

# The Big Spring Herald

XXIII No. 41

Big Spring, Texas, Friday, July 1, 1927

By T. E. Jordan

## Development Slow But Sure

Development continues in this section due to price of crude, new wells started in new wildcat territory. When the price of oil and pipe line facilities are low, the Gulf, Texon, F. H. Merrick and Bristow, Lockhart & Co., Owen and other producers in the City, Settles and Harding more wells will be drilled.

Marland-Brice Co. is soon to start a test within 25 miles northwest of Big Spring. The California Co. is to start on the W. B. Currie ranch; Marland has been granted on their offset to the well; the Vtex Co.; and the Clay to drill in the Clay

all in all the situation is discouraging and when the crude advances you will see evidence in this territory.

Continental Oil Co. to Drill Transcontinental Oil Co. will test well on the C. R. Hilger Glascock County within sixty days.

At Gular Well Marland Oil Company may reach a depth of 5000 feet in their well on the Gular ranch five miles northwest of Big Spring if a cement well is not secured before it is reached.

Green et al Test on Oxsheer Ranch The drillers on the Green et al test on the Oxsheer ranch in the northwestern portion of Glascock County are now drilling below 900 feet in a red rock formation.

Owen and Sloan a Commercial Well The Owen and Sloan well on section 136 block 29, W. & N. W. survey made 50 barrels or more of oil following a shot.

To Resume Drilling on Dry Lake Richardson and DeArmond will resume operations on their test on the Dry Lake section, section No. 183, block 29, W. & N. W. Ry. survey as soon as a new derrick has been completed.

Merrick-Bristow Adding Tanks Merrick and Bristow had five one-thousand barrel storage tanks hauled to their holdings in the Chalk oil field this week.

At the W. S. Martin Test The Donnelly et al test on the W. S. Martin ranch, sixteen miles northwest of Big Spring has not made any progress this week due to the tools being stuck in the well.

At the W. S. Martin Test The Donnelly et al test on the W. S. Martin ranch, sixteen miles northwest of Big Spring has not made any progress this week due to the tools being stuck in the well.

At the W. S. Martin Test The Donnelly et al test on the W. S. Martin ranch, sixteen miles northwest of Big Spring has not made any progress this week due to the tools being stuck in the well.

At the W. S. Martin Test The Donnelly et al test on the W. S. Martin ranch, sixteen miles northwest of Big Spring has not made any progress this week due to the tools being stuck in the well.

At the W. S. Martin Test The Donnelly et al test on the W. S. Martin ranch, sixteen miles northwest of Big Spring has not made any progress this week due to the tools being stuck in the well.

At the W. S. Martin Test The Donnelly et al test on the W. S. Martin ranch, sixteen miles northwest of Big Spring has not made any progress this week due to the tools being stuck in the well.

## MRS. DOUG THOMPSON RECEIVES INJURIES IN AUTO ACCIDENT

Mrs. Doug Thompson received a fractured hip and collar bone and other painful injuries last Friday morning when the car in which she was riding turned over. The accident happened on the Bankhead highway west of town, between Big Spring and Stanton. Mrs. Thompson, in company with her small daughter; Mrs. Roberts and daughter, were in a Chevrolet touring car going west. Mrs. Roberts was driving and while going at a rather rapid rate she honked the horn to pass a car. Somewhat losing control of her car, she ran it into the soft gravel at the side of the road which caused it to turn over.

Mrs. Thompson was the most seriously injured of the group the others escaping with slight cuts and bruises. She is reported to be resting well.

## THUMB OF J. B. KING CUT OFF BY LAWN MOWER

J. B., three year old son of Mr. and Mrs. W. R. King, suffered the misfortune of having his thumb severed from the hand, about eight o'clock Monday evening. The accident happened on the lawn at the King home on Main street. A group of children were playing on the lawn and the little child was lying on the grass. Two or three children were playing with the lawn mower and accidentally ran it over the baby's hand. The thumb was cut off by the lawn mower.

J. B. is reported to be getting along nicely at this time.

Pink Murphy of the U. S. Navy was a business visitor in this city Thursday.

Marland-Brice company is to drill the test and work is to be started within thirty days.

The Vtex Oil Co. to Drill The Vtex Oil Co. is making preparations to drill a test well on their holdings on the H. R. Clay ranch. This land is in the proven area of the Clay field.

California Co. to Drill The California Co. will soon be drilling on the W. B. Currie ranch southeast of Big Spring. Location was made on section 215, block 29 W. & N. W. Ry. survey.

Green et al Test on Oxsheer Ranch The drillers on the Green et al test on the Oxsheer ranch in the northwestern portion of Glascock County are now drilling below 900 feet in a red rock formation.

This test is about 5 miles west of the Robt. P. Penn test on the W. P. Edwards ranch.

Owen and Sloan a Commercial Well The Owen and Sloan well on section 136 block 29, W. & N. W. survey made 50 barrels or more of oil following a shot.

The top of the pay was encountered at 1844 feet and for the next 50 feet the oil formation was penetrated.

This well extends the field one mile north and one mile east of the Clay oil field.

To Resume Drilling on Dry Lake Richardson and DeArmond will resume operations on their test on the Dry Lake section, section No. 183, block 29, W. & N. W. Ry. survey as soon as a new derrick has been completed.

This derrick to replace the one which collapsed last week, killing Red Nolan.

Merrick-Bristow Adding Tanks Merrick and Bristow had five one-thousand barrel storage tanks hauled to their holdings in the Chalk oil field this week. With three producing wells, two of which are flowing at better than 75 barrels daily it was necessary to arrange for additional storage until they could arrange for a market for their oil.

At the W. S. Martin Test The Donnelly et al test on the W. S. Martin ranch, sixteen miles northwest of Big Spring has not made any progress this week due to the tools being stuck in the well.

A depth of about 1845 feet had been reached when the tools stuck. The oil fraternity seems to feel certain that this test is going to hit an oil pool as the formations are exceptionally favorable.

## Sixth Annual American Legion Celebration, Monday, July Fourth

One-Day Celebration--Free Barbecue Dinner, Rodeo, Ball Game, and Big Platform Dance Will Be Staged Here

Crowds from every town in West Texas are expected to arrive in Big Spring Monday, July 4 to celebrate with the American Legion boys of Wm. Frank Martin Post No. 185. The Sixth Annual celebration will be a one-day affair and every moment of the day will be one of fun and entertainment.

The day will start off with a big free barbecue dinner, served at the noon hour. Plenty of fattened calves will be placed on the coals to take care of all homefolks and visitors, and bread and pickles and coffee will be served with the barbecued meat.

A big Western Rodeo in which the most expert cowboys and ropers of this section will take part will be staged immediately following the dinner. Such events as cow milking, calf roping, branding, steer riding, bronc riding and bull dogging will be featured, and over \$500 in cash prizes will be given to the winners of the different contests.

After the rodeo a red hot baseball game will be staged between the Sweetwater ball club and the local T. & P. club, two of the best West

Texas teams. Both teams have good records this season and this victory will do the winning team a lot of good. Come every loyal fan, and help root your home team to victory.

A platform dance will be given Monday night and a dandy dance orchestra will furnish the music. This feature of the celebration is always one of the most enjoyed and furnishes a good time to old and young alike. "The Texas Ramblers" will play for the dance.

The Legion boys and different committees are caring for every detail so that all will be comfortable and can enjoy the day. Plenty of ice water will be furnished free, shade and seats, so that all can see the rodeo and ball game, and the park will be electrically lighted for the dance.

The City Ball Park, one mile east of town on the Bankhead highway, will be the scene of the big celebration, and parking space for automobiles will be provided.

Everybody come and make this a big day. Celebrate the Glorious Fourth in Big Spring.

## Big Spring Citizen Wins High Honor at Church of Christ Revival Meeting

E. C. (Shine) Phillips Was Elected President of Texas Pharmaceutical Association at San Antonio

From most every big daily newspaper of Texas this week, has been confronting us the handsome mug of our distinguished fellow townsman, just plain old Shine Phillips. Some of the big daily papers wasted as much as a quarter page of valuable space just to show the folks how Shine looks at his worst.

If the members of the Pharmaceutical Association didn't do anything else at their big convention than elect Shine, that was a plenty for they couldn't have selected a better president if they had scoured the state.

Shine is one of the home boys who is loved and esteemed by everyone who knows him, and his many friends in Big Spring and Howard County are pleased to note that he has been thus highly honored.

The Texas Pharmaceutical Association has a membership of more than 2000 members, so a fellow has to be a pretty good sort of a man to win the good will of a majority of the membership—but Shine made the grade as he has made it all the way along the line. We are all happy to note the successes of our home boys and girls—and we therefore join hands with Shine's host of friends in congratulating him in this instance.

## BIG CORPORATION MAY CONSIDER PIPING GAS HERE

One bunch of investigators for supplying gas for our city made an investigation last week and their findings were that an ample supply of gas was available in the Chalk field. They were of the opinion however that the cost of connecting up the various wells and building a main to Big Spring unless they knew beyond doubt that the supply of gas would be permanent. They suggested that if they could purchase the holdings of the Gulf Co., on which the two largest gas wells were located they might afford to consider the proposition.

Their proposals being so indefinite the Secretary of the Chamber of Commerce decided it might be best to get in touch with a big corporation which was now extending their service and holdings in Central West Texas—the Lone Star Gas Co.—and the president of the company advises that they will consider the proposition and make a survey of the field.

Mr. and Mrs. E. E. Fahroekamp returned Wednesday from a trip to the White Mountains and points of interest in New Mexico.

Brother G. A. Dunn of Dallas Will Preach and R. M. Morgan of Floydada will Conduct Singing

Everything is in readiness for the big revival meeting which is to open at the Church of Christ tabernacle on West Fourth street today (Friday), July 1. Much interest and enthusiasm has been aroused among the church members who are anxious to do their part in making this one of the biggest and best meetings ever held in the big white tabernacle.

The services of Brother G. A. Dunn of Dallas, an interesting and forceful speaker, have been secured, and he will do the preaching during this meeting. Dr. Dunn knows the gospel truths and in his own way will bring them to his listeners in a clear and appealing manner. You will enjoy the plain gospel sermons to be delivered by Brother Dunn and much good and many blessings will be received as a result of this enlightenment.

Brother R. M. Morgan of Floydada will be in charge of the song services during this meeting and this will be one of the strong features of the revival. Brother Morgan is skilled in leading congregational singing and has had many years of experience in this work, and possesses a splendid voice for hymn and church music.

A reawakening among the church members and other Christians who have grown a little indifferent towards God's work is expected to be the result of this meeting. A cordial invitation is extended the general public to come and hear the messages of Brother Dunn, and to take part in the song services. You will be spiritually benefitted and will receive much good from every sermon that you hear.

## C. T. WATSON ELECTED TO OFFICE AT CONVENTION

C. T. Watson, secretary of the Big Spring Chamber of Commerce was elected secretary-treasurer of the Texas Commercial Executives Association at their convention which was in session in Sherman, Texas, last week. G. C. Whitehead of Brownsville was elected president.

A training school was conducted in connection with the convention and Mr. Watson also attended this school.

Dallas was chosen as the meeting place in the fall which will be held during the State Fair. A talk on "How Can Chambers of Commerce Assist in Getting Away from the One-Crop Farming Plan," given by R. Q. Lee of Cisco, was the outstanding talk of the convention.

## HAND CAUGHT IN ELECTRIC GRINDER; FINGERS AMPUTATED

Mrs. C. W. Hammond had the misfortune of having her right hand caught in an electric sausage grinder about 5 o'clock Tuesday afternoon while feeding it at the Hammond Market in the "M" System store. It was found necessary to amputate the four fingers on the hand almost to the knuckles, all were so badly mangled.

Mrs. Hammond stated that she couldn't explain how the accident happened as she must have been dreaming when her hand was caught. She is reported to be resting as well as could be expected. Her many friends regret to hear of her misfortune and hope for her a speedy recovery.

## BUILDING OPERATIONS

The major building operations in the business district at the present include:

The new Crawford Hotel, a five story structure, to be completed by September 15.

The H. O. Wooten building, a one story brick, 75x100 feet, at the corner of West First and Gregg streets, to be completed within the next thirty days.

The Dr. T. M. Collin's building at the corner of East Second and Runnels street. To be completed within forty-five working days. This building 50x90 feet will afford space for several business houses.

Remodelling W. O. W. building on East Second street, with the work rapidly nearing completion.

We expect to be able to announce soon that the work of rebuilding the Cole Hotel is underway.

## MARION MACHINE FOUNDRY AND SUPPLY CO. LOCATES

A new foundry and supply house opened in Big Spring this week known as the Marion Machine Foundry and Supply Co. This concern has established houses in all of the principal oil fields throughout the country and feel sure that they have made a wise choice by locating in Big Spring.

They carry a complete stock of oil field equipment, such as steel tubular derricks, rig irons, steel wheels, power engines, and general lines of pumping equipment.

V. W. Fuglar will be manager of the branch of the Marion Supply Co. in this city, which is located on West First street, near the T. & P. crossing on Gregg street.

## MRS. C. B. PEAKE AND SON IN CAR WHEN TURNS OVER

Mrs. C. B. Peake and son, Harold, of Anaheim, Calif., were pinned under their car, a Moon sedan, about 12 miles south of Big Spring, on the Glacier to Gulf Highway, Wednesday morning. Mrs. Peake and son escaped with slight cuts and bruises.

They had just returned from visiting her son in Dallas and were enroute to San Antonio to visit relatives when the accident occurred. A flat tire is said to have caused the car to turn over.

Occupants of a passing car removed Mrs. Peake and son from under their car and brought them to Big Spring. They will be delayed in this city several days until new wheels can be secured for their car.

## HAVE YOU SEEN THIS BOY

Midland, June 26.—Big Spring citizens are asked by Mrs. R. O. Wilson of Midland to help her find her missing 12 year old son. The boy, Harcourt Smith, disappeared from his home in Midland June 18.

He was wearing a red trimmed Mexican hat much too large for him, a pair of khaki long trousers, a blue shirt with a figured pattern. He is light haired and blue eyed. The boy is a lover of horses which leads his mother to believe he is on a ranch or farm somewhere.

Anyone seeing a youth of this description is asked to call Mrs. R. O. Wilson at Midland collect.

## FRANK JEFFERSON SIMMONS

Funeral services for Frank Jefferson, three months old son of Mr. and Mrs. Roy Lee Simmons, were held Thursday afternoon at 3:30 o'clock at the Nazarene Church in Jones Valley. The remains were laid to rest in Mt. Olive cemetery.

