O'Daniel Says President Has Too Much Power

SAN ANTONIO, Sept. 26 (AP)—Sen. W. Lee O'Daniel last night told the people of Texas they should elect congressmen who will withdraw the powers of the president. O'Daniel declared in a radio broadcast that the people had put too much faith in the "super-dooper intelligence" of the president and have paid less attention to the selection of congressmen. "What you should do is elect men and women to Congress who will withdraw the power of the president," he said.

Airway Markers Studied Here

Further conferences on installation of airway markers in the vicinity of Big Spring—a program being promoted by the Civil Aeronautics Administration as well as private-flyer organizations—were held in Big Spring Friday between chamber of commerce representatives and C. R. Horan of the CAA. The city a few weeks ago pledged cooperation in a program for complete marking of cities along "Skyway No. 1"—the southern transcontinental route between Los Angeles and Washington which passes through Big Spring. Horan talked with C. C. Manager J. H. Greene and Vernon Smith, chairman of the aviation committee.

Some Food Prices Losing Altitude

Some high-flying food prices were losing altitude in scattered cities throughout the country today and buyer resistance was credited with halting the upward price spiral in several of the lines. As Chicago, New York, Philadelphia, Kansas City and Denver reported retail butter price drops from a week ago ranging up to 13 cents a pound, Dun and Bradstreet reported that buying of luxury items had decreased throughout the nation. There were also scattered reports of drops in the retail prices of eggs and fresh meats. Dun and Bradstreet said that during the week ended Wednesday "discrimination against high priced goods increased; resistance was sporadic but generally strong enough to halt the spiral in some lines."

The business research firm said retail sales for the week were slightly higher than the preceding week and three to seven per cent ahead of a year ago with a "large proportion" of consumer income spent on foods, which increased substantially in volume.

POLIO EPIDEMIC
BERLIN, Sept. 26 (AP)—The toll of a prolonged infantile paralysis epidemic mounted in Berlin today to 1,267 cases and 169 deaths. Of these, public health authorities recorded 40 cases and seven deaths in the last 24 hours.

BY COURT ORDER College Building Plan Is Held Up

AUSTIN, Sept. 26 (AP)—The electorate-authorized \$60,000,000 building program at the state's 14 colleges and universities today was stopped dead still—at least temporarily. Freezing of the program's status was the effect of the 126 district court's order issued here yesterday which prevents certification that there is no litigation against the building program bonds authorized by the constitutional amendment adopted at the polls in August.

Few Rent Hikes Are Granted Under New Legislation

WASHINGTON, Sept. 26 (AP)—No general rent increases have been granted under the new control law which went into effect nearly three months ago, and few are in prospect for another month. An aide to housing expediter Frank R. Creedon said today the local advisory boards established in each defense rental area have had little opportunity thus far to do anything except organize and study the rental picture. The boards, named by Creedon on recommendation of the governors of the states, are authorized to (1) recommend blanket ceiling revisions, either upward or downward, in their areas, and (2) review hardship cases, either before or after an appeal to the local rent administrator.

Marshall Praises Aid Estimates

WASHINGTON, Sept. 26 (AP)—Secretary of State Marshall praised the 16 western European "Marshall Plan" nations today for their "intensive work" and co-operation in drafting a joint economic recovery program. The cabinet officer avoided any comment on the merit of the proposals which call for \$22,400,000,000 in outside aid but said: "The fact that 16 nations have worked in such close co-operation to produce the report is an important accomplishment."

BELIEVES IN SANTA CLAUS

Ex-Capone Man Wonders How \$422,000 Knocked Off Tax

CHICAGO, Sept. 26 (AP)—A House subcommittee investigating the parole of four former members of Al Capone's gang had in its record today that one of the ex-convicts—who said he believes in Santa Claus—did not know who had settled the government's income tax claim of nearly \$500,000 for \$78,000. Louis (Little New York) Campagna, one of the four Chicago men paroled from federal prisons after serving the minimum of 10 year sentences, was one of the witnesses called yesterday as the congressional group headed by Rep. Hoffman (R-Mich.) opened the investigation. Campagna told the group he did not know who made the settlement on an income tax lien of \$468,877 for the years 1935 to 1941 nor did he know how much had been paid.

