

Texas Bank Employee Is Kidnaped, Robbed

HOME TOWN TALK

By Betty

If a cooperative creamery plan in Big Spring will make money for farmers we hope nothing will be left undone to have one organized and put into operation on a sound basis.

It was fine to see farmers and business men in a meeting this morning earnestly discussing a mutual problem; thrashing out details of the creamery proposition.

We have looked with sadness upon the fact that it appeared to be an unnecessary feeling in Howard county that business men of the city were trying to do things injurious to the farmers.

"When you succeed we succeed said one man in this morning's session. That is the fact that should always serve to keep bitterness and suspicion out of the hearts of any man in either group.

The county road bond matter is occupying much attention at last. Before long we will have an opportunity of voting on a proposal to provide funds to pave state highways and some lateral routes.

You've often heard men say they're against any kind of bond issue. Perhaps that man has just finished borrowing money to run his business or his farm. But he opposes the borrowing of money by the county and its taxpayers to make public improvements.

It is a lot more just and right for any public improvement to be financed through a tax than for the entire burden to fall on a few.

You have heard a few farmers argue that the towns would benefit more than the farmers and therefore townpeople should pay the greater part of the road bill.

And that is just exactly what happens. A very heavy majority of tax values exist within Big Spring. Every land owner is taxed in proportion to his own property values. Therefore, the town folks do pay most of the cost and a good deal of the remainder is paid in Howard county by oil companies and other industrial concerns with property outside the city limits.

The farm land in Howard county always has been rented at a comparatively low figure and the tax a man with 150 acres would have to pay to do his part toward building a modern system of roads would be only three or four dollars a year.

Bert Pidcoke And Mechanic Killed In Houston Crash

HOUSTON, Nov. 21 (AP)—Bert Pidcoke, pilot for the Texas Company airplane division, and his mechanic, Jack Lewis of New Orleans, were killed almost instantly today when the cabin plane in which they were flying crashed near the Main Street airport.

Both bodies were thrown from the fuselage of the plane as it burst in flames after striking the earth.

En route Cavender, a commercial aviator, witnessed the crash. He said the plane swooped toward the earth preparatory to landing. It came into the wind with momentum building perfectly. Just as the plane was about to light it made a right bank and the wing struck the ground.

It turned one flip and lost the motor, Cavender said. The fuselage then flipped over about three more times, throwing the men from it. Pidcoke was thrown about 25 feet from the plane; Lewis about 15 feet. They were dead when rescuers reached the scene.

Postoffice At Berger Robbed

BERGER, Texas, Nov. 21 (AP)—Postal authorities and officers were investigating today the hold-up of Postmaster Harold Rothchild, who last night was forced to leave his home by two masked and armed men and open the postoffice safe. The robbers escaped with between \$2,000 and \$4,000.

One robber resembled Mr. Rothchild and the other resembled Rothchild's nephew, at the home, while the other accompanied Rothchild to the postoffice. When Rothchild and the other man returned, the postmaster was shut in a room with his wife and nephew while the robbers made their getaway.

Teachers Of County Meet On Saturday

Institute Speakers To Discuss Important School Affairs

Between 75 and 100 Howard County school teachers are expected here Saturday to attend the Teachers' Institute, according to Miss Pauline Cantrell, county superintendent. They will meet in the district court room.

Teachers from 22 rural schools in the county, together with those of the Cochran Independent district, and Big Spring schools will attend the all-day session.

The morning session will start at 9:15 o'clock and recess at 12 o'clock for luncheon. Music will be furnished by Walter Deats' orchestra, followed by the invocation by the Rev. W. G. Bailey, pastor of the First Methodist church. Enrollment of teachers will follow with more music by the orchestra and a reading by Miss Dorothy Hoover.

James T. Brooks will be the principal speaker of the morning session, talking on the professional relations of teacher, county superintendent and county board.

A discussion of the Intercholastic League will be given by Ben U. Comalander.

The afternoon session will open at 1:30 and continue until 4 p. m. A song, "America," will open the session, followed by introduction of speakers.

Mr. Earl Brownrigg will speak on the new physical education law and Miss Pauline Cantrell will discuss the county wide seventh grade examinations, promotions, and graduation.

"Standardization" will be the topic of a talk by Miss Arah Phillips. W. C. Blankenship will preside when the county interscholastic league is organized for the first time this year.

Kiwanis Governor Names His Aides

DALLAS, Texas, Nov. 21 (AP)—R. G. Storer, Texas governor-elect of the Texas-Oklahoma district of Kiwanis International, notified the Dallas Kiwanis club yesterday of his appointment of nine lieutenant governors for the district. They are: Claude Pollard, Austin; William A. Riscoe Brownsville; Gus A. Amundson Jr., Galveston; Walter L. Morris, Fort Worth; Edwin R. Miller, Plainview; Edward H. Homberger, Woodward, Okla.; Rev. Forest Dudley, Clinton, Okla.; Albert C. Hunt, Oklahoma City; and Niles C. Grigsby, Ada, Okla.

