Mrs. Parr Hosts Friendly Ladies

Pre-school fling? Perhaps, for everyone of the Friendly Ladies who gathered in the home of Mrs. W. O. Parr for a Sunday School Coffee Tuesday morning seemed to sense that this was the last time for awhile when, as Mamas, there wouldn't be the ever present chores of chattering and the breakfast scramble of socks to match something and "where's my books?"

The mood was relaxed, there wasn't much business, and all seemed to enjoy drinking coffee and just visiting.

Mrs. Parr gave the devotional, an excerpt from the writings of Rev. Gaston Foote, "Do you possess your possessions, or do your possessions possess you?" This may well be a thought that everyone needs to consider at regular intervals.

During the brief business session, it was revealed that the tentative goal for the new piano had been reached. The purchase committee expects to investigate models, size, and costs in the immediate future.

Mrs. M. H. Fairbetter reported for the committee on plans for the Tenth Anniversary Celebration. The class voted to accept recommendations of the committee that the celebration center around a luncheon in October. More specific plans and the exact date to be determined later.

Cake, coffee, cookies, cold drinks, chips and dip — time to eat had finally come. And as someone made a second (or third?) trip by the cake and cookies, heard something about "this spoiling husband's lunch," and that seemed to remind everyone that lunch had to be cooked, football practice creates appetites and — pre-school fling? The rush has already begun!

NOTE OF THANKS

I want to express my appreciation and thanks to the boys of the Senior Baseball Club for the nice and useful gift.

It was my pleasure to be associated with so nice a bunch of boys. Speck Clark

ment with local doctors and the aid of the Woman's Study Club. Dr. William Brogdon, city health officer, will be on hand Saturday with several nurses, supervising the immunization.

Mrs. James Miears, president of the Woman's Study Club, and club members will be assisting with the program. She has made arrangements for a car service to furnish transportation for persons who do not have transportation to the Fire Hall. Those wishing this service may call Mrs. Theda Beth Smith at Higginbotham's, Phone RE 4-5319.

The oral vaccine to be administered Saturday afternoon will be Type I. A few weeks later, Type III is scheduled to be given, and Type II should be taken after a lapse of another few weeks. The reason of giving Type I first, is due to the fact that the largest number of polio cases in Texas have been of this type.

Elsewhere in this issue of the Progress will be found a form which sponsors encourage each to fill out prior to receiving their oral vaccine, in order to save a great deal of time. Those who do not have forms to fill out can be registered at the Fire Hall.

All area citizens from the age of 6 months or older, are urged to take the vaccine to help halt this crippling disease.

1962 Homecoming News

This week Mrs. Jimmy Sparks, secretary of the Gorman Ex-Students Association, mailed several hundred cards to out of town ex-students. It was a very unique card which was designed by Mr. Macie Hyatt. A letter will follow the cards in about a couple of weeks. A complete program will be mailed to each ex-student.

It would be a good idea for everyone that corresponds with friends or relatives to remind them within the next few weeks and encourage them to attend this year's Homecoming.

The committee is expecting the largest crowd ever to attend the 1962 Homecoming.

Gene Rodgers, president of the 1962 Ex-Students Ass'n., released two more committees this week:

MEMORIAL COMMITTEE: Bill Parr and Speedy Clark.

Duties: To secure list of deaths during year and plan a five minute memorial service during the program.

RECEPTION COMMITTEE — (First Methodist Church): Members: Betty Henderson, Chairman, Elva Kirk, Sue Thompson, Velda Foster, Ruth Higginbottom, Arlene Pittman, and Peggy Singleton.

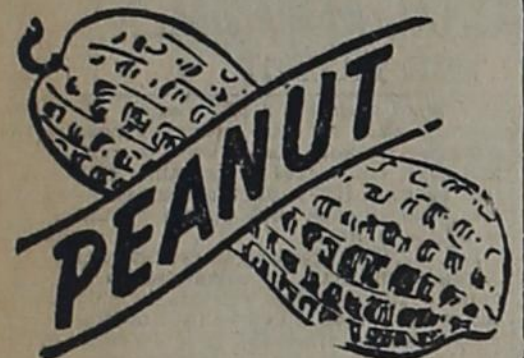

Duties: Make arrangements for place and refreshments. Act as hostesses during reception. Entertainment, if desired.