"Do you believe in Santa Claus?" Hoffman asked Campagna, who replied, "Yes, I do." Eugene Bernstein, attorney for Campagna, volunteered the information that he had paid the \$78,000 to settle the tax lien. He said "eight or nine persons came into my office at different times and plunked down \$10,000 or so on my desk

Deportation May Be Asked For Eisler Un-American Group Nears End Of Probe

WASHINGTON, Sept. 26 (AP)—Chairman J. Parnell Thomas (R-NJ) said today the House committee on un-American activities probably will recommend deportation action against Hanns Eisler, German-born Hollywood composer. As the committee neared the end of its investigation into Eisler's entrance into the United States, Thomas told newsmen he and other committee members are convinced that "this is a case for the Justice department." Testimony given by the committee by Eisler, Thomas said, is in direct conflict with the composer's statements to immigration authorities "and he was under oath both times." The laws provide for deportation when it can be shown that an alien entered this country through fraud," Thomas continued.

Action Filed Against Both School Issues

Procedure in the election contest filed Thursday in 70th district court is to challenge validity of certain votes and results in election, pleadings indicate. Petition of contestants prays that the court either throw out votes where legal qualifications of the voter are not established or else subtract the vote from the total of the vote on whichever side they voted. Under contest are both the issue to increase the tax rate of the Big Spring Independent School district and the authorization of the issuance of bonds not to exceed one million dollars. Four are charged to have voted without being residents in the district and 82 are cited as questionable either through lack of poll taxes or exemptions. This portion was a blanket allegation through examination of poll lists and apparently does not distinguish between exemptions inside and outside the corporate limits. A legislative act, under question by the courts, requires exemption certificates every year inside corporate limits of cities of 10,000 or more. Outside of city limits "overs" are not required to renew the certificates. Thirty-two voters, many of them also challenged under poll tax and exemption status, are cited under property requirements set up as qualifications for voting in tax and bond elections. Hearing has been set in 70th district court for Oct. 9.

Britain Will End Palestine Mandate Holy Land Problem Is Handed To U. N.

LAKE SUCCESS, Sept. 26 (AP)—Britain announced today that she would end her 25-year rule over Palestine if the United Nations assembly failed to find a solution that would bring peace to the Holy Land. In any case, the British said they were determined to give up the League of Nations mandate. Britain said she could be induced to stay in Palestine only if the form of rulership should be changed and approved by a majority of the United Nations—with Arab-Jewish agreement. Colonial Secretary Arthur Creech-Jones told the assembly's 55-nation Palestine committee that the problem of enforcing any unpopular settlement would have to be handled by the U. N. itself—and not by Britain. At the same time, he offered no plan for a solution and avoided any direct statement either for or against the partition of Palestine into separate Jewish and Arab countries, as recommended by a majority report of the 11-nation U. N. Palestine inquiry committee. Early reaction to the British declaration was guarded and cautious. Some informed quarters said, however, that the Jewish agency executive was bitter over Creech-Jones' failure to state a position on the partition plan. Jewish agency leaders were understood to feel that Britain had taken an implicit stand in favor of maintaining the status quo. Britain's Palestine declaration came amid these other developments:

Food Saving Plan Rests On Use Of Wheat

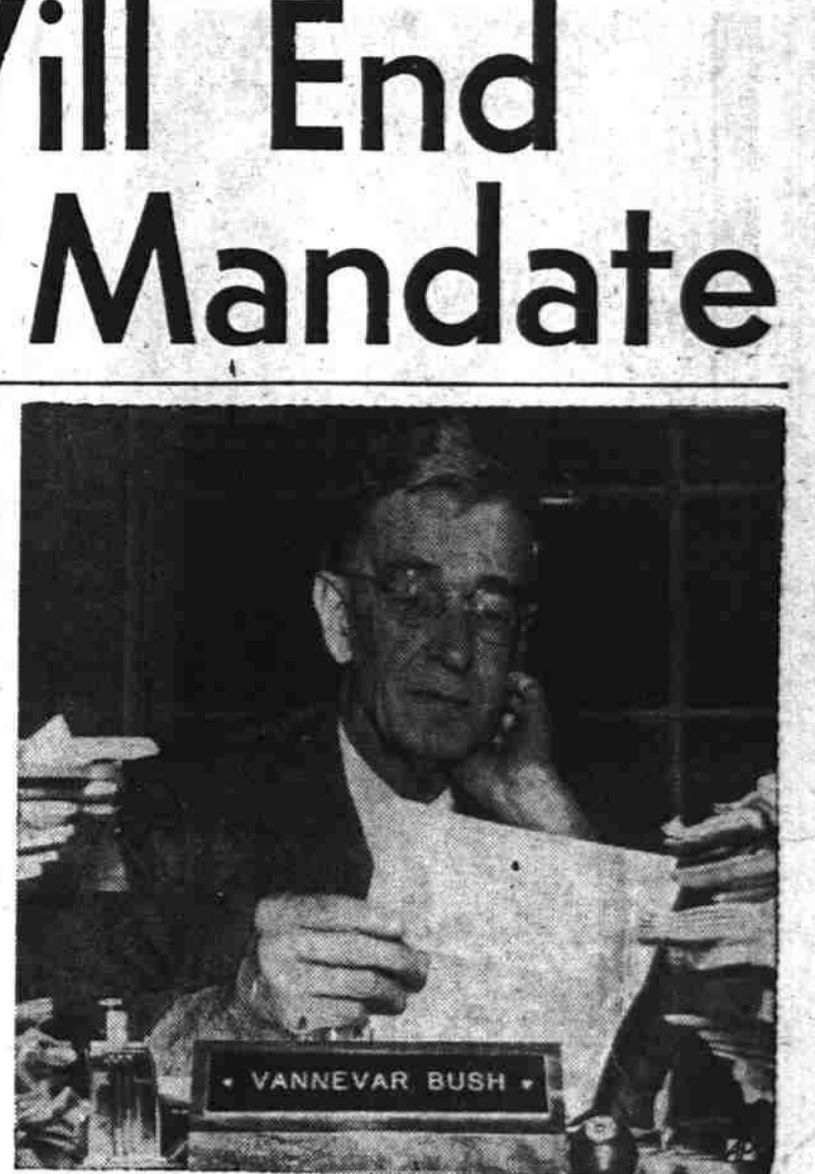

WASHINGTON, Sept. 26 (AP)—The food saving problem facing Americans in their efforts to avert hunger abroad boils down largely to the question: "How can we reduce our expected use of wheat about 100,000,000 bushels between now and next July?" The government would like to ship at least 570,000,000 bushels of grain and grain products abroad this crop year, which ends next June 30. The cabinet food committee reports not more than 470,000,000 bushels will be available for export unless Americans conserve. Several possibilities are open for trimming 100,000,000 bushels off this prospective use of wheat. Some would require voluntary consumer cooperation. Others would require re-establishment of wartime food controls. The latter cannot be re-instated without congressional authority.

Tel Aviv Robbers Kill Four Britons

JERUSALEM, Sept. 26 (AP)—A band of Hebrew-speaking gunmen killed four British constables in the busy streets of downtown Tel Aviv today during a daring armored car holdup which netted the robbers \$180,000. They took \$500,000 from the closely guarded car outside Barclay's bank but dropped one bag of money containing \$420,000 during their getaway in a white jeep. A Jewish policeman was wounded in the gunfighting which accompanied the holdup and a bank official was smashed in the face by members of the robber band.

Edwards Places In New York Rodeo

NEW YORK, Sept. 26 (AP)—Four Texans placed in the second session of the 22nd world's championship rodeo at Madison Square Garden last night. Hub Whiteman of Clarksville was second in steer wrestling with a time of 9 1-5 seconds. Leo Brannan, Waco, and Sonny Edwards, Big Spring, were second and third in calf roping with times of 24 seconds and 27 1-5 seconds. Ray Galloway of Raymondville was third in wild Brahma bull riding.

