

GORMAN STAYS DRY BY VOTE OF 401 TO 91

Voters turned out in record number for the election held Saturday on legalizing the sale of alcoholic beverages for off-premises consumption in Gorman.

Only 91 votes was cast for legalizing the sale of alcoholic beverages, and 401 votes were cast against.

This was the final outcome of a petition signed by 138 qualified voters petitioning the Eastland County Commissioners Court to call the election for voters to express their choice and the majority has chosen for the Gorman area to remain dry.

Panthers Drop Buffs 16-8; To Host Greyhounds Friday

The Gorman Panthers climaxed the Ex-Students Eleventh Annual Homecoming by winning over the Cross Plains Buffaloes by a score of 16 to 8. The win was really more impressive than the score indicates as the Panther line again was majestic, allowing the Buffaloes only five first downs and only 53 yards total offense and the Panthers lost the ball on four fumbles that kept the Red and Blue from possibly scoring more.

The Panther defense was outstanding led by Mack Sutton and David Kirk. These two boys had one of their finest games. However, these two weren't alone in playing good ball. Along with them Deryck Pocock, Ronnie Smith, Robert Whit, Robert Hunt, Robert Reeves and William Jay played fine football.

Captain Gary Overstreet was again "top banana" for the Panthers as he scored one touchdown, two extra points, punted for a

respectable 32 yard average, rushed 15 times for 117 yards for a 7.8 yard average, and again played an outstanding game on defense (and it was rumored that he also sold popcorn at the half). This seems about the average for Overstreet but very few loys ever have an evening like this in an entire football career and again we think that performances such as these will definitely put Gary in contention for Class B All-State recognition.

The Panthers scored early with about four minutes gone in the first quarter when Overstreet scored from ten yards out and Quarterback Hirst carried over for the two extra points.

The Panthers moved the ball well but each time a fumble would stop their progress and it was about ten minutes deep in the third quarter when Jerry Ormsby pitched out to Hirst who circled his left end for six yards for the score and Overstreet blasted for the two extra points.

The Cross Plains Buffaloes, who did not make a first down until about midway of the third quarter, began to move after recovering a Panther bobble on the Gorman 14 yard line about 4 minutes deep in the final quarter with Strickland blasting his way for the final 8 yards. He also made the two extra point, which ended the scoring for the evening.

The second leading ball carrier was Richard Pittman with 25 yards, Hirst 14 yards, Welch 23, Ormsby 8 and Wallace 2. Pittman again showed some fine running as he almost went all the way with his fancy stepping.

This makes the Panthers record for the season read four wins and one loss and all the boys can take credit because although some boys might excel on different occasions all the boys, including the alternate unit, has come up with outstanding play and it has really been a team effort all the way. We would like to commend Coaches Newby and Felts for the fine job they have done this season. Numerous injuries have kept them juggling the lineup and they certainly have done a commendable job.

The Panthers will not have much time for licking their wounds because they will have to start preparing for an always tough Throckmorton team that will invade Brogdon Field this Friday night at 7:30. The Panther fans have really turned out in full force so far this season and another capacity crowd is expected this week when the Panthers tangle with the Throckmorton Greyhounds.

Mr. and Mrs. Bill Bryan of Irving and Mr. and Mrs. Jimmy Brightwell of Fort Worth spent the weekend with their parents, Mr. and Mrs. Odie Brightwell and attended the homecoming.

Weekend visitors in the home of Mr. and Mrs. George Cooper and attending the homecoming were their children, Mr. and Mrs. Harry Cooper and family of Odessa, Mr. and Mrs. Johnny Cooper and family of Karnes City, and nephew Garth Cooper and Lowell Overton of Grand Prairie and Mrs. Walker McCulley of Eastland.

Houston. The candlelighters were Mr. Byrnie Bass and Miss Vicki Byrd of Denver City. Mrs. Don Bell was the organist and Mrs. Rose Davis sang the wedding songs.

