## Panthers Edged by Tolar; Play Bronte On Saturday

### GAME AT A GLANCE

2 of 9	Passes Completed	5 of 6

1/20	Punts - Avg.	2/35
2/2	Fumbles/Lost	5/5
4/50	Penalties	3/30

The Gorman Panthers played their hearts out at Tolar on Friday night in terrible weather but came up short at the end of the battle when they were forced to try and convert a 2 point play from the 18 yard line after being hit with an untimely penalty for celebrating in the end zone after Blake Guthery had raced for 68 yards for a TD to get the Panthers to within 2 points. This untimely call assessed the penalty on the points after play, which was a very bad call by the official. According to a new rule celebrating is marked off on the extra point instead of on the ensuing kickoff.

Gorman moved 59 yards on 4 plays after getting a Rattler fumble on the Tolar 41. Following an incomplete pass, Cody Foster tossed a 35 yard pass to the Tolar 6. They Guthery get 4 to the 2 yard line. Then with 9:44 left in the first, Margarito Sanchez ran it in from 2 yards out and Gorman led 6-0. But the Panthers failed on the point after as was the case all evening with the wet and slick ball.

Following a Panther fumble on the Gorman 25 the Rattlers moved for the tying score on 4 plays with the rattlers completing a pass for 15 yards with 6:02 left. The kick try failed and the score was tied.

Then following a short punt and a 10 yard runback by the Rattlers. Tolar completed a 16 yard pass play to Layne in the end zone with 7 seconds left in the half. The kick for point after also was good and Tolar was up 13 to 6.

Gorman came back on the first series after intermission and set the ball up at their own 39 and cranked up a drive of 61 yards in 8 plays with Cody Foster scoring from 16 yards out with 7:53 left in the third. The drive featured runs of 9, 3 and 6 by Sanchez and a 28 yard blast up the middle by Guthery. Again the point after kick failed and the score was 13 to 12.

Following the Gorman score the Rattlers came back with a 75 yard drive in 6 plays when they scored from 10 yards out with 5:27 left in the third. The drive featured one run of 25 and a pass play for 20. The point after kick made the score 20 to 12.

Bad luck hit the Big Red again when they started a drive from their own 33 and moved to the Rattler 5 yard line before the snap was fumbled at the 5. The drive featured a 40 yard run by Guthery, 3 runs of 7, 4 and 2 by Sanchez. The fumble came on third down at the Tolar 5.

Then after a run of no gain, the Big Red defense recovered a fumbled pitch out in the end zone by David Seaton and Gorman moved to within 2 at 20 to 18. The Panthers tried a 2 point play but the try failed with 1:44 left in the 3rd.

Again Tolar answered with Panther score with a drive of 64 yards in 7 plays with an 18 yard run with 10:05 left. The kick failed for point after and Tolar was up 26 to 18.

The Panthers came back with a fantastic bruising run of 68 yards following a Rattler punt at the Gorman 32. Guthery hit the middle, escaped a Rattler linebacker, then raced the distance bouncing off Tolar tacklers for the score. This was when the Panthers were hit with the untimely penalty after the score. The score was 26 to 24 and the Panthers had to try for 2 point play to tie. But the referee hit the Big Red with a 15 yard penalty and the Panthers were forced to try the 2 point conversion from 18 yards out. The try failed and the final score was 26 to 24 and gave the Rattlers the 14-A Championship and a tie with Gorman, who will represent District 14-A as the runner-up and will meet the Bronte Longhorns, winner of District 13-A, this Saturday night at 7:30 at Wylie Stadium, just off of Buffalo Gap Road in Abilene. This should be a real battle as the Longhorns have a very good team and an 8-2 season mark, same as the Panthers.

