

**PEANUT HULLS**

By Kernel Gene Baker, aPe

Congratulations to Dr. Pino. His membership in the "American College of Emergency Physicians" has been approved.

ACEP is a young medical society with progressive goals and purposes, and is especially interested in emergency medical care.

Did you read the series of articles on Doctors and Hospitals in the Star-Telegram. Personally, I am thankful that the Pino and Canut families chose Gorman as their home.

Always like to hear of a person improving their status in life... and understand Ray Hughes has accepted a position in Graham. More about this and the new administrator for Lawndale Home next week.

Several folks have asked for some of the pictures I have been placing in the window. Hope to have some replacements for display soon. The pictures which have been on display are available to anyone who would like to have them.

Are you giving careful consideration as to who you will vote for in the November election? Party affiliation seems to be a thing of the past. Now one has to choose the person, or persons, they believe best qualified to lead our Nation, regardless of party. Can a man who offers to give "something for nothing" really qualify as a leader?

**DICK YBURGESS HAS NARROW ESCAPE WITH ELECTRICAL HIGHLINE**

Dicky Burgess of Carbon considers himself a very lucky man after receiving 72,000 volts of electricity, when an irrigation pipe he was holding came in contact with an electric highline wire. Burgess only had hand and feet burns. Dr. Pino at Blackwell Hospital, where Burgess was treated and released, stated only a miracle saved his life.

The accident occurred on the Glenn Justice farm near Carbon when Burgess was cleaning an irrigation pipe he was moving and in the process of unloading dirt from the pipe and it came in contact with the highline and, most of the electricity must have gone through the pipe, only burning Burgess where the electricity entered and left his body. The electricity also started a grass fire that was extinguished by the Carbon Fire Department.

**CARD OF THANKS**

Please accept our most sincere thanks for your kindness and sympathy at the recent death of our father and grand father, Jimmy Ellison. Thanks to the many friends and neighbors for the beautiful flowers, the food and to Dr. Pino and Dr. Canut, we shall always be grateful. Thanks to Rev. Huron Polnac for his comforting words and concern, also to the Higginbotham Funeral Home personnel.

Mr. and Mrs. Jimmy McClure, James and Melaine of McCamey visited from Friday to Monday with Mr. and Mrs. Joe Collins. Their daughters, Juanava of Everman and Karen of Odessa, were also weekend visitors. Visiting with the Collins on Wednesday were Dr. and Mrs. Claude Brown of McCamey.

**Two Nurses From Ireland Join The Staff At Blackwell Hospital**

Miss Catherine Mannion, right, and Miss Agnes Coppinger, left, are the new nurses from Ireland employed at Blackwell Hospital.

The Blackwell Hospital has recently been honored with the arrival of two registered nurses from Ireland: Miss Catherine Mannion and Miss Agnes Coppinger. Both of these young ladies are from County Galway in Ireland and recent employees of the Poplar Hospital, East India Dock Road, London, England.

Miss Mannion, in addition to her Nursing Registration is a Graduate Midwife and has been employed at Saint Michaels Hospital in Dublin and at Saint James Hospital, Leeds Yorkshire.

Miss Coppinger has been employed at the North Sheffield University Hospital in Sheffield, England and at the Royal Infirmary in the Coronary Care Unit in Yorkshire, England.

Both Miss Mannion and Miss Coppinger have contracted with the Blackwell Hospital for employment for a period of one year. Current laws permit up to two years employment and hopefully these two young ladies will see fit to remain in Gorman for the full two years.

The young ladies departed London, England early in the morning of July 20, 1972, cleared customs in Chicago and arrived in Dallas at 9:20 p. m. on July 20. They were met at the air terminal and arrived in Gorman at about 12:30 p. m. They made applications to the State of Texas for Registration and it is expected that temporary registration will be received shortly.

The young ladies are at home in the former home of Mrs. Dixie Jarman.

