TESCO To Erect Nuclear Power Plant, Glenrose

Texas Electric Service Company has announced that studies have been underway for more than a year have resulted in a decision to proceed with construction of a nuclear-fueled generating station at a site about four miles north of Glenrose in Somervell County. The station will be owned jointly with Dallas Power & Light Company and Texas Power & Light Company. Construction of the station, which is subject to the approval of the Atomic Energy Commission and Texas regulatory agencies, will start in 1975. A 1,150,000 kilowatt unit is planned for operation in 1980 and a second unit of the same size is planned for 1982.

The generating station is part of a long-range program to meet projected power needs for the future in the area served by the three companies. The use of electricity has been more than doubling every ten years and the trend is expected to continue for the foreseeable future. Planning for new generating stations and other installations which will be required must be done well in advance to assure an adequate supply of electric energy.

In making the announcement, Texas Electric president Burl B. Hulsey, Jr., stated that "studies underway at the location have shown it to be an excellent site for a generating station and a reservoir. About 5,000 acres will be included in the site, of which 3,200 acres will be used for the lake, which is needed to provide cooling water for the station operation. The lake will be formed by construction of a dam on Squaw Creek and additional water necessary to assure an adequate level can be obtained through an existing agreement with the Brazos River Authority.

It is expected that much of the reservoir will be made available for public recreation purposes.

Generating stations of the three companies, until recently, have all used natural gas as their primary boiler fuel. However, the reserves of natural gas are becoming less abundant and more costly.

For some years, Texas Electric, Dallas Power & Light and Texas Power & Light have been searching for and acquiring lignite reserves in East Texas. The three companies are now building lignite-fueled generating stations. A 575,000 kilowatt lignite-fueled unit was put in operation recently near Fairfield in Freestone County, and a second unit of the same size will be completed there late this year. The companies will install other lignite-fueled generating units in the future to fully utilize available lignite resources.

Hulsey said that lignite as a source of fuel for power generation also was limited, and with the short supply of natural gas the companies must turn to alternate sources of fuel in the 1980's.

"Nuclear fuel," Hulsey stated, "will provide a dependable fuel source for the future and it has been proven safe and clean for many years in the generation of electric power."

the same way as a conventional generating station. The heat source is the only difference. Nuclear fuel, instead of gas or lights, is used to produce the heat which makes the steam. The steam turns the turbine-generator which produces electricity.

Activities of The Chamber of Commerce

The Gorman Chamber of Commerce directors met Monday noon in the Brown Jug dining room with 5 of the 7 directors present.

A welcome letter to newcomers to the town was adopted. It is the intention of the Chamber to see that each new family receives a formal welcome to Gorman in the form of a letter. Also should any business in Gorman want to give some token gift just to have them come by and visit and get acquainted they may do so by calling the Chamber Office and have their name added at the bottom of the letter. There is currently from 3 to 5 families that choose Gorman each month as their home. Let's make them welcome.

It was decided that the Chamber sponsor a small city map with street markings and house numbers (by block) and the new hospital designated in red. This will be completed soon and you may have a supply of these maps by dropping by the Chamber of Commerce Office and picking them up anytime after Sept. 1. This map will also be mailed to all new families. Since Gorman does not have all its streets going north and south or east and west, it is very difficult to give instructions without a map. We hope you will use it.

As usual, the meeting included discussions as to what can we do to have a workable cleanup campaign. How can we get the downtown area presentable, and is there a place in town for a small book store? If you have a thought, idea, or solution to any of the above, we welcome your suggestions. It is our purpose to improve, update, and help our town in any way we can. Your support is needed.

Being no further business, the meeting adjourned.

Know Your School

By C. L. Garrett, Supt.

The Gorman Public Schools will be operating the lunchroom again this year under the guidelines set forth by the Federal and State Agencies. All lunches served will be of Type A, meeting all requirements set forth in the guideline. The meal will consist of a balanced meal with a half-pint of enriched milk. The food is good and will help to keep your child healthy by providing a warm, balanced meal.

