

Oct. 21 . . . today I begin my 34th year of marital blisters. Sounds like a long time. I have a friend that has been married fifty years and when I told him I was still on my honeymoon . . . well, never mind what he said.

A few of you old-timers who are still squandering money on subscriptions (however a dollar doesn't have much value anymore) may recall a statement I made which clarifies the above remark. To you newcomers, thanks for joining the Progress family.

Prior to being lassoed by Thereasa, if I stayed in a town one, maybe two years, I would move on. Shortly after marrying we moved to Gorman and will begin our 31st year on the Progress in February. To me it has been the happiest 31 years of my life and Gorman is my Utopia.

This is not a swan song but I am still trying to work out a plan whereby Joe Bennett can take over the Progress and I can spend more time with my feet on the desk.

I know at times I have irritated people and have had a bump or two put on my head, because I have tried to serve the people of this community and assist in its growth.

Why all this blah? Don't know, except one, maybe two, readers have been kind enough to say they miss Hulls . . . too, I went to Dallas Saturday and assisted my brother close out his office so he could retire . . . (brought home some chairs and desks which are for sale) . . . also these 12 to 14 hour days are getting a bit monotonous since I am not very active in civic affairs any more. Miss the Festivals, parades, and excitement but it is a new generation with new ways of doing things and that is as it should be. Maybe I am feeling a bit sad today because my old car has finally given up the ghost and Freddy Gilmore said 190,000 miles was enough for any car to operate. We have covered lots of miles and I miss it.

Fire Dept. to Present Joe Paul Nichols Show Nov. 1

The Gorman Volunteer Fire Department will present Joe Paul Nichols and his Four Pennies at 8 p. m. next Thursday, November 1st in the high school auditorium.

This is a country music show by radio and TV star, plus Dale Lay, G.M. Recording artist.

This is a program everyone will enjoy and advance tickets are on sale at savings. If purchased early they are \$1 for adults and 50c for children, and if purchased at the door adult tickets will be \$1.50, so see a fireman now and get your tickets and save.

The Fire Department needs the support of everyone for they give of their time in saving valuable property and even our lives, and all without any compensation. This is not a donation as you will have the opportunity to enjoy a very fine program.

William Shipman, left, was given the honor of cutting the opening ribbon at the Fifth Annual Eastland County Senior Citizens Bazaar Friday, October 19th. Mr. Shipman, 78, of Lawndale Home in Gorman, was honored as the oldest man exhibitor. Also recognized was Mrs. Iva Buchan, 92, of Desdemona, and the oldest woman exhibitor and Mr. J. C. Simms of Olden, 99, who entered the contest at the last minute.

County Senior Citizens Bazaar Folks Honored

The Bazaar was one of the best in the five year history of the annual event. The county-wide bazaar had 68 exhibitors and \$1,387.05 was netted from the two day sales of items the exhibitors had made. In comparison to last year's bazaar items sold netted \$794 with 63 participating.

All the money from the hand made items sold goes back to the owner.

Other exhibitors from Gorman included Mrs. Maude Nunley, Mrs. Nola Underwood and Bill Shipman.

Mr. William Shipman had several good items in the sale. He has lived at Lawndale Home in Gorman for two years and in Eastland County 33 years.

The bazaar was under the supervision of Mrs. Janet Thomas, Eastland County Extension Agent, who estimated the attendance between 1,000 and 1,200.

Wayne Eaves of the Texas Peanut Producers Board presented the visitors with peanut recipe books and toasted peanuts.

PEANUT PROGRAM IS MAJOR AREA ASSET

Contrary to a recent rash of adverse publicity on the peanut program carried on the wires of major news services, area growers are proud that Texas is the No. 2 peanut producing state in the union. Officials of Southwestern Peanut Growers Association and the Texas Peanut Producers Board point out that the 1973 crop is expected to be worth in excess of \$80 million to the state's growers. This figure will be increased several times over as the crop returns are plowed back into trade channels. In addition, revenue from peanut drying, handling and transportation, as well as substantial payrolls for employees at shelling mills, combine to contribute mightily to the economy of peanut producing communities. Of tremendous significance to the agribusiness community is the fact that peanut growers purchase large quantities of fertilizer, chemicals, fuel and farm equipment used in the production of their crops.