Storer is attending an international gathering of Kiwanians in Chicago.

Payrolls of Refineries and Pipe Line Companies Total \$752,500 In City Each Year

The annual payroll of four refineries and pipe line companies in Big Spring is \$752,500, according to Joseph Edwards, Big Spring Pipe Line Co., who was the principal speaker at the Lions club luncheon today.

Edwards, in pointing out the important bearing the refining and pipe line industry has on Big Spring and Howard county's welfare, declared the monthly payroll of the four organizations is \$62,750.

Individually, Cosden Refinery leads with a monthly payroll of \$26,500. Other payrolls are: Richardson Refinery, \$16,000; Great West Refinery, \$6,000; and Big Spring Pipe Line Co., \$4,250. This includes pipe line work and refin-

Aid Pledged Ross Sterling By Ferguson

Ex-Governor Comments On Amendment to Constitution

DALLAS, Texas, Nov. 21 (AP)—Former Governor James E. Ferguson, who declared he was here to "see about renewing some notes," said today he would extend a helping hand to the administration of Governor-Elect Ross S. Sterling, who was the opponent of Mrs. Miriam A. Ferguson, also former governor, in the recent bitter democratic-run-of-campaign.

In pledging his full co-operation to the Sterling administration, Ferguson said "our country has never seen the time when times were as hard as they are today."

"No matter what a man's personal feelings might be toward those in office, one would be a fool and not a patriot, if he was not willing to join hands and do all possible to help remedy the situation," Mr. Ferguson said.

He said "if everyone is willing to work together and effect the necessary economies, our valorem taxes can be cut," and added:

"If the legislature allows itself to be lobbied into a lot of stuff, it will be the same old story, our taxes will be raised."

He said the new constitutional amendment increasing the pay of members of the legislature from \$5 to \$10 per day could not become operative until the legislature passed an enabling act and expressed the opinion the 42nd legislature could not pass such an act and make it applicable to itself.

He predicted the legislature would work at the old wage scale. "If the next legislature passes an enabling act and attempts to apply the new scale, it will automatically put itself out of office," he said. "The constitution provides that no state officer shall raise his own pay. The next legislature can pass the enabling act for future legislatures but not for itself."

27 Men, Woman And Cat, Ship Survivors, Land

NEW YORK, Nov. 21 (AP)—Twenty seven men, a woman and a cat, who thought Wednesday morning they were on their way to David Jones' locker, arrived in New York today aboard the Cunard liner Mauretania.

Early Wednesday afternoon, 300 miles off the grand banks on a heaving north Atlantic sea, the abandoned waterlogged life freighter, the Ovidin, reeled half a mile to the side of "Old Lady of the Sea" and climbed aboard—and here they were today, sound and shipshape.

As those two old salts, Captain S. G. McNeil of the Mauretania and Captain Axel Carlsson of the Ovidin, which now is probably calms deep under the sea, told the story it was merely a "folk of the sea well done."

The fight with death was forgotten. It was the loss of the ship that seemed to weigh most heavily on the minds and hearts of both.

"Very nice little ship, lovely little ship she was," said Captain McNeil.

"She was a good ship," Captain Carlsson said and shook his head sadly.

Certified Checks Prove Spurious

FREDERICKSBURG, Tex., Nov. 21 (AP)—Officers today were seeking a man who yesterday exhibited a large stack of alleged certified checks on the Alamo National Bank of San Antonio, supposed to have been drawn on the account of E. William Brown. It was claimed the name of the bank's vice-president had been forged.

One of the checks, for \$125, was given to William Paulson, garage man, who turned it over to Alex Jung, county attorney. Jung said the man had a "big stack" of the checks when he presented him with it.

SAN ANTONIO, Texas, Nov. 21 (AP)—Ernest Brown, vice president of the Alamo National Bank, said today that a certified check for \$10, drawn on that bank, was cashed at Fort Stockton November 18 and had been returned to the bank. A fictitious name was forged in the check as vice president, Brown said.

Brown said he did not doubt that the checks at Fort Stockton and at Fredericksburg had been given by the same person.

Clothes And Money Taken By Two Men

Forced To Exchange Garments for Overalls By Pair

PLANO, Texas, Nov. 21 (AP)—Decker Jackson, employe of the Plano National Bank, was home today minus a suit of clothes and \$10 in cash, after he had been kidnaped by two strangers and taken to a point six miles northwest of McKinney and tied to a post.

The men left in Jackson's automobile telling they would leave it in Denison for him.

The men drove away with Jackson in his own car, when they forced an entrance to it about 7:30 p. m., while he was parked on one of the main streets.

Stopping at a filling station, the men made Jackson cash a check for \$10 and they pocketed the money, Jackson told officers. They also demanded his pocket change.