Much work has been done by the Program Committee. Mr. Gene Rodgers and Mrs. Jimmy Sparks, but as time draws a little nearer the more work there will need to be done and if you are one of the members of the appointed committees, if you would start planning now so that when the actual time comes, everything will be ready, it would save that usual last minute rush to get things done.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends and relatives who were so kind to our mother, Mrs. L. S. Hodges, during her illness and death. We will ever be grateful for the loving kindness of the nurses and doctors at the Blackwell Hospital and the Gorman Nursing Home. We want to express our sincere thanks to the ones who gave of their time to sit up with her, for the abundance of food sent and the beautiful flowers.

May God bless each of you. The Family of Mrs. L. S. Hodges

HULLS by Kernel Gene, aPe

A few folks wonder why I continue to carry the letters aPe (amateur Publisher editor) after my name.

The answer can be summed up by an article on the SWPGA meeting in the Sunday issue of the Stephenville Daily Empire. I am taking the liberty of publishing the article written by Rufus P. Higgs, Publisher of the Stephenville paper, not only to show you how an experienced editor and publisher writes but because he has mentioned so many folk in this area . . . and, too, I love the little paragraph about Kernel Gene.

Enthusiasm Generated S'WESTERN PEANUT GROWERS COMPLETE SUCCESSFUL SESSION

By RUFUS F. HIGGS
Daily Empire Publisher

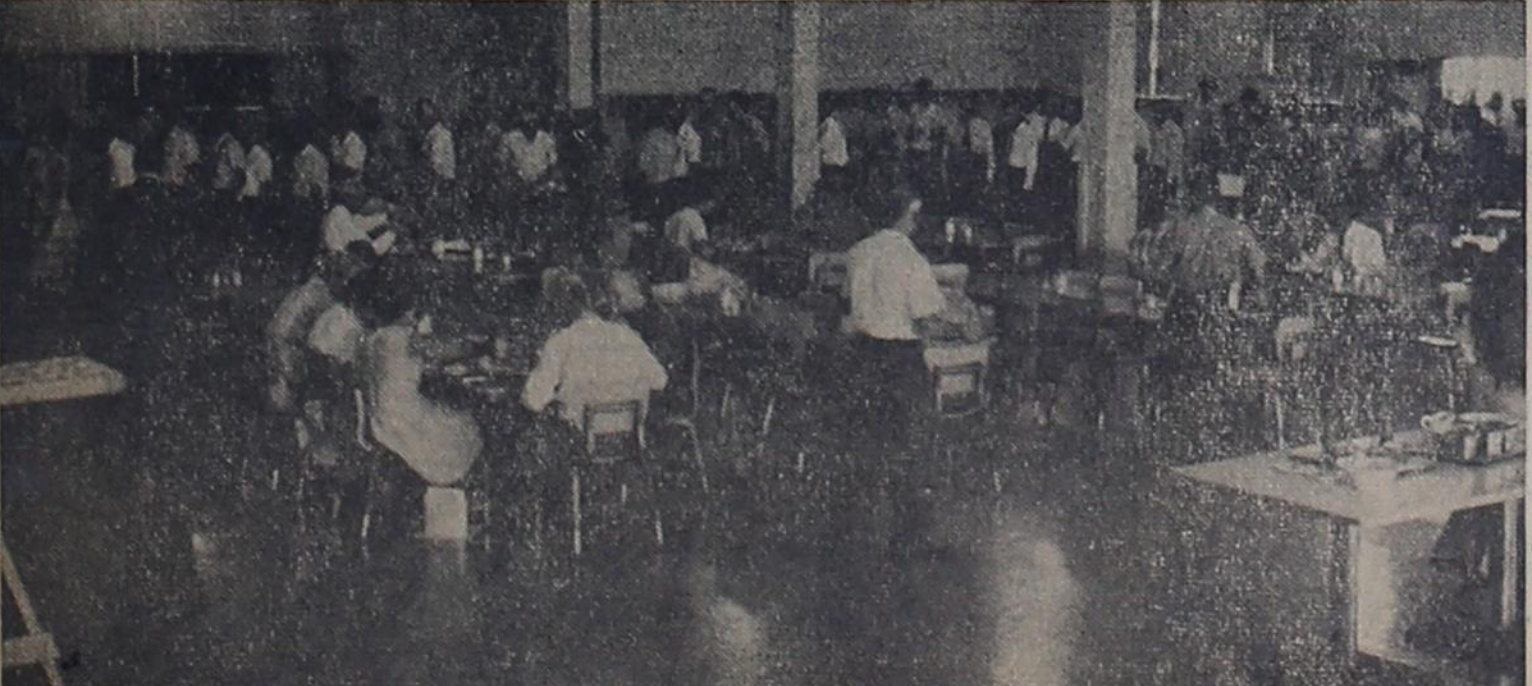

STEPHENVILLE, August 19 — One of the happy occasions for the peanut growers of the Southwest and those affiliated with the crop is the annual meeting held each year. For the past three years these important sessions have been held in Stephenville — at the agriculture building on the Tarleton College campus. The meeting held here Friday was undoubtedly one of the best that has ever been held. That was the appraisal given it by General Manager Ross Wilson. The crowd must have been about 500, although the actual number fed at the dining hall was 389.

When the session was opened at 10 o'clock General Manager Wilson said that he was certain that Stephenville was an ideal meeting place for the convention. President E. J. Howell of Tarleton has ex-

tended to the peanut growers the full use of the facilities of the college at any time they need to use them.

Paul Brashear who at one time was a member of the Legislature from Eastland County and made his home at Cisco, was one of those attending the meeting. He is now living at Austin where he holds a responsible position with the Texas Game and Fish Commission as an information specialist. Stephenville civic leaders will always have a dear spot in their hearts for Mr. Brashear because of the strong support he gave legislation that made Tarleton College a 4-year senior college. He gets his mail at Box 2131, Capitol Station, Austin, Texas.