Penalty In Teacher Salary Bill Backed

AUSTIN, Sept. 26 (AP)—The loss of accreditation penalty provided by the minimum teacher salary bill passed by the last legislature is constitutional, the attorney general's department ruled today. "In H. B. 300 the legislature has provided for uniform higher salaries for all school teachers without discrimination due to race," the opinion said. "Such impartial provision for Negro and white schools is in accordance with article seven, section seven of the constitution, and is the only legal means of maintaining segregated schools for white and Negro pupils." The opinion by Assistant Attorney General Chester E. Ollison was approved by Attorney General Price Daniel. It was written at the request of Texarkana school superintendent Henry Stillwell, through L. A. Woods, state superintendent. Stillwell and Woods were in dispute over an interpretation of the minimum salary bill, and Woods wrote the Attorney General: "The Texarkana school has 1,500 Negro scholars with approximately 400 in the Dunbar Negro high school, which is listed x x x as an accredited school. Mr. Stillwell now claims that he is no longer asking the Dunbar school to be on the accredited list, since this would force the board of trustees to pay the Negro teachers on the same salary schedule as the White teachers." Woods wrote that he interpreted the minimum salary bill as meaning that an accredited system such as Texarkana must operate both an accredited Negro school and an accredited White school, "or must be seeking accreditation for their Negro school and pay their teachers the same salary schedule."

Enemy Aliens May Cause Clampdown On 'Wetback' Labor

DALLAS, Sept. 26 (AP)—"Wetback" labor for Texas may be permanently ended by the threat of enemy aliens using the open Mexican border to filter into the U. S., Ugo Carusi, assistant to U. S. Attorney General Tom Clark, warned here yesterday. He told the state meeting of the Texas Citrus and Vegetable Growers and Shippers association that "there is terrific pressure on the immigration boys, already short-handed, to tighten down completely on the border." "Wetbacks" are Mexican nationals who cross illegally into the United States. "The theory is that there may be subversives coming across what is widely advertised as an open way into the United States. This new fear of what may happen may cause strict control of immigration."

Steering Group Named For TNG

A general steering committee to handle local phases of the organization of a National Guard unit in Big Spring has been completed by Joe Pond, who earlier this week was named chairman of the group. Serving with Pond will be H. W. Whitney, city manager; H. W. Wright, city commissioner; Walton Morrison, county judge; Grover Blissard, representing the Reserve Officers association; Roy Bruce, VFW; T. A. Thippen, American Legion; Lloyd Wooten, junior chamber of commerce and Bob Whipkey. The committee was authorized Monday, when a local group heard an outline of Guard policies by Col. Ira H. Treest, representing the state adjutant general's office. Principally, the city will have to provide an armory as a Guard meeting place, and assist in recruiting and devising officer-personnel setup. All expenses for operation and maintenance of the unit are borne by the government.

UT Is Given Part In Atom Research

AUSTIN, Sept. 26 (AP)—The Oak Ridge institute of nuclear studies, composed of 14 southern universities, will provide a program in which the University of Texas will share threefold, university President T. S. Painter has announced. Chosen one of the nationally-distinguished scientists to be a director of the institute, Dr. Painter said the university's participation in the institute program will include: 1. Training and advanced study at Oak Ridge for members of the University faculty. 2. Assignment of certain graduate students to Oak Ridge where they will complete work toward advanced degrees. 3. Obtaining radioisotopes for medical and other research at the university and its branches for use by scientists trained in the safe use of radioactive material. The institute was organized last year to help insure that the facilities at Oak Ridge would be established as one of the atomic energy commission's chain of national laboratories, establishment of which has just been announced in Washington, D. C.

New Ministers Receive Calls To This Area

Calls were placed in the hands of two new ministers to this area at the closing session of the El Paso Presbytery at Clovis, N. M. Thursday evening.

The Rev. R. Matthew Lynn, received from the Braos Presbytery, had the call to the Midland church placed in his hands, and Rev. Thomas Brewster, formerly in the Ouchita Presbytery, was given his call to the Fort Stockton church. Lem Tittsworth, Lubbock, and Henry Richard Copeland, Coahoma, were received under care of the presbytery as candidates for the ministry.

Other action included: James E. Moore, Seagraves, deposed from the ministry; election of Rev. L. E. Sharpe, Clovis, Rev. Homer C. Akers, Portales, N. M., Elders Frank Stubbeman, Midland, and Paul Stoppel, Manhattan church, El Paso, as commissioners to the general assembly.

