No one has more praise for Smith's outstanding achievements than William K. A trip to Kelly Field, a boat ride on the scenic San Antonio River and a water carnival at the grounds of the Lone Star Brewery will be part of the entertainment features at the Press Convention.

The new Income Tax plan for the City of Fort Worth surely has its merits, according to the city officials. Yes sir, if you earn your bread and butter in Fort Worth you should pay for that privilege.

However, I am a bit puzzled about all the folks they invite to spend money in Fort Worth who earn their keep elsewhere - like in small towns. Now if you live in a small town and have money to spend - the big city wants you to come visiting. BUT, if you live outside of the city limits and happen to be earning money in Ft Worth? ? ?

This statement was made by Land Commissioner Earl Rudder in answer to inquiries concerning progress in processing applications to purchase land under the Veteran's Land Program.

"So far, we haven't been able to sell our bonds," the Commissioner continued.

> "We are processing a few loans as money becomes available from the revolving fund created by bonds sold during the first program. We are also watching the money market very carefully and exploring every possibility of sale. The bonds will be offered again just as soon as we feel there is a possibility of selling them," he said.

In summing up the situation, Commissioner Rudder said he hoped that veterans who now have applications pending will understand problems involved. He indicated that applications are still being processed in the order in which they are received when money is or becomes available.
