

Jackpot Captured For \$39 Reward

The elusive "Jackpot" was finally cornered and captured in last week's Who's Who by Mr. John West and his deputies. It was a running battle, but with the consecrated and daring efforts "Jackpot" finally gave up.

Now the entire community can relax and begin to work on the clues for the next Who's Who Culprit.

Everybody should be on the alert and enter into tracking down the clues.

The reward for the capture of "Jackpot" was \$39.00. Mrs. Ethel Harrell was the Who's Who personality for last week.

The reward for the next apprehension begins at \$12.00.

LAKE OPENING DISCUSSED BY JAYCEE GROUP

At their regular semi-monthly breakfast officers of the Gorman Jaycees discussed the care and maintenance of Frank A. Gray Memorial Park and the opening of the park in June.

The subject of two acres of land belonging to the park and being proposed for sale by the City Commission came under discussion. A committee was appointed to meet with the City Commission to see if this property could be legally sold without a vote of the people.

Gene Rodgers was appointed General Chairman of the forthcoming Jaycee Road-e-o and "My True Security Program." The latter will be an essay contest for high school seniors. More information will be published later.

Pantherettes To Meet Paint Rock In Regional

The Gorman High School girls basketball team defeated Bangs on Tuesday night at Brownwood by a score of 45-39. The Pantherettes held a 19 point lead in the middle of the last quarter and used reserves to finish the game.

This is the fourth consecutive year the Pantherettes have won

their Bi-District game to advance to the Regional Tournament.

Patsy Rawls, Mary Dell Thompson and Nell Browning furnished the scoring while most of the guarding was done by Mary Robertson, Emma Jane Skaggs and Karen Wright.

The Pantherettes will play in the Region II-B Tournament at Brownwood this Friday night at 7:00 p. m. Their first opponent will be Paint Rock, the team they will be meeting for the third consecutive year.

The Paint Rock team defeated Jim Ned 44-43 in Bi-District.

The Gorman sextet, in the Regional Tourney for the fourth straight year, won third place three years ago; were Regional Champs two years ago, and won second place last year. Both years they have been eliminated in the State Play-offs by the team that finished second in the State Tourney.

CITY COMMISSIONERS CALL OPEN MEETING FOR MARCH 7

Monday, March 7, 1960, marks the expiration date of the sixty day waiting period since application for low rent housing for the City of Gorman.

The meeting has been called for the purpose of letting the people voice their opinion on the project. It is to be held at the City Office at 4 p. m., Monday.

If approved, the City Commissioners will execute the agreement with the Housing Authority to erect the units approved by the authority.

World Day of Prayer To Be Observed Friday

The Woman's Society of Christian Service will sponsor a World Day of Prayer program.

The observance, which is international, has been in existence since 1887. The ever increasing number of participants are counted by the millions.

On Friday, March 4th, the first day of Lent, peoples in 117 countries on every continent, will form circles of prayer reaching around the world beginning at first rays of the sun on the international date line and continuing throughout the day and night until a new dawn.

Mrs. William Brogdon will be in charge of the program beginning at 10 a. m.

The worship and prayer period will recess for a covered dish luncheon at noon.

Meditation and dedicatory offering will follow. The offering for 1960 will be used for ministering to the migrant population and the American Indians and also for the promotion of Christian literature and the training of Christian workers in foreign fields.

The meeting is open to the public.

LATEST MECHANICAL PEANUT GRADING EQUIPMENT SHOWN

R. C. Ashworth, District Supervisor with the Texas Federal Inspection Service, running peanuts through one of the new grading machines being demonstrated by Mr. Matheson.

The latest mechanical equipment available for use in inspecting farmers' stock peanuts was demonstrated at Gorman on Friday, February 26, 1960, at the Texas Inspection Office.

Mr. Don Matheson, Assistant Chief, Fresh Products Standardization and Inspection Branch, Fruit and Vegetable Division, Agricultural Marketing Service, U.S.D.A., conducted the demonstration, and explained background relative to trial tests of the various types of equipment over the past several years. He further explained the working of the equipment, giving its advantages, as well as limitations in some instances.

The greatest advantages afforded by the various mechanical grading devices are uniformity of grading procedure, rapidity of the grading process, and capability of handling a larger farmers' stock sample.