Van Horn was selected as site for the spring meeting of the Presbytery. Rev. J. M. Lewis, Lubbock, was elected moderator. Representing the First Presbyterian church of Big Spring were the Rev. R. Gage Lloyd and A. A. Porter.

Lower Grades Of Stock Bring Weaker Bidding

Lower grades found a weaker market in bidding at West Texas Livestock sales this week, reflecting a general trend in livestock selling. Better quality stuff, however, was fairly firm.

Volume of lamb trading Thursday zoomed to 2,500 head, one of the largest runs in months.

Jim Cauble, Big Spring, topped the fat cow market Tuesday at 17.00. Horace Reagan hit two tops, 21.60 for a fat yearling bought by Marvin Sewell, and 20.70 for a stocker calf. L. C. Hardy, Garden City, had best for fat calves at 21.20 and W. P. Edwards top for stocker yearlings at 20.20.

White faced cows and calves ranged from \$12 to \$17 the pair; mixed cows and calves \$8 to \$14.50. Other quotations were: Fat cows 14.00-17.00; fat yearlings 17.00-21.60; fat calves 17.00-21.20; stocker cows 11.00-13.00; stocker yearlings 17.00-20.70; canner and cutters 8.00-13.00; hogs to 28.70. There were 625 head of cattle and 12 hogs through the ring.

Fat lambs brought up to 20.00, stocker lambs from 12.50-17.50; yearling ewes 15.00, smooth mouthed ewes 8.00-9.00; canner and cutters 4.50-6.00; old bucks 4.50-5.00; registered bucks to \$37 per head.

Bisons Clash With Iran

STANTON, Sept. 26. — Stanton's Buffaloes will be the underdogs in their District 5B tussle with Iran here tonight but Travis Green's crew appears better equipped to spring an upset than they were last year.

The Bisons have won from Monahans B string, 12-0, and lost to Loraine, 12-6, in their two starts to date. Green's line appears to be better than it was in 1946 while the backfield shapes up as well, despite the loss of versatile Jay White.

Iran is one of the favorites in 5B. Kickoff time tonight is 8 o'clock.

Texan To Oppose Arnold Tonight

NEW YORK, Sept. 26. (AP)—Lavern Roach, ex-Marine captain from Plainview, Tex., who has won 19 out of his last 20 bouts, makes a bid for main event consideration in Madison Square Garden when he tackles Billy Arnold, hard-hitting Philadelphia middleweight, in the feature 10 at St. Nicholas arena tonight.

Arnold, once a Garden headliner who had 28 knockouts in 32 fights has before being stopped by Rocky Graziano, is on the comeback trail.

Oilmen Battle Over Shortages And Supplies

HOUSTON, Sept. 26. (AP)—Oil executives and governmental officials this week released a barrage of statements on the ailments and needs of the petroleum industry but the end of the battle over shortages in supplies and within production was not in sight.

The developments:

1. H. J. Porter, president of the Texas Independent Producers and Royalty Owners Association, charged in a letter sent to the nation's steel executives, that a severe shortage of tubular goods, hindered by black market practices within distribution of the steel products, is holding up immediate drilling of 1,835 oil wells in proven Texas locations.
2. Secretary of Interior Krug warned in Washington the government is not getting enough petroleum products and that "an emergency will develop" unless requirements are met.
3. Dr. Robert E. Wilson, chairman of the board of Standard Oil Company (Indiana) told a group of midwestern oilmen in Chicago that, barring unexpected developments, petroleum transportation facilities in that area should become adequate by the latter part of the year. Wilson said crude production in the Midwest has dropped from 1,200,000 barrels a day in 1941 to a current volume of 950,000 and that as a result large amounts of oil are being shipped into the area from West Texas, New Mexico and Wyoming.
4. In Washington, it was reported a decision on the controversial application of Trans-Arabian Pipe Line Company to export 40,000 tons of pipe during the last quarter of 1947 to the Middle East is expected within a week.