T. J. A. Robinson and family returned last week from a visit with relatives and friends in South Texas.

## Motorcade To Be Big Vacation Trip

West Texas Chamber of Commerce Asks for Large Big Spring Crowd to Make This Tour Thru West

Letters from officials of the West Texas Chamber of Commerce to local chamber of commerce representatives seek to have a big crowd of people, or at least a good representation, to go with the Motorcade to Big Bend and New Mexico points early in July.

The motorcade is being conducted as a vacation trip for West Texas people, and the route is laid to visit some of the most interesting points within reach of the average motorist in such a short time.

The party will spend the first night in Midland on Friday, July 1.

Leave Sweetwater 10 a. m. Friday July 1. Arrive Colorado 11:45 a. m.; Lunch; Lv. Colorado 2 p. m. Arrive Big Spring 3:30 p. m.; Lv. Big Spring 4:30 p. m. Arrive Stanton 5:15 p. m.; Leave Stanton 6 p. m. Arrive Midland 6:45 p. m. and spend night, July 2; Leave Midland 8 a. m. Arrive Odessa 9 a. m.; Leave Odessa 9 a. m. Arrive Pecos 9:45 a. m.; Leave Pecos 10 a. m. Arrive Barstow 11:30 a. m. Arrive Pecos 12:15 p. m. Lunch. Arrive Balmorhea 4:30 p. m.; Leave Balmorhea 5:30 p. m. Arrive Madera Springs Lodge 6:30 p. m. Spend night.

July 3: Scenic drive through Davis Mountains enroute to Alpine; Stops at Fort Davis and Limpia Canyon. Spend night in Alpine, Marfa or Fort Davis.

July 4: District Convention in Alpine.

July 5: Leave Alpine 8:30 a. m. Arrive El Paso 7:30 p. m. Stops at Van Horn and Sierra Blanca for lunch.

July 6: Spend day and night in El Paso where special entertainment is provided by Paso Del Norte and Orndorff Hotels, side trips to Juarez and Ysleta.

July 7: Leave El Paso 9 a. m. Arrive Las Cruces, N. M. 10:30 a. m. Lunch; Leave Las Cruces 1:30 p. m. Arrive Alamogordo 5:30 p. m. Spend night. Trip to White Sands at Alamogordo.

July 8: Leave Alamogordo 9 a. m. Arrive Cloudcroft noon, spend night. District convention Cloudcroft July 9, spend night.

July 10: Leave Cloudcroft 9 a. m. Scenic drive through Mesclera Reservation and Lincoln National Forest. Spend night at Ruidosa Springs.

July 11: Leave Ruidosa Springs 8 a. m. Scenic drive through White Mountains. To Roswell for lunch; thence to Carlsbad for night.

July 12: Trip through Carlsbad Cavern. Dispersed.

## YOUNG WOMEN'S MISSIONARY SOCIETY TO MEET MONDAY

The Young Women's Missionary Society of the First Methodist Church will meet Tuesday afternoon at 3:30 o'clock in the basement of the church. All members are urged to be present.

## ARTICLES MADE AT BIBLE SCHOOL DISPLAYED THURSDAY

Bringing to a close a most successful two weeks daily vacation Bible school at the First Presbyterian Church, a most interesting program was rendered at the First Presbyterian Church last Thursday evening, by teachers in the school and others. A good crowd attended this program after which the articles made by the students of the school were viewed by the audience.

Those taking part on the program were: Mrs. W. C. Barnett, Mrs. J. B. Delbridge, Mrs. T. F. Huggins, Mrs. R. L. Owen, Mrs. J. O. Tamsitt, Mrs. Leslie Dahme, Frank Stedman, Mrs. McCowell, Mr. Owen and Mr. Kelley.

The Bible school, conducted by Mrs. T. F. Huggins, with other able assistants was considered most successful. An average of 60 pupils daily continued through the two weeks of school, and many worthwhile things were accomplished by the children. The larger boys of the Sunday school made tables for their department. Others made a Bible library, kits, etc. The girls pieced a quilt, made baskets, aprons, etc. and these useful articles will be sent to the Orphans Home.

**GET BUSY WHILE WE WAIT**

Here are a few things we could plan to put over to upbuild Big Spring:

- A north and south railroad from San Antonio to Roswell, N. M., or points in the Plains section.
- An oil refinery, or two.
- A plant to extract gasoline from the gas from the Chalk or other oil fields.
- A gas main to supply gas for domestic and industrial purposes.
- A cotton seed oil mill.
- A glass factory, brick and tile factory.
- A cement manufacturing plant.
- A rock crushing plant.
- A cold storage plant to handle poultry and dairy products.
- A bonded warehouse for storing the cotton seed and grain produced in our county.
- A feed mill for converting sorghum grains into a balanced feed for poultry.
- An office building.
- Organize a local building and loan association.
- Build concrete highways across our county from northwest to southeast and from east to west.
- A swimming pool.
- An amusement park.
- Improving the State's Park just south of the city.
- And not the least important, is the building of a viaduct across the railroad tracks on Gregg street.

Mr. and Mrs. John Curtis and daughters, Misses Lola and Vera left Thursday for Chickasha, Okla., where they will visit relatives and friends.

Fewer accidents have been noted in the city of Big Spring since the traffic laws have been enforced. Some folks had to be soaked with a fine before they would heed but we believe they will find it pays to heed the traffic regulations.

Shaving utensils of all kinds..... Cunningham & Phillips.

With the Texas Electric Service Co. able to supply 162,000 volts from their high power line extended here from Cisco, we are in a better position to attract industries to our city. Ample electric power for all purposes can be assured when the high line is completed.

Alarm clocks.....Cunningham & Phillips.

We would like to see the City Commissioners make arrangements to put the traffic cops on night duty a while and stop some of the wild night riding. Cars loaded with young folks show plenty of speed around town, and annoy folks with their yelling, screaming and tooting of auto horns.

Visit our gift shop..... Cunningham & Phillips.

Sis Hopkins states that crop conditions are about as good in Howard County, except in one section, as anywhere between Big Spring and Wichita Falls; the Stamford section has the best crops.

H. S. Lattimore, traveling representative of the Fort Worth Star-Telegram, was a business visitor in Big Spring Wednesday.

**News Notes From Other W T Fields**

**Pecos County Notes**  
Allsmen and Bell No. 1 Pecos river bed well, flowing while deepening, made 181 barrels in twenty-four hours ending at 7 o'clock Wednesday morning. The last reported depth was 1,668 feet.—San Angelo Standard.

**Andrews County Oil Notes**  
Carter & Zweifel No. 1 Cowden, in section 18, block A-53, public school land, in Andrews County, has been drilled to its contract depth of 3,500 feet, in anhydrite.

Neff and others No. 1 Means, in section 16, block A-35, public school land, spudded and shut down. Maer & Stanforth No. 1 W. S. Taylor in section 15, block A-42, public school land, has drilled to 3910 feet in anhydrite.—San Angelo Standard.

**Pecos Well Making 28,800 Barrels.**  
Running wild since Thursday, June 23, the gigantic shallow gusher in eastern Pecos County increased its flow to an estimated 28,800 barrels per day by Tuesday.

The well, Mid-Kansas and Transcontinental Company's No. 6-A Yates, came in Thursday at 1064 feet. Tools still are in the hole. Storage is being rushed to location. 700 barrels hourly is being run into steel storage and 600 barrels into earthen storage.

**Dawson County to Get Test**

Another oil company has come to Lamesa to share in the big survey now being made of the territory. This makes eight oil companies now busy in the Lamesa territory. The last to come is the Gulf. Others are to follow, it is reported. The Texas, Mid-West, Gulf, Humble, Roxana, Pure, Sinclair, Westheimer and Penn are either making the topographical or torsion balance survey, or drilling in the territory. Two are drilling. Westheimer thirty-three miles west and Penn fourteen miles northeast. Other rigging is being brought in for other tests, which are assured by recent blocking of acreage near Lamesa.

**Sterling County Oil Notes**

At Fisher well No. 1, 1 1/2 miles southwest of here, the attempt to shut off the water by cementing the casing proved a failure. In the hope of shutting out the water, the casing was raised, the hole "mudded" and the casing lowered again. This method was used in Durham No. 2, and it is thought it will be successful in this instance. The two barrels of oil which had been forced up through a 1000 foot column of water shows a great pressure behind it. The oil has a greenish tint, and is pronounced high grade. As the pay sand has been merely touched, we shall not know the outcome of the test until the water is shut off and the well drilled in.

A site for a new test on section 7, block "A," G. C. & S. F. Ry. Co. in the Clark pasture 11 miles southeast of here, was surveyed last Monday for J. P. Williams, independent operator. Mr. Williams already has two small producers near the new site. The last well drilled encountered the sand between 1075 and 1080 feet. Both wells are on the pump.—Sterling City News-Record.

**Oil Development in Reeves, Crane and Winkler Counties**

The Humble Oil & Refining Co.'s No. 1 Flores on the Reeves-Jeff Davis line, is straight reaming below 317 feet.

The Dixie Droppelman well just across the Reeves line in Pecos County, south of Saragosa, is running pipe to the bottom, which is 3707 feet. Favorable signs are reported in this test, which is near the old Dixie Hershenson well which found three good shows in their mile deep test.

The Deep Rock Well in Western Reeves is shut down temporarily for pipe, and they will run a string of 5 3/16th to the bottom which is 3855.

The World Buff in Northern Reeves is running 8 1/4 inch casing to the present depth of 1710 feet. This test will then be drilled to below 4000 feet.

The Humble Oil & Refining Co.'s Klob B-1 in Northern Reeves is drilling in anhydrite with a total depth of 2600 feet. Following their long string of tough luck, this test is now making good time.

The King-Wood well in Loving County is shut down waiting on pipe. The bottom of the hole is 2725 feet.

The Skelly well on the Loving-Winkler line, Leeman No. 1 is drilling below 4320 feet making a six-inch hole. They are going down to make a thorough test of this area.

The Roxana & Scarborough well, known as the Llano well, has their third sand, and the well flowed 65 barrels Thursday after being swabbed. This well is 12 miles due north of the discovery well.

The Southern Crude Purchasing Co. made a new location this week in section 4, block B-12, D. S. L. Winkler County, known as the T 88 B-1. They are drilling on A-1 in this area.

The Gulf Production Co. is drilling on all of their locations, and No. 5 has topped the salt. They are about to complete one of their 80,000 barrel tanks.

The Champlin well put in 25 more sacks of cement to get a shut-off and are shut down waiting for it to set.—Pecos Enterprise.

**SYD CHAPLIN IN "THE BETTER 'OLE"**

Syd Chaplin as Old Bill! To those who know Syd Chaplin only through the amusing female impersonations in "Charley's Aunt," "The Man on the Box" and "Oh! What a Nurse," we recommend a visit to the R. and R. Lyric theater on Monday or Tuesday, July 4 and 5, where he will play in the screen version of "The Better 'Ole." There they will see Syd Chaplin transformed; fairly living the role of Old Bill.

His impersonations of the famous old Soldier of the Bruce Bairnsfather cartoons will astonish you first by the sheer perfection of his makeup. There is Private William Busby, in his British uniform, with his trusty knitted muffler around his neck, a recalcitrant forelock of straying down beneath his lumpy fatigue cap whose visor inclines rakishly over his right ear, his lips ambushed behind a full-grown walrus moustache, and the famous stub of his briar pipe peeking forth timidly from the brush.

But watch him, as he develops the character. He seems to have got into the very soul of the man, and turned it loose for your inspection. And it's a grand old soul that you see when you get beneath Old Bill's skin. Stolid, stodgy, slow-thinking, and so universally human that, while the very essence of his humor is British, we don't doubt that even the most militant junker would be compelled to laugh at him, and love him at the same time.

Syd Chaplin, with this one performance, steps to the top of screen comedians. Sympathetic, humorous and understanding, he has created a character that takes a unique place in screen history.

**WILL VISIT CARLSBAD CAVERN THE FOURTH OF JULY**

Mr. and Mrs. Eddie Price, Dr. and Mrs. M. H. Bennett, Misses Mary Price of Lafayette, Ind., Lucille Vawter, Ada Lingo, and R. L. Price and others plan to spend the Fourth of July at Carlsbad Cavern.

Entire poultry flocks have been destroyed by infestation of chicken lice and mites. They always retard the growth and decrease egg production. Fly-Tox kills chicken lice and mites. Spray lightly under feathers of grown fowls, on walls and in nests of chicken house. Do not spray baby chicks. Simple instructions on each bottle (blue label) for killing ALL household insects. Insist on Fly-Tox.—advertisement.

**STEAL HENRY'S AD COPY**

Newspapers received the following wire from N. W. Ayer & Son, Philadelphia advertising agents, who have charge of the Ford Motor Co. publicity:

"N. W. Ayer and Son, advertising counsel for the Ford Motor Co., advise you that a theft has taken place from its offices in Philadelphia of certain preliminary and experimental advertisements in regard to the new Ford car.

"Material used therein which in many particulars is fictitious and imaginative has been issued as authentic news by a news agency.

"N. W. Ayer and Son state that the car is not complete therefore any alleged specifications have no warrant of truth. We hope no newspapers will publish these stories. This is sent to all newspapers in the United States and Canada."

**LEGAL NOTICE**

Notice is hereby given that at the first meeting of the City Commission in July, 1927, which said meeting will be held at the City Hall on the 15th day of July, A. D. 1927 at 8:30 p. m., the City Depository will be selected. Any banking corporation, association, or individual banker doing business in the city desiring to bid for said depository, shall deliver to the City Secretary on or before day of such meeting, a sealed proposal, stating the rate per cent upon daily balances that such bidder offers to pay to the city for the privilege of being made the depository of the funds of the city for the year next following the date of such meeting.

41-St. Louise Middleton, City Secretary, City of Big Spring, Texas.

**Ride 'Em Cowboy!**

**Next Monday is July 4th**

the sixth annual celebration sponsored by the American Legion.

Let's all help to make it a big day, if you will let us fit you in a--

**Hart, Schaffner & Marx**  
"Dixie Weave" Suit

you can dress up and keep cool too. All wool, light weight worsteds and gaberdines in new colors and styles.

New Caps -- Shirts -- Neckwear

Beginning today Van Heusen collars will be sold for 35c or 3 for \$1.00.

**1882 J. & W. Fisher 1927**  
The Store That Quality Built

**344,679 car owners**  
say Buick will be their next car

A general and impartial survey of automobile owners recently conducted by a great organization, shows that 344,679 owners of other cars intend to change to Buick next time they buy a car.

These owners have compared their cars with Buick—performance, in economy, in comfort, luxury and dependability. And they have decided that Buick offers greater value.

Examine a Buick at your earliest opportunity. Find out why so many owners of other cars are changing to Buick every day.