Beyond McKinney, Jackson was forced to change his clothes for overalls and a jumper and tied to a post.

After he wigged loose, Jackson said he walked four miles to a farm house and notified county officers.

When forced to leave with them, Jackson was preparing to depart with the Boy Scouts for the Presbyterian church to attend revival service.

Assessment Of Railroad's Taxes Convention Topic

LAREDO, Texas, Nov. 21 (AP)—Assessments of banks, railroads and corporations were discussed by the Tax Assessors' Association of Texas in annual convention here today.

Albert V. Huth, tax assessor of Bexar county, told how bank assessments, other than personal property, are made. His talk was followed by a general discussion of methods used by various assessors over the state.

George Bryant of Eastland, submitted a schedule of rates used by his county for assessing oil and gas concerns, their holdings, development and production, but said there was no way to arrive at an assessment of oil in storage. It developed that some oil concerns were assessed less, owing to how assessors handled the problem.

H. P. McElroy, Missouri Pacific Railway tax commissioner, presented figures to show that railroad of Texas were assessed about \$28,000,000, of about \$10,000,000 greater than other corporations of Texas. He told how railroads rendered their holdings for taxation.

Lester W. Hat of Tarrant county said in making assessments against railroads oil companies and other corporations he used "good old common sense."

G. W. Foster of the Texaco company told the convention that a wrong impression was left when it was said oil in storage county not properly be rendered for assessment.

C. A. Cowan Sent To Wichita Falls As Field Supervisor

C. A. Cowan, who came here from San Angelo 10 months ago and has been a full-time agent for the Southland Life Insurance company after having represented the company part-time since 1920, has been transferred to Wichita Falls to supervise in a district consisting of 11 counties and will leave Monday.

Mrs. Cowan, a teacher in junior high school, will remain several months here.

"The life business in Big Spring has been responsible for my being offered this work," said Mr. Cowan. "The Southland company is constantly doing away with the old agency manager plan and is putting in field supervisors instead. This company will send an experienced man here to represent it."

Christians Determined To Win Over Strong Baylor Bruins

It looks like those prize Hereford animals of I. B. Cauble, who operates a ranch several miles from town, will have to head their way to cover ere long. Mr. Cauble, it will be remembered, was a member of the Board of Governors of the City Amateur Baseball League, when that organization was flourishing at Dusty Diamond. Despite the Herefords, and despite the ranch, Mr. Cauble was always among those present at two such great baseball organizations as the city league contained crossed bats at the local baseball emporium. You could always depend on two customers—Mr. Cauble and Moonshine the dusty ball chaser. Well enough, but the baseball season has vanished like the buffalo and the Arab and our last week's pay check. Instead of the duck season rolls around. And therein lies a tale, inasmuch as Mr. Cauble owns a ranch, and inasmuch as a ranch must have a water tank, and inasmuch as ducks like water tanks just like we like chocolate eclairs and crushed Bernadine Jansons with maple syrup, it behooves Mr. Cauble to pen up. Approach on the subject, he was entirely in favor of it after hearing our season's record of knocking doves off telephone wires during the time when the doves had little enough sense to sit on a telephone wire. Although Mr. Cauble declared he thought it would be impossible to get the ducks to sit on a wire far enough away from his Herefords and his neighbors to insure a safe hunting party. Nothing would suit us more than knocking over a duck one of these frosty mornings. Unless, of course, it would be knocking over two ducks. Two ducks and one blue ribbon Hereford, two turkeys and one decoy.

The football season in this high school circle, has reached such a low ebb that the scribes are selecting their all-district eleven, or at least giving a bit of thought to it. About as much thought as is ever given along that line, we presume. Benny Butler has selected his, but has not released the names, merely giving the number of players from each town. Incidentally, Butler left off his list Scrap Iron Grimes, the 1929 sensation at tackle. Incidentally No. 2, Butler left off Flowers or Rogers of Big Spring. All of which we expected. Although at the start of the season Flowers started down the long and treacherous all-district boulevard, he detoured. It is doubtful if he will be named as all-district center by any of the teams. If anything, Delbert Rogers, the flashy little captain of the Big Spring aggregation, has surpassed the work of Flowers. However, neither of the two backs can expect an all-district berth. The Big Four will monopolize those assignments just as they have this year, the year before, and the year before that. One or two will slip in, however. Thomas Brownwood should get a berth and probably will if the selfishness of some of the pickers will hold down. Rex Clark of Eastland also is slated, and perhaps will land in to the circle of the mythical eleven.