Peanut Association officials also point to the fact that peanut price support program has been responsible for a stable and continuous supply of peanut butter and other products at reasonable prices to the consumer. Peanut product retail prices have increased only slightly while many other food commodity prices have escalated at record rates in recent years.

Peanut program modifications being suggested by the administration through major news media could be disastrous to the present peanut industry. Administration sources fail to point out that present escalating crop production costs have reduced the growers' margin of profit substantially even under normal to favorable production conditions. Additionally, peanut allotment sales values are being grossly overstated. Area growers state emphatically that program modifications being suggested would result in market prices for farmers stock peanuts close to or below costs of production; consequently, the production of peanuts would be drastically reduced or shifted to other areas where production potential is substantially greater. In either event, local economies in present peanut producing areas would incur heavy losses.

Officials of the National Peanut Growers Group, a national federation of peanut grower associations, have also expressed disappointment in recent harsh criticism of the peanut program. They remind that National Peanut Growers Group presented a program modification concept to the USDA in May following several months of conferences between growers and Department of Agriculture officials. At that time USDA officials in Washington voiced optimism relative to USDA-grower agreement on program changes.

Since the May meeting of grower leaders and Department officials, costs of the 1972 crop program have been determined to be approximately \$60 million dollars. This figure comprises only about 57 percent of the original USDA estimate of 1972 crop cost of \$105 million. Indi-

Linda Kay Isbell And Hank Rainey To Repeat Vows

Mr. and Mrs. Dewey Isbell announce the engagement and forthcoming marriage of their daughter, Linda Kay, to Kenneth Hank Rainey, son of Mr. and Mrs. Kenneth Rainey of Desdemona and Mrs. Garland Fraley of Gorman.

Vows will be read at 3:00 p. m. December 9, 1973 in the home of the bridegroom's mother, Mrs. Garland Fraley.

The bride-elect was a sophomore in Gorman High School and the bridegroom was a freshman at Lingleville High School.

Clayton Young, Church of Christ minister of Desdemona will officiate.

The couple will live in Plainview where the bridegroom is employed.

Last Rites For Carl S. Bohannon

Carl Sylvester Bohannon, 75 of Gorman, died at 10:45 p. m. Monday, October 22, 1973 at Eastland Memorial Hospital.

Funeral services were held at 3 p. m. Wednesday at the New Hope Baptist Church with the Rev. Lee Fields of Carbon officiating, assisted by Rev. Lanny Spruill, pastor of New Hope Baptist Church. Burial was in the Murray Memorial Cemetery in Carbon.

Mr. Bohannon was born Nov. 29, 1897 in Eastland County and married Lonnie Maness in March, 1927, in Carbon.

He was a member of New Hope Baptist Church.

Survivors are his wife; three daughters, Mary Clark and Jimmie Bridges, both of Gorman, and Vesta Overstreet of Hollister, Okla.; a sister, Florence Kent of Gorman; nine grandchildren and four great-grandchildren.

Pallbearers were Ernest Weaver, Truitt Coffman, Sam Broom, J. B. Blancet, W. R. Collins and Lofton Frasier.

PANTHERS LOSE 22-16 TO ELKS; HOST TIGERS

The Gorman Panthers lost their District 6-B encounter with the Evant Elks on Friday night at Brogdon Field by the score of 22-16. This makes Gorman's district record read 1-1 while Evant is 2-0.

The Panthers seemed unable to stop the outside option play all night against the fairly speedy Elks and were hurt several times by this play.

The Elks scored on their first possession, going 67 yards in 11 plays with Mike Grba getting the final 8 yards off right tackle with 5:29 left in the first stanza. The run for 2 points failed.

Gorman got on the scoreboard with 5:25 remaining in the second period, going 96 yards in 18 plays with Carl Burleson capping the drive with a 1 yard plunge for the

tally. Dean Weldon kicked the PAT and Gorman lead 7-6.

The Panthers got a break on the next series by the Elks when they recovered an Elk fumble on the Evant 19. From there the Big Red scored in only two plays with James Webb getting the final 2 yards off right tackle with 4:23 left in the first half. The run setting up the tally was a 14 yard option play to the left side by Webb, on which the Elks were penalized for unnecessary roughness, setting the ball up at the 2. Again Weldon added the PAT and the Panthers had a 14-6 cushion.

