Jay R. Grimshaw Marine Of Month

To: Private First Class
Jay R. Grimshaw, 1605988/0311,
USMCR - Marine Of The
Month For July 1957

The Commanding Officer takes great pleasure in congratulating you for your excellent performance of duty which has caused you to be selected as "Marine of the Month". Your conscientious devotion to duty has served as an example for all men within this unit. Such an example can do much to promote high morale and efficiency, and greatly assist in maintaining our Corps' pre-eminent position among the armed forces of the United States.

26th Annual Prison Rodeo - 6, 13, 20, 27

HUNTSVILLE, Oct. 2 - (Echo) - The first tryouts for convict contestants to participate in the forthcoming 26th Annual Texas Prison Rodeo were held in the new million-dollar prison stadium at Huntsville on September 22.

Results were far superior to what was anticipated by Rodeo Director Albert Moore, both as to the adaptability of many new riders, and the brute savagery of heretofore unriden stock.

Although rain marred the arena throughout the day, many nervous riders "bit the dust" only for high scores to enable them to perform during the four shows to be presented each Sunday in October, beginning Oct. 6.

Fortunately, there was only one casualty during the many thrilling spectacles witnessed throughout the day, resulting in a broken leg for a hapless rider who fell victim to a maddened Brahma bull before he could leave the chute.

Rodeo and prison officials, as well as many free-world spectators alike, were thrilled by the high calibre of riders and rodeo stock to be used this year. Final tryouts, even more acutely competitive, were Sunday, September 29, in order to assure thousands of ardent fans that only the "cream of the crop" will be selected to add chills and thrills to those countless western enthusiasts from every part of the world.

Many of the "top money winners" of previous years, were on hand to take their share of spills into the mud.

The Texas Prison Rodeo is now in its 26th year, and Rodeo officials, as well as officials of the Texas Department of Corrections, are anticipating this will be the greatest show ever presented in its history.

World renowned free-world professional talent has been booked for the four shows to be presented each Sunday in October, and promise breath-taking thrills, chills, unsurpassed beauty and

Five players got in on the scoring. John Grace raced for a score in the first quarter and Charles Bryant went eight yards for another in the same period. Robert Norris scored on a six yard run and Donald Cook scored from 20 yards out. The final tally came on a pass with Benny Frazier pulling in the aerial from 15 yards out in the endzone.

Norris, Grace, Jimmy Burleson, James Wyatt and Cook played outstanding ball on defense for the Wolverines and Larry Greer, the Carbon Quarterback, was the outstanding back in the game. Carbon will play Gustine tonight, Thursday, at 8 p. m. at Carbon.

Mrs. Mary Curtis Buried At Carbon

Funeral services for Mrs. Mary Ann Curtis were held Friday in Gorman at the First Baptist Church with Rev. Lee Fields and Rev. Don Turner officiating.

Mrs. Curtis, a resident of Eastland, died September 26 in Kirk's Nursing Home. She was born on January 22, 1875 in Mississippi and married W. A. Curtis in 1913 in Goldthwaite. She was a member of the Mangum Baptist Church.

Survivors include her husband; three sons, Dan of Odessa, Lewis of Odessa and Harrison of Eastland; one daughter, Mrs. Fred Johnson of Eastland; 16 grandchildren and 24 great grandchildren.

Interment was in Carbon Cemetery. Pallbearers were Erle Egger, Sam Harvey, Fred Rouse, L. M. Harvey, Kenneth Reese, and J. W. O'Rear.

Mrs. Bill Parr Hosts Friendly Ladies

Mrs. Bill Parr was hostess to the Friendly Ladies Sunday School Class for their regular monthly meeting.

Mrs. Haynes opened the meeting with a prayer. Mrs. Dean Kirk gave the devotional.

After a short business meeting refreshments were served to the twenty-two members and one visitor, Mrs. Roy Blair.

STUDENT COUNCIL NEWS By James Whitlock

At the last meeting of the Student Council the seniors brought up the subject of Freshman Day. We decided that Freshman Day would be on the coming Friday, October 4. The seniors had a list of the things that the Freshmen were to wear.

Also, on Thursday, tonight, the school is going to have a bon-fire pep rally in front of the football field, the night before the game.

At the meeting we also decided that we would elect another Vice President because our present Vice-President, Corky Brown, has been elected student body President. We elected Annye Kate Blair for the new position.

We found out at the meeting that the high school is going to Dallas State Fair on Tuesday of next week.

Ronald Jackson went to Odessa this week and secured a job. Mrs. Jackson and their children will move to Odessa when he finds living quarters for them.

Recent visitors in the home of Mr. and Mrs. M. H. Fairbetter were Mr. W. A. Trammell, brother of Mrs. Fairbetter, of Detroit, Michigan, and Miss Mabel Trammell of Chiple, Georgia.

Accompanying Mr. Trammell were Miss Margie Trammell, Mrs. Grace Heckel and Miss Margaret Lemelin.

precision in the performance of their dexterous feats of daring.

