THE GORMAN PROGRESS, Eastland Co., TEXAS, March 15, 1962

NUMBER THREE

HULLS by Kernel Gene, aPe

"There are two things that we feel the vested interest have not been FAIR about with the people:

1. In the south part of the county they have lowered a "peanut curtain." The people inside the curtain get only half-truth. The only way we can bring the other side of the story to them is via "The Voice of Freedom", KERC, and the United States Mail.

2. The vested interests have not been fair with the facts. They have had four months since the Hayes Report. They have tried to study ways why the Hayes Report would NOT work, not how it could. They could have opinions from Texas Tech, School of Educational Administration, or North Texas State, but they do not want expert outside opinion, because they know the answer will be the same: Consolidation will give better education at less cost with no increased taxes."

Thank you.

Dr. James Whittington

Dr. James Whittington invited Kernel Gene to be his guest at a Rotary dinner in Eastland Monday. Having been a Rotarian I was delighted as Rotary is one of the finest civic organizations in the world, and I also enjoyed visiting with the businessmen in Eastland. However, I was a bit surprised by the above statement which Dr. Whittington handed to me before the meeting. Dr. Whittington had charge of the program and used a large portion of the Hayes Report for his subject, winding up with the statement quoted above.

With due apology to the Rotarians of Eastland and to KERC for I am certain they do not sanction Dr. Whittington using their names in such a statement, I offer the following reply to his remark:

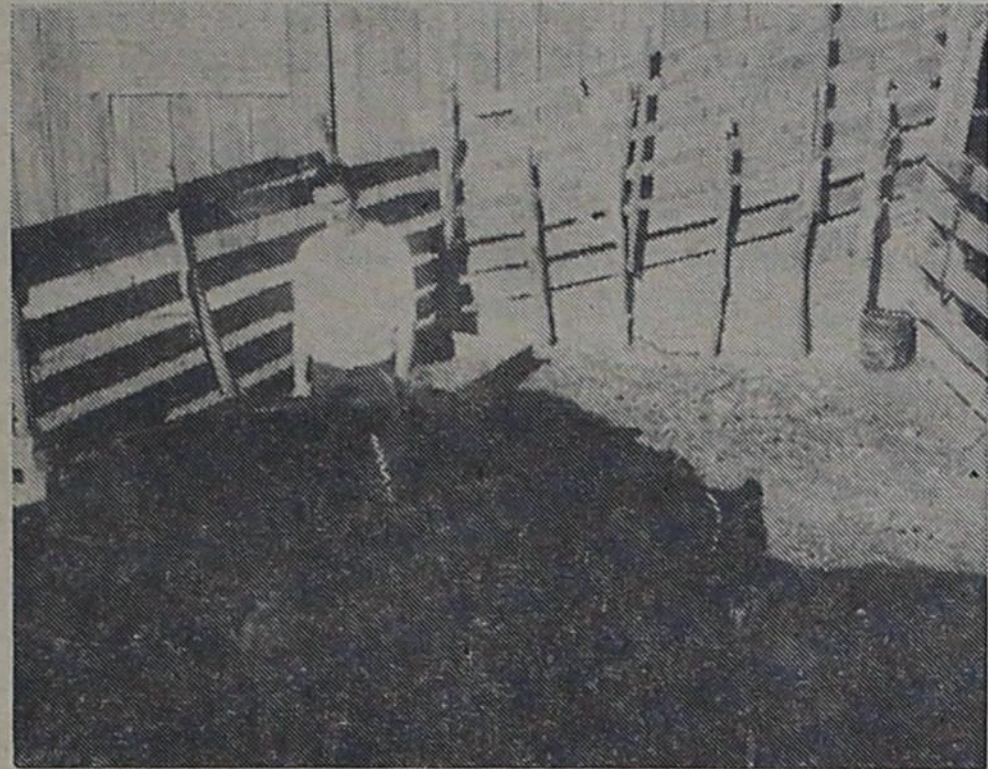

The Progress has published articles and letters sent in for Consolidation.

Dr. Whittington brought an article to the Progress which was published Feb. 8 under a three column head on the front page without charge. However, Dr. Whittington asked that his name not be mentioned and I respected that request. Dr. Whittington sent his first ad to the Progress last week which was published in our special edition and paid for the same as he pays for time on KERC.

As for the vested interests keeping Dr. Whittington out with a "peanut curtain," Mr. John Kimble, a member of the Six District Committee for Better Education,

School Consolidation Election Set Saturday, March 17th ... VOTE

Rodney Stephens Becomes Junior Member Of American Angus Assn.

NEW ANGUS BREEDER — Rodney Stephens, Route 1, Gorman, is shown above with part of his herd of Registered Angus cattle.

Rodney Stephens, 16, Gorman, has been granted a junior membership in the American Angus Association at St. Joseph, Missouri, announces Frank Richards, secretary.

His new junior membership, issued during February, enables

him to register his purebred Angus at regular membership rates and entitles him to the privileges of the Association until he reaches the age of 21. At that time he will be eligible to convert to a lifetime membership in the Association.

Rodney was one of 75 young people in the United States to receive junior memberships last month.

could have used any building in Gorman, including the Progress Library, to have called a meeting to discuss Consolidation.

True, no one interested in keeping our school in Gorman took time to analyze the Hayes Report for the good that was in it. I don't recall the Hayes Report giving any of the statistics presented in the article "Better Education?" published last week which pointed out a few of the assets our school has to offer. Nor did the Hayes Report mention the problem of discipline between a large and small school. Neither did Professor Hayes mention the student from small schools that would NOT be able to participate in the activities of a large school.

And after fifteen years of talking with the people in the so-called south part of the county behind the "peanut curtain," I believe they will resent being told they receive only "half-truths"; especially those who read the Gorman Progress. No person has ever been refused the privilege of publishing a letter in the Progress even if they peel the hide off Kernel Gene with paper and pen.

In the past I have stated my opposition to Consolidation without trying to sway anyone's opinion. However, after the statement by Dr. Whittington Monday, I urge you to give serious consideration to what might happen if we had a Superintendent at the head of a Consolidated School with the same opinion. It could be worse than a "peanut curtain" - it might be, just might mind you - iron!

School Board Rehires Teachers

The Board of Trustees of the Gorman Independent School District, in its March 12th meeting, re-employed all the teachers in the school system of the 1962-63 school term.

The elementary teachers are Mmes. R. O. Buchanan, E. C. Bramlett, John Henderson, J. M. Nix, Luther Wright, and Jim Brewer.