**WEATHER FORECAST**

Washington, June 26.—Herbert Jauvrin Brown, long-distance weather forecaster, who accurately prophesied violent weather disturbances for 1927, now predicts further destruction for the remainder of the year.

An early winter, preceded by killing frosts, more tornadoes, a series of violent West Indian hurricanes, some of which may rival in intensity the Florida destruction last winter; severe hailstorms, cloudbursts, more floods and a markedly cool summer are among Brown's predictions.

The period from June 28 to July 2 will see heavy frosts in portions of the corn belt and as far south as the Ohio and Potomac Rivers, extending to the Atlantic seaboard, Brown warns. This will be followed by "very dangerous frosts" from July 7 until July 11 over the same sections.

Brown prophesies the corn crop for 1927 probably will be the worst on record, the apple crop will be the smallest in many years and late spring frosts and other severe weather abnormalities will cause great damage to other crops.

"There will be abnormal heat, particularly and briefly during July and August, but for the larger areas of the United States and Canada for a large majority of their population 1927 will be written down as a memorably cold, dry year," he forecasts.

In short, Brown predicts the lowest productive agricultural year in the last quarter century. And according to United States Department of Agriculture crop reports his forecasts are running true.

The department's report of June 9 stated the peach crop would be 51.8 per cent normal, early potato crop 68.9 per cent normal, apple crop 57.2 per cent normal.

Latest figures indicate the corn crop for 1927 will be approximately 63 per cent good, the lowest in many years.

Four years ago Brown predicted the Mississippi floods before the House Committee on Agriculture. In that year he foretold 1927 "would witness a return of the conditions of 1816, historically known as 'the year without a summer'."

How his prophecies have earned him the title of champion long-distance weather forecaster is best shown by the steady decline of the corn crop since his remarkable prediction of 1923 before the House Agricultural Committee. — Dallas News.

**USING HEAT TO MAKE COLD**

Gas men are now talking about refrigeration—using gas to make things cold—just as last fall they were, and still are, talking about gas to make houses hot.

Steinmetz, the electrical wizard, several years ago predicted the invention and use of the absorption type of refrigerators in the home. Today there are at least four such types of house refrigerators on the market using manufactured or natural gas and temperatures. These refrigerators have no moving parts and there is almost no noise—nothing that can be heard except a little hissing sound of burning gas. Sounds strange, but it's true.

Making heat produce cold is all in the knowing how. It is like the expert who started a balky engine by hitting it a few times with a hammer. He itemized his bill of \$250.00 as follows: \$1.00 for tapping with hammer and \$249.00 for knowing where to tap.

Gas fired refrigerators do not produce cold—they absorb heat, and what is left is cold. The apparatus contains distilled water, ammonia and inert gas like hydrogen. Knowing the proper combination will do when heated by gas and cooled by water, is the maker's secret—but whatever that may be, the refrigerators work and maintain a temperature ranging within 2 degrees of any desired temperature from zero up.

The many friends of George Mims will be pleased to learn that he has been reinstated as a locomotive fireman on the Texas & Pacific railway. George made his first trip Tuesday morning on eastbound passenger train No. 2, the Sunshine Special.

Mr. and Mrs. Harold Hatch arrived last week from Amarillo and will again make their home in Big Spring. Mr. Hatch has accepted a position with the Rix Furniture and Undertaking Co.

Johnston's candy makes friends last ... Cunningham & Phillips.

We know it's going to rain before long because it never has remained dry always.

**THE HOUSE THAT IS MAN'S OWN CASTLE**

It is a very old principle of law that the majority opinion of the Court of Criminal Appeals sustained the other day in holding that a warrant for the search of property must only be issued on facts and not on belief. But the thing goes further than that. It is a very old protection granted a liberty-loving people against the persecution of intrusion into the home by officers of the law with no better grounds for their act than a mere suspicion that the law is being violated.

It goes without saying that the application of the majority opinion of the court must result in many cases, in the avoidance by guilty persons of the penalties of the law. Indeed, the very case upon which this momentous issue has been decided by the court is one in which the search held to be illegal revealed the evidence upon which conviction was based. But since the theory of government still rests upon the greater good to the greater number, it is better that in one case or many cases guilt should go unpunished than that the constitutional guarantee of the citizen should be invaded to obtain conviction.

That theory unfortunately is not generally shared by those whose official duties reveal to them the difficulties of keeping the peace. Because of those difficulties there is a manifest tendency on the part of the official mind to justify the means for an end. It is not a malevolent theory. It is born of profound conviction of necessity that minimizes the deplorable effects of official error.

The advent of the Eighteenth Amendment has resulted in an urgent necessity of interpreting the rights of search and seizure. Because of the comparative ease with which the prohibition law may be violated, there is a logical stimulation of the use of excessive zeal in going beyond the bounds of law to detect guilt. While in all probability this one law supplies a very great number of cases where legal limitation on search warrants will result in defeating the purpose of the Prohibition Act, that fact can not be accepted as justifying setting aside other legal guarantees to assure the maintenance of this one.

As both Judges Morrow and Hawkins pointed out in their opinions, the Federal ruling on almost the same verbiage in the Constitution has long held that a search warrant must be based upon reasonable information. While the fact is not binding upon the State in enforcing its own laws, it is only reasonable to expect that, since the majority of cases concern identical law violations, the ruling should coincide.

While it is undoubtedly true that the restriction now imposed upon the issuance of a warrant to search will handicap law enforcement, it is equally clear that the lack of it would open the way to a very large number of searches that should not be made. It may be true, as Coke said, that it requires little eloquence to defend the innocent, but sometimes the latter are in need of legal safeguards. — Dallas News.

Good nature or ill is like the loaves and fishes. The more we give away, the more we have. — Labor.

## Oil Man's Advice Is To Get Busy

Urges Citizens to Go After Industries and Enterprises to Supplement Oil Development Here

A successful oil man who recently visited a sister city gave the citizens of that community some good advice and this advice could be profitable to Big Spring folks.

He warned the people not to place too much dependence solely on oil or oil development. There are many other things said he, which would bring a more permanent prosperity to their city. He advised them to take advantage of every opportunity to force the city forward while the oil development was in full swing.

He advised them to go after new railroads, pipe lines, and refineries. Go after gas so you will have a cheap fuel and be better able to land manufacturing plants, cotton mills or other factories to handle the products of the section. Do not overlook the little factories for oftentimes they grow into large ones and are worth much to the community.

He also urged the taking up of every proposition that will help the city from a tourist standpoint. Encourage the establishment of swimming pools, amusement parks and AI camps.

While folks are being attracted to the city on account of the oil development is a good time to interest them in other propositions the city has underway. Then too, while the oil excitement is at its height it is easy to attract capital to our city and easier to persuade capital to take a chance. Folks are like sheep—they want to follow a leader—and when a buying or investing movement is started they all want to get in on it; and the higher prices go the more eager are they to get their feet wet.

Big Spring has the opportunity of a life time in putting over such a program; and right now, while there is a lull in the oil development is a fine time to lay plans to promote our home town when oil development gets in full swing again.

Most of us have taken the attitude that we were "sitting Jake" because we have a thirty mile, or more, oil field right at our door, but any thinking person can see that the advice given to our neighboring town will be good advice for us to follow.

Then too, we have but to glance at other towns which made no effort to secure other industries or enterprises, depending solely on oil, and they are anything but prosperous communities today.

Take the tip and let's go after everything which will help promote the growth and prosperity of Big Spring and let us do this before it is too late. When things get in high this Fall is a good time to put our plans over.

### HEADACHES

Your eyes are probably the cause—see Dr. Geo. L. Wilko, Registered Optician, for a free examination.

Mr. and Mrs. J. T. Hayden and Mrs. Walter Gowsell of Los Angeles, Cal., arrived Thursday morning for a visit in this city with relatives and friends. Mrs. Hayden and Mrs. Gowsell are sisters of T. E. Jordan.

Kasch's Plumbing and Electric Shop—moved to 107 Gregg—Phone 167—advertisement.

B. O. Jones left Monday night for a business trip to Dallas.

### PECOS VALLEY CROPS IMPROVE AFTER RAINS

Cotton in all sections of the Pecos valley is doing fine, according to local farmers who have made a close survey of the situation within the past few days. The warm weather and rains have started the cotton off in great shape, according to this survey and the outlook is now bright for a great crop.

Alfalfa is also making a record growth and four cuttings everywhere and five in a number of districts is now assured. Corn, and various other grain crops are in excellent condition. In short, the farming industry in the Pecos valley never looked better and prospects for bumper crops next fall were never better.

Rains in the Carlsbad area and flood waters in the Pecos river have done wonders for the crops in the Carlsbad project and the outlook there is bright as it is in other parts of the valley.

Garden stuff is coming ahead satisfactorily and the outlook is for a big melon, tomato and general garden crop.

Apples are still in excellent shape and there will be more peaches in the valley than expected several weeks ago.—Roswell (N. M.) Record

**MATTY MATSUDA**—The Peerless Jap, welterweight champion of the world, who will appear in Big Spring in early July.

# Church of Christ Meeting

Evangelist G. A. Dunn of Dallas

Evangelist G. A. Dunn of Dallas will be present at a series of Gospel services at the Church of Christ tabernacle, July first. He is a scholar and you will be able to hear him quote scripture and the gospel in its purity. He will give a logical and convincing reason for every statement he makes from the Bible. If you want to hear him, come and sing with us. You are especially invited to come and bring your friends.

R. M. Morgan, one of the best singers in the state will be present to direct the song service — if you like to hear good singing be on hand. If you like to sing, come and sing with us. You are especially invited to come and bring your friends.

Church of Christ.

**BIG WINS SUNDAY**  
**FROM BIG LAKE**

Big Spring was defeated by Big Lake here last Sunday in a game that proved to be a close one. Big Spring was leading with a 7 to 4 count until the sixth inning when Big Lake scored three runs and pushed the score to 7 to 4. The winning run was scored by Gressett in the seventh inning. Baber was relieved by Big Spring with all no outs and went the way allowing only one run.

A small crowd attended the game Wednesday due to a close exhibition was played between San Angelo and the Big Spring team finally ending in the

## GARDEN CITY NEWS

The Presbyterian and Methodist meeting is progressing nicely. The spirit of God has been manifested. Six have joined the church. There will be a baptizing Wednesday afternoon.

Fred Chaney's son who was bitten twice by a rattlesnake last week is doing nicely. He was given the snake serum by Dr. Everett at Sterling City.

Frank Ramsell was called to Big Spring Tuesday on account of the illness of his brother, John.

Mrs. Geo. Donaldson is visiting her brother, John Ramsell and sister, Mrs. Katie Loudamy at Big Spring.

Mrs. A. Buggs and two daughters and Grandpa Humble of Big Spring were down attending the funeral of Harry Calverley.

Emzy Clark and Felix Cox of Christoval made a flying trip to Phineas Cox this week.

Uncle Eck Hutchinson has been on the sick list the past week.

Dr. Clark returned from Christoval where he had been visiting his son Emzy Clark.

We are glad to report that Mrs. Clark is improving from her serious illness.

Mrs. Hanson and Mr. and Mrs. Bill Bigby were shopping in Big Spring this week.

The Garden City mail carrier, Pete Underwood, was walking the streets in Garden City Friday and Saturday while Mr. Hull worked for him a few days.

Johnnie Underwood was spending Saturday and Sunday with Tump and Katherine Hanson.

Most of Garden City people were seen at Stiles at the barbecue. It was reported that they had a great deal of good barbecued meat, and a good time.

Mrs. W. B. Currie was visiting her parents Mr. and Mrs. T. R. Long Monday.

Mr. and Mrs. Carl Young and their daughter from Dallas are visiting her parents, Mr. and Mrs. C. T. Hightower.

Mrs. Lucy Randall is attending the Baptist Workers Conference at Knott.

Mr. and Mrs. Stephen Currie have returned from Corpus Christi and report a wonderful fishing trip.

Mrs. Velma Bolor and her three children from Brownwood are here visiting relatives.

Mrs. Winnie Jordan is visiting her parents here this week.

Mr. Billie Long from Bullard is spending a few days with his brother T. R. Long.

Garden City was saddened late Sunday afternoon, June 26, by the sudden death of Harry Calverley. He was operated on Friday for appendicitis which proved fatal. Harry was the son of Steve Calverley and was 21 years old, and had lived in Glascock County all his life.

We feel that we have lost an honorable citizen and a good friend. He will be missed by all who knew him.

He was an obedient son, a loving brother and a devoted husband. He leaves a wife and baby girl, a father and step-mother, two sisters, two brothers, his grandparents Mr. and Mrs. Humble, and a host of relatives and friends to mourn his death.

It is true his going away will be a grief to the ones he left behind but they bow in humble submission to God who doeth all things wells, and they will always remember Harry's words when he said: "Come on grandpa let us go up."

Funeral services were conducted Monday at the Presbyterian Church by Bro. A. M. Pleasant and the body was laid to rest in Garden City cemetery. Reporter.

Col. H. B. Oursler of Ponca City, Okla., a high official of the Marland Oil Co., was a business visitor in Big Spring the first of this week.

Mr. and Mrs. Creath Harvey and daughters, Silvia, Virginia and Mrs. Randolph Morehead and sons, George and Merrick of Abilene, are visiting Mr. and Mrs. James Campbell and A. J. Campbell.

Jos M. Fisher, W. B. Currie, Tom and Robert Currie and Mr. and Mrs. James Currie attended the Calverley funeral in Garden City Tuesday afternoon.

A wonderful line of Wrist Watches to select from for the graduate — at Wilke's Jewelry & Optical Shop.

### MISS LILLIAN GRAY TO OPEN BEAUTY SHOP IN THIS CITY

"The Bobbie Beauty Shoppe" is the name given to the new beauty parlor which is being opened in the balcony of the C. & P. Drug Store No. 1 by Miss Lillian Gray. Miss Gray has announced her opening for Saturday, July 2, and invites all friends, old and new, to visit the new shop on the opening day.

Mrs. Ruth Edwards, formerly with the Tonsor Beauty Shop, is to be the operator at the Bobbie and her former patrons will be pleased to learn that her expert services can again be secured.

Miss Gray, formerly with the Mabelle Beauty Shoppe is a good operator and has a long line of satisfied customers. She will have a most up to date and moderny equipped shop and all the services of a beauty shop such as shampooing, marcelling, water waving, facials, manucures, etc. will be given here.

You are invited to attend the opening on Saturday, July 2.

### JOY IN LIFE'S COMMON THINGS

Because it reveals such a range of enthusiasm for the everyday things of life that surround the homes of rich and poor alike, many readers will enjoy the following prize letter which comes from a reader in Wise County, Texas, whose name is withheld by request:

"Like Paul, I have known how to be abased and have also known the comfort of moderate abundance. Whether in a poor rented home or in a good home of my own, always there has been some special beauty-spot that made life richer for me.

