Sunday Night Thunder Showers Dump 4 To 5 Inches Of Rain In Area

Sunday night thundershowers dumped rains measuring from four and one-half to five inches in all sections of the Gorman area. The rain, which began at midnight Sunday ended around six a. m. Monday, brought much needed moisture for peanut farmers.

Some, who have just planted, are expecting to have to re-plant as seeds are feared to be washed from the ground. Those who had not planted were just waiting for the "big" rain we are accustomed to getting in May. They knew it would come and they did not want to have to re-plant as those will who planted earlier.

High winds accompanying the rainshowers did some damage to trees and TV antennas.

50th Anniversary of Flag Day Observed

Flag Day was Tuesday, June 14, and seven business houses were noted as displaying the American Flag.

Tuesday, June 14th was the 189th anniversary of the birth of the United States Flag. It was on that date in 1777 that the Continental Congress adopted a resolution authorizing the design of the Stars and Stripes as the national ensign. Tuesday was also the 50th anniversary of United States Flag Day.

It is the patriotic duty of every American to join in this commemoration by displaying the American Flag wherever possible so that the Free World might understand the respect we have for our American Flag and what it stands for.

We at the Progress office were guilty of not displaying the Flag because our flag is locked in a building we don't have a key for and we have neglected to get another one. We hope to have a flag by the next official time for its display. We hope all business firms and individuals will do the same.

We have been requested to print the proper way to salute the American Flag. It was observed at our football games last year that many people did not recognize the flag when it was displayed.

Salute To The National Flag
The flag should be saluted when passing in a parade by the civilian removing hat and placing at left shoulder while standing at attention. Women salute by standing at attention and placing right hand over heart.

WASHINGTON, D. C. - **FUTURE HISTORIANS WILL UNDOUBTEDLY** mark September 2, 1945, as a significant turning point in the affairs of the United States, as well as the world. The history of World War II ended on this date with the surrender of the Japanese, but there is also another important significance.

AT THAT EXACT TIME THE UNITED STATES stood alone on a pinnacle of power. No other nation anywhere on the earth could challenge us.

BOTH ALLIES AND THE VANQUISHED had to turn to us for assistance. Russia could not have saved herself without the equipment we had given her. Europe could not have rebuilt itself without our wealth. Smaller nations everywhere had no other place to look for help except to America.

ALSO AT THIS EXACT TIME IT SEEMED that we de-

In A Word... Varicose

Hippocrates described the condition, which we refer to today as "varicose veins," but the name for the ailment did not come into being until much later.

The term was derived from 2 Latin words - **varix** meaning dilated vein, and the suffix **osus** designating the condition of being full of.

Thus, the word literally means full of dilated veins - a perfectly apt description for a limb afflicted by varicose veins.

Be sure and see your doctor.

MRS. ROSCOE REEVES ATTENDS CONVENTION IN SAN FRANCISCO

Mrs. Roscoe Reeves left Dallas by plane last Friday morning for San Francisco where she will attend the annual convention of the American Association of Graduate Nurses which is in session at the San Francisco-Hilton Hotel this week.

Following the convention she will visit her brothers, Roy, John and Billy Haynes, who live in the San Francisco area.

veloped a sort of complex of half apologizing for having won the war in the first place. Ever since VJ Day it seems some self-consciousness has bitten deep into us and has affected our foreign policy. At times we have seemed to apologize for our power. This appeared to be the case with Berlin, Korea and the Middle East, which were dealt with by several Administrations.

THIS IS WHAT SETS VIETNAM APART from other periods of actual wartime. Other wars, with all their agonies, were made bearable by an enthusiasm for what we felt was right and a confidence in our ability to bring victory. What we knew we had to do was to rise up and fight.

THIS ATTITUDE SEEMS TO BE LACKING in our conduct of the war in Viet Nam.

THE EVIDENCE OF THIS IS NOW BEING DEMONSTRATED in Geneva where Secretary of State Rusk is trying valiantly to gain support from European leaders for the United States' position in Viet Nam.