Forest Fires Still Rage In East Texas Area

CONROE, Sept. 26. (AP)—Between 40 and 50 forest fires were still burning last night in the east Texas piney woods, Surcy Peoples of the Texas forest service reported.

Peoples said 100 more fire fighters were attempting to control the fires.

Several blazes were brought under control or burned out yesterday, J. O. Burnside, chief of the forest service's division of forest protection at Lufkin, said.

"Thousands of acres" have been burned over in San Jacinto, Liberty and Montgomery counties, Peoples said.

J. U. Foster, district forester for the Texas forest service estimated from 8,000 to 10,000 acres have been burned.

Foster said about 10 fires were brought under control yesterday but that several new blazes had started.

A&M Board Raises Military Funds

SAN ANTONIO, Sept. 26. (AP)—The Texas A. & M. college board of directors plans to take action today raising to \$1,000,000 the school's bond with the federal government covering military equipment used in training.

Authority for the president to sign a new bond in this figure, replacing the previous bond of \$382,795, was on the agenda for the board's meeting here today.

Enlargement and complete modernization of training equipment for the military department of the world's largest military college has been under way for slightly over a year. New equipment now in use here for cadet training is valued at more than \$2,000,000.

Pacific War Isles Are All Quiet Now

AP Newsfeatures

KWAJALEIN—The GI described Kwajalein: "No wine, no women, no fun at all."

Heat shimmers off wooden buildings lining the airstrip. A black mongrel worries a sandcrab. A great stillness swallows the dog's barks. He trots away, panting for porch shade.

Far offshore, the waves pound the reef. Dead shells of rusting landing craft line the beach.

Two miles out are many ships, radioactive relics of the Bikini bomb.

Kwajalein — coral atoll, half mile wide, two miles long, refueling stop between Honolulu and Guam, population 1,400.

"Tell the veterans it's even quieter now than it was during the war," Maj. C. H. Bird of Fort Davis, said. "During the war we did average a plane on deck every two minutes. Now, we get about 14 flights through here a day, and believe me, we look forward to them."

SHARKS DANGEROUS

"No, we don't swim—have you seen the sharks?" he asks.

"Two months ago a bomber with seven men took off the airstrip, faltered, and plunged into the ocean. Rescue boats were too late. Seven bloody Mae West jackets bobbed in water clouded with shark-chaser powder."

Fifty Navy and four Army families live on Kwajalein.

Some dark, stocky members of the Micronesian race, have returned.

There's no fresh water. You wonder how the people got along before the white man came with his distilling equipment. Major Bird explained they drank coconuts milk and when rainwater collected they drank that. Somehow, they managed to adapt themselves. "We're trying to do the same thing."

Rust ate at the fenders and hood of the Army staff car. "Everything rusts," grumbled Sgt. Louis Sherrick of Crookston, Minn. "The knife in your pocket, engines, cameras—people rust."

SAME AT GUAM

The humidity is as bad — or worse — at Guam, seven air hours away. Roll up your sleeves, unbutton your collar, good gosh, man, we don't allow ties here. Guam is 32 miles long, four to 10 miles wide.

Five hundred Army and Navy

Only In His "Forties"—but WORN OUT FROM GETTING UP NIGHTS!

Many folks 40 and over have to get up nights—have frequent desire to pass water — have backaches, too, because of minor functional kidney disorders.

If this is your trouble, flush out your kidneys and bladder with Dr. Kilmer's Swamp-Root. It quickly works to increase the flow of urine, help relieve excess acidity, and ease burning sensation... helps bladder irritation that gets you up nights.

Wacoans Remain In NSC Tourney

PHOENIX, Ariz., Sept. 26. (AP)—All eight teams left in the National Softball Congress Men's tournament see action tonight with two more teams scheduled to drop from the competition.

The final game of the night is between the Milwaukee Royals of Milwaukee, Wis., who upset Harold's Club of Reno 1 to 0 in an elimination game last night, and the United Tile Company of Waco, Tex., 1 to 0 conquerors of Platt Rogers of Boulder, Colo. last night. It is set for 9:30 p. m. with the loser eliminated.

