# **Hearing Tests** Are Important

If you have a hearing problem of any kind you owe it toyourself to have an Electronic Hearing test made to find why and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We check your ears for packed wax, the tubes that let your ears breathe, then with the machine we check your hearing nerve, (bone reading) air conduction, (outsidesounds) then measure how much sound the ear will take. We can pinpoint your problem and explain in plain English what can be done to help you, then you make your own decision. We never try to highpressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids) just because they waited too late to do something about it . . . don't let this happen to

Mr. Joe Treadway will hold his regular Hearing Aid Workshop at the City Library at City Hall in De Leon on Monday, October 15th from 10:30 A.M. til noon. We invite you to come in for your free test.

service on most makes of Aids, and have a full service on cleaning, tub es, batteries for your Aid, and can always save

We do repair

Mr. Treadway you money. We are Licensed by the State of Texas to fit and Dispensing of Hearing Aids. We are always close by when you need us. We are in the Stephenville office, (Skipper Real Estate Bldg.) every Thursday, and in the Hamilton office every Friday to run special tests and assist you in every way.