Reserved seat tickets are now on sale at the Rodeo Ticket Office, Huntsville, Texas. Letter or wire will reserve your choice seats for the first show beginning at 2 p. m. Sunday, Oct. 6. Prices are \$2.40, \$3.75 and \$4.40 each, tax included.

Fourth Annual GHS Homecoming Set For October 26

The Fourth Annual Homecoming for Gorman High School students will be held Saturday, October 26th. The annual get-together was started in 1954 and has been held each year since.

The program for the day will begin at 10 a. m. with registration of exes at the high school building, followed by a business session at 11 a. m. From 12 noon until 2 p. m., lunch will be served to the exes and their families in the school cafeteria. And a pep rally will be held at 2:30 p. m. in the auditorium.

Climaxing the day's activities will be a district football game matching Gorman and Moran at 7:30 p. m. It will be the second district game for the Panthers.

Additions to the program may be made at a later date.

Reservations for the luncheon should be made in advance so that an estimate can be made of the number of exes that will attend. Reservations can be made by writing Mrs. Edgar Higginbottom, secretary of the Ex-Students Association, or to the Gorman School office.

About 100 exes have been present the past three years at the Homecoming.

Junior Fire Marshalls Spark Fire Prevention

This week, Gorman and Desdemona school children in the elementary grades will spark local observance of National Fire Prevention Week (October 6-12) when they launch the fall phase of the year-round Junior Fire Marshal campaign.

Celebrating its tenth anniversary in 1957, this gigantic fire prevention and safety education program is expected to enroll more than 3,000,000 boys and girls in 48 states, Canada, Hawaii, and the Philippines. The program is sponsored nationally as a public service by the Hartford Fire Insurance Company.

Highlights of the anniversary campaign were announced today by Mrs. Berenice Jeffs of the Gorman Insurance Agency, sponsors of the local program in cooperation with elementary schools and the fire department, at both Gorman and Desdemona.

Keynote of the 1957-8 program is the traditional Junior Fire Marshal Home Inspection Report which boys and girls will receive at school. This report appears in the new fall issue of the 12-page Junior Fire Marshal magazine provided by the Gorman Insurance Agency.

"To qualify as a Junior Fire Marshal," Mrs. Jeffs said: "A boy or girl must complete a fire hazard check of his own home and return the home report, signed by a parent, to his teacher."

"Children who complete home reports during the forthcoming campaign will receive official Junior Fire Marshal signet rings, being introduced this year, and "red, plastic firemen's helmets", she added.

Calling attention to this year's 10th anniversary of the Junior Fire Marshalls, Mrs. Jeffs pointed to the program's growth and wide acceptance as "an indication of its value in teaching children how to protect themselves against the danger of fire."

"It's helping adults, too," she said, noting that the Junior Fire Marshal program has resulted in between 16 and 20,000,000 home fire inspections during the past decade.

Mrs. Jeffs said, "Teachers here and throughout the country have been supplied with study units for fire prevention instruction, and honor rolls to keep a record of children who complete their home reports. In addition, each school reporting a satisfactory record of home report completion will receive a lovely blue and gold Achievement Award banner."

Another new item this year is a series of calendar fire prevention posters for schools. A poster for each month of the school year, Mrs. Jeffs explained, calls attention to seasonal fire hazards. It will be awarded for both Gorman and Desdemona Schools.

Mrs. Don Rodgers Buried Here Today

Funeral services for Mrs. Don Rodgers, 70, were held today, Thursday, at 2 p. m. at the First Methodist Church with the Rev. Robert Haynes, pastor of the church, in charge of services. Burial was in the Gorman Cemetery.

Mrs. Rodgers died Wednesday after an illness of several years. A complete obituary will be published next week.

Cubs Win Two District Games; To Try Glen Rose Here Tuesday

The Gorman Grade School Cubs continued their winning streak in District play on Tuesday night downing the De Leon Kittens, 34-7. This was their second win in as many games in District play. The Cubs defeated Granbury last Tuesday night.

MAX PIERCE IS DOING FINE

Max Pierce was home from TCU last weekend visiting his parents, Mr. and Mrs. Bob Pierce. Max is recovering from an injury to his left ankle received in a squad scrimmage three weeks ago. His ankle is in a cast and he has to walk on crutches.

An operation was made on his ankle two weeks ago, and he will have to wear the cast for several weeks. Max is not on the TCU football team now, so that he will have three more years of eligibility. At the time of his injury Max was the No. 2 fullback on the Frog varsity team.

A fumble on the 1-yard line and a Dublin passing attack that suddenly came to life cost the Gorman Panthers their second straight loss by a hair-thin margin, as the Dublin Lions edged the Panthers, 7-6, last Friday night at Dublin. Two weeks ago the Panthers lost by two points to Castleterry of Ft. Worth, 14-12.

The fumble that cost the Panthers a touchdown and a possible victory came at the start of the second half. The Panthers received the kick-off on their own 42-yard line and marched 57 yards before fumbling the ball on the 1-yard line just as they were threatening to score their second 6-points. Dublin recovered the fumble and moved the ball out of dangerous territory.