Prices for meals will remain the same as last year, at least for the time being. Prices for children in the first four grades will be 35c and for those in the other eight grades it will be 40c. Students may purchase an extra half-pint of milk for 5c. (One half-pint is included with the lunch.) Teachers will pay 45c for lunches and all visitors will pay 75c. I feel that these prices are very reasonable and know that your child can not begin to equal it anywhere else.

Some families find it difficult to pay for their children's lunches. If any parent can't afford to pay for the lunches, provisions are made through the Federal and State Agencies to provide lunches for their children. Here is the scale that is approved to determine if a family is eligible for free lunches: 1 in the family with an income of not more than \$2130, 2 in the family with an income of not more than \$2790, 3 in the family with an income of not over \$3450, 4 in the family with an income of not more than \$4100, 5 in the family with an income of not more than \$4750, 6 in the family with an income of not over \$5330, 7 in the family with an income of not over \$5880, 8 in the family with an income of not more than \$6430, 9 in the family with an income of not over \$6930, and for each additional member of the family, add \$500.

All children will be given a letter and an application blank for applying for free lunches on the first day of school. When they bring this home, I urge all parents to read the letter and anyone who feels that they are qualified and would like to have the free lunches, to make application for them. The application will be made to the building principal, who will approve or disapprove the request. If it is not approved, the parent has the right to appeal it to me and then on to the Board. If a request is refused and an appeal is made, the student will be provided free lunches until the appeal is heard. Identity of students who are receiving free lunches will not be revealed except to those who must know in order to handle the lunches. Other students will have no way of knowing who is paying and who is eating free.

Students may pay for lunches by the day, the week, or the month. They may charge lunches up to two weeks only. This policy has just been adopted because of some problems that developed last year. If parents are not able to pay at the end of two weeks and will qualify for free lunches, they may make application for these until such time they are able to pay again. We have had some problems with a few students who bring a check made out to the lunchroom who will want to pay for some lunches and want part of the check in cash. This year we will not give cash to students who have the checks made out to the lunchroom. If you want your child to have money, please send the cash from home so that we will have no problem here. This change is necessary because some students would keep some cash and then charge lunches when the parents thought that the lunches were paid for.

Watch Out For That Lesser Cornstalk Borer

Agricultural Commissioner John C. White has issued a progress bulletin on the infestations of the lesser corn stalk borer in the peanut fields in Central Texas.

He reports that almost all peanut fields now have some infestation of the lesser cornstalk borer. About a fourth of the fields surveyed have damaging infestations of this insect. A few fields have infestation reaching fifty percent or more.

Hot dry weather is ideal for the build up of the lesser cornstalk borer population; however, leaf feeding insects have not generally reached the problem stage probably due to the hot dry weather.

Commissioner White urged all peanut growers to check these fields at least on a weekly basis. Many fields with low population of the corn borers two weeks ago now have infestations far exceeding the levels where it would pay to apply control measures. Commissioner White concluded by saying, "Use only approved chemicals and use according to the label on the container."

Hearing Tests Are Important

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing test made to find why and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We check your ears for packed wax, the tubes that let your ears breathe, then with the machine we check your hearing nerve, (bone reading) a r conduction, (outside sounds) then measure how much sound the ear will take. We can pinpoint your problem and explain in plain English what can be done to help you, then you make your own decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids) just because they waited too late to do something about it. . . don't let this happen to you.

Mr. Joe Treadway will hold his regular Hearing Aid Workshop at the City Library at City Hall in De Leon on Monday, August 21st from 10:30 A.M. til noon. We invite you to come in for your free test.

We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries for your Aid, and can always save you money. We are Licensed by the State of Texas to fit and Dispensing of Hearing Aids. We are always close by when you need us. We are in the Stephenville office, (Skipper Real Estate Bldg.) every Thursday, and in the Hamilton office every Friday to run special tests and assist you in every way.

