Quarterbacks Disband After 10 Years Service

In 1948 a group of young men, a few only recently returned from the Armed Forces, met and formed an organization which has completed many worthwhile projects in our community.

The big project was "Ole Bass Lake" which had been washed away and filled up by flood waters. The property was presented to the City of Gorman by Mr. and Mrs. Henry Capers as a Memorial to their foster son, Frank A. Gray, and others who lost their lives in World Wars I and II.

The first two years these young men raised \$18,000 and built a 144' x 140' concrete swimming pool, built picnic tables, barbecue pits and installed playground equipment for children. They erected a tile checking room and 18 bathhouses. Plaques in memory of a service man or woman were placed over the doors of these bathhouses. A flag pole and monument were erected. The Quarterback Club has maintained this park and pool for the past ten years. Each year for the past six years the Quarterback Club sponsored the "Indian Trail Festival" and for the next two years

sponsored the "Peanut Festival". In 1950 the club sponsored a Safety Campaign and were instrumental in getting stop and slow signs up at every intersection in town which has prevented many accidents.

During its ten years of activity the Quarterback Club supported the Athletic Department of our High School by buying an automobile for football players to ride home after practice; purchased wind-breakers; helped buy a whirl pool to treat injuries; purchased medicine kits; football shoes, helmets for the Junior High Team, and assisted in all projects when called upon.

We believe disbanding the Quarterback Club and organizing the Junior Chamber of Commerce is a good idea but the civic work done by these young men of yesterday will leave a lasting mark on this community.

They know, and have expressed their appreciation from time to time, these projects could never have been accomplished without the fine cooperation and financial assistance given by folk in the community and other civic clubs.

Snow Blankets Gorman Area On Wednesday

One inch of snow blanketed everything in the Gorman area on Wednesday morning, but most of the snow had melted by Wednesday evening. The snow had begun falling on Tuesday morning but most of it melted as soon as it hit the ground. But on Tuesday night the snow was heavier and by Wednesday morning covered the scenery with a blanket of white.

Rain fell in the area on Sunday and Monday, so there were three straight days that some kind of moisture was received here. Most of the rain fell in a slow drizzle so that only 0.20 inch was measured on the official gauge by Tuesday afternoon. The official measurement of the moisture received from the snow was 0.02 inch on Wednesday, so the official total for the 4 days was 0.22 inch.

CARD OF THANKS

Thanks to the doctors, nurses and others at Blackwell Hospital who helped me to a speedy recovery. Also to my friends who called or sent cards.

Plans For Youth Center Under Consideration

Girls Miss By 3 Points In Tourney

Three points - that was the margin by which the Pantherettes missed placing no lower than fourth at the all-girls Hardin-Simmons Basketball Tournament at Abilene last weekend. Irving, who edged the Gorman girls by 3 points in their quarterfinals game, wound up in 4th place after losing both of its games on Saturday.

Annye Kate Blair was named as a forward on the second team of the All-Tournament Teams. None of the Irving girls were placed on the first or second teams of the All-Tournament Teams. Irving is a Class AAA school, and was the only team of such high classification in the meet. Irving has a 12-12 season record.

Abernathy handed Roby its first loss in 30 games to win the championship by 12 points. Hawley tromped Irving by 21 points to win third place, the honor Gorman won last year. Roby had swamped Irving by 38 points in the semifinals on Saturday morning. Abernathy now has a record of 30 games without a defeat this season.

The Pantherettes drubbed Merkel girls, 51-32, in their first game of the tourney last Thursday afternoon. Annye Kate Blair scored 25 points in that game.

On Friday night against the Irving girls, the Pantherettes led throughout the game until the fourth quarter when the score was tied four times. The score by quarters was 11-3, 17-11 and 24-23. Irving went ahead in the final minute to win 34-31. However, Annye Kate was the highest scorer of the game with 21 points.

Announcements

There will be a shower held in the Ira Frasier home in the Duster Community on Friday evening, February 14th at 7:30 for Mr. and Mrs. Julian Steele who lost their home and furnishings by fire recently.