High school teachers are Mrs. Lucille Dukes, Mrs. Rowena Wilson, Mr. Nelson Rand, Coach Bucky Walters, Band Director Alton Roan, Homemaking Instructor Mrs. Nell Rainey, and Agriculture Instructor Mr. E. C. Bramlett.

Superintendent Bob Browder and Principals David Goodwin and Garner Rice, were given contracts in a previous meeting.

FINAL RITES FOR ZO S. COOK HELD TUESDAY

Funeral services for Mr. Zo S. Cook were held at 2:30 p. m. on Tuesday, March 13 at the First Methodist Church with Rev. John Dowd officiating. Burial was in the Gorman Cemetery.

Mr. Cook had been in ill health for several years, but suffered a heart attack early Sunday morning and passed away at his daughter's home, Mrs. Delma Grice, at 8 a. m.

He was born on August 30, 1873 in Wilcox County, Alabama and was married to Miss Ruth Hogan of Carbon, who preceded him in death in 1952.

A retired farmer, Mr. Cook had lived in Gorman for the past 31 years.

Survivors are his six children: Z. W. Cook of Olden, E. H. Cook of Gorman, and Corp. S. M. Cook of Fort Bragg, N. C., Mrs. Zeola Gould of Graham, Mrs. Delma Grice of Gorman, and Mrs. Ruth Blackshear of Ballinger; one sister, Miss Nettie Cook of Waco; 19 grandchildren and 5 great-grandchildren.

Pallbearers were his grandsons: Larry Grice, Stanley Cook, Donald Lee Cook, Alfred Lee Grice, and Charlie Blackshear.

To The People of Eastland County Precinct Two

As most of you know, I have been a resident of Gorman all of my life. I graduated from Gorman High School in 1923 and played on the first football team which we named Panthers.

I am married and have one son, Billy Charles, who also played football for the Panthers, as well as participating in other sports. Billy, wife and three children live at Sweeney, Texas.

I am a member of the Church of Christ. I am also a member of the Masonic Lodge, Business Men's Club and Gorman Community Club.

Upon completion of high school, my first job was on the Desdemona road under Mr. Marvin Hood, who was contractor, and then I worked on a bridge gang out of Breckenridge for Marshall Milam. I was employed for many years for Higginbotham Brothers and Co. in the Hardware Department, Tractor Salesman and General Director. At present, I am engaged in farming and have been for the past six years.

If elected your Commissioner, I will attend the Commissioner's Court regularly and perform the duties of commissioner to the best of my ability. I will work to obtain additional farm-to-market roads for our precinct. I will see that all of the roads are worked and kept in good condition. I will do my best to see that people in need will be taken care of as far as a commissioner can go. I will carry this work on as I would any kind of business, keeping always in mind that I am working for you, the people of this precinct. I will be at your service any time, day or night. Any problems that you might have would be held strictly in confidence.

I will appreciate your consideration and support on May 5.
Charles Underwood

CITY-WIDE SPRING CLEANUP WEEK SCHEDULED MARCH 19-24

The Gorman Volunteer Fire Department is sponsoring a City-Wide Spring Clean-Up Week campaign for the week of March 19 through 24. Each property owner is asked to clean up around his property in an effort to help prevent costly fires.

Things have a way of accumulating in the wintertime. Old magazines, etc. have piled up around the home and Spring Clean-up Week is a fine time to get rid of all this trash. Take a good look at your yard and get rid of the dead vines and plants by adding them to your trash pile for pickup.

Business houses also are asked to participate in the Spring Clean up by getting rid of any fire hazard that might exist.

Let's all work together and make our town a cleaner place in which to live.

SERVICES FOR DR. E. W. JONES HELD MARCH 6

Funeral services for Dr. E. W. Jones, longtime West Texas physician, were held at 10 a. m. on Tuesday, March 6th, in the First Methodist Church of Lubbock. The Rev. Howard Jones, Amarillo, officiated, assisted by the Rev. R. N. Huckabee of First Methodist.

Burial was in Llano Cemetery, Amarillo, after graveside services there at 4 p. m. Tuesday.

Dr. Jones, a resident of Lubbock since 1955, died shortly before 6 p. m. Sunday, March 4, at his home there. He was 70.

The widely known physician had practiced medicine 40 years in Wellington before moving to Lubbock.

A native of Gorman, Dr. Jones was graduated from Baylor University Medical School. He was a past president of the Panhandle District Medical Society and had been vice president of the Texas Medical Assn.

In 1938, he had a hospital built in Wellington which he then presented to the Dominican Sisters.

Although not in active practice in Lubbock, Dr. Jones was a courtesy staff member of both West Texas and Methodist hospitals. Since his retirement in 1955, he had worked with the Veterans Administration, and had been surgeon for Boys' State in Austin each summer.

Dr. Jones was a member of the First Methodist Church, the Lubbock Downtown Rotary Club, the Lubbock-Crosby County Medical Society, the Texas Medical Assn., American Medical Assn., and the Red Raider Club.

Survivors include his widow; a son, Dr. E. K. Jones, Amarillo; a brother, Dr. Calvin Jones of Pampa; four sisters, Mrs. J. A. McCommas and Mrs. Lee C. O'Neil, both of Lubbock, Mrs. C. R. Wood, Paducah, and Mrs. Marvin Nix, Gorman; and two grandchildren.

Nephews served as pallbearers.

Pvt. Jimmy Wilson of White Sands, N. M. is visiting his grandparents, Mr. and Mrs. Henry Hicks.

All persons interested in the welfare of agriculture are cordially invited to attend this meeting. Pending legislation of vital importance to all persons whose livelihood is related to agriculture will be discussed.

Mrs. Fairbetter Hosts Excelsior Club Meeting

The Excelsior Club met in the home of Mrs. M. H. Fairbetter on Tuesday, March 13. The meeting opened with a prayer by the hostess.

A short business meeting was held. Mrs. Sutton gave a report on the Tea held in Cisco. Mrs. George Blackwell, Ed Wyatt and Martha Sutton attended.

Finland was the program topic for the evening. Mrs. George Blackwell discussed the government of Finland and Mrs. Walter Steele gave a talk on the people and work. Mrs. Fairbetter talked about the land and resources.

Milton Fairbetter Jr. entertained the group of ladies with two numbers of Accordion music.

Refreshments were served by the hostess to Mmes. O. T. Shell, Martha Sutton, Lawrence Elson, Fanny Burkett, Loma McKnight, Ed Wyatt, George Blackwell, Walter Steele, J. W. Townsend, and Gene Baker.

The Club meets next with Mrs. O. T. Shell on March 27th.

JOHN SUTTONS TAKE OVER STAR-TELEGRAM AGENCY

The John Suttons have taken over the Fort Worth Star-Telegram Agency and routes in Gorman.