Mrs. Reyee Ogden, a sister of the bride of Odessa, served as matron of honor, with Mrs. Herb Harding, sister-in-law of the groom of Lubbock, and Mrs. Oran Byrd, sister of the bride, of Denver City, serving as bridesmaids.

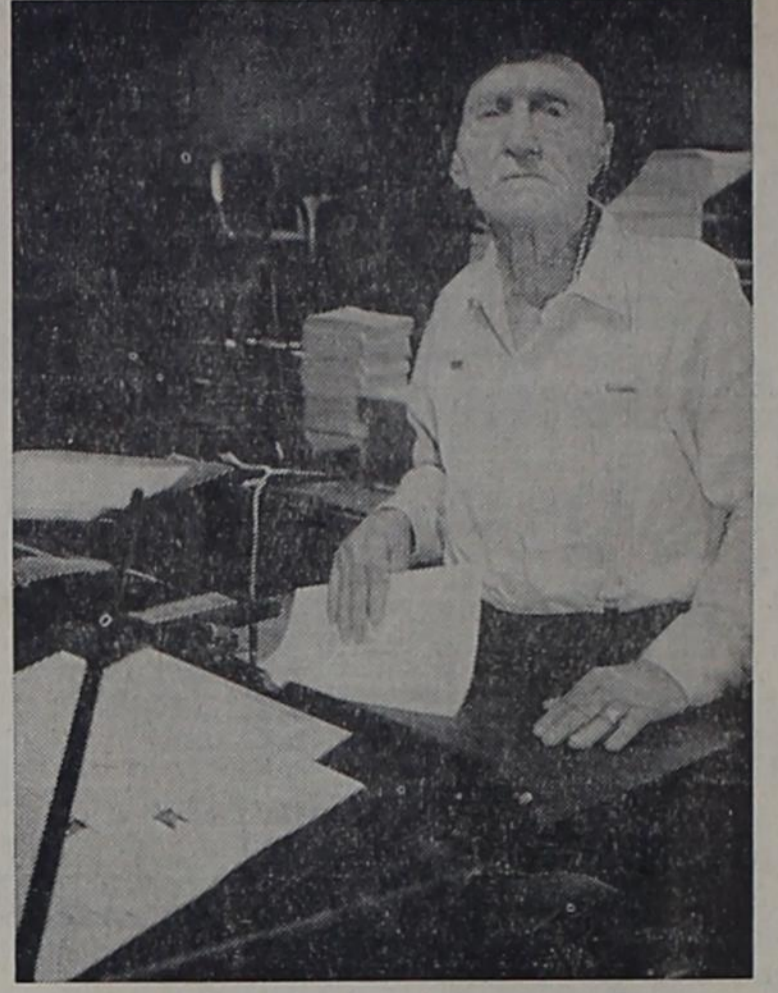

The bride was given in marriage by her father, H. A. Reynolds. Her gown was fashioned of white peau de soie satin designed with a scalloped sabrina neckline, fully reembodyered with seed pearls and sequins that outlined the scallops. The back and the front of the fitted bodice dipped to point over a dropped waistline. Tiny buttons closed the back of the bodice. The front of the bell shaped skirt was softly draped with enfolded pleats and embroidered medallions of seed pearls and sequins extending down the center front and the pleats fell to a chapel train in the back. The bride's veil of imported silk illusion fell to waist-length from a coil of white taffeta and pearls. She carried a white Bible topped with a gardenia and stephanotis bouquet.

A reception was held following the ceremony in the church parlor. Miss Billie Wolfe played the harp. Members of the house party included Misses Sandra Turner, Nancy Altizer, and Julie Riggs. Also assisting were Mrs. David Peopold, Mrs. Ken Clark, Mrs. Dan Kallus, Mrs. Phil Szenasi, and Mrs. Barney Oldfield, and Mr. Cris Byrd passed out the rice bags. For her wedding trip to New Mexico the bride chose a medium blue wool crepe suit featuring dolman sleeves of elbow-length and a rounded yolk neckline. The suit was accented with black and darker blue accessories. She wore a gardenia corsage from her bridal bouquet.