Everyone who is interested and will, please come. Hostess will be the Duster Community.

There will be a singing at the Congregational Methodist Church on Sunday afternoon. We have the New Class Books.

Come, sing with us. Mrs. Homer Richardson

Delmer Shugart and Ernestine Todd cordially invites everyone to their wedding Saturday, February 15th, 6:30 at the Church of Christ.

Producers Feed And Supply To Carry Nursery Stock

Beginning this week Producers Feed & Supply will carry a complete line of nursery stock. For the person wanting to improve the appearance and value of their home or farm this will afford the opportunity to buy in Gorman, without the expense and trouble of going out of town.

The store will stock all kinds of fruit, nut and shade trees as well as evergreen and flowering shrubbery. Both Hybrid Tea and Floribunda Roses will be in stock. A catalog will be kept at the store for those wishing special orders, which will be delivered once weekly.

All stock except roses will be grown in this area. Roses will be from Tyler, Texas.

To introduce their line of nursery stock, Producers Feed and Supply will have many special prices Friday and Saturday. See their ad on an inside page of this issue.

Miss Jean Reynolds To Become Bride Of Mr. Tommy Brightwell

Mr. and Mrs. L. D. Reynolds of Knox City are announcing the engagement and approaching marriage of their daughter, Miss Jean Reynolds, to Mr. Tommy Brightwell, son of Mr. and Mrs. Odie Brightwell of Gorman.

The wedding is planned for March 1 at 6:00 p. m. in the home of Mr. and Mrs. Tom Hallmark of De Leon with Darrell Brawley, minister of De Leon Church of Christ, officiating.

The bride-elect is a member of the nursing staff at Blackwell Hospital. Tommy is a graduate of Gorman High School and of North Texas State Teachers College.

Mrs. Green Speaks To Full House

The Silver Tea sponsored by the Woman's Society of Christian Service Tuesday, February 4th, proved to be a happy occasion of friends getting together.

Mrs. Bob Green, guest reviewer, spoke to a full house. Soloists Mike Stacy and Edith Bolt, preceding her in performance, carried the audience into a ready and receptive mood.

Mrs. Green, appearing quite demure in colorful Japanese attire, did justice to Gwen Terasake's book, "Bridge to the Sun".

Bright kimonos with obi trim worn by members gave a festive atmosphere. The exhibit, "Things Japanese", was shown by Mrs. W. T. Shell.

Mrs. G. C. Acrea greeted the guests. Mrs. J. E. Walker sat at the register. Mrs. Frank Morrow served the refreshment plates, and Mrs. W. G. Kirk poured tea.

The silver note was observed in the beautiful tea service, trays and vases, properties of hostess, Mrs. D. V. Rodgers. Floral arrangements were by Preston. The Normandy lace cloth, belonging to Mrs. Ed Harrison, was made by the late Mrs. Ed Blackwell. Other hostesses were Mesdames Barton Eppler, W. M. Brogdon, and R. C. Mehaffey.

Among out of town guests were Mrs. Walter Davis and Mrs. Don Moorman of Brownwood, Mrs. Claude Stubblefield and Mrs. Pete Ussery of Carbon.

Jaycees Elect Directors, Appoint Important Committees

Thursday night, February 6, the Junior Chamber of Commerce met at the Fire Hall and continued organizing the local club. Seven directors were elected to guide the local Jaycees, and the constitution and by-laws were read, voted on, and adopted. The advisory group from the Stephenville Jaycees, sponsors of the local club, was present to help with the organizing.

Directors elected were Graydon Baze, Dr. W. M. Brogdon, Jerry Clark, David Goodwin, Keith Gregory, Fred Rogers, and Carl Stacy. Dues for the Gorman Jaycees was set at \$6.00 per year by a vote of the general membership.

A total of 22 members paid their dues, 10 of the members being associate members, that is men over 35 years of age. It was very

encouraging that almost as many associate members joined as did men under 35. This shows that the "Exhausted Roosters" are going to give the Jaycees a lot of support. They will be put to work on committees, also.