The Dublin passing suddenly came to life in the fourth quarter after the Lions were convinced

they could not move the ball through the "Good Old Panther Line". The Lions had received the ball on a well-placed punt by Brinegar that rolled out on the 6-yard line. From there the Lions moved 94 yards for the winning score. The Lions moved the ball out to mid-field on two runs of 21 and 18 yards, and then started their passing attack. A pass from Quarterback Jerry Pair to Fullback Billy Moore was good for 33 yards, and then a 16-yard touchdown pass was nullified because of a holding penalty for 15 yards. But a 26-yard pass from Pair to End Tommy Duncan moved the ball back down near the goal. On the next play Halfback Ronnie Jones went 3 yards for the tying touchdown, and Center G. Wilson kicked the extra point that won the game.

Up to the fourth quarter it was mostly a defensive game with the Panthers having the upper-hand on defense. The Panther offense made more rushing yardage than the Lions, also. Dublin made only 14 yards on the ground in the first half, while Gorman had 109 yards. In the last half Gorman made 96 yards rushing and Dublin made 71 yards. The Panthers outplayed Dublin all through the game until the last quarter. Dublin gained 53 yards rushing and 59 yards passing in the fourth quarter. All of this came in the drive for their winning touchdown.

The Panthers scored their only tally in the first quarter after they partially blocked a Dublin punt on the Lion 39-yard line. On the first play Gregg scampered 17 yards, and then Brinegar broke through the middle and went all the way untouched for the remaining 22 yards to paydirt. Brinegar missed on his kick for the extra point. The boys in Red and Blue threatened to score again before the first half ended, but time ran out with the Panthers on the 3-yard line.

Co-Captain Bobby Standridge and Tackle David Revels led the tough Panther defense. End Jerry Warren played his usual good game on defense, and Tackle Ed Rodgers stopped one Dublin drive with a pass interception on Gorman's 20-yard line. Co-Captain Larry Grice did not get to play much because of his leg injury.

Eddie Gregg led the offense with 83 yards on 20 carries. John Brinegar was close behind with 79 yards on 21 bruising runs, and Neal Overstreet made 24 yards on 8 keeper plays. Eddie Browning played his first game at a half-back slot, and made 12 yards on 5 carries. The backfield had to be shifted around since starting Quarterback Delbert Smith was unable to start the game because he was still weak from a flu attack. Smith played in the fourth quarter, however. Neal Overstreet did a good job of replacing Smith.

Friday night the Panthers host the Brownwood "B" team here at Gorman. Brownwood is in District 4-AAA with Graham and Breckenridge, but since this is the "B" team, it is not equal to a Class AAA team. Coach Byrd said it was equal to a good Class A team, so it should be a tough contest. The team has played 3 games and has two wins and one loss. The wins were over the Breckenridge and Killeen "B" teams by about 38 points, and the loss was to the Coleman "B" team on a 39-0 score.

G. E. Norris Attends Speed Queen Meeting

On Friday, September 13, the local branch of Higginbotham Bros. was host to all of their various locations as far East as Stephenville and West as Ballinger and including the towns of Dublin, Stephenville, De Leon, Gorman, Rising Star, Cross Plains, Ballinger and Gustine.

The purpose of their get together was the necessary preparation for their introducing to their customers the ultra new line of the 1958 Speed Queen Washers and Dryers.

The meeting was conducted by Mr. H. A. McGee, district sales engineer of the Ripon, Wisconsin Factory, and he carefully pointed out the many superior advantages and the vast improvement in the new 1958 models, including the features of the washer which has made it one of America's top lines. Speed Queen has consistently kept abreast of the fabric markets in producing machines that are adaptable to new materials as well as common wash problems and among the many outstanding features is the new drip and dry process involved in the laundry of nylon and orlon.

Those in attendance included G. E. Norris of Gorman.

The sales of these new washers has just begun with a carload of factory fresh machines just received.

So many of Barbara Ann's friends are asking about her that I thought I would let them know where she is.

She is living with her sister in Big Spring, going to school in the morning and working in the office in the afternoon for the Woolworth Store there.

She will graduate with the class there. She sends best wishes to all.

Mrs. Murphy (mother)

JUNIOR NEWS

Next week is Fire Prevention Week and everyone is busy making posters or writing a theme about ways of preventing fires.

Next week, Tuesday, we are all going to the State Fair. This is an annual event at Gorman High and everybody is looking forward to it.

If you see a Junior between now and Friday, you will probably see him with his head in a book. Our first book reports are due Friday. We are all reading like mad to try to finish a book by then. So don't stop him, just pass him by, cause every minute counts.

Our treasure needs a little boosting this year, so we are going to start selling shampoo. We will start our selling campaign in a week or two, so help us out when a Junior comes to your house. It is really a good brand and I think everyone will like it.

The Panthers will meet Brownwood B here next Friday, so everyone come out to back them. If the crowd is behind them, they won't let everyone down.

THE THIRD ARM

Inventions, often the product of accident, are sometimes born in desperation.

That is what happened to Eli Kahn, 5411 N. Clark Street, Chicago, when his wife gave birth to their first baby boy.

