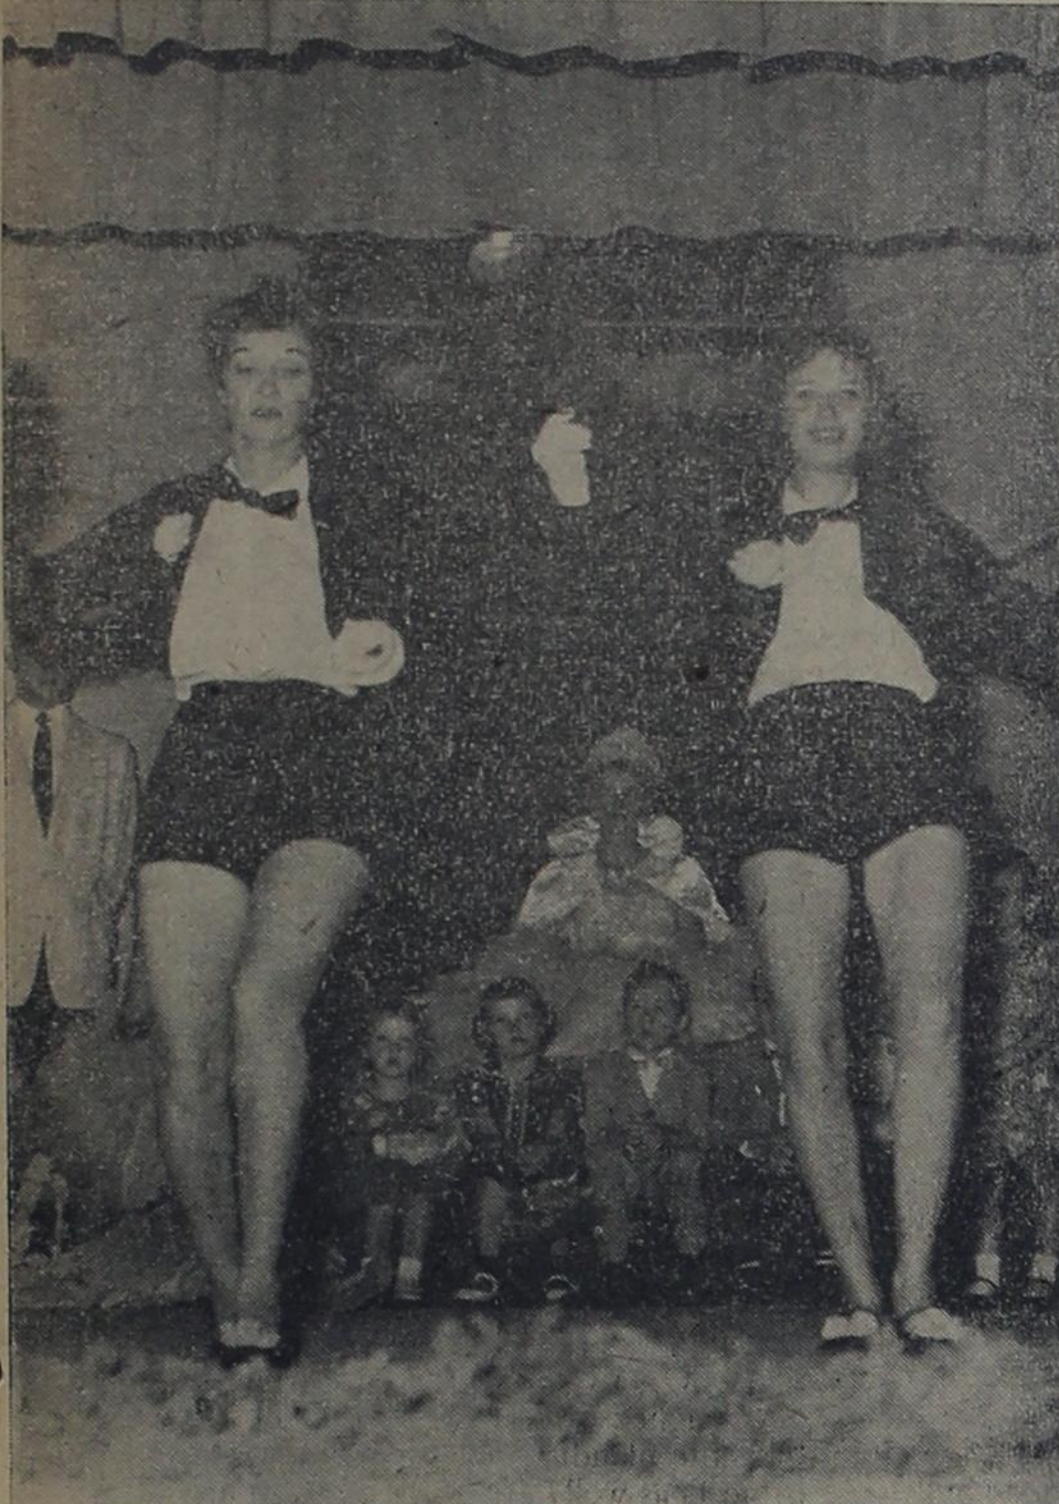

Being seen on television appeals are Jackie Gleason, Laraine Day, Emmett Kelly, Jack Dempsey, Mae Williams, Bess Myerson, Sonny Tufts, Nancy Kelly and Macdonald Carey.

Disney studios made a special animated film for television.

Dramatic readings for radio were prepared by Joseph Schildkraut, Burl Ives, Walter Brennan and Walter Slezak.

Kenny appeals also were recorded by Roy Rogers, Patti Page, Dorothy Collins, Red Foley, Jimmy Durante, Rosemary Clooney, Eddie Fisher, Jo Stafford, Art Linkletter, Gisele MacKenzie, Peggy King, Liberace, Herb Shriner, Lowell Thomas and Dave Garway. These are being aired on radio stations across the country.

"The time and effort that these artists in record number have contributed is deeply appreciated by the Kenny Foundation," Kline declared. "Their generous support carries the hope that the public will join with them in making financially possible the continuation and expansion of great humanitarian work."

SPEAKING OF THE OTHER FELLOWS TROUBLES

... suppose, for instance, that he moves an old house or erects a new structure on a lot without knowing anything about the title to the lot. This is being done occasionally in every town in the county. What will happen later on is obvious. Fixed improvements become a part of the real estate. If the title to the real estate proves to be faulty the whole investment becomes of doubtful value. Better get an abstract first - buy and improve later.