Mack Sutton has been helping Mrs. Barney Stephens with the city route for some time, and due to ill health Mrs. Stephens is retiring.

The Stephens family have been the agents for the Gorman area for many years.

Farm Bureau Meet Held In Gorman

A large group of Eastland County Farm Bureau members and guests met in the Fire Hall in Gorman Friday night, March 9.

They enjoyed music by the Gorman High School Stage Band, directed by Mr. Alton Roan. Miss Mari Shell served as master of ceremonies for the band. Gorman people are justly proud of this fine band.

Directors from over the county were recognized and a short business session was held. President Joe Bob Browning reminded the members that this was "National Peanut Week" and urged everyone to use as many of our peanut products as possible.

Mr. Browning introduced all political candidates in attendance and stated that Eastland County Farm Bureau does not endorse any candidate but urged each voter to make up their own mind as to which candidate would do the best possible job.

Mr. J. D. Jordan of Mason spoke on the Farm Program that the American Farm Bureau is working on in Washington and on world affairs that directly affect our welfare.

A String Band, consisting of Mrs. Aletha Burgess, Mr. Loyd Glasson and Loyd Wayne Glasson played many numbers that were enjoyed by all.

Cookies, coffee and cold drinks were served.

OFFICERS AND DIRECTORS OF THE GORMAN COMMUNITY CLUB — Seated (l to r) Othell "Speedy" Clark, Vice President; W. C. Browning, Director; Joe Bennett, Secy-Treas.; Geo. L. "Bud" Smith, President. Standing: Jimmy Campbell, James Miears, Graydon Baze, and E. G. Henderson, Directors.

The Club has set their meeting date for the Fourth Monday of month at 7 p. m. at the Fire Hall in Gorman. Next meeting will be held on Monday night, March 26.

The Case Against Consolidation

1. Q - What are we voting on?

A - Nobody knows - The ballot reads only For or Against Consolidation. If you vote yes, you are in effect signing a blank check for board representation, local taxes, building costs and other items.

2. Q - Where would the proposed new school be located?

A - Nobody can say - this would be left up to a new school board.

3. Q - Would Gorman be represented on the new school board?

A - Only for the first few months - after that the board members could and probably would be from the heavily populated areas of the county.

4. Q - Would we be allowed to keep our elementary school?

A - In all probability due to the loss of \$116,000 per year in operating funds of the 6 districts, the elementary schools would be consolidated within a year or two. This could be decided by the new board.

5. Q - Will our taxes be increased under consolidation?

A - According to conservative estimates an additional \$991,646 would have to be raised by local taxes the next 10 years if we consolidate.

6. Q - Are Gorman High graduates prepared for college work now?

A - A local study recently completed shows that 64% of the more recent graduates are maintaining at least a "B" average in college at the present time.

7. Q - What effect will consolidation have upon local property values?

A - History has proved that property values decrease when a town loses its school, especially if distance is a factor as it would be in our case.

8. Q - Will the new school be integrated with respect to white and colored pupils?

A - We will either have to integrate or build separate facilities of equal quality for the Negro pupils.

9. Q - Will all the students who are currently participating in band, athletics and other activities be permitted to do so in the new school?

A - No, only a relatively small percentage of these students would be able to participate in the new school.

10. Q - What about transportation to the new school?

A - Experienced school people readily admit that this would be a problem next to impossible.

11. Q - How will students practicing athletics and band activities get home after school and after out-of-town trips late at night?

A - This would have to be done by individual arrangements as no state transportation money would be available for this.

12. Q - Can Gorman High graduates enter any college of their choice?

A - Our graduates have through the years entered and graduated from leading colleges and universities in the state. Currently our graduates are enrolled in colleges throughout the state. Most of them are compiling creditable records. Poor students in high school rarely can be expected to pass college work.

13. Q - Is our high school currently offering more courses than are required for graduation by the Texas Education Agency?

A - The latest research bulletin from the Texas Education Agency lists only 11 subject matter fields necessary for a good high school. At the present time Gorman High School offers 17 subject matter fields.

14. Q - Briefly, what is incentive aid?

A - Actually, it is the salaries of the teachers and administrators in our communities who will lose their jobs under the plan. It amounts to approximately \$116,316.00 a year and the State will continue to pay it to the district for 10 years ONLY and it can be used only to pay off existing indebtedness or build new buildings. **It is money we are getting and using effectively right now.**

15. Q - Do any of the experienced school administrators in the county favor consolidation?

A - No, none of the school administrators responsible for running our schools favor consolidation of the 6 districts.

16. Q - Whose idea is behind this?

A - Apparently one person has attempted to force this idea upon the people of Eastland County.

17. Q - Who can vote?

A - Anyone who has paid a poll tax or otherwise is a qualified voter. And **everyone** is urged to vote. Votes must be cast in the district of residence.

18. Q - Will this election decide this issue permanently?

A - If this issue can be soundly defeated, it should be expected that future efforts to consolidate would be discouraged.

19. Q - What happens if we vote to consolidate and then fail to pass a bond issue for constructing a new building?

A - We keep voting till it passes or perhaps we move into Eastland High School which could, we understand, accommodate the new school.

20. Q - The proponents of consolidation argue that a vote against consolidation is a vote against progress. Is this true?

A - A vote to maintain our present adequate school system and prevent additional local taxes of \$991,646 the next 10 years is not a vote against progress. Progress can best be made where dollars go further and every effort is made to improve our educational process at the local level in our own community.

21. Q - Will a new 3A high school located at Lake Leon attract additional industry to Gorman?

A - Would a 3A school attract more industry than a high tax rate would drive away?

F. H. A. News

The Gorman Chapter of the Future Homemakers of America held their regular monthly meeting March 13th, 1962 at 6:30 p. m. at the Homemaking Cottage.

Patricia Harrison, president, presided.

Joyce Burgess called the roll and read the minutes of the last meeting due to the absence of Mari Shell, Secretary.

The FHA Prayer Song was led by Joy Love.

Sylvia Hendricks gave the devotional, "Improving Our Relationships With Others."

Using examples taken from the life of Helen Keller, there are four basic principles to observe:

The first is Reverence for Life. Through this we learn to respect others and gain self respect.

Second, is Appreciate Understanding, which is another way of stating the Golden Rule.

Third, is to train or Educate Our God Given Talents. The world waits for educated minds, educated hearts, and educated bodies.

The Fourth principle, Being Responsible For Life Fulfillment. These principles are basic qualities in marriage, the home, and Democracy.

The representation that attended the Area 4 FHA meeting gave a report of the program.

The Closing Ritual was given by the group.