Several were in the audience from Oklahoma and among them was Joe Nichols of Oklahoma

CHOW LINE — Guests of SWPGA enjoying the hospitality of Tarleton's spacious Cafeteria. Mr. Bob Green stated that 387 were served in record time.

Section 1. Subsection (b) of Section 62 of Article XVI of the Constitution of the State of Texas is amended to read as follows:

"(b) Each county and any other political subdivision of this State shall have the right and the Legislature may enact appropriate regulatory laws to provide for and administer a Retirement, Disability and Death Compensation Fund for its elected and appointive officers and employees; provided same is authorized by a majority vote of the qualified voters voting in such election of the county or other political subdivision. No person shall qualify for benefits unless he shall have served in such capacity for at least twelve (12) years, except for those persons otherwise qualified prior to the effective date of this Amendment. The amount contributed by the

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors in this State at an election to be held on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more."

"AGAINST the Constitutional Amendment authorizing retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more."

Sec. 4. The Governor of Texas shall issue the necessary proclamation for the election and the Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

favorable comments about the energetic young man who has done so much for the association. He opened the meeting without any great amount of ceremony — the invocation and then an introduction of Pres. Howell who gave the welcome. Before the program started Mr. Wilson asked all who were actual peanut farmers to stand and a surprisingly large number were on their feet immediately.

Ab Abernathy, district manager of the State Department of Agriculture with headquarters in Stephenville, was among the crowd and lending his assistance to making the day a success. Mr. and Mrs. Abernathy are happy in their new surroundings at Stephenville. Moreover, they seem to like this section of Texas. They know agricultural and livestock men in all sections of West Texas.

One thing about the crowd that was noticeable was the large number of shelling plants represented. Buyers and managers of peanut plants in several different parts of the peanut growing territory were present. Caddo County, Oklahoma, where Anadarko is the county seat, had an unusually large delegation present. A big crop is marketed at Anadarko every year.