However, the Panthers failed to hold the Elks on defense and Evant moved 49 yards in 9 plays with Tim Wilkinson rambling 8 yards for the touchdown up the middle with 1:12 left in the half. The Panthers blocked the PAT try, but were called for roughing the kicker. From there Bill Adams ran for the 2 point conversion, and tied the score at 14-14 at half.

The Elks came back after the half, took the opening kickoff and drove 61 yards in 12 plays for the go-ahead TD with Tim Wilkinson getting the final yard with 6:51 left in the third period. Wilkinson added the 2 pointer on a pitch out wide to his right to make the score 22-14.

The Panthers took over on their own 46 yard line and moved deep into Elk territory before Evant took over on their own 5 yard line. The Panthers held, forcing the Elks to punt. The snapback was fumbled, and the punter was caught for a safety before illegally throwing a pass. This gave the Panthers a 2 point safety, making the score 22-16 with 7:30 left in the fourth period.

However, Gorman failed to take advantage of this break and their final drive for the game winning points fell short and the Elks had the victory by a 22-16 margin.

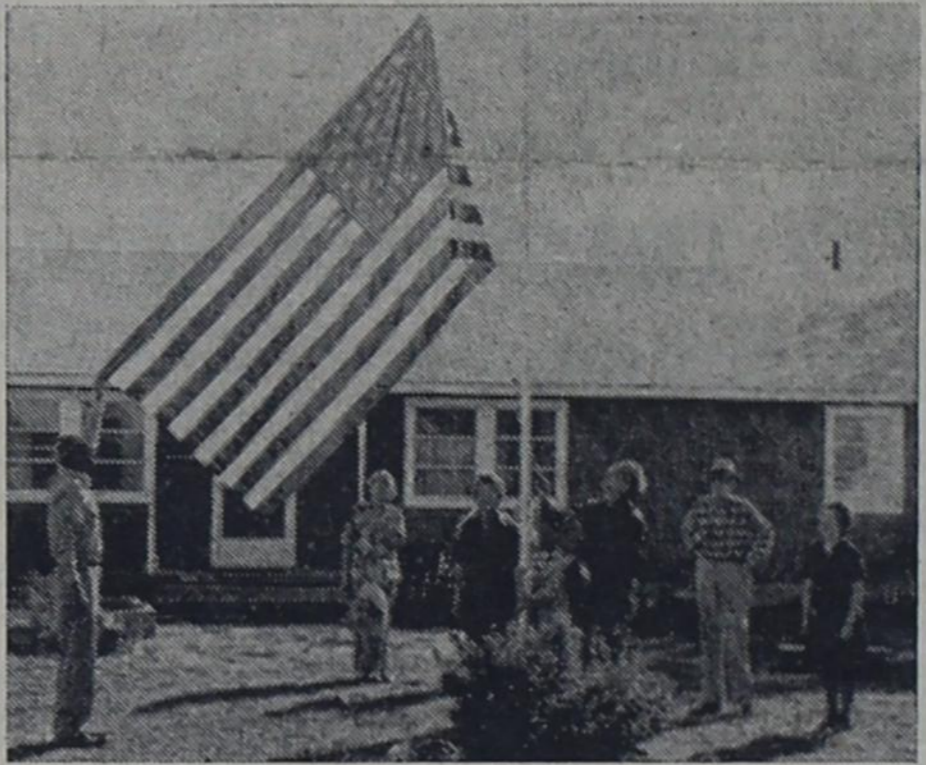

James Webb led the Panthers on the ground with 112 yards on 20 carries for a very respectable 5.5 average. Bill Baze had 71 yards on 22 keeps for a 3.2 average. He was thrown for losses on two occasions. Carl Burleson got 6 yards on 5 trips and Ricky Fuller got 6 yards on 3 wing-back reverse plays.

The Panthers will host the Blanket Tigers at Brogdon Field on Friday night in another District 6-B game. This should be a fine game, as the Tigers and Panthers always have a good game. The Panthers have a very good opportunity to win this game but will really have to be improved on the defense, and the improved offense of last week will have to repeat to win this one.