"In a home of my early childhood there was a patch of wild morning glories that looked as if a rainbow had been broken there and its lovely fragments scattered over the ground. At another home there was a spring hidden among cat-tails and alders where hundreds of yellow-splotted blackbirds came chattering in the late afternoon. Then a summer when every morning a mocking bird perched in a hackberry tree by the porch and poured out enough rollicking music to waken half the world.

"Years later a half-circle of willow trees was the most comforting bit of nature that ever blessed my life. After long, hot days were over, rays scorching and destroying the fruits of weary toil, I have watched the red sun sink behind the willows, relieved to escape its heat and to feel the repose of night come to every tired creature. The south wind would bring up to me that smell of wet river banks and green trees, satisfying as a breath from paradise. I knew then why my Creator had His Psalmist say: 'He maketh me to lie down in green pastures! He leadeth me beside the still waters.'

"There are sunrises for the busy; the storm's awe for the thoughtful; the call of the ocean for the wanderer; and the peril of jungle and thunder of waterfall for the adventurous—something in nature to answer each need. I like to think that God places us where some manifestation of His handiwork keeps us ever remembering that He lives."—The Progressive Farmer.

### SAYS EAST EL PASO DANCES KEPT CLEAN

Dancing is a matter which should be left up to each individual conscience and his God. This is the position of Rev. U. S. Crowder, pastor of the Orchard Park Methodist Church, stated Sunday night in his sermon on "East El Paso's Places of Amusement."

The pastor said that he did not dance. "I have investigated both amusement places in this end of the town," said the minister, "and I must say that I have not been able to discover anything of an immoral nature at either place."—El Paso Herald.

Mrs. S. P. Moore and daughter, Sue, of San Antonio were the guests of Mr. and Mrs. C. W. Cunningham a few days last week.

## CRIME AND THE AUTO

Police Chief Kessler of Houston, veteran peace officer, runs a risk which most practical men of the law studiously avoid when he ventures into an analysis of the causes of the increase in crime. Chief Kessler is liable to find himself pointed out as a criminologist, which undoubtedly would ruin his standing as a police chief.

As to the causes which Chief Kessler enumerated before the convention of the Texas Police Chiefs' and City Marshals' Association in session in Fort Worth, they are few enough in number to allow concentration in discussion. Automobiles, liquor and the dereliction of parents loom largest in his analysis, presumably these in the order named. Liquor we have had with us always, and, supposedly, heretofore in larger quantities. Parental control has never been a complete nor universal thing. If Chief Kessler's list is all-inclusive of the major causes of the crime increase, it appears that the automobile is left to bear the lion's share of the onus.

There is no doubt that the automobile has become a factor in crime. It has, indeed, become a factor in almost every human manifestation. It is a factor in the home life, it is a factor in the economic life of this Nation. If it is also so much of a factor in crime that we have a special problem on its account, we are helped in our efforts at control by the knowledge that it is a permanent factor. We can't abolish the automobile. Our job is to curtail its usefulness as an adjunct of crime.

And this is no small job, as police experience throughout the country has taught us. Most States have proceeded farther in their efforts to reduce the advantage which the automobile gives to criminals. Such things as drivers' license laws, with strict provisions for various certifications of the eligibility of applicants theoretically afford protection to society against the criminal. But practically it is not found that these States have a better crime record than does Texas, which has no drivers' license law.

The reason why the better laws of other States afford comparatively no more protection may be either that their people are worse than Texans, or that the laws are not properly administered. The latter is the more probable, however high we may rate the lawabiding qualities of the people of this State. It is obvious that if the law denying use of automobiles to criminals were enforced there would be more people in jail for violating that law, because a great many of the crimes in which automobiles are used are committed by "repeaters" who are ineligible to operate automobiles under the license law.

The work of law enforcement has become a vastly complicated one in these latter days. We have so many laws and so large a part of the police personnel is required for the enforcement of some which, while not important from a criminological standpoint, must nevertheless be enforced, that there is little room on the police program for those special activities that would seem to be indicated by the special need in the new situation. While we are making sure that no citizen who parks overtime goes unscathed, we are failing to keep the jump on the automobile criminal. —Fort Worth Star-Telegram.

### J. T. PARRISH MAKING IMPROVEMENTS AT SHADY REST CAMP

J. T. Parrish has recently added a row of modern cabins at Shady Rest Tourist Camp on the Bankhead Highway east of Big Spring. Five cabins, each with a space for an automobile adjoining, were provided and will increase his accommodations just that much.

Mr. Parrish is constantly adding to and improving Shady Rest Park and is going to have one of the finest tourist parks along the highway.

### ATTENDING FAMILY REUNION

Mrs. E. H. Happel and daughter, Katherine; Mrs. Mildred Jones and Mrs. Maggie Cox of California left Monday for a visit with relatives and friends in Pecos. These three sisters will attend a family reunion while there, where the five children, four girls and one boy, will be together for the first time in a number of years.

### WORKING TO SECURE REFINERY

Correspondence has been received from two or more companies that might be interested in establishing oil refineries in Big Spring but it may be necessary to wait until the price of crude advances before we can interest the refinery men in this project.

BATH SOAP, SIX BARS FOR FIFTY CENTS. . . CUNNINGHAM & PHILIPS.

### NOTICE

WHEREAS, The City Commission of the City of Big Spring, Texas, deems it advisable to issue bonds of the said City for the purpose herein-after mentioned:

THEREFORE BE IT ORDERED BY THE CITY COMMISSION OF THE CITY OF BIG SPRING, TEXAS, that an election be held on the 2nd day of August, A. D. 1927, at which election the following proposition shall be submitted:

"Shall the City Commission of Big Spring, Texas, be authorized to issue bonds of the City of Big Spring, Texas, in the sum of FORTY THOUSAND (\$40,000) DOLLARS for the purpose of improving and paving streets of the City of Big Spring, Texas. Said bonds to mature serially at such times as may be fixed by the City Commission of said city, not to exceed forty years from their date, and to bear interest at the rate of five per cent per annum, payable semi-annually, and to levy a tax sufficient to pay the said bonds at maturity, and to pay the semi-annual interest as the same becomes due, as authorized by Chapter 1, Title 22, Revised Civil Statutes of 1925, Article 823, Revised Civil Statutes of 1925 and the Constitution and Laws of the State of Texas."

The said election shall be held at the City Hall in the City of Big Spring, Howard County, Texas, and Fox Stripling, Presiding Judge, and L. S. Patterson and Dan Painter, Judges, and J. W. Bonner and R. L. Cook, Clerks, are hereby appointed election officers and managers with full authority and power under the law as such.

The said election shall be held under the provisions of Chapter 1, Title 22, Revised Civil Statutes of 1925, Article 823, Revised Civil Statutes of 1925 and the Constitution and Laws of the State of Texas, and only qualified voters who are property taxpayers of said city shall be allowed to vote.

All voters who favor the proposition to issue the bonds shall draw a line through the phrase "Against the issuance of bonds," leaving the phrase "For the issuance of bonds," unscratched, and deposit the same with the presiding Judge of the said election as a vote in favor of the proposition.

All voters who desire to vote against the proposition to issue the bonds shall draw a line through the phrase "For the issuance of bonds," leaving the phrase "Against the issuance of bonds," unscratched, and deposit the same with the Presiding Judge of the said election as a vote against the proposition.

The manner of holding said election shall be governed by the laws of the State of Texas regulating General Elections.

A copy of this order, signed by the Mayor of the City of Big Spring, Texas, and attested by the City Secretary of said City under the seal of said City, shall serve as proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted up on the door of the City Hall in said City, and at three other public places within the City limits of Big Spring, for at least thirty full days prior to the date of said election.

The Mayor is further authorized and directed to have said notice of election published in some newspaper of general circulation published in said city, and which notice shall be published once each week for four consecutive weeks, the date of the first publication being not less than thirty full days prior to date of the election. (8)

Passed and approved this the 28 day of June A. D. 1927.

R. D. MATTHEWS,  
Mayor, City of Big Spring, Texas.  
Attest: Louise Middleton,  
City Secretary, City of Big Spring, Texas.

"What's your idea of a real optimist, Fred?"

"The man who thinks a pair of \$6 shoes will look as well, wear as well and be as generally satisfying as a pair of Smith Smart Shoes."

**MATSUDA TO DEFEND HIS TITLE AND BELT HERE SHORTLY**

Matchmaker Sam Faust has contracted with Matty Matsuda, the Peerless Jap of San Angelo, to defend his welterweight title and his \$10,000 belt in a world's championship match here within the next thirty days.

Faust has not named Matsuda's opponent and will not until he has tried out several of the contenders, but predicts that Mike Reid or Billy Hallas will be the lucky boys with Rough House Dutch Muntell pushing the two boys for the honor. Billy London, the local boy has been eliminated from the contest as Matsuda refused to meet him for some unknown reasons. London however, wants the chance and will not let the Jap rest until he comes out with his reasons.

Watch for the date and the \$10,000 belt will be on exhibition at the Chocolate Shoppe several days prior to the match.

**PRESBYTERIAN AUX. NOTES**

The regular business meeting of the Women's Presbyterian Auxiliary will be held at the church Monday afternoon at 4 o'clock for the regular Bible study. The lesson will be the second chapter of Luke, and Mrs. Leslie Dahme will be leader. All of the women are cordially invited to be present.

Mr. and Mrs. P. E. Eason of Dallas visited Mr. and Mrs. I. J. Robb in this city this week.

Mrs. W. E. Carnrike who has been on the sick list is reported to be improved this week.

**MARRIAGE LICENSES**

Lloyd Branon and Miss Juanita Roberts, June 23; J. W. Willard and Miss Lillie Mae Hess, June 24; Valentine Villarreal and Jesus Razo, June 25.

Mr. and Mrs. Bill Kenney will be in charge of the Springman Rooming House during the absence of Mr. and Mrs. Springman who will leave Saturday morning for a two months auto trip thru the northwest.

R. B. Penn, drilling contractor for the Penn well on the Edwards ranch, left Sunday night on a business trip to Dallas.

**SPECIAL NOTICE**

The Grand International Auxiliary to the Brotherhood of Locomotive Engineers will meet in the W. O. W. Hall the first and third Thursday afternoons at three o'clock.

Mrs. M. Weisen, President

Mrs. F. A. Clarke of Washington, D. C., is visiting her daughter, Mrs. I. J. Robb.

Mrs. J. R. Rysinger and daughter have moved to Big Spring from Tahoka to make their home in this city.

Folks can find just as fine entertainment right here at home on July Fourth as they can anywhere on the globe. Spend July 4 in Big Spring.

Summer tonic... Hypophosphites... Cunningham & Phillips.

The J. R. Copeland residence on Douglas street is undergoing improvements this week.

Mr. and Mrs. I. J. Robb, Mr. and Mrs. P. E. Eason of Dallas, Mrs. F. A. Clarke of Washington, D. C. and Miss Boone Gilmore left this morning for a few days visit in El Paso.

Smoke a summer pipe... Cunningham & Phillips.

Mrs. Zack Mullins and children returned Sunday from a week's visit with relatives in Dallas.

Mr. and Mrs. T. Paul Barron of Midland were the guests of Mr. and Mrs. W. F. Fabrenkamp in this city Sunday.

Velma O'Quinn of Goldwalth is a visitor in our city, the guest of her sister, Mrs. G. R. Smith.

Ed M. Mobley of San Angelo was greeting old time friends in this city Wednesday. Mr. Mobley is head of the Claim Department of the Texas Mexico and Orient railway. He has held an important position with the Orient ever since the left Big Springs. Mr. Mobley is a former sheriff and tax collector of Howard County and has a host of warm friends here.

**PARTY GIVEN FOR LITTLE MISS UNA DOROTHEA CAMPBELL**

On last Saturday evening at the hours of 5 until 7 a host of friends gathered at the home of Mr. and Mrs. James Campbell to be entertained by Mrs. Campbell. A lot of games were played on the lawn. Each little guest registered as they arrived.

Una Dorothea was the recipient of some lovely gifts. At the refreshment hour the guests were invited into the dining room to view the birthday cake, with eight candles. The little one had a part in cutting the cake. Lorraine Greaves got the thimble; Darell Boren Jr. got the button; Eleanor Barnest got the ring.

Dixie cups and cake were served the guests. Small, curly caps were the favors given.

Those attending this happy occasion were: Jack Cook, Darell Boren Jr., Ervin Boren, Leon Pearce, Gordon Buffington, Harold Talbot, Ross Hammond, Edward Johnson, Buster Tripp, Harold Neel, Lorraine Greaves, Ruth Arnold, Dollie Marie Ryan, Lovie Ryan, Eleanor Burns, Betty Jean Fisher, Junia Johnson, Will Lou Tripp, and the honoree.

Juanita Cook and Lillian Crawford assisted Mrs. Campbell in serving refreshments. Some of the guests that were invited were out of town.

**\$50.00 REWARD**

A reward of \$50.00 will be paid for the arrest or conviction of the party who took a suit case kit of tools from the Wilke job in the south part of town Monday night, June 27.

Following is a list of things contained in the suit case tool kit made by Wedell and Boers, Detroit, Mich.: 4 Adkins hand saws; 1 hack saw; brace and set of bits. "T. G." was stamped on the following tools with steel stamp: several wood chisels, 1 framing square, 1 hammer, 3 planes, 1 level, 1 rig ax, 1 shingling hatchet, 1 aluminum bench vice, 1 star drill, 1 extension bit shank, 1 saw clamp and set, 1 butt gauge, 1 combination mitre square, 1 bevel square, 2 dividers. Notify C. E. SHIVE or T. G. WOOD.

Miss Lorraine Pate arrived Wednesday for a visit in this city with her sister, Mrs. B. B. Fox, other relatives and friends.

**Different Methods of Cooking Eggs for Table**

The temperature of cooking affects markedly the consistency of eggs. Lower temperatures coagulate the white into a tender, jelly-like mass and allow the yolk to remain soft. Eggs so cooked are considered to be more easily digested than those toughened and hardened at higher temperatures, and for this reason codding, rather than boiling, is recommended as a way of cooking eggs for children and persons of delicate digestion. Different methods of handling can also greatly change the consistency and appearance of egg dishes. Stirring while cooking, for example, makes scrambled eggs, and beating air in before cooking the fluffy omelet. In souffles, cakes and other baked products eggs act as binders and serve as a means of incorporating air for leavening. In sauce, cream fillings, custards, candies and icings eggs thicken the mixture and give smoothness of texture. In salad dressings they are the common emulsifying agent. Their adaptability to a wide variety of uses therefore, as well as their high nutritive value, make eggs one of the most popular foods the world over.

