To adequately describe the "Great Southwest Industrial District", located near Arlington, would take all of the space in your Progress. A map of this gigantic project has been placed on the wall of the Progress Library.

Of major interest to families will be the recreation center, "Six Flags Over Texas," which will be equal if not better than Disneyland in California. This \$10 million entertainment and recreation center will open in August.

Members of the Texas Press Association were guests of the builders of these two great projects Saturday.

Another feature of the Press Convention was a film of the Texans Football Team in action, and the pleasure of meeting and talking with some of the players.

Joe and Speedy, will be telling you more about this team and their players in the J&S Sports column.

They have an invitation to see the Texans in action this fall.

Ross Wilson Is Speaker At WSCS Citizenship Brunch

Mr. Ross Wilson, as guest speaker Tuesday at the Woman's Society of Christian Service Citizenship Brunch, gave a brilliant discussion of Current Issues Facing the Christian Citizen.

In prefacing his remarks he said he spoke with no idea of converting one to an opinion, nor convincing one away from an opinion.

Among the issues discussed were U. S. Foreign Aid distributed through the United Nations, Federal Aid to Education, Disarmament and Nuclear Testing, the 23rd Amendment to the Constitution and the Youth Peace Corps.

Mr. Wilson explained why a number of elements in several issues were controversial.

If having heard the presentation of the various issues from a non-partisan viewpoint, those present are better able to form opinions and to express their views to their Congressmen and to friends, the Citizenship Brunch will have achieved its purpose.

A devotional, Christian Patriotism, was given by Mrs. M. H. Fairbatter.

Coffee and sweets were served by Mrs. G. C. Acrea, WSCS President, Mrs. Barton Eppler, Vice-President, and Mrs. Edward Harrison. Table appointments were crystal and silver on Madiera table linen.

Mrs. Acrea announced that any discussion of issues would be in order at the WSCS July 11th meeting.

"The Ladies Man" To Show July 2-4 At Weeping Oak

A new Jerry Lewis fun-for-all, "The Ladies Man," will show at the Weeping Oak in De Leon on Sunday, Monday and Tuesday, July 2, 3 and 4th, bringing the comedian in the title role with assistance from Helen Traubel, newcomers Pat Stanley, Kathleen Freeman, Hope Holiday and Lynn Ross, and guest stars Buddy Lester, George Raft and Harry James.

Filmed in technicolor, the Paramount release was produced, directed and written by Jerry, the latter chore in collaboration with Bill Richmond. The story, punctuated with songs, dances and lots of entertainment surprises, concerns the misadventures of a bashful young woman-hater who finds he has taken the job of houseboy in a Hollywood boarding house occupied exclusively by career-seeking man-hungry blondes, red heads and brunettes. By the time the film and Jerry's "education" are over, he has developed a whole new attitude toward the female of the species.

Four new songs are introduced in the picture, along with 31 beautiful and talented girls selected by Jerry in his capacity as producer-director after auditioning hundreds.

Coming to the Weeping Oak on Saturday, July 1 is "Ten Who Dared". The technicolor film stars Brian Keith, John Beal, James Drury and a host of others.

The film is about one of man's mightiest adventures - the conquest of the roaring Colorado River through the Grand Canyon.

They will also do a radio program on Saturday night over Radio Station KNIT, Sweetwater. RCA has recorded several records for the trio which will be released in a short time.

Knowing the talent these people have, we predict much success for them in the future.

Texas Farm Bureau Rejects Secretary Of Agri. Freeman's Farm Program

WACO - (Sp) — The president of the largest farm organization in the state declared this week that most farmers and ranchers in Texas reject the Administration's omnibus farm bill which Agriculture Secretary Freeman promoted during his visit to central Texas last weekend.

J. H. West, president of the 81,000-member Texas Farm Bureau, said that organizations representing only a small minority of Texas farmers and ranchers had actually endorsed the Cochrane-Freeman farm bill.

"According to reports we have received," West stated, "many people over the state and nation were given the false impression that Texas farmers and ranchers were united behind the Administration's bill."

A meeting of farm organizations over the state was called for Waco on the eve of Freeman's visit Saturday. Purpose of the meeting, according to Alex Dickie, Jr., of Denton, president of the Texas Farmers Union, was to endorse the Kennedy farm program.

Dickie exhorted "all" farm groups to attend and sign a resolution of endorsement. Only three organizations signed the resolution which was presented to Freeman Saturday in Rosebud. Agriculture Commissioner John C. White stated

that he had received six other "proxies" which were added to the resolution.

White, who helped promote the meeting, said organizations which formally endorsed the Administration's farm bill are: Texas Turkey Growers, Texas Sesame Producers, Texas Federation of Cooperatives, Texas Grange, Texas Farmers Union, Old Cotton-belt Association, Southwestern Peanut Growers, Grain Sorghum Producers and Texas Wheat Producers.