Chester Bowles Urges Special Session

HARTFORD, Conn., Sept. 26. (AP)—Chester Bowles urged today a special session of Congress to act immediately on the Marshall Plan and a 12-point anti-inflation program he proposed as essential "to avoid outright disaster."

The former national OPA administrator and economic stabilizer, invited to appear as a witness before the congressional sub-committee investigating high prices, said in a statement prepared for the hearing:

"If we are to act before it is too late, a special session of Congress is imperative."

The Church and the Child...

A midwestern church has been giving serious thought to the problem of juvenile delinquency, and decided to do something about it within its own sphere of influence.

A Children's Chapel was built on an adjoining lot, with an assembly hall and commodious classrooms for Bible teaching. The picture shows one of the little classes assembled for instruction in the stories and truths of the Bible and their bearing on human life.

If all churches and schools and families would give more attention to child training, and seek to instill in children the principles of right living, the problem of juvenile delinquency would soon be solved.

A wise parent will seek the cooperation of his church and the advice of religious people in rearing and training his children. Thus the child will be taught the value of an upright life and the importance of moral and spiritual guidance in his acts and decisions.

If you are a parent, get in touch with your church leaders. Let them help you solve the difficult problem of child training.

**THE CHURCH FOR ALL...
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Shorthorns Roll Over Lamesa 11

Carroll Cannon Scores Twice

LAMESA, Sept. 26. — Warning to the task after a scoreless first half, the Big Spring high school B team pounded out an 18-0 victory over the Lamesa reserves in a football game played here Thursday night. The Shorthorns scored twice in the third period and then made victory certain with another TD in the fourth. Virgil Roundtree went nearly 40 yards around end off the first Dogie tally while Carroll Cannon checked up the other two on short plunges.

Yearling Club Awaits Game With Odessa

Jones Is Major Feline Threat

Local football fans will be afforded the chance to see what their Big Spring high school varsity teams of 1948 and '50 look like in a Saturday tussle at Steer stadium between Jim McWhorter's Ninth grade Yearlings and Odessa's Junior Bronchos. Game time is 3:30 p. m. Only three of McWhorter's boys are holdovers from last year's talented troupe—Amos Jones, Harold Rusk and Wendell Stacey. The others of the 1946 club have graduated to the senior team. The Yearlings' starting lineup will probably be composed of Jones and Armstead at ends, Fortenberry and either Word or Laswell at tackles, Rusk and either Harris or Drake at guards, Cobb at center and Wheeler, Stacey, Washburn and Byers in the secondary.

Bovines Try For Second Win In Childress This Evening

B'Spring-Childress Lineups

Looking into the crystal ball for the football winners this weekend: BIG SPRING 20, Childress 13. Childress owns a potent offense but no defense. The Bobcats go into this tussle two-touchdown favorites but the Steers looked good last week and are due to improve. The club reeks with self-confidence, which is a good sign. The backfield appears good, the line strong.

LOOKING 'EM OVER

Odessa 25, Plainview 7. Odessa has looked better each time out. Plainview recovered after a poor start to put the blast on Lamesa. The Bulldogs scored on both Childress and the Tornados and are due to cross the goal-line at least once against the Hosses.

On-Again, Off-Again Match Race Will Probably Be Run Saturday

NEW YORK, Sept. 26. — Tomorrow's \$100,000 match race involving Armed and Assault will be officially declared on again today after Robert J. Kieberg, Jr., owner of Assault, made an examination of his thoroughbred who developed lameness after yesterday's workout. Kieberg came here from Pennsylvania and made his announcement after inspecting Assault in the presence of a veterinarian and Trainer Max Hirsch, who twice this week has said he did not want to run the race because the colt was not in peak condition. Hirsch, on Monday and again yesterday, said he did not want Assault to compete because of poor condition although the Texas track worked well yesterday morning. It was after Assault cooled out from touring a muddy mile that Hirsch noted Assault's lameness in the left fore leg. The horse has been troubled with a splint.

Brook Hurling Corps In Shape As Series Nears

The Brooklyn pitching object of derision during the past few weeks is beginning to show signs of rounding into form for the World Series clash with the New York Yankees. Only a week ago following the failure of Ralph Branca and Vic Lombardi two of the Brooks' front line hurlers in outings against the Boston Braves it was predicted in some quarters that the Yankee power hitters would bat their brains out. Things are beginning to shape up a little differently now.