The general membership meeting were set to be the 1st and 3rd. Thursday nights of each month, with provision that one of these meeting nights could be changed if so desired. Two committees were appointed, a membership committee and an Installation Banquet Committee.

The purpose of the Membership Committee is to secure more of these meeting nights could be the Installation Banquet Committee is to make arrangements for a banquet to be held in the near future at which the new officers of the club will be installed in a formal ceremony.

Members of the Membership

Representatives of the city commission and each of the civic clubs of Gorman met at the City Office last Thursday afternoon to consider an idea for a Youth Center in Gorman. The idea was proposed by the Woman's Study Club, and Mrs. Roy Byrd was spokesman for that group.

TEXAS ELECTRIC SAFETY RULES

Safety rules for boys and girls who fly kites were outlined today by Mr. T. J. Hallmark, manager for Texas Electric Service Co.

As explained by Mr. Hallmark their importance are: First, fly your kite out in the open where it won't get caught in wires or trees. Second, use only strings made of cotton, silk, linen, nylon or rayon. Third, use only wood in your kite frames. Fourth, fly kites only in good weather. You don't want to get them rained soaked. And fifth, if your kite should get caught in electric wires, call Texas Electric Service Company. They will send someone to get it down for you.

"Local youngsters who fly kites have been very careful in the past where and when they flew their kites." Mr. Hallmark stated. "We had a perfect record last year with not one boy or girl being injured and only a few kites demolished. This year, I fully expect that even the number of kites lost will be reduced because it seems that every year, our boys and girls listen much more carefully to our warning and cooperate better in making kites flying safe."

To further impress children that safety is all-important in kite flying, Texas Electric Service Company is providing posters for all school bulletin boards and announcements for school principals.

De Leon Lions To Have Pancake Supper, 21st

Boss Johnson and A. J. Strickland of De Leon were in Gorman today inviting folk to attend the Lions Club Pancake Supper, 5:30 to 7:30 p. m. February 21 at the De Leon City Hall.

The Lions Club is presenting each school in this area that assists in selling tickets 2 pair of boxing gloves. The school that sells the most tickets will also receive a Stop Watch.

NOTE - Kernel Gene hereby challenges Publisher Strickland to pancake eating contest

Fidelis Matron Class Enjoys Meeting

The Fidelis Matrons Class of

the First Baptist Church met in the Educational Building last Thursday night for their monthly business meeting. Everyone enjoyed the devotional given by Mrs. Don Turner.

After the business session refreshments were served by Mrs. Pete Mauney and Mrs. L. L. Burns.

PANTHERETTES WIN DISTRICT TITLE; PANTHERS PLACE SECOND

HULLS by Kernel Gene, aPe

We regret that a letter dated January 29th, from Mrs. Roy Rodgers of Kilgore was misplaced. It contained a clipping from the Kilgore News Herald dated January 19th which told of the death from drowning of her brother, Jack Hilton Hanson. His parents, the E. D. Hansons, formerly lived in this community.

Dear Kernel: It is indeed a pleasure to know that we have had the opportunity of doing business with a gentleman of renown and distinction - and hasten to add our congratulations to the scores of those you must have already received for the signal honor bestowed upon you by the illustrious Governor of the State of Texas, Honorable Price Daniel.

May the City of Gorman, Texas and its metropolitan area and surrounding sphere of influence Eastland County, continue to grow and prosper throughout the coming years in the realm of NUTS, peanut fashion!

Our personal best wishes accompany this missile.

Sincerely yours, George W. Culler Certified Public Accountant Dallas, Texas

Thank you, Mr. Culler, and may we extend you an invitation to visit Gorman.

Layout of the Welcome Mat and keep on your Sunday shoes. Friday, February 7th, I visited one of the parties referred to last week. I took up six hours of his time selling Gorman and the folk who live here. He is interested to the point that he is going to bring his family out for a visit.

If, and it is a big IF, he does decide to locate in Gorman, it could cause a chain re-action which would open another business to tie in with his. Then one more that would tie in with the second. This is not a supposition but actual plans that are being made, IF.