Visiting in the R. H. Watson home Sunday were Mrs. Doris Bryan, Mrs. Bond, Mr. and Mrs. Harvey O'Neal, Mr. and Mrs. B. A. Hirst, Mr. and Mrs. Jesse Goodin, and the Homer Richardsons.

Mr. and Mrs. R. H. Watson were in Eastland Friday evening for a birthday supper for Mrs. Watson. The occasion was in the home of the Richard Watsons. Kenneth and family were also present for the event.

Mr. and Mrs. Jewel Snider visited in our home Monday night.

Leslie Browning of Lufkin and Mrs. John Whitehurst of Whitney visited Homer and I Sunday morning. They were attending the Browning reunion at Mrs. Iva Buchan's home in Desdemona.

Mr. and Mrs. Johnnie Watson of Goree came by the R. H. Watsons Sunday morning. They were going to De Leon to attend the funeral of a relative.

Tomorrow's Housekeeping

By Samantha of Lestoil Homemakers Service

There was a news item the other day about a telephone company which has started hiring male telephone operators. Seems men feel this is a job they can handle as well as women. Now, if our men were only liberated enough to feel housework shouldn't be limited to women's work - wow!

One of the problems seems to be that housework, per se, just doesn't have a strong masculine image. But there are ways to try to change that... it's all a matter of attitude and the right approach.

For example, instead of saying, "Gee, you forgot to take the garbage out again tonight," try something like, "Honey, the garbage can is so heavy, I can't possibly lift it. Do you think you might be able to manage it for me?" Or, rather than, "Look, I've got fifteen million things to do this afternoon, can't you wash the car for a change?" try, "Darling, the last time I washed the car, I made such a mess out of it, do you think you could do a better job?" If he's the man he thinks he is, he'll immediately take over.

To get him off to a good start, make sure you have man-sized equipment all ready for him to use. Give him big sponges, big rags. Nothing small and sissish.

pail of water will do away with grease and grime in a jiffy - used full-strength straight from the bottle, it works wonders on white wall tiles and on getting dead insects and dried dirt off bumpers and grill. There's even something about Lestoil's pine scent that men like! It seems to smell masculine.

Cleaning out the garage is another "man-sized" job that calls for Lestoil's special grease dissolving ingredient. It cuts right through those oil stains on the garage floor... or on a cement driveway. Great for the basement floors, too.

Cleaning basements, attics, storerooms, playrooms, patios, outdoor barbecue areas, are all jobs that (with the right kind of equipment)

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER 10 ON THE BALLOT (HJR 68) General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article XVII, Section 1, Constitution of the State of Texas, be amended to read as follows:

"Section 1. The Legislature, at any regular session, or at any special session when the matter is included within the purposes for which the session is convened, may propose amendments revising the Constitution, to be voted upon by the qualified electors for statewide offices and propositions, as defined in the Constitution and statutes of this State. The date of the elections shall be specified by the Legislature. The proposal for submission must be approved by a vote of two-thirds of all the members elected to each House, entered by yeas and nays on the journals.

"A brief explanatory statement of the nature of a proposed amendment, together with the date of the election and the wording of the proposition as it is to appear on the ballot, shall be published twice in each newspaper in the State which meets requirements set by the Legislature for the publication of official notices of officers and departments of the state government. The explanatory statement shall be prepared by the Secretary of State and shall be approved by the Attorney General. The Secretary of State shall send a full and complete copy of the proposed amendment or amendments to the state clerk who shall post the same in a public place in the

courthouse at least 30 days prior to the election on said amendment. The first notice shall be published not more than 60 days nor less than 60 days before the date of the election, and the second notice shall be published on the same day in the succeeding week. The Legislature shall fix the standards for the rate of charge for the publication, which may not be higher than the newspaper's published national rate for advertising per column inch.