**TERRY KNOTT COMPLETES USN ORDNANCE SCHOOL**

JACKSONVILLE, FLA. (FH TNC) July 18 — Navy Airman Apprentice Terry M. Knott, son of Mr. and Mrs. U. J. Knott of Route 2, Eastland, Texas, has completed the Aviation Ordnancemen School at Jacksonville.

Aviation Ordnancemen maintain aircraft guns and accessories as well as bombs and rockets with their launching equipment.

**CHAMPION CANTELOPE** — Sarah (standing) and Sandy, daughters of Mr. and Mrs. J. E. Porter, have exceeded themselves over last year's production of cantelopes. This year's big one weighs 18 pounds, compared with last year's prize melon of 15 pounds. However, they gave their mother credit for the growing of the melon. Seed was given to them by their late grandmother, Mrs. George Porter. We will be anxious to see next year's production. The cantelope which seemed to have begun as a twin melon developed into one.

**Know Your School**

By C. L. Garrett, Supt.  
Everyone is real busy trying to get ready to begin a new school year. The maintenance men have been working all summer with from eight to eleven NYC workers cleaning, painting and repairing the school plant. All floors have been cleaned and refinished. Some inside painting has been done. Outside trim is being painted on the main buildings. Much work has been done on the grounds, and many other things have been touched up to make the grounds and buildings look better.

I have been busy working with the program for the new year. Our school, like most schools in this area, is faced with some problems in a day of change. It is a very difficult thing to work out and implement some things in the program because of the lack of money. As I have said from time to time, we try to give you the very best program possible with the money we have to operate. The cost of operation continues to increase each year. The proposed budget, which will be presented at the next board meeting, will be up over last year's budget. It is hoped that the budget can be met without an increase in the tax rate.

There are some things which we would like to do that are needed very badly. Plans have been proposed and discussed for the building of a field house with room for football dressing rooms and additional badly needed areas for off-season training. Plans were discussed at the last meeting, but were postponed because the proposed figure for construction was larger than had been estimated. Further study is being conducted into this project.

In-service training for teachers will begin sometime during the week of August 14 with classes beginning on August 28. Teachers will be taking part in some local workshops and possible one or two days at workshops in Cisco Junior College. Personnel from the Educational Service Center will help with the in-service training program as well as some aid from the Texas Association of Small Schools. I will give more information about the opening events of school in a later edition.

We have been taking a look at the lunchroom program and will be making a decision at the next meeting as to the prices of lunches. The ladies in the lunchroom did a good job during the past year and we were able to close in the black, but as all of you know, the cost of food continues to increase. There is a possibility that the price of lunches may have to be increased during the coming year. The board has adopted one new policy in the lunchroom on charged lunches. Lunches will be charged for no more than two weeks at a time. This policy was made necessary because our bills have to be paid at least every month and when charges run beyond this length of time, it becomes difficult to operate. Another thing that prompted this decision was the fact that some charges were made over a long period of time and families moved away without paying. We have no intention of depriving any student from eating in the lunchroom, but must have money to operate. Parents who cannot pay for lunches and who will qualify, may apply for free lunches. The free lunch program will be published in a later edition of this newspaper.

A number of new families have moved into our district and I am expecting a number of new students. All new students should bring report cards and book cards as well as immunization records when they come to enroll. High school students need to write and have a transcript of grades sent to Mr. Bettis. It is im-

portant that this be done so that the new student can be properly classified when he or she enrolls.

**PRE-SCHOOL**  
The pre-school orientation program for all beginners in the first grade will be conducted by the Gorman Public Schools beginning on August 14 and running through August 17 from 8 to 11:30 a. m. each morning. This program is designed to help beginners get enrolled in school and find out what it is all about before school actually begins.

**Webb-Jobe Vows Exchanged At Carbon Church of Christ on Friday Evening, July Fourteenth**

Miss Leisa Jane Webb of Carbon became the bride of Doyle Rex Jobe of Gorman on Friday evening, July 14, 1972 at 8 P. M. in the Church of Christ in Carbon.