Big Spring, San Angelo and other school officials should start a movement immediately after the season closes to get the district split sounder. It has been our contention for two years that the district was too large and had too many teams. Nine contests in a row is lots of contests. A good district could be worked out with Big Spring, San Angelo, Midland, Sweetwater, Abilene and one more team. That would leave Mineral Wells Ranger, Breckenridge, Cisco, Eastland and Brownwood in a six club loop, which would make it rather hard on Mineral Wells, Eastland and Brownwood, but would give some of the others an opportunity. The thing to overcome is that San Angelo and Big Spring and Sweetwater and Mineral Wells, Eastland and Brownwood, for that matter, fail to glean any cash during the season. The coaches are not paid anything in comparison with what coaches of the Big Four are paid. The highly organized draft of Class B players can't be started because the previous team has been a loser, and no interest is worked up. Throwing the district into two parts would eliminate this to a great extent. It would mean more money for each of the schools, a schedule that is not body wrecking as the present one is. But best of all it would give the veterans an opportunity to kill each other off and give the Little Six a chance in the loop. Not that it is our opinion that Big Spring cannot have a winner as long as they are in the present loop. It isn't that at all. Big Spring could have a winner next year if Big Spring was prone to do so. But it takes lots of concentrated effort. Football players must be obtained and other things worked out. Wrong? Of course it is wrong. But all the same the present attitude is that a school would rather be wrong and have a winner than right and have a loser. Like the chili bowl haircut and the moucharbe cup, the time when school didn't give thought to imported football players is vanished. San Angelo tried it the past year, and we understand had enough players on hand to breeze through extending aggregations, only something happened and all the boys went back to their native lands. It may take two or three seasons to build up a formidable reputation for Big Spring in state high school circles. But it can be done.

Defeat Means Crown For Steers

Powerful Contingent To Face Frog Crew Saturday

By GAYLE TALBOT, JR., Associated Press Sports Writer DALLAS, Nov. 21.—Nursing their first defeat in two years, suffered at the hands of the Texas Longhorns last week, the Texas Christian University Horned Frogs will face the Baylor Bears tomorrow at Fort Worth, still determined to win their second straight Southwest Conference grid title. Providing they can turn back the Bears, the speedy Christians then will have only to lick Southern Methodist on the following Saturday to repeat. Anything less than a pair of victories may be expected to leave them holding the sack and the Longhorns holding the conference championship, as the latter eleven is an overwhelming favorite to win its closing game against the Texas Aggies on Thanksgiving.

The defending champions will face a powerful crew tomorrow, a team that has primed itself to knock the Frogs loose from their title aspirations. In Jake Wilson, quarterback, Baylor has one of the Southwest's greatest all-around backs, and his line is considered to be as strong as any in the conference, revolving, as it does, around Captain Rohey Keck, 200-pound guard. The going promises to be close. The Frogs might raise slight favorites from the fact they held Texas to a 7 to 6 decision last week, while Baylor had lost to the same team, 14 to 0. That, however, is drawing it pretty fine in the only other conference game billed tomorrow, the Southern Methodist eleven will invade the roost of the Rice Owls at Houston. Indications are the much-traveled Mustangs will fluck the feathered ones, but they face the prospect of getting pretty well scratched up. A tilt with the Owls this year is anything but the snap it used to be.

TOMMY LOUGHAN FAVORED TO WIN OVER FISH KING

CHICAGO, Nov. 21.—Tommy Loughan of Philadelphia, former world's light heavyweight champion, was a two-to-one favorite to defeat King Levinsky, the ex-fish peddler in their ten-round engagement at the Chicago stadium tonight.

Loughan figures to defeat convincingly the terrific-hitting Chicagoan beyond any dispute by plastering Levinsky's well-flattened nose with left hand jabs. Levinsky's only chances of winning appear to rest solely on his ability to score a knockout. The former champion expects to scale around 181 pounds and regards this as his ideal weight. He has been at this figure for his last two starts, both of which resulted in decisive victories. The King-Fish probably will scale 184 pounds.

LAST NIGHT'S FIGHTS

(By the Associated Press) CINCINNATI.—Charley Cobb, San Diego, Calif., outpointed Bobby LaSalle, Los Angeles (10).

NEW YORK.—Antal Kocsis, Hungarian, outpointed Bill Kelly, Cuban (10). Mike Gels, Hungarian, outpointed Maxie Leiner, New York (10).

LAKE WORTH, Fla.—Elmer Bezenah, Cincinnati, knocked out Chuck Ferguson, Los Angeles (5).

of derricks and the Egg Basket of Texas today. They play Ranger. In our opinion the score will be something like this, Big Spring 0, Ranger 40. It doesn't make a great amount of difference, as the Bovines have been shoved out of a leading second division berth and find themselves munching apples down in the cellar division of the loop. Had the Steers won the games they should have—San Angelo, Eastland, Mineral Wells, Brownwood, Sweetwater—They would have finished just below the leading veterans of the district, and things wouldn't have been bad at all. A team that breezes through every team but four of the highly organized ones in its second year in the big show, isn't going badly. But Big Spring didn't. What started out to be a good season, turned into a boomerang and came scampering back to slap the boys over. As matters stand now, the best football material in the Little Six division is to be found in Steer Stadium. But such teams as Sweetwater and Brownwood and San Angelo tore up what was to have been a good record. For shame that they should do such a thing.