Let us repair your flash light... Cunningham & Phillips.

**Pan Broiling a Steak**

In pan broiling a steak, the pan is heated very hot and is greased over lightly by wiping with a piece of suet so that the meat will not stick. Using a large amount of grease toughens the outside of the steak and does not increase the juiciness of the inside, says the United States Department of Agriculture. The steak is placed in the hot pan and seared first on one side, and then on the other quickly. After the steak is seared, the heat is reduced and the broiling proceeds more slowly. The meat must be turned frequently to prevent burning. Care should be taken not to pierce the crust which has formed lest the juice leak out. This method of cooking is used with juicy, tender choice cuts.

**WILL SPEND THE FOURTH AT CHRISTOVAL, TEXAS**

A group of young ladies and gentlemen are planning to spend the week-end in Christoval, leaving Saturday evening, returning Monday. Those included in this party are: Misses Beralee Waggoner, Louise Howard, Virginia Barnest, Helen Hayden, and Frank Hefley, J. W. Middleton, Edmund Notestine, Buell Cardwell and Chas. Heich.

## Attend American Legion Celebration in Big Spring Monday, July 4th

### Luncheon Club Entertain Oil Men

Members Attended Meeting Given by the Oil Men Who Are Meeting in This Territory

Last week's meeting of the Wednesday Luncheon Club was well attended and a number of oil men guests on this occasion.

The first two are the extremely capable young secretaries, and the rest a bunch of livewire, efficient teachers.

During the first six months in our new quarters a careful and consistent effort was made to have the classes conform to the regular requirements of a graded Junior course.

At the close of this past quarter Miss Marian McDonald presented one of her pupils, Dollie Denton, a beautifully bound copy of the New Testament and Psalms as a reward of merit for labor faithfully performed.

The members of the Pioneer Bridge Club were most delightfully entertained in the home of Mrs. H. D. Hilliard last Wednesday afternoon and at this meeting four tables of players were entertained.

Mrs. Alex Roberts and brother, Jed Henry came over from Givrin Friday to visit their brother, Elmo "Dutch" Henry, who underwent an operation for the removal of his appendix last week.

### NOTES FROM JUNIOR DEPT. OF METHODIST SUNDAY SCHOOL

A notable gain in interest and numbers is evident in our Junior Department since our year's progress in graded literature. In August, 1926, we moved into our delightful quarters in the second story, rear, of our new church building.

The first two are the extremely capable young secretaries, and the rest a bunch of livewire, efficient teachers.

During the first six months in our new quarters a careful and consistent effort was made to have the classes conform to the regular requirements of a graded Junior course.

At the close of this past quarter Miss Marian McDonald presented one of her pupils, Dollie Denton, a beautifully bound copy of the New Testament and Psalms as a reward of merit for labor faithfully performed.

The members of the Pioneer Bridge Club were most delightfully entertained in the home of Mrs. H. D. Hilliard last Wednesday afternoon and at this meeting four tables of players were entertained.

Mrs. Alex Roberts and brother, Jed Henry came over from Givrin Friday to visit their brother, Elmo "Dutch" Henry, who underwent an operation for the removal of his appendix last week.

### MISS LOIS JOHNSON OF FORT WORTH HONORED AT TEA

The visit of Miss Lois Johnson of Fort Worth with relatives and friends in this city, occasioned a very pretty affair last Friday afternoon.

Colorful summer blossoms adorned the rooms of the home, where some twenty-five guests assembled to meet the attractive guest and to exchange friendly bits of conversation.

At the tea hour the guests were invited into the dining room, where from an attractively rose bedecked table tempting plates holding stuffed tomatoes, assorted sandwiches, sweet pickles, wafers, punch and mints were passed.

Adieus were said by the guests to the hostess and honor guests.

### MRS. N. I. DALTON OF MIDLAND HONOR GUEST AT MEETING

Mrs. N. I. Dalton of Midland, mother of Mrs. J. A. Myers was the honor guest at the regular meeting of the Coffee Memorial Class of the First Methodist Church.

This proved to be a most enjoyable affair for all the members, as well as for the honor guest.

### SUNDAY SCHOOL CLASS ENJOYS PICNIC TUESDAY EVENING

Mrs. Bertha Smith most delightfully entertained the members of her Sunday school class of the First Christian Church on Tuesday evening with a picnic.

Those attending were: Wendell Parks, Roger White Jr. of Amarillo, Lorene Crenshaw, Lula Belle Crenshaw, Anna Bell Coots, Jewel Caultie, Fay Runyan, Hazel Smith, Joe John Gilmer, Bonnie Wingo, Christine Wingo, R. H. Miller, Laverne Toler, Mary Louise Hankman, Dewood Bailey, Francis Bledsoe, Maurice Bledsoe, Catherine Bailey, Ed Cafery.

### PIONEER BRIDGE CLUB GUESTS OF MRS. HILLIARD

The members of the Pioneer Bridge Club were most delightfully entertained in the home of Mrs. H. D. Hilliard last Wednesday afternoon and at this meeting four tables of players were entertained.

In the interesting card games of the afternoon high score was made by Mrs. W. W. Inkman and Mrs. F. H. Etheridge of Los Angeles, Cal., made visitors high score.

Mrs. N. I. Dalton of Midland visited her daughter, Mrs. J. A. Myers, in Big Spring this week.

### SAWYER-KENNEDY WEDDING SOLEMNIZED IN EL PASO

Miss Hazel Kennedy, daughter of Mr. and Mrs. J. R. Kennedy, became the bride of J. D. Sawyer of Redondo Beach, Cal., son of Mr. and Mrs. W. G. Sawyer, at a ceremony solemnized by Dr. T. V. Neal at First Baptist Church yesterday evening at 7:30 o'clock.

The bride's wedding costume was of Elizabeth crepe, trimmed with shells and pearls, and her veil was caught with orange blossoms.

The bride entered on the arm of her father, who gave her in marriage, John Woodley, was best man, and Clinton Burke and Haskell Hatfield attended as groomsmen.

A reception for the bridal party and a few close friends of the family at the Kennedy home, 1400 Wyoming street, followed the wedding.

The bride is one of three daughters of Mr. and Mrs. Kennedy. Her sisters are Mrs. John Woodley and Mrs. Battle and her brother is Dr. H. H. Kennedy of San Angelo.

Mr. and Mrs. Sawyer will leave today for Redondo Beach, where they will make their home.

### ENTRE NOUS BRIDGE CLUB GUESTS OF MRS. TOM ASHLEY

Around tables of dainty appointments the members of the Entre Nous Bridge Club assembled on Thursday afternoon and were guests in the home of Mrs. Tom Ashley in College Heights addition.

In the series of interesting bridge games of the afternoon Mrs. Mattie Galloway made high score among the club members and Mrs. Maggie Cox of California, made visitor's high score.

At the tea hour dainty refreshments in two courses were served to the two tables of players.

### EASTERN STAR WILL HAVE MEETING TUESDAY EVENING

The regular meeting of the Order of Eastern Star will be held Tuesday evening, July 5 in the Masonic hall, beginning at 7:30.

### DANCE AT SKATING RINK

"Bobbie's Play Boys," a 7-piece super dance orchestra of Sweetwater, furnished the music for the dance at Miller's Skating rink, one mile north of Big Spring Wednesday evening.

Everyone in attendance reports a good time.

### GERMAN DANCE AT SKATING RINK MONDAY MORNING

A German dance will be given at the Miller Skating rink 1 mile north of town Monday morning, July 4.

A cordial invitation is extended everyone to attend.

### REVIVAL MEETING AT FIRST CHRISTIAN CHURCH

JULY 10-24

A. B. McReynolds, evangelist, will do the preaching. The Cameron (Texas) Enterprise said: "He has plenty of pep and enthusiasm and is a real go-getter."

Southwestern Oregon News said: "The largest crowd ever assembled at the Christian Church heard A. B. McReynolds deliver his lecture on 'The Most Horrible Sin in the World.'"

The Morning Sun, Yuma, Ariz., said: "He drew larger crowds than any revival held by any church in the city in the past twenty years."

### Miss Annabell Hall Will Lead the Singing

Miss Hall was voted the finest voice in Texas Christian University out of 1500 students. She has been on the air broadcasting over the radio many times.

Services will begin each evening at 8:15-sharp by the church clock. You will be in your place early because you will not want to miss so great a song feast.

Daily Vacation Bible school will run through the meeting. Bible school will begin at 8:15 and close at 10:30.

### HARRY P. CALVERLEY DEAD

It was with deep sorrow that news of the death of Harry P. Calverley of Garden City was received by relatives and friends.

The body was taken to Garden City Sunday night for burial. Funeral services were conducted Monday afternoon and a large group of sorrowing friends accompanied the remains to the final resting place.

Deceased, 21 years, 3 months, 26 days, was the son of Mr. and Mrs. Steve Calverley, prominent citizens of Glasscock County. He was born and reared to young manhood in that community and everyone who knew him loved and admired him.

Because of his kind nature and big heart he had a host of friends both young and old, who sincerely mourn his death.

Surviving him is his devoted wife and baby, his parents and other near relatives and to these sorrowing ones deepest sympathy is extended by their friends throughout this community.

Mrs. B. F. Willie after a few days visit in this city with Mrs. John Clarke and other friends, returned to her home at Van Horn Wednesday morning.

Mr. and Mrs. Wm. Battle and son, returned this week from El Paso where they had been to attend the wedding of Miss Hazel Kennedy and J. D. Sawyer on Saturday evening, June 24.

### Chautauqua A Big Success

Splendid Programs Twice Daily for Six Days—Is Said to Be Best In Number of Years.

A week of joy was brought to a close last evening with "The Firefly," a comic opera, bringing to an end this year's Chautauqua program, which has been declared by many to be the best that the Redpath-Horner circuit has offered in a number of years.

The entertainment features of Chautauqua this year were strong, and varied enough to appeal to every different personality. Some of the entertainers will long be remembered for their information, fun and inspiration.

The entertainers, Evelyn Gaston, who read "My Lady's Dress," Joy Johannes, and the lecturers, Chas. H. P. Plattenburg, humorist and community enthusiast; A. B. MacDonald, one of America's foremost authorities on vocational guidance; and Irene Tihen, specialist on diets and girl athletes, are some of the people who brought joy and wholesome entertainment during the week and will long be remembered.

### SING-SONG PROGRAM

For Sunday, July 3 at 8:00 p. m. at the Church of God, Main and Tenth streets.

Everyone is invited to come and enjoy this splendid musical program. All who have parts on the program are urged to be present promptly at 8:00 o'clock.

- Music Director—C. C. Nance. Opening Song—Director. Prayer—W. R. Purser. Two songs—W. A. Prescott. Two songs—P. A. Pittman. Special song, arranged by Mrs. J. W. Marchbanks. Two songs—Errot Nance. Two songs—Mr. Kinard. Two songs—Truett Thomas. Solo—Mrs. J. Fred Whitaker. Two songs—Dewey Covington. Duett—Misses Hazel Nance and Nora Pearl Marchbank. Two songs—Steve Baker. Special Song arranged by Mrs. W. H. Forrest. Closing songs—W. R. Purser.

### FIRST CHRISTIAN CHURCH

Services Sunday, July 3. Bible school 9:45 a. m. Watch the red line. Every person in the Bible school will affect the Big Chart and will make a big change on the individual class chart. Are you coming? Sure. 11 a. m. Communion. As oft as Ye do this ye show forth the Lord's death till he comes again. 1:15 Morning sermon. Add on Your Part. See sermon illustrated. 2:30 p. m. Junior Endeavor. 7 p. m. Senior Endeavor: Our Government and Me. 8:15 Evening worship: Wages of Sin is Death. Coolest auditorium in town.

# The Big Spring Herald

BY T. E. JORDAN

\$2.50 A YEAR OUTSIDE COUNTY  
\$2.00 A YEAR IN COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, May 3, 1897.

Big Spring, Friday, July 1, 1927

**NOTICE TO THE PUBLIC:** Any erroneous reflection up the character, standing or reputation of any person, firm, or corporation, which may appear in the columns of this paper, will be gladly corrected upon its being brought to attention of the editor.

Are you all set for the American Legion's big Fourth of July Barbecue and Celebration?

After all, a man's conscience is the judge which shall assess the punishment for his transgressions.

The improvement work to be carried out by the Southwestern Bell Telephone Co. will give employment to quite a few men.

Pay your bills promptly if you wish to keep your credit good. A man who dodges those he owes will soon be unable to obtain credit.

There are a number of big propositions we should be working on if we want Big Spring to continue to keep moving forward.

There is only about one drink of bootleg hooch difference between a present day drunk and a lunatic. We would feel a trifle safer in the company of the lunatic.

Hotel and restaurants, for the benefit of the patrons, should warn late arrivals of the no parking ordinances and also have signs posted in their places of business conveying this information.

It's going to be a race between independent oil operators from Wichita Falls, Texas, and Tulsa, Okla., as to which is going to get the choice acreage in the producing area in Howard County.

With the dry weather, and the slump in development there is no getting around the fact that the old town ain't as busy as she "used to was." We may expect a couple of dull months but busy times this fall.

Several of the major oil companies are seeking the same tracts of land in the semi-proven area and as a result the land owners are going to profit. Since the big oil companies are able to stand the gaff we are glad to see the land owners get the coin.

We may expect another inrush of oil men when the powers that be decide it is time to boost the price of crude oil. Howard County offers the greatest opportunities to the oil operators who are in the game to make money.

Big Spring is not trying to put on city airs or work a hardship on anyone. Any thinking person can readily see that it is necessary to keep the streets clear of automobiles at certain hours so the streets may be cleaned.

Should the Martin and Gular tests prove commercial wells old Howard County will go down in the records as a whopping big oil field. The major companies are banking rather strong on these tests proving another oil pool or two in this county.

Farmers of Howard County learned the cost of paying high prices for harvesting cotton last year. The more cotton they harvested the poorer they were at the end of the season. It would have been money in their pockets to have left the cotton in the fields.

It is quite evident that no bumper crop is going to be made in Howard County this year. It is to be hoped, however, that those who are fortunate enough to make fairly good crops will get a decent price for same. No high prices for harvesting should be paid this year.

We need a parking place to replace the old fashioned wagon yard. As our city grows and more automobiles are put into service, limited parking on the streets becomes necessary. It would be well if the city could purchase a block of land near the business district to be used as a free parking place.

We can't see everything alike, and there is no use flying into a rage just because we can't make the other fellow see it our way. It might not be a bad idea to let him have his way for a spell and if his idea is wrong it cannot be continued. "You can't fool all the people all the time."