The couple will live at 2607 Road, Apt. 22, Lubbock.

Mr. and Mrs. H. A. Reynolds are former residents of Gorman where he taught school for many years. Carolyn June attended her first year of school here. She is a niece of Mr. D. B. Crawley, Mrs. Ruby Bennett, Mrs. B. E. Wilson, and Mrs. Letha Rogers, and a great niece of Mrs. E. L. Haile, John Kirk and Frank Kirk, Sr. of Gorman.

HOW WE HEAR AND WHY SOME OF US DO NOT HEAR

Actually, we don't hear with our ears, we hear with our brain! From the time we are born, we begin to store up sounds and words in our brains. The ear picks up and sends messages to the hearing center in the brain where they are transmitted into words and sounds.

NERVE DEAFNESS — Nerve Deafness is the principal cause of impaired hearing. This vital nerve carries words and sounds from the inner ear to the hearing center in the brain. Although tiny in size, the Hearing Nerve has about 25,000 nerve endings in the inner ear. They are tuned to all pitches and tones in the Mr. Treadway hearing range. Some of the nerves pick up low tones and send to the hearing center, while others pick up middle tones, while others pick up high tones. When working normally, the Hearing Nerve sends clear, distinct messages, and the hearing center has no trouble in understanding them. However, when the Hearing Nerve weakens, it may send incomplete, indistinct and garbled messages. The hearing center has trouble understanding them. The result: a hearing problem. The nerve endings that send the high tones are usually the first to weaken. At this stage a person has trouble understanding women's and children's voices. It is at this stage that people will say, "I hear but don't understand," or, "People mumble and don't talk plainly," or, "Words run together and I can't make out what is said."

Many nerves in our body would deteriorate if not used. If an arm goes to sleep, the first thing we do is exercise it; if we didn't, it would soon become useless. If you stayed in a dark room all the time, you would go blind by not using the eye nerve. The same is true with the Hearing Nerve, it will weaken when not in use. It needs stimulation to make it work properly. That's why a hearing problem should not be neglected.

The discovery of the transistor and its use in hearing instruments has truly been The Miracle of the 20th. Century. By testing a person to find what part of their nerve is not working an Aid can be designed to exercise and stimulate that part of the Hearing Nerve that is not working. This puts the hearing center back to work and improves one's ability

to understand clear, distinct messages again.

THERE IS NO TREATMENT OR SURGICAL OPERATION THAT WILL CURE NERVE DEAFNESS! A small percentage of hearing impairment is caused by Conduction Deafness, usually the result of otosclerosis which affects the working of the three tiny bones in the Middle Ear... but not to be confused with Nerve Deafness. With the use of advanced surgical techniques, some excellent results are being obtained, in selected cases, from operations for Conduction Deafness. However, for those who do not care to submit to surgery, there are Transistor Hearing Aids for Conduction Deafness.

Defective hearing is regarded as the Nation's No. 1 physical impairment. The battle for hearing correction has been won. Today, 3,000,000 people use hearing aids — four times the number who used them in 1950. One should not consider himself deaf, just because his hearing needs a little lift. A person isn't regarded blind simply because he uses eyeglasses. We fit many people who only use their aids to exercise and stimulate their Hearing Nerve, or to give them a lift at church, or meetings, etc. They do not have to wear them all the time. These people put them on at home while listening to TV, and this is enough to keep the nerve stimulated.

In closing, we wish to extend you a most cordial invitation to consult us about your hearing problem. Being an independent Audiologist we are not tied to any Hearing Aid Manufacturer that sends us a bag of hearing aids each month that we must go from door to door and sell, not knowing or caring if the person is fitted correctly. Our business is a profession dedicated to helping the hard of hearing. We had rather turn your case down than to mis-fit you. A staff of experienced engineers at the Labs are available to you through us, yet we are able to keep the cost down. We are able to save you 20% and more on your batteries and supplies. We do repair on any make or model. In most cases if you wear an aid you cannot hear with, we can have it changed to fit your hearing loss without you having to buy a new aid.

