Colorado Mission Trip Durango / Hesperus

On June 6th, God allowed the First Baptist Church of Gorman a second opportunity to do mission work by taking a trip to Durango and Hesperus, Colorado. The trip began with the group who left Gorman early Saturday morning headed for Albuquerque, New Mexico. They traveled 562 long miles on day one and then 224 miles from Albuquerque to Hesperus, CO. on the second day. Upon arrival at the Baptist Encampment where the group would stay, they began to settle in and anticipate a fellowship on that Sunday night given by the Hesperus Baptist Church. The fellowship was pleasant allowing everyone to get acquainted and to do what we Baptists do best...eat.

Every day started with breakfast between 7:30 and 8:00, and then the work began. The men who were blessed enough to go on the trip worked in, on, around and on top of the church. They built awnings, painted inside and out, fixed the roof, and did handy work jobs that needed to be done. Monday morning Bro. Craig, John McKain, pastor of Hesperus Baptist Church, the summer missionary Justin, the women, and the youth prepared for Vacation Bible School that would be held Monday - Thursday at an elementary school in Durango (about 30 miles from Hesperus.) On Wednesday, everyone took a day of rest and relaxation and went exploring through old Indian ruins at Mesa Verde. Hiking, climbing ladders, and crawling through two foot wide tunnels was required for this adventure and Justin Burleson said, "Glenn getting stuck in the tunnel at Mesa Verde was pretty funny." Actually it was very funny! Thursday, however, work began again as usual. On Friday, everyone was given a "free day." Most of the adults took the train ride to or from Silverton, and said it was the most beautiful thing they had ever seen. While the adults were riding the train, the youth (and Glenn and Gloria Glasson) went white water rafting in the 38 degree Animas River. It was rather enjoyable, but boy howdy it was very wet and very cold!

Vacation Bible School was huge success. On Monday, total enrollment was 7, but on Thursday, by the grace of God, there was 44 kids signed up which Bro. McKain said doubled the VBS enrollment for the last two years. Some of the children had never even heard the names God or Jesus, and one particular child said he didn't know who he was. This VBS was very much needed and touched many of the students lives as well as the teachers.

God blessed the Mission Trip group very much. Not only was it fun, but seeds were planted and that is what God calls us all to do. People were amazed that a group of 35 would travel hundreds of miles to work for one whole week without pay or reward of any kind. The reason is simple: "The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field." Matthew 9:37-38. Although nothing is expected, we will be rewarded at the appropriate time and place.

Those who made the journey were: Craig, Linda, Breanne, and Regan Rhoton, Anna Rush, Darlene Maldonado, James and Eula Lee

BORN AT BLACKWELL HOSPITAL — Ted Lawrence - Owner/operator of a Concession Stand on the Indian Reservation at Mesa Verde National Park. He was born at Blackwell Hospital in Gorman around the 40's. "Thank You"

I would like to say "Thank You" to the people of Gorman and the surrounding area for letting me represent you this past year.

I was proud to represent my town as "Little Miss" Gorman in parades, the Western Heritage, the Chamber of Commerce banquet, and at the state capitol of Texas.

I would like to say a big thanks to Miss Gorman Ashley Laminack for helping me through each event, to her parents and sister, Mindy for helping us decorate the float and to her brother Chris for using his pickup to pull us through parades.

I want to wish each of this year's contestants, who are running for Little Miss Gorman, Good Luck Saturday in the contest.

Official Report Released On Poynor Shooting Incident

On Monday, June 22, 1998 Texas Ranger Bob Grubbs presented his initial report of the shooting incident near Gorman on May 29, 1998 to Eastland County District Attorney Mike Siebert. Ranger Grubbs also review his report with Eastland County Sheriff Wayne Bradford. Grubbs stated he still had a few loose ends to tie up but the majority of the report is complete. The following is a summary of Ranger Grubbs report.