We doubt if a Philadelphia lawyer can keep up with the flood of laws our legislators are turning loose. Some of these days folks are going to become sick and tired of paying for all this bunk, and put over the program of fewer and better laws.

We have everything needed to make a sizable city right here in Big Spring—that is all the natural advantages. We do need more men of vision and men who are willing to put up some money to bring needed industries to our city.

As soon as plans and specifications have been prepared for the viaduct across the railway tracks on Gregg street we will have something to work on. The cost of this project must be ascertained before steps to raise the necessary funds can be taken.

If everyone patronized the mail order houses in preference to the local business men we would not have much of a city. Mail order patrons may save a few pennies, but the home town is losing and in the long run these mail order folks pay their part of this loss.

We get it by way of the grapevine news service that the doodle-bug geology gives the Howard County oil possibilities a wonderful rating. Several of the major companies have taken a more favorable attitude toward oil developments here since these surveys were completed.

Watch our prediction. Oil development is due to start earlier in Howard County than elsewhere. Reason: there are three horizons at which production may be secured, and there is many acres of favorable territory available for the independent operators.

At the annual convention of Chiefs of Police and City Marshals' Association at Fort Worth recently it was pointed out that automobile thefts were continuing from year to year. In some places it is impossible for a man to leave his car unlocked for 15 minutes without its disappearing. In many cases, even the locks are no bar to the crooks.

### WHAT THE EDITORS HAD TO SAY AFTER THEIR VISIT IN CITY

Following are clippings from a few of our weekly exchanges, in which the editors tell what they think of our town and the Big Spring people, after being entertained here one hour, enroute to the Texas Press Association in El Paso: At Big Spring the party was met by a brass band and escorted to the square, where a street dance was enjoyed by those who shake a wicked foot. This all took place between 10 and eleven o'clock. A bevy of good looking girls served refreshments to the crowd and extended true western hospitality.

**The Grand Prairie Texan.**  
At nine thirty Tuesday night a stop of one hour was made for entertainment on the part of that city. Editor Tom Jordan of the Herald, met the train one or two stations before it reached his town and extended an advance welcome to the party. Tom was for years employed in this office before he bought the Herald some twenty years ago, and it was worth the stop to again shake his friendly hand. The entertainment there consisted of music and a street dance near the court house. —Stephenville Empire.

The first stop west of Cisco was Big Spring, arriving there quite a while after early candle lighting. The Big Spring band met us at the station, and so did the town, we marched up Main street quite a ways, opposite the Court House lawn, and there we staged a dance, an excellent string band furnishing the music. The editor started the ball by the dancing of jazz, after which we turned it over to the younger bunch, and for one hour on that concrete boulevard they tripped the light fantastic slipper feet to the strains of music. Seemed that the whole town had turned out. Cold drinks were served, after which we boarded the train and started on the next lap for Pecos, arriving there about three o'clock in the morning. —Albany News.

At 3:00 o'clock the party was conveyed back to Milsap, where the special train was in waiting, and the next stop was made at Big Spring at about 9:30 p. m. The citizens of this thriving city met the train and for an hour the party was entertained on one of the principal streets with a dance which was enjoyed by all. Big Spring is at present enjoying a very healthy growth and with a population of some 6500 people now, is destined to become one of the leading cities of West Texas in a few short years. All the building is of a substantial nature and a city for the future is being built. —Stephenville Tribune.

**The Coach**  
Widely popular because of its handsome appearance, comfortable seating arrangement and low price. Ideal for personal or family use and favored by women drivers because of its ease of operation.  
\$595 f.o.b. Flint, Michigan

**The Sedan**  
A beautiful enclosed car, notable for its marked distinction in lines, color and appointments. Accommodates five persons in comfort. Four wide doors, six adjustable windows—and Chevrolet's handling ease, of course.  
\$695 f.o.b. Flint, Michigan

**The Touring Car**  
Streamline body finished in Federal gray Duco. A car of unusual utility and economy because of its low fuel and oil consumption, and its ability to withstand hot suns over all kinds of roads.  
\$525 f.o.b. Flint, Michigan

**The Roadster**  
A favorite among those who demand economical operation and smart appearance in a two-passenger open car. Distinctive, rear deck "fish tail" styling. Exceptional luggage capacity. Rear deck removable.  
\$525 f.o.b. Flint, Michigan

**The Coupe**  
Combines smart appearance, and all-around utility with low price. Perfect for professional and general business use or as a personal car. Best in the way to park, and comfortable on long runs.  
\$625 f.o.b. Flint, Michigan

# for Everybody, Everywhere

**The Imperial Landau**  
This noble example of style connoisseurship affords true custom-built appearance and luxury. Specially designed Fisher body in satin black Duco with embellished means of brilliant chrome red.  
\$780 f.o.b. Flint, Michigan

AMONG the eight beautiful Chevrolet passenger car models there is one particularly suited for every driving preference—a Chevrolet for everybody, everywhere.

The development of this complete line of low-priced modern quality cars is a notable achievement in fine-car building. It represents the result of 14 years' consistent improvement and endless testing on the world's greatest proving ground. It touches every cross-section of American life.

The family seeking an all-purpose automobile—those women and men who require personal cars of unquestioned smartness—the business man who demands combined economy, utility and fine appearance—owners of high-priced automobiles who wish to enjoy the advantages of additional transportation without sacrifice of quality or prestige—

—all find in Chevrolet exactly the car that meets their needs, at a price whose lowness reflects the economies of gigantic production!

Whether you intend to purchase a smart two-passenger roadster, or a five-passenger enclosed car of the most distinguished individuality and style, come in and see the world's finest low-priced car! Learn how Chevrolet combines beauty, utility, amazing performance and over-all economy as does no other car in the world.

**The Landau**  
Fine appearance emphasized by beige brown Duco finish, black leather rear quarters and leather trim. Full-cover floor, built-in eye lamps and rich leather appointments add to its elegance and style.  
\$745 f.o.b. Flint, Michigan

## KING CHEVROLET COMPANY

BIG SPRING, TEXAS

QUALITY AT LOW COST

### DO YOU ENCOURAGE THIEVES?

Peace officers and insurance companies would be elated if owners could be forced to help protect their property—especially automobiles. To leave automobiles along the streets night and day is an invitation for auto thieves, accessory thieves and joy riders to get busy and of course the officers are immediately sought and expected to overhaul the culprits who have been encouraged by the carelessness of the automobile owner.

You would not leave your pocket-book out in the street, and yet an automobile usually represents quite a nice little sum of money, and the number of auto and accessory thefts point to the fact that thieves appreciate the easy pickings the unprotected automobile offers. Owners should give the officers more cooperation if they want their property protected—make the thieves go to a little trouble to get at your automobile.

You can't make times any better by "heating." Better join hands, and all work together to secure those things which will help our community. After all, we are all dependent on each other and the other fellow's misfortunes hurt us in some way.

### IT WILL NEVER COME OUT

A few years ago a farmer put his initials on a one-dollar bill. The next day he went to town and spent it with a merchant. Before the year was out he got the dollar back for produce and three times he heard of it being in the pockets of his neighbors. The last time he got it back about three years ago, he sent it to a mail order house. He has never seen that bill since, nor never will. That dollar bill will never pay any more school or road taxes for him, neither will it help brighten any of the homes in this community. He sent it clear out of its usefulness to himself and his neighbors. —Stephenville Tribune.

If Howard County folks would stop to consider that mail order dollars are forever lost to the community we believe they would quit the mail order houses. You may save a few pennies on some purchases but you hurt your community and that hurts you.

After all the Golden Rule is about the best policy. A fellow who treats his fellowman white is generally a good man to tie to, and he is never without friends who will back him to the limit.

## GLASSCOCK COUNTY LAD IS BITTEN BY RATTLESNAKE

The little son of Mr. and Mrs. Fred Chaney, of Garden City, while playing at the H. K. Dunn ranch in Glasscock County last Tuesday evening was struck twice on the ankle by a rattlesnake. He was rushed to Sterling City where Dr. Everitt took charge of the case. Within two hours after being bitten, Dr. Everitt administered the antivenereal serum to the patient. The boy is now out of danger and is rapidly recovering. —Sterling City News-Record.

## NEAR FIRE SATURDAY MORNING

A waste basket filled with paper in the Chocolate Shoppe caught on fire from some undetermined cause and was scorching nearby wall and fixtures when discovered by a passerby about 5:30 o'clock Saturday morning. The basket was near a window in the front part of the store.

The fire department answered the alarm promptly and the blaze was out with only slight damage to building and fixtures. A mouse causing a match to ignite the waste paper is supposed to have caused the blaze. A lighted cigarette butt tossed into the basket is also blamed; but it is not likely this would have smoldered from closing time the night before until 5 a. m.

**OIL MEN**—We appreciate your trade and treat you 100 per cent square. Wilke, Jewel and Optician

## OUT FISHIN'

A feller isn't thinkin' mean,  
Out fishin';  
His thoughts are mostly good and clean.

Out fishin';  
He doesn't knock his fellow men,  
Or harbor any grudges then;  
A feller's at his finest when

Out fishin';  
The rich are comrades to the poor,  
Out fishin';  
All brothers of a common lure.

Out fishin';  
The urchin with the pin an' string  
Can chum with millionaire an'  
king;

Out fishin';  
Vain pride is a forgotten thing,  
Out fishin';  
A feller's glad to be a friend,

Out fishin';  
A helpin' hand he'll always lend,  
Out fishin';  
The brotherhood of rod an' line  
An' sky and stream is always fine;

Out fishin';  
Men come real close to God's de-  
sign,  
Out fishin';  
—Edgar A. Guest.

## ONE COW, 19 BALES OF COTTON

A group of bankers visiting the Georgia State College of Agriculture had paraded for their view a Holstein cow whose milk during the course of a year sold for \$1,148.49. That is more than 19 bales of cotton would bring at 12c a pound. During the year the cow produced 16,461.8 pounds of milk, the equivalent of 1,914.49 gallons. The milk was retailed through the college creamery at 60c a gallon.

The market price of 19 bales of cotton at 12c a pound, the price at which a considerable part of the last crop changed hands, is \$1,140, or \$8.49 less than the sale price of the milk from the single cow.

The cow's record furnishes the starting point for some calculations that ought to be of interest to the cotton farmer. How does the cash productivity of a good cow compare with the cash productivity of cotton? Let every cotton farmer fill in the answers to the following questions according to his own land and local conditions, and draw his own conclusions:

1. How many acres are required to produce 19 bales of cotton?  
2. What is the value of the land?  
3. What is the cost of making the crop?

4. At the best price reasonable to expect, what is the profit?  
5. How many good cows could be supported on this land, supposing all feed for them to be grown at home?

6. What profit could reasonably be expected from such a herd?  
7. If the market for the whole milk is not good, what other stock could be raised on the skim milk after selling the cream?

8. What profit could be expected in this way?  
9. In view of the foregoing figures, does it seem advisable to begin withdrawing land from cotton in order to start building up a dairy herd as rapidly as money can be found for the investment?

The lesson to be drawn from the first comparison is, of course, obvious. For the South to talk helplessly about agriculture being prostrated when it has the cow, the hog and hen, to say nothing about fruits, vegetables and grains, to supplement cotton, is a confession of impotence and cowardice that it should be ashamed to make.—Fort Worth Star-Telegram.

Miss Dollie Oliphant of Fort Worth is visiting relatives and friends in the city this week.

Bud McKinney was here Saturday from the Coahoma section and reports everything in good shape in his neck of the woods.

J. W. Ward returned Saturday morning from a visit with Mrs. Ward in Berkeley, Calif.

### Lesson for July 3 SAUL CHOSEN KING

LESSON TEXT—1 Samuel 16:17-27; 17:12-15.

GOLDEN TEXT—What doth Jehovah require of thee, but to do justly, and to love kindness, and to walk humbly with thy God?

PRIMARY TOPIC—Saul Becomes a King.

JUNIOR TOPIC—Saul, the First King of Israel.

INTERMEDIATE AND SENIOR TOPIC—Calls to Life Service.

YOUNG PEOPLE AND ADULT TOPIC—Opportunities for Leadership.

The period of Judges ended with Samuel's administration. This lesson shows us the transition from the rule by the judges to the monarchy. For a comprehensive view of the transition it will be well to make a survey of chapters eight to eleven.

I. The People Demand a King (8:1-9).

1. Their reasons for this demand. (1) Samuel was incapacitated by old age; (2) the unfaithfulness of his sons whom he had appointed as his successors. In this Samuel committed a great blunder, for the office of judge was not hereditary. (3) The desire to be like other nations. The surrounding nations had a king as their leader. They wanted a king who would go out and fight their battles (v. 20).

2. Samuel's behavior under this trial (vv. 6-9). He took the matter to the Lord in prayer. Even though Samuel's blunders in part brought on this trouble he did the wise thing in taking it to the Lord in prayer. The Lord comforted him by assuring him that this rejection was not merely his rejection, but the rejection of the kingship of God.

II. Samuel Tells of the Manner of the Kings (vv. 10-18).

He shows them that the king will be very exacting and arbitrary in his dealing with them.

1. He will take their sons and make them to serve in the army and do all kinds of hard work on his farm and in his house. He will make slaves of their daughters also.

2. He will take their lands, even those inherited from their fathers, and give them to his favorite officers and servants. Not content with that he will take the tenth part of the produce that remains and give to them.

III. Samuel's Protest Disregarded by the People (vv. 19-22).

Having made up their minds they deliberately shut their eyes to the truth and rushed madly into the experiment.

IV. The King Providentially Pointed Out (9:1-10:16).

Saul was sent by his father to search for the asses that had wandered away. This was quite natural while Saul and his father were acting freely in this. But when some of God's sovereign purposes were being carried out, a though diligent to understand, God carries forth His sovereign purpose without interfering with man's freedom.

V. The King Chooses at Mizpah (10:17-27).

The Lord had already pointed out to Samuel who should be king and Saul had been anointed. Let us observe:

1. Why Saul was chosen. If they would have a king the Lord would give them the one best suited to fill the place. He was from Benjamin, a small tribe, which would prevent rivalry between Ephraim and Judah the leading tribes of Israel. He was also chosen because of his personal fitness (v. 25).

2. How Saul was chosen. The method was by lot. Samuel called them together before the Lord, and before the lot was cast he again remonstrated with them against such action. He showed them the base ingratitude of their rejection of such a God and King who had done so much for them, and gave them a chance to forego their rash demand.

3. How the king was received by the people. Saul knew that the Lord had chosen him, but through modesty and fear he shrunk from the responsibility. When he was brought forth Samuel presented him to the people assuring them that Saul was the Lord's choice.