We retract our prediction of the outcome of the Ranger-Big Spring game. We notice that Prexy Anderson, Abilene dopester, has predicted the same score. That means a quick reversal.

Mr. R. C. Hankins, who operates the Midland sport emporium, not only has openly referred to this department as a "Scotch sports writer" but has issued an invitation for us to be his guest at today's contest. We were planning to be any way, but the invitation cinches matters beautifully. We accept with much gusto, and will also bring along the Rotary Club, the army, the navy and the W.C.T.U.

Indian Boys Run Away From School; One Found Frozen

WINSLOW, Ark., Nov. 21.—Nine Navajo Indian boys plunged into a wintry wilderness in preference to the routine of school life. One of them, Ralph Red Horse, was found frozen to death in a snow drift. Another is missing. Superintendent K. Miller of the Keams Canyon hospital where the others were treated for exposure said the boys had run away from the Roosevelt school at Fort Apache.

Bisons, Bulldogs Will Clash Today On Midland Grid

NEW YORK, Nov. 21.—When slugger meets slugger one of two things can happen—a "waltz" in which each shows tremendous respect for the other's punch, or a slam-bang battle in which each gambles on landing the first decisive blow.

These are the two possibilities when Jimmy McLarnin and Billy Petrolle clash in a ten round bout in Madison Square Garden tonight. A large crowd is expected at the Garden in hopes of seeing both boys forget about defense and concentrate on attack. That was the general expectation of the night McLarnin fought Ray Miller, southpaw puncher, but one of the tamest he has been in the Garden's history was the result.

McLarnin has been virtually unbeatable since he accepted a lacing from Sammy Mandell, then lightweight champion, two years ago. He has waded through all sorts of opposition since then and in his last New York appearance knocked out Al Singer, successor to Mandell, in three rounds in an over-weight fight. The smiling Irishman rules a 3 to 1 favorite over Petrolle. The latter, however, is a mark for no lightweight or junior welterweight, in the business. He whipped Tony Canzoneri in Chicago before Tony knocked out Singer for the lightweight title, and lost a close decision to Jackie Kid Berg, the English whirlwind in a great fight. Petrolle can hit with either hand and is game. McLarnin probably will have a slight advantage in weight. He will weigh around 141 and Petrolle about 138.

HOPPE WINS BLOCK
NEW YORK, Nov. 21.—Willie Hoppe finally has won a block in his world's championship 18 1/2 ball game. He defeated King Levinsky, the ex-fish peddler, in their ten-round engagement at the Chicago stadium tonight.

Cochran won the seventh block, 300 to 200, closing out the block with an unfinished cluster of 51. He went to the table last night and ran 76 more before missing, giving him a high run of 127 for the inning. After that he did not do so well as Hoppe left him one bad lie after another. Hoppe himself showed his best form of the match in the fifth inning, running 103 before he missed on what should have been an easy shot for him, average so far is 33 24-72; Hoppe's 19 71-72.

Bovines Play Final Class A Game Today With Veteran Maroon Bulldog Eleven

Longhorns Go Into Fray Rated As 'Underdogs' By A Wide Margin, Colorado Comes Here Thanksgiving Day

Big Spring will see the second drop of the curtain in two years' time this afternoon when they clash with the Ranger Bulldogs at Ranger. The game is scheduled to start at 3 o'clock. It will be the final game in the Class A loop for the local aggregation, they having played eight, won two, tied one and lost five so far. It also will mark the end of the second year in the Class A circle, the Steers having joined the party of the upper house at the beginning of the 1929 season.

With a string of defeats trailing along behind them, the Steers go into the Ranger battle today doped to lose. They are given only the slimmest of an outside chance to bow the Bulldogs over, and send them to the showers with a defeat.

The Bulldogs a veteran organization with many years in the Oil Belt district, is owner of a Big Four berth, and Big Four aggregations are not prone to allow members of the Little Six to creep up behind them and give them swift ones in the pantaloons.

Although today's contest marks the end of the season so far as the Class A percentage column is concerned, another fray is on tap for the Bovines.

It is the annual Colorado-Big Spring game, to be played at Steer Corral Thanksgiving day.

Oklahoma produced 3,774,080 tons of coal during 1929.

Sluggers Meet Sluggers In Bout

McLarnin, Petrolle To Clash In 10-Round Contest

Fighting out the sub-district championship, the Stanton Bulldogs and the Midland Bulldogs clash at Midland at 3 o'clock this afternoon in what is expected to be one of the toughest engagements either of the two deadly gridiron rivals has been mixed up in this year.

Tied at the end of the season's schedule, the two teams come together for the second time this year. In the first engagement played at Stanton, an inspired bunch of stampeding bisons fought their way into the clear to win a scoreless decision with the Bulldogs.