Listed below is when and where we will have a clinic in or near you. We invite you to come in.

Mr. Treadway will hold his regular Hearing Clinic at the Gorman Hotel in Gorman Monday, October 19th, from 3 PM to 5 PM.

It becomes more and more difficult each week to select "The Panther of The Week" with all the boys having a fine night last Saturday. However, we will go along this week with a boy who has played good steady ball for the Panthers for three years and is only a junior. Against the Cross Plains Buffaloes we think that Mack Sutton played his finest game and is this week's "Panther of The Week". David Kirk was another boy that dealt the op-

HEARING TEST SET FOR GORMAN

Free, Electronic hearing test will be held in Gorman. Anyone that has a hearing problem of any kind is welcome to come in for the test. Pictures of the ear showing how the ear works, and why a person loses his hearing, also the nerve system of the ear that is connected to the brain, to tell us what we have heard. Each person is tested with the latest electronic machine that can pinpoint in what part of the ear they are having trouble and what can be done to help them.

Each person can see how a simple operation on the ear has let thousands of people hear again. How the new electronic device is helping thousands of people with the dreaded NERVE DEAFNESS to hear again. How 2 year old children are being fitted with aids and can learn to hear and talk. How packed wax in the ear canal affects the hearing. How head congestion affects the hearing.

Everyone should have a hearing test at least once a year if they have any hearing loss. Even people that wear Hearing Aids should have a test. People that have been told that nothing could be done for them should have a test each year, as new ways are being discovered to help these people.

The test will be held at the Gorman Hotel in Gorman, October 19th, from 3 PM to 5 PM. Mr. Treadway, who is an Audiologist, will conduct the test through the courtesy of the Temple Hearing Center, 120 N. 3rd. Street in Temple.

ponent lots of misery with his fine play.

J&S

The Panthers have played five games this season, winning 4 and dropping 1 to a strong Ranger eleven. So far this season the Panthers have not been at full strength and injuries continue to plague the team. So far the coaches have done a fine job of fielding a scrappy group of boys. Jerry Ormsby missed the first two games and is just now getting back to normal. Gary Overstreet has been slowed by injuries (although one cannot convince any of our opponents of this fact). William Jay and Tommy Kirk missed one game and are not yet up to par. Benny Matthews has had a bunged up leg. Robert Hunt injured an arm last week in practice. Daryl Hirst was hampered by a slight back injury this week. So, if and when all gets back up in top condition the Panthers should be even more impressive than they have thus far. And we think that due to such conditions that have persisted, the coaches have done a fine job of coaching, especially when the injuries are to your key personnel.

J&S

We saw most of the Dallas Cowboy-New York Giant game on TV Sunday afternoon and think that the Cowboys did a fine job against Mr. Tittle & Co. by playing them to a 13-13 deadlock. The Cowboys had a bad break with only a couple of minutes left in the game when they moved deep into Giant territory but lost long yardage when Meredith went back for a pass and was thrown for a big loss. From there the Cowboys had to try for a field goal from around the 33 yard line against a stiff wind and barely missed it as time ran out.

However, we do think that if the Cowboys had continued their drive on the ground that they would have moved in for a score or at least got close enough for a field goal, because they moved the ball on the ground real good the entire game. We look for the Cowboys to do a lot better the rest of the way, especially if Don Meredith can overcome his injury.

J&S

This looks like one of those years when the Sports Prognosticators selecting the winners in college football should go against the so-called favorite. It is rough when such favorites as Kentucky, Rice, Ole Miss, and Army take their lumps week after week. Joe dropped to a season low of 50% while Speedy's luck was a little better with a 70% average. But we are not discouraged enough to

The Sweet By and By

A hymn is born of a casual remark

Like many another temperamental artist, Composer Joseph Webster had his off days. So when he sauntered into the office of Dr. Sanford Bennett, where he usually hung his hat and violin, the doctor knew the musician was in the dumps.

"What's the trouble now?" Bennett asked Webster, who had his back to the physician and the stove.

"Oh, nothing," came the dejected reply. "Everything will be all right by and by."