Bill Patton, minister of the Merkel Church of Christ an uncle of the bride, performed the candlelight double ring ceremony before an archway entwined with daisies, gladioli and greenery. Family pews were marked with white satin bows and wedding bells.

Parents of the couple are Mr. and Mrs. Durward Webb of Carbon and Mr. and Mrs. Doyle Lee Jobe of Gorman. Mr. and Mrs. Nathan Files, Mr. and Mrs. Don Spraberry, Miss Sha Rogers, Mrs. Billy Earl Simpson and Miss Laneta Rodgers sang, Promise Me and Whither Thou Goest.

Mrs. Randy Pack of Gorman, sister of the bride, was matron of honor. Bridesmaid was Miss Claudia Lovett of Abilene, cousin of the bride.

Amy Jobe, sister of the bridegroom, was flower girl and Craig Echols of Odessa, cousin of the bridegroom, was ring bearer.

Candlelighters were Durward Webb, Jr., brother of the bride, and Mike Foster cousin of the bridegroom. They also served as ushers.

Best man was Jim Jackson

and groomsmen were Wendell Treadway, both of Gorman.

Given in marriage by her father, the bride wore a floor length gown of peau de soie, featuring an empire waist line long sleeves and A line skirt. Appliques of seed pearls and lace enhanced the skirt.

Her veil of silk illusion attached to a satin cape appliqued with lace and seed pearls formed a chapel train. She carried a bouquet of white daisies centered with an orchid atop a white Bible.

The bride's gown was fashioned by her mother.

The bridal attendants wore formal gowns of yellow with bonded white daisies, empire waist line with yellow ribbon trim. Yellow flowers were used for headpieces and each carried a nosegay of white daisies.

**Mrs. Fairbetter Hosts Friendly Ladies Class**

For some time now the Friendly Ladies have apparently been too busy for coffee-drinking, for when the group gathered in the home of Mrs. M. H. Fairbetter last Wednesday evening, it was a gayer and larger crowd than usual. Because some teach and some are a bit lazy, not all the class meets together on any given Sunday, so the social aspect of the coffee evening is of special interest.

Mrs. Fairbetter gave the devotional, a carefully selected series of famous quotations. Stating that the Bible is our greatest legacy, she continued with quotes by Jesus, Paul, and David, then continued with words of wisdom by such other famous people as Ben Franklin, Oliver Wendell Holmes and Louise Killingsworth, and closed with prayer.

Mrs. Charles Duran presided during the business session. Class officers who were re-elected for another term were president, Mrs. Charles Garrett, vice president, Mrs. Barton Eppler, secretary-treasurer, Mrs. Bill Parr, and Mrs. Duran as class teacher.

Treasurer's report was given, and the parsonage furniture committee reported some new furniture has been purchased. Other pieces are being re-done.

Milton Fairbetter, Jr. played selections on his accordion and Mrs. Duran closed the meeting with prayer. Then just for fun, a not too

For her daughter's wedding Mrs. Webb chose a beige knit dress with matching lace jacket, beige accessories and a white carnation corsage.

Mother of the groom wore a black and white dress with white accessories and a white carnation corsage.

The bride is a graduate of Carbon High School. The groom is a graduate of Gorman High School and attended Ranger Junior College and is engaged in farming.

A reception was held in the home of the bride's parents following the ceremony. The bride's chosen colors of yellow and white were used in the reception room with the serving table covered with white net and white ribbon bows. The bride's bouquet was used as centerpiece. Serving the three-tiered white and yellow cake and punch were Donna Blacnet of Carbon and Sandra Thomas of Brownwood.

For travel the bride chose a yellow and white knit dress with white accessories and the orchid lifted from the bridal bouquet.

**Rehearsal Dinner**

Members of the wedding party were entertained with a rehearsal dinner at the Brown Jug banquet room on Thursday evening. Hosts for the occasion were Mr. and Mrs. Doyle Lee Jobe, parents of the groom.

