

## CONSTRUCTION ON HOUSING PROJECT GET UNDERWAY SOON

Mr. W. C. "Check" Smith, Chairman of the Housing Authority of the City of Gorman, stated Wednesday that construction on the Federal Housing Project will get underway within the next few days.

Mr. Smith and Mr. M. H. Fairbetter were seen making pictures of the plot Wednesday, and making plans to get the grass burned so the builders could move their equipment in.

Rause and Parsons of Abilene were awarded the contract recently to build the six duplex construction project.

## Gorman Duplicate Bridge Club To Sponsor Games

The Gorman Duplicate Bridge Club is sponsoring a Special Winner's Game, to be played at Lone Cedar Country Club, beginning at 7:30 p. m. January 12th. The fee will be only \$1.00 per person.

The Club is located on the north shore of Lake Leon, about half way between Eastland and Ranger.

The Lone Cedar Duplicate Club will hold the regular Saturday afternoon session beginning at 1:30 p. m. the same Saturday and those players in the area wishing to play in both sessions, may do so.

Dr. D. V. Rodgers of Gorman is making arrangements for the Special Winner's Game and said he expected players to participate from Coleman, Brownwood, Graham, Breckenridge, Cisco, Eastland, Ranger and Gorman.

All duplicate bridge players in this area are invited to attend.

### CARD OF THANKS

I am thankful beyond measure for all the good friends who helped me so much during the long illness and death of my loved one. Especially the kindness shown by the doctors and nurses at Blackwell Hospital, to those who sent flowers, food and cards, I offer my humble thanks for your comfort and love.

May God bless each of you.

H. P. Kirk

first copy of the booklet from the Eastland County booth at the Fort Worth Stock Show a few years ago. Information I have obtained from the booklet has been very helpful to me in talking with some of my friends about the business opportunities in the county.

An old proverb says, "Better to light one candle, than to curse the darkness." Projects such as this booklet and the booth, which inform people about the potentialities of Eastland County, are candles which light the way to progress.

Yours truly,  
Robert R. Bell

## HULLS by Kernel Gene, aPe

J. M. Cooper, County Agent, accompanied by H. L. Gantz of Dallas, senior editor of the Farm and Ranch Magazine, visited the Progress office Wednesday morning. Mr. Gantz visited several peanut farms near Gorman; the Gorman Peanut Co. and the South western Peanut Growers' Assn. where he gathered information for a story on peanuts. Kernel Gene had the pleasure of taking several pictures for Mr. Gantz. One he especially liked was a close-up of the new Starr Peanut Vine which we used on the telephone directory last year.

Mr. Gantz is no stranger to the peanut industry, having been reared in Comanche County, which also raises a few peanuts. (I hope nobody in Comanche County reads that last sentence). Anyway, Kernel Gene is always proud to accompany folks on a tour of Gorman and vicinity. Yes, sir, we have a good community and a lot of good, industrious people are moving in. If you don't believe it, just try and find a house to live in.

Recently a young man from Nimrod visited the Progress office. Almost two hours passed before he left and I am looking forward to a return visit soon. This young man attended Arlington State College, T.C.U., and has been in California a couple of years. However, he has returned to Eastland County with a dream of promoting and marketing products grown in this county. He brought me a sample of his peanut brittle and it was good. I didn't know it but he was one of the visitors at our booth in the Ranch and Farm Show in Fort Worth. I appreciate the following letter.

Cisco, Texas

Dear Mr. Baker:  
I want to express my thanks and appreciation for your booklet about Eastland County. I got my

GENE RODGERS

## Gene Rodgers Is New Assistant VP At First Natl. Bank

Mr. Charles Duran, president of the First National Bank, informed the Progress office Wednesday that Gene Rodgers has been promoted to Assistant Vice President.

Gene was reared on a farm near Gorman and is well acquainted with "goose necks" and peanut rows. A graduate of Gorman High School, he took part in athletics and other school activities. After graduation Gene worked for Jay's Grocery until he was offered a job with the bank where he has been employed for five and one-half years.

Gene married the former Lou Evelyn Lasater and the couple have two children, Linda, 10, and Danny, 7.

Active members of the First Baptist Church, Mrs. Rodgers teaches a junior class and is a G. A. Councillor and member of the Woman's Study Club. Gene teaches a class of intermediate and young people. He is a member of the Gorman Community Club, Businessmen's Club, and Moonlighter's Bowling League.

Gene's hobby must be building, as the kernel watched him level a lot, move in a house, and with the help of his family, renovate it into a very attractive home.

### IT'S A GIRL

Mr. and Mrs. Lee Roy Higginbottom of the Kokomo Community are the proud parents of a baby girl, Leesa Annette. She was born January 2, 1963 and was the first baby of 1963 at the Eastland Memorial Hospital. At birth Leesa weighed 7 pounds and 13 ounces.

Mrs. Owen Mangum of Carbon is the maternal grandmother. Mr. and Mrs. L. R. Higginbottom of Eola are the paternal grandparents. Great-grandparents are Mrs. Lela Leach and Mr. and Mrs. Walter Higginbottom of Gorman.