"The election shall be held in accordance with procedures prescribed by the Legislature, and the returning officer in each county shall make returns to the Secretary of State of the number of legal votes cast at the election for and against each amendment. If it appears from the returns that a majority of the votes cast have been cast in favor of an amendment, it shall become a part of this Constitution, and proclamation thereof shall be made by the Governor.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment revising provisions on the time and method of proposing amendments to the state constitution and the time and method of publishing notice of proposed amendments."

KOKOMO NEWS

By Mrs. Glenn Jordan

Rain showers continue to fall. Reports were from three-tenths to one-half inch falling on Tuesday, making totals of from one and a half inches to over two inches throughout the community during the past week.

Pastor Honored on Birthday
Members of the Kokomo Baptist Church gathered in the Fellowship Hall of the church on Tuesday night to honor their pastor, Bro. Joe O'Neal, on his birthday. Home made ice cream and cake were served. A money gift for

a new bible was given to Bro. O'Neal.
Bro. O'Neal was unable to attend the party in his honor, for at just about time to leave for the church, Mrs. O'Neal became very ill and was rushed to the hospital at Gorman. We wish her a very speedy recovery.

Mr. and Mrs. J. D. McNeely have returned from a month-long vacation trip to visit a son, Ronnie, and his family in Utah and a daughter, Coleen, and her family in California. They also visited with friends in the towns they had lived in while in California. Coleen's three children returned home with them for a visit with their grandparents, and great-grandmother, Mrs. J. A. McNeely in Gorman, and Mrs.

Pounds in Ranger.
Mr. and Mrs. Joseph O'Neal and Bill of Austin spent the weekend here with his parents, Rev. and Mrs. Joe O'Neal.
Mr. and Mrs. Don O'Neal, Mike and Barry of Houston, visited during the weekend with his mother, Mrs. W. A. O'Neal in Gorman, a sister, Mr. and Mrs. Albert Hendricks and a brother, Mr. and Mrs. Joe O'Neal.
Mr. and Mrs. Roy Buchanan and Kelly of Arlington spent the weekend here with her parents, Mr. and Mrs. Albert Hendricks.

Mr. and Mrs. Odis Rodgers have had their children and grandchildren, Mr. and Mrs. Neal Gilbert, Lisa, Steve and Glenn of Houston, visiting them this week. Mr. and Mrs. Bob Rodgers and Kevin of Brownwood, Mr. & Mrs. John

Rodgers, Kim and Jonna of Carbon and Mike Rodgers were visiting with them during the weekend.
Mrs. Clifford Nelson was able to go home from the Gorman hospital Thursday. Mrs. Jimmy Nelson and children of Lewisville spent last week with the Nelsons. Jimmy came for a weekend visit. Cassie Nelson had the misfortune to break a bone in her foot several days ago. We wish them both continued recovery.

Mrs. Wordene Hawthorne of Dallas is spending her vacation here with her mother, Mrs. H. C. Wharton, and also visiting with her sisters, Mr. and Mrs. Jim Jordan and Mr. and Mrs. R. J. Crawley and their families.

Mrs. Jerry Hallmark, Becky Debby and Amy of San Angelo, returned to their home on Tuesday following a few days visit with her parents, Mr. and Mrs. Vern Garrett, and her sister, Mr. and Mrs. Jimmy Little, Ray Neal, Nelda and James.

Mrs. Hallmark and girls and Mrs. Garrett were visiting with the Glenn Jordans on Saturday.

Mr. and Mrs. Lester Seaton, Randy, Glenita and Jeff of Gorman, were visiting with the Glenn Jordans on Thursday night. Mr. and Mrs. Claude Fuller visited with the Jordans on Saturday night.

Mary Jo Clearman accompanied the BSU from Cisco Jr. College to Six Flags over Texas on Tuesday.

Teresa Fields and Teddy Jordan accompanied the BSU from Tarleton State College to Glorietta, N. M. on Tuesday night for a week of bible study, fun and fellowship. They will return to Stephenville on August 21st.