Guthery led the Panthers with 157

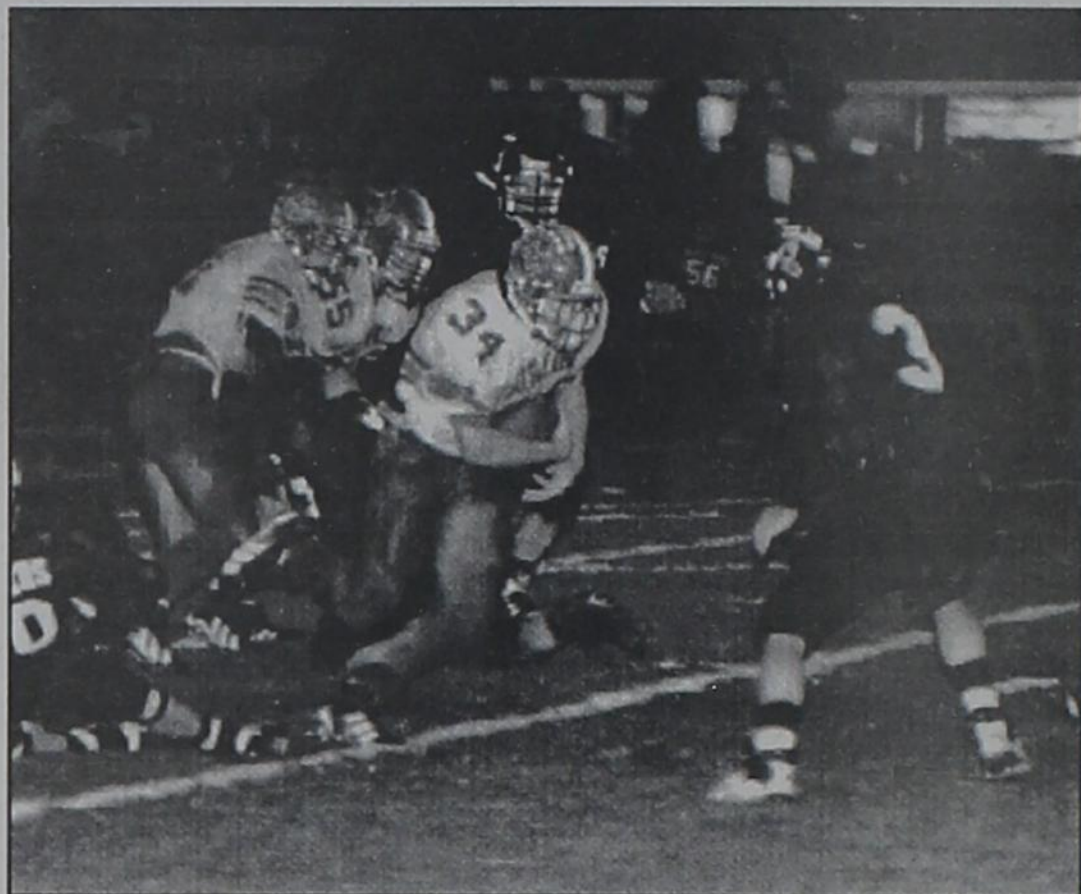

on 18 carries. Foster had 71 on 10 keepers Sanchez was 63 on 17 trips and Dathan Wright had 38 on only 3 tries.

The Panthers will need all the support they can muster on Saturday against Bronte and all Panther fans are

expected to follow the Big Red to Wylie.

There will be a "Send Off Celebration" at 3:45 on Saturday at the school. All fans are urged to attend.

**Go Get 'EM Big Red!!!**

**BREAKING FREE** — Running back Blake Guthery is shown breaking out in the loose in game action Friday night. Blake raced for 68 yards after getting pass the Rattler linebacker. Blocking for Blake is John Paul Sheppard and Cy Cypher.

## Coaches Corner By Coach Curlee

The regular season has come to a close and it has been a successful one for all of the junior high and high school teams. The junior high team finished with a 5-3-1 record. Coaches Ronny Wright and Josh Bruce worked with our junior high team and did a fine job. These young players were taught the fundamentals of the game, and given a strong foundation for their future in the sport. If you watch the game closely, you will see that the junior high team uses the same offense and defense that the varsity team uses. We want to do this throughout our entire program. This will enable us to be father along with these boys as they get into high school. These coaches and kids have done a great job all year long. The junior varsity team was just as successful posting a 5-4 record. They were coached by Brad Thompson and Shaun Barnett. The junior varsity is a little different from the junior high in the fact that they have to show the opposing team's offense and defense to the varsity during practice each week. They always do a good job of given the varsity the closest picture they can of what they are expected to see on Friday night. They still find time to practice their own offense and defense, which is also the same as the varsity's, and play hard on Thursday night. My hat is off to the junior varsity and all they have done to help out varsity team rach the playoffs. Without this picture, the junior varsity team shows us each week, we would have a hard time preparing for our upcoming game. Our varsity team finished the regular season with an 8-2 record and will be starting their playoff run this Saturday.

The State Playoffs are always an exciting time as we follow our own team, or a team we have been keeping up with all season. Speaking of teams to keep up with, our team will be playing Bronte on Saturday night at 7:30 p.m. at Bulldog Stadium in Abilene. This is the Bi-District round of the playoffs and one we are looking forward to. Bronte also has an 8-2 record and should be a good first test for our team. Make sure you find your way to Abilene on Saturday night to cheer on the Panthers as they make their run in the playoffs. The team will be leaving Gorman at 4:15 on Saturday from the fieldhouse. At 3:45 there will be a send off for the players at the fieldhouse, so make plans to help send the team off for their first playoff win.

The Spirit Lclub will meet each Tuesday night at the cafeteria at 7:00. Make plans to attend as they continue to show their spirit and support for the team throughout the playoffs.