Special guests for the wedding were grandparents of the couple, Mr. and Mrs. Dallas Jobe, Mr. and Mrs. Alton Watson, and great-grandparents, Mrs. Mary Ann Echols, all of Gorman, and Mr. and Mrs. Claude Woods of Lueders.

secret surprise baby shower for Mrs. Jimmy Turner was revealed when a load of gifts tied with pink and blue ribbons were brought in. Being the first new baby in the church for some time, this little one received quite an assortment of useful and pretty baby things.

Refreshment time (no coffee in such hot weather) — chicken salad sandwiches, pimiento spread raisin bread, potato chips, and tall, cold glasses of orange ade. And Mrs. Fairbetter was kept busy with a plate of sandwiches and a tall pitcher for plenty of refills. The group stayed on visiting and admiring the baby gifts for some time — until someone said, "I've got to go, but let's not wait so long to have another coffee." And agreeing, the group bid good-night.

**PAULINE BAZE LAID TO REST ON TUESDAY**

Mrs. Pauline Missouri Baze 78, of Gorman, died at 7:30 p. m. Sunday, July 23 in Lawndale Nursing Home in Gorman.

Funeral services were held at 2 p. m. Tuesday in the First Baptist Church with the Rev. Huron Polnac, pastor, officiating, assisted by the Rev. Hasting Brewer, pastor of the Eastland First Baptist Church. Burial was in Oaklawn Cemetery with Higginbotham Funeral Home in charge.

Born November 5, 1893, in Olin Mrs. Baze married Joseph A. Baze August 22, 1915 at Throckmorton. He died in 1967. She was a member of the Gorman First Baptist Church.

Survivors are one daughter, Mrs. Dorothy Ann Andry of Seattle, Wash.; six sons, Clarence of Midlothian, J. B. of Fort Worth, Earl of Sacramento, Calif., Graydon of Gorman, Rayne of Eastland and Mavis of Denver, Colo.; one brother, Fred Carter of Ft Worth; 12 grandchildren and four great-grandchildren.

Pallbearers were Albert White, E. G. Henderson, Charles Underwood, Bill Parr, Gus Frossard and Jerry Mehaffey.

**Nephew of J. Q. Eakin Buried in Moody Tuesday**

Joe McBride of Moody, nephew of Mr. J. Q. Eakin, died in Scott and White Hospital in Temple at 10:30 p. m. Sunday, July 23, 1972.

Funeral services were held at 3:00 p. m. on Tuesday in Moody.

He was a retired diesel mechanic at Kelly Air Force Base in San Antonio and retired in 1970.

Mr. and Mrs. J. Q. Eakin visited with him at the hospital on Sunday and remained for the funeral on Tuesday. Also attending the funeral were his cousins, Mr. and Mrs. Carl Dean Stacy, Julia and Scott, and William Eakin of Oklahoma.

# OLIVER SPRINGS NEWS

By Florence Richardson

**Our Thought for the Week:** For the things that are seen are temporal; but the things that are not seen are eternal.

Well we had a nice homecoming last Sunday at the Fire Hall. Had a lot of old-timers and new ones. People from Corpus Christi, Houston, San Antonio, Oklahoma, Austin were there. The oldest was Mrs. Allie Rawls, mother of H. T. Rawls. Mr. Henry Jones of Corpus, son of Mr. Ed Jones of Gorman, was present. He is 81 years young. There was a lot of visiting, picture taking and after the lunch hour, full tummies. Come back again next year and be with us and you will enjoy the day. Mrs. Lee Foley of Beeville spent last weekend here for the homecoming and visited relatives and friends. Also the Henry Longs of Oklahoma were here for the homecoming.

The brothers and sisters of Mrs. Bond were here Tuesday from Fort Worth to visit Mrs. Bond who is a patient in the hospital.