One of those seen in the audi-

ence was Dutch Winters, the amiable attorney from Fort Worth who has a wide acquaintance in the Stephenville region. He owns a fine farm in Hood County—near Granbury—where he has a sizeable allotment of acreage for peanut farming. Those who wish to contact Mr. Winters can reach him at 5919 Forest Hill Drive, Fort Worth.

Mrs. Evah Sparkman who lives at Desdemona but works for the association at Gorman was in the crowd and enjoying meeting many of her friends. Her husband is employed by Magnolia at Desdemona. In recent weeks Mrs. Sparkman has been taking time off to stay at home during the hot weather. She and Mr. Sparkman get their mail at Desdemona.

Like so many of their friends and neighbors, many from different sections of Hood County are frequent visitors in Stephenville where they do considerable shopping. Mr. and Mrs. Johnnie Rollins were in the crowd and they make their home at Granbury. He is one of the directors of the association. The peanut crop in Hood County is favorable at this time but like most of the others here he said that rain was badly needed. They get their mail on Rt. 2, Granbury.

Only a very few peanuts have been sold from the 1962 crop, said B. H. Scott, De Leon buyer, who attended the Friday meeting. He fears that dry weather has reduced

the yield of the crop in most places. In his opinion, the late peanuts are going to need rain—and need it soon. Those who wish to contact Mr. Scott can reach him in De Leon, Texas.

Zan Burroughs of Lewisville was an interested visitor here Friday and told about the growth and expansion of his home town with considerable pride and joy. "Our population is expanding so fast that we are filling a school room every month," Mr. Burroughs said with considerable enthusiasm. He owns and operates the American Nut Corporation at Lewisville. Lewisville is near Fort Worth and Dallas and reaps a rich harvest by reason of employment its citizens receive in the two big towns.

Joe Henderson, the Dublin business and civic leader, was in attendance at the annual meeting. He is a native of Erath County and is the son of the late Mr. and Mrs. Mat Henderson who were pioneers at Lingleville. Mr. Henderson is head of the wholesale firm that bears his name and also owner of Henderson's Super Market. His brother, Jack Henderson, lives in Stephenville but is associated with his brother in the Dublin institutions.

B. C. Langley, head of the West Cross Timbers Experiment Station, was quietly observing the procedure of the Friday meeting. The experiment farm

has made a big contribution to the peanut men of Texas.

Gene Baker, the Gorman publisher and well known in that area as Kernel Baker, was in the audience when the convention opened—but hard to locate. "He's here," said General Manager Ross Wilson, "But try and find him." A news reporter did not get to interview the Kernel and with some regrets. He is a lovable person and has done much for his home town and the peanut industry.

Mrs. Sue Ripley had little trouble catching the eye of visitors by reason of her charm and good looks. She is a stenographer with the association. Mr. Ripley is employed by Texas Electric Service Company which serves that country so efficiently. Most of the visitors from Gorman are acquainted with Mr. and Mrs. Tommy Dunn who lived in Stephenville before he moved there to assume a position with the First National Bank. The Duns have a new baby—born recently. The Ripleys can be reached at Box 261, Gorman.

Mrs. La Tonne Hogg, one of the office workers with the association, grew up at Desdemona and is the daughter of Mr. and Mrs. Clyde Lewis. She looks forward to a big season for the peanut people. "I always enjoy these annual meetings and love to visit Stephenville," Mr. Hogg said.

Mr. and Mrs. W. F. Murphree who receive their mail at May, Rt. 1, actually live near Rising Star where there is heavy peanut acreage. Rain is badly needed in that section of Eastland County and would greatly benefit the crop, reported Mr. Murphree.

Doyle Preston, employed by the association, probably knows as much about the peanut crop prospects as any other person. He is a field man and covers the entire state. The crop was in excellent condition until dry weather struck it 10 days ago. Mr. Preston said the harvest would probably get well under way about October and as late as November. "Write me at Gorman," Mr. Preston told a news reporter.