Mrs. Horace Browning of Carbon became very ill on Monday and was rushed to the hospital at Eastland. Mr. Browning is also a patient in the Eastland hospital. We wish them both a speedy recovery.

Mr. and Mrs. J. D. Ragland and Gary of Andrews visited Tuesday with her sister, Mr. and Mrs. Alvin Lasater.

DESDEMONA NEWS

By MRS. ETHEL KEITH

Our Proverb: If you must choose, take a good name rather great riches for to be held in loving esteem is better than silver and gold.
It is better to eat soup with someone you love, than steak with someone you hate.

We are enjoying this cool damp weather after a very good rain last week.

Saturday, August 12th people from California to the Atlantic were in Desdemona to help celebrate the 40th Annual Homecoming. Space and time will not permit us to mention all those who came. You are always welcome. What about the pictures on the wall? Dig down in those old trunks and bring out those old pictures and have them on display next year. 1973 officers are Bill Greenhaw, president; Bob Burleson, vice-president; Evah Sparkman, secretary-treasurer. The two eldest ones present were Mr. Jim Koonce and Mrs. Iva Buchan. They both received a gift.

Mr. and Mrs. Earl Ragland of Odessa are the proud parents of a bouncing baby boy. Grandparents are Mr. and Mrs. Johnnie Dean Ragland of Andrews. Great-grandparents are Mr. and Mrs. Clarence Ragland of Desdemona.
Bro. John Lyons and family returned home Saturday after spending three weeks in Alabama and North Carolina. Bro. Lyons was in two revivals during that time. Our church welcomed them back home.

Mr. and Mrs. Charlie Vauthier of Arlington visited with Mr. and Mrs. Ott Ragland on Wednesday.

Mr. and Mrs. Felix Sparks are spending their vacation in Hawaii. Their son, Sam, and wife, Lois, are there also. They will return to Alaska to take up their school work there.

Mrs. Billy Zinke of Stephenville visited her parents, Mr. and Mrs. Fred Watkins, Friday night. She and her hus-

band will be moving back to Weatherford soon to take up their school work. They have been attending summer school at Tarleton State.

Mr. and Mrs. Clarence Ragland were in Lovington, N. M. last week visiting their son, Bobby Jack and family. Bob has had surgery on his knee that was injured several years ago, but is doing fine at this writing.

Mrs. Alta Mae Wilcoxson and family of Odessa were visitors over the weekend at her mother's, Ethel Keith.

Mrs. James Buckley and children visited Mr. and Mrs. Jerry Buckley over the weekend. She and James live in Graham.

Bro. John Lyons and Barbara, and Evelyn Hammons, Evah Sparkman, Lorene Koonce, Helen Callum, Pat and Linda Buckley were in the Soda Springs Community on the Brazos River to be at the baptismal service of the two daughters of Orville and Robbie Edwards, along with their grandfather, Orville's father. This all took place in the beautiful Brazos River on Sunday afternoon.

There were four people who passed away this past week who had relatives living in and near Desdemona: Loy Robinson and Emma Yardley, East End Cemetery Lingleville, Nora Perrin, Howard Cemetery, and Roy Ayers in the Carbon Cemetery.

WASHINGTON
"As it looks from here"
OMAR BURLISON
Congressman 17th District

WASHINGTON, D. C. — NOW THAT HOP SING (OF THE PONDERSOA) HAS RECOVERED from the shotgun wound received in the recent West Coast plane hijacking, he says he will not make another

trip by air unless he is assured of security from hijackers. The trouble is there is thus far no such thing. Real efforts are being made by both the Government and the air lines, but there is nothing yet to give guaranteed certainty against airplane hold-ups.

CONSIDER SOME OF THE BASIC facts involved. In the United States alone there are approximately 14,000 scheduled flights a day, carrying an average of 500,000 daily

passengers and countless millions of pieces of luggage and baggage.