Mr. and Mrs. Jimmie Charles Bryan and children of Houston spent last week here with his mother and grandmother, Mrs. Doris Bryan.

Mr. Dale Gilmore spent part of this past week in Odessa.

Mr. and Mrs. Odell Bethany of De Leon were visiting Mrs. Zena Simpson, Mrs. Mary Choate and Mr. and Mrs. Crawford Thurman last week.

Mrs. Lyle Lacy and daughter of Stephenville visited Mrs. A. D. Bryan Sunday afternoon. Visiting Mrs. Mary Choate Monday afternoon were Mr. and Mrs. Odell Bethany of De Leon, Mrs. Zena Simpson and her sister from Coleman.

The Johnnie Watson family of Gorie and Mr. Sammie Watson of Mexico were here Sunday for the Watson reunion. Also attending the reunion were the children of Hugh Watson, and the children of the late Mrs. Betty Richburg, and others of various places and the children of Mr. and Mrs. Jim Watson.

Sorry we did not have any news last week, but two trips to the dentist and I didn't feel up to par.

### PROPOSED CONSTITUTIONAL AMENDMENT NUMBER 1 ON THE BALLOT (HJR 58)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III, Section 24, of the Texas Constitution, be amended to read as follows:

"Section 24. Representatives shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars (\$8,400). Senators shall receive from the Public Treasury an annual salary of not exceeding Eight Thousand, Four Hundred Dollars (\$8,400). All Members of the Legislature, including the Lieutenant Governor and the Speaker of the House of Representatives, also shall receive from the Public Treasury a per diem of not exceeding Twelve Dollars (\$12) per day for the first one hundred and twenty (120) days only of each Regular Session and for thirty (30) days of each Special Session of the Legislature. No Regular Session shall be of longer duration than one hundred and forty (140) days. This amendment shall be self-enacting and appropriations heretofore made in the general appropriations bill for the biennium ending August 31, 1973, for the salaries of the Members of the Senate and House of Representatives shall not be invalid because of the anticipatory nature of the legislation.

In addition to the per diem the Members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed Two Dollars and Fifty Cents (\$2.50) for every twenty-five (25) miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no Member to be entitled to mileage for any extra Session that may be called within one (1) day after the adjournment of the Regular or Called Session."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment to provide annual salaries of \$8,400 for members of the Senate and House of Representatives."

## PUBLIC NOTICE

### PROPOSED CONSTITUTIONAL AMENDMENT NUMBER 10 ON THE BALLOT (HJR 68)

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article XVII, Section 1, Constitution of the State of Texas, be amended to read as follows:

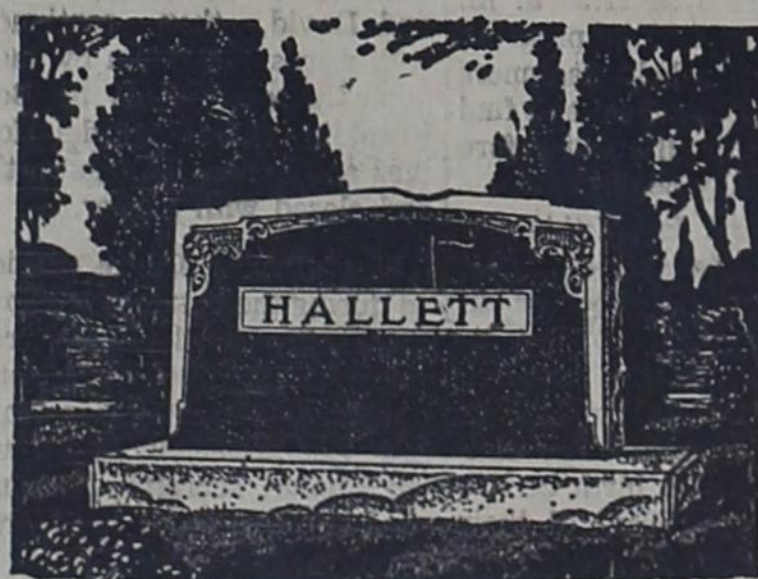

"Section 1. The Legislature, at any regular session, or at any special session when the matter is included within the purposes for which the session is convened, may propose amendments revising the Constitution, to be voted upon by the qualified electors for statewide offices and propositions, as defined in the Constitution and statutes of this State. The date of the elections shall be specified by the Legislature. The proposal for submission must be approved by a vote of two-thirds of all the members elected to each House, entered by year and nays on the journals. A brief explanatory statement of the nature of a proposed amendment, together with the date of the election and the wording of the proposition as it is to appear on the ballot, shall be published twice in each newspaper in the State which meets requirements set by the Legislature for the publication of official notices of officers and departments of the state government. The explanatory statement shall be prepared by the Secretary of State and shall be approved by the Attorney General. The Secretary of State shall send a full and complete copy of the proposed amendment or amendments to each county clerk who shall post the same in a public place in the

courthouse at least 30 days prior to the election on said amendment. The first notice shall be published not more than 60 days nor less than 50 days before the date of the election, and the second notice shall be published on the same day in the succeeding week. The Legislature shall fix the standards for the rate of charge for the publication, which may not be higher than the newspaper's published national rate for advertising per column inch. "The election shall be held in accordance with procedures prescribed by the Legislature, and the returning officer in each county shall make returns to the Secretary of State of the number of legal votes cast at the election for and against each amendment. If it appears from the returns that a majority of the votes cast have been cast in favor of an amendment, it shall become a part of this Constitution, and proclamation thereof shall be made by the Governor."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment revising provisions on the time and method of proposing amendments to the state constitution and the time and method of publishing notice of proposed amendments."

**ESTELLE CRADDOCK, Gorman**

734-5410 DAYS - NIGHTS 734-5363 or 734-5311

WASHINGTON  
"As it looks from here"  
OMAR BURLISON  
Congressman  
17th District

Whington, D. C. - GIVEN TIME THE FEDERAL GOVERNMENT will attempt to make perfect all the imperfections of man and machine.

THUS IT WAS A YEAR and a half ago that the Congress passed the Occupational Safety and Health Act. The law went into effect on April 28, 1971. Employers and employees have been struggling to comply with the law and its regulations since that time. It may be another year or two before any appraisal can be given to the law's effectiveness.

IN THE MENTIME, THERE are many complaints about the requirements and some think it is too sweeping and detailed in its regulations to be workable. In many instances it is something like the little boy who had to write a book report on a 400-page volume dealing with penguins. His report was summed up in one sentence: "This book told me more about penguins than I really want to know." Experience suggest that there is more "law" in the Safety Act than is needed.

LIKE A GREAT MANY other pieces of legislation, the law was passed on sobering statistics picturing conditions in need of correction. Figures repeated show some 14,500 persons died and more than 2-million suffering disabling injuries in industrial accidents in the year 1970. An estimated 250 million man-days of work was lost. The conclusion is that many employees have been negligent and many workers have been careless.

GRANTED ALL OF THIS, there is growing evidence that industrial safety requirements are developing into a lawyer's dream and an engineer's night.

FIGURES NOW SHOW THAT of the 22,000 inspections made by safety inspectors of the Labor Department, penalties have been recommended in 40 percent of the cases, adding up to about \$15 Million in fines. Some have been in the nature of rather trivial charges. All sorts of reports came in, such as an electric extension cord not secured in a certain way, a hardhat not precisely the approved weight, a toilet seat not exactly so many inches off the floor, and an appropriate receptacle not provided for cups at the water container.

UNDER THE LAW THE BURDEN of maintaining safe conditions is entirely the responsibility of management and if an inspector finds a worker bareheaded when he should have on a hardhat, the employer is socked with a penalty.