VI. The King Confirmed at Gilgal (ch. 11).

Soon after the election at Mizpah the Ammonites made a desperate demand upon the men of Judah-Gilead. Saul hearing of it hastily summoned the tribes together for war and won a remarkable victory. As he thus proved his ability the people wished to punish the sons of Belial, but Saul forbade them. Samuel took advantage of this auspicious situation, and called all the people together at Gilgal where they formally crowned him their king.

The Life

To apprehend the life that is to be we must learn to think more largely and sacrificially of the life that is now. We must enlarge the scope and range of our life, must identify ourselves with what we call eternity.—Charles Cullbert Hall

Moving Forward

To move forward in life, you do not need to be forward in conduct, but you must keep your face to the front and see your objective.—The Editors

# On the hills that's the test

NEW power for the hills—power that shoots your car along in high! That's what you'll find with Conoco Ethyl Gasoline.

And when you get back on the level and in traffic—faster pick-up, less gear-shifting and a motor that runs like new.

Get this anti-knock fuel at the Conoco sign.

### LOCAL FAVORITE TAMES TERRIBLE TURK OF ABILENE

Kala Pasha, the Terrible Turk of Abilene, received a setback in the hands of the local boy, Billy Londos, last Thursday night at Clyde Miller's skating rink. Kala has been touted up throughout the state as a coming champion and arrived here to pin the local boy's shoulders to the mat twice in one hour and after the time limit was up found himself unable to secure a fall from the local grappler, Billy Londos. Kala Pasha gave a wonderful exhibition of scientific wrestling and applied one dangerous hold after another on Londos, but the local grappler always found some way out of the punishment applied by the heavy Turk.

Kala featured the double toe hold and applied this means of torture several times during the match only to be forced to release it by Londos crawling off the mat or using some of his many tricks to break the pressure. Each man battled clean and used showmanship tactics throughout the match and kept the crowd in na uproar.

The match was referred by Motor Cycle Officer Evans, a former wrestler, and a man familiar with the rules of the game and one who is to be congratulated by both contestants and the fans as to his fair and impartial decisions and in the capable manner he handled the match. Keeping both contestants strictly to the rules of the game.

The preliminaries were very exciting and kept the fans red-hot thruout the exhibitions. Promoter Faust wore a smile a mile long and a yard wide thruout the evening as the largest crowd that he has ever had was on hand to enjoy the thrills of his program. More than half were the fair sex.

J. E. Moon has been laid up the past week with an infected foot.

Chicken remedies of all kinds... Cunningham & Phillips.

C. A. Smith was granted a permit to build a four room bungalow; estimated cost \$1800.

It is stated that the Marland Oil Co. plans to do considerable development work in the Yates pool in Pecos County in the near future.

OUR FOUNTAIN DRINKS ARE REALLY AN ADVERTISEMENT FOR THE WHOLE STORE... CUNNINGHAM & PHILLIPS.

Mrs. C. F. Stinson and Mrs. H. J. Thompson, beauty parlor experts from Florida, who planned to open a shop in Big Spring were called away last Friday morning.

J. D. Biles has leased his land in Yoakum County to three of the major oil companies, receiving over \$15,000 for his 4680 acres. The big companies are now after the royalty on this land and he is likely to secure a fancy price for same.

DON'T WORRY

No matter what ails your watch we can repair it. WILKE'S JEWELRY and OPTICAL SHOP.

### CHRISTIAN CHURCH NEWS

Fine services last Sunday. Six came forward during the day.

Mrs. J. D. Berry (Miss Alice Wingate), a teacher in the Toyah public school last year, now living at 210 Johnson street in our city transferred her membership to Big Spring. Mr. Berry is a railroad man.

Mrs. R. L. Balch moved her membership here from Lubbock, Texas.

Mrs. L. G. Ivey once a member of the church in Davis, Oklahoma, came forward to renew her vows again taking up the work of the Lord Dr. and Mrs. C. D. Baxley moved memberships from Post to our town. Dr. Baxley is a dentist of no small experience. He is well known and admired in Post. He has had a big part in a famous quartet in Post for quite a while. Mrs. Baxley has been a very active member of the Methodist Church with all its activities. She will be baptized Sunday night, July 3.

Bonnie Wingo came forward confessing her faith in her Lord and was baptized the same hour of the night.

We are glad to have these good people join the local congregation. We are hoping that we can be a help to them and that they will be a great strength to us.

Twenty-seven (27) persons have lined up with the forces of the local congregation at the Christian Church since our coming here.

If you are a Christian line up with the forces at work in the Master's cause.

The call is for red-blooded men and women, people who have a conviction and are willing to pay the price to help fight all sorts of sin. Pay in time, service, prayer, visiting, in money, and any other way that must be paid to help make and keep Big Spring a christian community.

### LEASES SOUTH SCURRY STREET FILLING STATION

Joe Milloway made a deal with James Prichard Jr. Tuesday where-in he secured a one year lease on the filling station on South Scurry street.

Mr. Milloway plans to put in a stock of groceries at once.

Jimmie will leave Sunday for a visit in Fort Worth, San Antonio and other points. Physicians have advised Jim to take a rest.

Mr. Milloway recently sold his hamburger stand in the Lester building to Shorty Payne.

The man who must have his way or tear up the playhouse is a detriment to any organization. We must give the other fellow a right to his views without losing our temper. There must be give and take if real team work is to be assured.

Putnam dyes... Cunningham & Phillips.

Frank Boyle of Waco visited relatives and friends in Big Spring the past week end.

The aims and objects of the Crear seem to have been lost sight of entirely. In these days and times its a race for gold honors and satisfaction of vanity, or a life and death struggle to make both ends meet. What's coming after our term on this earth seems of small concern to most folks.

ONE MALTED MILK AT OUR FOUNTAIN MAKES ONE MORE REGULAR CUSTOMER... CUNNINGHAM & PHILLIPS.

Mrs. Chas. Koberg and children, Camille and Frederick, returned Sunday from El Paso where they had been to attend the Sawyer-Kennedy wedding which took place at the First Baptist Church Saturday, June 23.

### CISCO TO BIG SPRING HIGH LINE

Representatives of the Texas Electric Service Co. have been here this week to map out the route and secure the right of way for the high line this company is to build from Cisco to Big Spring.

This line is to be substantially built as it will carry 132,000 volts. Steel towers fifty feet high will hold the wires which carry this high voltage.

This line will be completed from Cisco to the company's sub-station just east of Big Spring where special transformers will reduce the current to 60,000 volts for transmission to Sweetwater, Stanton, Midland, Odessa Oilschalk and other points in the West Texas oil fields. This will be a reserve supply to be used as needed, or when the power plants at Big Spring, Sweetwater and Odessa are unable to provide sufficient power.

### ALBERT TRUE ECHOLS DEAD

Albert True Echols, 18 years, 16 days, was claimed by death on Friday, June 24, following a brief illness. Funeral services were held Saturday afternoon and the remains were laid to rest in the Mt Olive cemetery.

Decased, the son of Mrs. Ida Carter Echols is a Howard County boy, and has grown into young manhood in our community. He was a good hearted fellow, likeable and made friends easily. His death is sincerely mourned by all who knew and loved him. He was the youngest son of twelve children, who are all living, except one brother who passed away several years ago.

Heartfelt sympathy is extended the bereaved ones in the loss of their loved one.

Read Herald want ads.

### SHERIFF'S DEPARTMENT BUSY

Sheriff Frank House returned Wednesday night from San Angelo, bringing to this city O. A. Crump against whom there are several charges of swindling.

Deputy Sheriff Joe Stovall returned Wednesday from Oklahoma, bringing G. C. Moore who is charged with auto theft. He is charged with stealing a car belonging to Jess Andrews. The car was recovered.

An owner for the Buick coupe which was deserted by a man arrested on a speeding charge here two weeks ago has been found. The owner who lives in North Carolina is coming here to claim his property which he states was stolen.

A Studebaker coupe belonging to A. M. Terry is held by officers. He deserted his car when he learned officers were after him. He is charged with forgery and theft according to the information sent local officers from Kimble County. Terry has been working at the Texas and Pacific railway shops here for the past few months.

Ernest Carroll was placed under \$500 bond on a charge of assault and A. Martin under \$500 bond on a pistol carrying charge as the result of a difficulty at Carroll's wrecking plant on East Third street about one o'clock Sunday afternoon. Martin fired once at Carroll, the bullet barely missing Carroll's head.

A number of arrests for drunkenness and vagrancy have been made this past week.

SOAP, SIX BARS BATH SOAP FOR FIFTY CENTS... CUNNINGHAM & PHILLIPS.

Mr. and Mrs. C. D. Miller and daughter, Claudine, left today for a two weeks visit with relatives and friends in Dallas, Fort Worth and Frisco.

Big Spring, Texas

### NATION'S PIPE LINE MILEAGE EQUALS THIRD THAT OF RAIL

The "underground railway" system of the United States gives the cheapest transportation in the world, according to a bulletin of the American Petroleum Institute. This system, which, in fact, is not a railway at all, but the petroleum pipe line system, is one of the biggest of all transport organizations. To the general public, it is the least known—almost mysterious.

It is the most efficient of all devices to eliminate distance and cheapen transportation. It includes about 85,000 miles of line—about half trunk mains and half small feeders—over one-third of the country's railroad mileage. The pipe line cost of transporting oil ranges from 4c to 10c per mile per 100 barrels; that is, about 10 per cent of the cost of rail transportation. Nothing except the oil is moved—no dead weight in cars.

The pipe line system, like the railroads, has trunk lines, feeders, terminals, storage yards, switchings, stations, dispatchers, telegraph and telephone lines, etc. If pipe lines had never been built this country would not now have its 22,000,000 automobiles, and our expanding highway system and our most modern transportation facilities would have been impossible.

Building a pipe line, like constructing a railroad, involves first a survey of the route—for grades, stream crossings, etc. But a railroad seeks the cities to get their business, while the pipe line avoids towns to save expense. After a survey has been accepted, the right of way must be secured. Then gangs of men distribute the pipe and join it into continuous sections, the joining being done before the pipe is lowered into the trench which has meanwhile been dug for it. The trenches are largely dug by great ditching machines. Finally, the pipe is buried, usually about eighteen inches but deeper in cold regions.

According to desired capacity, the pipe may be 4, 6, 8, 10 or 12 inches in diameter, or even larger. While the pipe is being laid, pumping stations are erected to push the petroleum along. Commonly these are about forty miles apart, but in rough country, or for heavy and viscous oil, much closer. Pumping plants have engines and pumps powerful enough to shove the oil along to the next station. At each station storage tanks are provided of 10,000 to 55,000 barrels capacity, and oil is pumped directly to and from these; that is, there is not a continuous stream, but a succession of pumpings from one storage tank to the next. A four-inch pipe line with 500 pounds per inch pressure will deliver about 3800 barrels per day; a six-inch line, 10,000 barrels; eight-inch line, 21,000 barrels.

No train wrecks—but pressure gauges at each pumping station immediately register any stoppage of flow or leakages. When a break is indicated, the engineer instantly telephones the next station ahead. Then the engines are reversed so as to draw the oil, by suction, away from the break. Line walkers, corresponding to the railroad's track-walkers, hurry out to locate the break, and gangs are always at hand to make repairs. Because of the storage tanks at pumping stations a break does not necessitate suspension of pumping except in the section where the break occurs; all other sections go right on pumping from and to the storage tanks.

Once in commission, a pipe line's operations are practically automatic and continuous. They proceed twenty-four hours daily throughout the year. In proportion to tonnage and distances, a very small force is required to operate a pipe line—Dallas News.

A. R. Edwards of Abilene was a business visitor in this city a few days this week.

Bill Potter returned Sunday from a three weeks' vacation trip to points of interest in California.

### THE COST OF EDUCATION

To most of those who are given to deploring the tendencies of the age, it will be a surprise to learn that education is the chief item of cost of State governments in the United States. Of every \$10 expended by the 48 states, \$3.99 goes to education. The next highest item of state expenditure is that devoted to charities, hospitals and correction. To these purposes which are humane and uplifting in character, \$1.72 of every \$10 is given.

It is significant of the times that the third item of spending by state governments is for highways. But automobiles pay considerably more in taxes than the total sum spent for this purpose.—Fort Worth Star-Telegram.

### FOSTERING DISSENSION

Creating and fostering dissension is one of the easiest things in this world to do for it appears that there are always people who "carry chips on their shoulders" and take the keenest delight in having them jostled off by their fellows so that they may be afforded an excuse for the display of bad temper and aggressive—not to say offensive—championship of their "rights."

There are "rights" and "rights." In this highly civilized age, the rights of the individual are, more and more, becoming submerged in the rights of the community or of the citizenry as a whole. No longer may a man revel in a case of smallpox and go about distributing it among his neighbors; no longer may the town folks throw their refuse in the alleys to "smell to heaven" and provide breeding places for flies and germs; no longer may the farmer convert his corn into booze or sell rotten eggs to the storekeeper. In fact, people today are hedged about on every side with rules and regulations which have been accepted as for the good of the whole, even though they do, in a sense, curtail what might be called the "rights" of the individual.

The manufacturer who cheapens his product by the use of substitutes is confronted with laws which make trouble for him if he undertakes to sell oleo for butter or adulterate the food or medicine products of his factory; even so personal a possession as a child is guarded by the law which makes it compulsory for the parents to send it to school whether they want to or not. In safeguarding the health of citizens in the Canal Zone, our government found it necessary to enforce very stringent laws in regard to screening and allowing stagnant water to accumulate about the homes and during the foot and mouth trouble, thousands of head of cattle were slaughtered in order that the ravages of the disease might be confined to as small a territory as possible.

While the people as a whole have heartily approved of the regulatory measures which protect them against the other fellow, the "horse" has an altogether "different color," very often when the enforcement of the remedial measures causes them personal inconvenience or loss.—South-Western Plainsman (Amarillo).

Mrs. A. M. Evans and granddaughter, Miss Ada Lingo, left Monday morning for a visit with friends in San Angelo.

### SAYS EARTH WILL CEASE TO ROTATE EVENTUALLY

London.—The earth eventually will cease to rotate and will become a stationary object, one-half with sunshine and the other half with eternal darkness, according to Dr. Andrew Crommelin, formerly assistant astronomer at the Royal Observatory, who recently retired after thirty-six years of service.

Dr. Crommelin declared here recently that at the present rate of "slowing" in its rotation, the earth would cease to rotate in some "few millions of years." He attributed the "slowing" to friction of the tides.

"The world is safe enough, however," he said, "so far as everyone who is on it now is concerned." Referring to life on other planets and heavenly bodies, Dr. Crommelin declared, so far as science knows at the present, there is no life on the moon. "Life on the moon," he said, "would be impossible unless there is some animal there that can live without air and water."—Dallas News.