Houston Is Scene Of First Game Of Dixie Series This Evening

HOUSTON, Sept. 26. — Two right-handers, one a veteran knuckleballer, and the other playing only his second year in professional baseball, take the mound here tonight in the opening game of the Dixie Series which matches Mobile's Bears, champions of the Southern Association, against Houston's Buffaloes, Texas league pennant winners. Manager Johnny Keane of Houston has nominated his number 23 starts and loser in 11, to face Al Todd's shutout artist, 22-year-old John Hall who included nine shutouts among his 18 triumphs of the regular season, while losing eight tilts. With the exception of Chuck Connors, Bear first baseman, both squads were reported in excellent condition. Todd, who said Connors remained in New Orleans Wednesday night for treatment of a sinus ailment, indicated utility infielder Willis Maupin would take over at first should Connors fail to recover as rapidly as expected.

Junior Gridders Lose In Lamesa

LAMESA, Sept. 26. — Good Graves' eighth grade football Yearlings of Big Spring squared off with a Lamesa team composed of the eighth and ninth grades and absorbed a 27-0 licking here Thursday evening. The Big Springers were outweighed at every position.

Southwest 11's Are Favorites In Most Games

By HAROLD V. RATLIFF The Southwest Conference will have a good idea after tomorrow night on how it stacks up with the rest of the country in football. Its teams will be playing from Miami, Fla., to Portland, Ore., which covers half the nation. Here is the schedule: Tonight—Baylor vs. Miami at Miami. Tomorrow—Texas vs. Oregon at Portland, Southern Methodist vs. Santa Clara at San Francisco, Arkansas vs. North Texas State at Little Rock, Texas Christian vs. Oklahoma A. and M. at Fort Worth. Tomorrow night—Rice vs. Louisiana State at Baton Rouge, Texas A. and M. vs. Texas Tech at San Antonio.

The conference will be favored to win more than half its inter-sectional games. Only Baylor is generally picked to lose. Texas and Southern Methodist are heavy favorites, Rice is given an even chance against the L.S.U. powerhouse and Texas Christian is a light favorite over Oklahoma A. and M. The Rice-Louisiana State battle is one of the nation's outstanding games. It matches teams rated among the best five, it sends into combat two veteran outfits that fought on even terms last season. There just doesn't appear to be enough difference in the two teams to give either more than a tissue paper edge.

Ponies Stymied By Goose Creek

Three Class AA high school football teams had joined the ranks of the unbeaten but once tied today. Thomas Jefferson (San Antonio) and Goose Creek retained their undefeated record last night in a 7-7 deadlock, while Forest (Dallas) chalked up its second straight scoreless tie—this time with Denton.

Bowie (El Paso) easily spanked Cathedral (El Paso), 45-0, to stay among the lost list with perfect records. Over 40 undefeated teams put their slates on the line tonight, four games matching unbeaten teams. St. Thomas (Houston) defeated San Jacinto (Houston), 19-12 and Harlandale (San Antonio) downed St. Anthony (San Antonio) 27-14 in other games last night.

Wichita Falls' Coyotes, impressive in their first game last week, take on the once-tied Breckenridge Bucks tonight in one of a half-dozen featured games. Interest will run high over Odessa-Plainview; Abilene-Amarillo; Longview-Paris; Sweetwater-Brownwood; Austin-Temple; Adamson (Dallas)-Breckenridge (San Antonio) and Vernon-Sherman. Fifty-three games are scheduled tonight and tomorrow with one conference tilt booked. This is San Benito at Laredo in Dist. 18AA.

Four inter-sectional games are on tap. Mangum, Okla., meets Berger; Ysleta (El Paso) goes to Las Cruces, N. M.; El Paso high is at Albuquerque, N. M., and Beaumont journeys to Lake Charles, La. Michigan 19, Michigan State 0. The Big Nine king in action. Minnesota 7, Washington 0. The Gophers catch the Huskies at home, which is about the only reason they would have the inside track. Ohio State 14, Missouri 0. The Tigers slipped up on OSU last