SMALL EMPLOYERS ARE PROTESTING that the heavy burden of recordkeeping is impossible for them but statistics to a government agency are like cud for a cow. Of course, the Labor Department is charged with the enforcement of the law passed by Congress and can't be too much to blame but on the other hand it seems that unless fault is found the inspector may not be doing a good job.

ACCIDENTS COST MONEY but so does safety. Any of us who might be an operator of a large piece of machinery, such as an earth mover, would like to have a roll-over bar for greatest protection. Something like 70,000 machines of this type are produced annually and under the law each must be equipped with a new roll-over bar at an estimated cost of \$2,000 each. This represents \$140,000,000 increased cost, which somehow must be paid for.

LIKE CLEAN AIR, CLEAN WATER, pure food and non-flammable nighties, there is no question that greatest precautions should be provided and sanitary conditions be maintained in industrial plants. Industry and science have come a long way in improving conditions where people work but usually there is room for further improvement. Except in surgical operating rooms, it is doubtful that all noise, all dust and all

hazards can be immediately eliminated in all manufacturing and building trades. If reasonableness can be applied in the initial stages, success in keeping costs down and cooperation up could be better achieved.

AMENDMENTS HAVE ALREADY BEEN offered to the 1970 Act to try to eliminate some of the more impractical aspects. Just recently an amendment to the Labor Department's appropriation bill provided that businesses covered by the law who employ 25 or fewer people be exempt.

This was adopted in the House of Representative and, if approved by the Senate and signed by the President, it would give relief to smaller businesses which are finding the present law to be exceedingly burdensome.

# KOKOMO NEWS

By Mrs. Glenn Jordan

Singers from all over the Central Texas area were among the large crowd attending the singing at Kokomo on Sunday. Basket lunches were spread on the picnic tables at the noon hour. Woodrow Browning led in the prayer of thanks for the food.

J. C. Clearman entered the Hendricks Memorial Hospital at Abilene on Friday and un-

derwent surgery on Monday morning. We wish him a very speedy recovery. Mrs. Clearman and Mary Jo have been in Abilene with Mr. Clearman. Rev. Joe O'Neal, Albert Hendricks, and D. F. Eaves visited with the Clearmans in Abilene on Monday. He is in Room S-516.

Mr. and Mrs. Nat Mearse, Lanice, Denice and Teresa of Odessa, spent the weekend with her parents, Rev. and Mrs. Joe O'Neal. Ken Worley of College Station was also a guest in the O'Neal home during the weekend.

Mr. and Mrs. Vernon Pat-

man, Kenny, Kerry and Jimmy of Tasa Robes, Calif. spent Friday night with Mr. and Mrs. Albert Hendricks. Others visiting with them were Mr. and Mrs. Wilbourne Wood, Terri and Craig, and Mr. and Mrs. Floyd Wood of Carbon.

Bobby Eaves is vacationing in Haiti with the Don Pierson family of Eastland.

Mr. and Mrs. Wayne Eaves and Mr. and Mrs. Glenn Jordan attended the services at the North Richland Hills Baptist Church in Fort Worth on Sunday evening. Bro. Randy McDonald was ordained as a minister of the gospel during the service. Following the service they enjoyed a visit with Randy and his parents, Mr. and Mrs. T. M. McDonald of Portland, Mr. and Mrs. Ben Smith and family of Duncanville.

Mrs. Jimmy Nelson, Tena and Travis of Lewisville, are visiting with Mr. and Mrs. Clifford Nelson and Cassie while Jimmy is attending an electricity school. He is employed by an electric company in Lewisville.

## Loris Jarretts Named Recourse Conservationist

Mr. and Mrs. Dean Bennett have returned from a weeks visit in Mesa, Washington with her niece, Mr. and Mrs. Loris Jarrett. The Bennetts told us of the good things happening to the Jarrett family.

Loris and Janet were recently named Top Conservation Farmer of the Year of Franklin County.

Mrs. Jarrett is a native of Gorman and will be remembered as Janet Blackwell.