Looking through copies of the Progress published in 1948 for information about the Quarter-

The Pantherettes have cinched the District 32-B Title, and the Panthers have nailed down second place as the district basketball campaign - ends this week.

The Panthers played possibly their best game of the season here on Tuesday night before bowing to the Olden Hornets, 48 to 40. Gorman was the only tough district contender left for Olden, and the hard-fought victory clinched the district title for the Hornets. Olden could never gain more than a 2-point lead throughout the game, and didn't reach the 8-point margin until the final minute when a series of fouls gave the Hornets their chance to win. Jerry Warren sparked the Panthers with 21 points, while Jack Hilliard hit 22 points for Olden.

At one point in the fourth quarter the Panthers led by 3 points, but that lead was short lived. Olden now has a 17-9 season record.

The Pantherettes had an easy time beating the Olden girls, and substitutes played almost the entire last half. The first team ran up a 50-10 score by half-time, and every player on the squad saw action the last half. The final score was 57-27. Annye Kate

Blair made 23 points, followed by Julia Beth Skaggs with 12 points.

Strawn was the only remaining district opponent for the Gorman boys and girls, and the games were scheduled for Friday night. But Thursday morning Strawn forfeited these two games to the Gorman teams. There will be no boys game on Friday night, but a girls game has been scheduled between Huckaby and Gorman. The game will be played here Friday night, and next Tuesday night the Pantherettes will go to Huckaby for another practice game.

These practice games are to keep the Pantherettes in shape for the bi-district game. Their bi-district opponent will probably be the Blanket girls.

Fathers To March Friday Night Beginning At 6:30

The fathers of Gorman will stage a "Fathers March on Polio" on Friday night at 6:30. The

fathers will meet down town at March of Dimes. Citizens wish to contribute to the March of Dimes should have their porch

light on. The Salk Polio vaccine has provided immunity for many

people, but there are still those for whom the vaccine came too late. These people are the ones

who were afflicted by polio, and whom still need care and re-education to make them useful

citizens again. Thousands of dollars are needed to help these

people.

Desdemona News

By Ethel Keith

Mrs. H. T. Lane spent Friday in Abilene with a sister, Mrs. W. E. Koonce.

Mr. and Mrs. J. P. Quinn of Goldsmith and Mr. and Mrs. Frank Quinn spent the weekend here with their parents, Mr. and Mrs. Joe Quinn.

Mrs. Lora Abel and Mrs. Ethel Keith spent the past weekend in Kermit and other parts of West Texas visiting with their children.

Mr. Bill Hunter of Eastland and other relatives visited with Mrs. Odessa Abernathy Sunday.

Mrs. Howard Wade went to Carter Field Monday to meet her niece, Miss Eleanor Wade of Hollywood, La. Miss Wade will spend a week with the Wades.

Mrs. Howard Wade attended the reading conference in Austin recently.

Mrs. Ethel Patterson left for Wilson, Okla., Sunday for an indefinite time.

CONTRACT LET FOR PIPELINE

CISCO, Feb. 11 (RNS) — The O. L. Burden Construction Corporation of Tulsa has been awarded the contract to build a 16-inch pipeline from Hawley to Camyn for the Humble Pipeline Co., it has been announced by W. P. Guinn, superintendent of the North Texas Division of Humble Pipeline.

At the same time R. L. Ponsler, president of the Cisco Chamber of Commerce, reported that the Burden Company had accepted an invitation to make Cisco its headquarters during the time that will be required to complete the project.

Approximately 100 employees of the company will be housed in Cisco during the construction period, it was reported. The company will require space for some 70 vehicles and heavy equipment which are already being moved in.

The new line will replace the present 10-inch line which has been in use for several years. It

LET US GO TO CHURCH

Son, ge of good cheer thy sins be forgiven thee.

As you walk down the street do you see people that do not have good cheer in their hearts. You know that no one has good cheer with sin in their life. Jesus paid the price on the cross that you and I might have eternal life.

Will you be at church Sunday. Sunday School begins at 10 a. m. with preaching service at 11 a. m. Singing each third Sunday afternoon beginning at 2 p. m.