Eastland County officers responded to a call of a domestic dispute involving a man with a gun at a rural residence near Gorman on Friday night, 05-29-98, at approximately 10:38 p.m. The call was given to an Eastland County Sheriff's Office Deputy. Gorman P.D. Officers were requested to provide back up for the call and arrived at the scene prior to the Sheriff's unit that was coming out of Eastland. Instructions were given to remove the complainant, an elderly woman from the residence, if possible and to provide for her safety until the Sheriff's unit arrived at the scene. A determination was made of how to best handle the call. One Gorman Officer had pulled his vehicle onto a county road near the residence with his headlights on in order to observe the rear area and back door of the residence. While Gorman Officers were awaiting the arrival of the the Sheriff's unit, the lights inside the residence were turned off causing the area to be darkened. The Sheriff's Department office arrived at the location and met with a Gorman P.D. Officer and the complainant in front of the residence. The deputy was attempting to obtain additional information in relation to the call, when the Gorman Officer at the rear of the residence advised the subject was coming out the back door of the residence into a carport and was carrying a rifle or shotgun. The officers in front of the residence moved on foot around to the rear of the residence where they were confronted by a male subject coming through the carport carrying a shotgun and moving toward officers. The officers called out to the subject and identified themselves and advised him to put the gun down numerous times. One of the Gorman officers recognized the subject and related that he was nearly deaf. The Sheriff's officer moved closer to the residence and carport attempting to establish contact with the subject, continuing to call out to the subject to advising him that they were police officers and for him to put the gun down. The subject didn't respond or reply to any of the commands, but finally stated, "What?" to the officer closest to him and raised the shotgun to his shoulder in a firing position pointing it toward the officer. At this time, the officer fired several shots at the subject while attempting to back away from him. The subject spun around appearing to have been hit and then turned back around facing the officer and again started raising the shotgun toward the officer. At this time the officer fired at the subject again and one of the other officers on the scene also fired at the subject, resulting in his death. The subject was identified as William Euell Poynor W/M 96.

This report along with all associated statements have been submitted to the Eastland County District Attorney's Office. Sheriff Bradford has requested that this entire matter be taken before the next Grand Jury for their determination.

It's hot, but my friends at Heritage Manor tell me the AC works great and feels good. I know they didn't have AC when they were kids, so I asked what they remembered about the month of June.

June was the key word. Almost all remembered tying a string to the leg of a June Bug and off we went. Ann Bassham remembered homemade stiltons and mud pies. A. V. Seay remembered mowing the yard with a hoe. To my puzzled look she explained that nobody had grass, just dirt, so you hoed the weeds. She and her friends pretended bottles were cars and "drove" them in the dirt.

Play time was limited, because there was always work to do. June was the

All agreed it was too hot, but will try to get together again next June if the Lord is Willing.

month to wash out "fruit" jars. Most families had "canning or shelling" parties." You got to sit around and visit and shell black eyed peas till your fingers went numb. While doing the washing (by hand) you hoped for a good crop so there would be enough money to buy a washing machine. You got to hoe cotton, fry chicken, baby sit, clean house, dig roots and make lye soap.

If you could sneak off, you could catch grasshoppers and go fishing. In the evening, when the hard work was done, there was time to catch lightin' bugs and put them in a jar to use a flashlight. Nobody had much, but everyone worked hard and people naturally helped each other help themselves.

Are we missing something when we stay shut up inside with the AC blocking out all the outside noises. Could we invite a friend over for ice tea to see what's happening in their lives? Or go high tech and chat on the internet? Sure we could.

Till Next Time

MAMMOGRAPHY CAN SAVE YOUR LIFE!!!

If you are a healthy woman over 40 who never has had a mammogram, the American Cancer Society recommends that you have this simple life-saving procedure now. Since one woman in 10 develops breast cancer at some point in her lifetime, the urgency is real.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually compared to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination. These images are then interpreted by a Board Certified Radiologist, and a report is sent to your own doctor. It takes only a few minutes, and can detect incipient breast cancer as small as the period at the end of this sentence.

Early detection (18 months sooner than a lump can be felt) not only permits treatment before the problem becomes serious, but the cure rate is over 90 percent. Mammography cannot only save your life, but help you avoid the need for disfiguring surgery, too.

You don't need to have been a previous patient of our to receive this screening, but you do need to make an appointment at a time convenient to you.

Hi! "Happy Father's Day" to all our fathers in the nursing facility and among our readers. Before I became a father I could only imagine being a father. It is much better than I thought it would be.
