## **Know Your** School

By C. L. Garrett, Supt.

At the board meeting or

Monday evening I presented ty this year. some figures to the Board pertaining to the lunchroom. which I feel might be of some interest to you. From the be ginning of school in 1970 through January 31 of 1971 we cost of \$6,846.78. This was an average of 140.7 meals per adding machine repair. See day at a cost of 51.75 cents of 17,045 meals at a cost of arts degrees. \$8,729.37. This is an average ing has increased while the Hatcher, Gorman. cost of meals has decreased about one-half cent. An increased volume will always tend to lower costs where all other factors tend to remain about equal. At the beginning of 1970-71

we had a good balance in the bank which we were able to maintain during the 1971-72 year so that we opened this year with a balance of \$2,632. 66. This balance has now been reduced to \$1,269.63. This re duction is due to the fact that costs of serving meals is above what we charge. We are currently charging 35c in the first four grades and 40c in the other eight grades and 45c for teachers. Outside adults pay 75c per meal. The state pays us 6c on each meal served to students. You can see that with the 6c added to the 35c or the 40c still is below actual cost of the meal. I feel that we still have enough balance to get us thru this year without an increase in lunch prices, but I feel sure that they will have to be increased next fall.

I am proud of our lunchroom and the help that we have now and during all of the time that I have been associated with the lunchroom. The ladies are doing a good job in preparing and

> serving the food. I can assure you that you will not find a better lunch anywhere for the price that students pay in the lunchroom. I would like to have more parents come by and eat with us from time to time. This is the only way that you will know what kind of food and service the students are getting in the lunchroom. There are days that some food is served that your child may not like, but I am sure that this is also true at home. All lunches are type A lunches, meeting the stameards set by USDA.

Students whose parents are not able to pay for their lunch es will be fed free upon application by the parents. If you feel that your child is entitled to a free lunch, and would like to make application, come by my office or the office of the building principal and discuss it with one of us.

We discourage the charging of lunches, but will do so for a reasonable length of time. Unless lunch bills are paid on a regular basis, we will not be able to meet our bills. If your child has been charging lunches and is behind, I would appreciate it very much you would pay up as soon as possible. If you have some reason that you can't pay, s will be glad to discuss it with you and make arrangements to defere payment.

Come eat with us sometime. All we ask is that you let us. know when you are coming so that we will have plenty prepared for that day.

The following were listed as patients at the Blackwell Hospital on Wednesday morning: Mrs. J. A. Barrett, Dublin Mrs. Mary Choate, Gorman Emma West, Rising Star Mrs. George Blackwelf,

Gorman Lula Mauney, Gorman Jerry Underwood, Gorman Oda Monroe, Gorman

CITY OF GORMAN, TEXAS

Election Notice

By virtue of the authority vested in me as Mayor of the City of Gorman Texas, and upon a duly authorized order passed by the CITY COMMISSION in regular session, an election is hereby called to be held in the CITY OF GORMAN, TEXAS on the first TUESDAY in APRIL, which is

## TUESDAY, APRIL, 41972

Within the hours prescribed by law for the purpose of electing a MAYOR and TWO COMMISSIONERS, each to serve for a term of two (2) years or until his successor has been duly elected and qualified. Officers whose terms expire are Mayor Eugene Baker, M. F. Dennis, Place 2, and L. F. Kellogg, Place 4.

The election is ordered to be held in the Fire Hall at the customary place For holding City Elections. Names of candidates are to be filed with the City Secretary and, as prescribed by law, latest filing date is 30 days prior election date, during regular office hours.

> Mozelle Rhymes, City Secretary Eugene Baker, Mayor

At your service:

# **Enough electricity** for today d tomorrow.

Dependable electric power in ample supply helps make good living possible today—and is essential for tomorrow's growth and progress-throughout the area served by Texas

Providing enough electricity to meet these meeds will require over \$165 million in new construction in the next two years. That's a blot of money. And about \$100 million of this

will have to be raised in a competitive market at a time when interest rates are much higher than they were just a few years ago. This, added to other higher costs of doing business, makes the job of planning and building ahead an even bigger task. At Texas Electric, providing enough electricity is a commitment and a continuing effort that keeps us at