After the first month of joy in their new addition, Eli was left alone with Philip, and in trying to feed and diaper the bouncing bundle that was his frantic son, he discovered he was all thumbs. "Gosh," the befuddled daddy said to himself, "if I only had a third arm!"

Right then and there, an idea was born. You could almost see the electric bulb lighting up inside Eli's head. Somehow, he managed to feed and tend the tot, until his wife arrived to rescue him. The Chicago salesman of steel products barely heard the scolding his wife gave him for trailing dirty diapers over their brand-new couch.

He rushed downstairs, and, in the murky light of the basement, began cutting and shaping a piece of steel. When his wife came down to look for him three hours later, Khn, his face smeared with perspiration and his arms littered with steel shavings, grabbed her up in his arms.

"Eureka," was all that he could say. "Eureka," he shouted, "I found it!"

Impatiently, his wife asked: "Found what?"

"Look," he said, as his wife watched, and he took a baby bottle, fastened it to the clamp on his steel contrivance, and showed how it could be maneuvered in any direction for a complete circle, at any angle.

And - that's how an invention was born - "The Third Arm" - as Eli and his wife fondly call it, and which they constantly use in feeding the baby. And so - another industry was born, and a salesman was converted into the city's newest manufacturer.

In addition, the proud father and his wife have found a multitude of uses for - "The Third Arm", including its function as a phone-holder and a mirror-holder.

But, Kahn insists that his son, Philip, now six months old, is half responsible for the invention of "The Third Arm."

By Ethel Keith

Mr. and Mrs. Buck Guthery and children and Mr. and Mrs. Buddie Sharp and children of Grandfalls and Mr. and Mrs. Chubbie Forman of Irving spent the past weekend with their parents, Mr. and Mrs. Roy Guthery.

Mrs. B. M. Keith returned to her home in Cisco Wednesday after being a patient in the Gorman hospital.

Mrs. Lora Abel returned home Wednesday from Kermit and Oil Center, N. M. where she spent almost a week with her children and to visit with a grandson, Private Paul Baker, Jr., who was home on leave from the service.

Mrs. N. S. Pertain of Dublin spent the past week here with her daughter, Mrs. Ethel Keith, and returned home Saturday.

Aunt Sallie Eaton spent one night last week in Gorman with her daughter, Mrs. Nina (Lohman) Morris.

Mr. and Mrs. H. H. Williams spent last weekend in Alice with their son, Mr. and Mrs. Less Williams and daughters.

Mr. and Mrs. Debert Williams of Kermit spent part of this week with his parents, Mr. and Mrs. Howard Williams, and a sister, Mr. and Mrs. Morgan Roberts.

Baird was the only team in our district to win its football game last week. The Bears pasted their traditional rival, Clyde, for a 22-13 win. Moran was humiliated by the No. 1 Class B team of this area, Rule, for a 60-0 shellacking. Moran has not scored a touchdown yet in its four losses. Jim Ned was defeated by a mediocre Class B team, Trent, for a 12-6 loss. And Gorman was edged by Class AA Dublin, 7-6.

Eastland dumped Cross Plains 19-7, to even their season record at two wins and two losses. Gorman hosts Eastland here next week, October 11. Another game of interest was the Ranger crushing of De Leon, 33-0.

Eastland fans were anxious to see the Ranger-De Leon outcome, no doubt, since Ranger and Eastland clash this week. And De Leon had already dumped Eastland, 20-6, two weeks ago. Another future opponent of Gorman, Rising Star, begins its district campaign this week as it entertains Santa Anna.

In our District 8-B, all the members are still playing non-district games. Baird and Moran are

Mr. and Mrs. Floyd Moore left last week on a vacation trip to visit their daughter at Nashville, Tenn., Rev. and Mrs. Tommie Irwin, and also to visit "old" friends and relatives in Miss.

Mrs. J. M. Wilcoxson returned home Monday after spending about 3 weeks in the Sanatorium in Glen Rose.

Mrs. Gladys Griffith is a patient in the John Sealy Hospital at Galveston.

Mr. and Mrs. Billie Clark and children visited one day last week with her brother, Mr. and Mrs. Morgan Roberts and girls.

Mrs. Ida Wilhite spent a part of this week in Stephenville with her grandchildren, Nancy, James Hardie and Guy Tidwell, children of Mr. and Mrs. Hardy Tidwell, who are in school at Stephenville.

Mr. and Mrs. Charles Keelher and children have been visiting this past week with her mother, Mrs. Agnes Owens.

idle this week, while Jim Ned goes to Class B Aspermont and Gorman hosts the Brownwood 'B' team. Baird and Moran will have plenty of scouts at Gorman, no doubt.

DIST. 8-B SEASON RECORD

Team	W	L	T
Baird	2	2	0
Jim Ned	1	2	1
Gorman	1	3	0
Moran	0	4	0

The season record for Gorman doesn't look too good, but you have to consider the competition. In my opinion Gorman has the best record. Gorman has played three Class AA teams, and NONE of the other teams have played a AA team. Most of the other teams have played only Class B teams. Baird has beaten two Class A teams, Bargs and Clyde, but neither of them is too highly regarded. Jim Ned has played only one Class A team, Wylie, and lost to them. Moran has played only Class B teams and lost to all of them.