## FINAL RITES FOR OSCAR C. REID HELD SUNDAY

Oscar C. Reid, 76, a long-time resident of Gorman, passed away at his home due to a heart attack on January 5, 1963.

Funeral services were held on Sunday, January 6 at the First Baptist Church in Gorman, of which he was a member. Rev. A. D. Kyle, pastor, and Rev. Ray Burchett of Hamilton were the officiating ministers.

Mr. Reid was born October 5, 1886 in Dublin, Texas, the son of Mr. and Mrs. Steve Reid.

He and Miss Collier Fuller were married November 10, 1907 and to this union were born a daughter and son. The infant son preceded him in death in 1916.

Survivors include his wife; the daughter, Mrs. Herman H. Tomlinson; one grandson, Tommy Reid Tomlinson of Hamilton; one brother, Mr. Grover Reid of Fort Worth; and many nieces and nephews.

Pallbearers were Ardith Pittman, Royal Hampton, Hugh Bailey, Roscoe Sanders, T. F. Butler, and Ernest Park.

Honorary pallbearers were W. G. Henderson, Homer Wood, R. H. Watson, S. M. Mauney, Jack Mauney, and Lonnie Hampton.

Mrs. Buchanan was at the organ and a quartet, composed of Mrs. Homer Richardson, Mrs. R. H. Watson, Rev. Marion Dennis and Mr. Orval Boyd, sang "Home in Heaven."

Burial was in the Oliver Springs Cemetery.

People attending the funeral from out of town were Mr. and Mrs. J. W. Slaughter and Mr. and Mrs. Dick Donwon of Cisco, Mr. and Mrs. Rulton Larson, Abilene, Mrs. Mattie Barker, Mrs. Kenneth Locke, Mr. and Mrs. Jack Locke, Mr. and Mrs. W. T. Barnes, Mr. Alvin Parker, Mrs. Pauline Painter, and Mr. and Mrs. Jim Chandler, all of De Leon, Mr. and Mrs. Ernest Painter of Comyn, Mrs. Ford Reid of Desdemona, Mr. and Mrs. Rufus Goodwin of Comanche, Mrs. Ray Woodall and children, Mrs. Coreen Woodall of Eastland.

Rev. and Mrs. Ray Burchett, Mr. and Mrs. Seth Moore, Mr. and Mrs. Claude Gautier, Mr. and Mrs. Ned Chapman, Mr. and Mrs. Dan Wilkerson and Mr. Jay Smith of Hamilton, Mr. and Mrs. Seth Moore, Jr. and Mr. and Mrs. Lee Colwick of Stephenville.

The Methodist Church will compliment the W. G. Kirk family at a covered dish dinner sponsored by the Woman's Society of Christian Service, on Thursday, January 17 at 6:30 p. m.

All friends of the Kirk's are welcome.

## Annual Audit Of School Funds Made

State laws make it mandatory that Public School Districts have an audit made each year of its accounting system, its financial records and its fiscal practices.

From the state's viewpoint, the chief purpose of the audit is to determine whether or not the local district is complying with existing laws and regulations in handling local, county, state and federal funds.

The audit of the records of the Gorman Independent School District for the 1961-62 school year, completed recently by Carroll B. Ray, Certified Public Accountant, approved by the school board, revealed the fact that the records and practices of the Gorman School District are quite satisfactory and rate high among the schools of this area.

A portion of the above-mentioned audit, the "Combined Statement of Cash Receipts and Disbursements," is being published in this issue of the Progress.

Certain pertinent facts and interpretations regarding information and data contained in the audit and reflecting the school's financial status will be carried in a later issue of this paper.

W. R. Taylor, Supt.

## LOCAL CAGERS WIN TROPHIES IN HUCKABY TOURNEY; TO BEGIN DISTRICT PLAY HERE ON FRIDAY

Two additional basketball trophies were added this past week to the collection earned by Gorman High School teams.

Both the boys and girls teams went through to final games in the Huckaby Invitational Basketball Tournament held on Thursday, Friday and Saturday of the past week.

The girls lost their first game to Huckaby by a score of 43 to 51, but came back to down Dublin 24 to 20 and to defeat the sextet from Tolar in the final consolation game with a score of 44 to 32.

The boys team came from behind in two close games, winning over the host Huckaby team 46 to 45 and over Dublin 40 to 39. Playing in the final championship game Saturday night against an excellent team from Graford, the Panther quintet was left well behind with the school to the north winning by a score of 52 to 27.

Kay Browning and Joe Ed Baze were Gorman players winning individual awards as members of the All-Tournament Teams.

In a pair of games in the local gym against teams from Gustine on Tuesday night of this week, the Pantherettes and Panthers of Gorman had little trouble in posting victories of 40 to 16 in the girls game and 53 to 29 in the boys game.

High scorer for the girls was Marilyn Shell with 19 points. For the boys, Joe Ed Baze tallied 21 points.

Scoring for the Gustine teams was fairly evenly distributed among the players.