We feel like the Panthers had a let-down last Friday night and didn't snap out of it in time to win the game. However, we feel the Panthers will be recovered this week and will come back to win.

Get 'Em Panthers!

Veterans Day Memorial at Wade Craddock Home

Shown above is the flag raising ceremony held Saturday at the Wade Craddock home at Cheaney in memory of his brother, Lonnie C. Craddock. Taking part in the ceremony were Wade, his grandson, Curt Craddock of Houston, and Alvin Lasater of Kokomo. Others taking part in the ceremony were Mrs. Alvin Lasater, sister of Lonnie, Mrs. Wade Craddock, Jr., Cheryl and Carl of Houston, Mr. C. R. Rodgers, father of Mrs. Wade Craddock, and Estelle Craddock. Not shown were Mr. and Mrs. Gerald Scitern, Brenda, Anita and Amy of Gorman and Jerry Bibby of Ranger.

Veteran's Day was observed at the Wade Craddock home at Cheaney Saturday with a flag raising ceremony in memory of Lonnie C. Craddock, a brother who served 27 years in the U. S. Army with the 5th Cavalry. Lonnie died in July, 1972. The flag that was used in the ceremony was the one that draped his casket and was presented to Wade as the eldest brother of the Craddock family.

Following the Pledge of Allegiance to the Flag, the group sang God Bless America and Mrs. Wade Craddock closed the ceremony with prayer.

Mr. and Mrs. Wade Craddock of Grand Prairie have just completed their new home on their farm at Cheaney. Wade retired in June after being employed by Dearborn Stove Co. of Garland for 22 years and at the time of his retirement he was employed as plant manager for Fritz Chemicals in Mesquite. He held this position for six years. They had lived in Grand Prairie 33 years.

WASHINGTON
"As it looks from here"
OMAR BURLISON
Congressman 17th District

WASHINGTON, D. C. — ON THE ONE HAND THE FOOD AND DRUG ADMINISTRATION intends to prohibit the use of certain vitamins and food supplements. On the other the National Institutes of Health finds a low level of

several vitamins in elderly people who need supplements furnished by organic foods. STATISTICS SHOW that there are at least 20 million Americans over the age of 65. Scientists and specialists report that vast numbers of these are suffering from mental and physical sickness that simple nutritional solutions might cure.

THOUSANDS OF THE NATION'S ELDERLY are poor, sick and confused. A study conducted at Duke University in North Carolina found that half or more of all mentally

confused patients over 65 had "borderline" or worse nutritional problems. It was concluded that if they ate better, with food supplements, if necessary, their health would be normal for that age.

THE FINDINGS SHOW THAT THE NUTRITIONAL PROBLEM EXISTS in the advantaged as well as the disadvantaged and that vitamin supplements may be the reasonable means of overcoming the deficiencies common to older people.

Dr. Alan Whanger of Duke University's Medical Center, a practicing psychiatrist, said he "almost routinely" treats patients with vitamin-mineral supplements. Up to 40 percent of his patients show deficiency and many respond to nutritional therapy.

THE DOCTOR ADMITS HE IS UNABLE TO SUBMIT POSITIVE PROOF but believes that "many of our aged need vitamin supplements and is worried that by reason of the Food and Drug Administration's new regulations, vitamins will get more expensive and less available for those who need them most."

SPECIALISTS SAY THAT THE LIFE-STYLE of many of the nation's elderly lead to poor food balance.

THEY OFTEN LIVE ALONE AND AS WE ALL KNOW IT IS NOT PARTICULARLY FUN TO EAT ALONE - - it's just easier to do what seems necessary - cheese and crackers - sandwiches - a boiled egg - whatever - and let it go at that.

DR. LEONARD LUHBY OF NEW YORK MEDICAL COLLEGE EPOINDED OUT to the Council on Aging that a simple fact, like the loss of teeth, discourages the eating of meat, even when it could be easily afforded.

HE SAID THIS GRADUAL

DEGENERATION IN VITAMIN-MINERAL INTAKE could lead to "a mild degree of confusion" or worse, mental problems usually associated with senility.

"IN MANY CASES", THE DOCTOR SAID, "SIMPLY GIVING THESE OLDER PEOPLE A PROPER DIET can often correct their physical and mental problems."