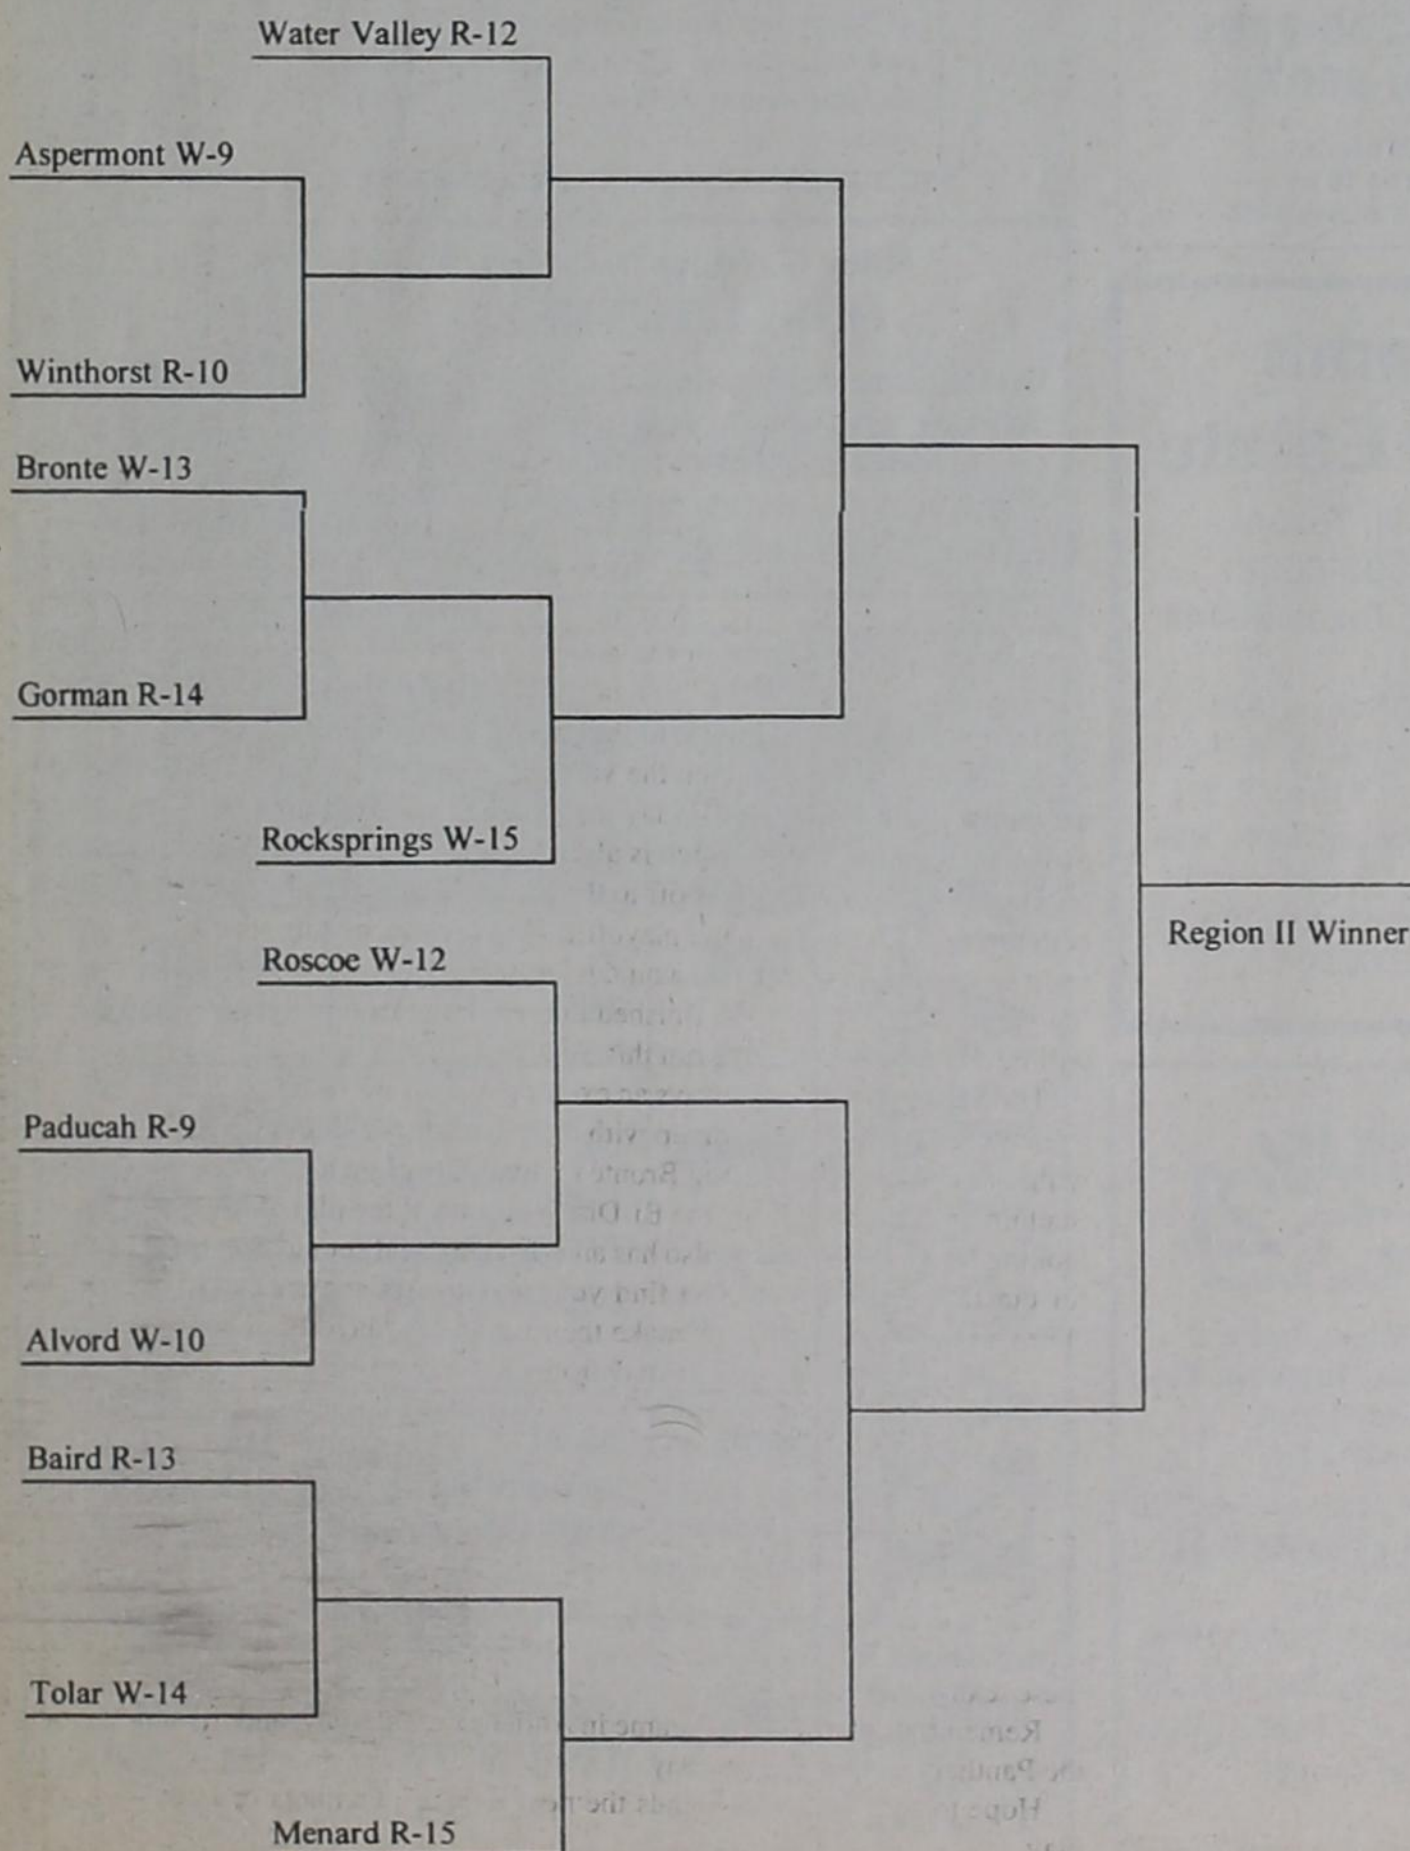

This week I am including a bracket which shows all of the teams in our region. You will be able to see our next possible opponent, and keep up with how these teams are doing.