So, when you consider that Gorman has played three Class AA teams, and has outplayed the last two, you must conclude that the Panthers have the best record. So, give our coaches and our players the praise they deserve, and show them we think they are tops. I am very proud of the Panthers!

Upsets, upsets - - my average dropped to 55 per cent as a result of last Saturday's college games. I missed 4 1/2 of 10 picks to bring my season average down to 65 per cent. The half right was for the tie between SMU and Georgia Tech. I was very happy that I missed on SMU and TCU. Their victories will raise the Southwest Conference higher in national recognition. Georgia Tech was the No. 3 team in the nation. The SWC has not lost a game in their first two weeks. Nine wins and two ties - - WOW! Rice and Baylor have tough games this week. SMU is idle. Rice over Stanford (Southwest rolls on) Baylor over Miami

(Bite 'em, Bears)
 TCU over Arkansas
 (First conference game)
 A & M over Missouri

31-6 WIN OVER BROOKSMITH

Carbon scored a 31-6 victory over Brooksmith Thursday night as the Wolverines hit their best stride of the year.

Five players got in on the scoring. John Grace raced for a score in the first quarter and Charles Bryant went eight yards for another in the same period. Robert Norris scored on a six yard run and Donald Cook scored from 20 yards out. The final tally came on a pass with Benny Frazier pulling in the aerial from 15 yards out in the endzone.

Norris, Grace, Jimmy Burleson, James Wyatt and Cook played outstanding ball on defense for the Wolverines and Larry Greer, the Carbon Quarterback, was the outstanding back in the game. Carbon will play Custine tonight, Thursday, at 8 p. m. at Carbon.

ELECTRIC COOKING...

So wonderfully convenient!

Even top-of-range cooking is automatic on my new ELECTRIC range!

Automatic surface units on today's electric ranges provide wonderful new cooking convenience. You just dial the cooking speed you want and a sensing element, in contact with the utensil bottom, turns the heat up or down as needed to maintain the temperature you select... automatically... to eliminate boil-overs and pot-watching. See the new electric ranges at your dealer's soon. COOK BETTER... ELECTRICALLY!

"Looks like a great big box of nothing from here. You say it's Faith, Daddy? And we thought it was going to be a present!"

It is a present—the finest you can give—the one legacy every parent can provide on one dollar a year or a million.

The faith of children once founded is lasting and hard to shake. The other things you can give them are all to the good. But even the most carefully planned annuities and insurance are not designed for drying a tear... for strengthening faint hearts... for bolstering principles which all the world seems determined to crack.

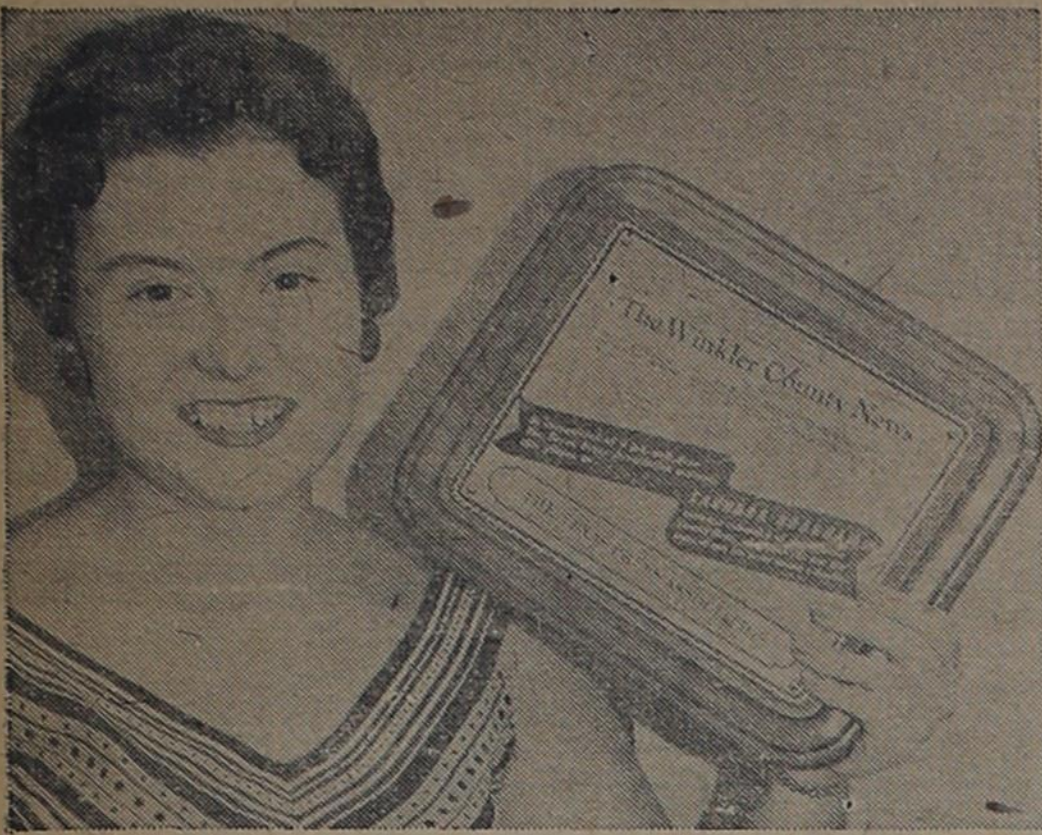

Worship with them this week at your church or synagogue. Give them a faith to live by—that priceless "nothing" which can never be seen, never be touched... and never be taken away.