All Stanton and Midland is expected to move out to the Midland gridiron this afternoon.

Intense rivalry has existed between the two aggregations this year. In fact, at times the rivalry has bordered upon something else again. Stanton has charged that

Midland Catered to Wink in the Last Game Stanton Played, Hoping Wink Crew Would Bump the Bisons off the Map in Order to Pave the Way for the Midland Title

Whether the charge is true or false, doesn't make any particular difference, inasmuch as the question will be settled this afternoon. The Midland aggregation, with a weight advantage and better reserve strength is favored to cop the contest.

Horton Smith Defending 1929 Oregon Open Title

PORTLAND, Ore., Nov. 21.—Ninety golfers, including internationally known professionals and amateurs, lined up here today for the opening of the \$2,500 Oregon open. Trophies will be awarded to winning amateurs.

The program called for 18 holes today and tomorrow and the 36 hole final round Sunday. Low scores on the 72 holes will determine the winners.

Horton Smith is here to defend the title which he won last year.

Proved To Be Just What He Had Been Needing

E. OTTINGER, SWEETWATER FARMER, PRAISES ARGOTANE FOR RELIEVING HIS AND WIFE'S TROUBLES.

E. Ottinger, well known farmer, living on Star Route, Sweetwater, Texas, is now an ardent champion of the merits of Argotane since the medicine has proved of such great benefit to both himself and wife.

Following these attacks, I found myself with a very poor appetite and all run-down in many ways. As I before stated I tried numerous medicines in my efforts to get back in shape, but every month I just seemed to be getting worse. Sometimes I would eat and then again I would not want anything. I became nervous and that tired feeling all the time got to where my worst was a drag to me.

My wife also suffered with troubles similar to mine and is recovering just as good results from the medicine as I did. Argotane has certainly proven to be just what we needed and we do not hesitate to recommend it to our friends.

Genuine Argotane may be bought in Big Spring at Collins Bros. Drug Store—adv.

CITATION BY PUBLICATION No. 1891 IN THE DISTRICT COURT, HOWARD COUNTY, TEXAS, Viola Henry vs. J. L. Henry, The State of Texas to the Sheriff or any Constable of Howard County—GREETING: YOU ARE HEREBY COMMANDED, that by making publication of this Citation in some newspaper published in the County of Howard once in each week for four consecutive weeks previous to the return day hereof, you summon J. L. Henry whose residence is unknown, who is alleged to be a non-resident of the State of Texas, to be and appear at the next regular term of the District Court of Howard County, to be held at the Court House thereof, in the City of Big Spring, on the First Monday in December, A. D. 1930, the same being the First day of December, A. D. 1930, then and there to answer a petition filed in said Court on the 31st day of October, A. D. 1930, in a suit, numbered on the Docket of said Court, No. 1891, wherein Viola Henry, plaintiff, and J. L. Henry, defendant.

The nature of plaintiffs demand being substantially, as follows, to-wit: That plaintiff has resided in the State of Texas for more than twelve (12) months, and has been an actual resident of Howard County for more than six (6) months prior to the filing of this suit.

HEREIN FAIL NOT, but have you before said Court on the said first day of next term, thereof this writ with your return thereon, showing how you have executed the same.

Witness my hand and seal of said Court, at office in the City of Big Spring, Texas, this 31st day of Oct. A. D. 1930.

WITNESS, J. I. PRICHARD, Clerk of District Court in and for Howard County Texas.

Experiment Works

THE announcement of Texas & Pacific Railway company officials that passenger traffic on trains carrying 2-cent per mile rates between Sweetwater and Fort Worth has increased materially since the low rate was instituted should be good news in Big Spring.

The T. & P. experiment to determine whether people would ride trains at 2 cents a mile rather than operate their own automobiles appears to be working satisfactorily. Its success will very likely cause many other roads to try the plan in an effort to overcome the steady and costly loss of passenger business suffered in the past few years.

OPINIONS OF OTHERS

The Klan Racket Plays Out

EXCEPT in Alabama where the campaign of Senator Heflin for reelection as an independent democrat has led to some revival of the strength of the order, the Ku Klux Klan, with its associated order, is playing out. But it will probably cause some surprise to learn, as we do from a copyrighted article in the Washington Post, how complete has been the debacle. It amounts practically to the death of the Klan in forty-seven of the states.

Man Repudiates Identification Of Five Gangsters

BEVELLE, Ill., Nov. 21.—Repeated threats of death to himself and family sealed the lips of Sam Scorfina, wealthy St. Louis grocer who yesterday unexpectedly repudiated his identification of five St. Louis gangsters as his kidnapers last July 12 and caused the collapse of the state's case. Scorfina is held in jail on a perjury charge.

How Is Your Health?

Edited by Dr. Inge Goldson for the New York Academy of Medicine

HIGHWAYS OF THE BODY

In the biologic sense it would be correct for man to refer to himself as "We." By "We" he would mean the millions of cells which unite to form his physical being and thru whose operation his highly complex functions are rendered possible.