Next games for the Gorman teams will be with Moran here on the home court on Friday of this week. This will be the first conference game for the local teams in a double round robin schedule.

Game time is 7:00 o'clock.

## LAST RITES FOR BUREN SESSUM HELD TODAY

Funeral services for Mr. Buren (Bill) Sessum, age 52, of Ackerly, Texas, were set for today, Thursday, at 2 p. m. in Seminole.

Mr. Sessum died January 8, 1963 at 3 p. m. in the Methodist Hospital in Houston. He was born June 8, 1910 and had formerly lived in the Kokomo Community.

He is survived by his wife, Ola Gay of Ackerly; one daughter, Mrs. Jimmy Pressley of Sterling City, Colo.; three grandchildren; his mother, Mrs. W. D. Sessum of Kokomo; two brothers, Eulice Sessum of San Antonio and Bob Sessum of Carbon; and one sister, Mrs. John Kiker of Roby.

He was preceded in death by one brother, H. D., who passed away on Dec. 22, 1961.

Interment was to be in Seminole.

## Bus Station Moved To Gorman Hotel

Paul A. Smith, owner of the Central Texas Bus Lines, stopped by the Progress Office Thursday to announce the removal of the Bus Station from the Brown Jug Cafe to the Gorman Hotel.

Mr. Smith stated that he believes the Gorman Hotel will be a better location for giving service to the patrons, and Mr. Buddy Blair as the new agent, will do everything possible to be of service to anyone at any time.

## Farmers Union Meets At Library

Mr. Claude Fuller was elected as a Director in the Eastland County Farmers Union at a meeting of the group Monday night, January 7, held at the Progress Library.

The Directors set Monday, January 14 for the beginning of their insurance drive.

A regular meeting date for the directors will be set at a later date.

A program committee was selected and they are: Bob Green, Albert Hendricks and Mrs. Gaylon Wright. This committee will meet on called meetings only.

The first Monday night of each month was set for the regular meeting time. The next meeting will be held February 4th in Carbon, and the time has been set for 7:30 p. m. Everyone is invited to attend.

## Supt. Taylor At School Conference

W. R. Taylor, Supt. of the Gorman Public Schools, left early this morning, Thursday, for Austin to participate in the Annual School Administration Advisory Conference on Education.

In addition to the general assembly on Thursday morning, Mr. Taylor planned to attend at least three "work group" sessions on topics that are timely and of concern in the local system, as well as in other schools.

The conference covers two days.

## Only A Short Time Remaining To Pay 1963 Poll Taxes

Only 16 days remain in which to buy poll tax for voting in 1963.

At least two very important elections are expected during this year. The City will be electing two commissioners and the School District will elect two trustees.

January 31st is the deadline for getting new poll taxes.

This is generally considered an "off" election year, but from past experience we know there is never any "off" year. Most agree it's best to be prepared.

The price is \$1.75 the state levies and gets \$1.50, \$1.00 of which goes to build, maintain and administer public schools, and 50c goes into the general fund to defray the expenses of state government.

The remaining 25c stays in the county.

A sub station has been set up at Todd's Variety Store for the convenience of those who do not wish to drive to Eastland to buy their poll tax and auto tags.

Automobile tags go on sale Feb. 1st, and are to be on autos by April 1st.

## 4-H Club Parent Night Set Jan. 14

Come one, Come all! See what happens in the Gorman Progress Library when the 4-H meets Monday, January 14th, at 7 p. m. This is official parent night and also unofficial friend night.

If you are interested in the 4-H Club or any of the boys and girls in Gorman that make up our wonderful club you are welcome to any and all meetings. But we especially urge you to attend this meeting.

We have a special program planned that will help you in some way. There will be a film entitled "Man Enough For the Job."

Also you can see how the children are learning good government as they conduct their business sessions. There will be reports and plans made and discussed concerning the Gorman 4-H Achievement Day which you will be hearing about before it takes place on March 2nd. at the Fire Hall.

Don't forget or you will be missing something that is an important event in "your child's life."

Monday night, January 14th., at 7 p. m. in the Progress Library.

## 314 Checked On Social Security '62

314 persons in and around Gorman took pains in 1962 to find out for sure about their rights and responsibilities under social security, according to Mr. H. L. Weatherly, field representative from the Abilene district office, who visits Gorman regularly.

Mr. Weatherly knows the above because he had that many personal interviews on his 1962 visits, with 84 claims applications for retirement, disability, or survivors benefits being filed with him.

He suggests that every person past the age of 62 who has not already checked up on potential social security checks, as well as those of any age under 65 who have become so severely disabled that they are unable to do any substantial gainful work, make certain to see him on one of his future visits here. The next such visit will be on January 14, 1963, at 10 o'clock at the City Office.

## OLIVER SPRINGS NEWS

By FLORENCE RICHARDSON

Our thought for the week: "If I can put one rosy sunset into the life of any one, then I shall feel that I have helped some one in life."

Mr. and Mrs. Willie Henderson and Mr. John Henderson were visiting relatives in Whitney Saturday.