U.S.—Bulwark of Freedom

BIRTHDAY OF A FREE NATION as the Declaration of Independence was presented to Congress in 1776. Contrary to popular belief, this historic document was not signed by Congress on July 4th. Instead, the Act by which the original 13 states broke colonial allegiance to Great Britain was approved by Congress July 2, proclaimed on July 4th, and signed at various times up to Nov. 4.

SYMBOL OF HUMAN RIGHTS and freedom, the Liberty Bell in Independence Hall rang out at every festival and anniversary of Independence until it cracked in 1835.

BIRTHPLACE OF OUR NATION was Independence Hall, Philadelphia, where Continental Congress met, Declaration of Independence adopted and proclaimed, Washington appointed Commander-in-Chief, and U. S. Constitution framed.

OUR NATION'S CAPITOL, moved from Philadelphia to banks of the Potomac in 1800, today is a majestic city, nerve center of a great country, and the hope of freedom-loving people everywhere. The capitol dome, sprawling office buildings, monuments, memorials, and 7,000 acres of public parks including the Mall shown here, are familiar sights to countless Washington visitors.

Parents!

Your Junior Fire Marshals want you on their team!

Your school age youngster will soon be coming home with a Home Inspection Report to make out. It's part of a Fire Prevention Week campaign to make our homes safer. And you'll have an opportunity to take part with your child in a worthwhile community project, the Junior Fire Marshal Program.

As your local Hartford Agency, we are happy to cooperate with the Hartford Fire Insurance Company in sponsoring Junior Fire Marshal activities here. More than three million boys and girls throughout the nation are participating this year. And the program has the unreserved endorsement of teachers, fire officials and civic organizations.

Won't you join the children — and us — to help make our community a safer one to live in?

Proper Harvesting Methods Stressed

B. C. Langley, Supt.
West Cross Timbers
Experiment Station
Stephenville, Texas

The peanut harvest season is almost always a time of much concern to the grower. He generally has to make the difficult decision of whether to harvest now, and probably get a short crop or to wait a few weeks for some of the pegs and immature pods to reach maturity and take the chance of losing part of the crop that is now ready for harvest. It might be of some help to the grower in deciding whether to delay the harvest to know that about 60 days are required from the time a peg enters the soil until it develops into a mature pod. A further consideration is that southern blight does its greatest damage late in the season, and undue delay in harvesting after the peanuts are mature often results in heavy loss from this disease.

Most growers know that a peanut is mature and ready for harvest when the inside of the shell begins to turn brown. Kernels from pods in this stage of development remain smooth and firm when dry. Kernels from pods that have a white pulpy substance inside the shell will shrink excessively when dry and usually grade as "small shriveled kernels", which, of course, bring a much

lower price than sound mature kernels.

Although the quality of the peanuts delivered to the buyer is in a great measure determined by the growing conditions and the stage of maturity at harvest, it is well to bear in mind that the quality and the value of peanuts can be lowered by carelessness in picking or threshing. In addition to the problem of excess foreign material in threshed peanuts, there is the problem of cracked pods, loose shelled kernels and broken kernels. The buyer pays the grower for the shelled kernels, but he pays a lower price than for those that are unshelled, and he probably doesn't want any shelled kernels in a batch of peanuts at any price. Shelled kernels deteriorate rapidly in storage and along with the kernels in cracked pods are highly susceptible to insect injury.

The thresher or picker operator can reduce the occurrence of broken pods by exercising extra care in operating his machine. It is generally conceded that in the case of cylinder type threshers or pickers, cylinder speed of over 400 revolutions per minute is too fast and results in an abnormally large amount of broken pods. Some of these machines can be run at much lower speeds and still do a satisfactory job of threshing. Everyone knows, of course, that at harvest time we are all in a rush to get the job finished as soon as possible, and this is a very good idea, but we should at the same time recognize that to take just a little more time and to be a little more careful might mean extra money in the pocket. In this connection we might remember that faulty elevators and other worn and loose parts on the machine can cause considerable damage to peanut pods.

The consuming public is more and more demanding high quality in the unprocessed and processed agricultural products that it buys. Since at the present time a great portion of the peanuts produced are finally sold as edible goods for human consumption, it is an obligation of the peanut industry from grower to sheller to last processor to exert every effort to make available to the consumer a high quality product that can compete with other foods for the consumer's dollar. This in one of several efforts that will help to keep us in the peanut business.

DURWOOD BURGESS ENROLLS AT TARLETON

Durwood Burgess, son of Mr. and Mrs. Rayford Burgess of Gorman, has enrolled at Tarleton State College as a freshman. Burgess is an agricultural education student and is one of 1100 students to register at Tarleton this semester.

