Thanks to my efficient assistants Thereasa and I with two teen-age granddaughters, Miriam Paynor of Ranger and Carol Kay Hart of Fort Worth, for a trip to Carlsbad Cavern last week.

As I have heard others say who have been through the Cavern, it is difficult to describe". Seval hundred feet undergrodnu one sees formations that have

taken millions of years to form. If you are in good physical condition make your plans to visit Carlsbad Caverns. Then drive on to El Paso. There on a mountain several thousand feet high a man took a stone forty feet high and sculptured Christ on the Cross. This Shrine can only be reached on foot and it takes about two and one-half hours to make the ascent. People of the Catholic faith, old and i young, some crippled, climb this mountain to kneel before this Shrine. I could not help but com of their daughter, Sue Johnson, pare these folk with some pro- to Wesley Spivey, son of Mr. and testants that hesitate to walk a few blocks to their own church.

valleys that are being irrigated from the Rio Grande River.

From El Paso we drove to the Big Bend National Park. Here, too, one is humbled by the creations of God.

All through this part of the country one finds historical mark ers and places where pioneers have made a stand which made possible our nation of today.

It was a trip well wotrh taking and I enjoyed it but I was glad to get back home and still think Gorman is the best place to live. 9-0

# Farm Performance

Approximately fifteen reporters trained in acreage measurement work are now beginning the summer job of checking crop acreages on farms participating in the acreage allotment, price support, and Soil Bank programs, according to Oral D. Johnston of the Comanche County ASC of

In anouncing the start of the 1959 measurement work, Mr Johnston urged the cooperation of farmers in assisting the reporters

"Producer cooperation," he said can help us do this performance job faster and more economically. Some of the ways the farmer

can help are: 1. See that stakes are in place

on premeasured farms; 2. Make sure plantings are within the staked area on premeasured farm, and

# Ben R. Burdette, Retire August 1st.

Ben R. Burdette, rural mail carrier out of Gorman, Texas, will retire August 1, 1959 after completing forty years in the Postal Service.

Mr. Burdette, a native of Meridian, Teras, moved to Dublin in 1903. He attended and graduated fro mthe Dublin High School. He was quarterback on the Lions football team and was an outstanding baseball player. His baseball ability won him a scholarship from Daniel Baker College of Brownwood. Ben studied phar macy for two years at Daniel Baker and upon completing the two years there was employed by the Overton Drug Store in Dublin to fill prescriptions.

In 1912 Mr. Burdette married Miss Johnnie Morrison of Dublin. Soon after their marriage Ben entered the postal service. His first postal employment was in May, 1919 at Dublin. He worked there for five years and was then transferred to Whitney. After serving at Whitney until 1929 he was transferred to Denton where he spent most of his career. He served seven years as city carrier at Denton and then was transferred to the main office where he served until 1950. In carrier on route 3 of Gorman, and has served on this route since that date.

Ben and "Miss Johnnie" have four daughters, three of which live in California, and one in Argyle, Texas. They have two sons: Lt. Col. M. R. Burdette of Fort Sam Houston, Texas and Benney Burdette of Sacramento, Calif., who after serving four years in the Navy, completed Arlington State College and is employed by the International Business Machines in Sacramento,

Mr. Burdette is a member of the First Baptist Church of Gorman, a member of the Knights of Pythias Lodge; being interested in the youth ofthe communities where he lived, was active in Boy Scout work, worked with boys in sports activities and officiated in high school football games and for several years was sports reporter of baseball for the Denton Daily Chronicle news-

During the nine years that Ben and "Miss Johnnie" have lived in Gorman they have made many friends. Ben will be missed by his patrons and co-workers because of his wit and sunny disposition. Always accomodating, Ben would think nothing of driving miles out of his way or being delayed bon, Texas, recently was proto aid someone. ## July 1 Is Deadline For New Wheat Allotment Request

For the farmer who has no wheat allotment and intends to seed winter wheat for harvest in 1960, the deadline to apply for a ne wfarm wheat allotment is not far off. It's Wednesday, July first, and the application should be filed in writing at your county ASC office.