Chapter 33 VENGEANCE

MRS. BARTHOLOMEW went to the door with her long, heavy stride. She had locked the door of the sitting-room and as she grudgingly opened the front door she dropped the key into her apron pocket.

THE ROSE IN THE DARK

SYNOPSIS: Hallie Ellemore, nurse who blinded Saxeley Grannock by deserting him during a crucial treatment, and Rose Conalidine, the girl he loves, are the same person, but Grannock is kept in ignorance of the fact. Lester Brown, Grannock's half-brother, who actually caused Hallie's desertion, threatens to tell Grannock her secret, unless she marries him. Hallie learns from Mrs. Bartholomew, eccentric old woman, that her father was Clem Conalidine, wanted for murder. Grannock goes with Hallie to Baltimore for further eye treatment. In New York another Rose Conalidine is told by her unscrupulous lawyer-guardian, named Perle, that she is the daughter of Clem Conalidine by a woman other than his wife, but may use Clem's fortune, of which Perle is trustee, if she spits with him. Hallie is forced to marry Lester, who lets her return to help Grannock through another operation. She visits Perle, who craftily tells her the other Rose is the rightful heiress.

Ex-Boarder Held In Disappearance Of Young Woman

NEW YORK, Nov. 21.—A 71-year-old former boarder in Brooklyn's house of mystery the Cedarholm residence on Schermerhorn street, was held by police today on a murder charge and with the possibility he may hold the key to the disappearance three years ago of Eugenia Cedarholm.

Candies For Thanksgiving Next Prizes Given For Most Interesting Cake Recipe Received

BAKE days are here. Winter weather is the greatest encouragement to cooks in the world. Crisp and frothy mornings invite a good cook to the kitchen to turn out plates of doughnuts, cookies and large smooth cakes.

small round or other shape with any utensil that is convenient. Color the frosting a very delicate pink with rose extract and cut out in the same manner as the first. In the last part add one or two squares of Baker's chocolate, melted over hot water, and flavor with peppermint. Add also a little water, as the chocolate will make the mixture thick and crumbly. Begin by adding a tablespoonful of water, then add more if necessary, knead and cut these as the others.

Candies for Thanksgiving Parties and for Boxes

MRS. ANNA D. WHITNEY City Pecan Candy

3 cups brown sugar 2 cups milk 1 1/2 teaspoons vanilla 2 tablespoons butter 1 1/2 cups walnuts or pecans

Put sugar and milk into saucepan and bring to a boil, stirring until sugar is dissolved. Cook to the soft ball stage, stirring constantly. Add butter and cool until lukewarm, then beat until creamy. Add vanilla and nuts, and mix thoroughly. Pour into slightly greased pans and when cold cut into squares.

Butterscotch 4 cups sugar 1-2 cups dark corn syrup 1/2 cup water 1/2 cup cream 1/2 cup butter

Cook sugar, syrup, water and cream to 260 degrees, stirring occasionally. Add butter and continue cooking, stirring constantly, to 288 degrees. Pour into shallow pan, mark deeply into squares, and when cold, break apart. Wrap in waxed paper or heavy tinfoil.

Date Loaf 2 cups sugar 1 cup milk 1 cup pecans or walnuts 1 box dates

Cook sugar and milk until a soft ball is formed when a little is dropped into cold water. Cut up dates and nuts into small pieces and add to mixture just before baking from stove. Beat until creamy. Pour in cold wet cloth and roll into loaf and when firm and cold, slice, and dip into powdered sugar.

Chocolate Cream Fudge 3 cups sugar 1/2 cup corn syrup 3 squares chocolate 1/2 teaspoon salt 1 cup evaporated milk or thin cream 1/2 cup nut meats

Mix all the ingredients except the nuts and boil until a soft ball (CONTINUED ON PAGE 7)

Peppermints, Chocolate Mints, etc. White 1 egg 2 tablespoons cold water Sifted confectioner's sugar 1/2 teaspoon essence of peppermint or a few drops oil of peppermint

HILLS BROS COFFEE is as fresh as when it came from the roaster. THE REASON IS—Hills Bros. Coffee is packed in vacuum tins. Air, which destroys the flavor of coffee, is completely taken out of the can and kept out. No air-tight can will keep coffee fresh. But Hills Bros. Coffee in the vacuum pack is always fresh whenever you buy it. The can is easily opened with the key.

Beat the egg on a plate, add the cold water and gradually work in sugar enough to make a firm paste. Divide the sugar paste into three parts. To one part add the peppermint and a very little of the green color paste. Take the paste from the jar with a wooden toothpick, add but a little. Work and knead the mixture, until the paste is evenly distributed throughout. Roll the candy into a sheet one-fourth of an inch thick, then cut out into

EVERYDAY QUESTIONS

Answered By Dr. S. Parkes Cadman

Questions from readers are answered by the Rev. Dr. S. Parkes Cadman, Radio Minister of the Federal Council of Churches of Christ in America. Dr. Cadman seeks to answer inquiries that appear to be representative of the trends of thought in the many letters which he receives.