Remember the Bi-District game in Abilene on Saturday, and the send off for the Panthers at 3:45 on Saturday.

Hope to see you in the stands the next time the Panthers or Lady Panthers play.

## USDA Pays Texas Farmers

Eastland County FSA-David Martin As of Nov. 5th, the USDA began making \$254.6 million in payments to Texas farmers to help offset heavy losses resulting from low commodity prices.

The payments will be issued only to those farmers who were eligible under the 1996 Farm Bill for fiscal year (FY) 1998 final Production Flexibility Contract (PFC) payments, sometimes called market transition payments.

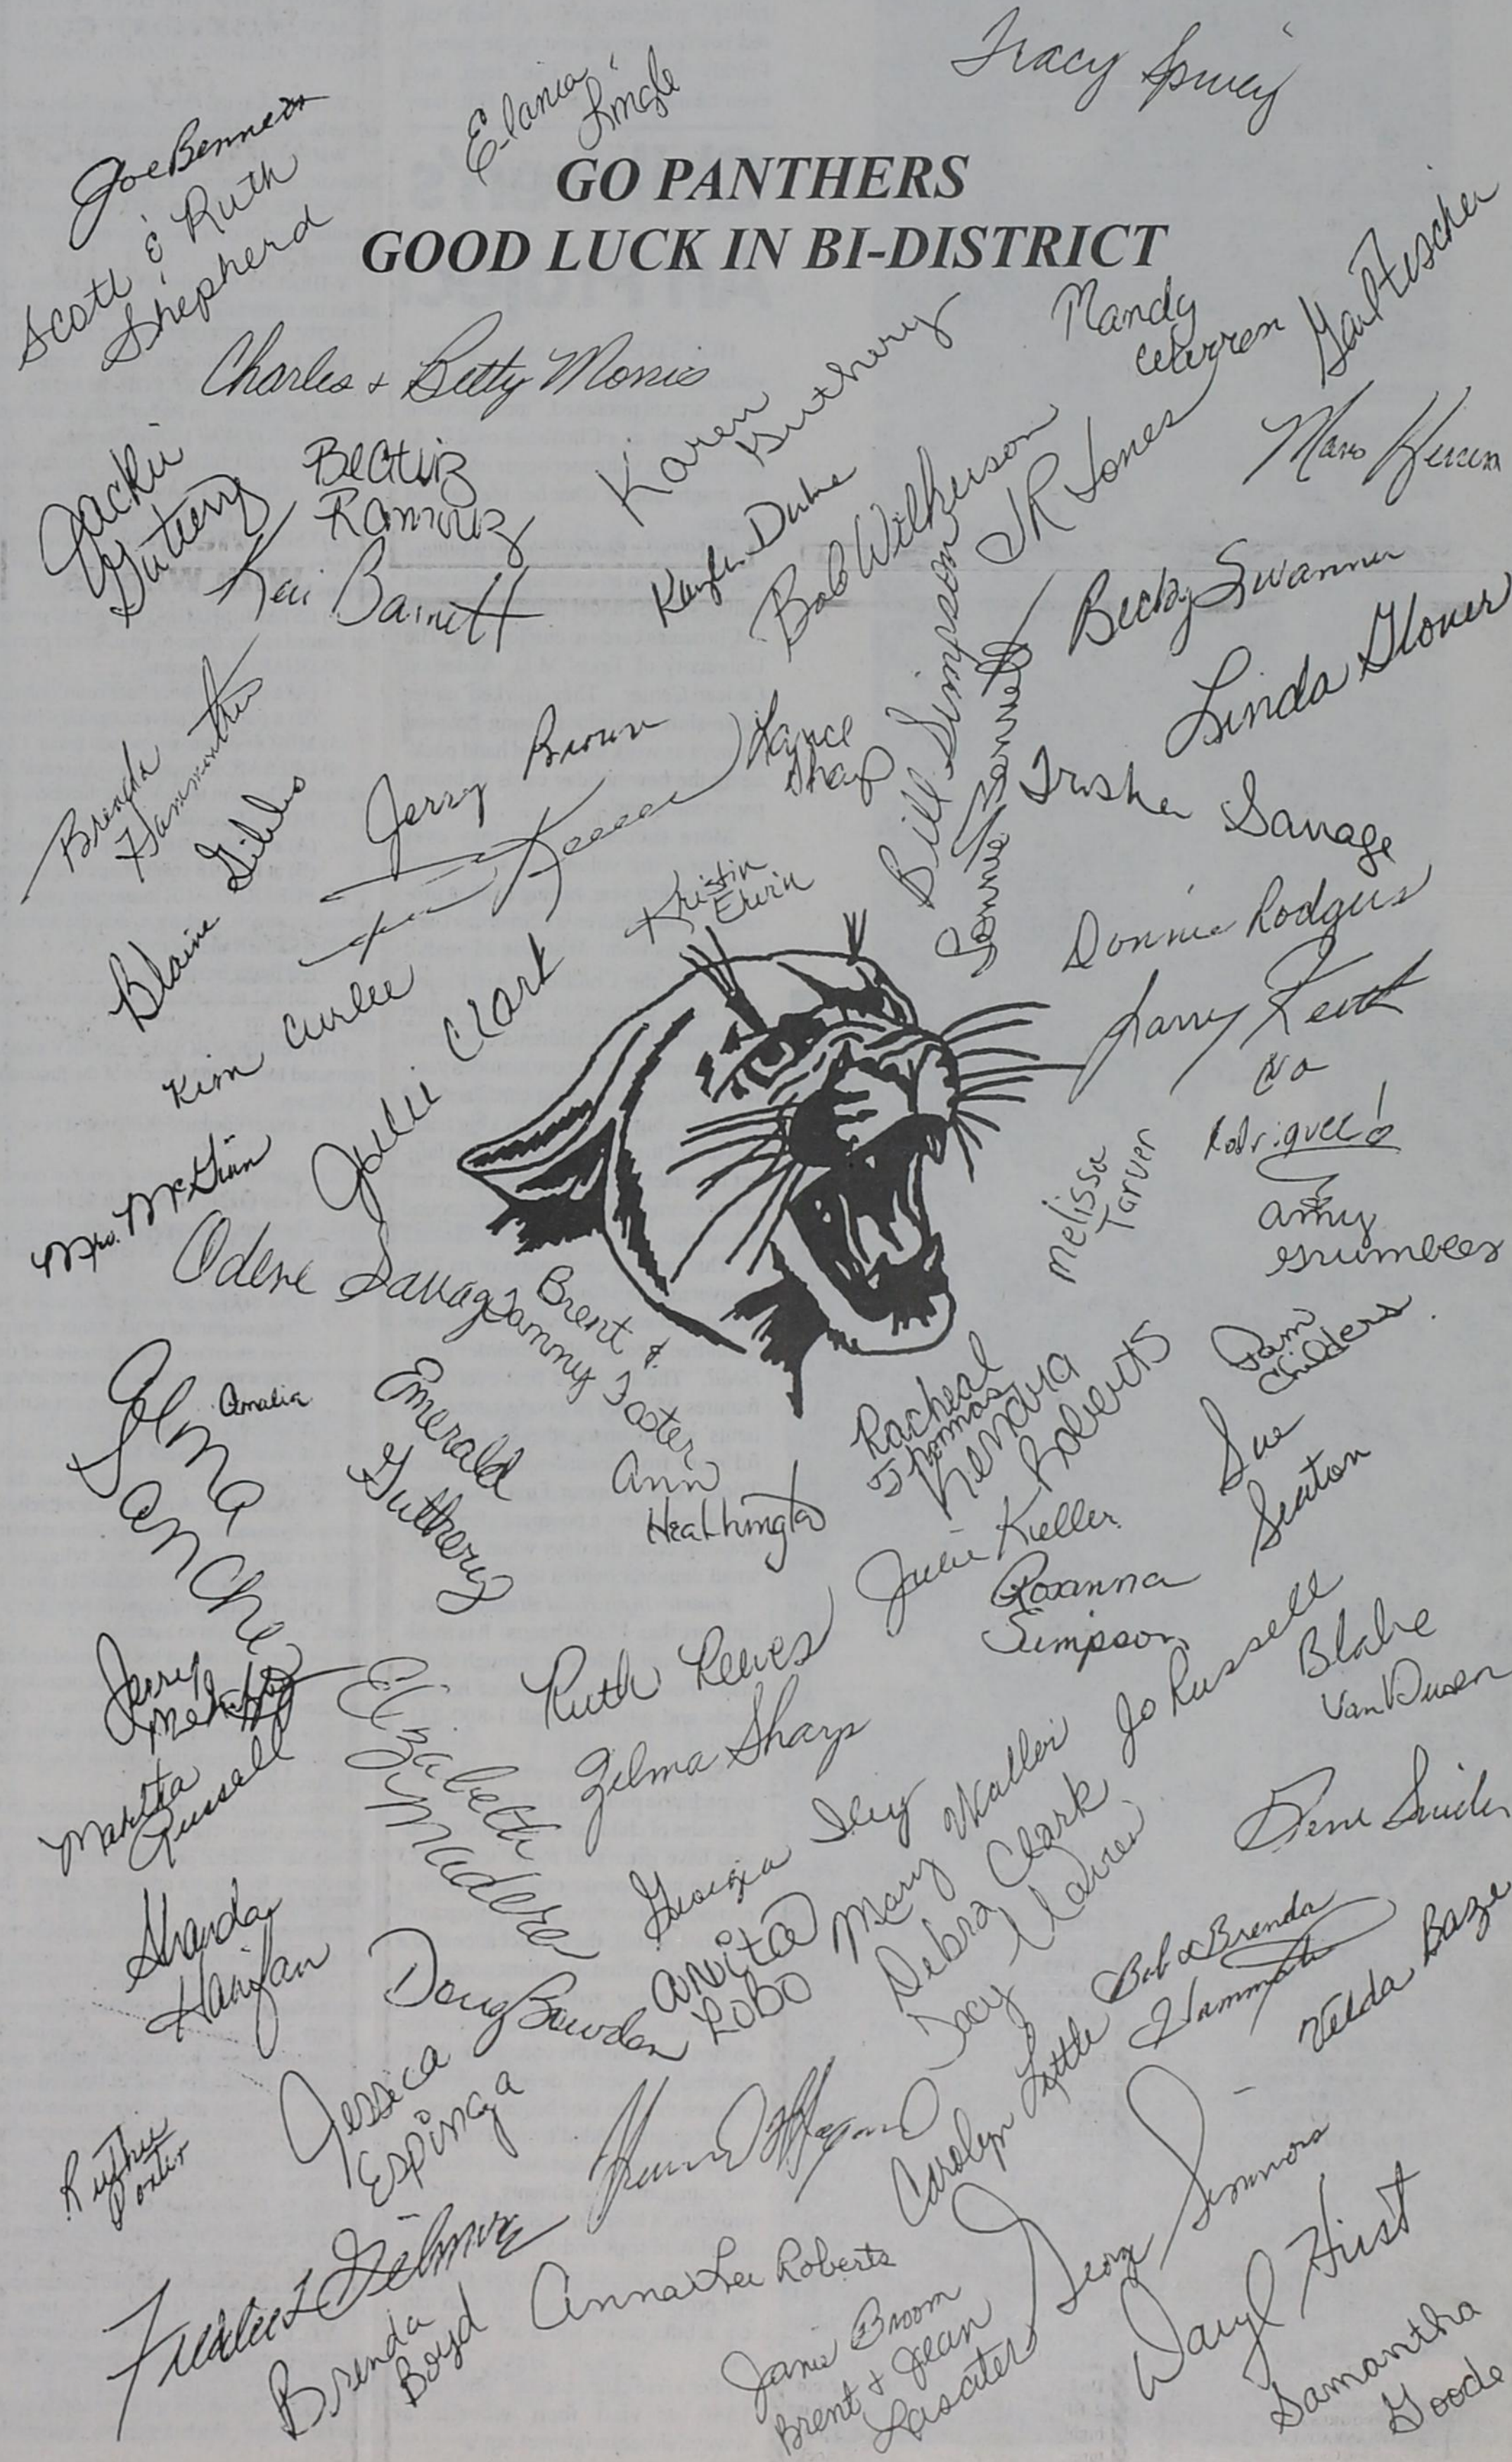

A total of \$2.8 billion is being provided in relief payments to farmers across the country. Although \$3.057 billion was appropriated for the payments, Congress mandated that \$200

million be made available for assistance to dairy farmers. As a result, individual farmers will receive about 49.72 percent of their total FY 1998 PFC payment.

"Farmers don't have to file an application to receive these payments," said Martin. They will be automatically paid to eligible farmers."