Once you apply, says Oral D. Johnston, County officer manager of the Comanche County Agricultural Stablization and Concation will be studied on the basis of tillable acreage, type of soil and typography of the farm. Your own farming system will be rewheat was not planted on the sidered. If it all adds up to a convincing case in favor of wheat production on the farm in 1960, you will be assigned an allotment to the extent that acreage Lufkin, Texas, has been the lone is available.

None of this affects the farmer who already has a wheat allotment or has an established rec- ond baseman has been hitting ord of wheat production on his farm. He gets notice of his wheat he was among the first members allotment without application. In fact, it should be showing up in spring. Joe Bennett & Speedy Clark

The Miracle of baseball this season has been the pitching of Roy Face, the ace reliefer for the Pittsburgh Pirates. On June the 18th he registered his 11th victory in relief and from the 1958 season made him winner of 16 wins in a row. Until Willie Mays hit a three run pinch-homer off him he had gone through 13 consecutive innings in relief without yielding a run and only one run in 26 innings. He has a record thus far in 26 games of pitching servation Committee, your appli- a total of 46 1/3 innings, struck out 41, walked seven, and had an almost unbelievable earned-run average of 0.971. Don't take it from us-take it from independent experts and from facts and figures that are now a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling . . ." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices\* shows Chevrolet averaged up to \$128 more than comparable models of the other leading low-priced two.

\*Guide Book figures of the National Automobile Dealers Assn.

#### PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!

Best Brakes. Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.\* No wonder. Chevy's brakes, built for up to two-thirds longer lining life, are the biggest in its field.

\*National Association for Stock Car Advancement and Research.

Best Engine. Every motor magazine has given Chevy's passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

Best Economy. No doubt about this: a pair of Chevrolet sixes came in first and second in their class in this year's Mobilgas Economy Run-getting the best mileage of any full-size car.

Best Room. Dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room is up to 5.9 inches wider than comparable cars.

Best Ride. No doubt about this. MOTOR TREND magazine sums it up this way: "... : the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

> Don Jones, already the "right hand man" of a weekly publisher in his home town is the winner of the 1959 journalism scholarship award of the West Texas Press Association.

Jones has just graduated from Abernathy High School, and holds down an important post at the Weekly review. He is getting started in the newspaper work with a thorough background in community newspapening-something that is highly beneficial to many successful newspapermen in past years.

The Hale County graduate will use his \$400 scholarhip to help his studies in journalism at Texas Tech. He will enter college this

at having received the award. He | most fascinating profession. It usually end up in the hole. seems that the greatest possibili ties for advancement lie in this field. Also, some of the greatest opportunities for civic deeds lie in this field of journalism. The duty of the journalist is to inform the public.

"People are relying on the press more today than ever before. To a very large extent, journalists are instrumental in pushing badly needed legislation, uncovering corruption in high circles, and in breaking down the bars of secrecy that have become so frequent lately."

In High School, the young man was a member of the National Honor Society, was a class officer and held a position on the student council. He was MYF president in Methodist Church.

At the Review he is a Linotype operator, pressman, floorman, and staff writer. His parents are Mr. and Mrs. Ward Jones and he has two brothers and three sis-

Runner-up and first alternate for the scholarship is Bob Bowers of Levelland. In third place was Leslie Whiteley of Ballinger.

W. H. Graham of Farwell, chair man of the scholarship committee for WTPA, expressed his pleasure with the applicants this year. "It is the largest group we have ever had," he said.

Competition for the award was plenty stiff among the 12 seniors who entered. There were six boys and six girls in the field this year. "All the judges have commented on the quality of the work," says New Yellow Jacket Graham, "and we think it is a high honor for Don Jones to win.'

> The scholarship was begun four years ago by WTPA to promote journalism as a college study and career. The award is based on scholastic achievement, demonstrated ability in journalism and a bonafied interest in newspapering as a career.

Helping to select the winner this year were Graham; Wally Garets, Texas Tech; Ailese Parten, Wayland; Bill Lee, West Texas State; and H. M. Baggarly, The Tulia Herald.