Matheson explained and demonstrated a pre-sizer, sample sheller, shaker and splitter. Further, he explained the "Belt and Bucket", "Spout Type" and "Auger Type" bulk samplers; the "Spout Type" is presently being used by Gorman Peanut Company. All of this equipment has

had sufficient testing for USDA approval, except the sample sheller and the "auger" type sampler which will undergo more testing prior to approval according to Matheson.

Approximately 75 representatives of various segments of the Southwest Peanut Industry attended the meeting. Representatives were present from SWPGA, Oklahoma Federal State Inspection Service, Texas Inspection Service, Southwestern Peanut Shellers Association, including representatives from the majority of the individual shelling plants. Further, a good representation of farmers of the local area attended. Business men of Gorman supported the meeting; the Gorman Jaycees provided coffee and cold drinks prior to the meeting.

The mechanical shaker was used extensively in the Southwest during processing of the 1959 crop. The majority of the other equipment is presently being used in the Southeast area and the Virginia-Carolina area. The introduction of the remaining approved mechanical aids in the Southwest is contingent upon the wishes of the buyers and farmers, as well as the raising of sufficient funds for purchase.

Granny Conner Laid To Rest

Funeral services were held on Thursday morning, February 25, 1960 at 10 o'clock in the Chapel at Higginbotham's for Mrs. Doshie Elvire Gaines Conner, affectionally known as Granny Conner. She passed away in a Ranger hospital on Monday, February 22, 1960.

She was born in Arkansas on December 7, 1880. She was 79 years, 2 months and 14 days old.

On May 12, 1903, she was married to Jesse Otto Conner in Comanche, Texas. To this union were born three children, two of whom preceded her in death. She was also preceded in death by her husband.

Survivors include one son, Newton of Gorman; one brother, Douglas Gaines of Kermit; three grandchildren, Mrs. Lester Curry of Brownwood, Floyd Lanthram of Mass., and J. W. Lanthram of Salina, Calif., and several nieces and nephews.

Pallbearers were W. C. Brown, B. M. Bennett, Rob Kinsler, Ben R. Townley, H. H. Pullig, and Bill Parr.

Interment was in the Gorman Cemetery.

DESDEMONA F.F.A. BOYS — Eddie Fox, Burl Fonville, Johnny Majors, Dail Ables, Jerry Yancey, and Joe Owens, Ag Teacher, inspecting the new peanut sample sheller, splitter and pre-sizer machines which were on demonstration at the SWPGA meeting February 26.

Mr. Owens, who is also Ag Teacher at Strawn High School, is a dedicated man. One has only to look inquisitive about class or the FFA and Mr. Owens will give them all the information possible. Like most vocational agriculture teachers he feels like time is being wasted if he isn't taking his classes on field trips or assisting them in other ways to learn more about farming and livestock.

Officers of the Desdemona F. F. A. Club are as follows: President - Dail Ables Vice-President - Jerry Yancey Secretary - Ray Williams Treasurer - Johnny Majors Sentinel - Eddie Fox Reporter - Donald Holder Parliamentarian - Gerald Hammonds F.F.A. Advisor - Joe Owens

The F.F.A. Sweetheart is Linda Carr.

The group are shaping up about six animals for entry in

the Eastland County Livestock Show on March 24-26.

Our club is delighted to work in farm shop with the new tools. We have stressed electric welding, proper use of hand tools, rope making, animal halters, selection of lumber and hardware.

Our active FFA is studying soil conservation and better farming methods.

The group here goes on a field trip to study grading peanuts, using the newest machinery.

March 6-12 is National Peanut Week. There are so many ways to use peanuts, why don't we all help out the industry by using them in some fashion every day for a whole week. The sale of peanuts is terribly important to us all and they taste so good - - if you remember last year - the little old man ninety-six years of age, who was on the Groucho Marx program - - he says they are good for you, too. So come - lets make it "Eat Peanuts Week."

The recipe for this week calls for peanuts. It is a recipe a girl in Birmingham, Ala. entered in a baking contest and it got favorable mention.

BANANA PEANUT PIE
1 cup sifted flour
1/2 teaspoon salt
1/4 tablespoon baking powder
1/4 cup shortening
1/4 cup smooth peanut butter
2 to 3 tablespoons water
2 large bananas, sliced
1/2 cup chopped peanuts
Whipped Cream

Sift dry ingredients into mixing bowl. Cut in shortening and peanut butter until mixture resembles corn meal. Add water, stirring until a dough is formed. Roll dough on floured surface to 1/8 in. thickness; line a 9 in. pie pan. Trim and flute edge. Prick shell with fork. Bake at 425 F. for 10 to 12 minutes. Cool.