Refreshments were prepared by Kim Hailey and Carol Eison.

Community

The Gorman Community 4-H Club held their regular monthly meeting on Monday, March 12 at 7:30 p. m. in the Fire Hall at Gorman.

President Joy Love called the meeting to order. Robert Whitt lead the group in repeating the 4-H Club Motto, Pledge, and Prayer. Glenda Jordan called the roll. Those present were Diane Dunn, Glenda Jordan, Teddy Jordan, Mary Kirk, Joy Love, Loresta Love, Elizabeth Parr, Kathy Parr, Margaret Porter, John Shell, Billy Taylor, Robert Whitt, Barbara Williams, Bobby Williams and Sara Jo Wright.

Others attending were Mrs. Rooney Williams, Mrs. Bill Parr, Mrs. Melva Love, Mrs. Fred Eaves, Mrs. Glenn Jordan, Mrs. Gabe Wright and Randy and Mrs. Albert Taylor.

Joy and Loresta Love presented the program. They gave a dairy foods demonstration. They prepared a tasty dairy treat, Lemon Cheesecake. Joy and Loresta won first place in the senior division in the elimination contest in Eastland on Saturday, March 10. They will enter the district contest to be held in Stephenville later this Spring.

During the business session of the meeting plans for the concession stand at the Livestock Show at Eastland and the 4-H float in the parade were discussed.

Refreshments of the Lemon Cheesecake, cookies and punch were served to all attending.

4th Grade News

Jackie Lawson - Alicia Dunn & Teddy Jordan

In our weekly Health Inspection the Appaloosas won over the Palaminoes. This will end our contest in our Health Study.

We had our Unit Test in Reading last week. Most of us made a pretty good grade. The ones who made the highest grades in the Large Book were: Teddy Jordan and Jackie Lawson with a tie grade of 91. In the Red Book, Barbara Williams and Gary Burgess made the two highest grades.

We had 13 on our Spelling Honor Roll. Mrs. Nix was really proud of this. Alicia Dunn got the pass to the King Theatre for the highest weekly average of her grades.

Mrs. Nix came back to school Friday from Lubbock and we surprised her with many pretty gifts. She really appreciated our kindness.

We visited the Gorman Peanut Co. on Monday. Mr. Ben R. Townley was our guide. It was very interesting and we asked many questions, and learned a lot. We enjoyed the refreshments and thank the Gorman Peanut Co. for letting us visit them.

We know our town depends on peanuts and we want to know more about them.

We are studying more about peanuts, and are making peanut books. In our peanut books we are putting names of things made from peanuts, the different names of peanuts, and about where they first came from.

COOK CLEAN THE FLAMELESS ELECTRIC WAY WITH HEAT AS CLEAN AS ELECTRIC LIGHT

Most homemakers will admit they have a hard enough job cleaning the inside of cooking utensils. Scouring fuel grime from outer surfaces, too, just adds unnecessarily to kitchen chores. But clean, flameless, electric heat is free from by-products of combustion that smudge and soil utensils. Pots and pans, walls and curtains, and the range itself, stay cleaner. You'll be surprised how much time you'll save for other household activities when you cook the clean, flameless electric way. See your electric appliance dealer today.

Edgar R. Yarbrough Operates Drug Store In Carbon For 53 Years

If you ever stop over in Carbon to visit the only Drug Store in town, the one to greet you will be Mr. Edgar R. Yarbrough, well known Druggist, who has been in the Drug Store business in Carbon for 53 years. Many know him for the many kind deeds he has done, others for the interest he has shown for his "hometown", some for his ability to laugh, which is among many of his well known traits.

He came to Carbon in 1909 and took possession of a Drug Store on March 1st. In 1913 he bought out another store and consolidated the two into the Carbon Drug Company. Prior to that time, as a farmer boy, he had bought a Drug Store in Marquez, Leon County, Texas, where he was engaged in the business for 3 or 4 years. In those days after a person had had a considerable amount of experience as a druggist, he was allowed to take a local Examination to become a Pharmacist. After studying hard, he took the Examination and became a qualified Pharmacist.

When Mr. Yarbrough came to Carbon the population was 800. The town boasted 3 cotton gins, 2 banks, 2 lumber yards and several

other business places, that made Carbon quite a thriving little town. He has seen many things come and go during his lifetime at Carbon, such as the gins, banks, lumber yards, peanut mill and rock crusher.

At any and all hours you might see him opening up the store to get medicine for a sick child or a sick cow. He has been a wonderful source of reliance, whom the people of Carbon have learned to appreciate and love.

For many years Dr. T. G. Jackson's office was next door to the Carbon Drug Store and it always made the visit to the Doctor's office pretty nice, knowing that after receiving the necessary medical attention, Mr. Yarbrough would be waiting with an ice cream cone, which always soothed the "pain" or "shot."

He is a member of the Carbon Baptist Church. Mr. Yarbrough lives alone and looks forward to visits from his daughter, Blanche, who teaches school in Odessa. He is a member of the Masonic Lodge and still takes an active part.

One of the things he points to with pride is the Certificate of Achievement presented to him by the Texas State Board of Phar-

macy for 50 years continuous service as a Druggist. This is a rare honor and one that is so richly deserved.

He decided to retire about 8 years ago, but found it was too monotonous, so he just decided to keep the Drug Store open.

Consolidation Discussion Held Here Tuesday

Some 60 persons attended the meeting Tuesday night in the High School Auditorium for discussions concerning school consolidation.

Speaking for keeping our schools in Gorman were Mr. W. G. Kirk, Superintendent of schools Mr. Bob Browder, and Dr. W. M. Brogdon.

Mr. Browder gave scholastic statistics on our school system and students, and according to the tests given the graduating seniors by the California Achievement testing board, they rated on an average of the 1000 schools taking the same tests.

Students named for outstanding achievements last year were Mrs. Gerry Rodgers for placing second in typing and shorthand with a grade of 99.6 in the Class B State Finals in Austin. Carol Hatcher won third place in typing and shorthand.

Those receiving State Degrees of Achievement in FHA were Carol Hatcher, Janice Day and Gretchen Hailey.

Jackie Don Simpson received the State Farmer of the Year Award.

Our teaching staff have an average of 56% holding masters degrees and the national average in 21%.

Mr. Nelson Rand has received Government Grants and has attended summer school for the past three years, giving him 27 College hours credit in science. Only 16% of the applicants taking the tests were chosen, and Gorman is fortunate to have such a capable teacher in the science department. Mr. Browder also stated that Physics would be offered next year.

A question and answer period was held at the close of the talks.

Visitors from Eastland were Mr. and Mrs. Wendell Seibert and Dr. Fehrman H. Lund.