Let us try to build a better community. How can we do it? By doing the things that pleases God.

If you don't like our song books bring yours and sing for the glory of God.

Gorman Congregational Methodist Church
Marion Dennis, Pastor

was reported that when the new line was complete, three small pump stations would be eliminated. They are located at Clyde, Putnam and Gorman.

INCREASE FACILITIES

(A distinguished Texas judge offers pointers on combating our rapidly increasing juvenile delinquency problem.)

By JUDGE SARAH T. HUGHES

JUDGE HUGHES

Our good Texas program for re-training juvenile delinquents into worthwhile citizens is today imperiled by too little space in our very good institutions

and too few probation and other personnel for adequate supervision and training.

The last regular session of the Legislature did something to relieve the situation but not enough.

Extremely Overcrowded

The State Training School for Boys at Gatesville is designed to handle 575 boys. It now has about 850. The girls' school at Gainesville was built for 180; it has 220. The last Legislature provided dormitories for 160 boys, a school building, kitchen, and dining room.

Release Too Soon

No more boys, however, will be accommodated. The new buildings will simply serve to relieve the present overcrowding. Many boys who already need to go there can't be sent; many boys sent will be released before their training is sufficient. And with our ever-increasing delinquency rate, even more offenders will be free who need to be confined and trained.

At Gainesville three new dormitories and a security treatment cottage were provided to replace existing ones considered extreme hazards. But they will not provide room for more girls.

Increase Facilities

With present facilities so inadequate, whose responsibility is it for failure to rehabilitate? Isn't it ours? We are the people whose elected representatives carry out our wishes. What can we do to remedy the situation? We can make our legislators and our county officials (for county-level facilities) understand clearly what we want.

Next week: The younger learn from the older.

PEANUT CHEESE LOAF

- 2 3/4 cup cooked oatmeal, wheat cereal or rice
- 1 1/4 cup chopped golden pepper
- 3 tbsp. minced onion
- 1 tsp. salt
- 1 egg
- 2 tsp. lemon juice
- 1 cup chopped salted peanuts
- 2/3 cup fine crumbs
- 1/4 lb. cheese (grated) about 1 cup
- 1/3 cup milk

Combine all ingredients. Put mixture in greased loaf pan and bake at 350 degrees F. (moderate oven) for 1 hour. Serve hot with mushroom or tomato sauce. Serves 4.

THE JAYCEES CREED

We believe:
That faith in God gives meaning and purpose to human life;
That the brotherhood of man transcends the sovereignty of nations;
That economic justice can best be won by free men through free enterprise;
That government should be of laws rather than of men;
That earth's great treasure lies in human personality;
And that service to humanity is the best work of life.

AS IT LOOKS FROM HERE
Omar Burleson, M. C.
17th. District, Texas

WASHINGTON, D. C. — The little dog caught a freight train, but he had a hard time of doing much with it.

That is our Farm Program at the time. Everyone knows that changes are needed, but what?

Increased acreage - yes. Unless farmers are given more opportunity to produce, many are going to be out of business or so broke they can't go on. The

time is short to shape anything up for help in 1958.

The Secretary of Agriculture says he does not have authority to increase acreage, even if he wanted to.

Then it is up to Congress. At the same time, we have the Acreage Reserve provision in the Soil Bank.

It is going to be difficult to sell the idea of increasing acreage on one hand and reducing it by the Soil Bank Acreage Reserve on the other.

A unit measure in bales, bush-

els and pounds, instead of acres, would help the situation. Although we have talked of this change for years, it is probably a departure too radical to apply in time to help soon.

Members of the Agriculture Committee of the U. S. House of Representatives come from 28 different States, plus a non-voting Representative each from Alaska, Puerto Rico and Hawaii.

Every commodity grown in the country is represented on the Committee. There are problems connected with every commodity. Legislation is not likely to be passed this year dealing with just one area or just one commodity.

If revisions are made in the Farm Program, it looks as if it will have to come in a bill to favor everything included in the Program. It is an extremely difficult proposition.