SECRETARY RUSK ADMITS THAT OUR PRESTIGE IS DOWN in Europe because "it has been so long since the United States has had a resounding success or victory."

EUROPEANS HAVE OBSERVED THE HESITANCY and reluctance of the United States to use its power - in Berlin, in Korea, at the Bay of Pigs - and now what appears to them to be a stalmate in Viet Nam.

THE FORCES OF HISTORY HAVE NOT CHANGED. Despite the introduction of nuclear weapons, a nation is not regarded as a great power if it shrinks from the use of its strength when attacked. It is doubtful that under such conditions a nation could expect allies to flock to its side when it is said we only have "limited goals and those goals not clearly defined."

ENGLAND'S WINSTON CHURCHILL DID NOT RALLY the free world to Britain's side by calling for restraint against the Nazis or giving the half-V sign.

THESE ARE THE THINGS WHICH MAKE IT DIFFICULT for our friends abroad to understand. Voices of the "no win" policy for the United States are loud and clear. They were mistaken by a well known Canadian newspaperman and Canadian Parliamentarian who recently visited Washington. Before coming they thought "American public opinion was shifting toward disengagement in Viet Nam and some kind of a rapprochement toward Red China."

AFTER BEING IN WASHINGTON A FEW DAYS the Canadian found a different view. "Right or wrong, the vast majority of Americans still cling to the opinion that the war in Viet Nam must be fought to the bitter end, that Communism must be contained in Southeast Asia and that it must be stopped there if we do not want it to come over here."

CERTAINLY MOST PEOPLE WOULD LIKE TO SEE a peaceful settlement in South Viet Nam, but who can imagine a "peaceful settlement" under prevailing conditions and attitudes.

INDICATIONS ARE THAT MR. W. Averell Harriman will soon set off on another round of travels to other nations to explore the possibility of a negotiated settlement.

MR. HARRIMAN'S TRIP HAS ADDED SIGNIFICANCE by statements from Ambassador Arthur Goldberg, calling for "mutual cessation of all types of hostilities in Viet Nam and a new Geneva Conference to reaffirm the 1964 and 1962 Agreements."

IT SEEMS TIME THAT WE SHOULD CONDUCT OUR AFFAIRS in such a way that those who want peace may come to us instead of our doing all the going.

Why fight it?

No frost.
No defrost.
With new no-frost refrigerator-freezers...

You're waging a losing battle when you have to defrost your refrigerator. You defrost—a messy, tiresome chore—then comes that frost and ice build-up again. Ice trays are hard to take out . . . frozen food packages stick together and labels are hard to read. But why fight it? With a new no-frost refrigerator-freezer you'll never bother with defrosting again. Frost never forms either in the refrigerator or freezer sections. See your appliance dealer soon for a no-frost refrigerator-freezer that will take the same kitchen space as your old refrigerator . . . and hold much more food.

The devotional taken from first Corinthians 15:41, was given by Mrs. Bill Brown. Opening prayer was given by Mrs. Frank Williamson.

"Operation Teenager" Set For June 21-22-23

"OPERATION TEENAGER" will be in Eastland County June 21, 22 and 23rd. Because of the many favorable comments from the students who heard this program in Eastland last fall, the Family Living Committee, a Subcommittee of the Eastland County Program Building Committee, is sponsoring this program in the county.

The Lions and Rotary Clubs are meeting together for the program in the following schedule:

June 21 - 12:00-1:00 p. m., Eastland, White Elephant Restaurant.

June 22: 12:00-1:00 p. m., Cisco, Victor Hotel.

June 23: 12:00-1:00 p. m., Ranger, Paramount Hotel.

Due to limited space, the attendance at the above meetings is being limited to club members and their invited guests.

"OPERATION TEENAGER" will be presented on Wednesday night, June 22 at 7:30 p. m. in the sanctuary of the First Methodist Church in Cisco. An invitation to attend this program is open to anyone interested. There is no charge for the program, which lasts approximately 30 minutes, and the public is urged to attend this most informative program.

"Operation Teenager" resulted from the feeling of four inmates of the Texas Department of Corrections, that serving a sentence doesn't pay a thing. Through their program, their aim is to steer others away from the errors they have made.