Tarleton State College is part of the Texas A&M System and has been one of the leading educational institutions in Texas since 1899.

Its beautiful campus covers 95 acres and is dotted with more than 15 well-equipped buildings. The Tarleton State library, completed in 1955 at a cost of \$400,000 is considered one of the best college libraries in the nation.

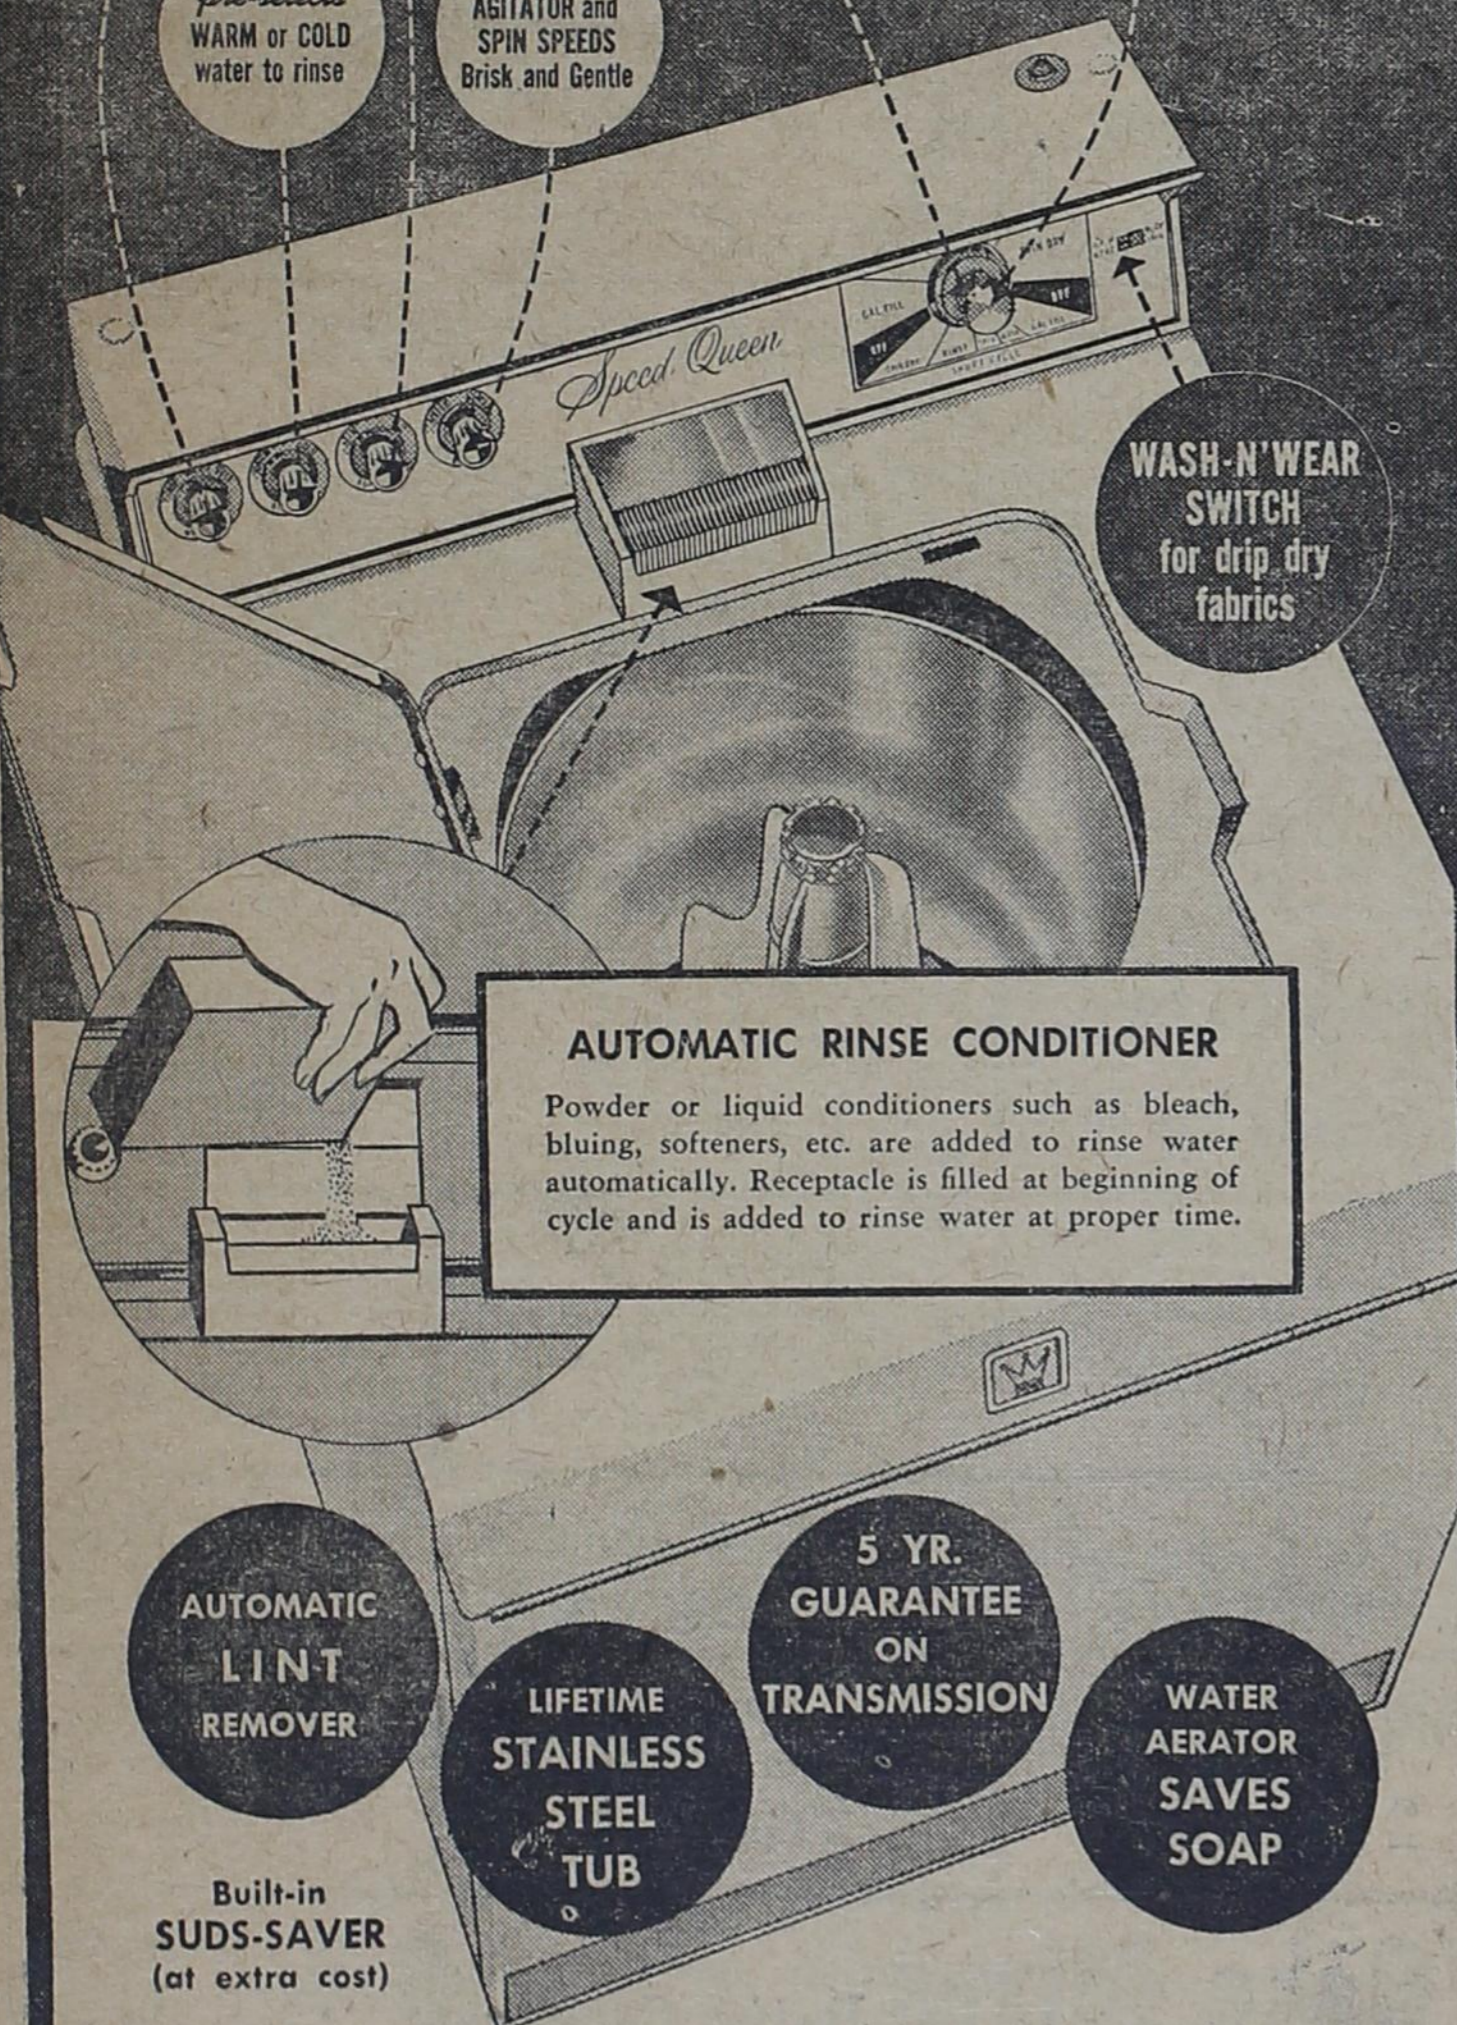

Plans are being made for the construction of a new men's dormitory after the first of the year. The dormitory will cost approximately \$555,000 and will house 216 students.