CARD OF THANKS

I want to thank all the people who visited me while I was in the hospital and all who sent cards and letters and the doctors and

nurses who were so nice to me and to all the hospital force.

May God bless you all.

New Symbols Are Featured On 1962 Official Hwy. Map

AUSTIN—The pioneering Texas Highway Department - originator of a proposal to standardize symbols on state maps for easier understanding by motorists -- features some of the new symbols on its 1962 Official Highway Travel Map.

A four-color beauty with "See Texas" as its theme, the new map you to vote, and then take you back home.

The day of the election is Saturday, March 17, so if you will call anytime from now until then, we will be glad to help.

is now available free to the public.

In 1956, Texas recommended that a standard set of symbols be adopted for use on all state maps -- to make the maps easier to read for motorists crossing from one state to another. This proposal was eventually adopted by the American Association of State Highway Officials and within the next few years all official state highway maps will be using these accepted standard symbols. When this standardization is effected, none of the road symbols should be "foreign" to a motorist traveling anywhere in the United States -- provided the map he consults utilizes AASHO symbols.

Such uniform symbols will make the nation's travel maps easier to read and understand -- whether in New York or New Mexico, South Dakota or South Carolina. A quick look at the standard symbols, and the motorist immediately knows what type of highways are available in a given area, as well as many types of other special travel information required by the modern motorist.

Texas State Highway officials said they plan to adopt all the AASHO highway symbols when the basic travel map is rescribed. They said the basic map probably will be completely redrawn within the next two years.

Chances are the Lone Star State will be the first of the Forty and Ten whose highway department turns out a travel map in incorporating all the AASHO symbols.

Use of the AASHO symbols indicating the network of Interstate, U. S. and State highways, and Farm to Market roads in Texas keynotes the major changes in the latest edition of the popular travel map.

On the new map, U. S. highways and Farm to Market roads -- both formerly indicated in black -- are now shown in a red band and a blue band respectively. Shields for U. S. highways remain red; but Farm to Market road shields, which were black, now are "boxes" in blue, too.

Officials of the Texas Highway Department said that markings for the State highways will remain a black band. Also, Interstate Highways will retain their two narrow black bands with a red center. This is the standard symbol for showing the Interstate Highway System.

Multilane-divided highway miles now completed and shown on the new map total 2,131 miles. They include the finished sections of the seven National Systems of Interstate and Defense Highways throughout Texas.

This year's map has more than

Coastal Bermuda Steadily Spreading Popularity In Area

Coastal bermuda appears to be steadily spreading its stolons westward. From all indications it will become a major crop here in the peanut country within a very short period. For example some 70 to 80

698 Farm to Market and Ranch to Market road miles added. Approximately 20,848 miles of the state's more than 33,000-mile Farm to Market road system now under maintenance are shown on the map. So are the 26,921 miles of Interstate, U. S. and State Highways.

The 1962 map has a map-on-a-map feature on its colorful reverse side. This is a caricature map that plays up "Things to Do" . . . Places to Go . . . Things to See . . . in TEXAS!

A section underneath the caricature map tells about the vacation activities in Texas that are "as varied as the landscape of the Lone Star State itself." In another section, entitled "Good Highways: A Texas Tradition," the map reader is told about the state's "vast 62,000-mile highway network which offers the maximum in safety, comfort, and convenience for all types of motor travel.

Texas -- in all its panoramic grandeur -- is illustrated in eleven full-color photographs of scenes the motorists may view from his car window as he travels on the more than 62,000 miles of the Texas Highway System "engineered for safety, comfort, and pleasure." These pictures were selected to get a geographical cross section of the Lone Star State, and they depict the different types of highways and special traffic facilities offered motorists by the Texas Highway Department.

The 1962 map plots 1,828 cities and towns. It also features 12 insets, which are not city maps but maps showing the major routes in the state's dozen largest cities.

Free copies of the new Texas motoring map may be obtained by writing the Texas Highway Department, P. O. Box 5064, Austin. The map also is available at the 25 highway district offices and eight Tourist Bureaus throughout the state. County tax offices have map cards for requesting copies of the map.

Distribution of the 1962 Official Highway Travel Map is estimated at 750,000 copies, but demand for this motorist's must might push the estimate near the million mark

acres was planted on six farms in the Flatwood Community south of Eastland recently. Probably over 300 acres will be planted in the Eastland - Gorman - Desdemona area this spring.

Coastal bermuda is a robust, tall growing, hybrid variety of bermuda grass which was developed in Georgia several years ago. It has larger stems, stolons, rhizomes, and no longer internodes, than common bermuda. It is much leafier and somewhat more resistant to cold than common varieties of bermuda.

Like purebred livestock Coastal has the ability for high production when given good care. It is a remarkable plant for responding to high fertility levels. Heavy fertilization seems to be the key to successful Coastal culture. Most growers in this general area find they need about 100 lbs. of a balanced fertilizer applied when the grass is planted and then 200 to 300 lbs. of 30-0-0 applied as top dressing each growing season.

The history of Coastal goes back to 1929 when a robust tall growing bermuda plant was discovered in a Georgia cotton field. This plant was increased by the Georgia Coastal Plains Experiment Station at Tifton, Ga. and given the name of Tift Bermuda. In following years, as Tift became popular in Georgia and Florida, it was crossed with several varieties of common bermuda and with a bermuda variety brought from Africa.

From these crossing over 5000 different individual plants were grown and observed. Of these 147 selections were made for further testing. The blue ribbon winner of these 147 strains was named Coastal Bermuda. From a 3-acre planting made in 1943 which was released to the public in 1944 Coastal has spread throughout the South. It has been at least partially responsible for the revolution in agriculture which has occurred throughout the cotton belt. The pasturage of well bred cattle on this high bred grass has made a remarkably profitable cash crop to replace King Cotton.

To encourage further trials of Coastal Bermuda within Eastland County the County A. C. P. Committee has included Coastal planting as a cost sharing practice for 1962. To furnish further assistance in this effort the Upper Leon Soil Conservation District purchased an automatic bermuda sprigging machine for cooperators use in this area. In addition several contractors from adjoining counties are doing custom sprigging.

While only time will tell Coastal Bermuda seems to be well on its way to replace peanuts in this area just as it is replacing cotton in so many areas of the the Deep South.

County Unit Board Of Cancer Society Meet In Eastland

The County Unit Board of the American Cancer Society met on Thursday night, March 8, at 7:30 p. m. in the Texas Electric Conference Room in Eastland, to discuss and make plans for the Cancer Crusade which will be held in April. Sam Kimmell, President of the county unit board, presided over the meeting, with 18 board members being present.

