Hearing Tests Are Important

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing test made to find why and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We check your ears for packed wax, the tubes that let your ears breathe, then with the machine we check your hearing nerve, (bone reading) air conduction, (outside sounds) then measure how much sound the ear will take. We can pinpoint your problem and explain in plain English what can be done to help you, then you make your own decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids) just because they waited too late to do something about it. . . don't let this happen to you.

Mr. Joe Treadway will hold his regular Hearing Aid Clinic at the City Library at City Hall in De Leon on Monday, April 17th from 10:30 A. M. til noon. We invite you to come in for your free test.

We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries for your Aid, and can always save

Mr. Treadway you money. We are Licensed by the State of Texas to fit and Dispensing of Hearing Aids. We are always close by when you need us. We are in the Stephenville office, (Skipper Real Estate Bldg.) every Thursday, and in the Hamilton office every Friday to run special tests and assist you in every way.

Cook the automatic way!

CHOOSE AMERICA'S FAVORITE the Electric Range

There's nothing nicer for the kitchen than a new flameless electric range with an automatic oven and automatic surface unit.

Just pop the meal into the automatic oven. Set the time and temperature controls. Then do something else while the oven sees to the cooking.

The automatic surface unit keeps the food in the pan at the right cooking temperature. No scorch-

ing. No boil-overs. No reason for pot watching. If you include an oven that's self-cleaning, all you have to do is let it clean itself automatically.

Nice? Very nice. It's easy to see why electric ranges are the Number One seller in the country.

There are many other good reasons for choosing America's favorite. See your appliance dealer soon about a new electric range.
