Women who cook electrically know . . .

Electric cooking is MUDERN because it's flameless

Nothing else does so much to give your kitchen that smart modern look as a flameless electric range. Its gleaming beauty makes any kitchen, old or new, more attractive. And, because an electric range cooks with clean flameless electricity, your kitchen and the range itself will stay bright, fresh and modern looking with a minimum of care.

A flameless electric range not only looks modern, it cooks modern. Automatic surface cooking and oven controls watch over your cooking for you while you're away from the kitchen. Modera super-speed electric elements are fast, accurate, dependable. And optional features such as automatic rotisserie and meat thermometer add modern convenience to cooking.

ELECTRIC RANGE

See the modern flameless electric ranges at your appliance dealer's and get the full story about electric cooking's many advantages. Electric cooking is one of the nicest things about living better . . . electrically.