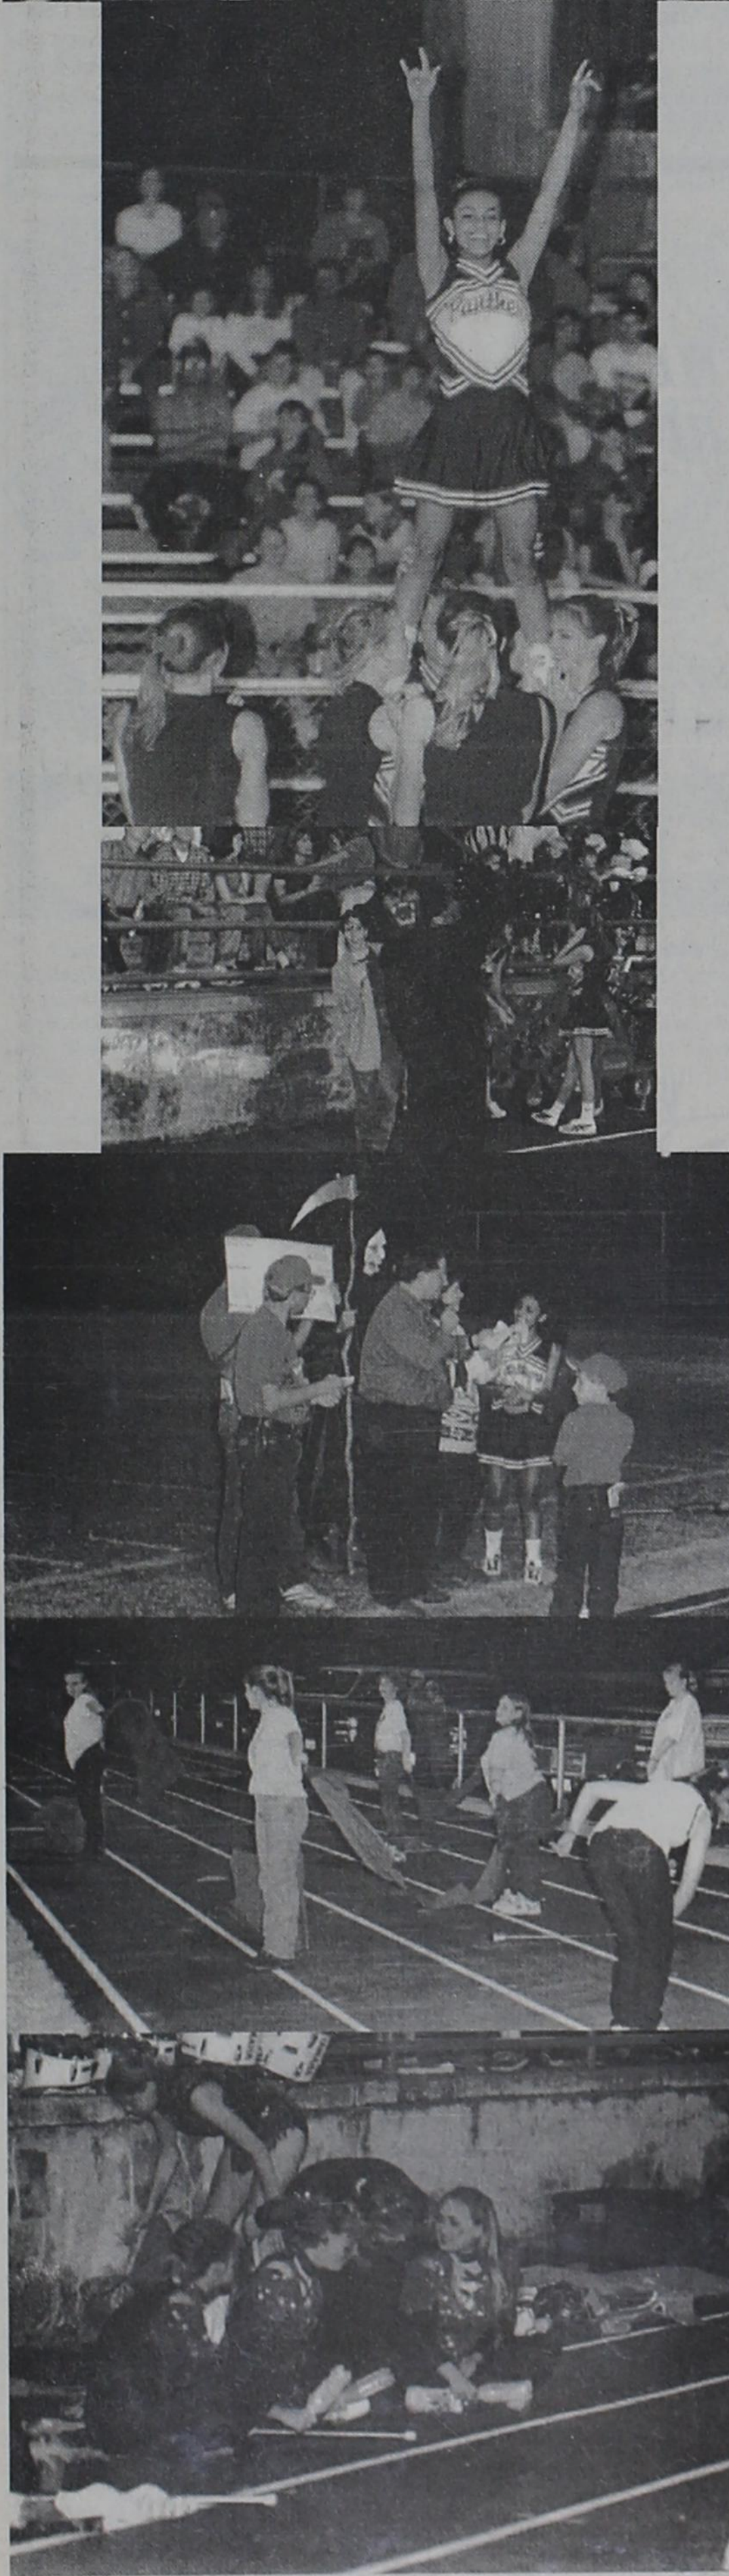

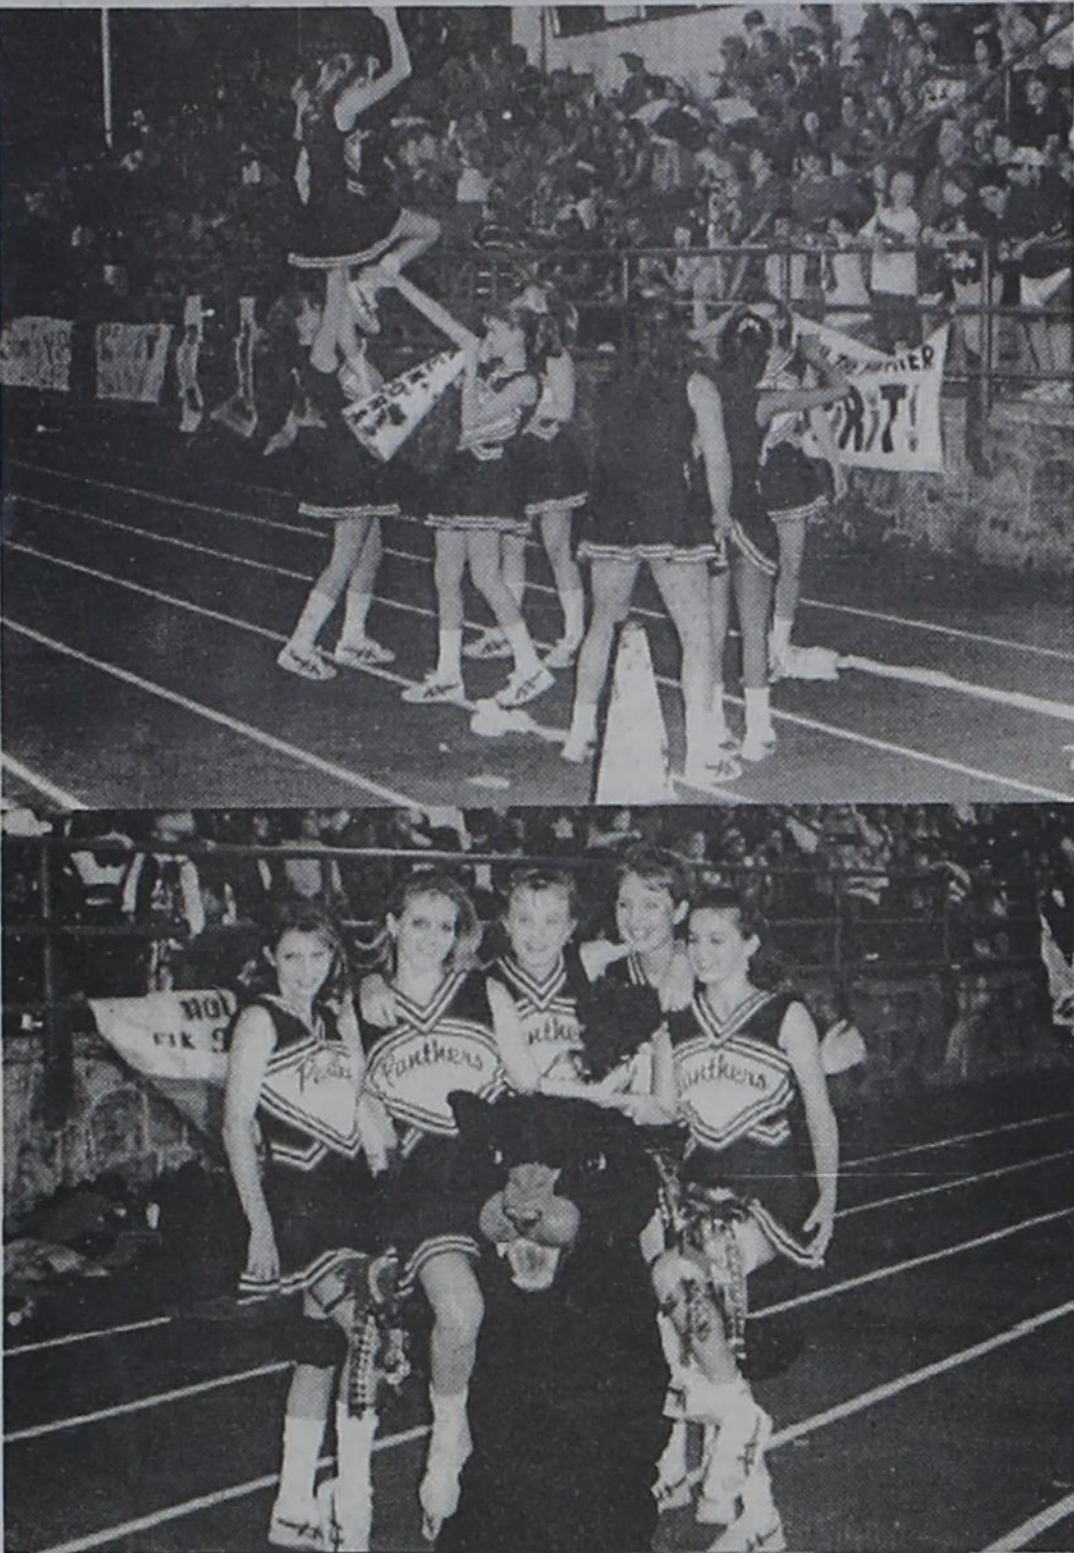

USDA intends to make announcements about other provisions in the relief package, including disaster relief, in the upcoming weeks.

It was in making education not only common to all, but in some sense compulsory to all, that the destiny of the free republics of America was practically settled. —James Russell Lowell

# Scenes From Football Games

## Sharing With Brother Bob

By Bob Beeman

Is the noon meal lunch or dinner? If you answer dinner, when do you eat lunch? Which do you like best, oranges or tangerines? My friends at Heritage Manor say oranges are sweeter, but tangerines peel easier. We were comparing word usage's last Wednesday and talking about fall things we did as kids.

Like rake leaves and burn them, but in a clear area and not close to the house or a fence post (sounded like someone had an accident). Wrapping rags around the water pipes (for those that had a windmill and cistern). Hauling wood. Putting hay in the barn. Peeling pears and apples and drying the slices on top of the house (above where the flies could get to them and where they could get more sun). Making homemade yeast with peach leaves and corn meal.

We moved on to making jelly, and talked about how good the sour Mustang Grapes were for making jelly. While you were picking them, you could try smoking a dried piece of vine (like a cigarette) and burn your tongue. It was too late in the season for wild plums, but not "pie melons." Duh? They were either light or dark green, grew wild along the fence row, and despite their name, were used to make preserves. Help! Were my friends pulling my leg again, like with the mystical "mountain boomer" lizard? If you know, please write or call.