The doctor turned back to his desk where he wrote prescriptions as a profession and verse as a hobby. "By and by," he mused, "the sweet by and by." He paused, looked up at Webster, then reached for writing paper.

Joseph Philbrick Webster was an out and out musician. In the East, where he was born in 1819, he had been an active member of the Handel and Haydn Society and a prolific composer of popular

songs. In his early thirties he migrated to Indiana, and in 1857 settled in Elkhorn, Wis. When the verse writing physician, Sanford Fillmore Bennett, moved to the same town in 1861, the two struck up a partnership in the production of sheet music. After six years Bennett had learned Webster like a song book. He had soon learned that the best prescription for his partner's spells of melancholia was a batch of verses to be set to music. But on that Autumn day in 1867 the doctor had no remedy in stock. But Webster's casual remark had given him a theme . . . not for another of their popular songs, but for a church hymn.

While the physician wrote hastily at his desk two townsmen joined Webster at the stove. In a few minutes Bennett handed Webster three verses and a chorus. In less time than it had taken the doctor to write the words, the composer had the melody. He gave the melody a few rounds on his violin and the four men sang for the first time:

*There's a land that is fairer than day,
And by faith we can see it afar;
For the Father waits over the sea,
To prepare us a dwelling place there.*

*To our bountiful Father above,
We will offer the tribute of praise,
For the glorious gift of His love,
And the blessings that hallow our days.*

*We shall sing on that beautiful shore
The melodious songs of the blest,
And our spirits shall sorrow no more,
Not a sigh for the blessing of rest.*

*In the sweet by and by,
We shall meet on that beautiful shore;
In the sweet by and by,
We shall meet on that beautiful shore.*

NOTE OF APPRECIATION

I would like to take this opportunity to express my thanks to the officers of the 1964 Homecoming Association, the chairmen and members of each committee, and all of the people who worked and contributed to making the homecoming possible. Without such wonderful cooperation it would be impossible to continue to have the homecoming each year.

I wish a most successful year for the 1965 Homecoming Officers.

CARD OF THANKS

Words cannot express our deep gratitude to our many friends for all kindnesses shown me and my family during my recent stay in Blackwell Hospital. Thank you for the beautiful flowers, the many nice cards and gifts. A special thanks to the doctors and nurses, and the entire hospital staff for the excellent care given me. Thanks for your prayers, for all of these we will always remember you.

May the Lord bless you with health and happiness.

Band Members Host After Game Reception Sat. Nite

Parents of the Gorman Band members were hostesses for an after game reception at the Band Hall Saturday night for the members of the Cross Plains Band and the Gorman Band.

Cross Plains has a very fine band and much of the credit is due to the strict discipline and direction of the director, Mr. Wayne McDonald, who has been with the Cross Plains Schools for the past four years.

The band recently made a trip to Indianapolis, Indiana to play

for the opening of the Indianapolis Race Tracks.

The band looked so sharp on the field Saturday night at half time activities, and we learned at the reception that the students are not permitted to don their uniforms until they reach their destination and uniforms are removed immediately following each performance. The band is equipped with a pickup truck with a camper on back with hangers to carry the uniforms when the band makes out of town trips.

The band has a membership of 64 and held practice sessions twice daily before the opening of school.

The Gorman Band, under the direction of Mr. Herman Alsup, has improved tremendously since

We were as proud of them for their performance Saturday as we were of our football team.

Parents hosting the reception Saturday night and serving sandwiches, potato chips, peanuts and cold drinks, were Mmes. M. E.

Foster, Melvin Shell, Arnold Butler, Norman Park, Roma Jewel Porter, Gaylon Wright, James Jobe, R. C. Ashworth, W. R. Taylor, I. N. Poyner, Joe Collins, Doyle Ward, Charles Duran, D. O. Munn, Wayne Eaves, and W. R. Collins.

The Band Boosters Club extend their thanks and appreciation to Mr. Ross Wilson and Southwestern Peanut Grower's Association for the roasted peanuts.