IN THE DUKE UNIVERSITY STUDY OF 80 CHRONICALLY ILL elderly patients over a two year period, 95 percent showed signs of significant improvement after a year's treatment of proper diet with supplements found needed.

DOCTORS WOULD CERTAINLY RATHER KEEP THEIR PATIENTS WELL than have to treat them after they are sick. Obviously, it is not possible for them to prescribe over the eating habits of everybody or to know their patients' mineral deficiencies at all times. It's true that some may be needlessly taking vitamins but to deny those organic foods and supplements which are not toxic and which can be thrown off if not needed is not justified by the evidence now available. This, of course, is applicable to both young and old but many elderly need help in the situation in which so many find themselves.

HEARINGS ON FEDERAL CONTROL OF VITAMINS and food supplements may soon be held by a subcommittee of the Congress. Legislation should really not be necessary but it may be in order for people to exercise their own wishes and judgments. Misleading advertising and poisonous materials are already controlled and it seems this should be enough if sensibly applied.

Desdemona News

By HATTIE TATE

The Bible will give us all the clues to Thanksgiving. It is the most useful instrument we can use.

The Cisco Baptist Associa-

tion met Monday, Oct. 15th with First Church in Eastland. Those attending from Desdemona were Bro. and Mrs. L. C. Landers, Mrs. Murrah Foote, Mrs. Sam Powers, Mrs. Hattie Tate, Mrs. Helen Collum, and Mrs. Fred Watkins.

Mrs. Alta Parks and Mrs. Hattie Tate went to the Bryan Cemetery Tuesday to do

some hoeing and raking on some graves.

Mr. and Mrs. Felix Sparks and Mrs. Ella Tidwell visited in Ranger Thursday with their sister-in-law, Mrs. Tommie (Bertie) Sparks.

Mr. and Mrs. Bob Koonce and daughters of Clyde visited Lorene Koonce this weekend. Lorene is on the verge of moving to De Leon. We will miss her from our commu-

ity, but we expect her to come back real often.

Word was received Monday that the mother of Mrs. Moody (Hazel) Smith of Rochester had passed away in Lubbock. Our sympathy goes out to Hazel and family. Moody and Hazel were residents of our community as Moody was pastor of First Baptist Church for two years.

In passing by take notice of the sign that has been put up on the grounds of the "Church of Christ". It is a fine piece of art.

Mrs. Mary Dietz and Mrs. Dacia Clayton were in Abilene Friday. Mrs. Clayton went for a checkup with her doctor.

Mrs. W. H. Davis was in Fort Worth on Thursday to see the doctor about her glasses. She was accompanied by her daughter and granddaughter of Stephenville.

Bill and Helen Collum are having some remodeling done on their house, the former place of R. O. Buckley. A new roof and new windows are being added.

Mrs. W. H. Davis has also had a new roof put on her home.

Mr. and Mrs. Frank Leazer of Eunice, N. M. are visiting Mr. and Mrs. John Arnold, parents of Mrs. Leazer.

Benton Echols and Neta Gee are in Fort Worth for a few days this week.

Mrs. Robert Mears of Fort Worth visited with her mother, Estelle Joiner of De Leon, this weekend and they attended services at the First Baptist Church Sunday morning.

Word came that J. T. Ryan of Fort Worth, the son of the late Joshua and Maudie Ryan, has recovered enough from being seriously injured some three months ago to be moved home, although he is confined to a wheel chair and can talk to his family, something he hasn't been able to do since his injury.

Do we appreciate our wonderful doctors?

Brad Townsend, who has been in service at Fort Sill, Okla., came by to visit his grandmother, Myrtle Reid, on his way home to Baton Rouge, La.

The musical was well attended Saturday night at the community center. There was a shortage of fiddlers, but there was plenty of food. A bake sale in connection with other food. All funds from the concession stand and bake sale went to the cemetery fund, a very worthy cause. Ladies, don't forget that we will need more "pies and cakes" at the next musical, which will be November 17th. This community gathering is for friends to meet friends, and catch up on all the latest G - - - !

Mrs. Iva Buchan attended the Senior Citizens Bazaar in Eastland Friday and Saturday. On Friday she was honored by receiving the "corset" for being the eldest lady present.

Peanuts are really getting a thrashing the last several days due to this dry wonderful weather. Just hope they all finish before more rain sets in.