That moved us on to eating "Bull Nettle seeds" (they taste like pecans?). And "Red Halls (or hulls)," what are they? A bush with red berries growing out of the leaves? Prickly Pear buds, I've seen, and even heard they're eatable. But, how

do you fix them? Got a recipe you could send, please?

In closing, I want to thank Emma Isbell, of Irving Texas, for the terrific "Molasses Pie" recipe. It was easy to fix and went over great at the Senior Citizen Wednesday Luncheon. Which brings to mind the question, if you're over 50 (like me), why aren't you bringing a covered dish to the Senior Center on Wednesdays at 11:30 and eating with us? There is always a chance you could get a piece of Estelle Craddock's homemade pie. Till next time, Brother Bob

## Children's Art Project

HOUSTON--It all began when a volunteer observed young cancer patients' art and remarked, "those pictures are as pretty as a Christmas card." At the time, that volunteer never imagined the magnitude of what her idea would inspire.

In 1973, a few volunteer pioneers began work on an exciting new project selling young cancer patients' artwork as Christmas cards to employees at The University of Texas M.D. Anderson Cancer Center. They worked under make-shift conditions, using hospital gurneys as work tables and hand packaging the new holiday cards in brown paper and string.

More successful than they ever imagined, the volunteers sold 9,000 cards that first year, raising \$588 in proceeds. The Children's Christmas Card Project was born. That was 25 years.