Mrs. Ernest Schaefer, Eastland County service chairman, reported that 10 groups in the county were making dressings for cancer patients, and within these groups there were 78 volunteers donating their time. A total of 4,320 dressings were made this past year, with 396 of the dressings being sent to Austin.

There were 23 patients in the county receiving dressings. Mrs. Schaefer also stated that the cancer society is always on the lookout for new patients to serve without any charge to the patients.

Chester A. Duncan Buried In Missouri

Funeral services for Chester A. Duncan of Eldorado Springs, Mo., were held on March 7 in the Alder Baptist Church with Rev. Arthur Wynes officiating. Burial was in Alder Cemetery.

Mr. Duncan passed away March 4 in the Veterans Hospital in Kansas City, Mo.

Son of the late Mr. and Mrs. J. T. Duncan of Gorman, he was born on July 20, 1910 in Carbon and attended Carbon Schools. He operated a barber shop in Carbon before World War II, and for a short time after the war.

He was married to Mrs. Lena Little in Plottsmouth, Neb. on December 8, 1956.

A World War II veteran, the services were under the auspices of World War One veterans and their wives.

Survivors are his wife, three step-sons, Raymond and Jim of Whittier, Calif., and Fred of the Armed Forces in Germany; three step daughters, Mrs. Albert Spence of Eldorado Springs, Mo., Mrs. Earl Ball of Humanville, Mo., and Mrs. Dorothy Turner of Council Bluffs, Iowa; two brothers, Travis of Abilene and Homer Duncan of Eastland; three sisters, Mrs. E. F. Bender, Cisco, Mrs. Wayne Clements, Dalhart, and Mrs. Esta Lee Meeks of Amarillo; and also 15 grandchildren.

CARD OF THANKS

We wish to express our heartfelt thanks for the many kind expressions of sympathy extended to us at the death of our brother.

The lovely cards, flowers, memorials, telegrams, and telephone calls were truly appreciated.

Mr. and Mrs. Marvin Nix

why?

If you were a professional used truck
buyer, why would you pay more for
one make than another?

There may be several reasons, but
among them would be:

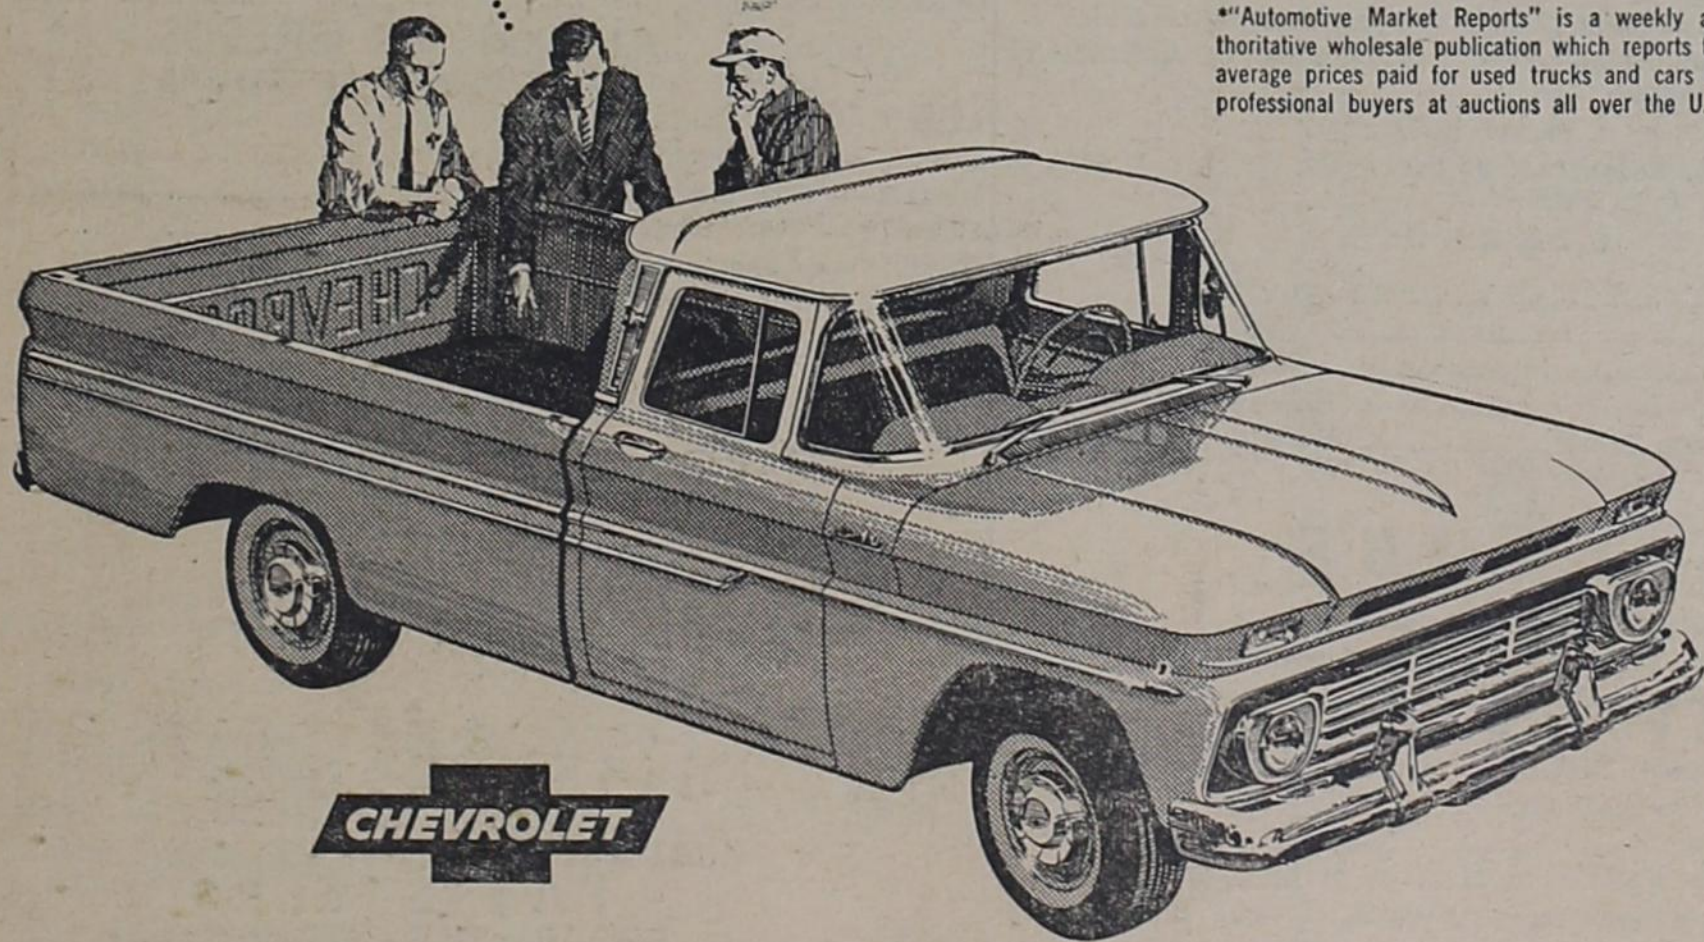

1. A greater demand for the product

2. A more desirable product for resale

So if used Chevrolet trucks consistently bring higher prices at auctions all over the country, it means that their quality features pay off for you not only as long as you own them but also when you are ready to trade them—double-wall cabs, doors and side panels, roof insulation, select wood floors, reliable and economical engines, real rugged tailgates, a suspension system that helps prolong truck life.

- No animals may be removed from the show until 4:00 P. M. on Saturday, March 31, except sick or injured animals which must be taken out immediately and non-saleable animals which can be removed at 3 P. M. Any-one taking animals out before release will be barred from future shows and all prize money will be forfeited.
- Judges decision will be final.
- The Eastland County Livestock Raisers Association shall not be liable for injury, theft, or loss of animal.
- The Eastland County Livestock Raisers Association shall not be liable in any manner for injury, and/or accident to any person at or during the show, either exhibitor or spectator.
- All exhibitors are expected to keep their part of the aisles clean and neat at all times.
- All animals in the breeding classes must be representative of their breed but do not need to be either purebred or registered.
- All breeding classes are open to both adults and juniors. Juniors are defined to mean either FFA or 4-H Club members of Eastland or adjoining counties. All FFA and 4-H Club members must be enrolled in a public school to be eligible to show.
- The fat animal division is open only to Juniors.
- In classes with less than three entries the judge will decide what place money the animal will receive.
- The superintendent and assistant superintendent of each division is responsible only for his particular division.

GENERAL RULES AND REGULATIONS (PLEASE READ CAREFULLY)

- Entries are limited to two animals per class in both breeding and fat divisions except for chapter or 4-H Club. A chapter or club can show 5 animals. Each Junior Exhibitor is limited to 2 fat steers, 2 fat pigs and 2 fat lambs.
- No fat animals may be shown in a breeding class.
- Any boy or girl showing animals in the breeding classes must have owned animals by February 15, 1962. Must have owned all animals in the fat animal division by January 1, 1962.
- All breeding classes of livestock of adults will compete for ribbons only. Only the FFA and 4-H Club Boys and Girls will receive any cash premiums.
- All entries of breeding and fat animals of FFA and 4-H Club Boys and Girls must be turned in to the general superintendent by Feb. 15, 1962.
- All animals will be sifted that are not of the quality or finish to merit showing.
- The calf must be off its nurse cow by November 1, 1961, before it will be eligible for the show.
- Entry fees of 50 cents each for sheep, lambs, goats and hogs and \$1.00 for each cow and calf will be charged each exhibitor, either adult or junior. Entry fees are payable at time the animal arrives at the show but may be paid prior to this time.

SPECIAL AUCTION SALE RULES

- Only the two top grades of fat barrows and lambs will sell.
- Each exhibitor may only sell at Eastland, 1 lamb, 1 steer and 1 barrow at premium prices.
- The Eastland County Livestock Raisers Assn. will furnish a market for all fat animals that do not qualify to sell at the Show Stock Sale.
- FFA Chapters and 4-H Clubs will be eligible to sell only 3 pigs, 3 lambs and 2 steers.
- Yearling classes of sheep may show and get the same prize money as in 1961, but these animals cannot sell at the special auction sale in Eastland.

DAIRY CATTLE

L. J. WILLIAMSON, Superintendent

Animals of different breeds will show together.

Only the Junior (4-H Club and FFA Members) will receive awards.

KOKOMO NEWS

By MRS. GLENN JORDAN

The Sophomore Class of Gorman High School had a class meeting and party in the home of Sylvia Hendricks on Monday at 7 p. m. After a business meeting the group enjoyed refreshments of cookies, potato chips and cold drinks. Those attending were Pat Harrison, Linda Whitlock, Beth Rhymes, Mari Shell, Odine Eaves, Barbara Jobe, Sue Huff, Sylvia Hendricks, Richard Watson, Terry Clark, Glenn Warren, Larry Kirk, Dickie Eaves, Roy Johnson, Vicky Stacy and Bobby Rodgers.

The weather does all kinds of tricks, doesn't it? We had a terrible sand storm here on Sunday and today, Wednesday, we are getting quite a bit of snow. The snow will leave moisture that the farmers need at this time of year.

Mr. John W. Henderson visited in Cleburne on Tuesday with Mr. and Mrs. Leslie Ball and Mrs. John R. Wilson.

Mrs. Willis Morrow and Mrs. Lynn Campbell and sons, Ronnie and Bobby of Levelland, spent the weekend here with their sisters, Mrs. J. L. Morrow and Mrs. L. R. Higginbottom and families. Their mother, Mrs. W. S. Creager, and sister, Miss Alma Lee Creager,

returned home to Levelland with them after spending several weeks visiting with the Morrises.

Visiting with the Morrises on Sunday afternoon were Mr. and Mrs. Clell Bays and daughter, Kathy, and granddaughter of Lingleville, Mr. and Mrs. E. E. Allison and Alvie of Carbon, Mr. Marion Fonville and girlfriend of Howard Payne, Charles Caraway, Jerry Lasater and Ronnie Pack.

Mr. and Mrs. Edward Stacy, Tim and Terry of Carbon, and Lisa Gilbert of Wichita Falls were dinner guests of Mr. and Mrs. Odis Rodgers on Sunday. Mr. and Mrs. Floyd Gilbert were visiting with them in the afternoon.

Mrs. W. F. Bryant was a dinner guest of Mr. and Mrs. John W. Henderson on Sunday and they all attended the singing at De Leon in the afternoon.

Mr. and Mrs. Claude Fuller honored his mother, Mrs. Q. D. Fuller, and Mr. Fuller with a birthday dinner on Sunday.

Linda Harrison spent the weekend with Sylvia Hendricks.

Mr. and Mrs. Claude Fuller, Christi and Ricky were visiting with the Albert Hendricks on Saturday night.

Little Miss Debbie Craddock and little brother of Sundown, Little Miss Lisa Gilbert of Wichita Falls and Mrs. H. C. Wharton of Carbon were visitors at Kokomo Baptist Church on Sunday morning. Kay Browning was a Sunday night visitor.