WASHINGTON, D. C. - - THE STATUE OF FREEDOM which stands atop the dome of the Capitol of the United States has a history in keeping with that which it symbolizes.

FORMED BY THE SCULPTOR THOMAS CRAWFORD in Rome, Italy, the plaster model was completed in 1857.

IN 1858 THE STATUE BEGAN ITS JOURNEY to America, but storms damaged the vessel in which it was being shipped to such an extent that much of the cargo had to be thrown overboard.

The statue Freedom was saved. The ship was condemned and sold in Bermuda, and the statue was placed in storage on that Island for a period of time.

ITS PLACEMENT IN BRONZE atop the Capitol had to be halted during the Civil War, and late in 1863 the statue took her watch over the Nation's Capitol City.

AT THE FEET OF THE STATUE, in letters big enough to be read from the ground, are the Latin words "E Pluribus Unum" - - "From Many, One." It has been our Nation's motto since 1782.

FREEDOM IS BASIC TO THE VERY CREATION of our system of government, but probably no other standard has been more abused.

THE THING THAT MADE THE PRODIGAL SON a prodigal was not the regimentation of a disciplined home. It was a mistaken idea of liberty that led him to a far away country and swinish companions.

LIBERTY AND FREEDOM WITHOUT an accompanying responsibility can sometimes be a bad thing.

RECENT EVENTS SUGGEST THAT we are not exactly - "E Pluribus Unum." Some claim that the Loyalty Oath prescribed for students receiving loans from the Federal Government is denying them of freedom and liberty.

Some claim that the heinous felon

on Chessman in California State Prison is entitled to clemency by reason of pressures outside the borders of our own Nation. In the name of freedom the Supreme Court overruled the practice of the State Department in denying passports to known Communists.

LAWS ARE MADE TO RESTRAIN those who would abuse freedom. The abuse of liberty by those who enjoy it is to reduce the freedom of others.

IN THE NAME OF FREEDOM should we not wonder why a student who has the privilege of borrowing money from the Federal Government should mind committing himself under oath to loyalty to the United States?

Why an American citizen who wishes to travel abroad should mind standing the test of a loyal American? And, why should the State of California be pressured, or the Governor excused from enforcing State Laws, by either their own Federal Government or that of a foreign country?

FORMER RESIDENT IS MR. JAYCEE IN MINERAL WELLS

Former resident and graduate of Gorman High School, Wade Russell, has been named "Mr. Jaycee of the Month in Mineral Wells."

Russell works with the Clifford Smith Public Accountants. Both Wade and Mrs. Russell, the former Adele Fairbetter, find Mineral Wells a desirable place to live.

Their church home is First Methodist where she is a member of the Chancel Choir.

Steve, 6, and Marc Lee, 20 months, are other members of the family.

ALL THESE THINGS, IN THE NAME OF FREEDOM, seem to pervert the sense of the inscription at the foot of the statue adorning the top of the United States Capitol.

National Peanut Week - March 6-12

FACTS ABOUT PEANUTS
Peanuts are raised in three sections of the South. "VIRGINIAS", used mostly as roasted and salted peanuts, are raised in Tidewater Virginia and North Carolina. "RUNNERS" come from the Southeast - Georgia, Alabama and Florida - and are used mainly for peanut butter and salting. "SPANISH" grown in the Southwest - Texas and Oklahoma as well as in the Southeast, are

used in candy, peanut butter and salting. All three types are used to some extent in each kind of peanut products, but their principal uses, by types, are as described above. In 1959 approximately 200,000 American farmers raised almost a million tons of peanuts, worth over \$200,000,000. This, plus milling, financing, shipping and other revenues makes peanuts one of the great economic factors of the South. PEANUT OIL is a principal product. Only perfect peanuts used for edible purposes. The balance are crushed into oil. Refined oil is used for shortening, deep-frying and salad dressing. The balance is marketed as crude oil for soaps and detergents. Peanut Oil is ideal for frying because of its high smoke point, of 450 F., it does not scorch easily. It does not absorb flavors and can be strained and used repeatedly. Peanut Oil is excellent shortening because vegetable fat is superior to animal fat. Peanut Oil is best for salads because it clings and sparkles. Peanut Oil is the basis for many cosmetics such as face creams, shaving creams and hair lotions. It is used for massaging polio patients because it clings and holds medication on the skin. Peanuts are used in the treatment of Pellagra, because they are rich in the pellagra-preventative factor, nicotinic acid. Peanuts are high in thiamin, niacin and riboflavin. Peanuts are potent in nutrition and are widely used in training diets of athletes, military personnel and others who need abundant energy. The energy value of one pound of peanuts equals four pounds of beef steak, 21 pounds of cheese, 10 quarts of milk, or 33 eggs.