Mr. and Mrs. Skin Westmoreland and children were visiting the Clyde Setzlers and Mrs. Laura Westmoreland over the weekend.

Mr. and Mrs. A. D. Bryan and Mrs. Evie Smith were visiting in Pottsville last Sunday.

Mr. and Mrs. James Atchley and son of Lometa spent the week with Mrs. Jeanette and Barbara Kinser.

Mr. and Mrs. Dewey Lindley were visitors in our home Thursday night.

Mr. and Mrs. Rufus Goodwin of Comanche were visiting her mother and attending the Oscar Reid funeral Sunday.

Our hearts were made sad Saturday afternoon when we learned of the death of our friend, Mr. Oscar Reid. The Reids lived for many years in the Oliver Springs Community. In the last few years he had made his home in Gorman, after retiring from farming.

We want to extend our deepest sympathy to his loved ones.

The Oliver Springs Club will be hostess for the wedding shower honoring Mr. and Mrs. Eulon Perry on Friday night, January 11 at the club house.

Their friends and relatives are invited.

Christopher Columbus is generally considered to have been the first white man to celebrate New Year's day in the western hemisphere. Columbus enjoyed a sumptuous meal with two monarchs on the island of Haiti, January 1, 1493, when his ships pulled in for repairs.

Mrs. Lois Courtney of Dublin is visiting with her aunt, Mrs. R. L. Thomason, who underwent major surgery in the Blackwell Hospital Tuesday.

Mr. E. E. Todd and Mr. Joe Collins were in Eastland today attending the Social Security and Tax Clinic at the Eastland High School Auditorium.

### Comment from the Capital —

## A MONOPOLY WE NEVER TALK ABOUT

by Vant Neff

Recently, Senator Goldwater of Arizona addressed the Senate about the dangerous concentration of union power that exists in our economy.

Everyone is aware that union straps can grind all transportation to a halt, cut off food deliveries, stall the construction of defense installations and stop international commerce at the waterfront.

It's a matter of public record that at the drop of a verb, unions halt trade, production and deliveries more and more frequently. The Bureau of Labor Statistics has recorded 266 more strikes for the first six months of 1962, over a similar period in 1961. This stoppage involved 800,000 workers.

Senator Goldwater outlined a substantial number of monopoly powers enjoyed by unions and said unless we take immediate steps to curb the Frankenstein we have created, we are in grave danger of losing our free economy.

In addition, the Senator read a letter from a worker in Oregon about union dues, fees and hiring practices. The Senator said he had been deluged for some years with such letters from workers in all parts of the country, pleading to help against the tyranny of union bosses. Here are some quotations from the worker in Oregon:

"Try to join a union and they tell you that you have to pay \$360 initiation fee plus 3 months dues which makes it well over \$400 to join. I ask you, Senator, where is a working man going to have that kind of money? Even if one succeeds in borrowing or accumulating this amount, they say there is no work for you because you are a new member."

"Try to get them to take some down and the rest as you can and you are told that they are not a loan company. Pay the full amount or don't bother them."

"Even if you do succeed in getting in, you find yourself getting all the scraps while a very few get all the choice jobs, even by telling employers they don't have anyone available and holding choice jobs for those already working. Oh, they say, they have a hiring

list and your name goes on the bottom of the list and you work up but for some reason your name never gets very far up the list unless you are one of the ins."

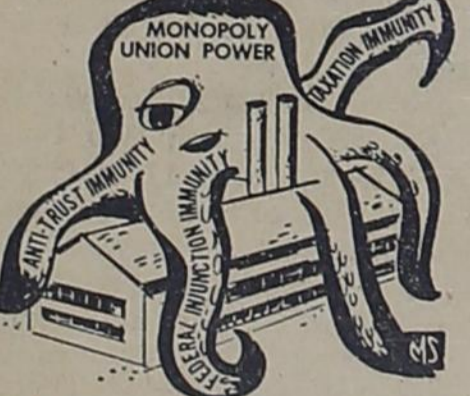

Not much for a \$400 investment, is it?

This same worker goes on to tell about a friend of his who was critical of union leadership. Immediately, his friend was blacklisted; sent all over the state on temporary jobs with not enough pay to send for his family or establish a permanent home. Generally, his friend was treated little better than a slave laborer.

You can hardly believe you are living in the United States, when you read letters similar to this one.

How did unions get this power? How long have we been asleep?

The truth is that the Admin-

istrations and Congresses of the last thirty years have been granting labor unions more and greater privileges and immunities all during this time.

Here are some of the things appear in the Congressional Record:

Almost total immunity from antitrust laws.

Immunity from taxation.

Immunity from injunction by Federal Courts.

Freedom to use union members' money for almost any purpose.

Power to compel workers to join unions whether they want to or not — on penalty of being denied employment, or losing the job they have.

The right to speak for all and agree for all in a plant or other unit including employees who do not want a union. The right, in some instances, to invade the privacy of workers, even against their wishes. This

deprives workers of a legal right enjoyed by all of us under the Constitution of the United States.