J. W. Little who gets his mail at Rt. 2, Granbury, near the famed village of Acton was quick to say that he was a close and inti-

mate friend of District Attorney Sam Cleveland. "I knew Sam well as a boy and all the other members of his family and we are proud to know of the success he is making as prosecuting attorney," Mr. Little said. The peanut acreage around Acton is heavy.

Miss Karen Wright who works as a stenographer for the association at Gorman headquarters in the summer and attends Tarleton in the fall and winter, was a busy little lady at the Friday meeting. She was especially happy to see the heavy registration of visitors for the meeting. Miss Wright will be a junior at Tarleton this fall. She is the daughter of Luke Wright of Gorman.

A few simple questions will reveal considerable information about the peanut situation in all sections of the southwest. Thus it was that G. T. Hendon helped a newsman about the crop in Texas, Oklahoma and Arkansas. He is a field man for the association and covers a wide area. "Of course, we are needing rain—just like all the other places," Mr. Hendon chuckled. He was born and reared at Whitesboro near Sherman. Those who wish to write Mr. Hendon can reach him at Box 671, Holdenville, Oklahoma.

The Brady country is extremely dry at this time, reported A. E. Skaggs who was here for the Friday meeting. Although he spends much of his time at Brady where he is employed by a processing plant he receives his mail at Box 21, Gorman. He is a close friend of Weldon Glasgow, manager of Higginbotham Motor Company in Stephenville.

One of the important distinguished visitors here Friday was A. S. Moake who owns and operates Bain Peanut Company at San Antonio. He grew up with this company which at one time had a big plant in Fort Worth. His son David is associated with him and has been named president of the company. He is well acquainted with Burton Reese who at one time was manager of the Swift Peanut Mill in Stephenville and later associated with the same company at San Antonio as manager of a big cotton oil mill. Extremely dry weather has reduced the peanut

Farm Bureau District VII Day Held On August 20

Farm Bureau District VII Day was held at the Chisholm's Restaurant in Brownwood on Monday, August 20th.

B. J. Gist, District Director, opened the program and introduced Ed Cumble, Area Fieldman from Bronte, Texas, who conducted a training meeting on Policy Development.

Farm Bureau policies are built by membership. And whether the policies are on county problems or on state and national issues, they are based on recommendations adopted by a majority vote. It's the process Farm Bureau has developed, to make it possible for farmers everywhere — who produce any kind of commodity — any place — to meet, study, de-

yield in several places, especially Wilson County where the crop has already been harvested and the yield was very low. Mr. Moake gets his mail in care of Bain Peanut Company, 1000 South Medina, San Antonio, Texas.

E. B. Johnson who is associated with a brokerage firm bearing his name in Dallas was here meeting growers and others of the association. He has been located in Dallas for about 20 years and thoroughly enjoys his work. He has a wide acquaintance among the shellers of the country. His mail goes to Box 14378, Dallas 34, Texas.

The Willis Winters family, so well and pleasantly remembered by many in Stephenville and Erath County was represented here Friday by Mrs. Winters. Her husband passed away a few years ago and she is now employed in the auditing department of the association at Gorman. She is the former Miss Myrna Mason of Gorman and is well known in that territory. Mrs. Ruth Winters who lives at 520 North Clinton is an aunt of Mrs. Myrna. The late Mr. and Mrs. Frank Winters who were pioneers in this country were parents of Willis. Mrs. Winters will receive mail at Box 123, Gorman.

bate, decide and rally around a sound solution to their problems.

And whether it's a vote by the membership or the official delegates selected by majority rule it is an example of self-government in action. Farm Bureau members are searching constantly for sound answers to tough problems.

Charles Huff, new Legislative Director, presented sure steps to sound policies.

J. D. Jordan, Fieldman of Mason, gave a talk on membership.

Mrs. Hudson Long of Llano, Texas Chairman of District VII Youth Committee, told of the newly organized Youth Committee for the State.

Those attending from Eastland County were Mitchell Campbell, policy development chairman, Gorman; Pat Moseley, Olden; A. W. Wright, Rising Star; Mr. and Mrs. Cyrus Justice, Eastland; John Love and daughter, Loresta, of Ranger; Nancy Justice, Carbon; and Kathy Browning of Gorman.