Swine Production Short Course To Be Held At Gorman

A swine short course for adult farmers will be held March 7, 10, 15, 18, and 23rd, 1960 under the sponsorship of the Gorman High School Vocational Agriculture Department, according to Mr. Browder, Supt., and Mr. E. C. Bramlett, teacher of vocational agriculture. Mr. Clifton M. Laywell, swine specialist with the Vocational Agriculture Division of the Texas Education Agency and the Dept. of Animal Husbandry at Texas A&M College, will do the instructing in the course. He is headquartered at Texas A&M College. Mr. Laywell, born in Cameron, Texas, August 2, 1929, graduated from Bertram High School in 1947. He attended Southwest Texas State and graduated in 1956 with a B. S. Degree in Animal Husbandry. He also attended Texas A&M in the summer of 1958. He is a member of Texas Vocational Agriculture Assn. "Many swine short courses in various parts of the state have been taught by Mr. Laywell and all have met with outstanding success," according to J. B. Payne area supervisor of vocational ag., Stephenville, Texas. Arrangements for the adult education short course in swine and in other fields are made through Mr. J. B. Payne's office.

The short course at Gorman is scheduled to begin March 7 at 7 p. m. in the vocational ag building. Other meetings in the series of five will be held March 10, 15, 18, and 23rd. During the dates the short course is in progress, Mr. Laywell will be available to assist students with individual problems and to provide on-the-farm instruction, according to E. C. Bramlett.

Farmers interested in attending the short course should call the supt. of schools, Mr. Browder, or the ag teacher, Mr. E. C. Bramlett. An entry fee of \$2.00 will be charged. Swine Course Certificates are to be presented to each student who attends all the training sessions. The short course will cover every phase of swine production and marketing.

WHO'S WHO CONTEST RULES

1. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. YOU MAY submit one entry per person at any or all of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week - but only one entry per person at any one store (more than one will disqualify all entries of that person for that week.) Anyone may enter unless a member of your family is employed by the Gorman Progress. Sponsoring merchants and their families (and their employees and families) are most welcome to enter EXCEPT during weeks that entries are brought into that Sponsor's place of business.

2. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win. Not necessary to be a subscriber to the PROGRESS to participate.

3. WHO'S WHO may be anyone in the GORMAN territory. Clues to his (or her) identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchant elsewhere in the paper.) When a star * or stars ** appear in any ad in this section, it is your warning that other ad (s) of the same merchant (in which there may be clues) while others may have as many as five. Beware of false clues; there may be some! This is a contest of skill, and we intend to do our best to outwit you. We'll be delighted if you succeed in outguessing us, in spite of our best efforts!

4. If, by coincidence, the name of the WHO'S WHO or other facts about him) happen to appear in news items, editorial matter or other places in this newspaper, these will not count as clues.

5. To enter, write down the name you think the WHO'S WHO is. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address! Then, drop your entry at any Sponsoring Merchant whose ad is between the heavy borders in this issue. You may enter at all four if you wish! There are no other places where entries will be accepted—and mail entries will not be accepted. Any member of the family may bring in all entries for that family. Children under 12 must be accompanied by an adult.

6. This week's contest starts when you receive this issue, and closes at 4 p. m. of the following week. At that time (4 p. m. next Monday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$7.00. If THAT entry also lists every correct clue (and NO false clues) hidden in all ads of sponsoring merchants, a BONUS of \$5 will be added. Whenever this BONUS is not won, it will be added to next week's BONUS—which will continue to grow until it is won! Winning BONUS requires a PERFECT list of correct clues—the exact number and all copied correctly.

7. Every possible precaution will be taken to prevent typographical errors that might be mistaken for clues, but errorless typography CANNOT BE GUARANTEED (by anyone). The publisher of The Gorman Progress will be the judge in all questions, and his decision final.

Family participation gives you a better chance to win the Jack-pot. Your wife, husband, or some bright-eyed youngster MAY spot a clue that you miss!

Got any Perry Mason in you? Think YOU can outwit the contest? Remember you can't win if you don't enter!