Who established the Spanish Inquisition? What was its purpose and aim? When was it abolished? The Inquisition was first established by Pope Gregory the Ninth (1207-1241) to prevent the spread of heresy. It operated under the direction of the Dominicans and was revived in Spain in 1509 against the protest of Pope Sixtus the Fourth, who later approved it in 1463 by naming Torquemada, of the Dominican Order, the Grand Inquisitor. The Pope also counseled forbearance and charity toward accused persons, but his counsels were frequently ignored and victims were persecuted or sentenced to death on flimsy evidence and without judicial process. The Inquisition was suppressed in 1803 by King Joseph Bonaparte. It was again revived in 1805 and finally abolished in Spain in 1808. Its functions were based upon the belief that heretical doctrine was more deadly to Church and State than the terrible penalties inflicted by the Inquisition to exterminate it. This belief was then common and all nations exercised physical violence against spiritual convictions. It is useless to deny that they knew the virtues of tolerance, and equally beyond question that they believed tolerance was sinful when applied to heretics. Even today this spirit is abroad and war in our own land in recent years it has imprisoned men, subverted justice, corrupted justice, and the administration of justice in behalf of what it deems national or religious integrity.

I am very much in the form about the theories of Anglo-Israelism, but think its evidences very flimsy and without them much of the Bible seems contradictory and unintelligible. What is your opinion? The theory of Anglo-Israelism identifies the lost tribes of Israel with the British people. These tribes are said to have traveled westward subsequently to the Assyrian captivity, and after staving off the attacks of Romans and Huns to have settled in various provinces of northern Europe, where they founded the various republics after the Hebrew pattern. The main contention of the Anglo-Israelites is largely based upon similarities in beliefs, customs and languages between the Hebrew and British nations. Their argument is far-fetched and unconvincing. Support is sought by the advocates of this theory in their claim that the promise of God to Abraham has been fulfilled in the colonizing success of Great Britain. For they claim that the promise of God to Abraham has been fulfilled in the colonizing success of Great Britain. For they claim that the promise of God to Abraham has been fulfilled in the colonizing success of Great Britain.

Piles Go Quickly

Without Selves or Cutting. Thousands of Pile sufferers have learned that quick and permanent relief can only be accomplished with an internal medicine. Neither selves or cutting remove the cause.

Had circulation of the blood in the lower bowels causes piles. The veins are flabby, the bowel walls weak—the parts almost dead. To end Piles an internal medicine must be used to stimulate the circulation and strengthen the affected parts.

Dr. J. S. Leonard was the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for 1000 patients with the marvelous record of success in 960 cases, and then decided every Pile sufferer should be able to get HEM-ROID from their own druggist with a rigid money-back guarantee.

Dr. Leonard's prescription has a wonderful record of success right here in this city and Collins Bros. invites every Pile sufferer to try HEM-ROID and guarantee to refund the purchase price if it does not end all Pile misery—adv.

Texas Banks In Good Condition Shaw Declares

AUSTIN, Tex., Nov. 21 (AP)—Despite bank failures reported in other sections, Texas banks "are in good condition, and not liable to be affected by depression, James Shaw, state banking commissioner, said today.

Bankers throughout Texas, he said, "have been imbued for the past several years with the idea of purging their institutions of doubtful assets and have been generally successful in doing so. Financial institutions for the most part are sound."

STATE CALENDAR

AUSTIN, Nov. 21 (AP)—Clemens announced at the office of Governor Dan Moody. General Pate J. T. Evans, Guiness county, convicted in July, 1926, of embezzlement, and sentenced to five years' confinement. MARKETS

WOOL BULLETIN—BOSTON, Nov. 21 (AP)—The Commercial Bulletin of Boston tomorrow will say: The wool market continues spotty but generally quiet with more inquiry reported in some quarters. There have been some further sales of Secured B Supers to woolen mills on the basis of lower prices reported a week ago. Worsted have been rather slow of sale with demand favoring the finer qualities at prices which show little change for the week. Medium wool prices are little changed.

Foreign markets have changed little for the week. There has been a steady demand for Merinos in Australia and South Africa at firm prices. Crossbred offerings from South America have changed little in price. Opening of the New Zealand season at Auckland, Tuesday will be watched with interest. The manufacturing position seems to have changed little. Developments are slow. Meanwhile, mills are determined to keep in centuries down.

Mohair is slow and hardly changed. Wool quotations, secured below: Fine 12 months 44-46; 45-50; fine short 12 months 37-45; fine 8 months 69-67. Mohair: Domestic good original bag. Texas Spring 40-42; good Old and Texas Kid 50-52.