One gets the feeling at times that it might be best to "rub out" and start over. The only trouble is the farmer would have a hard time holding his breath while we "started over." There was Aesop's dog, grabbing at the bone reflected in the water.

There are a lot of "ifs" in this situation - along with some hope.

There are no "ifs" however, in the fact that people are going to pay as much, or more, for what they have to buy as they have in the immediate past. It would take most drastic action to change that. It may take action equally as drastic to increase income in order that automobiles, plow tools, food and clothing can be paid for.

If there is a "mild recession" in business, there surely is a shrinkage in the ability of those with low and fixed income and those living on savings, annuities, pensions or Social Security, to buy the necessities.

If the Government gives the talked about "shot in the arm" to the economy, prices may go up. Then we can wonder if there

PVT. EDWARD R. STEWART ON MANEUVERS WITH ARMY AT FT. GREELY, ALASKA

FT. GREELY, ALASKA, (AHTNC) — Army Pvt. Edward R. Stewart, 23, of Gorman, is participating in maneuvers with the 1st. Artillery at Fort Greely, Alaska, one of the coldest spots on the North American continent.

The maneuvers consist of simulated combat situations in which mobility on snow and training in tactics are being stressed.

Stewart is regularly stationed at Fort Lewis, Wash., as an artillery surveyor in Battery D of the artillery's 2nd Howitzer Battalion. He entered the Army in April, 1957 and completed basic training at Fort Lewis.

Stewart is a 1951 graduate of Gorman High School and a former employee of Convair Aircraft in Fort Worth. His parents, Mr. and Mrs. Ralph Stewart, live on Route 1.

PVT. RUFUS E. LEWIS ASSIGNED TO 101st. AIRBORNE DIV., KENTUCKY

FT. CAMPBELL, KY. (AHTNC) — Pvt. Rufus E. Lewis, whose wife, Margaret, lives on Route 1, De Leon, Texas, recently was assigned to the 101st. Airborne Division at Fort Campbell.

Lewis, son of Mr. and Mrs. R. D. Lewis, Route 1, Desdemona, is an ammunition bearer in Company B of the divisions 327th Infantry. He entered the Army in August, 1957 and completed basic training at Fort Carson, Colo.

The 19-year-old soldier was graduated from Desdemona High School in 1957.

are going to be enough shots to go around and who gets them.

Some think a tax cut would help. Personally, I had rather make it and pay it than not to make it and not pay it.

It is true we can't take it with us, but we need a little of it while we're here.

Thda Spring Meeting Heald Monday At Clifton

The District 8 Texas Home Demonstration Association spring meeting was held Monday, February 3, at the City Hall in Clifton. The purpose of this meeting was for THDA Chairmen, Council Chairmen, and Club members to make plans for the District meeting at Cisco on March 25-26.

Those attending were Sandra Kirkland, Eastland County HD Agent, Nancy Weathers, Asst. Eastland Co. HD Agent, Mrs. Herman Schaefer of Cisco, Co. THDA Chairman, Mrs. York Eberhardt of Rising Star, Co. Council Chairman, and Mrs. Bill Tucker of Eastland, State THDA Education Chairman.

Mrs. Tucker will meet with members of her committee and committee advisor, Mrs. Eloise T. Johnson of College Station, Family Life Specialist, and Miss Annie Lucy Lane of Stephenville, District 8 Agent at Tarleton State College. Plans for the Education workshop to be held at Cisco will be outlined.

PVT. CLAUDE W. SWANNER GRADUATES FROM ARMY TECHNICAL SCHOOL

FORT SILL, OKLA. (AHTNC) — Army Pvt. Claude W. Swanner, son of Mr. and Mrs. Calvin M. Swanner, Gorman, was graduated January 16 from the track vehicle maintenance course at The Artillery and Guided Missile Center, Fort Sill, Okla.

Swanner entered the Army last July and completed basic training at Fort Carson, Colo.

The 23-year-old soldier was graduated from De Leon High School in 1953. He was employed by Eckdahl Auto Parts, Englewood, Calif. in civilian life.