Today, the Children's Art Project (the name changed in 1995 to reflect the expansion of Children's Christmas Card Project, which now includes year-round seasonal greeting cards and gift items) is a big business with a big heart. It is one of the country's oldest and largest charitable card projects, and it has set an example for card projects around the world.

This year, in celebration of its 25th anniversary, the Children's Art Project introduced another new heart-warmer, a children's book called *Bunnies in my Head*. The Project's first-ever book features 25 years of young cancer patients' art woven together by a delightful story from award-winning author Tricia Tusa. Former First Lady Barbara Bush offers a poignant afterward, drawing upon the days when her own small daughter battled leukemia.

*Bunnies in my Head* already has stolen more than 15,000 hearts. It is available in retail outlets or through direct mail. For a free catalogue of holiday cards and gift items call 1-800-231-1580.

So many hearts have been captured by pediatric patients at M.D. Anderson that sales of children's Art Project products have generated more than \$10.3 million in proceeds, making possible a myriad of innovative patient programs. Just last spring, the Project allocated a record \$1 million to patient programs.

"But today, with so many of our young patients surviving, our focus has shifted to nurture the youngsters' educational and social development and prepare them to face bright futures."

Programs funded by the Project include summer camps, winter ski trips for young amputee patients, a child life program, a hospital classroom, educational field trips and 53 college scholarships to current and former patients. All programs that make life with cancer a little easier and a lot more normal.