MORE THAN 500 AIRPORTS RECEIVE regularly scheduled air flights. Though 25 airports account for 70 percent of all passengers, many of the smaller ports are served by modern jets and become a target for hijackers and extortionists. Air travel and air freight are constantly expanding and the predictions are that during the 1970's travel will increase by at least 10 percent a year.

EFFORTS ARE NOW UN-

DERWAY to provide carrier protection against this type of robbery. A real test is shaping up within the next few months. There seems to be new determination on the part of the Government and airlines to halt these air crimes.

IT IS A FRUSTRATING BUSINESS and an expensive one. Detection systems cost money and there is already an argument between the Government and the airlines as to who will foot the bill. The biggest problem, however, is how to exercise the greatest possible precaution and at the same time avoid delay and inconvenience. Human frailties being what they are, air lines will receive all sorts of complaints by their passengers if they are greatly inconvenienced. Competing airlines want to give the best possible service and delays such as the search of individuals and their baggage would certainly slow down schedules. The fact that airlines are both promoters and cops has been an obstacle to hijacking efforts. It is understandable that both Federal Marshals and airline security agents will not want to needlessly harass travelers if they can avoid it. It is understandable that carelessness will result, since the chances of a passenger being hijacked is one in 3 1/2 to 4 million.

IN THE NEXT FEW MONTHS TIGHTER controls will be put into effect. The airlines are buying hundreds of magnetometers with plans to use them at all gates of major airports. By Presidential order hand baggage is now being inspected in three of the Nation's most heavily traveled air routes. These are Los Angeles to San Francisco, New York to Boston and New York to Washington. On other routes a screening system is being used but the effectiveness has not been proved.

THE FEDERAL AVIATION ADMINISTRATION is pressuring the airlines to do more. One approach is to give passengers the choice of either surrendering all baggage or requiring a search of anything carried on a plane.

THE PROBLEM IS BY NO MEANS a simple one and defies complete and total solutions. The problem exists throughout the world, which has brought on international consultations. An amendment to the Foreign Aid Bill passed last week provides that any aid to a foreign country will be cut off if they do not either prosecute or extradite to this Country any skyjacker who has sought asylum, as in the last case of those who went to Algeria. This will not reach countries such as Cuba but

ANNUAL BROWNING REUNION HELD IN IVA BUCHAN HOME

For their Thirtieth Reunion the descendants of the late John Story Browning and Lane Ellison Browning met in the home of Mrs. Iva Buchan of Desdemona

A bountiful dinner and much visiting was enjoyed by relatives and friends.

Those attending were Leslie Browning of Lufkin, Delbert, Martha, Robin and Elaine of Fort Worth; Ruby, Ruth and Stanley Agnew of San Antonio; Vera Smith of Duncanville; Era Whitehurst and Oral Browning of Whitney; Bonnie Wilhite of Monohans; Billie Tom of Andrews; Lt. George Tom and Shelia of Fort Hood; Clyde and R. D. Wright of De Leon; Dewey Browning of Ranger; John Arnold and Murray Foote.

it does point up a part of the dilemma and an effort to eliminate safe harbors for the criminals.

PASSENGERS, AIRLINES AND GOVERNMENT may eventually be left with the worst of two choices: Stricter and more time-consuming inspections of passengers and baggage or face the constant threat of sky crime.

English Muffin Potpourri

What do you put on an English muffin? From the test kitchens at Thomas Specialty Bakers come these ideas.

- Make an omelet and serve it atop a toasted English.
- Mix up any meat salad such as ham salad or tuna salad, or egg salad. Spoon the salad mixture onto an English muffin half. Serve open faced with the extra toasted and buttered muffin half on the side.
- Substitute toasted English muffins for hamburger buns. Split and toast them first. To split, score around the muffin with a fork and gently pull apart.
- Make pizzas with English muffins. Use a pizza sauce mix following directions on the package.
- Toast and butter English muffin halves; top with a slice of tomato and slice of cheese. Broil until cheese is melted. It's a Cheese Dream.