### TREES LOADED WITH FRUIT

A sample of some fine, fresh juicy peaches were brought to the Herald office last Friday by Mrs. Adolph Miller of this city which were gathered from two peach trees in her yard. Mrs. Miller stated that both peach trees were loaded to the guards with fruit and we are here to state how delicious the fruit was.

It is a fine thing to have fruit trees in your home yard where during the summer months you may step out into the yard and pick fresh fruit off of the trees and not have to buy it in baskets mashed and oftentimes overripe.

"I can easier teach twenty what were good to be done, than be one of the twenty to follow my own teaching."—Shakespeare.

Mr. and Mrs. G. E. Meaders announce the arrival of a bouncing baby boy on Monday, June 27.

### MAKING MONEY IN SPARE TIME

We have one crop in Howard County that is to be had for the harvesting, yet no one is bothering to take the trouble to gather this crop—namely beargrass.

In many places this crop is harvested annually. The bear grass is used in making rope, and the roots for making soap.

A man near Tucumcari, N. M., has marketed \$7,000 worth of bear grass this season, having shipped out forty carloads. Each car will average 16 tons and the average price is \$11 per ton. He states it is practically all velvet since he gathers the bear-grass when he has no farm work to do.

**THE MIRACLE**

The line waiting the purchase seats for the "Miracle" was unusually long, and the Scotchman and the Hebrew behind him had plenty of time to size each other up.

The Scotchman who was ahead and had arrived at the window first inquired the price of a seat from the ticket seller.

"The seats are \$2.00, \$3.50, and \$5.00," announced the man behind the wicket.

"Give me three \$5.00 seats," said the Scotchman

Hearing this the Hebrew dropped out of the line. "I will keep my money," he said. "I have seen the miracle."

**GUESS WHO?**

A young couple that had received many valuable wedding presents established their home in a suburb. One morning they received in the mail two tickets for a popular show in the city, with a single line: "Guess who sent them?"

The pair had much amusement in trying to identify the donor, but failed in the effort. They duly attended the theater, and had a delightful time. On their return home late at night, still trying to guess the identity of the unknown host, they found the house stripped of every article of value. And on the bare table in the dining-room was a piece of paper on which was written in the same hand as the enclosure with the tickets:

"Now you know!" — Ex.

**"COLD CHECKS" DISCUSSED BY MERCHANTS**

Directors of the Retail Merchants Association, at a meeting one day last week, decided to take drastic action if necessary to stop the promiscuous giving of "cold checks."

This matter was taken up with the sheriff and county attorney, both of whom assured the Association of their hearty cooperation.

At the Lions club meeting Tuesday the hour was given over to Association business and the "cold check" evil was discussed. It was unanimously decided that the most effective way to curb this nuisance was through the courts, and many of the business men reported that they had checks on hand which they had been unable to collect and on which they would file complaint in court.

Under the law cold checkers are subject to a fine or a term in jail or to both a fine and a term in jail. The offender is given 15 days from the date of the check in which to make it good. If he fails to do so the holder of the check may file complaint in court against him. And it is not necessary, as is generally supposed, for the holder of the check to give the drawer notice. Under the law he is supposed to know, when he gives a check, whether or not it is good. — Santa Anna News.

The business men of Big Spring are going to be compelled to take similar action as the "cold check habit" must be curbed. Stick a few of those who make a practice of beating their bills by giving cold checks and fewer cold checks will be floated.

**NO PARKING AFTER MIDNIGHT**

His Honor, the Mayor, has given thirty or more automobile owners final notice that there is to be no more parking on the streets in the business section of the city between midnight and morning unless they wish to pay a fine.

An ordinance of the city prohibits street parking in the paved section in order to keep the streets clear so the street sweeping department could clean the streets. It is impossible to do any kind of a job of street sweeping with cars parked along the street as it requires more labor to get the cars out of the way than it does to do the sweeping.

**BREVITY**

A cup reporter, frequently reprimanded for prolixity and warned to be brief, turned in the following:

"A very shocking affair occurred last night. Sir Edward Hopeless, a guest at Lady Panmore's ball, complained of feeling ill, took a highball, his hat, his coat, his departure, no notice of friends, a taxi, a pistol from his pocket, and finally his life. Nice chap. Regrets and all that." — Ex.

**400 ACRES IN SUNFLOWERS**

Approximately 400 acres of the Weaver Ranch west of Lamesa is being planted in sunflower seed, according to word reaching here. The Mammoth Russian variety is being sown. During the last ten years the average price per ton for this seed has been \$90, according to Judge J. E. Garland. The average yield under normal conditions is about a ton to the acre.

J. R. Weaver, the owner of the ranch, has made a contract with a large poultry food manufacturing company, to furnish them with all the seed he grows. The company has assured him that there is no over-supply of sunflower seed.

The experiment here is being watched with a great deal of interest, since the sunflower is a very hardy plant that grows to profusion even in the driest climate and weather. In case the crop here is a good one and Mr. Weaver obtains a fair price for the crop, it is likely that much of this section next year may be sown to this new wonder. At the rate of \$90 an acre the growing of sunflower seed should be much more profitable than growing cotton under normal conditions and price.

Such sunflower seed has not been grown here in any large measure, it is said. Mr. Weaver is going to sow all the seed he can get hold of, it is understood. — Dawson County Journal (Lamesa).

**WANT LAW TO SEND THIRD OFFENSE FELONS FOR LIFE**

The Chiefs of Police and City Marshals' Association, in convention at Fort Worth last Friday has gone on record as favoring a State law for life imprisonment of felons when convicted of a third offense.

The officers, according to Detective Chief W. F. Kessler of Houston, vice president of the association, will favor a legislative bill to that effect.

**PROHIBITION MEN FIND OIL TOWNS HAVE PLENTY BEER**

The oil field towns of West Texas are wet with "jake," or home brew, although whiskey is a scarce article, Jay D. Reeder, deputy prohibition administrator of the El Paso district, said Thursday upon his return from a three week's trip through the district.

The prohibition head, participated in raids which resulted in the arrest of about 50 persons on liquor charges, he said. Most of the arrests were made in McCamey, Winkler, Midland and other centers, he said.

While many of the cases were turned over to the government for prosecution, a number of the cases which, Mr. Reeder said, could be prosecuted under the Dean act, were turned over to state authorities. — El Paso Herald.

**"INTERNALLY, EXTERNALLY, ETERNALLY"**

Says that distinguished and sometimes wise American citizen, Andrew Gump: "When I was a kid I noticed it was always hotter in summer than it was in winter. I tried to figure out some way to prevent it but I couldn't, so being a very bright child I decided to make the best of it." Everybody who has reached Andy's philosophical conclusion and decided to try to make the best of hot weather should observe the rules given by Dr. Register in our May 21 issue, most important being the one with which he concluded: "The human body is a water-cooled machine; therefore, use water, externally, internally, and eternally." — The Progressive Farmer.

Mr. and Mrs. E. F. Springman plan to leave Saturday morning for a two months automobile trip to points of interest in Colorado, Utah, Washington, Oregon and other states in the northwest.

### ONLY HINDU WRESTLER IN AMERICA TO MEET LONDOS

Basanda Singh, of Delhi, India, famed not only as a wrestler but as a magician will match his science and skill of the mat against the local favorite, Billy Londos, on Sam Faust's weekly wrestling program at Miller's skating rink Friday night, July 1 at 8:30 p. m. Faust states this will be a finish match, two best falls out of three with no time limit. Singh comes from the land where wrestling is the national sport as baseball is in America. Each and every prince and wealthy sportsman of India carry a stable of wrestlers and they are feted and petted by the natives as the ball players are in this country, and weekly wrestling tournaments are looked forward to with as much excitement as the world's series is in the fall.

Singh has the welter weight honors of his native land and won same after pinning his opponents shoulders to the mat after seven hours and forty minutes of real tough wrestling. Singh is a highly educated man and a college graduate, speaking the English language as easy as his own native tongue and has won fame on the vaudeville stage as a magician executing some of the most baffling and astonishing tricks in magic and the black art that has ever been witnessed in this country. He is also a wonderful phrenologist and a crystal gazer, and gives perfect readings of the past, present and future. Singh uses a variety of holds and the fans will see some new and novel holds together with plenty of tricks and Hindu witchery of the mat game.

He will arrive Thursday and will wear his native costumes on the streets of Big Spring. During his stay here he like all other Hindus' say their native prayers before starting their match. Faust says that he saw Singh work out last Sunday evening in San Angelo and that he is quick, fast and as clever a wrestler as he ever saw and he predicts that Londos will have to use every trick in his store to down his opponent.

### WORDS OF GARY

"The future is shrouded in doubt if not in mystery."  
"We have laughed at the old saw 'Honesty is the best policy.' It is nothing to laugh at. It pays."  
"Also in relation to labor, humanity pays."  
"Man does not need give up his self respect in order to be helpful and to cooperate. No more need a nation."  
"In general, this is a kinder world and a bigger world and a more sensible world than you believe until you look into the subject."

We are still in the market to buy your cream. Bring us all you have. East Side Grocery and Market.

Mrs. Frank Tolliver of Fort Worth is a guest in our city this week visiting Mrs. E. E. Watts and Mrs. Chas. Koberg.

CARRY HOME SOME ICE CREAM.....CUNNINGHAM & PHILIPS.

### NOTES FROM R-BAR

Bro. E. E. Mason filled his regular appointment at Salem Sunday. Several visitors were present and we welcome them again.

Mrs. Ben Miller had as their Sunday guests Bro. Mason, Misses Omega Buchanan and Louise Rogers.

Will Robinson and Mr. Buchanan went to see their doctors in Abilene Sunday.

Mrs. Elmer Lay was a Saturday evening caller with Mrs. W. C. Rogers.

Mrs. Foard Coates who was called to Longview last week returned home Saturday night.

Mr. and Mrs. Leonard Hull attended the Baptist Workers' Conference at Knott Tuesday.

Mrs. J. A. Bishop and Horace Dearing and family spent Sunday with W. C. Rogers and family.

Sunday evening Mr. and Mrs. Sterling Echols called on Uncle Jack and Aunt Fannie Wilson.

E. E. Anton and son are visiting Mr. and Mrs. Bill Coates.

Mr. and Mrs. Bernard Lay spent last week with Mr. and Mrs. Elmer Lay.

### Patriotic Program

Quartet—Mrs. Martin and others.

Reading—Mrs. Sadie Yell.

Reading—Julia Nance.

Song—Paul Bishop and Hoy Wilkerson.

Reading—Ollie Fay Robinson.

Song—Oceal Wilson.

Song—Geraldine Howard and Sybol Wise.

Duet—Theo and Almerine Wilkerson.

Everyone has a hearty welcome to our society. Come and bring some one with you. Reporter.

### DO YOU LIVE IN A RENTED HOUSE?

Looking down a long vista of well kept, beautiful homes to be found all in and around Big Spring and trying to select a different type for each week's Herald, the thought of renters came unbidden and the writer took the block lying nearest her own.

Here are found, between 5th and 4th streets on Gregg, three rent houses owned by one party, a man who lives in the north. These houses are not so very modern, either in looks or in appointments, but they are neat and in good repair.

But it is the three yards that would attract instant notice. There are no fences and one can obtain an unobstructed view of the entire premises. No weeds are allowed in or around these three places. The alley is a joy to behold. No unsightly litter or rubbish can be found on this almost entire half block of city property.

Formerly this half block was a dense jungle of weeds, for the soil seems specially adapted to the growth of sandburs. But you'll not find a single bur, even on the side of the ditch. Eternal vigilance is the price of this delightful result. The unsung hero, "the man with the hoe," is responsible. I doubt if in all our town any other block can boast of such cleanliness and order. The saying that "cleanliness is next to godliness" holds true in this instance for two churches are found on this same block, one on Scurry and one on Fourth.

So do not get the impression that only home owners give care and time and effort to the attractiveness of their environment. It requires work to live in pleasant surroundings, but surely the end repays the means. Think how happy all the barefoot youngsters would be if every house made war on sand burrs. Here's hats off to the type of renters that live in W 1-2 of block No. 27.

Mrs. Fred Dixier left Wednesday morning for her home in Colorado, after a few days visit in this city with her sister, Mrs. J. A. Myers.

# A Tornado of Laughter

... AT THE ...

**2 DAYS, STARTING  
MONDAY, JULY**

Syd Chaplin, star of "The Better 'Ole" is a lovable British in uniform who becomes a memorable character, by the sternest critic from GLOOM TO GLORY!

Undoubtedly the funniest, most uproarious stuff that has brought out of the trenches and war villages of France. A delicious blast of low-down fooling.

It's a side splitter—and proves that Sid's brother, Charlie, corner everything slapstick.

Tuesday continuous showing ..... 3 to 10:30 P.

### OIL PRODUCTION GAINS IN MAY

Oil production of thirteen fields in eleven West Texas counties in May totaled 3,574,608 barrels, compared with 2,965,598 barrels in April, a gain of 609,010 barrels.

The Church and Fields area in Crane County easily led with 1,105,944 barrels. The Big Lake field in Reagan County was second with 811,327 barrels and the McCamey-Taylor field in Crane County third with 596,418 barrels. Other areas ranged as follows:

- Yates field in Pecos County, 392,589 barrels.
- McElroy field in Crane County, 331,560 barrels.
- Westbrook and Iatan field in Mitchell County, 112,784 barrels.
- Chalk field in Howard County 93,535 barrels.
- Noodle Creek field in Jones County, 58,969 barrels.
- Hendricks field in Winkler County, 34,544 barrels.
- Powell field in Crockett County, 26,914 barrels.
- Settles field in Glasscock County, 210 barrels.

Wheat field in Loving County, 485 barrels, and the Connell field in Ector County, 421 barrels—San Angelo Standard.

Miss Johnnie Morgan of Haskell is a guest in our city visiting Misses Louise and Lillian Shive.

WE CAN SAVE YOU ONE-FOURTH ON YOUR PAINT BILL.....CUNNINGHAM & PHILIPS.

R. R. Nicholas, general chairman of the Railway Conductors of the Rio Grande division, of Fort Worth, spent Tuesday and Wednesday in this city, the guest of J. P. Watkins.

No dry cigars are ever bought from us.....Cunningham & Philips

It's necessary to get out and do a whole lot of ballyhooing if you've got nothing but a side-show, but everybody seems able to find the main show. Big Spring has the goods to deliver and oil men, supply men and investors are not passing our town by even tho we are not doing much boasting.

Money to loan on city property, 8 per cent, annual payments or monthly, as borrower prefers. Clyde E. Thomas, Agent for American Trust Co.

Miss Opal Patterson of Clyde is a visitor in our city this week, the guest of Miss Elma Hinds.