Mr. and Mrs. Kenneth Snider and family of Abilene visited with his parents, Mr. and Mrs. Jewel Snider, during the weekend. Kenneth also visited with Victor Pack on Friday night.

Mr. and Mrs. Glenn Jordan honored his mother, Mrs. Jim Jordan, with a birthday dinner in their home on Sunday. Others present were Mr. Jim Jordan, Mr. and Mrs. Clifford Nelson, Jimmy and Cassie, and Mrs. H. C. Wharton of Carbon.

Mr. B. R. Parker underwent surgery in the Blackwell Hospital at Gorman last Wednesday and at last report he was doing fine.

Mrs. George Bennett has been a patient in the Medical Arts Hospital in Dallas for the past week. She is in Room 1726.

Mrs. H. D. Sessum of Flatwood

Seniors To Present "Take Your Medicine" On Friday, March 16

The Senior Class will present their Senior Play on Friday, March 16 at 7:30 p. m. in the High School Auditorium. The title of the plays is "Take Your Medicine". It is a farce in three acts by Felicia Metcalfe.

The play takes place in a bright, cheery room in a private hospital. Act 1 takes place about 5 p. m. Act 2 a few minutes later, and Act 3 a few minutes, still later.

The characters are as follows: Henry K. Dodson, played by Terry Shell, man of about fifty or sixty. He is president and main

stockholder of a large bank.

Angela Warren, played by Janice Day, Dodson's nurse. A pretty attractive girl of about twenty.

Dr. William Jackson, played by John Bolt, Angela's fiance. A good-looking, well-dressed young man of about twenty-five. He is well-educated and a college professor.

Miss Holt, played by Carol Ramsey, the head nurse of the hospital. About forty-five, she is tall, austere, disagreeable, and dictatorial.

Patricia Pryor, played by Carol Hatcher, a pretty, attractive nurse of about thirty. She has a gracious personality that helps her get along with even the most unruly patients.

Dottie Carleton, played by Linda Bryan, a cute, pert little nurse of about twenty-one. She is attractive and full of life and fun.

Lottie Nelson, played by Janie Pittman. About Dottie's age, she is likewise pretty and attractive.

Jack Benson, played by Albert Palmer, an orderly. He is a happy-go-lucky good-natured young man of about twenty. Always joking, popular with patients and nurses alike.

Jonathan Puckett, played by Wesley Warren, a patient. About fifty-five or sixty, he is small in stature, but large in good humor. He is the pet of the hospital. Never short-tempered, he is more apt to joke than complain.

Miss Cordelia Puckett, played by Sarah Miller, Jonathan's older sister. About sixty or sixty-five, she is disagreeable and dictatorial.

Miss Dovie Finkledink, played by Mary Dell Thompson, a fixy old maid of about fifty. She is very coy, giggly, and flirty.

Dodie Blake, played by Linda Shell, an undergraduate nurse of about eighteen. She is loose-jointed, awkward, and odd-looking.

A man and woman, visitors in the hospital, are played by Phil Puckett and Edna Brinegar.

A man and his little gal, also visitors, are played by Gene Snider and Gretchen Hailey.

Hoofendyke, played by Freddie Gilmore, a demented patient.

Prices are 75c for adults and 35c for students in advance. At the door prices will be \$1 for adults and 50c for students. So see a Senior and get your tickets in advance.

See you Friday night.

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

On several occasions, the nation's independent business and professional people, voting through the National Federation of Independent Business, have asked that labor unions be made subject to the anti-trust laws.

Basically, anti-trust laws prohibit actions that result in restraint of trade which in turn leads to controls of business.

Recently, in Los Angeles, the nation's third largest city, there occurred the death of two daily newspapers. It is true that the newspaper situation was somewhat of a monopoly with the Hearst organization having a morning and evening paper, and the vast Chandler interests having the same. Now Hearst has an evening paper, Chandler a morning paper. Only two metropolitan newspapers now serve this big market.

But the fact remains that the closing of the two newspapers was a financial necessity. Theoretically, both should have been operating in the black.

Traditionally, circulation is an indication of a newspaper's health. Over the years there have been many jokes on the theme of the doctor telling a publisher he had poor circulation, with the publisher saying something to the effect that is the trouble with his paper, too.

But these two deceased newspapers, between them had a circulation of over 800,000. Still they could not survive.

© National Federation of Independent Business

On the big newspapers, the mechanical unions have a strange ruling. Most national advertising in newspapers, such as that done by autos, soap companies, others, have their complete ads set in type in union shops, usually by expensive methods, have plates and electrotypes made in union shops, and then have either plates, or mats to cast from, made in union shops. These are then sent to the newspaper in order to assure the ad will be exactly as desired.

The newspaper prints the ad from the plate, or makes a cast of the mat. This, then, should be quite simple.

But it is not that simple. The union requires that printers be hired to set up a duplicate of the ad as shown on the plate or mat. The work when finished, is never used, but thrown into the "hell box" to be melted down again.

And as printers are among the highest paid of the crafts, it is quite simple to recognize that on a large newspaper, thousands and thousands of dollars of expensive labor is thrown away. In many cases, this "feather-bedding" cost can mean the difference between operating in red or black.

In the Los Angeles situation, at least 2,000 jobs including newsboys disappeared in thin air. So who has gained?

The public has not gained.

Neither has the American principle of a free press gained. A free press does not necessarily have to be killed by government edict. Unions, unrestricted by anti-trust laws, can accomplish the same thing. Congress must face fact a day of reckoning draws nigh.

coffee. Getting to church in weather such as this snow storm might be difficult, maybe even impossible, but at the appointed time, the coffee drinkers arrived at the door of the R. C. Mehaffey home.

Mrs. Mehaffey had the coffee pot on, and there was a big platter of assorted brownies and cookies — the perfect combination — cold weather, hot coffee, and cookies.

The group gathered into the spacious den and began the meeting with a steaming cup of coffee. Its so much nicer to conduct business discussions while sipping good, hot coffee.

Progress of the piano project, a pet of this class, was reported. Too, new impetus was added in the song book plan when several members made donations.

Mrs. Mehaffey gave the devotional, a clever but very pointed bit of verse entitled, "Keeping My Temper." It very aptly reminded all that words uttered in anger cannot be recalled, and yet

very rarely do they express one's real thinking.

After all the big business, every one refilled coffee cups, reached for another handful of cookies, and settled down for one last minute of respite from cooking and dishes. Then, although threatening to remain for lunch, everyone bundled into coats and over shoes and rushed off to prepare lunch.