Immunity from the payment for damages for personal injury and property damage inflicted on employees or others by union members engaged in concerted activities, such as strikes, picketing, and violence.

These are only a few of the special privileges and powers granted unions under Federal law. No other private organization, association, or individual in the U.S. is the beneficiary of such a powerful combination of extraordinary privileges and immunities — under either state or Federal law.

In courts of law and before committees in Congress, volumes of testimony have been recorded on collusion between unions, the abuse of the rights of union members, and in some cases, illegal pacts between crooked unions and employers — all in disregard of public interest.

To further illustrate favoritism to union bosses — where two business corporations attempt to divide a market, the Anti-Trust Section of the Justice Department cracks down hard.

Now take two labor unions. What does the "No Raiding" clause mean? For practical purposes, these unions are dividing a market. The result of this union doctrine is that the employee can no longer join a union of his own choosing. He can only join the one, union bosses tell him he must.

Can you imagine the furor, if an employer arbitrarily took money out of his employees' wages?

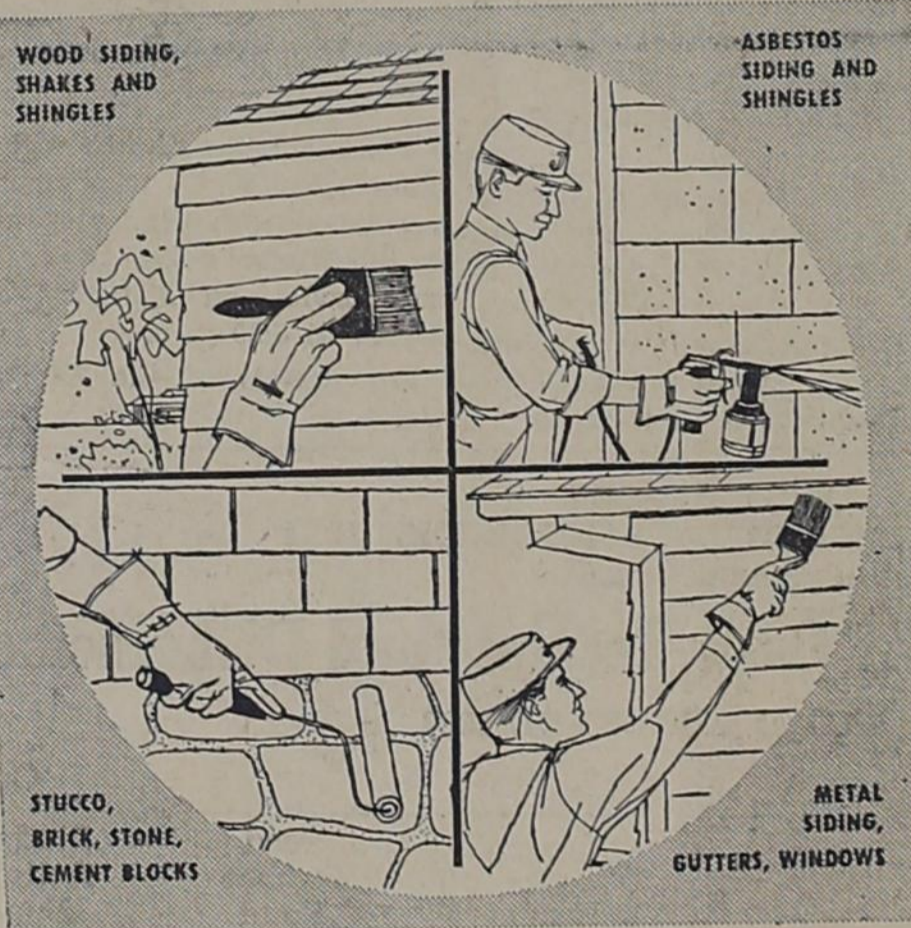

Yet, this is exactly what giant unions claim the right to do. The United Auto Workers has a clause in its constitution that calls for an automatic increase in dues when the strike fund falls below the \$20 million mark.

Do you begin to see that there is one set of standards for the country at large, and completely different rules for unions?

Isn't it time to act and curb rampant union power — while we still have the freedom to do so?

## ONE PAINT FOR ALL EXTERIOR SURFACES

JB Polyflex LATEX HOUSE PAINT

Here's the latex house paint homeowners have been buying since 1955... it has been proved on all types of exterior surfaces. Polyflex is the finest latex house paint — assuring outstanding color retention, excellent adhesion, fast-drying, superior blister-resistance and a desirable, low sheen.

EASIEST BRUSHING EVER—DRIES IN 30 MINUTES! Flows on easily with never any brush drag. Dries dust-free, bug-free in 30 minutes. You can paint even after showers or heavy dew. Simply wipe off water and paint over damp wood.

CLEAN UP AND THIN WITH WATER! Usually you apply Polyflex straight from can, but if thinning is necessary simply add small amounts of water. Brushes, roller and hands clean beautifully in warm water from tap.