Lorene Koonce got moved to her new home on Saturday. She now lives in De Leon.

How long do you think it takes to plan and build a power plant like this?

2 years 4 years 8 years

time that the primary fuels we use to generate electricity - natural gas and oil - would be in short supply and thus more expensive. Anticipating this, we and two other electric utility companies now have in operation a power plant near Fairfield which uses lignite coal for fuel. And two other lignite plants are currently under construction.

We know that by the early 1980's, we will need still another dependable fuel source - nuclear energy. Plans are under way to have a nuclear-fueled power plant near Glen Rose operational by 1980.

Diversifying to these new fuel sources will help decrease our dependence on natural gas and oil.

Unfortunately, plants designed to use lignite cost about two times as much as gas-fired plants. Nuclear plants cost more than three times as much. But we must make commitments now to be ready for the future.

We're working to supply the electricity you need, but it's costing more to make it all the time.

Give yourself an A if you said eight years.

The planning and construction of a lignite-fueled power plant like the one pictured here takes just about that long.

That's at least eight years to locate and purchase the right site, order equipment, plan and build the plant, obtain approvals from all regulatory agencies, and then test the plant's operation carefully.

The point is, we can't wait until the day you and your neighbors need more electricity. If we did, you simply wouldn't have it. That's why we're always looking ahead. We have to. For instance, we've known for some

**TESCO Files
Counter-motion
RR Commission**

Texas Electric Service Company, Dallas Power & Light and Texas Power & Light today filed a counter-motion with the Texas Railroad Commission to defend their right to a large supply of dedicated natural gas reserves owned by the three companies.

Burl B. Hulsey, Jr., TESCO president, said that the companies' counter-motion is in response to a motion made to the Commission by four applicants: the cities of San Antonio and Austin, the Lower Colorado River Authority and the Board of Regents of the University of Texas system.

"The applicants' motion," said Hulsey, "seeks the aid of the Commission to confiscate and divert to their use natural gas supplies in the Permian Basin which were obtained by the three companies. Title to and ownership of this gas were acquired from the Lo Vaca Gathering Company in 1970."

"This motion would take, for the benefit of others not entitled to it, fuel that we are depending on — fuel for generating units that can use

only natural gas for the continuous production of electricity.

"If we do not get this fuel, or if we get only part of our supply, we will face serious problems in providing electricity to meet the needs of all of our customers," Hulsey added. "Certainly the needs of our customers in north central and west Texas are no different and have the same priority as the customers whom the cities of San Antonio, Austin and the others seek to serve with our gas supplies. We are committed to meet our customers' needs and we plan to vigorously defend our right to fuel supplies we own that are required to help fulfill that obligation."

"Texas Electric and the other two companies have for many years expended vast sums in developing fuel sources and generating capability for their customers' needs," Hulsey said. "This has included the purchase of specific gas reserves, construction and ownership of natural gas pipelines, and more recently, the expansion of oil storage capability. For some time we have had long range plans to diversify our fuel sources to lignite and nuclear and reduce our dependency on natural gas and oil. However,

because of the long lead time required to plan and build plants that use these alternate

fuels it will be many years before natural gas can be replaced as a major fuel supply in meeting our customers' needs for electricity."

Texas Electric Service Company provides electric power to customers in 47 north central and west Texas counties with a total population in excess of 1,200,000. The company serves Fort Worth, Arlington, Grand Prairie, Wichita Falls, Odessa, Midland, Big Spring, Sweetwater, Eastland and some 100 other cities, towns and communities.

Customers in a much larger area of Texas would be adversely affected, Hulsey noted, if the gas were not available to the three companies. Together the companies serve 99 counties and some 320 municipalities with a combined population of approximately 4 million — more than one-third of all residents of the state of Texas.

Hulsey said that consideration of the matter by the Texas Railroad Commission is expected soon.

Burgess Sealy, M.D., "The Surgical Approach."

Oscar Morphis, M.D., "Radiation Therapy"; Richard Halden, M.D., "Chemotherapy" and "Hemotherapy"; Peggy Mayfield, R.N., M.S. Associate Professor of Nursing, Texas Christian University, "Nursing Needs of the Cancer Patient"; Feliks Gwozdz, M.D., Fort Worth Medical Examiner was speaker at the banquet.