"The Texas Farm Bureau, largest general farm organization in the state by at least ten times, was not invited to this meeting," West said. "Even if we had been invited, our policies which are diametrically opposed to the principles behind the Cochrane-Freeman bill, would not have permitted our endorsing such a bid to concentrate unprecedented power over the destiny of American agriculture in the hands of the Secretary of Agriculture and the Executive Branch of government."

West pointed out that two of the largest commodity groups in the state, The Texas & Southwestern Cattle Raisers' Association and The Texas Sheep & Goat Raisers Association, did not attend the meeting or sign the resolution.

Set for formal opening in early August, the 105-acre Six Flags Over Texas will have 40 major attractions and recreational facilities for 15,000 visitors an hour.

America's new speedway driving champion and his family inaugurated a novel "freeway" Friday before members of the Texas Press Association.

Indianapolis Speedway champion A. J. Foyt of Houston, his wife, Lucy, 5-year-old son, Troy, and 2-year-old daughter, Terry, demonstrated the Foyt technique on a new "Happy Motoring" freeway. They drove to the cheers of over three hundred Texas newspaper editors and publishers.

It all took place at the fabulous new Six Flags Over Texas recreational center at Arlington, where millions of dollars have been spent to telescope the adventure and development of the Lone Star State. The "Happy Motoring" freeway is a scenic, miniature freeway where adults and children alike can drive gasoline-powered, scaled-down automobiles. The attraction is sponsored by Humble Oil & Refining Company.

INDEPENDENCE DAY

2712 JUNE '61 M.P. 52

The idea of government of the people, by the people, for the people was new to the world on July 4th, 1776. By the nation then born this idea has since been tried, tested and proved the best hope for all mankind.

Proudly we salute the founding fathers on this, the 185th birthday of our country. Firmly we are resolved that our heritage of freedom, dating back to that day, shall forever be maintained.

HOW COME A CAR THAT RIDES LIKE THIS ONE DOESN'T COST MORE?

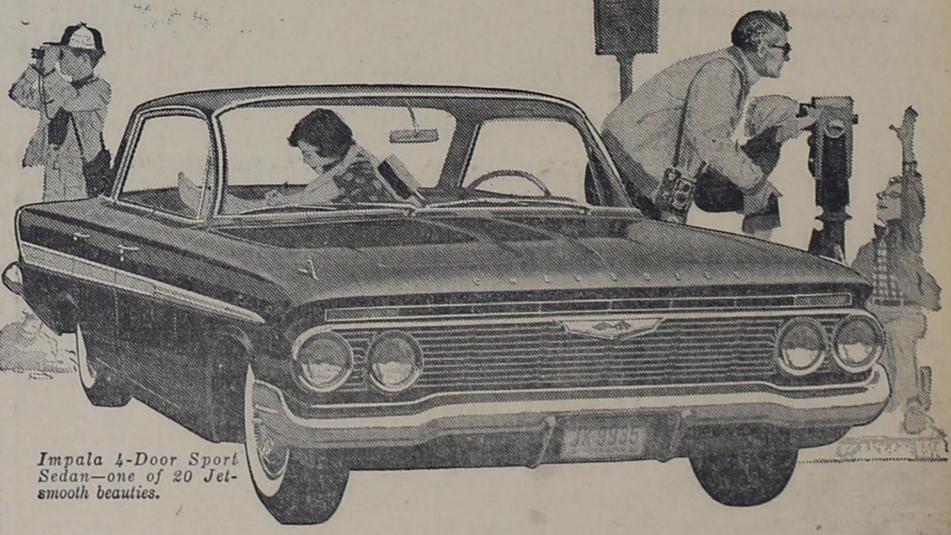

A good question—and we could spend this whole page answering! But what it all boils down to is this: It just stands to reason you're going to get more for your money when you put it on the car more people are buying . . . and that car is the Jet-smooth Chevrolet.

Best way to settle any further questions about Chevy's ride is to settle behind the wheel and try it. Full Coil suspension and over 700 other gentle persuaders throughout the body and chassis will go to work cushioning, insulating, smoothing, soothing and pampering. Only **JET-SMOOTH CHEVY**

question you'll have left is why didn't you try it sooner. You might also ask: Who else in Chevrolet's field gives you Body by Fisher craftsmanship and such a wide variety of models to make sure you get just what you're looking for? Answer: Nobody.

Prices? The man to check for the low-down on that one is your Chevrolet dealer. He's ready and waiting for you right now with all the right answers.

Air conditioning—an extra-cost option that gives you fingertip temperature control. Try it.

Impala 4-Door Sport Sedan—one of 20 Jet-smooth beauties.