RESISTS BLISTERING, CRACKING AND PEELING! Polyflex is blister-resistant when surfaces are properly prepared. Its porous consistency allows moisture to escape without breaking its tough, resilient, plastic film. It affords excellent adhesion.

COLORS STAY TRUE AND BRIGHT! Polyflex comes in a brilliant white that never "yellows" and in soft, Southwestern colors which make home exteriors more distinctive. Come in and get the whole Polyflex story today.

Proved on Southwest Homes since 1955

Mrs. Beverley Nicholson  
Eastland County HD Agent

Many expert cooks are convinced the only way to make flaky, tender pastry is to use a lot of fat. But the U. S. Department of Agriculture scientists, seeking ways to reduce fat in baked products, announce two methods of mixing pastry dough that make high-quality pastry with less than the usual amount of fat. And the methods are not difficult.

One of the mixing methods uses liquid cooking oil; the other, solid fat.

#### WITH LIQUID OILS

Ingredients for a two-crust pie pastry using liquid oils are 1/2 cup minus 1 tablespoon cooking oil, 1/4 cup water, 2 cups all-purpose flour, and 3/4 teaspoon salt.

Shake together water and oil (both at room temperature). Sprinkle this into the dry ingredients while blending with an electric mixer at lowest speed for 3 minutes. Or, you can stir it in with a fork. The dough will appear dry but it can be easily molded by hand. Shape the dough into a ball, roll out between waxed paper. Place the pastry in the pie pan and bake.

Researchers explain that sprinkling the oil and water into the dry ingredients evenly distributes them throughout the mixture — and it's this even distribution that makes melt-in-the-mouth pastry.

Corn, cottonseed, soybean, and safflower oil work equally well.

#### WITH SOLID FAT

Even distribution of fat and water is also responsible for the success of the solid-fat method which allows you to use less fat than usual. With this method, the water is not added until after the fat has been blended with the dry ingredients. Ingredients for a two-crust pie pastry are 1/2 cup solid fat, 3 tablespoons water, 2 cups all-purpose flour, and 3/4 teaspoon salt.

Using an electric mixer, on the lowest speed, blend room-temperature fat into dry ingredients for 2 minutes, then sprinkle in the water and blend 1 minute. By breaking the solid fat finely and adding the water by sprinkling, you should get an even distribution of water and fat in the pastry. The dough will look dry and crumbly, but it will hold together in a ball. Rolling between sheets of waxed paper is also suggested for solid-fat pastry. The result will be a flaky, tender pie crust.

### SAND HILL NEW YEARS' EVE SINGING IS BIG SUCCESS

The Sand Hill Community was richly blessed with a New Year's Eve service at the church which has left our hearts glad and the folks are still talking about it.

There were local singers and quartets from different parts of the country, Abilene, Ranger, Brownwood, Breckenridge, Comanche, De Leon, Santa Anna, Dublin, Stephenville, Gorman and many others.

Services started at 7:30 and singing continued until 10:30 when the group were dismissed for refreshments and intermission and then met and sang until 11:45 when Rev. Kenneth Brandon of Comanche brought a wonderful 15 minute message and as the New Year entered about 400 voices went up in the song of "Victory in Jesus" and then the group were dismissed in prayer by Rev. Horton of Comanche.

We wish to thank each and everyone who came and the ones who brought food and drinks.

We are looking forward to next year's services.

Butcher hogs moved at 14-16.00; and sows brought 13-14.50.

### Counting Time Man's Problem For Centuries

Time is, as no one can deny, very valuable, so it is not surprising man learned how to count it accurately, down to the minute, even to the second. But, man is not yet, the complete master of time.

The Gregorian Calendar, presented to the world in 1582, brought about the first achievement of any unity on the world time front. But, it took a long time to catch on. England didn't adopt the Gregorian system until 1752, after most other European countries had done so.

#### Egyptians

The ancient Egyptians devised a fairly accurate calendar, similar to the Gregorian in that it was divided into 12 periods and consisted of 365 days. The difference between the Egyptian method and our present time counting system, however, was that the 12 periods used in Egypt consisted of 30 days each, with the remaining 5 days of the year "tacked on" to the last period, or month, without any provision for leap years.

The purpose of our Leap Years, then, is not to give every girl the chance to catch herself a man. Instead, Leap Years help us keep the calendar and the solar equinoxes congruent. An adjustment is necessary because of the fact that the solar year consists of 365 days, 5 hours, 48 minutes and 46 seconds. Without Leap Years, we would have to do something with the extra hours.

#### How To Tell

How are Leap Years determined? Years divisible by four are Leap Years—except the years numbering the centuries. They are Leap Years only if divisible by four after the ciphers have been removed.

The use of this system guarantees the accuracy of the Gregorian calendar until 2500 A.D. Perhaps before that time arrives, someone will come up with the "perfect" method of marking time—forever.

**It's Time For ... EYE CARE**

Dr. Newton K. Wesley  
**Eye Care for Children:**

One of the most common misconceptions about eye care is that which recommends that a child should wait until school age before having an eye examination. Nothing could be further from the truth.