OLIVER SPRINGS NEWS

FLORENCE RICHARDSON

Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap. (Galatians 6:8).

Each of us who has grown to maturity knows only too well that the bad things we have thought and done live on, if only in our dreams, to haunt, and plague us. But, likewise the good things we think and do live on to bless us. Sometimes in unexpected ways when we most need comforting. "This is strength for these days."

Had our regular attendance on Sunday. Bro. Clement filled his appointment. We are starting this week building 2 Sunday School rooms in our church.

Mr. and Mrs. Garland Perry visited the O. C. Reids Sunday afternoon.

The Bruce Hirst family and Mr. Sam Wallace visited in the B. A. Hirst home Sunday.

Mrs. J. N. Watson spent Sunday night with her son and family, R. H. Watson.

Mrs. Bob Atchison is visiting her daughter, Mrs. Dewey Lindley.

Raymond Daniels has been visiting in Mexico with relatives. Mrs. Edward Johnson and sons are visiting in Glen Rose.

Dale Gilmore of Odessa spent the weekend visiting relatives and friends.

Went by Sunday afternoon to say hello to Mrs. Jim Johnson, who was entertaining the flu. Hope she will soon be up and out again.

Little Miss Barbara Kinsler missed some school this last week due to flu.

Excelsior Club Hears Review "Behold Your King"

Members of the Excelsior Club meeting with Mrs. Fannye Burkett Tuesday, February 11th, heard a review of "Behold Your King."

Mrs. M. H. Fairbetter gave the review. Author of the book is Gladys Malvern. The writer's story has as its plot the Biblical story of Esther. With extensive imagination, and various deviations Miss Melvern has contrived to produce a most interesting novelette.

Replies to roll call were informative bits about religion, fashions, the San Antonio River, and the United States seal, among others.

A delicious salad refreshment plate was served to those present. Mrs. E. C. Sutton will host the club February 25th.

CARD OF THANKS

We would like to take this means of expressing our sincere and heartfelt thanks to our many friends for their kindness and words of sympathy in the passing of our husband, father, and grand father. The food, the beautiful floral offering and the many cards of comfort that we have received were deeply appreciated.

We shall ever treasure these generous deeds as one of our precious memories.

May God's blessings abide with each of you always in our prayer. Mrs. W. R. Haynes and children

Woman's Study Club Entertains Husbands

Members of the Woman's Study Club entertained their husbands with a supper on Monday night at the home of Dr. and Mrs. Bill Brogdon. The Valentine theme was carried out in the decorations of the home and in the center pieces on the individual tables. A delicious meal of baked ham, fried chicken, green beans, baked potatoes, congealed fruit salad, vegetable salad, hot rolls, coffee and different kinds of pies, was truly enjoyed by all.

Members brought covered dishes containing the various foods, and the meal was served in Smorgasbord fashion.

After eating, the members and their husbands enjoyed playing bridge and 42. Co-hostesses for the evening were Mrs. Brogdon and Mrs. Roy Byrd.

Mrs. Izetta Underwood had as her guests her daughter and two granddaughters of Ballinger over the weekend.

SIXTH GRADE NEWS

Bobby Rodgers - Richard Watson

We have had five new students this year. They are Nickie Scevers, John Devoss, Jerry Nall, Diana Snider, and Sue Koerner.

Each Friday we have our English Club. Last week we dramatized the short story 'Twelve Bright Trumpets'. This week we had a panel quiz.

Our officers are as follows: President - Thomas Seay Vice-Pres. - John Devoss Secretary - Jerry Nall Treasurer - Sue Huff Librarian - Mary Shell Program Chrm. - Larry Kirk Program Committee: Mary Shell, Larry Kirk, and Terry Clark

Reporter - Bobby Rodgers Ass't. Reporter - Richard Watson

In art this week we are making things out of modeling clay. Some things we are making are a man, a guided missile, an earth satellite, vases, chickens, log cabins, a valentine, a lake, a map of Texas, a hat, and saddles.

We've been studying old Greek myths. We've been dividing fractions. In health we have been studying the cells, organs and systems of the body. We've been studying about the Greeks and Romans in Geography.

