Another Great Value -

... in the field of many values is the abstract. Years ago when the records were few there was not so much need for an abstract. But today with multiplied thousands of important title items already of record and new ones being added every day, the preparation of your abstract is not only an undertaking of great responsibility but one that requires an institution possessing all the records and a long history of achievements behind it.

I would like to try to express my thanks to everyone for the many acts of kindness during my illness, although, I find it hard to find words to do so.

To the entire staff of the Blackwell Hospital I want to say a special "thaanks". Also for the beautiful flowers, cards and for the food which was really appreciated by my family at home.

I am much better and hope to be out again soon.

Thanks to all

Rocky Colavito, the slugging outfielder of the Cleveland Indians, joined a very select group last week by hitting four home runs in one game. This tied a record held by only two men, Lou Gehrig in 1932 and Bob Lowe in 1894 by hitting the four homers in successive trips to the plate. The twenty-five year old outfielder is usually a fast finisher and it could be that Colavito might break Ruth's 60 home runs in one season.

The Detroit Tigers are the hottest team in baseball. Sunday they won a double header from the New York Yankees and the young man that has been a big factor in the Tigers climb has been Al Kaline, the superb center fielder, who is currently leading the American League with a 350 batting average. Kaline's Manager, Jimmy Dykes, who has seen the best, calls him a real good ball player who is going to get even better. It might be that the American League admirers will see a "right handed" Stan Musial in the years to come in the person of Albert William Kaline.

The St. Louis Cardinals are having their troubles to be sure but one bright spot has been the pitching of "Vinegar Bend" Mizell. He owns 7 of the Cards first 22 wins. His only two defeats easily could have been avoided and his record might well have read 10-0, thus boasting his all star chances. Manager Solly Hemus early had gone on the limb forecasting the long awaited 20 victory campaign for Mizell.

J&S

And speaking of hot baseball clubs -- we have two of our own right here in Gorman. The Little League teams are really having some very good games on Tuesday and Thursday of each week.

The crowds are beginning to increase with every game turned in by these outstanding youngsters of Gorman. So why don't you tell the better half and the little ones to jump in the old jalopy and come out to the Little League games and enjoy an evening of brilliant baseball performed before your very eyes by the fine youth of our community.

No rest for this Chevy... round the clock the engine never stops!

At Washington's bustling National Airport, Allied Aviation Fueling counts on its radio-equipped Chevy to get crews and tank trucks to the right planes at just the right time. Aside from occasional time out for the usual service, its Thriftmaster 6-cylinder engine has been running 24 hours a day for the past 9 months!

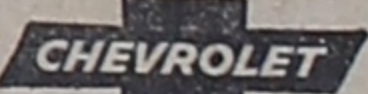

Once you've got that kind of endurance working you don't worry much about lost job time. Breakdowns go out of style the day your Chevy goes into action.

The fact is, Chevrolet trucks are dead set on dropping the word "downtime" right out of the English language. And they just might, if precision engineering and top-quality materials have anything to say about it. Chevy trucks are put together to stay together—incorporating the most advanced chassis developments, the most efficient 6-cylinder and V8 engine designs. They're built to last, built to keep Chevrolet's hard-earned reputation for reliability flying high.

Going into the real heart of Chevrolet advantages is where your dealer comes in. He'll show you, in feature after feature, that you can't buy more truck dependability—in any weight class—at any price.

No job's too tough for a Chevrolet truck!