"One of the most despairing features of the present crime explosion is the increasing number of young people involved. A country may well pride itself on noble traditions with its roots and foundations in the past. However, it is the future — the youth — which holds the only ground for hope.

The fact that 40% of the population of the Texas Department of Corrections is between the ages of 17 and 24 is only part of the total tragic situation. If we were to include the populations of Gatesville, Gainesville, and Crockett, which are our state schools for juveniles, the percentage becomes even greater.

W.S.C.S. Yearbook Program Presented On Monday Morning

The Woman's Society of Christ-

ian Service of the First Methodist Church met Monday in the church for a Yearbook Program. The meeting was opened with prayer by the president, Mrs. G. C. Acree.

Mrs. S. A. Baker reported briefly regarding studies for the 1966-67 year.

An ice cream supper was planned for Thursday at 7:30 p. m. honoring the pastor and his wife.

Mrs. Acree and Mrs. Barton Eppler agreed to serve as a committee to get cakes and cream furnished. Mrs. M. F. Allen and Mrs. M. H. Fairbetter, telephone committee.

Mrs. Baker reported on the district meeting held in Breckenridge.

Mrs. J. C. Jackson of Graham, new district president, said she would have pictures of the National Meeting available for the group meeting. The theme of the National Meeting was "God Is Real, God Is Present."

Mrs. Ed Harrison brought the program, "The E.U.B. Story," with the Declaration of Union - clasped hands has become the symbol of the United People (churches).

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

Inasmuch as the United Nations is largely supported by the taxes of American small businessmen, even before Russia reneged in making payments, it is perhaps well to review the UN situation.

Rep. H. R. Gross, Iowa, recently commented on the fact that only by the barest of margins was Red China kept out of the UN, and Nationalist China thrown out, in 1965.

He feels that this situation may not prevail in the next vote.

UN was launched with worldwide hope to found an effective way of preventing the world wide anarchy of war. The charter provided that nations should act in concert to stop aggressive acts between nations, but should not interfere in matters essentially within the domestic jurisdiction of any state. Since that time, however, there has been appended to UN some 14 different agencies such as the International Labor Organization to "promote social justice" and the UN Education, Scientific and Cultural Organization which seeks control over schools all over the world. Thus, it has become quite active in meddling in nation's internal affairs.

Yet as the record since 1945 shows, the UN has been a substantial failure in achieving its main purpose, maintaining peace. This tragic failure is perhaps largely due to failure of world leaders to utilize UN for this purpose.

Mrs. Ed Harrison brought the program, "The E.U.B. Story," with the Declaration of Union - clasped hands has become the symbol of the United People (churches).

Perhaps the best try in this direction was the action of President Truman in getting a vote from UN to stop Northern Korean aggression, and fielding a multi-nation force.

But since that time, action has largely been on an independent basis. President Eisenhower took independent action in the crisis of Suez and again Lebanon. When President Kennedy had a confrontation with Russia over Cuba, only the American navy was deployed. President Johnson has acted independently in both Dominican and Vietnam.

When the Russians moved in to crush the Hungarian freedom movement, the UN abstained from interference on the basis already mentioned that the UN has no business interfering in domestic affairs. Yet it has not hesitated to interfere in other people's domestic affairs, as witnessed by Rhodesia and South Africa.

Obviously, a new UN look is needed. All this collateral impedimenta should be junked and the main purpose accentuated... that of keeping the peace.

After all, in a stable society, one man may believe he is entitled to what some other man has. He is privileged to argue his case, but if he goes over to the other man's house to shoot up the place, all society acts to stop bloodshed.

There is no excuse today for any nation invading another. Unless the UN can agree to this principle, it will always be doomed to failure. Interference in domestic affairs can only lead to trouble and leave the world without an effective peace enforcing machine.

The history of the Woman's Society of World Service with its purpose being very similar to the W.S.C.S.

The devotional was given by Mrs. M. H. Fairbetter, using the 12th chapter of Romans and First Peter, second through ninth verses.