PVT. DONALD E. WHITE SERVING IN GERMANY

REGENSBURG, Germany (AHTNC) — Pvt. Donald E. White, son of Mrs. Sylvia L. Abernathy, Route 1, Desdemona, is a member of the 237th Engineer Battalion in Germany.

White, an assistant personnel clerk with the battalion's Headquarters and Service Company, entered the Army in July 1956 and arrived in Europe in April 1957.

The 19-year-old soldier, whose father Ernest S. White, lives at 3125 Lackland Rd., Ft Worth, attended Desdemona High School.

White is sending information from the skies and we need a program for the study and beneficial utilization of that information. It is imperative that this information be used for the benefit and not the detriment of mankind.

The satellite can be used for war or peace. For security reasons, the military agencies must in every way develop their military potential. But I believe it is even more important that we start immediately to utilize satellites as instruments of peace, as the ultimate destiny of human race must surely lead to that goal.

RALPH YARBOROUGH'S REPORT

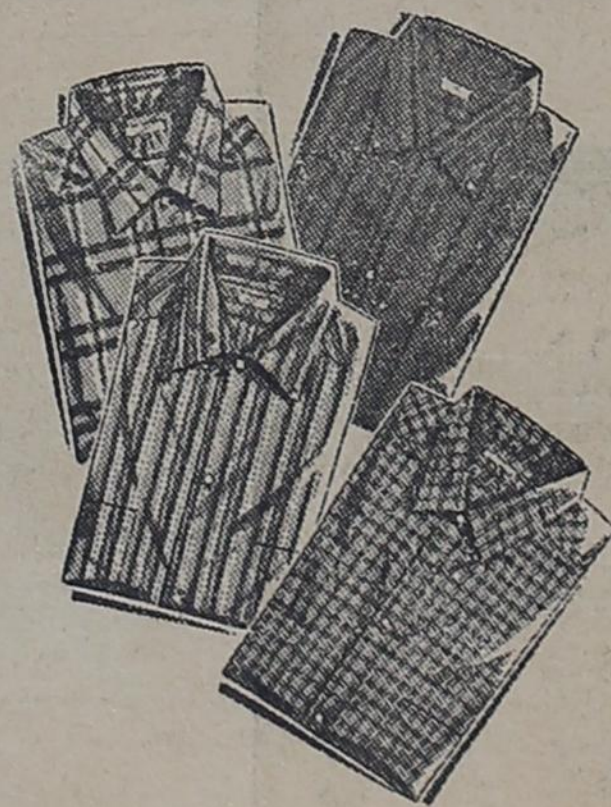

The American satellite Explorer is orbiting the great unknown of outer space and we are all proud of this great scientific achievement. But we may still miss a great opportunity if we are not aware of the fact that all mankind stands at a great crossroads of history.

The potential of the good that may come to all mankind from the exploration and understanding of outer space is so great as to defy description. The treasures of knowledge which our space explorer will bring back to the earth from the heavens will be far more valuable than those carried back to Europe by Columbus or any other explorer of all time. It is expected that the most immediate and obvious benefit to mankind will be meteorological information which must lead to improved longrange weather forecasting, weather control and modification.

In order that we may immediately begin profiting by this wealth of new knowledge I have filed a bill known as the Space Act of 1958. It provides for the initiation of inner and outer space study and development program for peaceful uses in industry and commerce of information obtained from space vehicles. Activities provided under the bill are placed under the National Science Foundation, and the bill calls for appointment of a Coordinator of Space Information.

The information we gather from the satellite Explorer and other space bodies may help furnish keys to weather control which would assure that one day great areas of our nation and the world would no longer have droughts and famine; that mankind would be amply warned of hurricanes, tornadoes, tidal waves and other severe weather. These things seem far off, yet competent scientists report they are within the realm of the attainable with this vast new knowledge of outer space. Texas, which was smashed by 331 tornadoes in a two-year period, would benefit greatly by weather modification developments. And, the weather phase isn't the only field of those to be developed. America's satellite in the heav-