KEEPING UP WITH FRIENDS

Mr. and Mrs. Fred Yonkers and Buddie of Seguin visited with Miss Dora Baskin and Mr. Hugh Baskin Saturday and Sunday.

Rev. and Mrs. John Dowd and Mark were in Abilene Monday visiting Mrs. Elma Elliott who has experienced surgery at Hendricks Memorial. They report she is doing nicely.

Mrs. Geo. Bell, Mrs. Freddie Bennett and Mike spent last Friday in Ft Worth.

Mr. and Mrs. Stanley Bell and Randy of Burleson and Jolene Bell of Ft Worth spent the week end with home folks.

Mr. and Mrs. G. D. Tate and daughter, Peggy, former band director of Gorman, spent the weekend with the Charley Underwoods.

Mr. Charley Underwood and Mr. and Mrs. Z. O. Mehaffey were in Sweeney the first of the week. Mrs. Mehaffey remained at the bedside of their daughter-in-law, Ann, who was ill.

Visiting in the home of Mr. and Mrs. Alvin Frasier Sunday and Sunday night were Mr. and Mrs. Joe Daniels and boys of Stephenville, Mr. and Mrs. Burton Henry and children of Comyn Mr. Herman Eison, Donald Ray Woodall and Bob Shugart. Music and dominoes were enjoyed.

Mr. and Mrs. Lee Roy Wheat of Odessa have been visiting relative in Gorman and De Leon. Mrs. Wheat is a cousin to Mrs. Jerry Overstreet.

WHERE TO LOOK FOR CLUES

Clues may be hidden in ANY ad in this group ad. When a Star appears in any of these ads, it means that additional advertising of that merchant appears elsewhere in this issue of the paper, and additional clues may be hidden in any of those ads, also!
Clues will be scattered... there may be from one to five clues in any ad - or none. This is a contest of skill - and we intend to do our best to outwit you. We invite you to do your best to outwit us!

HENRY SCITERN UNDERGOES SURGERY

Mr. Henry Scitern, who is in the M. D. Anderson Hospital in Houston, had surgery last Tuesday morning. He is reported to be doing good.

In a letter from Mrs. Scitern just prior to the operation, she stated that he is to stay in the hospital at least 2 to 3 weeks according to doctors report.

Vernon Files returned home from visiting Mr. Scitern Wednesday night. He stated that Mr. Scitern is doing as well as could be expected.

For those wishing to send him cards, his address is: M. D. Anderson Hospital, Houston, Texas, Room W402.

Arrange banana slices in cooled pie shell, reserving a few to garnish top. Pour in cooled cream filling. Sprinkle peanuts over filling, garnish with whipped cream and banana slices.

CREAM FILLING
2/3 cup sugar
1/4 cup corn starch
1/2 teaspoon salt
2 cups milk, scalded
3 egg yolks, slightly beaten.
1 tablespoon, butter or oleo
1 teaspoon vanilla extract

Combine sugar, corn starch and salt; mix thoroughly. Gradually stir in scalded milk. Cook over boiling water 10 minutes, stirring constantly until mixture thickens. Stir small amount into egg yolks; gradually blend into thickened mixture. Cook about 2 minutes, stirring. Add butter. Cool. Blend in vanilla.

Pass the pan of parched peanuts - I like to eat them while watching television.

CARD OF THANKS
I want to take the opportunity at this time to thank my many friends for all the cards, visits and flowers, and the hospital staff for their wonderful care during my stay in the hospital.

Talking is all Right - -

... if you are running for office or courting your best girl, but when it comes to buying land or town properties don't let the owner talk you out of an abstract. The fact that the seller has owned the property for many years doesn't mean necessarily that his title is good. The safest plan is to get an abstract before you buy. The cheapest property on earth is too high if the title is faulty.

Never again!

No more carrying heavy baskets of wash when you have an **Electric Clothes Dryer**

LIVE BETTER ELECTRICALLY - dry clothes for an average of about 5¢ a load in an Electric Clothes Dryer.

Eliminate washday's hardest job . . . carrying clothes to and from the clothesline. Switch to an Electric Clothes Dryer and let electricity do the job . . . automatically! All you do is put in freshly-washed clothes, set the controls and your Electric Dryer does the rest. You can relax or busy yourself with other things while your clothes dry sunshine-fresh in clean, gentle, electric heat. You save hours of ironing time, too, because electrically-dried clothes have fewer wrinkles and no "clothespin ears" to iron out.