A child's eyes should be examined as soon as possible after birth. It is not necessary to talk to a patient when examining their eyes. A qualified eye doctor can detect eye deficiencies through the use of instruments. Such early examinations might disclose serious defects which could be corrected long before the child starts school.

This, of course, is the parent's responsibility. A child does not know how well he should see. If he is born with poor vision, he may not complain. He just does not know better. He thinks he's seeing as well as anyone. It never occurs to him that he is not—or that he could see better.

A child's eyes grow as he grows. He may have normal vision one year and need glasses the next. That is why the National Eye Research Foundation recommends that children should have their eyes examined at least once every six months, starting at an early age.

Here are a few things to watch for in your children's viewing habits. Each is a sign of eye trouble: Attempts to brush away blur; blinks more than usual; frequent rubbing of the eyes; excessive squinting; overly sensitive to light; and excessive frowning when reading.

## Excelsior Club To Sponsor School Essay Contest

Meeting in the home of Mrs. E. C. Sutton Tuesday evening, the Excelsior Club completed plans for sponsoring an essay contest in the local high school.

The president, Mrs. J. W. Townsend, stated that the essays would be written on some phase of the general topic, Americanism.

Mrs. Lucille Duke, head of the English Department, will direct participation.

Out-of-town judges will select the three best essays. The writers of these will be awarded cash prizes, which will be presented at the High School Assembly, date of which will be announced later.

During the business session officers for 1963-64 were elected.

Mrs. John Kirk will head the club. She and other officers will be installed in May at which time their names will appear in the local newspaper.

Mrs. Gene Baker was in charge of the program.

Roll Call replies to "What I Plan to Accomplish in 1963," included the following: A trip around the world for Mrs. Duke; the writing of my biography for my grandchildren by Mrs. Dona Moorman; to get my husband to take two weeks off for our vacation by Mrs. Gene Baker. Several members said they plan to give more time to reading and others expressed their intentions of studying the Bible and visiting shut-ins.

Mrs. Walter Steele was congratulated on having received the honor of having been named an Outstanding Texas Woman.

The hostess served dainty refreshments to sixteen members and a guest, Mrs. P. K. Scott of Fort Worth.

### 6TH. GRADE BAND NEWS

Reporter, Vickie Reynolds

The second meeting of the Sixth Grade Band was held on January 7th. We are considering a Valentine Party to be held on either February 14th or 15th. We have some money already. We are hoping that everyone will have a very happy 1963.

gram for feed grains is generally the same as in previous years, the Chairman explained. Of a few provisions which are slightly different, the principal one is the price support payment which will be available to farmers participating in the program in addition to the regular price support loans and purchase agreements.

Mr. Bryant gave these highlights of the 1963 feed grain program:

For small farms - with total feed grain base acreages of 25 acres or less - on which the producer diverts the entire feed grain base acreage (1959-60 average acreage, as adjusted) the payment rate will be 50 percent of the county support rate on the normal production of the diverted acres. The county support rate reflects the recently increased national average support prices of \$1.25 per bushel for corn, \$2 per hundredweight for grain sorghum, and 96 cents per bushel for barley. (These farmers will receive no price support payment, since they will have no 1963 feed grain acreage.)

For other feed grain farms, the payment on the first 20 percent reduction from the base acreage will be at 20 percent of the county support rate on the normal production of the diverted acres. On any acreage diversion above the minimum requirement, payment will be at 50 percent of the county support rate. The maximum diversion is 40 percent of the base acreage or 25 acres, whichever is larger.

In addition, participating farmers (except those on small farms who divert all their feed grain base acreage) will receive price support payments on the normal production of their 1963 feed grain acreage, without regard to whe-

ther they feed their grain, market it, or place it under price support. The payments will be figured on the farm's normal yield regardless of the actual yield on the farm in 1963. These payments will be 18 cents per bushel for corn, 14 cents per bushel for barley, and 29 cents per hundredweight (16 cents per bushel) for grain sorghum.

Crops from participating farms also become eligible for price support loans or purchase agreements at the county loan rate (reflecting national averages of \$1.07 per bushel for corn, 82 cents per bushel for barley, and \$1.71 per hundredweight for grain sorghum). Price support on 1963-crop corn, grain sorghum, and barley will be available only to producers taking part in the feed grain program.

For feed grain producers who sign up under the 1963 program, eligibility for diversion payment and price support in 1963 is contingent upon the farmer's diverting an acreage equal to the total intentions shown on his agreement.

Advance payments will again be available at the time of sign-up. Final payments under the diversion program and price support payments will be made after compliance has been determined.

### Ozella Pulley Hosts WSC On Monday

It seemed that members of the Woman's Study Club exhibited more than the usual anticipation in gathering into the home of Miss Ozella Pulley last Monday evening. Perhaps it was because it was the first meeting of the New Year, and too, there had been a bit of

a recess from club for the holidays, but it may have been a bit of woman's curiosity, too, that created the hurry. Ozella had just re-done her home, and everyone wanted to arrive early enough to see it before everybody got there.