Others taking part on the program included Dr. Earl Brown, Professor of Sociology of Texas Wesleyan College; Jessie Hannah, LVN, President of LVNA of Texas; and Dorothy Harris, LVN, past president of LVNA and Director of NAPES; and Elizabeth Greenway, LVN, Chairwoman of Convention Program.

The convention closed with the Annual Student March, Roll Call of Schools of the different localities, welcome to students and scholarship presentations.

KOKOMO NEWS

By MRS. GLENN JORDAN

We're grateful for this beautiful weather of the last week. The farmers are very busy trying to get their peanut harvest finished before bad weather sets in again.

Mr. and Mrs. J. C. Clearman spent Saturday in Brownood with a daughter, Mary Jo., and attended the homecoming activities at Howard Payne and the inauguration of the new president of Howard Payne, Dr. Roger Brooks.

Mr. and Mrs. Roy Buchanan, Kelly and Yancy of Arlington, spent the weekend with her parents, Mr. and Mrs. Albert Hendricks, and attended the golden wedding anniversary celebration of her aunt and uncle, Mr. and Mrs. Floyd Wood. Others visiting in the Hendricks home were Mr. and Mrs. Clifton Wood and son of Imperial, Neb., Mrs. David Willoughby, Kristen and Scott of Eastland, and Mr. and Mrs. C. G. Wheeler of Carlsbad, N. M.

Mr. and Mrs. Jerry Hallmark, Becky, Debby and Amy of San Angelo, spent the week end with her parents, Mr. and Mrs. Vern Garrett. Mrs. Hallmark remained to be with her mother, who underwent surgery in the Eastland Memorial Hospital on Tuesday evening. We wish Mrs. Garrett a very speedy recovery.

Friends here in the community have been very concerned since learning of the illness of Mr. Wayne White of Ranger who suffered a heart attack last week. His condition remains very serious, but at last report he was slightly improved. We wish Wayne continued improvement daily.

Mr. and Mrs. Bob Rodgers, Kevin and Jason of Brownwood, visited with his parents, Mr. and Mrs. Odis Rodgers, on Sunday.

Visitors at the Kokomo Baptist Church on Sunday were Mrs. Foy Buchanan and boys of Arlington, Becky and Debby Hallmark of San Angelo and Mr. and Mrs. Dick Troutman and family.

Weekend visitors with Mr. and Mrs. Jim Jordan were their niece and nephews, Eva Nell, Terry and Travis of Midland and Joe Neill of Odessa.

Teddy Jordan moved to Abilene on Sunday to make his home with his sister, Mrs. Roddy Miles and family, for the next eight weeks while he

Administrative personnel of Southwestern Peanut Growers' Association and the Texas Peanut Producers Board state that they are continuing to work closely with the National Peanut Growers Group to maintain an acceptable peanut program. Key area congressmen have confirmed that the peanut program matter will in all likelihood come before Congress for action early next year. Area association officials will remain in constant contact with area congressmen and will be working closely with national grower leaders on this important matter.

KOKOMO CLUB HOLDS MEETING

The Kokomo Community Club met for its regular Oct. meeting Saturday night, Oct. 20th in the Community Center.

President, Glenn Jordan, presided over the meeting. The minutes were read and the treasurer's report given.

Plans for a "42" party were made to be held on the next meeting night, Nov. 17.

A community "garage" sale was discussed and plans for this will be further discussed at the next meeting.

Every family in the community and any others interested in the community are invited and urged to attend the community meetings.

THANKS TO FIREMEN
We wish to thank the Gorman Fire Department and James Jobe and all who helped in keeping damage to a minimum when our peanut dryer caught fire. We appreciate this so much. It is always nice to be reminded that people care.

does his student teaching in the agriculture classes in Clyde High School.

We extend sincere sympathy to Mr. and Mrs. Wayne Eaves and family. Her aunt, Mrs. Gladys Smith of Texas City, passed away recently. Mr. and Mrs. Eaves attended the funeral in Temple.

Mr. and Mrs. Alvin Lasater attended the funeral of Mrs. Ethel Levens in Rotan on Monday. They also visited with Mrs. Lasater's cousins, the Hargrove families.