The success story of the Jarretts is fantastic and one we are happy to relate to our readers and their friends.

Jarrett, a young veteran who paid the Bureau of Reclamation \$4800 for 100 acres of land in the raw 15 years ago, has developed that property into a farm which he values at \$800,000 because it would cost at least that sum to replace it.

When Mr. and Mrs. Jarrett came to their Block 19 unit in 1956 they brought their car, a tent, \$5,000 and two children, Connie and Jimmy. They tried for a loan from Farmers Home Administration with which to develop the farm but were refused, presumably because two navy hitches and employment as a pipefitter did not constitute experience guaranteed to produce a successful farmer.

So Loris borrowed a scraper from a neighbor and leveled 25 acres which he put into alfalfa. He later hired leveling of 36 acres on the cuff. His place grossed \$120 the first

year.

A year and innumerable platters of beans and potatoes later, and with the family treasury down to \$6.20, Jarrett went back to the FHA for help. He received a \$20,000 loan. The Jarretts were in business.

Ten thousand was set aside for a home. By supplementing with their own labor and using credit they got a good one. Last year they added a living room with fireplace. The farm is completely irrigated with concrete ditches. A diversified farmer, they have 400 hogs, 23 head of cattle and sugar beets have proven to be their bread and butter crop.

Being a Minnesota farm boy he dotes on growing corn, but seldom for sale. His hogs take care of the corn, slick and clean. This year he switched to growing alfalfa seeds, an undertaking that requires considerable know how.

Tents were not unusual on the Columbia Basin original units, but the Jarretts' was

## CJC NOW CONTACTING DISABLED VETERANS

Cisco Junior College is now in the process of contacting educationally disadvantaged

exceptional. It cost only \$50, second hand and airy in spots, but Loris put a good floor under it, insulated the walls and patched the holes so it never leaked except when it rained.

When the temperature got down to 25 degrees below zero that first winter the Jarretts were more comfortable than some of the farm families with houses.

They have three other children, Lauri, Tamie and Kerrie.

The Dean Bennetts were in Washington for the wedding of Jim Jarrett. His grandmother, Mrs. Peggy Kerkeurst of San Bernardino, Calif., also attend ed.

Mr. and Mrs. Bennett enjoyed their visit with the Jarretts so much they have taken out a subscription to the Progress in their name as one of their tokens of appreciation.

Madison said the VA will pay a discharged veteran while he completes high school goes to college, or learns a trade and the GI Bill benefits are now greater than ever before. The Senate Veterans Affairs Committee has approved a substantial boost for Vietnam veterans under the Veterans Readjustment Act of 1972.

Madison further stated that any veteran interested in academic schooling or vocational training can contact him at the college, area code 817, 442-2567, or telephone his home number, 442-1769. A Cisco Junior College representative will also be glad to visit with any veteran desiring a personal consultation.

## 8 ways to save money on air conditioning.

- 1 Set thermostat between 76 and 78 degrees—the lower the setting the more electricity the unit uses.
- 2 Replace disposable or clean permanent type filters as required—clogged filters make the unit work harder and use more electricity.
- 3 Provide adequate attic ventilation—helps reduce heat buildup.
- 4 Install proper duct, ceiling and wall insulation and weatherstrip windows and doors—keep hot air out, cool air in. (Helps reduce winter heating costs too!)
- 5 Shade the outdoor unit from the sun.
- 6 Keep windows and fireplace dampers closed—prevents excessive loss of cool air and infiltration of hot air.
- 7 Shade windows from direct sunlight.
- 8 Have the unit checked by a qualified air conditioning service-man. Do this in the spring, prior to your need for cooling.

## HOW'S YOUR FARM SAFETY? RATING

If It's Not "A" ...Try Harder

Engage everyone on the farm in a home course on safety. Then, set a good example for them to follow.

Teach them to spot possible hazards, handle equipment expertly and treat minor injuries. It's a smart move.