Finally the group settled down to a business and study session. One bit of business that should be of interest to everyone is the Cemetery Letter Project. The club

will, again this year, address and stamp the reminder letters to all whose address is available who might be interested in the old Gorman Cemetery. If you do not get such a letter it is because your address is not available, but you do not need to feel excluded. If you desire to contribute, just mail or bring your money to Gorman Cemetery Fund, First National Bank, Gorman, Texas.

The study for the evening was a two part program. The first part, "Moral Decay," was given by Mrs. Gene Rodgers. Reminding of some of the many qualities that every parent must surely desire to encourage in the growing child, Mrs. Rodgers then very aptly pointed out that it is the example that gains the attention of a child. To allow him to learn to assume responsibility, the wise parent will gradually have taught the child to choose the right path many other times because of that very responsibility.

The second program part, "Moral Growth," was discussed by Mrs. Robert Sanders. Several examples of the fine accomplishments of ambitious young people working in FFA and other such groups were brought to attention. Too, the group was reminded of the generous spirit of community cooperation so often seen in times of a home destroyed by fire or tornado. Moral growth would seem to call for a re-examination of all morality. The glaring lesson sometimes forced on people by moral decay in big city politics is that moral growth begins with alert citizens, individuals who inform themselves and think and take part in community life.

The quot' for this program really says much — "Those who stand for nothing usually fall for anything."

Social time — goodies and gabbing. The goodies surely were — there was chicken salad sandwiches, potato chips, olives and pickles, date-nut cake topped with whipped cream, coffee, cold drinks and seconds. Between the seconds and the gabbing and "just a little" more coffee, the evening was quickly gone. Realizing the late hour, everyone reluctantly bid good-night to hostess Ozella.

### ECFB Members Urged To Join In Screwworm Drive

The Eastland County Farm Bureau Board of Directors met at the office location in Eastland on January 7th. at 7:30 p. m. with the president, Jack Cozart, presiding.

The minutes were read and approved of the previous meeting. Finance report was given by Ray Norris. Membership report was given by Ray Norris with a total of 569 members.

Committee reports were given by Mitchell Campbell, Policy Development; R. T. Graham, Policy

Execution; Service Committee, Aubrey Easter; Public Relations, John Love; Budget Committee, Ray Norris.

Agents reports were given by Pat Moseley and Mrs. John Love.

Jack Cozart urged all directors and officers to talk with all farmers and ranchers and urged them to do their part in the eradication program. One way we can do this is by contributing to the Eastland County Screwworm Funds. This can be turned into the various banks in the county.

Jack Cozart, president, and R. T. Graham, Policy Execution, will attend a statewide legislative conference in Austin on January 22. The theme of the conference will be "Gearing for Action". Current state and national issues will be outlined and discussed along with techniques to gear-for-action. Jack Lynn, Legislative Director of the American Farm Bureau, Washington, D. C., will bring his views on anticipated national issues of vital importance to agriculture that will be considered by Congress next year, and Farm Bureau's position in relation thereto.

Mr. Lynn will also be the banquet speaker, which will be the highlight of the conference. The

Governor, Lieutenant Governor and the entire legislature will be invited as guests.

Those present at the meeting were Mr. and Mrs. Herman Schaefer, Cisco, Mr. and Mrs. Jack Cozart, Cisco, Mr. and Mrs. Aubrey Easter, Eastland, Mr. and Mrs. W. O. Cantrell, Mr. and Mrs. John Love, Ranger, Mr. and Mrs.

Luke Palmer, Mr. and Mrs. Mitchell Campbell, Mr. and Mrs. Joe Bob Browning, Gorman, Mrs. Addie Bell Moseley, Pat Moseley, Olden, R. T. Graham, Cisco, Ann Justice and Ray Norris, Eastland, and visitors, Ray Isbell of Breckenridge and Robert Bell, Cisco.

The next meeting will be Feb. 4, 1963.

### It's Time For... EYE CARE

Dr. Newton K. Wesley

Here are some questions about eye care with my answers:

"Can too much reading or close work injure the eyes?"

With an occasional rest, no permanent damage can be done to the eyes through such activity.

"Is television viewing harmful to the eyes?"

Not if the room is properly lighted; a mild indirect light should be moved around occasionally; and, for the average size screen, the viewer should sit from six to ten feet away from the screen.

"Can a child outgrow crossed eyes?"

No, a child cannot. Crossed eyes can be corrected through surgery, eye exercises. Contact lenses may also be utilized, however there may be some discomfort until the wearer is fully adapted.

"What determines whether one is able to wear contact lenses?"

Your desire, your determination, your ability to fully adapt to the lenses, plus the skill of your contact lens practitioner are the important factors in determining your ability to wear contact lenses, although some people never can wear them.

"Do contact lenses require changes in prescription as often as regular spectacle lenses?"

No, they do not. According to the National Eye Research Foundation in many cases, prescriptions in contact lenses rarely change. It is safe to assume that such a change is not necessary until several years have passed.

Wesley