ENJOY VACATION IN SOUTH DAKOTA

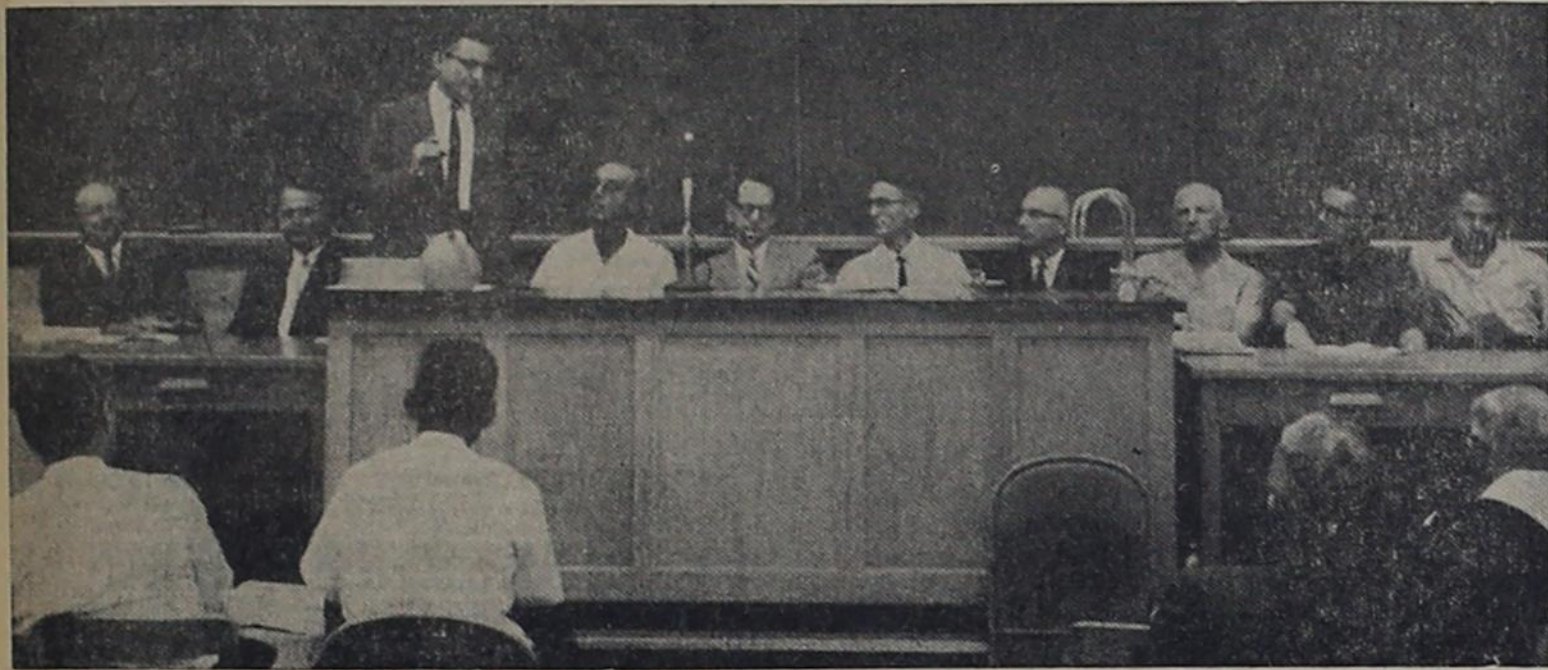

Mr. and Mrs. Troy Johnson returned Monday from a vacation in Rapid City, South Dakota where they visited S/Sgt. and Mrs. G. W. Gilmore and children at Ellsworth AFB.

While there G. W. arranged a tour of the Titan Missile Site for the Johnsons. The tour consisted of explanations of the launching area the tunnel to the missile and the missile itself, which is the largest in the United States and is 160 ft. underground.

The families also made a tour of the Bad Lands, Black Hills, Mount Rushmore and Dinosaur Park.

The Johnsons returned by way of Cheyenne, Wyoming, Denver, Colorado and Red River, N. M.
